1. To fix the number of directors constituting the Board of Directors at five (5) and to elect a Board of Directors for the ensuing year.
2. To consider and act upon a proposal to approve an amendment to the Company's Restated Certificate of Incorporation, as amended, to change the name of the Company to Concerto Software, Inc.

Only stockholders of record at the close of business on March 22, 2002 are entitled to notice of and to vote at the meeting and any adjournment thereof.

All stockholders are cordially invited to attend the meeting in person. To ensure your representation at the meeting, however, you are urged to sign and return the enclosed proxy card as promptly as possible in the enclosed postage-prepaid envelope. You may revoke your proxy in the manner described in the accompanying Proxy Statement at any time before it has been voted at the Annual Meeting. Proxy Statement

April 2, 2002

Edgar Filing: DAVOX CORP - Form DEF 14A

Proxies in the form enclosed with this proxy statement are solicited by the Board of Directors of Davox Corporation (the "Company" or "Davox") for use at the Annual Meeting of Stockholders to be held on May 2, 2002 at 10:00 a.m. Eastern Standard Time at the offices of the Company, 6 Technology Park Drive, Westford, Massachusetts 01886.

Only stockholders of record as of March 22, 2002 (the "Record Date") will be entitled to vote at the meeting and any adjournments thereof. As of that date, 12,244,756 shares of Common Stock, \$.10 par value, of the Company were outstanding. Each share of Common Stock outstanding as of the Record Date will be entitled to one vote and stockholders may vote in person or by proxy. Execution of a proxy will not in any way affect a stockholder's right to attend the meeting and vote in person. Any stockholder giving a proxy has the right to revoke it by written notice to the Secretary of the Company at any time before it is exercised or by delivering a later executed proxy to the Secretary of the Company at any time before the original proxy is exercised.

An Annual Report to Stockholders, containing financial statements for the fiscal year ended December 31, 2001, is being mailed together with this proxy statement to all stockholders entitled to vote. This proxy statement and the form of proxy were first mailed to stockholders on or about April 2, 2002.

The persons named as attorneys in the proxy card are directors and/or officers of the Company. All properly executed proxies returned in time to be counted at the meeting will be voted as stated below under "Election of Directors." Any stockholder giving a proxy has the right to withhold authority to vote for any individual nominee to the Board of Directors by writing that nominee's name in the space provided on the proxy. In addition to the election of directors, the stockholders will consider and vote upon a proposal to approve an amendment to the Company's Restated Certificate of Incorporation, as amended (the "Certificate of Incorporation"), to change the name of the Company as further described in this proxy statement. Where a choice has been specified on the proxy with respect to the foregoing matters, the shares represented by the proxy will be voted in accordance with the specifications and will be voted FOR if no specification is indicated.

The representation in person or by proxy of at least a majority of all shares of Common Stock outstanding and entitled to vote at the meeting is necessary to constitute a quorum for the transaction of business. Votes withheld from any nominee for election as director, as well as abstentions and broker "non-votes" with respect to all other matters being submitted to stockholders, are counted as present or represented for purposes of determining the presence or absence of a quorum for the meeting. A "non-vote" occurs when a nominee holding shares for a beneficial owner votes on one proposal, but does not vote on another proposal because, in respect of such other proposal, the nominee does not have discretionary voting power and has not received instructions from the beneficial owner.

The election of directors by the stockholders shall be determined by a plurality of the votes cast by stockholders entitled to vote. Approval of the amendment to the Certificate of Incorporation will require the affirmative vote of a majority of the outstanding shares of Common Stock of the Company. On all other

matters being submitted to stockholders, an affirmative vote of a majority of the shares present in person or by proxy and entitled to vote on each such matter is required for approval. Abstentions are included in the number of shares present or represented and voting on each matter and, therefore, with respect to votes on specific proposals, will have the effect of negative votes. Except with respect to the vote as to the amendment to the Certificate of

Edgar Filing: DAVOX CORP - Form DEF 14A

Incorporation, broker "non-votes" are not so included.

The Board of Directors of the Company knows of no other matters to be presented at the meeting. If any other matter should be presented at the meeting upon which a vote properly may be taken, shares represented by all proxies received by the Board of Directors will be voted with respect thereto in accordance with the judgment of the persons named as attorneys in the proxies.

The directors of Davox are elected annually and hold office until the next annual meeting of stockholders and until their successors shall have been elected and shall have qualified. Shares represented by all proxies received by the Board of Directors and not so marked as to withhold authority to vote for any individual director or for all directors will be voted (unless one or more nominees are unable to serve) for fixing the number of directors for the ensuing year at five (5) and for the election of the nominees named below. The Board of Directors knows of no reason why any such nominee should be unable or unwilling to serve, but if such should be the case, proxies will be voted for the election of some other person or for fixing the number of directors at a lesser number.

Pursuant to the terms of the Severance Agreement, the Company accelerated the vesting of the Option such that Mr. Sample was entitled to purchase a total of 150,000 shares of the Company's Common Stock. Mr. Sample's right to purchase the remaining 250,000 shares of the Company's Common Stock pursuant to the Option expired upon his departure from the Company.

Compensation Committee Report On Executive Compensation

The Company's executive compensation program is administered by the three member Compensation Committee of the Board of Directors (the "Compensation Committee"). The three members of the Compensation Committee are all non-employee Directors. Pursuant to the authority delegated by the Board of Directors, the Compensation Committee establishes each year the compensation of the Chief Executive Officer, and together with the Chief Executive Officer, establishes the compensation of the other executive officers of the Company.

Edgar Filing: DAVOX CORP - Form DEF 14A

Under the supervision of the Compensation Committee, the Company developed and implemented the 2001 Management Compensation Plan for the Chief Executive Officer and certain of the executive officers of the Company (the "Plan"). The Plan is designed to reward executive officers whose performance yields improvement in corporate operating results, market share and shareholder value. The ultimate goal of the Plan is to align the interests of management with those of the stockholders. Compensation under the Plan is comprised of cash compensation in the form of annual base salary, incentive compensation in the form of performance-based cash bonuses, and long-term incentive compensation in the form of stock options.

In setting cash compensation levels for executive officers (including the Chief Executive Officer), the Compensation Committee takes into account such factors as: (i) the Company's past financial performance and future expectations, (ii) the general and industry-specific business environment and (iii) corporate and individual performance goals. The base salaries are established at levels comparable to the amounts paid to senior executives with comparable qualifications, experience and responsibilities at other companies located in the northeastern United States of similar size and engaged in a similar business to that of the Company.

Incentive compensation in the form of performance-based bonuses for the Chief Executive Officer and the Company's other executive officers is based upon management's success in meeting the Company's financial and strategic goals as well as meeting individual performance goals. Target levels of revenue and net income were set at the time the Plan was established and bonuses were allocated to the Chief Executive Officer and certain other executive officers contingent upon the achievement of the target levels.

Until August 31, 2001 Mr. David M. Sample was the President and Chief Executive Officer of the Company. His fiscal 2001 performance was evaluated on the basis of the factors described above applicable to officers generally. His base salary was based on a number of factors, including the base salaries of executives performing similar functions for peer companies. The annual bonus component, as well as his salary, reflect the Company's financial performance, the continued introduction and commercialization of new products and progress toward achieving business goals and the achievement by Mr. Sample of non-financial goals. In assessing Mr. Sample's performance for fiscal 2001, the Compensation Committee took into account the degree to which the financial and non-financial goals on which his compensation was based had been achieved.

Mr. James D. Foy joined the Company on September 4, 2001, as the President and Chief Executive Officer. His beginning base salary was based on a number of factors, including the base salaries of executives performing similar functions for peer companies. The annual bonus component, as well as his salary, reflect the Company's financial performance, the continued introduction and commercialization of new products and progress toward achieving business goals and the achievement by Mr. Foy of non-financial goals.

Incentive compensation in the form of stock options is designed to provide long term incentives to executive officers and other employees, to encourage the executive officers and other employees to remain with the Company and to enable optionees to develop and maintain a significant, long-term stock ownership position in the Company's Common Stock. The Compensation Committee grants stock options to the Company's executive officers in consideration of the strategic goals and direction of the Company. The Company's 1996 Stock Plan (the "1996 Stock Plan"), administered by the Board of Directors, is the vehicle for the granting of stock options.

The 1996 Stock Plan permits the Board of Directors to grant stock options to eligible employees, including executive officers. Options become exercisable

in increments over time, contingent upon continued

10

employment. The value realizable from exercisable options is dependent upon the extent to which the Company's performance is reflected in the market price of the Company's Common Stock at any particular point in time.

The Company also maintains the 1991 Employee Stock Purchase Plan (the "1991 Stock Plan") in which all executives may participate on the same terms as non-executive employees who meet applicable eligibility criteria. The 1991 Stock Plan provides for the sale of shares of the Company's Common Stock to employees (as defined in the 1991 Stock Plan) of the Company pursuant to non-transferable options at less than fair market value. Employees who own 5% or more of the Common Stock of the Company and non-employee directors are not eligible to participate in the 1991 Stock Plan. As of March 22, 2002, 227,818 shares of Common Stock had been issued under the 1991 Stock Plan.

In general, under Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code"), the Company cannot deduct, for federal income tax purposes, compensation in excess of \$1,000,000 paid to certain executive officers. This deduction limitation does not apply, however, to compensation that constitutes "qualified performance-based compensation" within the meaning of Section 162(m) of the Code and the regulations promulgated thereunder. The Compensation Committee has considered the limitations on deductions imposed by Section 162(m) of the Code, and it is the Compensation Committee's present intention that, for so long as it is consistent with its overall compensation objective, substantially all tax deductions attributable to executive compensation will not be subject to the deduction limitations of Section 162(m) of the Code.

The Compensation Committee is satisfied that the executive officers of the Company are dedicated to achieving significant improvements in the long-term financial performance of the Company and that the compensation policies and programs implemented and administered have contributed and will continue to contribute towards achieving this goal.

This report is submitted by the Audit Committee of the Board of Directors, which reviews with the independent auditors and management the annual financial statements and independent auditors' opinion, reviews the results of the audit of the Company's financial statements with the independent auditors, recommends the retention of the independent auditors to the Board of Directors and periodically (at least quarterly) reviews the Company's accounting policies and internal accounting and financial controls for the fiscal year ended December 31, 2001. Edgar Filing: DAVOX CORP - Form DEF 14A

4200(a)(15) of the National Association of Securities Dealers' listing standards). The Audit Committee operates under a written charter adopted by the Board of Directors.

The Audit Committee has reviewed the audited balance sheets of the Company for the fiscal years ending December 31, 2001 and December 31, 2000, and the audited statements of operations, stockholders' equity and comprehensive income (loss) and cash flows for each of the three years ended December 31, 2001, and has discussed them with both management and Arthur Andersen LLP, the Company's independent auditors. The Audit Committee has also discussed with the independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61 (Communications with Audit Committees), as currently in effect. The Audit Committee has received the written disclosures and the letter from the independent auditors required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), as currently in effect, and has discussed with Arthur Andersen LLP that firm's independence. Based on its review of the financial statements and these discussions, the Audit Committee concluded that it would be reasonable to recommend, and on that basis did recommend, to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2001.

In view of the highly publicized events involving Arthur Andersen LLP, including its recent indictment, the Audit Committee and the Board of Directors will continue to monitor and respond accordingly to the Company's engagement of Arthur Andersen LLP and other developments relating to that firm.

Proposal II

Approval of an Amendment to the Company's
Restated Certificate of Incorporation, as amended,
to Change the Company's Name to Concerto Software, Inc.

Stockholders are being asked to approve an amendment to the Company's Restated Certificate of Incorporation, as amended (the "Certificate of Incorporation"), changing its name to Concerto Software, Inc., to reflect the Company's new image as a result of its acquisition of CellIt, Inc. and the desire to be recognized as a comprehensive multi-media customer interaction management solution provider. While the Board of Directors believes that the name Davox Corporation has had a positive impact on how the Company is being received by the investing public, the Board of Directors believes that in the long term the Company will be better served doing business under the name Concerto Software, Inc.

Over the last several months, the Company has made several significant changes in management, product strategy, and market strategy in order to better position itself to exploit market opportunities. By changing the name of the company, along with its logo, the Company intends to clearly inform prospects, customers, investors, partners and employees, that these changes are significant and that as a result of these changes, it is a markedly different company than it was previously.

If the stockholders approve the amendment to the Company's Certificate of Incorporation, the Company will file a Certificate of Amendment of its Certificate of Incorporation with the Secretary of State of the State of Delaware reflecting the name change.

The Board of Directors recommends a vote FOR the proposal to approve the amendment to the Company's Certificate of Incorporation to change the Company's name to Concerto Software, Inc.

Other Matters

Edgar Filing: DAVOX CORP - Form DEF 14A

The Board of Directors does not intend to bring any matters before the Annual Meeting other than those specifically set forth in the Notice of Meeting and it knows of no matters to be brought before the Annual Meeting by others. If any other matters properly come before the Annual Meeting, it is the intention of the persons named in the accompanying proxies to vote such proxies in accordance with the judgment of the Board of Directors.

Expenses and Solicitation

The cost of solicitation of proxies will be borne by the Company, and in addition to soliciting stockholders by mail through its regular employees, the Company may request banks, brokers and other custodians, nominees and fiduciaries to solicit their customers who have stock of the Company registered in the names of a nominee and, if so, will reimburse such banks, brokers and other custodians, nominees and fiduciaries for their reasonable out-of-pocket costs. Solicitation by officers and employees of the Company may also be made of some stockholders in person or by mail, email, telephone or telegraph following the original solicitation. The Company will bear all reasonable solicitation fees.

16

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires the Company's directors, executive officers and holders of more than 10% of the Company's Common Stock (collectively, "Reporting Persons") to file with the Commission initial reports of ownership and reports of changes in ownership of Common Stock of the Company. Such persons are required by regulations of the Commission to furnish the Company with copies of all such filings. Based on its review of the copies of such filings received by it with respect to the fiscal year ended December 31, 2001 and written representations from certain Reporting Persons, the Company believes that all Reporting Persons complied with all Section 16(a) filing requirements in 2001.

If a stockholder makes a timely notification, the proxies may still exercise discretionary voting authority under circumstances consistent with the SEC's proxy rules.
