[XL CAPITAL LOGO]

We are selling 8,000,000 of our Series A Preference Ordinary Shares, par value \$0.01 per share.

Upon liquidation, dissolution or winding-up of XL Capital Ltd, the holders of the Series A Preference Shares will be entitled to receive from our assets legally available for distribution to shareholders a liquidation preference of \$25 per share, plus accrued and unpaid dividends, if any, to the date fixed for distribution. Dividends on the Series A Preference Shares will be payable, when, as and if declared by our Board of Directors, in an amount per share equal to 8.00% of the liquidation preference per annum (equivalent to \$2 per share). Dividends on the Series A Preference Shares will be cumulative from the date of original issuance and will be payable when, as and if declared by our Board of Directors, quarterly in arrears on March 31, June 30, September 30, and December 31 of each year, commencing December 31, 2002.

We may not redeem the Series A Preference Shares before August 14, 2007, except that we may redeem the Series A Preference Shares before that date at a redemption price of \$26 per share, plus accrued and unpaid dividends, if any, to the date of redemption, if we (1) submit a proposal to our ordinary shareholders concerning an amalgamation, merger or other similar transaction involving XL Capital Ltd that requires, or (2) submit any proposal for any other matter that, as a result of any change in Cayman Islands law after the date of this prospectus supplement, requires, in each case, a vote of the holders of our Series A Preference Shares voting separately as a single class (alone or with one or more class or series of preference ordinary shares). We may also redeem the Series A Preference Shares at any time upon the occurrence of specified tax events, at a redemption price of \$25 per share, plus accrued and unpaid dividends, if any, to the date of redemption. The Series A Preference Shares have no stated maturity and will not be subject to any sinking fund or mandatory redemption and will not be convertible into any of our other securities.

There is currently no public market for the Series A Preference Shares. We have applied to list the Series A Preference Shares on the New York Stock Exchange under the symbol "XL Pr A". If this application is approved, trading in the Series A Preference Shares is expected to commence within 30 days after the initial delivery of the Series A Preference Shares.

Neither the Securities and Exchange Commission nor any state securities commission has approved or disapproved of these securities or determined if this prospectus supplement or the accompanying prospectus is truthful or complete. Any representation to the contrary is a criminal offense.

THE OFFERING

The description of the terms of the Series A Preference Shares in this section is a summary of the terms of the Series A Preference Shares. Because the following summary is not complete, you should refer to the resolutions of the Special Committee of our Board of Directors designating the rights, preferences and other terms of the Series A Preference Shares for a complete description of the terms of the Series A Preference Shares. You should also refer to the sections entitled "Description of Series A Preference Shares" in this prospectus supplement and "Description of XL Capital Share Capital" and "Description of XL Capital Preference Ordinary Shares" in the accompanying prospectus. The information set forth in this section assumes that the underwriters do not

Edgar Filing: XL CAPITAL LTD - Form 424B2

exercise the over-allotment option granted by XL Capital Ltd to purchase up to 1,200,000 additional Series A Preference Shares in connection with the offering, as discussed under "Underwriting" in this prospectus supplement.

Issuer XL Capital Ltd.

Securities Offered 8,000,000 8.00% Series A Preference Ordinary Shares.

Dividends Dividends on the Series A Preference Shares will be cumulative from the date of original issuance and will be payable when, as and if declared by our Board of Directors, quarterly in arrears on March 31, June 30, September 30, and December 31 of each year (or, if this date is not a business day, on the business day immediately following this date), commencing December 31, 2002, in an amount per share equal to 8.00% of the liquidation preference (equivalent to \$2 per share). See "Description of Series A Preference Shares -- Dividend Rights" in this prospectus supplement and "Description of XL Capital Preference Ordinary Shares -- Dividends" in the accompanying prospectus.

Payment of Additional Amounts ... Subject to certain limitations, we will pay additional amounts to holders of the Series A Preference Shares, as additional dividends, to make up for any deduction or withholding for any taxes or other charges imposed on amounts we must pay with respect to the Series A Preference Shares, so that the net amounts paid will be equal to the amounts we would otherwise be required to pay had no such withholding or deduction been required. See "Description of Series A Preference Shares -- Payment of Additional Amounts" in this prospectus supplement.

Liquidation Rights Upon liquidation, dissolution or winding-up of XL Capital the holders of the Series A Preference Shares will be entitled to receive from our assets legally available for distribution to shareholders a liquidation preference of \$25 per share, plus accrued and unpaid dividends, if any, without interest on such unpaid dividends, to the date fixed for distribution. See "Description of Series A Preference Shares -- Liquidation Preference" in this prospectus supplement and "Description of XL Capital Preference Ordinary Shares -- Liquidation Rights" in the accompanying prospectus.

Conversion The Series A Preference Shares are not convertible into or exchangeable for any of our other securities.

Redemption On and after August 14, 2007, we may redeem

the Series A Preference Shares, in whole or in part, at any time at a redemption price of \$25 per share, plus accrued and unpaid dividends, if any, to the date of redemption. We may not redeem the Series A Preference Shares before August 14, 2007, except as described under "Tax Redemption" and except that we may redeem the Series A Preference Shares before that date at a redemption price of \$26 per share, plus accrued and unpaid dividends, if any, to the date of redemption, if we

S-5

- o submit a proposal to our ordinary shareholders concerning an amalgamation, merger or other similar transaction involving XLCapital that requires; or
- o submit any proposal for any other matter that, as a result of any change in Cayman Islands law after the date of this prospectus supplement (whether by enactment or official interpretation), requires

in each case, a vote of the holders of our Series A Preference Shares, voting separately as a single class (alone or with one or more class or series of preference ordinary shares).

The Series A Preference Shares have no stated maturity and will not be subject to any sinking fund or mandatory redemption. See "Description of Series A Preference Shares -- Redemption" in this prospectus supplement and "Description of XL Capital Preference Ordinary Shares -- Redemption Provisions" in the accompanying prospectus.

Tax Redemption We will have the option to redeem for cash the Series A Preference Shares, at any time in whole or in part from time to time, at a redemption price of \$25 per share plus accrued and unpaid dividends, if any, to the date of redemption, if there is a change in tax law that would require us or any successor corporation to pay any additional amounts with respect to the Series A Preference Shares. See "Description of Series A Preference Shares -- Tax Redemption" in this prospectus supplement.

Voting Rights Generally, the holders of the Series A Preference Shares will not have any voting rights. Whenever dividends on the Series A Preference Shares are in arrears in an amount equivalent to dividends for six full dividend

periods (whether or not consecutive), holders of the Series A Preference Shares will have the right to elect two persons who will then be appointed as directors until such dividend arrearage is eliminated. In addition, unless previously redeemed or called for redemption, certain transactions that would vary the rights of holders of the Series A Preference Shares cannot be made without the approval of a special resolution in writing by the holders of 100% of the Series A Preference Shares or the sanction of a special resolution passed by two-thirds of the votes cast at a separate meeting of the holders of the Series A Preference Shares, subject to any requirements of Cayman Islands law. See "Description of Series A Preference Shares -- Voting Rights" in this prospectus supplement.

Ranking The Series A Preference Shares will rank senior to our ordinary shares (other than a class or series of preference ordinary shares ranking senior to or on a parity with the Series A Preference Shares) with respect to payment of dividends and amounts upon liquidation, dissolution or winding-up. See "Description of Series A Preference Shares -- Dividend Rights" and "Description of Series A Preference Shares -- Liquidation Preference" in this prospectus supplement and "Description of XL Capital Preference Ordinary Shares -- Dividends," "Description of XL Capital Preference Ordinary Shares -- Ranking" and "Description of XL Capital

Preference Ordinary Shares -- Liquidation Rights" in the accompanying prospectus.

Limitations on Transfer and Ownership Our Articles of Association provide that (1) our Board of Directors shall decline to register a transfer of shares if the effect of such transfer would be to increase the number of shares owned or controlled by any person to 10% or more of any class of voting shares or of the total issued shares or of the total voting power of XL Capital Ltd and (2) no person may vote any shares in excess of this limit. See "Description of Series A Preference Shares -- Limitations on Transfer and Ownership" in this prospectus supplement.

Ratings We have been advised that the Series A Preference Shares have been assigned ratings of A3 by Moody's Investors Service, Inc. and A- by Standard & Poor's Rating Services. These ratings have been obtained with the understanding that Moody's and Standard & Poor's will continue to monitor our credit rating and will make future adjustment to the extent warranted. A rating reflects only the view of Moody's and Standard & Poor's, as the case may be, and is not a recommendation to buy, sell, or hold the Series A Preference Shares. There is no assurance that any such rating will be retained for any given period of time or that it will not be revised downward or withdrawn entirely by Moody's or Standard & Poor's, as the case may be, if, in their respective judgments, circumstances so warrant.

Use of Proceeds General corporate purposes including, without limitation, payment for any Liquid Yield Option(TM) Notes ("LYONs") put to us on September 7, 2002 by the holders thereof.

Form of the Series A Preference Shares The Series A Preference Shares will be represented by one or more global securities that will be deposited with and registered in the name of The Depository Trust Company, New York, New York, or its nominee. See "Description of Series A Preference Shares -- Book-Entry Issuance" in this prospectus supplement.

- (1) Effective June 27, 2002, we renewed our combined \$2.0 billion letter of credit and revolving credit facility. Of this amount, \$500 million is available as revolving credit.
- (2) Does not include letters of credit outstanding as of June 30, 2002 in the amount of approximately \$2.0 billion.
- (3) The Zero Coupon Convertible Debentures and the LYONs were issued at a discount to their face amount. The amounts shown under "Actual" and "As Adjusted" are the accreted values at June 30, 2002. The Zero Coupon Convertible Debentures and the LYONs are convertible into Class A ordinary shares under certain circumstances. The holders of the LYONs have the right to require XL Capital Ltd to repurchase the LYONs on September 7, 2002. We cannot predict whether noteholders will exercise such right but currently plan to satisfy any such obligation in cash (which may include cash from the net proceeds of this offering) should this occur. The maximum amount of such repurchase obligation would be \$295.8 million.

Edgar Filing: XL CAPITAL LTD - Form 424B2

USE OF PROCEEDS

We expect the net proceeds from this offering of Series A Preference Shares to be approximately \$193.3 million, after deducting underwriting discounts and estimated expenses of the offering, or \$222.3 million, after deducting underwriting discounts and estimated expenses of the offering, if the underwriters exercise their over-allotment option in full. We intend to use the net proceeds from the sale of the Series A Preference Shares for our general corporate purposes including, without limitation, payment for any LYONs put to us on September 7, 2002 by the holders thereof.

RATIO OF EARNINGS TO COMBINED FIXED CHARGES AND PREFERENCE ORDINARY SHARE DIVIDENDS

The ratio of earnings to fixed charges and the ratio of earnings to combined fixed charges and preference ordinary share dividends of XL Capital for each of the periods indicated is as follows:

	Six Months Ended June 30, 2002	Fiscal Year Ended December			
		2001	2000**	1999**	1998**
Ratio of Earnings to Fixed Charges	1.0x	*	6.5x	8.3x	18.0x
Ratio of Earnings to Combined Fixed Charges and Preference Ordinary Share Dividends	1.0x	*	6.5x	8.3x	18.0x

* For the year ended December 31, 2001, earnings were insufficient to cover fixed charges by \$832.4 million.

** The ratios reflect certain reclassifications of interest expense related to the accretion of deposit liabilities that were implemented retroactively effective March 31, 2002.

We have computed the foregoing ratios by dividing (1) income from continuing operations before income taxes and minority interest, plus the sum of (a) fixed charges and (b) where indicated, preference ordinary share dividends, less equity income in unconsolidated affiliates, capitalized interest and minority interest by (2) the sum of (a) fixed charges and (b) where indicated, preference ordinary share dividends. Fixed charges consist of interest expense on all indebtedness (including amortization of deferred financing costs), capitalized interest and the portion of operating lease rental expense that is representative of the interest factor (deemed to be 30% of operating lease rentals). Because XL Capital had no outstanding preference ordinary shares during any of the periods presented, the ratio of earnings to fixed charges is identical to the ratio of earnings to combined fixed charges and preference ordinary share dividends for each of the periods presented.

DESCRIPTION OF SERIES A PREFERENCE SHARES

The following description of our Series A Preference Shares includes a summary of certain provisions of our Memorandum of Association and our Articles of Association, as well as the resolutions of the Special Committee of our Board of Directors designating the rights, preferences and other terms of the Series A Preference Shares being offered by this prospectus supplement. For a complete description of the terms and provisions of the Series A Preference Shares, you should refer to the accompanying prospectus, our Memorandum of Association, our Articles of Association and the resolutions, which are incorporated by reference herein. A copy of the resolutions will be filed as an exhibit to our registration statement by means of a Current Report on Form 8-K. Copies of our Memorandum of Association and our Articles of Association were filed as exhibits to our Annual Report on Form 10-K filed for the year ended December 31, 2000 and are incorporated by reference into this prospectus supplement and the accompanying prospectus. See "Certain Tax Considerations" elsewhere in this prospectus supplement for a summary of certain material U.S. federal and Cayman Islands tax consequences applicable to the holders of Series A Preference Shares. In this section, references to "XL Capital Ltd," "we," "us" and "our" refer to XL Capital Ltd and not any of its subsidiaries.

GENERAL

At a meeting held on July 29, 2002, the Special Committee of the Board of Directors approved the resolutions setting forth the specific rights, preferences, limitations and other terms of the Series A Preference Shares.

When issued and paid for as contemplated by this prospectus supplement, the Series A Preference Shares will be duly authorized, validly issued, fully paid and non-assessable. The holders of the Series A Preference Shares will have no preemptive rights with respect to any of our ordinary shares or any other securities convertible into or carrying rights or options to purchase any such shares. The Series A Preference Shares will not be subject to any sinking fund or other obligation of XL Capital to redeem or retire the Series A Preference Shares. Unless redeemed by us as provided herein, the Series A Preference Shares will have a perpetual term, with no maturity.

Our Board of Directors may from time to time create and issue preference ordinary shares of other series without the approval of our shareholders and fix their relative rights, preferences and limitations. At present, we have no issued preference ordinary shares which are senior to or rank on a parity with or junior to the Series A Preference Shares with respect to the payment of dividends and distribution of assets upon the liquidation, dissolution or winding-up of XL Capital Ltd. We are presently exploring the issuance of one or more additional series of preference ordinary shares and certain other securities that may, under certain circumstances, require us to issue preference ordinary shares which in each case would rank on a parity with the Series A Preference Shares. Unless previously redeemed or called for redemption, certain transactions that would vary the rights of holders of the Series A Preference Shares cannot be made without the approval of a special resolution in writing by the holders of 100% of the Series A Preference Shares or the sanction of a special resolution passed by two-thirds of the votes cast at a separate meeting of the holders of the Series A Preference Shares, subject to any requirements of Cayman Islands law. Section 60 of the Cayman Islands Companies Law defines a resolution as a special resolution when (a) it has been passed by a majority of not less than two-thirds (or such greater number as may be specified in the articles of association of the company) of such members as, being entitled to do so, vote in person or, where proxies are allowed, by proxy at a general meeting of which notice specifying the intention to propose the resolution as a special

Edgar Filing: XL CAPITAL LTD - Form 424B2

resolution has been duly given; or (b) if so authorized by its articles of association, it has been approved in writing by all of the members entitled to vote at a general meeting of the company. Pursuant to our Articles of Association, at every separate meeting of the holders of the Series A Preference Shares, the necessary quorum shall be any one or more persons present in person or by proxy holding not less than 50% of the issued shares of that class. The rights conferred upon the holders of the Series A Preference Shares shall not be deemed to be varied by the creation or issue of any further class or series of shares ranking on a parity with or junior to the Series A Preference Shares or convertible into or exchangeable for any class or series of preference ordinary shares ranking on a parity with or junior to the Series A Preference Shares with respect to the payment of dividends and distribution of assets upon the liquidation, dissolution or winding-up of XL Capital Ltd. See "--Voting Rights."

We currently conduct substantially all our operations through our subsidiaries, and our subsidiaries generate substantially all of our operating income and cash flow. As a result, distributions and advances from our subsidiaries are the principal source of funds necessary to meet our dividend, redemption and liquidation

S-10

preference payment obligations. Contractual provisions or laws, as well as the financial condition and operating and regulatory requirements of our subsidiaries, may limit our ability to obtain the cash required to satisfy our obligations, including dividend, redemption and liquidation preference payments on the Series A Preference Shares. For a description of certain regulatory restrictions on the payment of dividends by our subsidiaries, see Note 22 of the notes to our consolidated financial statements included in our Annual Report on Form 10-K for the year ended December 31, 2001, which is incorporated by reference in this prospectus supplement and the accompanying prospectus.

DIVIDEND RIGHTS

Holders of the Series A Preference Shares will be entitled to receive, when, as and if declared by our Board of Directors, out of funds legally available for the payment of dividends, cumulative preferential cash dividends in an amount per share equal to 8.00% of the liquidation preference per annum (equivalent to \$2 per share). Such dividends will begin to accrue and will be cumulative from the date of original issuance and will be payable quarterly, when, as and if declared by our Board of Directors, in arrears on March 31, June 30, September 30, and December 31 of each year or, if such date is not a business day, on the business day immediately after such date. The first dividend, which, if declared, will be payable on December 31, 2002, will represent the period from the original issue date up to December 31, 2002. The dividend for such initial dividend period and any other dividend payable on the Series A Preference Shares for any partial dividend period will be computed on the basis of a 360-day year consisting of twelve 30-day months. Dividends will be payable to holders of record as they appear in our register of members at the close of business on the applicable record date, which will be one day prior to the dividend payment date as long as all of the Series A Preference Shares remain in book-entry form. If all of the Series A Preference Shares are not in book-entry form, the record date will be 15 days prior to the dividend payment date (whether or not such date is a business day).

No dividends on Series A Preference Shares will be declared by our Board of Directors, or paid or set apart for payment by us, at any time during which the terms and provisions of any of our agreements, including any agreement relating

Edgar Filing: XL CAPITAL LTD - Form 424B2

to our indebtedness, or Cayman Islands law prohibit a declaration, payment or setting apart for payment of a dividend or provide that such a declaration, payment or setting apart for payment would constitute a breach or a default or not be permitted thereunder. No dividends on the Series A Preference Shares will be declared or paid or set apart for payment if prohibited by law or regulation. Dividends on the Series A Preference Shares will accrue and will be fully cumulative, whether or not there are funds legally available for the payment of such dividends and whether or not the dividends are declared. Holders of the Series A Preference Shares will not be entitled to any dividends in excess of full cumulative dividends as described above. No interest or sum of money in lieu of interest will be payable on any dividend payment or on any payment on Series A Preference Shares which is in arrears.

As long as any Series A Preference Shares are outstanding, no dividends or other distributions may be declared or paid or set apart for payment on any class or series of shares ranking on parity with the Series A Preference Shares with respect to the payment of dividends and amounts upon liquidation, dissolution or winding-up of XL Capital Ltd, as further described in the resolutions creating the Series A Preference Shares (the "Parity Shares"), for any period unless either (1) full cumulative dividends have been or contemporaneously are declared and paid or declared and a sum sufficient for the payment thereof set apart for such payments on the Series A Preference Shares for all dividend periods terminating on or prior to the dividend payment date on such Parity Shares, or (2) all dividends declared upon the Series A Preference Shares and any Parity Shares are declared pro rata so that the amount of dividends declared per share on the Series A Preference Shares and any Parity Shares will in all cases bear to each other the same ratio that accrued and unpaid dividends per share on the Series A Preference Shares and such Parity Shares bear to each other.

As long as any Series A Preference Shares are outstanding, (1) no dividends (other than those paid in ordinary shares or other shares ranking junior in right of payment to the Series A Preference Shares as to dividends and as to the distribution of assets upon any liquidation, dissolution or winding-up of XL Capital Ltd (together with the ordinary shares, "Fully Junior Shares")) may be declared or paid or set apart for payment upon any ordinary shares or other shares ranking junior in right of payment to the Series A Preference Shares as to dividends or as to the distribution of assets upon any liquidation, dissolution or winding-up of XL Capital Ltd (together with the ordinary shares, "Junior Shares"), (2) no other distribution (other than those paid in Fully Junior Shares) may be declared or paid or set apart for payment upon any Junior Shares, and (3) no Junior Shares

S-11

will be redeemed, purchased or otherwise acquired (other than a redemption, purchase or other acquisition of ordinary shares made for purposes of any employee incentive, stock, benefit or any similar plan of XL Capital Ltd or any of its subsidiaries) for any consideration (or any moneys be paid to or made available for a sinking fund or the redemption of any Junior Shares) by XL Capital Ltd (except by conversion into or exchange for Fully Junior Shares), unless, in any such case, full cumulative dividends on the Series A Preference Shares and any Parity Shares have been or contemporaneously are declared and paid, or declared and a sum sufficient for the payment thereof set apart for payment, for all dividend periods terminating on or prior to the date such dividends or distributions are declared or paid on the Junior Shares, or such Junior Shares are redeemed, purchased or otherwise acquired.

Edgar Filing: XL CAPITAL LTD - Form 424B2

Any dividend payment made on Series A Preference Shares will first be credited against the earliest accrued but unpaid dividend due with respect to Series A Preference Shares which remains payable.

Subject to applicable law, any dividend payment unclaimed for a period of six years from the date of declaration of such dividend shall be forfeited and shall revert to XL Capital Ltd, and the payment by our Board of Directors of any unclaimed dividend, interest or other sum payable on or in respect of the share into a separate account shall not constitute XL Capital Ltd a trustee in respect thereof.

PAYMENT OF ADDITIONAL AMOUNTS

We will make all payments on the Series A Preference Shares free and clear of and without deduction or withholding for or on account of any present or future taxes, assessments or other governmental charges imposed by any jurisdiction, political subdivision or taxing authority described in the second paragraph under "--Tax Redemption", unless the deduction or withholding of such taxes, assessments or other governmental charges is required by law, regulations or rulings or the application or official interpretation of such law, regulations or rulings. In that event, we will pay or cause to be paid additional amounts to the registered holders of the Series A Preference Shares as additional dividends to make up for any deduction or withholding for any present or future taxes, assessments or other governmental charges imposed by any jurisdiction, political subdivision or taxing authority described in the second paragraph under "--Tax Redemption" in respect of any amounts that we or a successor corporation must pay with respect to the Series A Preference Shares, so that the net amounts paid to the holders of the Series A Preference Shares, after that deduction or withholding, shall equal the respective amounts that would have been receivable by such holders had no such withholding or deduction been required. However, we will not be obligated to pay additional amounts to any holder that:

- o resides in or is a citizen of the jurisdiction, political subdivision or taxing authority imposing the taxes, assessments or other governmental charges that would otherwise trigger our obligation to pay additional amounts; or
- o is a fiduciary, partnership, limited liability company or other pass-thru entity if, and to the extent that, the payment of additional amounts would be required by a jurisdiction, political subdivision or taxing authority described in the second paragraph under "--Tax Redemption" to be included in the income for tax purposes of a beneficiary or settlor with respect to that fiduciary or a member of that partnership, limited liability company or other pass-thru entity who would not have been entitled to any additional amounts had that beneficiary, settlor or member held those Series A Preference Shares directly.

In addition, we will not be obligated to pay any additional amounts to a holder on account of:

- o any tax, assessment or other governmental charge that would not have been imposed but for the existence of any present or former connection between the holder, or certain other persons, and the taxing jurisdiction or political subdivision, or any Series A Preference Share presented for payment more than 30 days after the Relevant Date;
- o any estate, inheritance, gift, sales, transfer, personal property or similar tax, assessment or other governmental charge;
- o any tax, assessment or other governmental charge that is payable

Edgar Filing: XL CAPITAL LTD - Form 424B2

otherwise than by withholding or deduction from payment of the liquidation preference of or any dividends on the Series A Preference Shares;

- o any tax, assessment or other governmental charge that is imposed or withheld by reason of the failure by the holder or the beneficial owner of the Series A Preference Shares to promptly comply with a request by

S-12

us to (a) provide information, documents, certifications or other evidence concerning the nationality, residence or identity of the holder or beneficial owner or (b) make and deliver any declaration or other similar claim, other than a claim for refund of a tax, assessment or other governmental charge withheld by us, or satisfy any information or reporting requirements, which, in the case of clauses (a) or (b), is required or imposed by a statute, treaty, regulation or administrative practice of the taxing jurisdiction as a precondition to exemption from all or part of that tax, assessment or other governmental charge; or

- o any combination of the items identified by the bullet points above.

The "Relevant Date" means, in respect of any payment, the date on which such payment first becomes due and payable, but if the full amount of the moneys payable has not been received by the depository on or prior to such due date, it means the first date on which, the full amount of such moneys having been so received and being available for payment to holders, notice to that effect shall have been duly given to the holders of the Series A Preference Shares.

Our obligation to make any payments of such additional amounts with respect to dividends (including any accrued and unpaid dividends relating to any redemption payments or payments at liquidation, dissolution or winding-up of XL Capital Ltd) is subject to the limitation based on distributable profits described under "-- Certain Restrictions on Payment of Dividends and Redemption or Purchase of Shares" and to applicable law.

CERTAIN RESTRICTIONS ON PAYMENT OF DIVIDENDS AND REDEMPTION OR PURCHASE OF SHARES

Our Articles of Association provide that no dividend shall be payable except out of our profits, realized or unrealized, or out of monies otherwise available for dividends in accordance with Cayman Islands law. Under Cayman Islands law, we may not lawfully declare or pay a dividend out of the share premium account if there are reasonable grounds for believing that we are, or would immediately following the payment of the dividend be, unable to pay our debts as they fall due in the ordinary course of business. In addition, our directors are, as a matter of prudence, required to ensure that any dividend declared or paid is not of an amount that reduces its reserves to a level that is not sufficient to meet the reserve requirements of our business.

Under Cayman Islands law, we may not redeem or purchase our Series A Preference Shares except out of our profits, from the proceeds of a fresh issue of shares made for the purpose of the redemption or purchase, out of capital or from the share premium account. A payment out of capital or the share premium account is not lawful unless immediately following the date on which the payment is proposed to be made, XL Capital Ltd is able to pay its debts as they fall due in the ordinary course of business. The premium, if any, payable on redemption or purchase must be provided for out of our profits which would otherwise be

Edgar Filing: XL CAPITAL LTD - Form 424B2

available for dividend or distribution or out of our share premium account before or at the time the Series A Preference Shares are redeemed or purchased.

LIQUIDATION PREFERENCE

Upon any voluntary or involuntary liquidation, dissolution or winding-up of the affairs of XL Capital Ltd, the holders of Series A Preference Shares will be entitled to receive from our assets legally available for distribution to shareholders \$25 per share plus all accrued but unpaid dividends (whether or not earned or declared) to the date fixed for distribution before any distribution is made to holders of any Junior Shares, without interest on such unpaid dividends.

After payment of the full amount of the liquidating distributions to which they are entitled, the holders of Series A Preference Shares will have no right or claim to any of our remaining assets. In the event that upon any such voluntary or involuntary liquidation, dissolution or winding-up of XL Capital Ltd, our available assets are insufficient to pay the amount of the liquidating distributions on all outstanding Series A Preference Shares and the corresponding amounts payable on all Parity Shares, then the holders of the Series A Preference Shares and all such Parity Shares shall share ratably in any such distribution of assets in proportion to the full liquidating distributions to which they would otherwise be respectively entitled.

If liquidating distributions shall have been made in full to all holders of Series A Preference Shares and all Parity Shares, our remaining assets will be distributed among the holders of any Junior Shares according to their respective rights and preferences and, in each case, according to their respective number of shares. For such

S-13

purposes, a consolidation, amalgamation, merger, arrangement or reconstruction involving XL Capital Ltd or the sale or transfer of all or substantially all of the shares or the property or business of XL Capital Ltd will not be deemed to constitute a liquidation, dissolution or winding-up.

REDEMPTION

The Series A Preference Shares are not redeemable prior to August 14, 2007, except as discussed below and under "--Tax Redemption". On or after such date, we, at our option, upon not less than 30 nor more than 60 days prior written notice, may redeem the Series A Preference Shares in whole at any time or from time to time in part, for cash at a redemption price of \$25 per share plus all accrued and unpaid dividends, if any, thereon to the date of redemption, without interest on such unpaid dividends. Holders of the Series A Preference Shares to be redeemed will be entitled to the redemption price following the surrender of certificates for such shares at the place designated in the notice.

If fewer than all of the outstanding Series A Preference Shares are to be redeemed, the number of shares to be redeemed will be determined by us and such shares may be redeemed pro rata from the holders of record in proportion to the number of such shares held by such holders (with adjustments to avoid redemption of fractional shares), by lot or by any other method determined by us to be equitable in our sole discretion.

Unless full cumulative dividends on all Series A Preference Shares and all Parity Shares shall have been declared and paid, or declared and a sum

Edgar Filing: XL CAPITAL LTD - Form 424B2

sufficient for the payment thereof set apart for payment for all past dividend periods terminating on or prior to the date of such redemption, purchase or other acquisition, no Series A Preference Shares or Parity Shares may be redeemed, purchased or otherwise acquired by us unless all outstanding Series A Preference Shares and any Parity Shares are redeemed; provided, that, we may acquire fewer than all of the outstanding Series A Preference Shares or Parity Shares pursuant to a purchase or exchange offer made on the same terms to holders of all outstanding Series A Preference Shares and Parity Shares.

At any time prior to August 14, 2007, if we shall have submitted to the holders of our ordinary shares a proposal for an amalgamation, consolidation, merger, arrangement, reconstruction, reincorporation, de-registration or any other similar transaction involving XL Capital Ltd that requires or shall have submitted any proposal for any other matter that, as a result of any change in Cayman Islands law after the date of this prospectus supplement (whether by enactment or official interpretation) requires, in each case, a vote of the holders of the Series A Preference Shares at the time outstanding, voting separately as a single class (alone or with one or more class or series of preference ordinary shares), then we will have the option upon not less than 30 nor more than 60 days prior written notice to redeem all of the outstanding Series A Preference Shares for cash at a redemption price of \$26 per share, plus all accrued and unpaid dividends, if any, to the date of redemption, without interest on such unpaid dividends.

Notice of any redemption will be mailed at least 30 days but not more than 60 days before the redemption date to each holder of record of Series A Preference Shares to be redeemed at the address shown in the register of members of XL Capital. Each notice will state, as appropriate: (1) the redemption date; (2) the number of Series A Preference Shares to be redeemed; (3) the redemption price; (4) the place or places where certificates for Series A Preference Shares are to be surrendered for payment of the redemption price if any such certificates are outstanding; and (5) where applicable, that dividends on the Series A Preference Shares to be redeemed will cease to accrue on such redemption date. If fewer than all Series A Preference Shares are to be redeemed, the notice mailed to each such holder thereof will also specify the number of Series A Preference Shares to be redeemed from such holder. If notice of redemption of any Series A Preference Shares has been given and if the funds necessary for such redemption have been set apart by us in trust for the benefit of the holders of Series A Preference Shares so called for redemption, then from and after the redemption date, dividends will cease to accrue on the Series A Preference Shares being redeemed, the Series A Preference Shares will no longer be deemed to be outstanding and all rights of the holders of such shares will terminate, except the right to receive the redemption price.

The holders of the Series A Preference Shares at the close of business on a dividend record date will be entitled to receive the dividend payable with respect to such Series A Preference Shares on the corresponding dividend payment date notwithstanding the redemption thereof between the dividend record date and the corresponding dividend payment date or a default in the payment of the dividend due.

S-14

Subject to (1) certain limitations contained in our Articles of Association, (2) the special rights granted to any of our issued and outstanding shares, (3) applicable law, and (4) our requirement to make a purchase or exchange offer on the same terms to holders of all outstanding Series A Preference Shares and Parity Shares, we may, at any time and from time to time,

Edgar Filing: XL CAPITAL LTD - Form 424B2

purchase outstanding Series A Preference Shares, in the open market, by tender to all holders of Series A Preference Shares, by private agreement or otherwise as we see fit. Any Series A Preference Shares that we purchase for our own account (other than in the ordinary course of business of dealing in securities) will be cancelled by us and will no longer be issued and outstanding.

TAX REDEMPTION

We will have the option to redeem for cash the Series A Preference Shares at any time in whole or from time to time in part, upon not less than 30 nor more than 60 days prior written notice in accordance with the procedures described under "--Redemption", at a redemption price of \$25 per share plus accrued and unpaid dividends, if any, to the date of redemption, without interest on such unpaid dividends, if there is a "change in tax law" that would require us or any successor corporation to pay any additional amounts with respect to the Series A Preference Shares.

A "change in tax law" that would trigger the provisions of the preceding paragraph would be (a) a change in or amendment to laws, regulations or rulings of any jurisdiction, political subdivision or taxing authority described in the next sentence, (b) a change in the official application or interpretation of those laws, regulations or rulings or (c) any execution of or amendment to any treaty affecting taxation to which any jurisdiction, political subdivision or taxing authority described in the next sentence is party after the date of this prospectus supplement. The jurisdictions, political subdivisions and taxing authorities referred to in the previous sentence are (a) the Cayman Islands or any political subdivision or governmental authority of or in the Cayman Islands with the power to tax, (b) any jurisdiction from or through which XL Capital Ltd or our paying agent is making payments on the Series A Preference Shares or any political subdivision or governmental authority of or in that jurisdiction with the power to tax or (c) any other jurisdiction in which XL Capital Ltd or a successor corporation is organized or generally subject to taxation or any political subdivision or governmental authority of or in that jurisdiction with the power to tax.

In addition, we will have the option to redeem for cash any or all Series A Preference Shares at any time in whole or from time to time in part, upon not less than 30 nor more than 60 days prior written notice in accordance with the procedures set forth under "--Redemption" at a redemption price of \$25 per share plus accrued and unpaid dividends, if any, to the date of redemption, without interest on such unpaid dividends, if the entity formed by a consolidation, merger or amalgamation involving XL Capital Ltd or the entity to which we convey, transfer or lease substantially all our properties and assets is required to pay additional amounts in respect of any tax, assessment or governmental charge imposed on any holder of Series A Preference Shares as a result of a change in tax law that occurred after the date of the consolidation, merger, amalgamation, conveyance, transfer or lease.

VOTING RIGHTS

Generally, the Series A Preference Shares have no voting rights. Whenever dividends payable on the Series A Preference Shares are in arrears (whether or not such dividends have been earned or declared) in an aggregate amount equivalent to dividends for six full dividend periods (whether or not consecutive), the holders of Series A Preference Shares, voting as a single class with all other series of the preference ordinary shares, will have the right to elect two persons who will then be appointed as additional directors to our Board of Directors. Whenever all arrearages in dividends on the Series A Preference Shares have been paid in full, then the right of holders of the Series A Preference Shares to be represented by directors will cease (but subject always to the same provision for the vesting of such rights in the case of any future arrearages in an amount equivalent to dividends for six full

dividend periods).

Unless previously redeemed or called for redemption, certain transactions that would vary the rights of holders of the Series A Preference Shares cannot be made without the approval of a special resolution in writing by the holders of 100% of the Series A Preference Shares or the sanction of a special resolution passed by two-thirds of the votes cast at a separate meeting of the holders of the Series A Preference Shares, subject to any requirements of Cayman Islands law. Section 60 of the Cayman Islands Companies Law defines a resolution as a special resolution when (a) it has been passed by a majority of not less than two-thirds (or such

S-15

greater number as may be specified in the articles of association of the company) of such members as, being entitled to do so, vote in person or, where proxies are allowed, by proxy at a general meeting of which notice specifying the intention to propose the resolution as a special resolution has been duly given; or (b) if so authorized by its articles of association, it has been approved in writing by all of the members entitled to vote at a general meeting of the company. Pursuant to our Articles of Association, at every separate meeting of the holders of the Series A Preference Shares, the necessary quorum shall be any one or more persons present in person or by proxy holding not less than 50% of the issued shares of that class. The rights conferred upon the holders of the Series A Preference Shares shall not be deemed to be varied by the creation or issue of any further class or series of shares ranking *pari passu* therewith. Notwithstanding the foregoing, holders of the Series A Preference Shares are not entitled to vote on any sale of all or substantially all of the assets of XL Capital, and the issuance of any shares that are in parity with the Series A Preference Shares with respect to payment of dividends and distribution of assets in liquidation.

CONVERSION

The Series A Preference Shares are not convertible into or exchangeable for any other securities of XL Capital.

LIMITATIONS ON TRANSFER AND OWNERSHIP

Our Articles of Association provide that XL Capital Ltd's Board of Directors shall decline to register a transfer of shares if it appears to the directors, whether before or after such transfer, that the effect of such transfer would be to increase the number of shares owned or controlled by any person to 10% or any higher percentage of any class of voting shares or of the total issued shares or of the voting power of XL Capital Ltd. In addition, our Articles of Association also provide that if, and so long as, the votes conferred by the ownership or control of shares (including any preference ordinary shares) of any person constitute 10% or more of the votes conferred by the issued shares of XL Capital Ltd, each such share held by such person shall confer only a fraction of a vote that would otherwise be applicable according to the formula as described in our Articles of Association, and will continue to be readjusted until no shareholder's voting rights exceeds this limitation as a result of such reduction. Notwithstanding the foregoing, the directors may make such final adjustments to the aggregate number of votes conferred by the ownership or control of shares of any person that they consider fair and reasonable in light of all the circumstances, to ensure that such votes represent less than 10% of the aggregate voting power of the votes conferred by all the issued shares of XL Capital Ltd. For these purposes, references to

Edgar Filing: XL CAPITAL LTD - Form 424B2

ownership or control of shares of XL Capital Ltd mean ownership within the meaning of Section 958 of the Internal Revenue Code, as amended, and Section 13 (d) (3) of the Securities Exchange Act of 1934, as amended.

MARKET FOR THE SERIES A PREFERENCE SHARES

Prior to this offering, there has not been an established public market for the Series A Preference Shares. We have applied to list the Series A Preference Shares on the New York Stock Exchange under the symbol "XL Pr A". An active or any trading market may not develop or be maintained. In addition to factors related to XL Capital and the Series A Preference Shares, the market price of the Series A Preference Shares will be determined by such factors as relative demand for and supply of the Series A Preference Shares in the market, general market and economic conditions, interest rates and other factors beyond our control. We cannot predict at what price the Series A Preference Shares will trade, and the price may be less than its liquidation value at any point in time.

TRANSFER AGENT

Our registrar and transfer agent for the Series A Preference Shares is Mellon Investor Services LLC.

BOOK-ENTRY ISSUANCE

The Series A Preference Shares will be represented by one or more global securities that will be deposited with and registered in the name of The Depository Trust Company ("DTC") or its nominee. This means that we will not issue certificates to you for the Series A Preference Shares except in limited circumstances. The global securities will be issued to DTC, the depository for the Series a Preference shares, who will keep a computerized record of its participants (for example, your broker) whose clients have purchased the Series A Preference Shares. Each participant will then keep a record of its clients. Unless exchanged in whole or in part for a certificated

S-16

security, a global security may not be transferred. However, DTC, its nominees, and their successors may transfer a global security as a whole to one another. Beneficial interests in the global securities will be shown on, and transfers of the global securities will be made only through, records maintained by DTC and its participants.

DTC is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the United States Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform commercial Code and a "clearing agency" registered under the provisions of Section 17A of the Securities Exchange Act of 1934, as amended. DTC holds securities that its participants (direct participants) deposit with DTC. DTC also records the settlement among direct participants of securities transactions, such as transfers and pledges, in deposited securities through computerized records for direct participants' accounts. This eliminates the need to exchange certificates. Direct participants include securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations.

DTC's book-entry system is also used by other organizations such as securities brokers and dealers, banks and trust companies that work through a

Edgar Filing: XL CAPITAL LTD - Form 424B2

direct participant. The rules that apply to DTC and its participants are on file with the Securities and Exchange Commission.

DTC is owned by a number of its direct participants and by the New York Stock Exchange, Inc., the American Stock Exchange, Inc. and the National Association of Securities Dealers, Inc.

When you purchase Series A Preference Shares through the DTC system, the purchases must be made by or through a direct participant, who will receive credit for the Series A Preference Shares on DTC's records. Since you actually own the Series A Preference Shares, you are the beneficial owner and your ownership interest will only be recorded in the direct (or indirect) participants' records. DTC has no knowledge of your individual ownership of the Series A Preference Shares. DTC's records only show the identity of the direct participants and the amount of the Series A Preference Shares held by or through them. You will not receive a written confirmation of your purchase or sale or any periodic account statement directly from DTC. You will receive these from your direct (or indirect) participant. Thus, the direct (or indirect) participants are responsible for keeping accurate account of the holdings of their customers like you.

We will wire dividend payments to DTC's nominee and we will treat DTC's nominee as the owner of the global securities for all purposes. Accordingly, we will have no direct responsibility or liability to pay amounts due on the global securities to you or any other beneficial owners in the global securities.

Any redemption notices will be sent by us directly to DTC, who will in turn inform the direct participants, who will then contact you as a beneficial holder.

It is DTC's current practice, upon receipt of any payment of dividends or liquidation amount, to credit direct participants' accounts on the payment date based on their holdings of beneficial interests in the global securities as shown on DTC's records. In addition, it is DTC's current practice to assign any consenting or voting rights to direct participants whose accounts are credited with preferred securities on a record date, by using an omnibus proxy. Payments by participants to owners of beneficial interests in the global securities, and voting by participants, will be based on the customary practices between the participants and owners of beneficial interests, as is the case with the Series A Preference Shares held for the account of customers registered in "street name." However, payments will be the responsibility of the participants and not of DTC or us.

Series A Preference Shares represented by global securities will be exchangeable for certificated securities with the same terms in authorized denominations only if:

- o DTC is unwilling or unable to continue as depository or if DTC ceases to be a clearing agency registered under applicable law and a successor depository is not appointed by us within 90 days; or
- o we determine not to require all of the Series A Preference Shares to be represented by global securities.

If the book-entry-only system is discontinued, the transfer agent will keep the registration books for the Series A Preference Shares at its corporate office.

CERTAIN TAX CONSIDERATIONS

The following summary of the taxation of XL Capital Ltd and its Bermuda insurance subsidiaries (such Bermuda insurance subsidiaries are hereafter referred to as "XL") and the taxation of shareholders of XL Capital Ltd is based upon current law and is for general information only. Legislative, judicial or administrative changes may be forthcoming that could affect this summary.

The following discussion (including and subject to the matters and qualifications set forth in such summary) of certain tax considerations (1) under "Taxation of XL Capital Ltd and XL -- Bermuda" and "Taxation of Shareholders -- Bermuda Taxation" is based upon the advice of Bermuda legal counsel, (2) under "Taxation of XL Capital Ltd and XL -- Cayman Islands" and "Taxation of Shareholders -- Cayman Islands Taxation" is based upon the advice of Cayman Islands legal counsel, and (3) under "Taxation of XL Capital Ltd and XL -- United States" and "Taxation of Shareholders -- United States Taxation of U.S. Shareholders" is based upon the advice of Cahill Gordon & Reindel, New York, New York (the advice of such firms does not include any factual or accounting matters, determinations or conclusions such as RPII amounts and computations and amounts of components thereof (for example, amounts or computations of income or expense items or reserves entering into RPII computations) or facts relating to XL Capital Ltd's business or activities). The summary is based upon current law and is for general information only. The tax treatment of a holder of Series A Preference Shares, or of a person treated as a holder of Series A Preference Shares for U.S. federal income, state, local or non-U.S. tax purposes, may vary depending on the holder's particular tax situation. Legislative, judicial or administrative changes or interpretations may be forthcoming that could be retroactive and could affect the tax consequences to holders of Series A Preference Shares. PROSPECTIVE INVESTORS SHOULD CONSULT THEIR OWN TAX ADVISORS CONCERNING THE FEDERAL, STATE, LOCAL AND NON-U.S. TAX CONSEQUENCES OF OWNING THE SERIES A PREFERENCE SHARES.

TAXATION OF XL CAPITAL LTD AND XL

BERMUDA

XL has received from the Bermuda Ministry of Finance assurances under The Exempted undertakings Tax Protection Act, 1966 of Bermuda, that if there is enacted in Bermuda any legislation imposing tax computed on profits or income, or computed on any capital asset, gain or appreciation, or any tax in the nature of estate duty or inheritance tax, then the imposition of any such tax shall not be applicable to XL or any of their operations or their shares, debentures or other obligations, until March 28, 2016. This assurance does not exempt from any tax or duty any persons who are ordinarily resident in Bermuda (XL Capital Ltd and XL are not so currently designated) or provide an exemption from taxation under The Land Tax Act 1967 of Bermuda or from tax otherwise payable in relation to any property leased to XL. XL Capital Ltd, as a permit company under the Companies Act 1981 of Bermuda, has received a similar assurance which is effective until March 28, 2016. Both XL Capital Ltd and XL are required to pay certain annual Bermuda government fees and XL, additionally, is required to pay certain business fees as an insurer under The Insurance Act 1978 of Bermuda. Currently there is no Bermuda withholding tax on dividends paid by XL to XL Capital Ltd.

CAYMAN ISLANDS

Under current Cayman Islands law, XL Capital Ltd is not obligated to pay any taxes in the Cayman Islands on its income or gains. XL Capital Ltd has received an undertaking from the Governor-in-Council of the Cayman Islands

Edgar Filing: XL CAPITAL LTD - Form 424B2

pursuant to the provisions of the Tax Concessions Law, as amended, that until June 2, 2018, (1) no subsequently enacted law imposing any tax on profits, income, gains or appreciation shall apply to XL Capital Ltd and (2) no such tax and no tax in the nature of an estate duty or an inheritance tax shall be payable on any shares, debentures or other obligations of XL Capital Ltd. Under current law no tax will be payable on the transfer or other disposition of the shares of XL Capital Ltd. The Cayman Islands currently impose stamp duties on certain categories of documents; however, the current operations of XL Capital Ltd do not involve the payment of stamp duties in any material amount. The Cayman Islands currently impose an annual corporate fee upon all exempted companies.

S-18

UNITED STATES

XL Capital Ltd and XL intend to take the position that they are not engaged in a trade or business within the United States through a permanent establishment. However, because definitive identification of activities which constitute being engaged in a trade or business in the United States is not provided by the United States Internal Revenue Code of 1986, as amended (the "Code") or regulations or court decisions, there can be no assurance that the Internal Revenue Service ("IRS") will not contend successfully that XL Capital Ltd or one or more of its subsidiaries, including XL, is or will be engaged in a trade or business in the United States. A foreign corporation deemed to be so engaged would be subject to United States federal income tax, as well as the branch profits tax, on its income which is treated as effectively connected with the conduct of that trade or business unless the corporation is entitled to relief under the permanent establishment provision of a tax treaty, as discussed below. Such income tax, if imposed, would be based on effectively connected income computed in a manner generally analogous to that applied to the income of a domestic corporation. Under Treasury regulations, the foreign corporation would be entitled to deductions and credits only if the return is filed timely under rules set forth therein. Penalties may be assessed for failure to file tax returns. The 30% branch profits tax is imposed on net income after subtracting the regular corporate tax and making certain other adjustments.

Under the income tax treaty between Bermuda and the United States (the "Treaty"), XL is subject to United States federal income tax on any income found to be effectively connected with a United States trade or business only if that trade or business is conducted through a permanent establishment in the United States. No regulations interpreting the Treaty have been issued. While there can be no assurances, XL Capital Ltd does not believe XL has a permanent establishment in the United States. XL would not be entitled to the benefits of the Treaty if (1) less than 50% of XL's stock were beneficially owned, directly or indirectly, by Bermuda residents or United States citizens or residents, or (2) XL's income were used in substantial part to make disproportionate distributions to, or to meet certain liabilities to, persons who are not Bermuda residents or United States citizens or residents. While there can be no assurances, XL believes that it will be eligible for Treaty benefits after the sale of shares offered hereby.

Foreign corporations not engaged in a trade or business in the United States are nonetheless subject to U.S. income tax on certain "fixed or determinable annual or periodic gains, profits and income" derived from sources within the United States as enumerated in section 881(a) of the Code (such as dividends and certain interest on investments). Such tax would generally be imposed by withholding at a 30% rate. The Treaty does not provide for a

Edgar Filing: XL CAPITAL LTD - Form 424B2

reduction in such withholding tax rate.

The United States also imposes an excise tax on insurance and reinsurance premiums paid to foreign insurers or reinsurers with respect to risks located in the United States. The rates of tax applicable to premiums paid to XL are 4% for casualty insurance premiums and 1% for reinsurance premiums. Although payment of the tax is generally the responsibility of the person who pays the premium to XL, under the Code and recently proposed regulations, in the event that the tax is not paid by the purchaser of the insurance, XL would be liable for the tax. In addition, the IRS has taken the position that when a foreign insurer or reinsurer cedes United States risks to a foreign reinsurer that is not eligible for the excise tax exemption under an applicable treaty, an additional excise tax may be imposed.

TAXATION OF SHAREHOLDERS

The following summary sets forth certain United States federal income tax considerations related to the purchase, ownership and disposition of Series A Preference Shares. Unless otherwise stated, this summary deals only with shareholders that are U.S. Persons (as defined below) who hold their Series A Preference Shares as capital assets. The following discussion is only a general summary of the United States federal income tax matters described herein and does not purport to address all of the United States federal income tax consequences that may be relevant to a particular shareholder in light of such shareholder's specific circumstances. In addition, the following summary does not describe the United States federal income tax consequences that may be relevant to certain types of shareholders, such as banks, insurance companies, regulated investment companies, real estate investment trusts, financial asset securitization investment trusts, dealers in securities or traders that adopt a mark-to-market method of tax accounting, tax exempt organizations or persons who hold the Series A Preference Shares as part of a hedging or conversion transaction or as part of a short-sale or straddle, who may be subject to special rules or treatment under United States tax laws. This discussion is based upon the Code, the Treasury regulations

S-19

promulgated thereunder and any relevant administrative rulings or pronouncements or judicial decisions, all as in effect on the date hereof and as currently interpreted, and does not take into account possible changes in such tax laws or interpretations thereof, which may apply retroactively. This discussion does not include any description of the tax laws of any state or local governments within the United States, or of any foreign government, that may be applicable to the Series A Preference Shares or the shareholders. Persons considering making an investment in the Series A Preference Shares should consult their own tax advisors concerning the application of the United States federal tax laws to their particular situations as well as any tax consequences arising under the laws of any state, local or foreign taxing jurisdiction prior to making such investment.

If a partnership holds the Series A Preference Shares, the tax treatment of a partner will generally depend upon the status of the partner and the activities of the partnership. If you are a partner of a partnership holding Series A Preference Shares, you should consult your tax advisor.

For purposes of this discussion, the term "U.S. Person" means (1) a citizen or resident of the United States, (2) a corporation or entity treated as a corporation created or organized in or under the laws of the United States, or

Edgar Filing: XL CAPITAL LTD - Form 424B2

any political subdivision thereof, (3) an estate the income of which is subject to United States federal income taxation regardless of its source or (4) a trust if either (x) a court within the United States is able to exercise primary supervision over the administration of such trust and one or more United States Persons have the authority to control all substantial decisions of such trust or (y) the trust has a valid election in effect to be treated as a United States Person for United States federal income tax purposes. A "U.S. Holder" refers to a U.S. Person that is a beneficial owner of our Series A Preference Shares.

CAYMAN ISLANDS TAXATION

Dividends paid by XL Capital Ltd are not subject to Cayman Islands withholding tax.

BERMUDA TAXATION

Currently, there is no Bermuda withholding tax on dividends paid by XL Capital Ltd to shareholders who are not ordinarily resident in Bermuda.

UNITED STATES TAXATION OF UNITED STATES SHAREHOLDERS

CLASSIFICATION OF XL AS A CONTROLLED FOREIGN CORPORATION. Under section 951(a) of the Code, each "United States shareholder" of a "controlled foreign corporation" ("CFC") must include in its gross income for United States federal income tax purposes its pro rata share of the CFC's "subpart F income", even if the subpart F income is not distributed. Under Code section 951(b), any United States corporation, citizen, resident or other United States person who owns, directly or indirectly through foreign persons, or is considered to own (by application of the rules of constructive ownership set forth in Code section 958(b), generally applying to family members, partnerships, estates, trusts or controlled corporations) 10% or more of the total combined voting power of all classes of stock of the foreign corporation will be considered to be a "U.S. 10% Shareholder". In general, a foreign corporation is treated as a CFC only if such U.S. 10% Shareholders collectively own more than 50% (more than 25% for certain insurance companies) of the total combined voting power or total value of the corporation's stock for an uninterrupted period of 30 days or more during any tax year. XL Capital Ltd believes that because of the wide dispersion of its share ownership and because under its Articles of Association no single shareholder is permitted to hold as much as 10% of its total combined voting power, it is not a CFC under the foregoing general rules.

RELATED PERSON INSURANCE INCOME. A different definition of "controlled foreign corporation" is applicable in the case of a foreign corporation which earns related person insurance income ("RPII"). RPII is defined as any "insurance income" (as defined in the Code) attributable to policies of insurance or reinsurance with respect to which the person (directly or indirectly) insured is a RPII Shareholder (as defined below) or a "related person" to such a shareholder.

Generally, the term "related person" for this purpose means someone who controls or is controlled by a RPII Shareholder or someone who is controlled by the same person or persons which control the RPII Shareholder. Control is measured by either more than 50% in value or more than 50% in voting power of stock applying

constructive ownership principles similar to the rules of section 958 of the

Edgar Filing: XL CAPITAL LTD - Form 424B2

Code. For purposes of inclusion of XL's RPII in the income of RPII Shareholders, unless an exception applies, the term "RPII Shareholder" includes all United States persons who beneficially own any amount (rather than 10% or more) of XL's stock. XL would be treated as a CFC for purposes of application of the RPII rules if such persons were treated as owning 25% or more of the stock of XL.

The special RPII rules do not apply if direct and indirect insureds and persons related to such insureds, whether or not United States persons, are treated as owning less than 20% of the voting power and less than 20% of the value of the stock of XL or RPII, determined on a gross basis, is less than 20% of XL's gross insurance income for the taxable year. Where neither of these exceptions applies, each U.S. Person owning or treated as owning Series A Preference Shares (and therefore, indirectly, in XL) on the last day of XL Capital Ltd's fiscal year generally will be required to include in its gross income for United States federal income tax purposes its share of the RPII for the entire taxable year, determined as if all such RPII were distributed proportionately only to such RPII Shareholders at that date, but limited by XL's current-year earnings and profits and by the RPII Shareholder's share, if any, of prior-year deficits in earnings and profits. XL Capital Ltd does not expect the direct or indirect insureds (and related persons) of XL to directly or indirectly own 20% or more of either the voting power or value of XL's stock and does not expect the gross RPII of XL to equal or exceed 20% of XL's gross insurance income in any taxable year for the foreseeable future. Consequently, XL Capital Ltd does not expect any U.S. Person owning Series A Preference Shares to be required to include in gross income for U.S. federal income tax purposes RPII income, but there can be no assurance that this will be the case.

There is limited guidance regarding the RPII provisions and the related Treasury regulations are in proposed form. Accordingly, there is uncertainty with respect to the meaning and application of the RPII provisions and there is a possibility that future guidance could have retroactive effect.

DISPOSITIONS OF SERIES A PREFERENCE SHARES. Subject to the discussion elsewhere relating to redemption or the potential application of the CFC or passive foreign investment company rules, upon a sale or other disposition of Series A Preference Shares a U.S. Holder generally will recognize capital gain or loss for U.S. federal income tax purposes equal to the difference, if any, between the amount realized on the sale or other disposition and the U.S. Holder's adjusted tax basis in the Series A Preference Shares. This capital gain or loss will be long term capital gain or loss if the U.S. Holder's holding period in the Series A Preference Shares exceeds one year. Any gain will generally be U.S. source gain, but all or part of a loss may be allocated to foreign source income by reference to the source of dividend income on the Series A Preference Shares. Code section 1248 provides that if a U.S. Person owns 10% or more of the voting shares of a corporation that is a CFC, any gain from the sale or exchange of the shares may be treated as ordinary income to the extent of the CFC's earnings and profits during the period that the shareholder held the shares (with certain adjustments). A 10% U.S. Shareholder may in certain circumstances be required to report a disposition of shares of a CFC by attaching IRS Form 5471 to the United States income tax or information return that it would normally file for the taxable year in which the disposition occurs. Code section 953(c)(7) generally provides that section 1248 also will apply to the sale or exchange of shares in a foreign corporation that earns RPII if the foreign corporation would be taxed as an insurance company if it were a domestic corporation, regardless of whether the shareholder is a 10% U.S. Shareholder or whether RPII constitutes 20% or more of the corporation's gross insurance income. Existing Treasury Department regulations do not address whether Code section 1248 and the requirement to file Form 5471 would apply when the foreign corporation (such as XL Capital Ltd) is not a CFC but the foreign corporation has one or more subsidiaries (such as XL) that is a CFC or that would be taxed as an insurance company if it were a domestic corporation.

Edgar Filing: XL CAPITAL LTD - Form 424B2

XL Capital Ltd believes, based on the advice of counsel, that Code section 1248 and the requirement to file Form 5471 will not apply to dispositions of Series A Preference Shares because XL Capital Ltd does not have any 10% U.S. Shareholders and XL Capital Ltd is not directly engaged in the insurance business, and that the proposed regulations issued by the U.S. Treasury Department should be interpreted in this manner. There can be no assurance, however, that the IRS will interpret the proposed regulations in this manner or that the Treasury Department will not amend the proposed regulations to provide that Code section 1248 and the requirement to file Form 5471 will apply to dispositions of Series A Preference Shares.

S-21

If the IRS or Treasury Department were to take such action, XL Capital Ltd would notify shareholders that Code section 1248 and the requirement to file Form 5471 will apply to dispositions of Series A Preference Shares. Thereafter, XL Capital Ltd will send a notice after the end of each calendar year to all persons who were shareholders during the year notifying them that Code section 1248 and the requirement to file Form 5471 apply to dispositions of Series A Preference Shares. XL Capital Ltd will attach to this notice a copy of Form 5471 completed with all Company information and instructions for completing the shareholder information.

REDEMPTION OF PREFERENCE SHARES. A redemption of Series A Preference Shares will be treated under section 302 of the Code as a dividend to the extent of current and accumulated earnings and profits, unless the redemption satisfies the test set forth in section 302(b) enabling the redemption to be treated as a sale or exchange, subject to the discussion herein relating to the potential application of the "related person insurance income" and "passive foreign investment company" rules. The redemption will satisfy this test only if it (1) is "substantially disproportionate," (2) constitutes a "complete termination of the holder's stock interest" in us or (3) is "not essentially equivalent to a dividend," each within the meaning of section 302(b). In determining whether any of these tests are met, shares considered to be owned by the U.S. Person by reason of certain constructive ownership rules set forth in the Code, as well as shares actually owned, must generally be taken into account. Because the determination as to whether any of the alternative tests of section 302(b) of the Code is satisfied with respect to a particular holder of Series A Preference Shares will depend on the facts and circumstances as of the time the determination is made, U.S. shareholders are advised to consult their own tax advisors to determine their tax treatment in light of their own particular investment circumstances.

PASSIVE FOREIGN INVESTMENT COMPANIES. Sections 1291 through 1298 of the Code contain special rules applicable with respect to foreign corporations that are "passive foreign investment companies" ("PFICs"). In general, a foreign corporation will be a PFIC if 75% or more of its income constitutes "passive income" or 50% or more of its assets produce passive income. If XL Capital Ltd were to be characterized as a PFIC, its United States shareholders would be subject to a penalty tax at the time of their sale of its shares or receipt of an "excess distribution" with respect to its shares. In general, a shareholder receives an "excess distribution" if the amount of the distribution is more than 125% of the average distribution with respect to the stock during the three preceding taxable years (or shorter period during which the taxpayer held the stock). In general, the penalty tax is equivalent to an interest charge on taxes that are deemed due during the period the United States shareholder owned the shares, computed by assuming that the excess distribution or gain (in the case of a sale) with respect to the shares was taxed in equal portions throughout the

Edgar Filing: XL CAPITAL LTD - Form 424B2

holder's period of ownership. The interest charge is equal to the applicable rate imposed on underpayments of U.S. federal income tax for such period.

The PFIC statutory provisions contain an express exception for income "derived in the active conduct of an insurance business by a corporation which is predominantly engaged in an insurance business" This exception is intended to ensure that income derived by a bona fide insurance company is not treated as passive income, except to the extent such income is attributable to financial reserves in excess of the reasonable needs of the insurance business. XL Capital Ltd believes, based on the advice of counsel, that it and its wholly-owned direct and indirect subsidiaries, taken as a whole, are predominantly engaged in an insurance business and do not have financial reserves in excess of the reasonable needs of their insurance business such that it is not a PFIC. The PFIC statutory provisions (unlike the RPII provisions of the Code) contain a look-through rule that states that, for purposes of determining whether a foreign corporation is a PFIC, such foreign corporation shall be treated as if it "received directly its proportionate share of the income" and as if it "held its proportionate share of the assets" of any other corporation in which it owns at least 25% of the stock. While no explicit guidance is provided by the statutory language, XL Capital Ltd believes that under the look-through rule, XL Capital Ltd would be deemed to own the assets and to have received the income of its insurance and investment subsidiaries directly for purposes of determining whether XL Capital Ltd qualifies for the aforementioned insurance company exception. XL Capital Ltd believes, based upon the advice of counsel, that its interpretation of the PFIC rules, including the look-through rule is consistent with the legislative intention generally to exclude bona fide insurance companies from the application of PFIC provisions; there can, of course, be no assurance as to what positions the IRS or a court might take in the future. Although each of XL Capital Ltd's investment subsidiaries meets the definition of a PFIC, if XL Capital Ltd is not a PFIC, the PFIC statutory provisions state that a shareholder of XL Capital Ltd will not be treated as a shareholder of such investment subsidiaries for PFIC tax purposes as long as the shareholder does not own 50% or more of the value of XL Capital Ltd's shares.

S-22

However, no regulations interpreting the substantive PFIC provisions have yet been issued. Therefore, substantial uncertainty exists with respect to their application or their possible retroactivity. Each U.S. Person who is considering an investment in Series A Preference Shares should consult his tax advisor as to the effects of these rules.

DIVIDENDS. Subject to the discussion relating to the potential application of the CFC and PFIC rules, cash distributions made with respect to our Series A Preference Shares will constitute dividends for U.S. federal income tax purposes to the extent paid out of current or accumulated earnings and profits. U.S. Holders generally will be subject to U.S. federal income tax on the receipt of such dividends, and dividends received by U.S. Holders that are corporations generally will not be eligible for a dividends received deduction. To the extent that a distribution exceeds earnings and profits, it will be treated first as a return of the U.S. Holder's basis to the extent of such basis, and then as a gain from the sale of a capital asset. The character of such gain is described under "Dispositions of Series A Preference Shares."

INFORMATION REPORTING AND BACKUP WITHHOLDING.

Information reporting to the IRS by paying agents and custodians located

Edgar Filing: XL CAPITAL LTD - Form 424B2

in the United States will be required with respect to dividends on the Series A Preference Shares or proceeds received on the sale, exchange or redemption of the Series A Preference Stock paid within the United States (and in certain cases outside the United States) to U.S. Persons. In addition, a holder of Series A Preference Shares may be subject to backup withholding with respect to such amounts, unless such holder (a) is a corporation or comes within certain other exempt categories and, when required, demonstrates this fact; or (b) provides a taxpayer identification number, certifies as to no loss of exemption from backup withholding and otherwise complies with applicable requirements of the backup withholding rules. The backup withholding tax is not an additional tax and may be credited against a holder's regular United States federal income tax liability.

UNITED STATES TAXATION OF PERSONS OTHER THAN U.S. PERSONS

Subject to certain exceptions, persons that are not U.S. Persons will be subject to United States federal income tax on dividend distributions with respect to, and gain realized from the sale or exchange of, Series A Preference Shares only if such dividends or gains are effectively connected with the conduct of a trade or business within the United States.

The underwriting agreement provides that the obligations of the underwriters to purchase the Series A Preference Shares are subject to approval of legal matters by counsel and to other conditions. The underwriters are obligated to purchase all the Series A Preference Shares if they purchase any of the Series A Preference Shares.

If the underwriters sell more Series A Preference Shares than the total number set forth in the table above, the underwriters have an option to buy up to an additional 1,200,000 Series A Preference Shares from us to cover such sales at the public offering price on the cover page of this prospectus supplement, less the underwriting discount. The underwriters may exercise that option for 20 days from the date of this prospectus supplement. If any Series A Preference Shares are purchased pursuant to this option, the underwriters will severally purchase Series A Preference Shares in approximately the same proportion as set forth in the table above.

The underwriters propose to offer some of the Series A Preference Shares directly to the public at the public offering price set forth on the cover page of this prospectus supplement and some of the Series A Preference Shares to dealers at the public offering price less a concession not to exceed \$0.50 per share. The underwriters may allow and dealers may reallow, a concession not to exceed \$0.45 per share on sales to other dealers. If all of the Series A Preference Shares are not sold at the initial offering price, the representatives may change the public offering price and the other selling terms.

We have agreed that for a period of 30 days from the date of this prospectus supplement, we will not, without the prior written consent of Merrill Lynch and Salomon Smith Barney, dispose of any Series A Preference Shares or any

Edgar Filing: XL CAPITAL LTD - Form 424B2

retail preference ordinary shares or securities convertible into or exchangeable for Series A Preference Shares or retail preference ordinary shares. Merrill Lynch and Salomon Smith Barney in their sole discretion may release any of the securities subject to these limitations at any time without notice.

We have applied to have our Series A Preference Shares listed on the New York Stock Exchange under the symbol "XL Pr A". The underwriters have undertaken to sell a minimum number of Series A Preference Shares to a minimum number of beneficial owners as required by the New York Stock Exchange.

The following table shows the underwriting discounts and commissions that we are to pay to the underwriters in connection with this offering. Such amounts are shown assuming both no exercise and full exercise of the underwriters' option to purchase 1,200,000 additional Series A Preference Shares.

Per share	\$0.7875
Total without over-allotment option	\$6,300,000
Total with over-allotment option	\$7,245,000

If the underwriters create a short position in our Series A Preference Shares in connection with the offering, i.e., if the underwriters sell more Series A Preference Shares than are listed on the cover of this prospectus supplement, the underwriters may reduce the short position by either exercising their over-allotment option to purchase additional Series A Preference Shares or by purchasing Series A Preference Shares in the open market. In determining the source of Series A Preference Shares to reduce the short position, the underwriters will consider, among other things, the price of Series A Preference Shares available for purchase in the open market as compared with the price at which they may purchase Series A Preference Shares through their over-allotment option. Purchases of the Series A Preference Shares to stabilize their price or to reduce a short term position may cause the price of the Series A Preference Shares to be higher than it might be in the absence of such purchases.

The underwriters also may impose a penalty bid. Penalty bids permit the underwriters to reclaim a selling concession from a syndicate member when the underwriters repurchase Series A Preference Shares originally sold by that syndicate member in order to cover syndicate short positions or make stabilizing purchases.

Any of these activities may have the effect of preventing or retarding a decline in the market price of Series A Preference Shares. They may also cause the price of Series A Preference Shares to be higher than the price that would otherwise exist in the open market in the absence of these transactions. The underwriters may conduct these transactions on the New York Stock Exchange or in the over-the-counter market, or otherwise. If the underwriters commence any of these transactions, they may discontinue them at any time.

We estimate that our total expenses of this offering will be \$435,000.

In the ordinary course of their respective businesses, the underwriters and their affiliates have engaged and may in the future engage in investment and commercial banking transactions with us and our affiliates for which they have received customary fees and expenses. Affiliates of certain of the underwriters are agents and lenders

under our credit facilities, for which they have received customary

compensation. Certain of the underwriters or their affiliates may be holders of a portion of the LYONs and may receive a portion of the proceeds of this offering, if they put their LYONs to us on September 7, 2002.

This offering is being conducted pursuant to Conduct Rule 2710(c)(8) of the NASD.

This prospectus supplement and the accompanying prospectus in electronic format may be made available on the websites maintained by one or more of the underwriters. The representatives may agree to allocate a number of Series A Preference Shares to underwriters for sale to their online brokerage account holders. The representatives will allocate Series A Preference Shares to underwriters that may make Internet distributions on the same basis as other allocations. In addition, Series A Preference Shares may be sold by the underwriters to securities dealers who resell Series A Preference Shares to online brokerage account holders.

We have agreed to indemnify the underwriters against certain liabilities, including liabilities under the Securities Act of 1933, as amended, or to contribute to payments the underwriters may be required to make because of any of those liabilities.

XL CAPITAL LTD

We are a leading provider of insurance and reinsurance coverages and financial products and services to industrial, commercial and professional service firms, insurance companies and other enterprises on a worldwide basis.

We were incorporated with limited liability under the Cayman Islands Companies Law on March 16, 1998, as EXEL Merger Company Ltd. We were formed as a result of the merger of EXEL Merger Company Ltd, EXEL Limited and Mid Ocean Limited on August 7, 1998, and were renamed EXEL Limited on that date. This merger was accounted for as a purchase business combination. EXEL and Mid Ocean were companies that were incorporated in the Cayman Islands in 1986 and 1992, respectively. At a special general meeting held on February 1, 1999, the shareholders of EXEL Limited approved a resolution changing the name of EXEL Limited to XL Capital Ltd.

On June 18, 1999, we merged with NAC Re Corp. (now known as XL Reinsurance America Inc.), a Delaware corporation that was organized in 1985, in a stock merger. The NAC merger was accounted for as a pooling of interests under U.S. generally accepted accounting principles. Accordingly, all prior period information contained or incorporated by reference in this prospectus includes the results of NAC as though it had always been a part of XL Capital Ltd. Following the merger, we changed our fiscal year end from November 30 to December 31 as a conforming pooling adjustment. On July 25, 2001, we completed the acquisition of certain of the operations of Winterthur International from Winterthur Swiss Insurance Company, an indirect subsidiary of the Credit Suisse Group. Although the Winterthur International acquisition closed on July 25, 2001, it is being given effect as if it closed on July 1, 2001, which is the date from which the economic interest was transferred to us.

3

We are incorporated in the Cayman Islands. Our principal executive offices are located at XL House, One Bermudiana Road, Hamilton, Bermuda HM11. Our telephone number is (441) 292-8515. Our website is www.xlcapital.com. The information contained on our website is not incorporated by reference into this prospectus.

XL Capital Finance (Europe) plc is a wholly owned subsidiary of XL Capital Ltd. XL Capital Finance (Europe) plc has not engaged in any activities other than those incidental to its formation and will not have any operations other than the issuance of senior debt securities, if any, and the lending or the contributing of the proceeds of such senior debt securities to XL Capital Ltd or its subsidiaries and activities incidental to or connected with the foregoing. THE TRUSTS

Each of XL Capital Trust I, XL Capital Trust II and XL Capital Trust III

Edgar Filing: XL CAPITAL LTD - Form 424B2

is a statutory business trust formed under Delaware law pursuant to (i) a separate declaration of trust, executed by XL Capital Ltd, as sponsor for such trust (the "sponsor"), and the trustees (as defined herein) as of that date of such trust and (ii) the filing of a separate certificate of trust with the Delaware Secretary of State. The declaration of trust of each trust will be amended and restated in its entirety (as so amended and restated, the "declaration") substantially in the form filed as an exhibit to the registration statement of which this prospectus forms a part.

Each trust exists for the exclusive purposes of (i) issuing and selling the trust preferred securities representing preferred undivided beneficial interests in the assets of such trust and trust common securities representing common undivided beneficial interests in the assets of such trust (the "trust common securities" and, together with the trust preferred securities, the "trust securities"), (ii) investing the gross proceeds of the trust securities in a series of subordinated deferrable interest debentures and (iii) engaging in only those other activities necessary or incidental thereto.

All of the trust common securities will be directly or indirectly owned by XL Capital Ltd. The trust common securities will rank equal with, and payments will be made thereon PRO RATA, with the trust preferred securities except that upon an event of default under the declaration, the rights of the holders of the trust common securities to payment in respect of distributions and payments upon liquidation, redemption and otherwise will be subordinated to the rights of the holders of the trust preferred securities. XL Capital Ltd will, directly or indirectly, acquire trust common securities in an aggregate liquidation amount equal to 3% of the total capital of each trust. Each trust has a term of approximately 55 years, but may terminate earlier as provided in the applicable declaration.

Each trust's business and affairs will be conducted by the trustees (the "trustees") appointed by XL Capital Ltd, as the direct or indirect holder of all the trust common securities. The holder of the trust common securities will be entitled to appoint, remove or replace any of, or increase or reduce the number of, the trustees of a trust. The duties and obligations of such trustees shall be governed by the declaration of such trust, the Trust Indenture Act of 1939, as amended (the "Trust Indenture Act"), and the Delaware Business Trusts Act. A majority of the trustees (the "regular trustees") of each trust will be persons who are employees or officers of or affiliated with XL Capital Ltd.

One trustee of each trust will be a financial institution which will be unaffiliated with XL Capital Ltd and which shall act as property trustee and as indenture trustee for purposes of the Trust Indenture Act, pur-

4

suant to the terms set forth in a prospectus supplement (the "property trustee"). In addition, unless the property trustee maintains a principal place of business in the State of Delaware, and otherwise meets the requirements of applicable law, another trustee of each trust will have its principal place of business or reside in the State of Delaware (the "Delaware Trustee"). XL Capital Ltd will pay all fees, expenses, debts and obligations (other than the trust securities) related to the trusts and the offering of trust securities. The office of the Delaware trustee for each trust in the State of Delaware is First Union Trust Company, National Association, One Rodney Square, 920 King Street, Suite 102, Wilmington, Delaware 19801. The principal place of business of each trust shall be c/o XL Capital Ltd, XL House, One Bermudiana Road, Hamilton HM11, Bermuda (telephone number (441) 292-8515).

USE OF PROCEEDS

Edgar Filing: XL CAPITAL LTD - Form 424B2

Except as may otherwise be described in the prospectus supplement relating to an offering of securities, the net proceeds from the sale of the securities included in this Prospectus will be used for general corporate purposes. Each trust will invest all proceeds received from the sale of its trust securities in a particular series of subordinated deferrable interest debentures of XL Capital, which will use such funds for general corporate purposes. Any specific allocation of the net proceeds of an offering of securities to a specific purpose will be determined at the time of such offering and will be described in the related prospectus supplement.

ACCOUNTING TREATMENT RELATING TO TRUST SECURITIES

The financial statements of each trust that has issued trust securities will be consolidated with XL Capital Ltd's financial statements, with the trust preferred securities of each trust shown on XL Capital Ltd's consolidated financial statements as XL Capital Ltd obligated mandatorily redeemable preferred securities of subsidiary trusts holding solely subordinated debt securities of XL Capital Ltd. XL Capital Ltd's financial statements will include a footnote that discloses, among other things, that the sole asset of each trust included therein consists of subordinated deferrable interest debentures of XL Capital Ltd, and will specify the designation, principal amount, interest rate and maturity date of such subordinated deferrable interest debentures.

RATIO OF EARNINGS TO FIXED CHARGES AND PREFERENCE ORDINARY SHARE DIVIDENDS

The ratio of earnings to fixed charges and ratio of earnings to combined fixed charges and preference ordinary share dividends of XL Capital for each of the periods indicated is as follows:

	NINE MONTHS ENDED SEPTEMBER 30, 2001	FISCAL YEAR ENDED DECEMBER 31,			
		2000	1999	1998	1997
Ratio of Earnings to Fixed Charges	*	11.0x	10.5x	18.9x	25.3x
Ratio of Earnings to Combined Fixed Charges and Preference Ordinary Share Dividends	*	11.0x	10.5x	18.9x	25.3x

* For the nine months ended September 30, 2001, earnings were insufficient to cover fixed charges by \$610.8 million.

We have computed the foregoing ratios by dividing (i) income from continuing operations before income taxes and minority interest, plus fixed charges, less equity income in unconsolidated affiliates, capitalized interest and minority interest by (ii) fixed charges. Fixed charges consist of interest expense on all indebtedness (including amortization of deferred financing costs), capitalized interest and the portion of operating lease rental expense that is representative of the interest factor (deemed to be one-third of operating lease rentals). Because XL Capital Ltd had no outstanding preference ordinary shares during any of

Edgar Filing: XL CAPITAL LTD - Form 424B2

the periods presented, the ratio of earning to fixed charges is identical to the ratio of earnings to combined fixed charges and preference ordinary share dividends for each of the periods presented.

XL Capital Finance (Europe) plc and the trusts had no operations during the periods set forth above.

GENERAL DESCRIPTION OF THE OFFERED SECURITIES

XL Capital may offer from time to time under this prospectus, separately or together:

- o ordinary shares,
- o preference ordinary shares,
- o unsecured senior or subordinated debt securities,
- o warrants to purchase ordinary shares of XL Capital Ltd,
- o ordinary share purchase contracts and
- o ordinary share purchase units, each representing ownership of an ordinary share purchase contract and, as security for the holder's obligation to purchase ordinary shares under the share purchase contract, any of (1) senior debt securities of XL Capital Finance (Europe) plc, fully and unconditionally guaranteed by XL Capital, (2) debt obligations of third parties, including U.S. Treasury securities or (3) preferred securities of a trust.

XL Capital Finance (Europe) plc may offer from time to time under this Prospectus unsecured senior debt securities, which will be fully and unconditionally guaranteed by XL Capital.

Each trust may offer from time to time under this Prospectus trust preferred securities representing undivided beneficial interests in their respective assets, which will be fully and unconditionally guaranteed to the extent described in this prospectus by XL Capital.

The aggregate initial offering price of the offered securities will not exceed \$1,500,000,000.

DESCRIPTION OF XL CAPITAL SHARE CAPITAL

GENERAL

The Articles of Association and Memorandum of Association of XL Capital provide that its authorized share capital is US\$9,999,900 divided into 999,990,000 ordinary shares, par value \$0.01 per share. The XL Capital ordinary shares are currently divided into two classes: Class A Ordinary Shares and Class B Ordinary Shares (together, the "ordinary shares").

As of November 9, 2001, XL Capital's issued and outstanding shares were approximately as follows:

CLASS OF STOCK	SHARES
-----	-----
Class A Ordinary Shares	134,168,793
Class B Ordinary Shares	0

All issued and outstanding shares are fully paid and nonassessable.

DESCRIPTION OF XL CAPITAL PREFERENCE ORDINARY SHARES

GENERAL

In this section, references to "XL Capital," "we," "our" or "us" refer solely to XL Capital Ltd and not its subsidiaries.

We are authorized to issue up to 999,990,000 ordinary shares of our company, par value \$0.01 per share. Without prejudice to any special rights previously conferred on the holders of existing shares, the board of directors has the power to issue our ordinary shares with such preferred, deferred or other special rights, terms or conditions, or such restrictions, whether in regard to dividends, voting, return of share capital, exchange for other classes of shares, exchangeability for other securities or otherwise as the board of directors may from time to time determine.

The following is a description of certain general terms and provisions of the preference ordinary shares that, following appropriate resolutions of the board of directors, we may issue with preferred rights ("preference ordinary shares"). The particular terms of any class or series of preference ordinary shares will be described in the applicable prospectus supplement. The applicable prospectus supplement may also state that any of the terms set forth herein are inapplicable to such series of preference ordinary shares.

The following summary of terms of our preference ordinary shares is not complete. You should refer to the provisions of our Memorandum of Association, our Articles of Association and the terms of each class or series of the preference ordinary shares which will be filed with the SEC at or prior to the time of issuance of such class or series of the preference ordinary shares and described in the applicable prospectus supplement.

TERMS

The terms of each series of preference ordinary shares will be described in any prospectus supplement related to such series of preference ordinary shares.

The board of directors in approving the issuance of a class or series of preference ordinary shares shall determine, and the applicable prospectus supplement will set forth with respect to such class or series, the following:

- o whether dividends on that class or series of preference ordinary shares will be cumulative or non-cumulative;
- o the dividend rate and rights in respect of dividends on the preference ordinary shares of that class or series;
- o the liquidation preference per share of that class or series of preference ordinary shares, if any;
- o the voting powers, if any, of the preference ordinary shares of that class or series;
- o any redemption and sinking fund provisions applicable to that class or series of preference ordinary shares;
- o any conversion provisions applicable to that class or series of

Edgar Filing: XL CAPITAL LTD - Form 424B2

preference ordinary shares; and

- o the terms of any other preferences or other rights and limitations, if any, applicable to that class or series of preference ordinary shares.

7

DIVIDENDS

Holders of preference ordinary shares will be entitled to receive, when, as and if declared by the board of directors, cash dividends at the rates and on the dates as set forth in the applicable prospectus supplement. Except as set forth below, no dividends will be declared or paid on any class or series of preference ordinary shares unless full dividends for all classes or series of preference ordinary shares which have the same rank as, or rank senior to, such class or series of preference ordinary shares (including cumulative dividends still owing, if any) have been or contemporaneously are declared and paid. When those dividends are not paid in full, dividends will be declared PRO RATA so that the amount of dividends declared per share on that class or series of preference ordinary shares and on each other class or series of preference ordinary shares having the same rank as, or ranking senior to, that class or series of preference ordinary shares will in all cases bear to each other the same ratio that accrued dividends per share on that class or series of preference ordinary shares and the other preference ordinary shares bear to each other. In addition, generally, unless all dividends on the preference ordinary shares have been paid, no dividends will be declared or paid on the ordinary shares and generally we may not redeem or purchase any ordinary shares.

VOTING RIGHTS

The holders of the preference ordinary shares shall not, except as required by law or as set forth in the applicable prospectus supplement, have any right or power to vote on any question or in any proceeding or to be represented at, or to receive notice of, any meeting of shareholders. On any matters on which the holders of the preference ordinary shares shall be entitled to vote, they shall be entitled to one vote for each share held.

Unless otherwise stated in the applicable prospectus supplement, if six or more full quarterly dividends (whether consecutive or not) on any series of preference ordinary shares shall be in arrears, then during the period, which we refer to herein as the "voting period," the holders of a majority of the outstanding preference ordinary shares of all series represented in person or by proxy at any meeting of our shareholders held for the election of directors during such voting period, shall be entitled, as a class, to the exclusion of the holders of all other classes of our shares, to elect two of our directors, each preference ordinary share entitling the holder thereof to one vote.

Any director who shall have been elected by holders of preference ordinary shares, or by any director so elected as herein contemplated, may be removed at any time during a voting period, either for or without cause, by, and only by, the affirmative votes of the holders of record of a majority of the outstanding preference ordinary shares of all series given at a special meeting of such shareholders called for the purpose. Any vacancy thereby created may be filled during such voting period by the holders of preference ordinary shares of all series, present in person or represented by proxy at such meeting. Any director elected by holders of preference ordinary shares, or by any director so elected as herein contemplated, who dies, resigns or otherwise ceases to be a director shall, except as otherwise provided in the preceding sentence, be replaced by

Edgar Filing: XL CAPITAL LTD - Form 424B2

the remaining director theretofore elected by the holders of preference ordinary shares. At the end of the voting period, the holders of preference ordinary shares of all series shall be automatically divested of all voting power vested in them under this provision but subject always to the subsequent vesting of voting power in the holders of preference ordinary shares in the event of any similar cumulated arrearage in payment of quarterly dividends occurring thereafter. The term of all directors elected pursuant to this provision shall in all events expire at the end of the voting period.

RANKING

The preference ordinary shares will rank prior to our ordinary shares. Without the requisite vote of holders of the preference ordinary shares, as described above under "-- Voting Rights," no class or series of capital shares can be created ranking senior to the preference ordinary shares as to dividend rights or liquidation preference.

8

LIQUIDATION RIGHTS

In the event of our liquidation, dissolution or winding up, the holders of preference ordinary shares of each series are entitled to receive out of our assets available for distribution to shareholders, before any distribution of assets is made to holders of ordinary shares or any other class or series of our capital shares (including any preferred shares) which is junior as to liquidation rights to our preference ordinary shares of such series, liquidating distributions in the amount set forth in the applicable prospectus supplement, plus dividends accrued and accumulated but unpaid to the date of such distribution. If, upon our liquidation, dissolution or winding up, the amounts payable with respect to our preference ordinary shares of such series and any of our other preference ordinary shares ranking as to any such distribution on a parity with our preference ordinary shares of such series are not paid in full, the holders of our preference ordinary shares of such series and of such of our other preference ordinary shares will share ratably in any such distribution of assets in proportion to the full respective preferential amounts to which they are entitled. After payment of the full amount of the liquidating distribution to which they are entitled, the holders of preference ordinary shares will not be entitled to any further participation in any distribution of assets by us. Neither our consolidation or merger with another corporation nor a sale or transfer of all or part of our assets for cash or securities shall be considered a liquidation, dissolution or winding up of us.

REDEMPTION PROVISIONS

The preference ordinary shares of each series will have such optional or mandatory redemption terms, if any, as shall be set forth in the applicable prospectus supplement.

CONVERSION AND EXCHANGE RIGHTS

The terms and conditions, if any, upon which any series of our preference ordinary shares is convertible into ordinary shares or exchangeable into debt securities will be set forth in the applicable prospectus supplement relating to such series of preference ordinary shares. Such terms will include:

- (1) in the case such series of preference ordinary shares is convertible into ordinary shares:
 - (a) the number of ordinary shares into which preference ordinary

Edgar Filing: XL CAPITAL LTD - Form 424B2

- shares of such series are convertible;
- (b) the conversion price (or manner of calculation thereof);
 - (c) the conversion period;
 - (d) provisions as to whether conversion will be at the option of the holders of such series of preference ordinary shares or at our option or automatic;
 - (e) the events requiring an adjustment of the conversion price; and
 - (f) provisions affecting conversion in the event of the redemption of such series of preference ordinary shares; and
- (2) in the case such series of preference ordinary shares is exchangeable into debt securities:
- (a) the principal amount of debt securities into which preference ordinary shares of such series are exchangeable;
 - (b) the exchange period; and
 - (c) provisions as to whether the exchange will be at the option of the holders of such series of preference ordinary shares or at our option or automatic.

9

MISCELLANEOUS

Our preference ordinary shares will have no preemptive rights. All of our preference ordinary shares, upon payment in full therefor, will be fully paid and nonassessable.

DESCRIPTION OF XL CAPITAL ORDINARY SHARES

GENERAL

In this section, references to "XL Capital," "we," "our" or "us" refer solely to XL Capital Ltd and not its subsidiaries.

The following description of our ordinary shares is a summary. This summary is not complete and is subject to the complete text of applicable laws and our Memorandum and Articles of Association.

VOTING

The holders of our Class A Ordinary Shares are entitled to one vote per share while our Class B Ordinary Shares carry no voting rights. Our Articles of Association restrict the voting power of any shareholder to less than approximately 10% of total voting power.

Under the Cayman Islands Companies Law (2001 Second Revision) (the "Law") and our Memorandum and Articles of Association, some matters, such as altering the Memorandum or the Articles of Association, changing the name of a company, voluntarily winding up a company or removing a director, require approval of shareholders by a special resolution. A special resolution is a resolution (1) passed by a majority of not less than two-thirds of such shareholders as, being

Edgar Filing: XL CAPITAL LTD - Form 424B2

entitled to do so, vote in person or by proxy at a general meeting or (2) approved in writing by all shareholders entitled to vote at a general meeting of the company.

DIVIDEND RIGHTS

Subject to the Law and any rights and restrictions of any other class or series of shares, the Board of Directors may from time to time declare dividends on the shares issued and authorize payment of the dividends out of our profit realized or unrealized or out of monies otherwise available for dividends in accordance with the Law. The Board of Directors may declare that any dividend be paid wholly or partly by the distribution of our shares and/or specific assets.

RIGHTS UPON LIQUIDATION

Upon our liquidation, after the payments to be made in accordance with the Law and the full amounts that holders of any issued shares ranking senior to the ordinary shares as to distribution on liquidation or winding up are entitled to receive have been paid or set aside for payment, the holders of the ordinary shares are entitled to receive, PRO RATA, any remaining assets available for distribution to the holders of ordinary shares. The liquidator may deduct from the amount payable in respect of those ordinary shares any liabilities the holder has to or with us. The assets received by the holders of ordinary shares in a liquidation may consist in whole or in part of property. That property is not required to be of the same kind for all shareholders.

STOCK PLANS

Our incentive stock plan, the "1991 Performance Incentive Program," provides for grants of non-qualified or incentive stock options, restricted stock awards, performance shares, performance units and stock appreciation rights ("SARs"). The plan is administered by the Compensation Committee of the Board of Directors. Stock options may be granted with or without SARs. Grant prices are established by the Compensation Committee at the date of grant. Options and SARs have a life of not longer than 10 years and vest as set forth by the Compensation Committee at the time of grant.

10

Restricted stock awards issued under the 1991 Performance Incentive Program plan vest over such period as the Compensation Committee may approve. These shares contained certain restrictions, prior to vesting, relating to, among other things, forfeiture in the event of termination of employment and transferability. Restricted stock issued under the plan totaled 77,472 shares, 113,100 shares and 147,836 shares in 2000, 1999 and 1998, respectively. Restricted stock awards granted by NAC Re Corp. prior to our merger with it amounted to 3,627 shares and 23,700 shares in 1999 and 1998, respectively. Vesting for such shares generally occurs over a six-year period.

We also have stock plans in place for our non-employee directors. All options vest immediately on the grant date. All options granted to non-employee directors are granted under the 1991 Performance Incentive Program. Directors may also make an irrevocable election preceding the beginning of each fiscal year to defer cash compensation that would otherwise be payable as his or her annual retainer in increments of \$5,000 or receive their annual retainer fee currently in the form of shares instead of cash. Any deferred payments will be credited in the form of shares calculated by dividing 110% of the deferred payment by the market value of our stock on the date the fees would otherwise be payable. The shares are distributed in accordance with the terms of the plan. Shares issued under the plan totaled 7,846, nil and 2,737 in 2000, 1999 and

Edgar Filing: XL CAPITAL LTD - Form 424B2

1998, respectively.

A second stock plan, intended to replace the directors' "Retirement Plan for Non-Employee Directors," provides for the issuance of share units determined by dividing the annual retainer by the market price of our ordinary shares on December 1 of each year. These units receive dividends in the form of additional units equal to the cash value divided by the market price on the payment date. Share units totaling 13,237, 1,217 and 5,531 were issued in 2000, 1999 and 1998, respectively.

The majority of the options granted pursuant to our several option plans expire 10 years from the date of grant.

In 1999, we adopted our 1999 Performance Incentive Plan under which 1,250,000 options were available and issued to employees who were not directors or executive officers. Our 1999 Performance Incentive Plan is substantially similar to our 1991 Performance Incentive Program.

SHARE RIGHTS PLAN

Rights to purchase ordinary shares (the "Rights") were distributed as a dividend at the rate of one Right for each ordinary share held of record as of the close of business on October 31, 1998. Each Right entitles holders of ordinary shares to buy one ordinary share at an exercise price of \$350. The Rights would be exercisable, and would detach from the ordinary shares, only if a person or group were to acquire 20% or more of our outstanding ordinary shares, or were to announce a tender or exchange offer that, if consummated, would result in a person or group beneficially owning 20% or more of ordinary shares. Upon a person or group without prior approval of the Board of Directors acquiring 20% or more of ordinary shares, each Right would entitle the holder (other than such an acquiring person or group) to purchase ordinary shares (or, in certain circumstances, ordinary shares of the acquiring person) with a value of twice the Rights exercise price upon payment of the Rights exercise price. We will be entitled to redeem the Rights at \$0.01 per Right at any time until the close of business on the tenth day after the Rights become exercisable. The Rights will expire at the close of business on September 30, 2008, and do not initially have a fair value. We have initially reserved 119,073,878 authorized ordinary shares for issue upon exercise of Rights.

CLASSIFIED BOARD

Our Board of Directors is divided into three classes that are elected for staggered three-year terms. A director may be removed by the shareholders without cause only by special resolution of the total voting power of our issued shares determined in accordance with our Articles of Association.

DESCRIPTION OF XL CAPITAL ORDINARY SHARE WARRANTS

GENERAL

In this section, references to "XL Capital," "we," "our" or "us" refer solely to XL Capital Ltd and not its subsidiaries.

XL Capital may issue ordinary share warrants independently or together with any securities offered by any prospectus supplement and such ordinary share warrants may be attached to or separate from such securities. Each series of ordinary share warrants will be issued under a separate warrant agreement to be entered into between XL Capital and a bank or trust company, as warrant agent,

Edgar Filing: XL CAPITAL LTD - Form 424B2

all as set forth in the applicable prospectus supplement. The warrant agent will act solely as our agent in connection with the certificates representing the ordinary share warrants and will not assume any obligation or relationship of agency or trust for or with any holders of ordinary share warrant certificates or beneficial owners of ordinary share warrants.

The following summaries of certain provisions of the warrant agreement and ordinary share warrant certificate are not complete. You should look at the warrant agreement relating to, and the common stock warrant certificate representing, a series of ordinary share warrants.

The applicable prospectus supplement may also state that any of the terms set forth herein are inapplicable to such series. Ordinary share warrants for the purchase of ordinary shares will be offered and exercisable for U.S. dollars only and will be in registered form only.

TERMS

An applicable prospectus supplement will set forth and describe other specific terms regarding each series of ordinary share warrants offered hereby, including:

- (1) the offering price;
- (2) the number of ordinary shares purchasable upon exercise of each such ordinary share warrant and the price at which such number of ordinary shares may be purchased upon such exercise;
- (3) the date on which the right to exercise such ordinary share warrants shall commence and the date on which such right shall expire; and
- (4) any other terms of such ordinary share warrants.

EXERCISE OF ORDINARY SHARE WARRANTS

Each ordinary share warrant will entitle the holder thereof to purchase such ordinary shares at such exercise price as shall in each case be set forth in, or calculable from, the prospectus supplement relating to the offered ordinary share warrants. After the close of business on the expiration date of each ordinary share warrant or such later date to which such expiration date may be extended by us, unexercised ordinary share warrants will become void.

Ordinary share warrants may be exercised by delivering to the warrant agent payment as provided in the applicable prospectus supplement of the amount required to purchase the ordinary shares purchasable upon such exercise, together with certain information set forth on the reverse side of the ordinary share warrant certificate. Upon receipt of such payment and the ordinary share warrant certificate properly completed and duly executed at the corporate trust office of the warrant agent or any other office indicated in the applicable prospectus supplement, we will, as soon as practicable, issue and deliver the ordinary shares purchasable upon such exercise. If fewer than all of the ordinary share warrants represented by

such ordinary share certificate are exercised, a new ordinary share warrant certificate will be issued for the remaining amount of ordinary share warrants.

AMENDMENTS AND SUPPLEMENTS TO WARRANT AGREEMENT

Edgar Filing: XL CAPITAL LTD - Form 424B2

The warrant agreement for a series of ordinary share warrants may be amended or supplemented without the consent of the holders of the ordinary share warrants issued thereunder to effect changes that are not inconsistent with the provisions of the ordinary share warrants and that do not adversely affect the interests of the holders of the ordinary share warrants.

ORDINARY SHARE WARRANT ADJUSTMENTS

Unless otherwise indicated in the applicable prospectus supplement, the exercise price of, and the number of ordinary shares covered by, an ordinary share warrant are subject to adjustment in certain events, including:

- (1) the issuance of ordinary shares as a dividend or distribution on the ordinary shares;
- (2) certain subdivisions and combinations of the ordinary shares;
- (3) the issuance to all holders of ordinary shares of certain rights or warrants entitling them to subscribe for or purchase ordinary shares, at less than the current market value, as defined in the applicable warrant agreement for such series of ordinary share warrants; and
- (4) the distribution to all holders of ordinary shares of certain evidences of our indebtedness or assets, other than certain cash dividends and distributions described below.

No adjustment in the exercise price of, and the number of ordinary shares covered by, an ordinary share warrant will be made for regular quarterly or other periodic or recurring cash dividends or distributions or for cash dividends or distributions to the extent paid from retained earnings. No adjustment will be required unless such adjustment would require a change of at least one percent in the exercise price and exercise rate then in effect; PROVIDED, HOWEVER, that any such adjustment not so made will be carried forward and taken into account in any subsequent adjustment; PROVIDED, FURTHER, that any such adjustment not so made shall be made no later than three years after the occurrence of the event requiring such adjustment to be made or carried forward. Except as stated above, the exercise price of, and the number of ordinary shares covered by, an ordinary share warrant will not be adjusted for the issuance of ordinary shares or any securities convertible into or exchangeable for ordinary shares, or securities carrying the right to purchase any of the foregoing.

In the case of:

- (1) a reclassification or change of the ordinary shares;
- (2) certain consolidation or merger events involving us; or
- (3) a sale or conveyance to another corporation of our property and assets as an entirety or substantially as an entirety,

in each case as a result of which holders of our ordinary shares shall be entitled to receive stock, securities, other property or assets (including cash) with respect to or in exchange for such ordinary shares, the holders of the ordinary share warrants then outstanding will be entitled thereafter to convert such ordinary share warrants into the kind and amount of ordinary shares and other securities or property which they would have received upon such reclassification, change, consolidation, merger, sale or conveyance had such ordinary share warrants been exercised immediately prior to such reclassification, change, consolidation, merger, sale or conveyance.

DESCRIPTION OF XL CAPITAL ORDINARY SHARE PURCHASE
CONTRACTS AND ORDINARY SHARE PURCHASE UNITS

XL Capital may issue share purchase contracts, representing contracts obligating holders to purchase from XL Capital, and obligating XL Capital to sell to the holders, a specified number of ordinary shares at a future date or dates. The price per ordinary share may be fixed at the time the share purchase contracts are issued or may be determined by reference to a specific formula set forth in the share purchase contracts. The share purchase contracts may be issued separately or as a part of share purchase units consisting of a share purchase contract and, as security for the holder's obligations to purchase the ordinary shares under the share purchase contracts, either (1) senior debt securities of XL Capital Finance (Europe) plc, fully and unconditionally guaranteed by us, (2) debt obligations of third parties, including U.S. Treasury securities, or (3) preferred securities of an XL Capital Trust. The share purchase contracts may require us to make periodic payments to the holders of the share purchase units or vice versa, and such payments may be unsecured or prefunded on some basis. The share purchase contracts may require holders to secure their obligations in a specified manner and in certain circumstances we may delivery newly issued prepaid share purchase contracts upon release to a holder of any collateral securing such holder's obligations under the original share purchase contract.

The applicable prospectus supplement will describe the terms of any share purchase contracts or share purchase units and, if applicable, prepaid share purchase contracts. The description in the prospectus supplement will not purport to be complete and will be qualified in its entirety by reference to (1) the share purchase contracts, (2) the collateral arrangements and depository arrangements, if applicable, relating to such share purchase contracts or share purchase units and (3) if applicable, the prepaid share purchase contracts and the document pursuant to which such prepaid share purchase contracts will be issued.

In this section, references to "XL Capital," "we," "our" or "us" refer solely to XL Capital Ltd and not its subsidiaries.

XL Capital may issue debt securities from time to time in one or more series, under one or more indentures, each dated as of a date on or prior to the issuance of the debt securities to which it relates. Senior debt securities and subordinated debt securities may be issued pursuant to separate indentures, a senior indenture and a subordinated indenture, respectively, in each case between us and a trustee qualified under the Trust Indenture Act. The form of such indentures have been filed as an exhibit to the registration statement of which this prospectus is a part, subject to such amendments or supplements as may be adopted from time to time. Edgar Filing: XL CAPITAL LTD - Form 424B2

RANKING OF DEBT SECURITIES

GENERAL

We currently conduct substantially all of our operations through our subsidiaries and our subsidiaries generate substantially all of our operating income and cash flow. As a result, distributions and advances from our subsidiaries are the principal source of funds necessary to meet our debt service obligations. Contractual provisions or laws, as well as our subsidiaries' financial condition and operating and regulatory requirements, may limit our ability to obtain cash from our subsidiaries that we require to pay our debt service obligations. For a description of certain regulatory restrictions on the payment of dividends by our subsidiaries, see Note 18 of the Notes to Consolidated Financial Statements of XL Capital incorporated by reference to our Form 10K for the year ended December 31, 2000. In addition, holders of the debt securities will have a junior position to the claims of creditors of our subsidiaries on their assets and earnings.

SENIOR DEBT SECURITIES

The senior debt securities will be our unsecured unsubordinated obligations and will:

- o rank equal in right of payment with all our other unsecured and unsubordinated indebtedness;
- o be effectively subordinated in right of payment to all our secured indebtedness to the extent of the value of the assets securing such indebtedness; and
- o be effectively subordinated to all of our subsidiaries' indebtedness and all mandatorily redeemable preferred stock of our subsidiaries.

Except as otherwise set forth in the applicable senior indenture or specified in an authorizing resolution and/or supplemental indenture, if any, relating to a series of senior debt securities to be issued, there will be no limitations in any senior indenture on the amount of additional indebtedness which may rank equal with the senior debt securities or on the amount of indebtedness, secured or otherwise, which may be incurred or preferred stock which may be issued by any of our subsidiaries.

SUBORDINATED DEBT SECURITIES

The subordinated debt securities will be our unsecured subordinated obligations. Unless otherwise provided in the applicable prospectus supplement, the payment of principal of, interest on and all other amounts owing in respect of the subordinated debt securities will be subordinated in right of payment to the prior payment in full in cash of principal of, interest on and all other amounts owing in respect of all of our senior indebtedness. Upon any payment or distribution of our assets of any kind or character, whether in cash, property or securities, to creditors upon any total or partial liquidation, dissolution, winding up, reorganization, assignment for the benefit of creditors or marshaling of our assets or in a bankruptcy, reorganization, insolvency, receivership or other similar proceeding relating to us or our property, whether voluntary or involuntary, all principal of, interest on and all other amounts due or to become due shall be paid, first, to all senior indebtedness in full in cash, or such payment duly provided for to the satisfaction of the holders of senior indebtedness, before any payment or distribution of any kind or character is made on account of any principal of, interest on or other amounts owing in respect of the subordinated debt securities, or for the acquisition of any of the subordinated debt securities for cash, property or otherwise.

Edgar Filing: XL CAPITAL LTD - Form 424B2

If any default occurs and is continuing in the payment when due, whether at maturity, upon any redemption, by declaration or otherwise, of any principal of, interest on, unpaid drawings for letters of credit issued in respect of, or regularly accruing fees with respect to, any senior indebtedness, no payment of any kind or character shall be made by or on behalf of us or any other person on our or their behalf with respect to any principal of, interest on or other amounts owing in respect of the subordinated debt securities or to acquire any of the subordinated debt securities for cash, property or otherwise.

19

If any other event of default occurs and is continuing with respect to any senior indebtedness, as such event of default is defined in the instrument creating or evidencing such senior indebtedness, permitting the holders of such senior indebtedness then outstanding to accelerate the maturity thereof and if the representative (as defined in the applicable indenture) for the respective issue of senior indebtedness gives written notice of the event of default to the trustee (a "default notice"), then, unless and until all events of default have been cured or waived or have ceased to exist or the trustee receives notice from the representative for the respective issue of senior indebtedness terminating the blockage period (as defined below), during the 179 days after the delivery of such default notice (the "blockage period"), neither we nor any other person on its behalf shall:

- (1) make any payment of any kind or character with respect to any principal of, interest on or other amounts owing in respect of the subordinated debt securities; or
- (2) acquire any of the subordinated debt securities for cash, property or otherwise.

Notwithstanding anything herein to the contrary, in no event will a blockage period extend beyond 179 days from the date the payment on the subordinated debt securities was due and only one such blockage period may be commenced within any 360 consecutive days. No event of default which existed or was continuing on the date of the commencement of any blockage period with respect to the senior indebtedness shall be, or be made, the basis for commencement of a second blockage period by the representative of such senior indebtedness whether or not within a period of 360 consecutive days unless such event of default shall have been cured or waived for a period of not less than 90 consecutive days (it being acknowledged that any subsequent action, or any breach of any financial covenants for a period commencing after the date of commencement of such blockage period that, in either case, would give rise to an event of default pursuant to any provisions under which an event of default previously existed or was continuing shall constitute a new event of default for this purpose).

The subordinated indentures will not restrict the amount of our or our subsidiaries' senior indebtedness or other indebtedness. As a result of the foregoing provisions, in the event of our insolvency, holders of the subordinated debt securities may recover ratably less than our general creditors.

"senior indebtedness," unless otherwise specified in one or more applicable supplemental indentures or approved pursuant to a board resolution in accordance with the applicable indenture, means, with respect to us,

- (1) the principal (including redemption payments), premium, if any,

Edgar Filing: XL CAPITAL LTD - Form 424B2

interest and other payment obligations in respect of (A) our indebtedness for money borrowed and (B) our indebtedness evidenced by securities, debentures, bonds, notes or other similar instruments issued by us, including any such securities issued under any deed, indenture or other instrument to which we are a party (including, for the avoidance of doubt, indentures pursuant to which senior debt securities have been or may be issued);

- (2) all of our capital lease obligations;
- (3) all of our obligations issued or assumed as the deferred purchase price of property, all of our conditional sale obligations, all of our hedging agreements and agreements of a similar nature thereto and all agreements relating to any such agreements, and all of our obligations under any title retention agreement (but excluding trade accounts payable arising in the ordinary course of business);
- (4) all of our obligations for reimbursement on any letter of credit, banker's acceptance, security purchase facility or similar credit transaction;

20

- (5) all obligations of the type referred to in clauses (1) through (4) above of other persons for the payment of which we are responsible or liable as obligor, guarantor or otherwise;
- (6) all obligations of the type referred to in clauses (1) through (5) above of other persons secured by any lien on any of our property or asset (whether or not such obligation is assumed by us) and
- (7) any deferrals, amendments, renewals, extensions, modifications and refundings of all obligations of the type referred to in clauses (1) through (6) above, in each case whether or not contingent and whether outstanding at the date of effectiveness of the applicable indenture or thereafter incurred,

EXCEPT, in each case, for the subordinated debt securities and any such other indebtedness or deferral, amendment, renewal, extension, modification or refunding that contains express terms, or is issued under a deed, indenture or other instrument, which contains express terms, providing that it is subordinate to or ranks equal with the subordinated debt securities.

Such senior indebtedness shall continue to be senior indebtedness and be entitled to the benefits of the subordination provisions of the applicable indenture irrespective of any amendment, modification or waiver of any term of such senior indebtedness and notwithstanding that no express written subordination agreement may have been entered into between the holders of such senior indebtedness and the trustee or any of the holders.

DISCHARGE

Under the terms of the indenture, we will be discharged from any and all obligations in respect of the debt securities of any series and the applicable indenture (except in each case for certain obligations to register the transfer or exchange of debt securities, replace stolen, lost or mutilated debt securities, maintain paying agencies and hold moneys for payment in trust) if we deposit with the applicable trustee, in trust, moneys or U.S. government obligations in an amount sufficient to pay all the principal of, and interest

on, the debt securities of such series on the dates such payments are due in accordance with the terms of such debt securities.

In addition, unless the applicable prospectus supplement and supplemental indenture provide otherwise, we may elect either (1) to defease and be discharged from any and all obligations with respect to such debt securities ("defeasance") or (2) to be released from our obligations with respect to such debt securities under certain covenants in the applicable indenture, and any omission to comply with such obligations will not constitute a default or an event of default with respect to such debt securities ("covenant defeasance"):

- (1) by delivering all outstanding debt securities of such series to the trustee for cancellation and paying all sums payable by it under such debt securities and the indenture with respect to such series; or
- (2) after giving notice to the trustee of our intention to defease all of the debt securities of such series, by irrevocably depositing with the trustee or a paying agent
 - (a) in the case of any debt securities of any series denominated in U.S. dollars, cash or U.S. government obligations sufficient to pay all principal of and interest on such debt securities; and
 - (b) in the case of any debt securities of any series denominated in any currency other than U.S. dollars, an amount of the applicable currency in which the debt securities are denominated sufficient to pay all principal of and interest on such debt securities.

21

Such a trust may only be established if, among other things:

- (1) the applicable defeasance or covenant defeasance does not result in a breach or violation of, or constitute a default under or any material agreement or instrument to which we are a party or by which we are bound;
- (2) no event of default or event which with notice or lapse of time or both would become an event of default with respect to the debt securities to be defeased will have occurred and be continuing on the date of establishment of such a trust after giving effect to such establishment and, with respect to defeasance only, no bankruptcy proceeding with respect to us will have occurred and be continuing at any time during the period ending on the 91st day after such date; and
- (3) we have delivered to the trustee an opinion of counsel (as specified in the applicable supplemental indenture) to the effect that the holders will not recognize income, gain or loss for United States federal income tax purposes as a result of such defeasance or covenant defeasance and will be subject to United States federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such defeasance or covenant defeasance had not occurred, and such opinion of counsel, in the case of defeasance, must refer to and be based upon a letter ruling of the Internal Revenue Service received by us, a Revenue Ruling published by the Internal Revenue Service or a change in applicable United States federal income tax law occurring after the date of the

Edgar Filing: XL CAPITAL LTD - Form 424B2

applicable supplemental indenture.

In the event we effect covenant defeasance with respect to any debt securities and such debt securities are declared due and payable because of the occurrence of any event of default, other than an event of default with respect to any covenant as to which there has been covenant defeasance, the government obligations on deposit with the trustee will be sufficient to pay amounts due on such debt securities at the time of the stated maturity but may not be sufficient to pay amounts due on such debt securities at the time of the acceleration resulting from such event of default.

MODIFICATION AND WAIVER

We, when authorized by a board resolution, and the trustee may modify, amend and/or supplement the applicable indenture and the applicable debt securities with the consent of the holders of not less than a majority in principal amount of the outstanding debt securities of all series affected thereby (voting as a single class); PROVIDED, HOWEVER, that such modification, amendment or supplement may not, without the consent of each holder of the debt securities affected thereby:

- (1) change the stated maturity of the principal of or any installment of interest with respect to the debt securities;
 - (2) reduce the principal amount of, or the rate of interest on, the debt securities;
 - (3) change the currency of payment of principal of or interest on the debt securities;
 - (4) change the redemption provisions, if any, of any debt securities in any manner adverse to the holders of such series of debt securities;
 - (5) impair the right to institute suit for the enforcement of any payment on or with respect to the debt securities;
 - (6) reduce the above-stated percentage of holders of the debt securities of any series necessary to modify or amend the indenture relating to such series;
- 22
- (7) modify the foregoing requirements or reduce the percentage of outstanding debt securities necessary to waive any covenant or past default;
 - (8) in the case of any subordinated indenture, modify the subordination provisions thereof in a manner adverse to the holders of subordinated debt securities of any series then outstanding; or
 - (9) in the case of any convertible debt securities, adversely affect the right to convert the debt securities into ordinary shares or preference ordinary shares in accordance with the provisions of the applicable indenture.

Holders of not less than a majority in principal amount of the outstanding debt securities of all series affected thereby (voting as a single class) may waive certain past defaults and may waive compliance by us with any provision of

Edgar Filing: XL CAPITAL LTD - Form 424B2

the indenture relating to such debt securities (subject to the immediately preceding sentence); PROVIDED, HOWEVER, that:

- (1) without the consent of each holder of debt securities affected thereby, no waiver may be made of a default in the payment of the principal of or interest on any debt security; and
- (2) only the holders of a majority in principal amount of debt securities of a particular series may waive compliance with a provision of the indenture relating to such series or the debt securities of such series having applicability solely to such series.

We, when authorized by a board resolution, and the trustee may amend or supplement the indentures or waive any provision of such indentures and the debt securities without the consent of any holders of debt securities in some circumstance, including:

- o to cure any ambiguity, omission, defect or inconsistency;
- o to make any change that does not, in the good faith opinion of our board of directors and the trustee, adversely affect the interests of holders of such debt securities in any material respect;
- o to provide for the assumption of our obligations under the applicable indenture by a successor upon any merger, consolidation or asset transfer permitted under the applicable indenture;
- o to provide any security for or guarantees of such debt securities;
- o to add events of default with respect to such debt securities;
- o to add covenants that would benefit the holders of such debt securities or to surrender any rights or powers we have under the applicable indenture;
- o to make any change necessary for the registration of the debt securities under the Securities Act or to comply with the Trust Indenture Act of 1939, or any amendment thereto, or to comply with any requirement of the SEC in connection with the qualification of the applicable indenture under the Trust Indenture Act of 1939; PROVIDED, HOWEVER, that such modification or amendment does not, in the good faith opinion of our board of directors and the trustee, adversely affect the interests of the holders of such debt securities in any material respect;
- o to provide for uncertificated debt securities in addition to or in place of certificated debt securities or to provide for bearer debt securities;
- o to add to or change any of the provisions of the applicable indenture to such extent as shall be necessary to permit or facilitate the issuance of the debt securities in bearer form, registrable or not registrable as to principal, and with or without interest coupons;
- o to change or eliminate any of the provisions of the applicable indenture, PROVIDED, HOWEVER, that any such change or elimination

Edgar Filing: XL CAPITAL LTD - Form 424B2

shall become effective only when there is no debt security outstanding of any series created prior to the execution of such supplemental indenture which is entitled to the benefit of such provision;

- o to establish the form or terms of debt securities of any series as permitted by the applicable indenture; or
- o to evidence and provide for the acceptance of appointment by a successor trustee with respect to the debt securities of one or more series and to add to or change any of the provisions of the applicable indenture as shall be necessary to provide for or facilitate the administration of the trusts under the applicable indenture by more than one trustee, pursuant to the requirements of the applicable indenture.

EVENTS OF DEFAULT AND NOTICE THEREOF

The following events are "events of default" with respect to any series of debt securities issued thereunder:

- (1) failure to pay interest on any debt securities of such series within 60 days of when due or principal of any debt securities of such series when due (including any sinking fund installment);
- (2) failure to perform any other agreement contained in the debt securities of such series or the indenture relating to such series (other than an agreement relating solely to another series of debt securities) for 60 days after notice; and
- (3) certain events of bankruptcy, insolvency or reorganization with respect to us.

Additional or different events of default, if any, applicable to the series of debt securities in respect of which this prospectus is being delivered will be specified in the applicable prospectus supplement.

The trustee under such indenture shall, within 90 days after the occurrence of any default (the term "default" to include the events specified above without grace or notice) with respect to any series of debt securities actually known to it, give to the holders of such debt securities notice of such default; PROVIDED, HOWEVER, that, except in the case of a default in the payment of principal of or interest on any of the debt securities of such series or in the payment of a sinking fund installment, the trustee for such series shall be protected in withholding such notice if it in good faith determines that the withholding of such notice is in the interest of the holders of such debt securities; and PROVIDED, FURTHER, that in the case of any default of the character specified in clause (2) above with respect to debt securities of such series, no such notice to holders of such debt securities will be given until at least 30 days after the occurrence thereof. We shall certify to the trustee quarterly as to whether any default exists.

In the case of an event of default, other than an event of default resulting from bankruptcy, insolvency or reorganization, with respect to any series of debt securities shall occur and be continuing, the trustee for such series or the holders of at least 25% in aggregate principal amount of the debt securities of such series then outstanding, by notice in writing to us (and to the trustee for such series if given by the holders of the debt securities of such series), will be entitled to declare all unpaid principal of and accrued interest on such debt securities then outstanding to be due and payable immediately.

Edgar Filing: XL CAPITAL LTD - Form 424B2

In the case of an event of default resulting from certain events of bankruptcy, insolvency or reorganization, all unpaid principal of and accrued interest on all debt securities of such series then outstanding shall be due and payable immediately without any declaration or other act on the part of the trustee for such series or the holders of any debt securities of such series.

24

Such acceleration may be annulled and past defaults (except, unless theretofore cured, a default in payment of principal of or interest on the debt securities of such series) may be waived by the holders of a majority in principal amount of the debt securities of such series then outstanding upon the conditions provided in the applicable indenture.

No holder of the debt securities of any series issued thereunder may pursue any remedy under such indenture unless the trustee for such series shall have failed to act after, among other things, notice of an event of default and request by holders of at least 25% in principal amount of the debt securities of such series of which the event of default has occurred and the offer to the trustee for such series of indemnity satisfactory to it; PROVIDED, HOWEVER, that such provision does not affect the right to sue for enforcement of any overdue payment on such debt securities.

CONVERSION AND EXCHANGE RIGHTS

The terms and conditions, if any, upon which the debt securities of any series will be convertible into ordinary shares or preference ordinary shares or upon which the senior debt securities of any series will be exchangeable into another series of debt securities will be set forth in the prospectus supplement relating thereto. Such terms will include the conversion or exchange price (or manner of calculation thereof), the conversion or exchange period, provisions as to whether conversion or exchange will be at the option of the holders of such series of debt securities or at our option or automatic, the events requiring an adjustment of the conversion or exchange price and provisions affecting conversion or exchange in the event of the redemption of such series of debt securities.

THE TRUSTEE

The trustee for each series of debt securities will be State Street Bank and Trust Company. Each indenture will contain certain limitations on a right of the trustee, as our creditor, to obtain payment of claims in certain cases, or to realize on certain property received in respect of any such claim as security or otherwise. The trustee will be permitted to engage in other transactions; PROVIDED, HOWEVER, that if it acquires any conflicting interest, it must eliminate such conflict or resign.

The holders of a majority in principal amount of all outstanding debt securities of a series (or if more than one series is affected thereby, of all series so affected, voting as a single class) will have the right to direct the time, method and place of conducting any proceeding for exercising any remedy or power available to the trustee for such series or all such series so affected.

In case an event of default shall occur (and shall not be cured) under any indenture relating to a series of debt securities and is actually known to a responsible officer of the trustee for such series, such trustee shall exercise such of the rights and powers vested in it by such indenture and use the same degree of care and skill in its exercise as a prudent person would exercise or use under the circumstances in the conduct of his own affairs. Subject to such provisions, the trustee will not be under any obligation to exercise any of its

Edgar Filing: XL CAPITAL LTD - Form 424B2

rights or powers under the applicable indenture at the request of any of the holders of debt securities unless they shall have offered to the trustee security and indemnity satisfactory to it.

GOVERNING LAW

The indentures and the debt securities will be governed by the laws of the State of New York.

GLOBAL SECURITIES; BOOK-ENTRY SYSTEM

We may issue the debt securities of any series in whole or in part in the form of one or more global securities to be deposited with, or on behalf of, a depository (the "depository") identified in the prospectus supplement relating to such series. Global securities, if any, issued in the United States are expected to be deposited with The Depository Trust Company ("DTC"), as depository. Global securities will be issued in fully registered form and may be issued in either temporary or permanent form. Unless and until it is exchanged in whole or in part for the individual debt securities represented thereby, a global security may not be trans-

25

ferred except as a whole by the depository for such global security to a nominee of such depository or by a nominee of such depository to such depository or another nominee of such depository or by such depository or any nominee of such depository to a successor depository or any nominee of such successor.

The specific terms of the depository arrangement with respect to any series of debt securities will be described in the prospectus supplement relating to such series. We expect that unless otherwise indicated in the applicable prospectus supplement, the following provisions will apply to depository arrangements.

Upon the issuance of a global security, the depository for such global security or its nominee will credit on its book-entry registration and transfer system the respective principal amounts of the individual debt securities represented by such global security to the accounts of persons that have accounts with such depository ("participants"). Such accounts will be designated by the underwriters, dealers or agents with respect to such debt securities or by us if such debt securities are offered directly by us. Ownership of beneficial interests in such global security will be limited to participants or persons that may hold interests through participants.

We expect that, pursuant to procedures established by DTC, ownership of beneficial interests in any global security with respect to which DTC is the depository will be shown on, and the transfer of that ownership will be effected only through, records maintained by DTC or its nominee (with respect to beneficial interests of participants) and records of participants (with respect to beneficial interests of persons who hold through participants). Neither we nor the trustee will have any responsibility or liability for any aspect of the records of DTC or for maintaining, supervising or reviewing any records of DTC or any of its participants relating to beneficial ownership interests in the debt securities. The laws of some states require that certain purchasers of securities take physical delivery of such securities in definitive form. Such limits and laws may impair the ability to own, pledge or transfer beneficial interest in a global security.

So long as the depository for a global security or its nominee is the registered owner of such global security, such depository or such nominee, as

the case may be, will be considered the sole owner or holder of the debt securities represented by such global security for all purposes under the applicable indenture. Except as described below or in the applicable prospectus supplement, owners of beneficial interest in a global security will not be entitled to have any of the individual debt securities represented by such global security registered in their names, will not receive or be entitled to receive physical delivery of any such debt securities in definitive form and will not be considered the owners or holders thereof under the applicable indenture. Beneficial owners of debt securities evidenced by a global security will not be considered the owners or holders thereof under the applicable indenture for any purpose, including with respect to the giving of any direction, instructions or approvals to the trustee thereunder. Accordingly, each person owning a beneficial interest in a global security with respect to which DTC is the depository must rely on the procedures of DTC and, if such person is not a participant, on the procedures of the participant through which such person owns its interests, to exercise any rights of a holder under the applicable indenture. We understand that, under existing industry practice, if it requests any action of holders or if an owner of a beneficial interest in a global security desires to give or take any action which a holder is entitled to give or take under the applicable indenture, DTC would authorize the participants holding the relevant beneficial interest to give or take such action, and such participants would authorize beneficial owners through such participants to give or take such actions or would otherwise act upon the instructions of beneficial owners holding through them.

Payments of principal of, and any interest on, individual debt securities represented by a global security registered in the name of a depository or its nominee will be made to or at the direction of the depository or its nominee, as the case may be, as the registered owner of the global security under the applicable indenture. Under the terms of the applicable indenture, we and the trustee may treat the persons in whose name debt securities, including a global security, are registered as the owners thereof for the purpose of receiving such payments. Consequently, neither we nor the trustee has or will have any responsibility or liability for the payment of such amounts to beneficial owners of debt securities (including principal and interest). We believe, however, that it is currently the policy of DTC to immediately credit the accounts of

26

relevant participants with such payments, in amounts proportionate to their respective holdings of beneficial interests in the relevant global security as shown on the records of DTC or its nominee. We also expect that payments by participants to owners of beneficial interests in such global security held through such participants will be governed by standing instructions and customary practices, as is the case with securities held for the account of customers in bearer form or registered in street name, and will be the responsibility of such participants. Redemption notices with respect to any debt securities represented by a global security will be sent to the depository or its nominee. If less than all of the debt securities of any series are to be redeemed, we expect the depository to determine the amount of the interest of each participant in such debt securities to be redeemed to be determined by lot. None of us, the trustee, any paying agent or the registrar for such debt securities will have any responsibility or liability for any aspect of the records relating to or payments made on account of beneficial ownership interests in the global security for such debt securities or for maintaining any records with respect thereto.

Neither we nor the trustee will be liable for any delay by the holders of a global security or the depository in identifying the beneficial owners of debt securities and we and the trustee may conclusively rely on, and will be

Edgar Filing: XL CAPITAL LTD - Form 424B2

protected in relying on, instructions from the holder of a global security or the depository for all purposes. The rules applicable to DTC and its participants are on file with the SEC.

If a depository for any debt securities is at any time unwilling, unable or ineligible to continue as depository and a successor depository is not appointed by us within 90 days, we will issue individual debt securities in exchange for the global security representing such debt securities. In addition, we may at any time and in our sole discretion, subject to any limitations described in the prospectus supplement relating to such debt securities, determine not to have any of such debt securities represented by one or more global securities and in such event we will issue individual debt securities in exchange for the global security or securities representing such debt securities. Individual debt securities so issued will be issued in denominations of \$1,000 and integral multiples thereof.

All moneys paid by us to a paying agent or a trustee for the payment of the principal of or interest on any debt security which remain unclaimed at the end of two years after such payment has become due and payable will be repaid to us, and the holder of such debt security thereafter may look only to us for payment thereof.

XL Capital currently conducts substantially all of its operations through its subsidiaries and its subsidiaries generate substantially all of its operating income and cash flow. As a result, distributions and advances from its subsidiaries are the principal source of funds necessary to meet its debt service obligations (including the guarantees of the senior debt securities). Contractual provisions or laws, as well as its subsidiaries' financial condition and operating and regulatory requirements, may limit its ability to obtain cash from its subsidiaries that it requires to pay its debt service obligations. For a description of certain regulatory restrictions on the payment of dividends by its subsidiaries, see Note 18 of the Notes to Consolidated Financial Statements of XL Capital incorporated by reference to its Form 10K for the year ended December 31, 2000. In addition, holders of the senior debt securities will have a junior position to the claims of creditors of XL Capital's subsidiaries on their assets and earnings.

Except as otherwise set forth in the applicable senior indenture or specified in an authorizing resolution and/or supplemental indenture, if any, relating to a series of senior debt securities to be issued, there will be no limitations in any senior indenture on the amount of additional indebtedness which may rank equal with the senior debt securities or on the amount of indebtedness, secured or otherwise, which may be incurred or preferred stock which may be issued by any of XL Finance's subsidiaries.

DISCHARGE AND DEFEASANCE

Under the terms of the applicable senior indenture, XL Finance will be discharged from any and all obligations in respect of the senior debt securities of any series and XL Capital will be discharged from any and all obligations in respect of the guarantees of the senior debt securities (except in each case for certain obligations to register the transfer or exchange of senior debt securities, replace stolen, lost or mutilated senior debt securities, maintain paying agencies and hold moneys for payment in trust) if:

- (1) XL Finance delivers all outstanding debt securities of such series to the trustee for cancellation and pays all sums payable by it under such senior debt securities and the indenture with respect to such series; or
- (2) such senior debt securities either have become due and payable or will become due and payable within one year (or scheduled for redemption within one year) and XL Finance or XL Capital deposits with the senior debt securities trustee, in trust

31

- (a) in the case of any senior debt securities of any series denominated in U.S. dollars, cash or U.S. government obligations sufficient to pay all principal of and interest and premium, if any, on such senior debt securities; and
- (b) in the case of any senior debt securities of any series denominated in any currency other than U.S. dollars, an amount of the applicable currency in which the senior debt securities are denominated sufficient to pay all principal of and interest and premium, if any, on such senior debt securities.

In addition, unless the prospectus supplement and supplemental indenture provide

Edgar Filing: XL CAPITAL LTD - Form 424B2

otherwise, we and XL Capital may elect either (1) to defease and be discharged from any and all obligations with respect to such senior debt securities and the guarantee by XL Capital ("defeasance") or (2) to be released from our and its obligations with respect to such senior debt securities under certain covenants, and any omission to comply with such obligations will not constitute a default or an event of default with respect to such senior debt securities ("covenant defeasance") after giving notice to the trustee of our intention to defease certain covenants or all of the senior debt securities of such series, by irrevocably depositing with the trustee or a paying agent:

- (1) in the case of any senior debt securities of any series denominated in U.S. dollars, cash or U.S. government obligations sufficient to pay all principal of and interest and premium, if any, on such senior debt securities; and
- (2) in the case of any senior debt securities of any series denominated in any currency other than U.S. dollars, an amount of the applicable currency in which the senior debt securities are denominated sufficient to pay all principal of and interest and premium, if any, on such senior debt securities.

Such a trust may only be established if, among other things:

- (1) the applicable defeasance or covenant defeasance does not result in a breach or violation of, or constitute a default under any material agreement or instrument to which we or XL Capital, as the case may be, is a party or by which we or XL Capital is bound;
- (2) no event of default or event which with notice or lapse of time or both would become an event of default with respect to the senior debt securities to be defeased will have occurred and be continuing on the date of establishment of such a trust after giving effect to such establishment and, with respect to defeasance only, no bankruptcy proceeding with respect to us or XL Capital will have occurred and be continuing at any time during the period ending on the 91st day after such date; and
- (3) we and XL Capital have delivered to the trustee an opinion of counsel (as specified in the applicable supplemental indenture) to the effect that the holders will not recognize income, gain or loss for United States federal income tax purposes as a result of such defeasance or covenant defeasance and will be subject to United States federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such defeasance or covenant defeasance had not occurred, and such opinion of counsel, in the case of defeasance, must refer to and be based upon a letter ruling of the Internal Revenue Service received by us and XL Capital, a Revenue Ruling published by the Internal Revenue Service or a change in applicable United States federal income tax law occurring after the date of the applicable supplemental indenture.

In the event we or XL Capital effect covenant defeasance with respect to any senior debt securities and such senior debt securities are declared due and payable because of the occurrence of any event of default, other than an event of default with respect to any covenant as to which there has been covenant defeasance, the government obligations on deposit with the trustee will be sufficient to pay amounts due on such senior debt securities at the time of the stated maturity but may not be sufficient to pay amounts due on such senior debt securities at the time of the acceleration resulting from such event of default.

- o to evidence and provide for the acceptance of appointment by a successor trustee with respect to the senior debt securities of one or more series and to add to or change any of the provisions of the applicable indenture as shall be necessary to provide for or facilitate the administration of the trusts under the applicable indenture by more than one trustee, pursuant to the requirements of the applicable indenture.

34

EVENTS OF DEFAULT AND NOTICE THEREOF

The following events are "events of default" with respect to any series of senior debt securities issued thereunder:

- (1) failure to pay interest on any senior debt securities of such series within 60 days of when due or principal of any senior debt securities of such series when due (including any sinking fund installment);
- (2) failure by us or XL Capital to perform any other covenant or agreement contained in the senior debt securities of such series or the indenture or guarantees relating to such series (other than an agreement relating solely to another series of senior debt securities) for 60 days after notice;
- (3) certain events of bankruptcy, insolvency or reorganization with respect to us or XL Capital; and
- (4) the guarantees related to such series of senior debt securities cease to be in full force and effect or are declared to be null and void and unenforceable or are found to be invalid, in each case by a court of competent jurisdiction in a final non-appealable judgment, or XL Capital denies its liability under such guarantees (other than by reason of release of XL Capital in accordance with the terms of the applicable indenture).

Additional or different events of default, if any, applicable to the series of senior debt securities in respect of which this prospectus is being delivered will be specified in the applicable prospectus supplement.

The trustee under such indenture shall, within 90 days after the

Edgar Filing: XL CAPITAL LTD - Form 424B2

occurrence of any default (the term "default" to include the events specified above without grace or notice) with respect to any series of senior debt securities actually known to it, give to the holders of such senior debt securities notice of such default; PROVIDED, HOWEVER, that, except in the case of a default in the payment of principal of or interest on any of the senior debt securities of such series or in the payment of a sinking fund installment, the trustee for such series shall be protected in withholding such notice if it in good faith determines that the withholding of such notice is in the interest of the holders of such senior debt securities; and PROVIDED, FURTHER, that in the case of any default of the character specified in clause (2) above with respect to senior debt securities of such series, no such notice to holders of such senior debt securities will be given until at least 30 days after the occurrence thereof. We shall certify to the trustee within 120 days after the end of each fiscal year as to whether any default exists.

In the case of an event of default, other than an event of default resulting from bankruptcy, insolvency or reorganization, with respect to any series of senior debt securities shall occur and be continuing, the trustee for such series or the holders of at least 25% in aggregate principal amount of the senior debt securities of such series then outstanding, by notice in writing to us (and to the trustee for such series if given by the holders of the senior debt securities of such series), will be entitled to declare all unpaid principal of and accrued interest on such senior debt securities then outstanding to be due and payable immediately.

In the case of an event of default resulting from certain events of bankruptcy, insolvency or reorganization, all unpaid principal of and accrued interest on all senior debt securities of such series then outstanding shall be due and payable immediately without any declaration or other act on the part of the trustee for such series or the holders of any senior debt securities of such series.

Such acceleration may be annulled and past defaults (except, unless theretofore cured, a default in payment of principal of or interest on the senior debt securities of such series) may be waived by the holders of a majority in principal amount of the senior debt securities of such series then outstanding upon the conditions provided in the applicable indenture.

35

No holder of the senior debt securities of any series issued thereunder may pursue any remedy under such indenture unless the trustee for such series shall have failed to act after, among other things, notice of an event of default and request by holders of at least 25% in principal amount of the senior debt securities of such series of which the event of default has occurred and the offer to the trustee for such series of indemnity satisfactory to it; PROVIDED, HOWEVER, that such provision does not affect the right to sue for enforcement of any overdue payment on such senior debt securities.

CONVERSION AND EXCHANGE RIGHTS

The terms and conditions, if any, upon which the senior debt securities of any series will be convertible into XL Capital's ordinary shares or preference ordinary shares or upon which the senior debt securities of any series will be exchangeable into another series of debt securities will be set forth in the prospectus supplement relating thereto. Such terms will include the conversion or exchange price (or manner of calculation thereof), the conversion or exchange period, provisions as to whether conversion or exchange will be at the option of

Edgar Filing: XL CAPITAL LTD - Form 424B2

the holders of such series of senior debt securities or at our option or automatic, the events requiring an adjustment of the conversion or exchange price and provisions affecting conversion in the event of the redemption of such series of senior debt securities.

THE TRUSTEE

The trustee for each series of senior debt securities will be State Street Bank and Trust Company. The indenture will contain certain limitations on a right of the trustee, as our creditor, to obtain payment of claims in certain cases, or to realize on certain property received in respect of any such claim as security or otherwise. The trustee will be permitted to engage in other transactions; PROVIDED, HOWEVER, that if it acquires any conflicting interest, it must eliminate such conflict or resign.

Subject to the terms of the applicable indenture, the holders of a majority in principal amount of all outstanding senior debt securities of a series (or if more than one series is affected thereby, of all series so affected, voting as a single class) will have the right to direct the time, method and place of conducting any proceeding for exercising any remedy or power available to the trustee for such series or all such series so affected.

In case an event of default shall occur (and shall not be cured) under any indenture relating to a series of senior debt securities and is actually known to a responsible officer of the trustee for such series, such trustee shall exercise such of the rights and powers vested in it by such indenture and use the same degree of care and skill in its exercise as a prudent person would exercise or use under the circumstances in the conduct of his own affairs. Subject to such provisions, the trustee will not be under any obligation to exercise any of its rights or powers under the applicable indenture at the request of any of the holders of senior debt securities unless they shall have offered to the trustee security and indemnity satisfactory to it.

GOVERNING LAW

The indentures and the debt securities will be governed by the laws of the State of New York.

GLOBAL SECURITIES; BOOK-ENTRY SYSTEM

We may issue the senior debt securities of any series and the related guarantees in whole or in part in the form of one or more global securities to be deposited with, or on behalf of, the depository identified in the prospectus supplement relating to such series. Global securities, if any, issued in the United States are expected to be deposited with DTC, as depository. Global securities will be issued in fully registered form and may be issued in either temporary or permanent form. Unless and until it is exchanged in whole or in part for the individual senior debt securities represented thereby, a global security may not be transferred except as a whole by the depository for such global security to a nominee of such depository or by a nominee of such depository to such depository or another nominee of such depository or by such depository or any nominee of such depository to a successor depository or any nominee of such successor.

The specific terms of the depository arrangement with respect to any series of senior debt securities will be described in the prospectus supplement relating to such series. We expect that unless otherwise indicated in the applicable prospectus supplement, the following provisions will apply to

Edgar Filing: XL CAPITAL LTD - Form 424B2

depository arrangements.

Upon the issuance of a global security, the depository for such global security or its nominee will credit on its book-entry registration and transfer system the respective principal amounts of the individual senior debt securities represented by such global security to the accounts of participants. Such accounts will be designated by the underwriters, dealers or agents with respect to such senior debt securities or by us if such senior debt securities are offered directly by us. Ownership of beneficial interests in such global security will be limited to participants or persons that may hold interests through participants.

We expect that, pursuant to procedures established by DTC, ownership of beneficial interests in any global security with respect to which DTC is the depository will be shown on, and the transfer of that ownership will be effected only through, records maintained by DTC or its nominee (with respect to beneficial interests of participants) and records of participants (with respect to beneficial interests of persons who hold through participants). None of us, XL Capital or the trustee will have any responsibility or liability for any aspect of the records of DTC or for maintaining, supervising or reviewing any records of DTC or any of its participants relating to beneficial ownership interests in the senior debt securities. The laws of some states require that certain purchasers of securities take physical delivery of such securities in definitive form. Such limits and laws may impair the ability to own, pledge or transfer beneficial interest in a global security.

So long as the depository for a global security or its nominee is the registered owner of such global security, such depository or such nominee, as the case may be, will be considered the sole owner or holder of the debt securities represented by such global security for all purposes under the applicable indenture. Except as described below or in the applicable prospectus supplement, owners of beneficial interest in a global security will not be entitled to have any of the individual senior debt securities represented by such global security registered in their names, will not receive or be entitled to receive physical delivery of any such senior debt securities in definitive form and will not be considered the owners or holders thereof under the applicable indenture. Beneficial owners of senior debt securities evidenced by a global security will not be considered the owners or holders thereof under the applicable indenture for any purpose, including with respect to the giving of any direction, instructions or approvals to the trustee thereunder. Accordingly, each person owning a beneficial interest in a global security with respect to which DTC is the depository must rely on the procedures of DTC and, if such person is not a participant, on the procedures of the participant through which such person owns its interests, to exercise any rights of a holder under the applicable indenture. We understand that, under existing industry practice, if it requests any action of holders or if an owner of a beneficial interest in a global security desires to give or take any action which a holder is entitled to give or take under the applicable indenture, DTC would authorize the participants holding the relevant beneficial interest to give or take such action, and such participants would authorize beneficial owners through such participants to give or take such actions or would otherwise act upon the instructions of beneficial owners holding through them.

Payments of principal of, and any interest on, individual senior debt securities represented by a global security registered in the name of a depository or its nominee will be made to or at the direction of the depository or its nominee, as the case may be, as the registered owner of the global security under the applicable indenture. Under the terms of the applicable indenture, we and the trustee may treat the persons in whose name senior debt securities, including a global security, are registered as the owners thereof for the purpose of receiving such payments. Consequently, neither we nor the trustee has or will have any responsibility or liability for the payment of such

amounts to beneficial owners of senior debt securities (including principal and interest). We believe, however, that it is currently the policy of DTC to immediately credit the accounts of relevant participants with such payments, in amounts proportionate to their respective holdings of beneficial interests in the relevant global security as shown on the records of DTC or its nominee. We also expect that payments by participants to owners of beneficial interests in such global security

37

held through such participants will be governed by standing instructions and customary practices, as is the case with securities held for the account of customers in bearer form or registered in street name, and will be the responsibility of such participants. Redemption notices with respect to any senior debt securities represented by a global security will be sent to the depository or its nominee. If less than all of the senior debt securities of any series are to be redeemed, we expect the depository to determine the amount of the interest of each participant in such senior debt securities to be redeemed to be determined by lot. None of us, XL Capital, the trustee, any paying agent or the registrar for such senior debt securities will have any responsibility or liability for any aspect of the records relating to or payments made on account of beneficial ownership interests in the global security for such senior debt securities or for maintaining any records with respect thereto.

None of us, XL Capital or the trustee will be liable for any delay by the holders of a global security or the depository in identifying the beneficial owners of senior debt securities and we and the trustee may conclusively rely on, and will be protected in relying on, instructions from the holder of a global security or the depository for all purposes. The rules applicable to DTC and its participants are on file with the SEC.

If a depository for any senior debt securities is at any time unwilling, unable or ineligible to continue as depository and a successor depository is not appointed by us within 90 days, we will issue individual senior debt securities in exchange for the global security representing such senior debt securities. In addition, we may at any time and in our sole discretion, subject to any limitations described in the prospectus supplement relating to such senior debt securities, determine not to have any of such senior debt securities represented by one or more global securities and in such event we will issue individual senior debt securities in exchange for the global security or securities representing such senior debt securities. Individual senior debt securities so issued will be issued in denominations of \$1,000 and integral multiples thereof.

All moneys paid by us or XL Capital to a paying agent or a trustee for the payment of the principal of or interest on any senior debt security which remain unclaimed at the end of two years after such payment has become due and payable will be repaid to us or XL Capital, as the case may be, and the holder of such senior debt security thereafter may look only to us for payment thereof.

DESCRIPTION OF THE TRUST PREFERRED SECURITIES

Each trust may issue only one series of trust preferred securities having terms described in the prospectus supplement relating thereto. The declaration of each trust authorizes the regular trustees of such trust to issue on behalf of such trust one series of trust preferred securities. Each declaration will be qualified as an indenture under the Trust Indenture Act. The trust preferred securities will have such terms, including distributions, redemption, voting, liquidation rights and such other preferred, deferred or other special rights or such restrictions as shall be set forth in each declaration or made part of each

Edgar Filing: XL CAPITAL LTD - Form 424B2

declaration by the Trust Indenture Act and the Delaware Business Trust Act. The following summary of the principal terms and provisions of the trust preferred securities does not purport to be complete and is subject to, and qualified in its entirety by reference to, the applicable prospectus supplement, the applicable declaration (the forms of which are filed as exhibits to the registration statement and the accompanying prospectus are a part), the Delaware Business Trust Act and the Trust Indenture Act.

GENERAL

The declaration of each trust will authorize the regular trustees, on behalf of such trust, to issue the trust preferred securities, which will represent preferred undivided beneficial interests in the assets of such trust, and the trust common securities, which represent common undivided beneficial interests in the assets of the trust. All of the trust common securities will be owned directly or indirectly by XL Capital.

The trust common securities will rank equally, and payments will be made thereon on a PRO RATA basis, with the trust preferred securities, except that upon the occurrence and during the continuation of a declaration event of default, the rights of the holders of the trust common securities to receive payment of periodic

38

distributions and payments upon liquidation, redemption and otherwise will be subordinated to the rights to payment of the holders of the trust preferred securities.

The declaration of each trust will not permit the issuance by such trust of any securities other than the trust securities or the incurrence of any indebtedness by such trust.

Pursuant to the declaration of such trust, the property trustee will own and hold the subordinated deferrable interest debentures for the benefit of trust and the holders of the trust securities. The payment of distributions out of money held by each trust, and payments upon redemption of the trust preferred securities or liquidation of such trust, will be guaranteed by XL Capital as described under "Description of the Trust Preferred Securities Guarantee."

The trust preferred guarantee trustee will hold the trust preferred securities guarantee for the benefit of the holders of such trust preferred securities. Each trust preferred securities guarantee will not cover payment of distributions on such trust preferred securities when the applicable trust does not have sufficient available funds in the property account to make such distributions.

TERMS

The specific terms of the trust preferred securities of each trust will be set forth in the applicable prospectus supplement relating thereto, including the following, as applicable:

- (1) the distinctive designation of such trust preferred securities;
- (2) the number of trust preferred securities issued by such trust;
- (3) the annual distribution rate (or method of determining such rate) for trust preferred securities issued by such trust and the date or

Edgar Filing: XL CAPITAL LTD - Form 424B2

dates upon which such distributions will be payable on a quarterly basis to holders of trust preferred securities are outstanding;

- (4) whether distributions on trust preferred securities issued by such trust shall be cumulative and, in the case of trust preferred securities having cumulative distribution rights, the date(s) or method of determining the date(s) from which distributions on trust preferred securities issued by such trust will be cumulative;
- (5) the amount(s) which will be paid out of the assets of such trust to purchase or redeem trust preferred securities issued by such trust and the price(s) at which, the period(s) within which, and the terms and conditions upon which trust preferred securities issued by such trust shall be purchased or redeemed, in whole or in part, pursuant to such obligation;
- (6) the voting rights, if any, of trust preferred securities issued by such trust in addition to those required by law, including any requirement for the approval by the holders of trust preferred securities, or of trust preferred securities issued by one or more trusts, or of both, as a condition to specified action or amendments to the declaration of such trust; and
- (7) any other relevant rights, preferences, privileges, limitations or restriction of trust preferred securities issued by such trust not inconsistent with the declaration of such trust or with applicable law.

All trust preferred securities offered hereby will be guaranteed by XL Capital to the extent described under "Description of the Trust Preferred Securities Guarantees" below.

Any applicable United States federal income tax considerations applicable to any offering of trust preferred securities will be described in the prospectus supplement relating thereto.

39

In connection with the issuance of trust preferred securities, each trust will issue one series of trust common securities. The declaration of each trust authorizes the regular trustees of such trust to issue on behalf of such trust one series of trust common securities having terms including distributions, redemption, voting, liquidation rights or such restrictions as shall be set forth therein. The terms of the trust common securities issued by a trust will be substantially identical to the terms of the trust preferred securities issued by such trust and the trust common securities will rank equal, and payments will be made thereon PRO RATA, with the trust preferred securities except that, upon an event of default under the declaration, the rights of the holders of the common securities to payment in respect of distributions and payments upon liquidation, redemption and otherwise will be subordinated to the rights of the holders of the trust preferred securities. All of the trust common securities of a trust will be directly or indirectly owned by XL Capital.

DISTRIBUTIONS

Unless the applicable prospectus supplement and applicable supplemental indenture provide otherwise, XL Capital will have the right under the indenture to defer payments of interest on the subordinated deferrable interest debentures by extending the interest payment period from time to time on the subordinated deferrable interest debentures which, if exercised, would defer quarterly

Edgar Filing: XL CAPITAL LTD - Form 424B2

distributions on the trust preferred securities (though such distributions would continue to accrue interest since interest would continue to accrue on the subordinated deferrable interest debentures) during any such extended interest payment period.

In the event that XL Capital exercises this right, then during the term of such deferral XL Capital shall not:

- (a) declare or pay any dividend on, make any distributions with respect to, or redeem, purchase or make a liquidation payment with respect to, any of its capital stock,
- (b) make any payment of interest, principal or premium, if any, on or repay, repurchase or redeem any debt securities issued by XL Capital which rank equal with or junior to the subordinated deferrable interest debentures, and
- (c) make any guarantee payments (other than pursuant to the trust preferred securities guarantee) with respect to the foregoing.

Notwithstanding the foregoing restrictions, XL Capital will be permitted, in any event, to make dividend, redemption, liquidation and guarantee payments on capital stock, and interest, principal, redemption and guarantee payments on debt securities issued by XL Capital ranking equal with or junior to subordinated deferrable interest debentures, where the payment is made by way of securities (including capital stock) that rank junior to the securities on which such payment is being made.

Prior to the termination of any such extension period, XL Capital may further extend the interest payment period; PROVIDED, HOWEVER, that such extension period, together with all such previous and further extensions thereof, may not exceed 20 consecutive quarters or extend beyond the maturity of the subordinated deferrable interest debentures.

Upon the termination of any extension period and the payment of all amounts then due, XL Capital may select a new extension period as if no extension period had previously been declared, subject to the above requirements. See "-- Voting Rights" below and "Description of the Subordinated Deferrable Interest Debentures -- Interest" and " -- Option to Extend Interest Payment Period."

If distributions are deferred, the deferred distributions and accrued interest thereon shall be paid to holders of record of the trust preferred securities, if funds are available therefor, as they appear on the books and records of such trust on the record date immediately following the termination of such extension period.

40

Distributions on the trust preferred securities of each trust must be paid on the dates payable to the extent that such trust has funds available for the payment of such distributions in the property account. Each trust's funds available for distribution to the holders of the trust preferred securities will be limited to payments received under the subordinated deferrable interest debentures. See "Description of the Subordinated Deferrable Interest Debentures." The payment of distributions out of moneys held by each trust will be guaranteed by XL Capital as described under "Description of the Trust Preferred Securities Guarantee."

Distributions on the trust preferred securities will be payable to the

Edgar Filing: XL CAPITAL LTD - Form 424B2

holders thereof as they appear on the books and records of the applicable trust on the relevant record dates, which, as long as the trust preferred securities remain in book-entry only form, will be one business day (as defined herein) prior to the relevant payment dates, which payment dates correspond to the interest payment dates on the subordinated deferrable interest debentures. Such distributions will be paid through the property trustee, who will hold amounts received in respect of the subordinated deferrable interest debentures in the property account for the benefit of such trust and the holders of trust securities.

Subject to any applicable laws and regulations and the provisions of the applicable declaration, each such payment will be made as described under "-- Book-Entry Only Issuance -- The Depository Trust Company" below.

In the event the trust preferred securities did not continue to remain in book-entry only form, the regular trustees will have the right to select relevant record dates which shall be at least one business day, but less than 60 business days, prior to the relevant payment dates.

In the event that any date on which distributions are to be made on the trust preferred securities is not a business day, then payment of the distributions payable on such date will be made on the next succeeding day which is a business day (and without any interest or other payment in respect of any such delay) except that if such business day is in the next succeeding calendar year, such payment will be made on the immediately preceding business day, in each case with the same force and effect as if made on such date. A "business day" shall mean any day other than a Saturday, Sunday or other day on which banking institutions in New York, New York are authorized or required by law to close.

MANDATORY AND OPTIONAL REDEMPTION

Unless provided otherwise in the applicable prospectus supplement, upon the repayment of the subordinated deferrable interest debentures, whether at maturity or upon acceleration, redemption or otherwise, the proceeds from such repayment or payment will simultaneously be applied to redeem trust securities on a PRO RATA basis having an aggregate liquidation amount equal to the aggregate principal amount of the subordinated deferrable interest debentures so repaid or redeemed at the redemption price; PROVIDED, HOWEVER, that except in the case of payments upon maturity, holders of trust securities shall be given not less than 30 nor more than 60 days' notice of such redemption. See "-- Redemption Procedures" and "Description of the Subordinated Deferrable Interest Debentures." In the event that fewer than all of the outstanding trust preferred securities are to be redeemed, the trust preferred securities will be redeemed as described under "-- Book-Entry Only Issuance -- The Depository Trust Company" below.

SPECIAL EVENT REDEMPTION OR DISTRIBUTION

DISTRIBUTION UPON THE OCCURRENCE OF A SPECIAL EVENT. If, at any time, a Tax Event or an Investment Company Event (each, as defined below, a "Special Event") shall occur and be continuing, the applicable trust shall, except in the circumstances described below under "Redemption Upon the Occurrence of a Tax Event," be dissolved with the result that, after satisfaction of liabilities to creditors, subordinated deferrable interest debentures, with an aggregate principal amount equal to the aggregate stated liquidation amount of, with an interest rate identical to the distribution rate of, and accrued and unpaid interest equal to accrued and unpaid distributions on, the trust securities, would be distributed to the holders of the trust securities, in liquidation of such holders' interests in such trust on a PRO RATA basis, within 90 days following

the occurrence of such Special Event; PROVIDED, HOWEVER, that in the case of the occurrence of a Tax Event, as a condition of such termination, dissolution and distribution, the regular trustees shall have received an opinion from a nationally recognized independent tax counsel experienced in such matters (a "No Recognition Opinion"), which opinion may rely on published revenue rulings of the Internal Revenue Service, to the effect that neither such trust nor the holders of the trust securities will recognize any gain or loss for United States federal income tax purposes as a result of such termination and dissolution of such trust and the distribution of the subordinated deferrable interest debentures; and PROVIDED, FURTHER, that, if there is available to such trust the opportunity to eliminate, within such 90-day period, the Special Event by taking some ministerial action, such as filing a form or making an election, or pursuing some other similar reasonable measure, which has no adverse effect on the trust, XL Capital or the holders of the trust securities, the trust will pursue such measure in lieu of dissolution.

If subordinated deferrable interest debentures are distributed to the holders of the trust preferred securities, then XL Capital will use its best efforts to have the subordinated deferrable interest debentures listed on such securities exchange as the trust preferred securities are then listed, if any.

After the date for any distribution of subordinated deferrable interest debentures upon termination of a trust, (i) the trust preferred securities and trust preferred securities guarantee will no longer be deemed to be outstanding, (ii) the depository or its nominee, as the record holder of such trust preferred securities, will receive a registered global certificate or certificates representing subordinated deferrable interest debentures to be delivered upon such distribution and (iii) any certificates representing trust preferred securities not held by the depository or its nominee will be deemed to represent subordinated deferrable interest debentures having an aggregate principal amount equal to the aggregate stated liquidation amount of, with an interest rate identical to the distribution rate of, and accrued and unpaid interest equal to accrued and unpaid distributions on, such trust preferred securities, until such certificates are presented to XL Capital or its agent for transfer or reissuance.

There can be no assurance as to the market prices for the subject trust preferred securities or the subordinated deferrable interest debentures that may be distributed in exchange for the trust preferred securities if a termination and liquidation of a trust were to occur. Accordingly, the trust preferred securities that an investor may purchase, whether pursuant to the offer hereby or in the secondary market, or the subordinated deferrable interest debentures that the investor may receive on termination and liquidation of a trust, may trade at a discount to the price that the investor paid to purchase the trust preferred securities.

REDEMPTION UPON THE OCCURRENCE OF A TAX EVENT. If, in the case of the occurrence and continuation of a Tax Event, the applicable regular trustees shall have been informed by such tax counsel that a No Recognition Opinion cannot be delivered, then XL Capital shall have the right, upon not less than 30 nor more than 60 days' notice, to redeem the subordinated deferrable interest debentures in whole or in part for cash within 90 days following the occurrence of such Tax Event at a price equal to the sum of

- (x) 100% of the principal amount of the subordinated deferrable interest debentures to be redeemed and
- (y) accrued and unpaid interest thereon to the date fixed for

Edgar Filing: XL CAPITAL LTD - Form 424B2

redemption, and,

following such redemption, trust securities with an aggregate liquidation amount equal to the aggregate principal amount of the subordinated deferrable interest debentures so redeemed shall be redeemed by the trust at the redemption price on a PRO RATA basis; PROVIDED, HOWEVER, that, if there is available to XL Capital or the trust the opportunity to eliminate, within such 90-day period, the Tax Event by taking some ministerial action, such as filing a form or making an election, or pursuing some other similar reasonable measure which has no adverse effect on the trust, XL Capital or the holders of the trust securities, XL Capital or the trust will pursue such measure in lieu of redemption.

42

DEFINITIONS. As used herein the following terms have the meanings specified below:

"INVESTMENT COMPANY EVENT" means that XL Capital has provided the regular trustees with an opinion from a nationally recognized independent counsel experienced in practice under the 1940 Act (as hereinafter defined) to the effect that, as a result of the occurrence of a change in law or regulation or a written change in interpretation or application of law or regulation by any legislative body, court, governmental agency or regulatory authority (a "Change in 1940 Act Law"), there is more than an insubstantial risk that the trust is or will be considered an "investment company" which is required to be registered under the Investment Company Act of 1940, as amended (the "1940 Act"), which Change in 1940 Act Law becomes effective on or after the date of this prospectus.

"TAX EVENT" means that XL Capital Ltd has provided the regular trustees with an opinion from a nationally recognized independent tax counsel experienced in such matters (a "Dissolution Tax Opinion") to the effect that, on or after the date of the applicable prospectus supplement, as a result of (a) any amendment to, or change (including any announced prospective change) in, the laws (or any regulations thereunder) of the United States or any political subdivision or taxing authority thereof or therein or (b) any amendment to, or change in, an interpretation or application of such laws or regulations by any legislative body, court, governmental agency or regulatory authority, in each case which amendment or change is enacted, promulgated, issued or announced or which interpretation is issued or announced or which action is taken, on or after the date of the applicable prospectus, there is more than an insubstantial risk that (i) such trust is, or will be within 90 days of the date thereof, subject to United States federal income tax with respect to interest accrued or received on the subordinated deferrable interest debentures, or (ii) such trust is, or will be within 90 days of the date thereof, subject to more than a de minimis amount of other taxes, duties or other governmental charges.

REDEMPTION PROCEDURES

A trust may not redeem fewer than all of the outstanding trust preferred securities unless all accrued and unpaid distributions have been paid on all applicable trust securities for all quarterly distribution periods terminating on or prior to the date of redemption.

If a Trust gives a notice of redemption in respect of the trust preferred securities (which notice will be irrevocable), then, by 12:00 noon, New York City time, on the redemption date, provided that XL Capital has paid to the property trustee a sufficient amount of cash in connection with the related redemption or maturity of the subordinated deferrable interest debentures, such

Edgar Filing: XL CAPITAL LTD - Form 424B2

trust will irrevocably deposit with the depository funds sufficient to pay the applicable redemption price and will give the depository irrevocable instructions and authority to pay the redemption price to the holders of trust preferred securities. See "-- Book-Entry Only Issuance -- The Depository Trust Company."

If notice of redemption shall have been given and funds deposited as required, then immediately prior to the close of business on the date of such deposit, distributions will cease to accrue and all rights of holders of the trust preferred securities so called for redemption will cease, except the right of the holders of such trust preferred securities to receive the redemption price, but without interest on such redemption price.

In the event that any date fixed for redemption of such trust preferred securities is not a business day, then payment of the redemption price payable on such date will be made on the next succeeding day which is a business day (and without any interest or other payment in respect of any such delay), except that, if such business day falls in the next calendar year, such payment will be made on the immediately preceding business day.

43

In the event that payment of the redemption price in respect of the trust preferred securities is improperly withheld or refused and not paid either by a trust or by XL Capital pursuant to the related trust preferred securities guarantee, distributions on the trust preferred securities will continue to accrue, from the original redemption date to the actual date of payment, in which case the actual payment date will be considered the date fixed for redemption for purposes of calculating the redemption price.

In the event that fewer than all of the outstanding trust preferred securities are to be redeemed, the trust preferred securities will be redeemed as described under "-- Book-Entry Only Issuance -- The Depository Trust Company" below.

Subject to the foregoing and to applicable law (including, without limitation, United States federal securities laws), XL Capital or its affiliates may, at any time and from time to time, purchase outstanding trust preferred securities by tender, in the open market or by private agreement.

LIQUIDATION DISTRIBUTION UPON TERMINATION

In the event of any voluntary or involuntary termination, dissolution or winding-up of a trust, the holders of the trust preferred securities at that time will be entitled to receive out of the assets of such trust, after satisfaction of liabilities to creditors, distributions in an amount equal to the aggregate of the liquidation amount plus accrued and unpaid distributions thereon to the date of payment (the "liquidation distribution"), unless, in connection with such termination, dissolution or winding-up, subordinated deferrable interest debentures in an aggregate principal amount equal to the aggregate liquidation amount of, with an interest rate identical to the distribution rate of, and bearing accrued and unpaid interest equal to accrued and unpaid distributions on, the trust preferred securities, have been distributed on a PRO RATA basis to the holders of trust preferred securities in exchange for such trust preferred securities.

If, upon any such termination, dissolution or winding-up, the liquidation distribution can be paid only in part because such trust has insufficient assets

Edgar Filing: XL CAPITAL LTD - Form 424B2

available to pay in full the aggregate liquidation distribution, then the amounts payable directly by such trust on the trust preferred securities shall be paid on a PRO RATA basis. The holders of the trust common securities will be entitled to receive distributions upon any such dissolution PRO RATA with the holders of the trust preferred securities, except that if a declaration event of default has occurred and is continuing, the trust preferred securities shall have a preference over the trust common securities with regard to such distributions.

Pursuant to the applicable declaration, a trust shall terminate

- (i) on the expiration of the term of such trust,
- (ii) upon the bankruptcy of XL Capital or the holder of the applicable trust common securities,
- (iii) upon the filing of a certificate of dissolution or its equivalent with respect to XL Capital or the holder of the common securities or the revocation of the charter of XL Capital or the holder of such trust common securities and the expiration of 90 days after the date of revocation without a reinstatement thereof,
- (iv) upon the distribution of the subordinated deferrable interest debentures following the occurrence of a Special Event,
- (v) upon the entry of a decree of a judicial dissolution of XL Capital or the holder of the common securities or such trust or
- (vi) upon the redemption of all of the trust securities.

44

DECLARATION EVENTS OF DEFAULT

An event of default under an applicable indenture (an "indenture event of default") (see "Description of the Subordinated Deferrable Interest Debentures -- Events of Default") constitutes an event of default under the applicable declaration with respect to the trust securities (a "Declaration Event of Default"); PROVIDED, HOWEVER, that pursuant to such declaration, the holder of the trust common securities will be deemed to have waived any declaration event of default with respect to such trust common securities or its consequences until all declaration events of default with respect to such trust preferred securities have been cured, waived or otherwise eliminated.

Until such declaration events of default with respect to the trust preferred securities have been so cured, waived or otherwise eliminated, the applicable property trustee will be deemed to be acting solely on behalf of the holders of the trust preferred securities and only the holders of such trust preferred securities will have the right to direct the property trustee with respect to certain matters under such declaration, and therefore the indenture.

If a declaration event of default with respect to the trust preferred securities is waived by holders of trust preferred securities, such waiver will also constitute the waiver of such declaration event of default with respect to the trust common securities for all purposes under the declaration, without any further act, vote or consent of the holders of the trust common securities.

During the existence of a declaration event of default, the applicable property trustee, as the sole holder of the subordinated deferrable interest

Edgar Filing: XL CAPITAL LTD - Form 424B2

debentures, will have the right under the indenture to declare the principal of, and interest on, the subordinated deferrable interest debentures to be immediately due and payable.

If a declaration event of default occurs that results from the failure of XL Capital to pay principal of or interest on the subordinated deferrable interest debentures when due, during the continuance of such an event of default a holder of trust preferred securities may institute a legal proceeding directly against XL Capital to obtain payment of such principal or interest on subordinated deferrable interest debentures having a principal amount equal to the aggregate liquidation amount of the trust preferred securities owned of record by such holder. The holders of trust preferred securities will not be able to exercise directly against XL Capital any other remedy available to the property trustee unless the property trustee first fails to do so.

VOTING RIGHTS

Except as provided below and except as provided under the Delaware Business Trust Act, the Trust Indenture Act and under "Description of the Trust Preferred Securities Guarantee -- Amendments and Assignment" below, and except as otherwise required by law and the declaration, and the applicable prospectus supplement, the holders of the trust preferred securities will have no voting rights. In the event that XL Capital elects to defer payments of interest on the subordinated deferrable interest debentures as described above under "-- Distributions," the holders of the trust preferred securities do not have the right to appoint a special representative or trustee or otherwise act to protect their interests.

Subject to the requirement of the property trustee obtaining a tax opinion as set forth below, the holders of a majority in aggregate liquidation amount of the trust preferred securities have the right to direct the time, method and place of conducting any proceeding for any remedy available to the property trustee, or to direct the exercise of any trust or power conferred upon the property trustee under the applicable declaration, including the right to direct such property trustee, as the holder of the subordinated deferrable interest debentures, to:

- (i) direct the time, method and place of conducting any proceeding for any remedy available to the subordinated debt trustee (as hereinafter defined) under the indenture with respect to the subordinated deferrable interest debentures,
- (ii) waive any past indenture event of default which is waivable under the indenture,
- (iii) exercise any right to rescind or annul a declaration that the principal of all the subordinated deferrable interest debentures shall be due and payable, or
- (iv) consent to any amendment, modification or termination of the indenture or the subordinated deferrable interest debentures, where such consent shall be required; PROVIDED, HOWEVER, that where a consent under the indenture would require the consent of the holders of greater than a majority in principal amount of subordinated deferrable interest debentures affected thereby (a "super-majority"), only the holders of at least the proportion in liquidation amount of the trust preferred securities which the relevant super-majority represents of the aggregate principal amount

Edgar Filing: XL CAPITAL LTD - Form 424B2

of the subordinated deferrable interest debentures may direct such property trustee to give such consent.

If the property trustee fails to enforce its rights under the applicable declaration (including, without limitation, its rights, powers and privileges as the holder of the subordinated deferrable interest debentures under the indenture), a holder of trust preferred securities may to the extent permitted by applicable law institute a legal proceeding directly against any person to enforce the property trustee's rights under such declaration without first instituting any legal proceeding against the property trustee or any other person or entity.

Following and during the continuance of a declaration event of default that results from the failure of XL Capital to pay principal of or interest on the subordinated deferrable interest debentures when due, a holder of trust preferred securities may also proceed directly against XL Capital, without first waiting to determine if the property trustee has enforced its rights under the declaration, to obtain payment of such principal or interest on subordinated deferrable interest debentures having a principal amount equal to the aggregate liquidation amount of the trust preferred securities owned of record by such holder.

The property trustee shall notify all holders of the trust preferred securities of any notice of default received from the subordinated debt trustee with respect to the subordinated deferrable interest debentures. Such notice shall state that such indenture event of default also constitutes a declaration event of default.

The property trustee shall not take any action described in clauses (i), (ii), (iii) or (iv) above unless the property trustee has obtained an opinion of independent tax counsel to the effect that, as a result of such action, the trust will not be classified as other than a grantor trust for United States federal income tax purposes and each holder of trust securities will be treated as owning an undivided beneficial interest in the subordinated deferrable interest debentures.

In the event the consent of the property trustee, as the holder of the subordinated deferrable interest debentures, is required under the indenture with respect to any amendment, modification or termination of the indenture, the property trustee shall request the direction of the holders of the trust securities with respect to such amendment, modification or termination.

The property trustee shall vote with respect to such amendment, modification or termination as directed by a majority in liquidation amount of the trust preferred securities and, if no declaration event of default has occurred and is continuing, a majority in liquidation amount of the trust common securities, voting together as a single class, provided that where a consent under the indenture would require the consent of a super-majority, such property trustee may only give such consent at the direction of the holders of at least the proportion in liquidation amount of the trust preferred securities and trust common securities, respectively, which the relevant super-majority represents of the aggregate principal amount of the subordinated deferrable interest debentures outstanding.

A waiver of an indenture event of default will constitute a waiver of the corresponding declaration event of default.

Edgar Filing: XL CAPITAL LTD - Form 424B2

securities may be given at a separate meeting of holders of trust preferred securities convened for such purpose, at a meeting of all of the holders of trust securities or pursuant to written consent. The applicable regular trustees will cause a notice of any meeting at which holders of trust preferred securities are entitled to vote, or of any matter upon which action by written consent of such holders is to be taken, to be mailed to each holder of record of trust preferred securities. Each such notice will include a statement setting forth:

- (i) the date of such meeting or the date by which such action is to be taken,
- (ii) a description of any resolution proposed for adoption at such meeting on which such holders are entitled to vote or of such matter upon which written consent is sought and
- (iii) instructions for the delivery of proxies or consents.

No vote or consent of the holders of trust preferred securities will be required for the trust to redeem and cancel trust preferred securities or distribute subordinated deferrable interest debentures in accordance with the declaration.

Notwithstanding that holders of trust preferred securities are entitled to vote or consent under any of the circumstances described above, any of the trust preferred securities that are owned at such time by XL Capital or any entity directly or indirectly controlling or controlled by, or under direct or indirect common control with, XL Capital, shall not be entitled to vote or consent and shall, for purposes of such vote or consent, be treated as if they were not outstanding.

Holders of the trust preferred securities will have no rights to appoint or remove the trustees, who may be appointed, removed or replaced solely by XL Capital, as the direct or indirect holder of all the trust common securities.

MODIFICATION OF THE DECLARATION

Each declaration may be amended or modified if approved and executed by a majority of the regular trustees (or if there are two or fewer such regular trustees, by all of the regular trustees); PROVIDED, HOWEVER, that if any proposed amendment provides for:

- (i) any action that would adversely affect the powers, preferences or special rights of the trust securities, whether by way of amendment to such declaration or otherwise or
- (ii) the dissolution, winding-up or termination of the applicable trust other than pursuant to the terms of such declaration,

then the holders of the trust securities as a single class will be entitled to vote on such amendment or proposal and such amendment or proposal shall not be effective except with the approval of a majority in liquidation amount of such trust securities affected thereby; PROVIDED, HOWEVER, that a reduction of the principal amount or the distribution rate, or a change in the payment dates or maturity of the trust preferred securities, shall not be permitted without the consent of each holder of trust preferred securities.

In the event any amendment or proposal referred to in clause (i) above would adversely affect only the trust preferred securities or the trust common securities, then only the affected class will be entitled to vote on such amendment or proposal and such amendment or proposal shall not be effective except with the approval of a majority in liquidation amount of such class of

Edgar Filing: XL CAPITAL LTD - Form 424B2

trust securities. In addition, if any such proposed amendment or modification affects the rights, powers, duties, obligations or immunities of the applicable property trustee or the applicable Delaware Trustee, such amendment or modification shall also require the written approval of the applicable property trustee or the applicable Delaware Trustee, as the case may be.

47

Notwithstanding the foregoing, no amendment or modification may be made to any declaration if such amendment or modification would (i) cause the applicable trust to be classified for purposes of United States federal income taxation as other than a grantor trust, (ii) reduce or otherwise adversely affect the powers of the applicable property trustee in contravention of the Trust Indenture Act or (iii) cause such trust to be deemed to be an "investment company" which is required to be registered under the 1940 Act.

EXPENSES AND TAXES

In each declaration, XL Capital has agreed to pay for all debts and other obligations (other than with respect to the trust securities) and all costs and expenses of the applicable trust (including costs and expenses relating to the organization of such trust, the fees and expenses of the trustees and the costs and expenses relating to the operation of such trust) and to pay any and all taxes and all costs and expenses with respect thereto (other than United States withholding taxes) to which such trust might become subject.

The foregoing obligations of each trust under the applicable declaration are for the benefit of, and shall be enforceable by, the property trustee and any person to whom any such debts, obligations, costs, expenses and taxes are owed (a "Creditor") whether or not such Creditor has received notice thereof.

Such property trustee and any such Creditor may enforce such obligations of such trust directly against XL Capital, and XL Capital has irrevocably waived any right or remedy to require that the property trustee or any such Creditor take any action against such trust or any other person before proceeding against XL Capital. XL Capital has also agreed in such declaration to execute such additional agreements as may be necessary or desirable to give full effect to the foregoing agreement of XL Capital.

MERGERS, CONSOLIDATIONS OR AMALGAMATIONS

A trust may not consolidate, amalgamate, merge with or into, or be replaced by, or convey, transfer or lease its properties and assets substantially as an entirety to any corporation or other body, unless, with the consent of a majority of the regular trustees and without the consent of the holders of the trust securities, the Delaware Trustee or the property trustee:

- (i) such successor entity either
- (x) expressly assumes all of the obligations of the trust with respect to the trust securities or
- (y) substitutes for the trust securities other securities having substantially the same terms as the trust securities (the "successor securities") so long as the successor securities rank the same as the trust securities rank in priority with respect to distributions and payments upon termination, liquidation, redemption, maturity and otherwise,
- (ii) XL Capital expressly acknowledges a trustee of such successor entity

Edgar Filing: XL CAPITAL LTD - Form 424B2

which possesses the same powers and duties as the property trustee as the holder of the subordinated deferrable interest debentures,

- (iii) if the trust preferred securities are at such time listed on any national securities exchange or with another organization, the successor securities will be listed, upon notification of issuance, on any national securities exchange or other organization on which the trust preferred securities are then listed,
- (iv) such merger, consolidation, amalgamation or replacement does not cause the trust preferred securities (including any successor securities) to be downgraded by any nationally recognized statistical rating organization,
- (v) such merger, consolidation, amalgamation or replacement does not adversely affect the rights, preferences and privileges of the holders of the trust preferred securities (including any succes-

48

sor securities) in any material respect (other than with respect to any dilution of the holders' interest in the successor entity),

- (vi) such successor entity has a purpose identical to that of the trust,
- (vii) prior to such merger, consolidation, amalgamation or replacement, XL Capital has received an opinion from independent counsel to the trust experienced in such matters to the effect that
 - (A) such merger, consolidation, amalgamation or replacement does not adversely affect the rights, preferences and privileges of the holders of the trust preferred securities (including any successor securities) in any material respect (other than with respect to any dilution of the holders' interest in the successor entity), and
 - (B) following such merger, consolidation, amalgamation or replacement, neither the trust nor such successor entity will be required to register as an investment company under the 1940 Act, and
- (viii) XL Capital guarantees the obligations of such successor entity under the successor securities at least to the extent provided by the trust preferred securities guarantee.

Notwithstanding the foregoing, the trust shall not, except with the consent of holders of 100% in liquidation amount of the trust securities, consolidate, amalgamate, merge with or into, or be replaced by any other entity or permit any other entity to consolidate, amalgamate, merge with or into, or replace it if such consolidation, amalgamation, merger or replacement would cause the trust or the successor entity to be classified for United States federal income tax purposes as other than a grantor trust for United States federal income tax purposes and any holder of trust securities not to be treated as owning an undivided beneficial interest in the subordinated deferrable interest debentures.

GLOBAL SECURITIES; BOOK-ENTRY SYSTEM

A trust may issue the trust preferred securities of any series in whole or in part in the form of one or more global securities to be deposited with, or on behalf of, the depository identified in the prospectus supplement relating to such series. Global securities, if any, issued in the United States are expected

Edgar Filing: XL CAPITAL LTD - Form 424B2

to be deposited with DTC, as depository. Global securities will be issued in fully registered form and may be issued in either temporary or permanent form. Unless and until it is exchanged in whole or in part for the individual trust preferred securities represented thereby, a global security may not be transferred except as a whole by the depository for such global security to a nominee of such depository or by a nominee of such depository to such depository or another nominee of such depository or by such depository or any nominee of such depository to a successor depository or any nominee of such successor.

The specific terms of the depository arrangement with respect to any series of trust preferred securities will be described in the prospectus supplement relating to such series. Each trust expects that unless otherwise indicated in the applicable prospectus supplement, the following provisions will apply to depository arrangements.

Upon the issuance of a global security, the depository for such global security or its nominee will credit on its book-entry registration and transfer system the respective principal amounts of the individual trust preferred securities represented by such global security to the accounts of participants. Such accounts will be designated by the underwriters, dealers or agents with respect to such trust preferred securities or by the applicable trust if such trust preferred securities are offered directly by such trust. Ownership of beneficial interests in such global security will be limited to participants or persons that may hold interests through participants.

Each trust expects that, pursuant to procedures established by DTC, ownership of beneficial interests in any global security with respect to which DTC is the depository will be shown on, and the transfer of that

49

ownership will be effected only through, records maintained by DTC or its nominee (with respect to beneficial interests of participants) and records of participants (with respect to beneficial interests of persons who hold through participants). Neither a trust, XL Capital Ltd or any trustee will have any responsibility or liability for any aspect of the records of DTC or for maintaining, supervising or reviewing any records of DTC or any of its participants relating to beneficial ownership interests in the trust preferred securities. The laws of some states require that certain purchasers of securities take physical delivery of such securities in definitive form. Such limits and laws may impair the ability to own, pledge or transfer beneficial interest in a global security.

So long as the depository for a global security or its nominee is the registered owner of such global security, such depository or such nominee, as the case may be, will be considered the sole owner or holder of the trust preferred securities represented by such global security for all purposes under the applicable declaration. Except as described below or in the applicable prospectus supplement, owners of beneficial interest in a global security will not be entitled to have any of the individual trust preferred securities represented by such global security registered in their names, will not receive or be entitled to receive physical delivery of any such trust preferred securities in definitive form and will not be considered the owners or holders thereof under the applicable declaration. Beneficial owners of trust preferred securities evidenced by a global security will not be considered the owners or holders thereof under the applicable declaration for any purpose, including with respect to the giving of any direction, instructions or approvals to the trustee thereunder. Accordingly, each person owning a beneficial interest in a global security with respect to which DTC is the depository must rely on the procedures of DTC and, if such person is not a participant, on the procedures of the

Edgar Filing: XL CAPITAL LTD - Form 424B2

participant through which such person owns its interests, to exercise any rights of a holder under the applicable declaration. We understand that, under existing industry practice, if it requests any action of holders or if an owner of a beneficial interest in a global security desires to give or take any action which a holder is entitled to give or take under the applicable declaration, DTC would authorize the participants holding the relevant beneficial interest to give or take such action, and such participants would authorize beneficial owners through such participants to give or take such actions or would otherwise act upon the instructions of beneficial owners holding through them.

Distribution payments on individual trust preferred securities represented by a global security registered in the name of a depository or its nominee will be made to or at the direction of the depository or its nominee, as the case may be, as the registered owner of the global security under the applicable declaration. Under the terms of the applicable declaration, a trust, XL Capital Ltd or any relevant trustee may treat the persons in whose name trust preferred securities, including a global security, are registered as the owners thereof for the purpose of receiving such payments. Consequently, neither a trust, XL Capital nor any trustee has or will have any responsibility or liability for the payment of such amounts to beneficial owners of trust preferred securities. Each trust believes, however, that it is currently the policy of DTC to immediately credit the accounts of relevant participants with such payments, in amounts proportionate to their respective holdings of beneficial interests in the relevant global security as shown on the records of DTC or its nominee. Each trust also expects that payments by participants to owners of beneficial interests in such global security held through such participants will be governed by standing instructions and customary practices, as is the case with securities held for the account of customers in bearer form or registered in street name, and will be the responsibility of such participants. Redemption notices with respect to any trust preferred securities represented by a global security will be sent to the depository or its nominee. If less than all of the trust preferred securities of any series are to be redeemed, each trust expects the depository to determine the amount of the interest of each participant in such trust preferred securities to be redeemed to be determined by lot. Neither a trust, XL Capital Ltd, any trustee, any paying agent nor the registrar for such trust preferred securities will have any responsibility or liability for any aspect of the records relating to or payments made on account of beneficial ownership interests in the global security for such trust preferred securities or for maintaining any records with respect thereto.

Neither a trust, XL Capital nor any trustee will be liable for any delay by the holders of a global security or the depository in identifying the beneficial owners of trust preferred securities and such trust, XL Capital Ltd and any relevant trustee may conclusively rely on, and will be protected in relying on, instruc-

50

tions from the holder of a global security or the depository for all purposes. The rules applicable to DTC and its participants are on file with the SEC.

If a depository for any trust preferred securities is at any time unwilling, unable or ineligible to continue as depository and a successor depository is not appointed by the applicable trust within 90 days, such trust will issue individual trust preferred securities in exchange for the global security representing such trust preferred securities. In addition, the regular trustees (after consultation with XL Capital Ltd) may at any time, subject to any limitations described in the prospectus supplement relating to such trust preferred securities, determine not to have any of such trust preferred

Edgar Filing: XL CAPITAL LTD - Form 424B2

securities represented by one or more global securities and in such event the applicable trust will issue individual trust preferred securities in exchange for the global security or securities representing such trust preferred securities.

All moneys paid by a trust to a paying agent or a trustee for the payment of distributions on any trust preferred security which remain unclaimed at the end of two years after such payment has become due and payable will be repaid to such trust, and the holder of such trust preferred security thereafter may look only to such trust for payment thereof.

INFORMATION CONCERNING THE PROPERTY TRUSTEE

The property trustee, prior to the occurrence of a default with respect to the trust securities and after the curing of all such defaults that may have occurred, undertakes to perform only such duties as are specifically set forth in the relevant declaration and, after default, shall exercise the same degree of care as a prudent individual would exercise in the conduct of his or her own affairs. Subject to such provisions, the property trustee is under no obligation to exercise any of the powers vested in it by such declaration at the request of any holder of the trust preferred securities, unless offered reasonable indemnity by such holder against the costs, expenses and liabilities which might be incurred thereby; but the foregoing shall not relieve the property trustee, upon the occurrence of a declaration event of default, from exercising the rights and powers vested in it by the such declaration. The property trustee also serves as the subordinated deferrable interest debentures trustee under the indenture and as the preferred guarantee trustee under the trust preferred securities guarantee.

REGISTRAR AND TRANSFER AGENT

In the event that the trust preferred securities do not remain in book-entry only form, the property trustee will act as paying agent and may designate an additional or substitute paying agent at any time. Registration of transfers of trust preferred securities will be effected without charge by or on behalf of the relevant trust, but upon payment (with the giving of such indemnity as the regular trustees may require) in respect of any tax or other government charges which may be imposed in relation to it. The trust will not be required to register or cause to be registered the transfer of trust preferred securities after such trust preferred securities have been called for redemption.

GOVERNING LAW

Each declaration and the trust preferred securities will be governed by, and construed in accordance with, the internal laws of the State of Delaware.

MISCELLANEOUS

The regular trustees are authorized and directed to operate the trusts in such a way so that the trusts will not be deemed to be an "investment company" required to be registered under the 1940 Act or characterized for United States federal income tax purposes as other than a grantor trust. XL Capital Ltd is authorized and directed to conduct its affairs so that the subordinated deferrable interest debentures will be treated as indebtedness of XL Capital Ltd for United States federal income tax purposes. In this connection, the regular trustees and XL Capital Ltd are authorized to take any action, not inconsistent with applicable law, the declarations or the Memorandum of Association and Articles of Association of XL Capital Ltd, that each of the regular trustees and XL Capital Ltd determines in their discretion to be necessary or desirable

for such purposes, as long as such action does not materially and adversely affect the interests of the holders of the trust preferred securities. Holders of the trust preferred securities will have no preemptive rights.

DESCRIPTION OF THE TRUST PREFERRED SECURITIES GUARANTEE

Set forth below is a summary of information concerning the trust preferred securities guarantee that will be executed and delivered by XL Capital for the benefit of the holders from time to time of the trust preferred securities. Each trust preferred securities guarantee will be qualified as an indenture under the Trust Indenture Act. State Street Bank and Trust Company will act as the trust preferred guarantee trustee. The terms of each trust preferred securities guarantee will be those set forth therein and those made part thereof by the Trust Indenture Act. The following summary does not purport to be complete and is subject in all respects to the provisions of, and is qualified in its entirety by reference to, the trust preferred securities guarantee (the form of which is filed as an exhibit to the registration statement of which this prospectus forms a part) and the Trust Indenture Act. Each trust preferred securities guarantee will be held by the trust preferred guarantee trustee for the benefit of the holders of the trust preferred securities of the applicable trust.

GENERAL

Pursuant to each trust preferred securities guarantee, XL Capital will irrevocably and unconditionally agree to pay in full to the holders of the trust preferred securities issued by a trust the guarantee payments (as defined herein) (without duplication of amounts theretofore paid by such trust), to the extent not paid by such trust, regardless of any defense, right of set-off or counterclaim that such trust may have or assert.

The following payments or distributions with respect to the trust preferred securities issued by a trust to the extent not paid or made by such trust (the "guarantee payments") will be subject to the trust preferred securities guarantee thereon (without duplication):

- (i) any accrued and unpaid distributions that are required to be paid on such trust preferred securities, to the extent such trust has funds available therefor,
- (ii) the redemption price, which includes all accrued and unpaid distributions to the date of the redemption, to the extent such trust has funds available therefor, with respect to any trust preferred securities called for redemption by such trust and
- (iii) upon a voluntary or involuntary termination, dissolution or winding-up of such trust (other than in connection with the distribution of subordinated deferrable interest debentures to the holders of trust preferred securities in exchange for trust preferred securities), the lesser of
 - (a) the aggregate of the liquidation amount and all accrued and unpaid distributions on such trust preferred securities to the date of payment, to the extent such trust has funds available therefor, and
 - (b) the amount of assets of such trust remaining available for distribution to holders of trust preferred securities in liquidation of such trust.

Edgar Filing: XL CAPITAL LTD - Form 424B2

XL Capital's obligation to make a guarantee payment may be satisfied by direct payment of the required amounts by XL Capital to the holders of trust preferred securities or by causing the applicable trust to pay such amounts to such holders.

Each trust preferred securities guarantee will be a full and unconditional guarantee of the guarantee payments with respect to the trust preferred securities issued by the applicable trust from the time of issuance of the trust preferred securities, but will not apply to the payment of distributions and other payments on such trust preferred securities when the property trustee does not have sufficient funds in such property account to make such distributions or other payments. If XL Capital does not make interest pay-

52

ments on the subordinated deferrable interest debentures held by the property trustee, such trust will not make distributions on the trust preferred securities issued by such trust and will not have funds available therefor.

XL Capital has also agreed separately to guarantee the obligations of the trust with respect to the trust common securities (the "trust common securities guarantee") to the same extent as the trust preferred securities guarantee, except that upon the occurrence and during the continuation of an indenture event of default, holders of trust preferred securities shall have priority over holders of trust common securities with respect to distributions and payments on liquidation, redemption or otherwise.

CERTAIN COVENANTS OF XL CAPITAL

In each trust preferred securities guarantee, XL Capital will covenant that, so long as the trust preferred securities issued by the relevant trust remain outstanding, if there shall have occurred and is continuing any event that constitutes an event of default under such trust preferred securities guarantee or the declaration of such trust, then XL Capital shall not:

- (a) declare or pay any dividend on, or make any distribution with respect to, or redeem, purchase, acquire or make a liquidation payment with respect to, any of its capital stock,
- (b) make any payment of interest, principal or premium, if any, on or repay, repurchase or redeem any debt securities issued by XL Capital which rank equal with or junior to the subordinated deferrable interest debentures and
- (c) make any guarantee payments (other than pursuant to the trust preferred securities guarantee) with respect to the foregoing. However, the foregoing restriction will not apply to any dividend, redemption, liquidation, interest, principal or guarantee payments by XL Capital where the payment is made by way of securities (including capital stock) that rank junior to the securities on which such dividend, redemption, interest, principal or guarantee payment is being made.

AMENDMENTS AND ASSIGNMENT

Except with respect to any changes which do not materially adversely affect the rights of holders of trust preferred securities (in which case no consent will be required), each trust preferred securities guarantee may be

Edgar Filing: XL CAPITAL LTD - Form 424B2

amended only with the prior approval of the holders of not less than a majority in liquidation amount of the outstanding trust preferred securities issued by the relevant trust. The manner of obtaining any such approval of holders of such trust preferred securities will be set forth in the applicable prospectus supplement. All guarantees and agreements contained in a trust preferred securities guarantee shall bind the successors, assigns, receivers, trustees and representatives of XL Capital and shall inure to the benefit of the preferred guarantee trustee and the holders of the trust preferred securities then outstanding of the relevant trust.

TERMINATION OF THE TRUST PREFERRED SECURITIES GUARANTEE

Each trust preferred securities guarantee will terminate and be of no further force and effect as to the trust preferred securities issued by the applicable trust upon full payment of the redemption price of all trust preferred securities of such trust, or upon distribution of the subordinated deferrable interest debentures by such trust to the holders of the trust preferred securities of such trust, and will terminate completely upon full payment of the amounts payable upon liquidation of such trust. Each trust preferred securities guarantee will continue to be effective or will be reinstated, as the case may be, if at any time any holder of trust preferred securities must repay to such trust or XL Capital, or their successors, any sums paid to them under such trust preferred securities or the trust preferred securities guarantee.

53

EVENTS OF DEFAULT

An event of default under a trust preferred securities guarantee will occur upon the failure of XL Capital to perform any of its payment or other obligations thereunder.

The holders of a majority in liquidation amount of the trust preferred securities have the right to direct the time, method and place of conducting any proceeding for any remedy available to the trust preferred guarantee trustee in respect of such trust preferred securities guarantee or to direct the exercise of any trust or power conferred upon the trust preferred guarantee trustee under such trust preferred securities guarantee. If the trust preferred guarantee trustee fails to enforce such trust preferred securities guarantee, any holder of trust preferred securities may institute a legal proceeding directly against XL Capital to enforce the preferred guarantee trustee's rights under such trust preferred securities guarantee, without first instituting a legal proceeding against the relevant trust, the trust preferred guarantee trustee or any other person or entity. In addition, any record holder of trust preferred securities relating to such trust shall have the right, which is absolute and unconditional, to proceed directly against XL Capital to obtain guarantee payments, without first waiting to determine if the trust preferred guarantee trustee has enforced such trust preferred security guarantee or instituting a legal proceeding against the trust which issued such trust preferred securities, the trust preferred guarantee trustee or any other person or entity.

STATUS AND RANKING OF THE TRUST PREFERRED SECURITIES GUARANTEE

XL Capital's obligations under the trust preferred securities guarantee to make the guarantee payments will constitute an unsecured obligation of XL Capital and will rank

- (i) subordinate and junior in right of payment to all other liabilities of XL Capital, including the subordinated deferrable interest

Edgar Filing: XL CAPITAL LTD - Form 424B2

debentures, except those liabilities of XL Capital expressly made equal with or subordinate to the guarantee payments by their terms,

- (ii) equal with the most senior preferred stock issued from time to time by XL Capital and with any guarantee now or hereafter entered into by XL Capital in respect of any preferred stock of any subsidiary or affiliate of XL Capital and
- (iii) senior to XL Capital's common stock.

The terms of the trust preferred securities provide that each holder of trust preferred securities issued by such trust by acceptance thereof agrees to the subordination provisions and other terms of the trust preferred securities guarantee relating thereto.

Each trust preferred securities guarantee will constitute a guarantee of payment and not of collection (that is, the guaranteed party may institute a legal proceeding directly against the guarantor to enforce its rights under the guarantee without instituting a legal proceeding against any other person or entity). Each trust preferred securities guarantee will be deposited with the trust preferred guarantee trustee to be held for the benefit of the holders of the trust preferred securities of the relevant trust. Except as otherwise noted herein, such trust preferred guarantee trustee has the right to enforce the trust preferred securities guarantee on behalf of the holders of such trust preferred securities. Each trust preferred securities guarantee will not be discharged except by payment of the guarantee payments in full (without duplication of amounts theretofore paid by the such trust).

XL Capital's obligations under the trust preferred securities guarantee with respect to the trust preferred securities issued by each trust, taken together with its obligations under the declaration for each trust, the subordinated deferrable interest debentures purchased by such trust and the indenture, in the aggregate will provide a full and unconditional guarantee by XL Capital of payments due on the trust preferred securities issued by each trust.

INFORMATION CONCERNING THE PREFERRED GUARANTEE TRUSTEE

The trust preferred guarantee trustee, prior to the occurrence of a default with respect to a trust preferred securities guarantee and after the curing of all such defaults that may have occurred, undertakes to perform only such duties as are specifically set forth in such trust preferred securities guarantee and, after default, shall exercise the same degree of care as a prudent individual would exercise in the conduct of his or her own affairs. Subject to such provisions, the trust preferred guarantee trustee is under no obligation to exercise any of the powers vested in it by the trust preferred securities guarantee at the request of any holder of trust preferred securities, unless offered reasonable indemnity against the costs, expenses and liabilities which might be incurred thereby; but the foregoing shall not relieve the trust preferred guarantee trustee, upon the occurrence of an event of default under the trust preferred securities guarantee, from exercising the rights and powers vested in it by the trust preferred securities guarantee. The trust preferred guarantee trustee also serves as property trustee under the declaration for each trust and as trustee of the indenture relating to the subordinated deferrable interest debentures.

Edgar Filing: XL CAPITAL LTD - Form 424B2

GOVERNING LAW

Each trust preferred securities guarantee will be governed by, and construed in accordance with, the internal laws of the State of New York.

DESCRIPTION OF THE SUBORDINATED DEFERRABLE INTEREST DEBENTURES

Subordinated deferrable interest debentures may be issued from time to time in one or more series under an indenture (the "indenture") to be entered into XL Capital and State Street Bank and Trust Company, as trustee (the "subordinated debt trustee"). The terms of the subordinated deferrable interest debentures will include those stated in the indenture and in any supplemental indenture hereto (as defined below) and those made part of the indenture by reference to the Trust Indenture Act. The following summary does not purport to be complete and is subject in all respects to the provisions of, and is qualified in its entirety by reference to, the indenture, which is filed as an exhibit to the registration statement of which this prospectus forms a part, and the Trust Indenture Act. Whenever particular provisions or defined terms in the indenture are referred to herein, such provisions or defined terms are incorporated by reference herein.

GENERAL

The subordinated deferrable interest debentures will be unsecured, subordinated obligations of XL Capital. The indenture does not limit the aggregate principal amount of subordinated deferrable interest debentures which may be issued thereunder and provides that the subordinated deferrable interest debentures may be issued from time to time in one or more series. The subordinated deferrable interest debentures are issuable pursuant to an indenture supplemental to the indenture or a resolution of XL Capital's board of directors or a special committee thereof (each, a "supplemental indenture").

In the event subordinated deferrable interest debentures are issued to a trust or a trustee of such trust in connection with the issuance of trust securities by such trust, such subordinated deferrable interest debentures subsequently may be distributed PRO RATA the holders of the trust securities in connection with the termination of such trust upon the occurrence of certain events described in the prospectus supplement relating to the trust securities. Only one series of subordinated deferrable interest debentures will be issued to a trust or a trustee of such trust in connection with the issuance of trust securities by such trust.

Reference is made to the indenture, any supplemental indenture and any prospectus supplement for the following terms of the series of subordinated deferrable interest debentures being offered thereby:

- (i) the specific title of such subordinated deferrable interest debentures;
- (ii) any limit on the aggregate principal amount of such subordinated deferrable interest debentures;

55

- (iii) the date or dates on which the principal of such subordinated deferrable interest debentures is payable and the right, if any, to extend such date or dates;
- (iv) the rate or rates at which such subordinated deferrable interest

Edgar Filing: XL CAPITAL LTD - Form 424B2

debentures will bear interest or the method of determination of such rate or rates;

- (v) the date or dates from which such interest shall accrue, the interest payment dates on which such interest will be payable or the manner of determination of such interest payment dates and the record dates for the determination of holders to whom interest is payable on any such interest payment dates;
- (vi) the right, if any, to extend the interest payment periods and the duration of such extension;
- (vii) the period or periods within which, the price or prices at which, and the terms and conditions upon which, such subordinated deferrable interest debentures may be redeemed, in whole or in part, at the option of XL Capital;
- (viii) the right and/or obligation, if any, of XL Capital to redeem or purchase such subordinated deferrable interest debentures pursuant to any sinking fund or analogous provisions or at the option of the holder thereof and the period(s) during which, the price(s) at which, and the terms and conditions upon which, such subordinated deferrable interest debentures shall be redeemed or purchased, in whole or in part, pursuant to such right and/or obligation;
- (ix) the terms of subordination;
- (x) if other than denominations of \$25 or any integral multiple thereof, the denominations in which such subordinated deferrable interest debentures shall be issuable;
- (xi) any and all other terms with respect to such series; and
- (xii) whether such subordinated deferrable interest debentures are issuable as a global security, and in such case, the identity of the depositary.

The indenture does not contain any provisions that afford holders of subordinated deferrable interest debentures protection in the event of a highly leveraged transaction involving XL Capital.

SUBORDINATION

The subordinated deferrable interest debentures will be subordinated and junior in right of payment to certain other indebtedness of XL Capital to the extent set forth in the indenture, any supplemental indenture and any prospectus supplement.

CERTAIN COVENANTS

If subordinated deferrable interest debentures are issued to a trust or a trustee of such trust in connection with the issuance of trust securities by such trust and

- (i) there shall have occurred and be continuing any event that would constitute an event of default under the indenture or
- (ii) XL Capital shall be in default with respect to its payment of any obligations under the related trust preferred securities guarantee or trust common securities guarantee, and such default shall be continuing,

then XL Capital shall not:

- (a) declare or pay any dividend on, make any distributions with respect to, or redeem, purchase or make a liquidation payment with respect to, any of its capital stock,
- (b) make any payment of interest, principal or premium, if any, on or repay, repurchase or redeem any debt securities issued by XL Capital which rank equal with or junior to such subordinated deferrable interest debentures and
- (c) make any guarantee payments (other than pursuant to the trust preferred security guarantees) with respect to the foregoing.

If subordinated deferrable interest debentures are issued to a trust or a trustee of such trust in connection with the issuance of trust securities by such trust and XL Capital shall have given notice of its election to defer payments of interest on such subordinated deferrable interest debentures by extending the interest payment period as provided in the indenture or any supplemental indenture and such period, or any extension thereof, shall be continuing, then XL Capital shall not:

- (a) declare or pay any dividend on, make any distributions with respect to, or redeem, purchase or make a liquidation payment with respect to, any of its capital stock,
- (b) make any payment of interest, principal or premium, if any, on or repay, repurchase or redeem any debt securities issued by XL Capital which rank equal with or junior to such subordinated deferrable interest debentures and
- (c) make any guarantee payments (other than pursuant to the trust preferred security guarantees) with respect to the foregoing.

Notwithstanding the foregoing restrictions, XL Capital will be permitted, in any event, to make dividend, redemption, liquidation and guarantee payments on capital stock, and interest, principal, redemption and guarantee payments on debt securities issued by XL Capital ranking equal with or junior to subordinated deferrable interest debentures, where the payment is made by way of securities (including capital stock) that rank junior to the securities on which such payment is being made.

In the event subordinated deferrable interest debentures are issued to a trust or a trustee of such trust in connection with the issuance of trust securities of such trust, for so long as such trust securities remain outstanding, XL Capital will covenant:

- (i) to directly or indirectly maintain 100% ownership of the trust common securities of such trust; PROVIDED, HOWEVER, that any permitted successor of XL Capital under the indenture may succeed to XL Capital's ownership of such trust common securities,
- (ii) not to cause, as sponsor of such trust, or to permit, as holder of the trust common securities of such trust, the termination, dissolution or winding-up of such trust, except in connection with a distribution of the subordinated deferrable interest debentures as provided in the declaration of such trust and in connection with certain mergers, consolidations or amalgamations as permitted by the

Edgar Filing: XL CAPITAL LTD - Form 424B2

declaration of such trust,

- (iii) to use its reasonable efforts to cause such trust
- (a) to remain a statutory business trust, except in connection with the distribution of subordinated deferrable interest debentures to the holders of trust securities in liquidation of such trust, the redemption of all of the trust securities of such trust, or certain mergers, consolidations or amalgamations, each as permitted by the declaration of such trust, and

57

- (b) to otherwise continue not to be classified as an association taxable as a corporation or partnership for United States federal income tax purposes and
- (iv) to use reasonable efforts to cause each holder of trust securities of such trust to be treated as owning an undivided beneficial interest in the subordinated deferrable interest debentures issued to such trust.

FORM, EXCHANGE, REGISTRATION AND TRANSFER

Subordinated deferrable interest debentures of each series will be issued in registered form and in either certificated form or represented by one or more global securities. If not represented by one or more global securities, subordinated deferrable interest debentures may be presented for registration of transfer (with the form of transfer endorsed thereon duly executed) or exchange at the office of the debt registrar or at the office of any transfer agent designated by XL Capital for such purpose with respect to any series of subordinated deferrable interest debentures and referred to in an applicable prospectus supplement, without service charge and upon payment of any taxes and other governmental charges as described in the indenture or any supplemental indenture.

Such transfer or exchange will be effected upon the debt registrar or such transfer agent, as the case may be, being satisfied with the documents of title and identity of the person making the request. XL Capital has appointed the subordinated debt trustee as debt registrar with respect to each series of subordinated deferrable interest debentures.

If a prospectus supplement or supplemental indenture refers to any transfer agents (in addition to the debt registrar) initially designated by XL Capital with respect to any series of subordinated deferrable interest debentures, XL Capital may at any time rescind the designation of any such transfer agent or approve a change in the location through which any such transfer agent acts, except that XL Capital will be required to maintain a transfer agent in each place of payment for such series. XL Capital may at any time designate additional transfer agents with respect to any series of subordinated deferrable interest debentures.

In the event of any redemption in part, XL Capital shall be required to:

- (i) issue, register the transfer of or exchange any subordinated deferrable interest debentures during a period beginning at the opening of business 15 days before any selection for redemption of subordinated deferrable interest debentures of like tenor and of the series of which such subordinated deferrable interest debentures are

Edgar Filing: XL CAPITAL LTD - Form 424B2

a part, and ending at the close of business on the earliest date on which the relevant notice of redemption is deemed to have been given to all holders of subordinated deferrable interest debentures of like tenor and of such series to be redeemed and

- (ii) register the transfer of or exchange any subordinated deferrable interest debentures so selected for redemption, in whole or in part, except the unredeemed portion of any subordinated deferrable interest debentures being redeemed in part.

PAYMENT AND PAYING AGENTS

Unless otherwise indicated in an applicable prospectus supplement,

- (i) payment of principal of and premium, if any, on any subordinated deferrable interest debentures will be made only against surrender to the paying agent of such subordinated deferrable interest debentures;
- (ii) principal of, any premium, if any, and interest, if any, on subordinated deferrable interest debentures will be payable, subject to any applicable laws and regulations, at the office of such paying agent or paying agents as XL Capital may designate from time to time, except that, at the option

58

of XL Capital, payment of any interest may be made by check mailed to the address of the person entitled thereto as such address shall appear in the debt register with respect to such subordinated deferrable interest debentures;

- (iii) payment of interest on a subordinated deferrable interest debenture on any interest payment date will be made to the person in whose name such subordinated deferrable interest debenture (or predecessor security) is registered at the close of business on the regular record date for such interest payment.

The subordinated debt trustee will act as paying agent with respect to each series of subordinated deferrable interest debentures. XL Capital may at any time designate additional paying agents or rescind the designation of any paying agent or approve a change in the office through which any paying agent acts, except that XL Capital will be required to maintain a paying agent in each place of payment for each series of subordinated deferrable interest debentures.

All moneys paid by XL Capital to a paying agent for the payment of the principal of or premium or interest, if any, on any subordinated deferrable interest debentures of any series which remain unclaimed at the end of two years after such principal or premium or interest, if any, shall have become due and payable will be repaid to XL Capital and the holder of such subordinated deferrable interest debentures will thereafter look only to XL Capital for payment thereof.

GLOBAL SECURITIES

If any subordinated deferrable interest debentures of a series are represented by one or more global securities (each, a "global security"), the applicable prospectus supplement and supplemental indenture will describe the circumstances, if any, under which beneficial owners of interests in any such global security may exchange such interests for subordinated deferrable interest

Edgar Filing: XL CAPITAL LTD - Form 424B2

debentures of such series and of like tenor and principal amount in any authorized form and denomination. Principal of and any premium, if any, and interest on a global security will be payable in the manner described in the applicable prospectus supplement.

The specific terms of the depositary arrangement with respect to any portion of a series of subordinated deferrable interest debentures to be represented by a global security will be described in the applicable prospectus supplement and supplemental indenture.

MODIFICATION OF THE INDENTURE

The indenture contains provisions permitting XL Capital and the subordinated debt trustee, with the consent of the holders of not less than a majority in principal amount of the subordinated deferrable interest debentures of each series which are affected by the modification, to modify the indenture or any supplemental indenture affecting that series or the rights of the holders of that series of subordinated deferrable interest debentures; PROVIDED, HOWEVER, that no such modification may, without the consent of the holder of each outstanding subordinated deferrable interest debenture affected thereby,

- (i) extend the fixed maturity of any subordinated deferrable interest debentures of any series, or reduce the principal amount thereof, or reduce the rate or extend the time for payment of interest thereon, or reduce any premium payable upon the redemption thereof;
- (ii) reduce the percentage of subordinated deferrable interest debentures the holders of which are required to consent to any such supplemental indenture;
- (iii) change the amount or time of any payment required by any sinking fund provisions of any subordinated deferrable interest debentures;

59

- (iv) make any change that materially adversely affects the rights of a holder of subordinated deferrable interest debentures to require XL Capital to purchase a subordinated deferrable interest debenture in accordance with the terms thereof and the applicable indenture;
- (v) waive a default in the payment of the principal of or interest, if any, on any subordinated deferrable interest debenture; or
- (vi) make any subordinated deferrable interest debenture payable in money or securities other than as stated in such subordinated deferrable interest debenture.

In addition, XL Capital and the subordinated debt trustee may execute, without the consent of any holder of subordinated deferrable interest debentures, any supplemental indenture for certain other usual purposes including:

- o to cure any ambiguity, omission, defect or inconsistency;
- o to make any change that does not, in the good faith opinion of XL Capital's board of directors and the subordinated debt trustee, adversely affect the interests of holders of such subordinated deferrable interest debentures in any material respect;

Edgar Filing: XL CAPITAL LTD - Form 424B2

- o to provide for the assumption of XL Capital's obligations under the indenture by a successor upon any merger, consolidation or asset transfer permitted under the indenture;
- o to establish the form or terms of any series of subordinated deferrable interest debentures as permitted by the indenture;
- o to add events of default with respect to such subordinated deferrable interest debentures;
- o to add covenants that would benefit the holders of the subordinated deferrable interest debentures or to surrender any rights or powers XL Capital has under the indenture;
- o to make any change necessary for the registration of the subordinated deferrable interest debentures under the Securities Act or to comply with the Trust Indenture Act of 1939, or any amendment thereto, or to comply with any requirement of the SEC in connection with the qualification of the indenture under the Trust Indenture Act of 1939; PROVIDED, HOWEVER, that such modification or amendment does not, in the good faith opinion of XL Capital's board of directors and the subordinated debt trustee, adversely affect the interests of the holders of the subordinated deferrable interest debentures in any material respect;
- o to add to or change any of the provisions of the indenture to such extent as shall be necessary to permit or facilitate the issuance of the subordinated deferrable interest debentures in bearer form, registrable or not registrable as to principal, and with or without interest coupons;
- o to change or eliminate any of the provisions of the indenture, PROVIDED, HOWEVER, that any such change or elimination shall become effective only when there are no subordinated deferrable interest debentures outstanding of any series created prior to the execution of such supplemental indenture which is entitled to the benefit of such provision;
- o to establish the form or terms of subordinated deferrable interest debentures of any series as permitted by the indenture; or
- o to evidence and provide for the acceptance of appointment by a successor trustee with respect to the subordinated deferrable interest debentures of one or more series and to add to or change any of the provisions of the indenture as shall be necessary to provide for or facilitate the admin-

60

istration of the trusts under the indenture by more than one subordinated debt trustee, pursuant to the requirements of the indenture.

EVENTS OF DEFAULT

With respect to a particular series of subordinated deferrable interest debentures, the indenture provides (or the supplemental indenture for such series will provide) that any one or more of the following described events which has occurred and is continuing constitutes an "event of default" with

Edgar Filing: XL CAPITAL LTD - Form 424B2

respect to such series of subordinated deferrable interest debentures:

- (a) failure to pay interest on the subordinated deferrable interest debentures of such series within 60 days of when due or principal of any debt securities of such series when due (including any sinking fund payment); or
- (b) failure to perform any other agreement contained in the subordinated deferrable interest debentures of such series or the indenture relating to such series (other than an agreement relating solely to another series of subordinated deferrable interest debentures) for 90 days after notice has been given to XL Capital; or
- (c) certain events of bankruptcy, insolvency or reorganization of XL Capital; or
- (d) in the event subordinated deferrable interest debentures are issued to a trust or a trustee of such trust in connection with the issuance of trust securities by such trust, the voluntary or involuntary dissolution, winding-up or termination of such trust, except in connection with the distribution of subordinated deferrable interest debentures to the holders of trust securities in liquidation of such trust, the redemption of all of the trust securities of such trust, or certain mergers, consolidations or amalgamations, each as permitted by the declaration of such trust.

The holders of a majority in aggregate outstanding amount of any series of subordinated deferrable interest debentures have the right to direct the time, method and place of conducting any proceeding for any remedy available to the subordinated debt trustee for the series. The subordinated debt trustee or the holders of not less than 25% in aggregate outstanding principal amount of any particular series of the subordinated deferrable interest debentures may declare the principal and interest, if any, accrued to the date of acceleration immediately due and payable upon an event of default with respect to such series, but the holders of a majority in aggregate outstanding principal amount of such series may annul such declaration and waive the default with respect to such series if the event of default has been cured, the rescission would not conflict with any judgment or decree and a sum sufficient to pay all matured installments of interest and principal due otherwise than by acceleration and any applicable premium has been deposited with the subordinated debt trustee. If an event of default results from the failure of XL Capital to pay when due principal of or interest on the subordinated deferrable interest debentures issued to a trust, during the continuance of such an event of default a holder of trust preferred securities issued by such trust may immediately institute a legal proceeding directly against XL Capital to obtain payment of such principal or interest on subordinated deferrable interest debentures having a principal amount equal to the aggregate liquidation amount of the trust preferred securities owned of record by such holder.

The holders of a majority in aggregate outstanding principal amount of any series of subordinated deferrable interest debentures affected thereby may, on behalf of the holders of all the subordinated deferrable interest debentures of such series, waive any past default, except:

- (i) a default in the payment of principal, premium, if any, or interest (unless such default has been cured and a sum sufficient to pay all matured installments of interest and principal due otherwise than by acceleration and any applicable premium has been deposited with the subordinated debt trustee) or

Edgar Filing: XL CAPITAL LTD - Form 424B2

- (ii) a default in the covenants described in the first or second paragraph under "-- Certain Covenants" above.

CONSOLIDATION, MERGER AND SALE

The indenture contains a covenant which restricts the ability of XL Capital to merge or consolidate with or into any other corporation, sell or convey all or substantially all of its assets to any person, firm or corporation or otherwise engage in restructuring transactions unless (i) either XL Capital is the successor or, if XL Capital is not the surviving person, the surviving person assumes by supplemental indenture all of the obligations of XL Capital under the subordinated deferrable interest debentures and the indenture; and (ii) immediately after giving effect to such transaction, no event of default shall have occurred and be continuing.

DEFEASANCE AND DISCHARGE

Under the terms of the indenture, XL Capital will be discharged from any and all obligations in respect of the subordinate deferrable interest debentures of any series (except in each case for certain obligations to register the transfer or exchange of subordinated deferrable interest debentures, replace stolen, lost or mutilated subordinated deferrable interest debentures, maintain paying agencies and hold moneys for payment in trust) if either (i) all subordinated deferrable interest debentures of such series previously authenticated and delivered have been delivered to the trustee for cancellation (subject to certain provisions of the indenture), or (ii) XL Capital deposits with the subordinated debt trustee, in trust, moneys or U.S. government obligations in an amount sufficient to pay all the principal of, and interest on, the subordinated deferrable interest debentures of such series on the dates such payments are due in accordance with the terms of such subordinated deferrable interest debentures.

GOVERNING LAW

The indenture and the subordinated deferrable interest debentures will be governed by, and construed in accordance with, the internal laws of the State of New York.

INFORMATION CONCERNING THE SUBORDINATED DEBT TRUSTEE

The subordinated debt trustee, prior to default, undertakes to perform only such duties as are specifically set forth in the indenture or any supplemental indenture and, after default, shall exercise the same degree of care as a prudent individual would exercise in the conduct of his or her own affairs. Subject to such provision, the subordinated debt trustee is under no obligation to exercise any of the powers vested in it by the indenture or any supplemental indenture at the request of any holder of subordinated deferrable interest debentures, unless offered reasonable indemnity by such holder against the costs, expenses and liabilities which might be incurred thereby. The subordinated debt trustee is not required to expend or risk its own funds or otherwise incur personal financial liability in the performance of its duties if the subordinated debt trustee reasonably believes that repayment or adequate indemnity is not reasonably assured to it.

XL Capital and certain of its affiliates maintain a deposit account and banking relationship with the subordinated debt trustee. The subordinated debt trustee serves as trustee under other indentures pursuant to which unsecured debt securities of XL Capital are outstanding.
