PART I

Item 1. *Business.*

J.W. Mays, Inc. (the Company or Registrant) with executive offices at 9 Bond Street, Brooklyn, New York 11201, operates a number of commercial real estate properties, which are described in Item 2 Properties . The Company s business was founded in 1924 and incorporated under the laws of the State of New York on July 6, 1927.

The Company discontinued its department store business which operated under the name of MAYS , in the year ended July 31, 1989, and has continued the leasing of real estate. The Company has no foreign operations.

The Company employs approximately 29 employees and has a contract, expiring November 30, 2007, with a union covering rates of pay, hours of employment and other conditions of employment for approximately 24% of its employees. The Company intends to renew the union contract on a timely basis. The Company considers that its labor relations with its employees and union are good.

Cautionary Statement Regarding Forward-Looking Statements

This Annual Report on Form 10-K may contain forward-looking statements which include assumptions about future market conditions, operations and financial results. These statements are based on current expectations and are subject to risks and uncertainties. They are made pursuant to safe harbor provisions of the Private Securities Litigation Reform Act of 1995. The Company s actual results, performance or achievements in the future could differ significantly from the results, performance or achievements discussed or implied in such forward-looking statements herein and in prior Securities and Exchange Commission filings by the Company. The Company assumes no obligation to update these forward-looking statements or to advise of changes in the assumptions on which they were based.

Factors that could cause or contribute to such differences include, but are not limited to, changes in the competitive environment of the Company, general economic and business conditions, industry trends, changes in government rules and regulations and environmental rules and regulations. Statements concerning interest rates and other financial instrument fair values and their estimated contribution to the Company s future results of operations are based upon market information as of a specific date. This market information is often a function of significant judgment and estimation. Further, market interest rates are subject to significant volatility.

Item 1A. *Risk Factors.*

Risks Relating to Ownership Structure

The controlling shareholder group may be able to vote its shares in favor of its interests that may not always coincide with the interests of shareholders not part of such group. This risk may be counter-balanced to a degree by the actions of the Board of Directors whose composition is made up of a majority of independent directors.

The controlling shareholder group includes a corporation that owns a significant percentage of the Company s common stock and which does business with the Company, as further described in the Notes to the Consolidated Financial Statements. In theory, this could result in a conflict of interest; nevertheless, the Company and its largest shareholder have put in place some controls to reduce the effects of any perceived conflict of interest.

Certain conflicts of interest may be perceived by the relationship between the Company and its largest shareholder. Both entities use the same outside auditors and other professionals, both entities have the same Chief Executive Officer, and certain management personnel work for both entities. Nevertheless, the Company s Board of Directors is composed of a majority of independent directors. As recently as 2005, in a case involving both entities, the Delaware

Supreme Court in connection with an attempt to obtain books and records of the Company through a proceeding against the Company's significant shareholder, held that the actions of the Company's Board were proper.

Risks Related to Our Business

We are a part of the communities in which we do business. Accordingly, like other businesses in our communities, we are subject to the following risks:

the continued
threat of
terrorism;

economic
downturns,
both on a
national and
on local
scales;

loss of key
personnel;

the
availability, if
needed, of
additional
financing;

the continued
availability of
insurance (in
different types
of policies) at
reasonably
acceptable
rates; and

the general
burdens of
governmental
regulation, at
the local,
State and
Federal levels.

Risks Related to Real Estate Operations

Our investment in property development may be limited by increasing costs required to fit up property to be leased to tenants. Also, as the cost of fitting up properties increases, we may be required to wait and forsake opportunities that would be revenue producing until such time that we obtain the necessary financing of such ventures. This risk may be mitigated by our obtaining of lines of credit and other financing vehicles, although such have significant limitations on the amounts that may be borrowed at any point in time.

We also may be subject to environmental liability as an owner or operator of properties. Many of our properties are old and when we need to fit up a property for a new tenant, we may find materials and the like that could be deemed to contain hazardous elements requiring remediation or encapsulation.

There are also risks associated with non-renewals of leases by the Company's landlords and the loss of major tenants. The Company is trying to mitigate the latter by leasing our properties to multiple tenants where applicable in order to diversify the tenant base.

Risks Related to our Investments

Excess cash and cash equivalents may be invested from time to time. We seek to earn rates of return that will help us finance our business operations. These investments may be subject to significant uncertainties and may not be successful for many reasons, including, but not limited to the following:

fluctuations in
interest rates;

worsening of
general
economic and
market
conditions;
and

adverse legal
and regulatory
developments
that may
affect a
particular
business.

Risk Factors Summary

These are some of the Risk Factors that could affect the Company's business. The Company endeavors to take actions and do business in a way that reduces these Risk Factors or, at least, takes them into account when conducting its business. Nevertheless, some of these Risk Factors cannot be avoided so that the Company must also take actions and do business that negates the adverse effects that these may have on the ongoing business of the Company.

Item 2. Properties.

The table below sets forth certain information as to each of the properties currently operated by the Company:

Location	Approximate Square Feet
1. Brooklyn, New York Fulton Street at Bond Street	380,000

The real estate taxes for this property are \$71,453 per year and the rate used is averaged at \$3.88 per \$100 of assessed valuation.

8. *Brooklyn, New York Livingston Street*

The City of New York through its Economic Development Administration constructed a municipal garage at Livingston Street opposite the Company's Brooklyn properties. The Company has a long-term lease with the City of New York and another landlord expiring in 2013 with renewal options, the last of which expires 2073, under which:

(1) Such garage, available to the public, provides truck bays and passage facilities through a tunnel, both for the exclusive use of the Company, to the structure referred to in (2) below. The truck bays, passage facilities and tunnel, totaling approximately 17,000 square feet, are included in the lease from the City of New York and another landlord referred to in the preceding paragraph.

(2) The Company constructed a building of six stories and basement on a 20 x 75-foot plot (acquired and made available by the City of New York and leased to the Company for a term

expiring in 2013 with renewal options, the last of which expires in 2073). The plot is adjacent to and connected with the Company's Brooklyn properties.

In the opinion of management, all of the Company's properties are adequately covered by insurance.

See Note 10 to the Consolidated Financial Statements contained in the 2007 Annual Report to Shareholders, which information is incorporated herein by reference, for information concerning the tenants, the rental income from which equals 10% or more of the Company's rental income.

Item 3. Legal Proceedings.

There are various lawsuits and claims pending against the Company. It is the opinion of management that the resolution of these matters will not have a material adverse effect on the Company's Consolidated Financial Statements.

In response to a termination notice that the Company received concerning its tenancy in a portion of the Jowein building, Brooklyn, New York, on April 25, 2007, the Company filed a lawsuit against its landlords in New York State Supreme Court, Kings County. In the lawsuit, the Company seeks a judgment declaring that the landlords termination notice was improperly issued and that the Company is not required to correct or cure the purported defaults cited in the termination notice. In addition, the Company seeks an order temporarily, preliminarily and permanently enjoining the landlords from taking any action to terminate the lease or otherwise interfere with the Company's possession of the premises.

On May 16, 2007, the New York State Supreme Court granted the Company's motion for preliminary injunctive relief and enjoined the landlords, during the pendency of this action, from taking any action to evict the Company, terminate the Company's lease which is scheduled to expire on April 30, 2010, and/or commencing summary action adverse to the Company's rights or otherwise disturb the Company's possession of the premises. The landlords have answered the complaint denying the allegations and asserting counterclaims against the Company relating to the premises. Discovery is ongoing. Management of the Company is unable to predict the outcome of this matter or whether the Company will be required to expend significant amounts of money in order to correct any of the purported defaults.

Item 4. Submission of Matters to a Vote of Security Holders.

During the fourth quarter of the fiscal year covered by this report, no matter was submitted to a vote of security holders of the Company.

Item 6. *Selected Financial Data.*

The information appearing under the heading "Summary of Selected Financial Data" on page 2 of the Registrant's 2007 Annual Report to Shareholders is incorporated herein by reference.

Item 7. *Management's Discussion and Analysis of Financial Condition and Results of Operations.*

The information appearing under the heading "Management's Discussion and Analysis of Financial Condition and Results of Operations" on pages 19 through 23 of the Registrant's 2007 Annual Report to Shareholders is incorporated herein by reference.

Item 7A. *Quantitative and Qualitative Disclosures About Market Risk.*

The Company uses both fixed-rate and variable-rate debt to finance its capital requirements. These transactions expose the Company to market risk related to changes in interest rates. The Company does not use derivative financial instruments. At July 31, 2007, the Company had fixed-rate debt of \$7,149,227, and variable rate debt of \$6,269,441. Because of the extension of the Fishkill, New York property loan and the Bond Street building, Brooklyn, New York and the Jowein building, Brooklyn, New York loans (presently with balances of \$1,834,726, \$3,694,715 and \$740,000, respectively), if interest rates were to change 100 basis points, the effect on net income from operations and future cash flows would be a decrease, should the rates increase, or an increase, should the rates decline, of \$62,694 for these loans.

Item 8. *Financial Statements and Supplementary Data.*

The Registrant's Consolidated Financial Statements, together with the report of D'Arcangelo & Co., LLP, independent registered public accounting firm, dated October 5, 2007, appearing on pages 4 through 18 of the Registrant's 2007 Annual Report to Shareholders is incorporated herein by reference. With the exception of the aforementioned information and the information incorporated by reference in Items 2, 5, 6, and 7 hereof, the 2007 Annual Report to Shareholders is not to be deemed filed as part of this Form 10-K Annual Report.

Item 9. *Changes in and Disagreements with Accountants on Accounting and Financial Disclosure.*

There are no disagreements between the Company and its accountants relating to accounting or financial disclosures.

Item 9A. *Controls and Procedures.*

(a) *Evaluation of disclosure controls and procedures.*

The Company's management reviewed the Company's internal controls and procedures and the effectiveness of these controls. As of July 31, 2007, the Company carried out an evaluation, under the supervision and with the participation of the Company's management, including its Chief Executive Officer and Chief Financial Officer, of the effectiveness of the design and operation of the Company's disclosure controls and procedures pursuant to Rules 13a-14(c) and 15d-14(c) of the Securities Exchange Act of 1934. Based upon that evaluation, the Chief Executive Officer and Chief Financial Officer concluded that the Company's disclosure controls and procedures are effective in timely alerting them to material information relating to the Company required to be included in its periodic SEC filings.

(b) *Change to internal controls.*

There was no change in the Company's internal controls over financial reporting or in other factors during the Company's last fiscal quarter that materially affected, or are reasonably likely to materially affect, the Company's internal controls over financial reporting. There were no significant deficiencies or material weaknesses, and therefore there were no corrective actions taken.

Our accounting department is comprised of four persons. Due to such a limited number of persons, a complete segregation of all of the duties as to which the department is responsible is not possible. In order to make sure that the inability to segregate all duties does not affect our timely and accurate financial reporting, we need to remain vigilant

in maintaining compensating controls. These compensating controls will continue to be monitored in order to assure us that our internal controls over financial reporting remain at a high level despite the limited number of accounting department personnel.

PART III

**REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM ON
FINANCIAL STATEMENT SCHEDULES**

To the Board of Directors and Shareholders of
J.W. Mays, Inc. and Subsidiaries

We have audited the consolidated financial statements of J.W. Mays, Inc. and subsidiaries as of July 31, 2007 and 2006, and for the three years in the period ended July 31, 2007 and have issued our report thereon dated October 5, 2007; such consolidated financial statements and reports are incorporated by reference in this Form 10-K Annual Report. Our audits also included the consolidated financial statement schedules of J.W. Mays, Inc. and subsidiaries referred to in Item 15(a)2 of this Form 10-K. These consolidated financial statement schedules are the responsibility of the Company's management. Our responsibility is to express an opinion based on our audits. In our opinion, such consolidated financial statement schedules, when considered in relation to the basic consolidated financial statements taken as a whole, present fairly, in all material respects, the information set forth therein.
