**PROXY STATEMENT**

**2003 ANNUAL MEETING OF SHAREHOLDERS**

**June 10, 2003**

This Proxy Statement is being furnished to you in connection with the solicitation of proxies by the Board of Directors of Novoste Corporation, a Florida Corporation, for use at the Annual Meeting of Novoste's shareholders to be held on Tuesday, June 10, 2003 (the "Annual Meeting") at 8:30 a.m., local time, at the Atlanta Marriott Norcross, 475 Technology Parkway, Norcross, Georgia, or at any adjournments or postponements thereof. Novoste's 2002 Annual Report, which includes Novoste's Annual Report on Form 10-K/A for the fiscal year ended December 31, 2002, together with this Proxy Statement, are being mailed on or about April 22, 2003 to all shareholders entitled to vote at the Annual Meeting.

Only holders of record of Novoste common stock ("Common Stock") as of the close of business on April 14, 2003 (the "Record Date") can vote at the Annual Meeting or any postponements or adjournments that may take place.

All properly executed written proxies, and all properly completed proxies submitted by telephone or through the Internet, that are delivered pursuant to this solicitation will be voted at the Annual Meeting in accordance with the directions given in the proxy, unless the proxy is revoked before the Annual Meeting. **EXECUTED BUT UNMARKED PROXIES WILL BE VOTED:**

**FOR PROPOSAL 1 TO ELECT THE NOMINEES FOR DIRECTOR**

**FOR PROPOSAL 2 TO RATIFY THE REAPPOINTMENT OF ERNST & YOUNG LLP AS OUR INDEPENDENT PUBLIC ACCOUNTANTS FOR THE 2003 FISCAL YEAR**

**QUESTIONS AND ANSWERS ABOUT THE MEETING AND VOTING**

**1. Q: Who is entitled to vote?**

**A:** Holders of record of Common Stock as of the close of business on the Record Date are entitled to vote at the Annual Meeting.

**2. Q: What may I vote on?**

**A:** At the Annual Meeting we will consider the following proposals:

(1) election of three Class I directors, each to serve for a term of three years or until his successor is elected and qualified, and election of two Class II directors, each to serve for a term of one year or until his or her successor is elected and qualified;

(2) ratification of the reappointment of Ernst & Young LLP as Novoste's independent auditors for fiscal year 2003;

(3) any other business properly presented at the Annual Meeting.

Each of these matters is discussed in further detail in this Proxy Statement.

**3. Q: How does the Board of Directors recommend I vote on the proposals?**

**A:** The Board recommends you vote **FOR** each of the nominees for director and **FOR** the reappointment of Ernst & Young LLP.

**4. Q: How do I cast my vote?**

**A:** There are four different ways you may cast your vote this year. You may vote by:

(1) marking, signing and dating each proxy card or vote instruction card and mailing it in the envelope provided. If you return your signed proxy card or vote instruction card, but do not mark the boxes showing how you wish to vote, your shares will be voted in favor of the two proposals;

(2) telephone, using the toll-free number listed on each vote instruction card (if your shares are held by a bank, broker or other nominee and if such holder makes those methods available);

(3) the Internet, at the address provided on each vote instruction card (if your shares are held by a bank, broker or other nominee and if such holder makes those methods available); or

(4) attending the Annual Meeting and voting in person (if your shares are registered directly in your name on Novoste's books and not held through a broker, bank or other nominee).

If you are the registered shareholder (that is, if you hold a paper certificate instead of holding shares electronically in your brokerage account), you cannot vote by telephone or electronically through the Internet because we have not instituted any mechanism for telephone or electronic voting.

**5. Q: How do I revoke or change my vote?**

**A:** To revoke or change your vote:

(1) notify Novoste's Corporate Secretary in writing at any time before the Annual Meeting;

(2) submit a later dated proxy by mail or if your shares are held by a bank, broker or other nominee, by telephone or via the Internet (if such holder makes telephone and Internet voting available); or

(3) vote in person at the Annual Meeting (if your shares are registered directly in your name on Novoste's books and not held through a broker, bank or other nominee).

The latest dated, properly completed proxy that you submit will count as your vote. If a vote has been recorded for your shares and you submit a subsequent proxy card that is not properly signed or dated, the previously recorded vote will stand.

**6. Q: What shares are included on the proxy card or vote instruction card?**

**A:** The shares on your proxy card represent those shares registered directly in your name and the shares on your vote instruction card represent your shares owned through a bank, broker or other nominee.

**7. Q: What does it mean if I get more than one proxy card or vote instruction card?**

**A:** If your shares are registered differently and are in more than one account, you will receive more than one card. Please complete and return all of the proxy or vote instruction cards you receive (or, if you hold your shares in street name, vote by telephone or the Internet) to ensure that all of your shares are voted.

**8. Q: How many shares can be voted at the Annual Meeting?**

**A:** As of the Record Date for the Annual Meeting, 16,346,173 shares of Common Stock were issued and outstanding. Each holder of Common Stock is entitled to one vote for each share held as of the Record Date.

**9. Q: What is a quorum ?**

**A:** A quorum is a majority of the outstanding shares at the close of business on the Record Date. The shares may be present at the meeting or represented by proxy. There must be a quorum for the Annual Meeting to be held. If you submit a timely, properly executed proxy or vote instruction card, then you will be considered part of the quorum, even if you abstain from voting. If a quorum is present, the plurality vote of the total votes cast by the holders of Common Stock is required to elect the three Class I directors and two Class II directors. The ratification of the reappointment of Ernst & Young LLP as independent auditors of Novoste for the year ending December 31, 2003 will require the affirmative vote of a majority of the total votes cast on the proposal.

Abstentions are not counted in the tally of votes for or against a proposal. A withheld vote for the nominees for election as director is the same as an abstention. Abstentions and withheld votes are counted as shares present for quorum purposes.

Broker non-votes occur when shares held by a broker are not voted with respect to a proposal because (1) the broker has not received voting instructions from the shareholder, and (2) the broker lacks the authority to vote the shares at his/her discretion. Broker non-votes are counted as shares present for quorum purposes, but do not count as votes for or against a proposal.

**10. Q: When are the shareholder proposals for the 2004 Annual Meeting due?**

## Edgar Filing: NOVOSTE CORP /FL/ - Form DEF 14A

- A:** All shareholder proposals to be considered for inclusion in next year's proxy statement pursuant to the shareholder proposal rules of the Securities and Exchange Commission must be submitted in writing to Daniel G. Hall, Corporate Secretary, Novoste Corporation, 3890 Steve Reynolds Boulevard, Norcross, Georgia 30093 by December 20, 2003. Any such proposal received after that date will be considered untimely and may be excluded from the proxy materials.

Novoste's by-laws establish an advance notice procedure with regard to proposals (including director nominations) that shareholders otherwise desire to introduce at the Annual Meeting without inclusion in Novoste's Proxy Statement for that meeting. Written notice of such shareholder proposals for Novoste's next Annual Meeting must be received by the Corporate Secretary of Novoste at its principal executive offices not later than March 12, 2004 and must not have been received earlier than February 11, 2004 in order to be considered timely, and must contain specified information concerning the matters proposed

to be brought before such meeting and concerning the shareholder proposing such matters. The matters proposed to be brought before the meeting also must be proper matters for shareholder action.

**11. Q: How may this proxy be solicited and who is bearing the cost of this proxy solicitation?**

**A:** Proxies may be solicited on behalf of the Board of Directors by mail, telephone and telecopy or in person and Novoste will pay the solicitation costs, which include the cost of printing and distribution of proxy materials and the solicitation of votes. Directors, officers and regular employees of Novoste may solicit proxies by such methods without additional compensation. In addition, Novoste has retained American Stock Transfer & Trust Company to assist Novoste in the solicitation of proxies at a cost estimated to be \$28,000,000. We also will reimburse brokerage houses and other custodians, nominees and fiduciaries for their reasonable out-of-pocket expenses for forwarding proxy and solicitation materials to shareholders.

**ELECTION OF DIRECTORS**

**(Proposal 1)**

Under our Amended and Restated Articles of Incorporation, the Board of Directors is divided into three classes of directors (Classes I, II and III), each of which has a three-year term. The Class I directors have a term that expires at this Annual Meeting, the Class II directors have a term expiring at the 2004 Annual Meeting of Shareholders, and the Class III directors have a term expiring at the 2005 Annual Meeting of Shareholders. At each annual meeting of shareholders, the successors to directors of the class whose term then expires are elected to serve for a three-year term.

The Amended and Restated Articles of Incorporation also provide that the number of directors will be fixed from time to time exclusively by the Board of Directors, but shall consist of not more than twelve nor less than six directors with no class of directors consisting of more than four nor less than two directors. Each of the three Classes of directors currently consists of three directors.

At the Annual Meeting, five directors will be elected, three to serve as Class I directors whose terms expire in 2006 and two to serve as Class II directors whose terms expire in 2004. The Board of Directors has nominated:

J. Stephen Holmes, Stephen I. Shapiro and William E. Whitmer to be elected as Class I directors, each for a three-year term; and

Alfred J. Novak and Judy Lindstrom, who were elected as directors by the Board of Directors during 2002, to be elected as Class II directors to complete the one-year remaining on the term of the class in which they presently serve.

In the event any nominee should become unavailable for election for any presently unforeseen reason, it is intended that the proxies will be voted for such substitute nominee as may be designated by the present Board of Directors.

If a quorum is present, a plurality vote of the total votes cast by the holders of Common Stock is required to elect each of the five directors.

**YOUR BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE FOR EACH OF THE NOMINEES LISTED ABOVE.**

In addition, the Board of Directors acted on two issues, on two separate occasions, by unanimous written consent in lieu of a meeting. No director attended fewer than 75% of the

aggregate number of meetings of the Board of Directors held during the period in 2002 in which he or she was a director or the total number of meetings held by committees of the Board of Directors during the period in 2002 on which he or she served.

*Committee Structure:* At this time Novoste has not established a formal procedure or policy or designated or formed a committee for consideration of shareholder nominees to the Board of Directors. However, the Board of Directors has established the following two standing committees, each of which is composed entirely of non-employee directors:

1. The Audit Committee of the Board of Directors (the Audit Committee ) is currently comprised of William E. Whitmer, Chairman, J. Stephen Holmes and Judy Lindstrom. The Audit Committee is composed of non-employee directors who are independent of management and Novoste. The Audit Committee:

is directly responsible for the appointment, compensation and oversight of the work of the registered public accounting firm employed by Novoste for the purpose of preparing and issuing an audit report on the financial statements of Novoste;

assists the Board of Directors in fulfilling its oversight responsibilities by overseeing

processes involved in the preparation and review of the financial reports provided to the public,

Novoste's system of internal controls over its accounting and financial reporting processes, and

Novoste's procedures relating to accounting, finance, and legal compliance and ethics program that have been established by management and the Board of Directors;

performs the other functions required of audit committees of public companies under applicable laws, rules and regulations and the requirements of the Nasdaq Stock Market.

A full description of the duties and responsibilities of the Audit Committee is set forth in its charter, which is attached to this Proxy Statement as *Appendix A*. The Audit Committee met seven times during 2002, two of which meetings were telephonic meetings.

2. The Stock Option and Compensation Committee of the Board of Directors (the Stock Option and Compensation Committee ) is currently comprised of Stephen I. Shapiro, Chairman, Donald C. Harrison and Judy Lindstrom. This committee establishes compensation policies and approves compensation for the executive officers of Novoste, and administers our stock option plan. This committee met seven times during 2002, which included one telephonic meeting. In addition, the committee acted on three issues, on three separate occasions, by unanimous written consent in lieu of a meeting.

#### **Compensation of Directors**

## Edgar Filing: NOVOSTE CORP /FL/ - Form DEF 14A

Directors who are employees of Novoste do not receive additional compensation for serving on the Board of Directors or its committees. During 2002, non-employee directors were reimbursed for their expenses and received a fee of \$2,000 per Board meeting attended. Such directors who are also members of a committee of the Board of Directors received a fee of \$2,000 annually per committee on which such director is a member, regardless of the number of committee meetings attended by such director during the course of the year. The compensation of the non-employee directors was reviewed by the Stock Option and Compensation Committee and was changed effective January 1, 2003. Beginning in 2003, a non-employee director will be paid a fee of \$4,000 for each Board meeting attended. Each director who also serves on a committee will be paid \$1,000 for each committee meeting attended, with the director who is a committee Chairperson receiving a fee of \$2,000 per meeting. There will be no compensation paid for attendance at a scheduled Board or committee meeting to a director who attends such a meeting only by telephone. Compensation for scheduled telephonic meetings of the Board or any committee will be compensated at one-half of the established Board or committee attendance fee.

In addition, the Board of Directors established an annual retainer for the Chairman of the Board of Directors in the amount of \$26,000, payable to the Chairman on the first day of each calendar year, and a retainer for the

Chairman of the Audit Committee in the amount of \$24,000 per year. The retainer for the Audit Committee Chairman was awarded for 2002 and 2003. In addition, as partial compensation for director services rendered in 2002, in July 2002, the Board of Directors granted each of its non-employee directors a four-year incentive stock option to purchase 8,000 shares of Common Stock at an exercise price of \$3.99 per share. In November 2002, the Board of Directors granted each of its non-employee directors a four-year incentive stock option to purchase another 8,000 shares of Common Stock at an exercise price of \$6.43 per share. All of these options become exercisable pursuant to the following schedule: one-fourth of the grant on date of grant and the remaining portions in one-fourth installments on each one-year anniversary thereafter. Vesting of these options ceases on the date the option holder ceases to serve as a director.

#### **Compensation Committee Interlocks and Insider Participation**

The members of the Stock Option and Compensation Committee during fiscal year 2002 were Mr. Shapiro, Chairman, Dr. Harrison and Ms. Lindstrom. No member of the Stock Option and Compensation Committee was at any time during the past year an officer or employee of Novoste (or any of its subsidiaries), was formerly an officer of Novoste (or any of its subsidiaries), or had any relationship with Novoste requiring disclosure herein.

During the last year, no executive officer of Novoste served as: (i) a member of the compensation committee (or other committee of the board of directors performing equivalent functions or, in the absence of any such committee, the entire board of directors) of another entity, one of whose executive officers served on the Stock Option and Compensation Committee; (ii) a director of another entity, one of whose executive officers served on the Stock Option and Compensation Committee; or (iii) a member of the compensation committee (or other committee of the board of directors performing equivalent functions or, in the absence of any such committee, the entire board of directors) of another entity, one of whose executive officers served as a director of Novoste.

#### **Certain Relationships and Related Party Transactions**

Novoste has adopted a policy that all transactions between Novoste and its officers, directors, principal shareholders and their affiliates shall be on terms no less favorable to Novoste than could be obtained by it from unrelated third parties, and shall be approved by its Audit Committee. In December 2002, the Audit Committee reviewed and approved an exclusive one-year distribution agreement between Novoste and Orbus Medical Technologies, Inc. ( Orbus ). The agreement provides for distribution of Orbus products in Germany by Novoste. Alfred J. Novak, President and Chief Executive Officer of Novoste, also serves as Chairman of the Board of Directors of Orbus and both Mr. Novak and members of his family have an equity investment in Orbus. The Audit Committee undertook a full review of the terms of the agreement and determined the agreement was advantageous to Novoste and that it was no less favorable than could be obtained from an unrelated party transaction.

Unless otherwise noted, each grant consists of ten-year options granted under the stock option plan covering employees, exercisable cumulatively at the annual rate of one quarter of the number of underlying shares, generally commencing one year from the date of grant.
- (2) The exercise price indicated was the fair market value of a share of Common Stock on the date of grant.
- (3) Amounts reported in this column represent hypothetical values that may be realized upon exercise of the options immediately prior to the expiration of their term, assuming the specified compounded rates of appreciation of the Common Stock over the term of the options. ## Executive Termination Agreements

In 2001, Novoste entered into termination agreements (the "Agreements") with its executive officers (including the Named Executive Officers), which provide for benefits in the event of a termination of an executive officer after a change in control of Novoste. During 2002, Novoste entered into Agreements with two executive officers who were elected to the position of Vice President in 2002 and with the President and Chief Executive Officer hired in October 2002. The Agreements entered into in 2001 had an initial term from the date of execution of the Agreements through December 31, 2001. The three Agreements entered into in 2002 had an initial term from the date of execution of the Agreements through December 31, 2002. After the initial term, the Agreements are automatically renewed for one-year terms, unless notice of termination of the Agreement is given 12 months prior to the Agreement termination date. Upon a change in control of Novoste and the subsequent termination of an executive officer, such executive officer will be paid two times his or her annualized compensation, which is calculated as the average of the executive officer's annual compensation for the five most recent taxable years ending before the change in control. The Agreement does not prevent an executive officer's termination for cause, either before or after a change in control.

## Report of Stock Option and Compensation Committee

## Edgar Filing: NOVOSTE CORP /FL/ - Form DEF 14A

The Stock Option and Compensation Committee of the Board of Directors is composed of three non-employee directors and is responsible for the administration of Novoste's compensation programs. These programs include base salary for executive officers and both annual and long-term incentive compensation programs. Novoste's compensation programs are designed to provide a competitive level of total compensation and include incentive and equity ownership opportunities linked to Novoste's performance and shareholder return.

### *Compensation Philosophy*

The primary goal of Novoste is to align compensation with Novoste's business objectives and performance. Novoste's aim is to attract, retain and reward executive officers and other key employees who contribute to the long-term shareholder value. To establish the relationship between executive compensation and the creation of

shareholder value, the Committee has adopted a total compensation package comprised of base salary, bonus, deferred compensation and stock option awards. Key elements of the compensation philosophy are:

Novoste pays competitive salaries based upon salaries paid by leading medical device companies with which Novoste competes for talent.

Novoste maintains annual incentive opportunities sufficient to provide motivation to achieve specific operating goals and to generate rewards that bring total compensation to competitive levels.

Novoste made available, during 2002, a deferred income plan for executive officers which provided both life insurance benefits and a means, with a match by Novoste, of deferring and investing up to ten percent of the executive officers compensation. The deferred income plan was discontinued at the end of 2002 as a result of certain restrictions placed upon loans by Novoste to executive officers by the Sarbanes-Oxley Act of 2002.

Novoste provides significant equity-based incentives for executives and other key employees to ensure that individuals are motivated over the long term to respond to Novoste's business challenges and opportunities as owners and not just as employees.

#### *Compensation Program*

Novoste's executive compensation program has four major components, all of which are intended to attract, retain and motivate executive officers consistent with the philosophy set forth above. The Committee considers these components of compensation individually, as well as collectively, in determining total compensation for executive officers.

*Base Salary.* Each year the committee establishes base salaries for individual executive officers based upon (i) industry and peer group surveys, (ii) responsibilities, scope and complexity of each position, and (iii) performance judgments as to each individual's past and expected future contributions.

The Committee reviews with the Chief Executive Officer and approves, with appropriate modifications, an annual base salary plan for Novoste's executive officers other than the Chief Executive Officer. The Committee reviews and fixes the base salary of the Chief Executive Officer based on similar competitive compensation data and the Committee's assessment of his past performance and its expectations as to his future contributions in leading Novoste.

*Annual cash (short-term) incentives.* Novoste has a discretionary, annual cash incentive plan to provide a direct linkage between individual pay and accomplishing key annual corporate objectives.

Target annual bonus awards are established for executive officers based upon peer group surveys and range from 30% to 40% of salary. Each officer who served in an executive capacity during and at the end of 2002, received a bonus for such service up to an amount of 30% of base salary. The bonus award to Alfred J. Novak, the Chief Executive Officer from October 16, 2002, was approximately 40% of his base salary prorated to his date of hire. In addition, Thomas D. Weldon, the Chief Executive Officer until October 16, 2002, received a bonus award of approximately 40% of the salary he was paid during the period he served as the interim Chief Executive Officer of Novoste. In establishing the bonus amounts for 2002, Novoste focused particularly on achievement of revenue and earnings goals for the year, improvement of product quality, achievement of product introduction and site start-up goals, certain clinical trial objectives and the improvement of team work within the

## Edgar Filing: NOVOSTE CORP /FL/ - Form DEF 14A

management organization. The bonus plan provided for payment for overachievement of the goals established and as a result of superior performance by Novoste during 2002, each executive officer's 2002 bonus equaled 27.5% of their potential bonus.

*Deferred Income Plan.* During 2002, Novoste provided the availability of a deferred income plan for executive officers. The plan permitted executive officers to contribute up to 10% of their pretax earnings with a match by Novoste of 100% of the executive's contribution, plus an advance equal to the income taxes owed on the contribution and the executive officer's match, calculated at a 40% tax rate. Upon contribution to the plan, the executive officer was issued a variable life insurance policy, a portion of the value of which was assigned to Novoste in exchange for its contributions. All of the contributions made by the executive officer and Novoste will be invested at the executive officer's direction in various accounts available in the policy.

In the event of a termination of the executive officer's employment or a decision by the executive officer to terminate his participation under the deferred income plan, the executive officer may maintain the insurance policy by making premium payments directly to the insurance company. Upon such termination Novoste may recover its premiums paid from the cash value of the insurance policy, unless the executive officer elects to pay Novoste from other funds personally under his control. After Novoste is paid back for the contributions made, the assignment of the value of the policy to Novoste will terminate. Thereafter, the policy, with remaining cash and investment value and the insurance benefit becomes the sole property of the executive officer and the executive officer may take cash distributions from the policy using cash value withdrawals or policy loans, may leave the value in the plan to further accumulate, or may surrender the policy. A surrender of the policy will cause taxation of all investment gains in the policy.

As a result of the prohibitions of loans to executive officers mandated by the Sarbanes-Oxley Act of 2002, Novoste ceased making contributions under the deferred income plan at the end of 2002. All executive officers who were participating in the plan during 2002 have now terminated their participation.

*Equity-based incentive compensation.* Novoste's primary long-term incentive program consists of its employee stock option plan. This stock option plan generally utilizes a four-year vesting period (although some stock options granted to key executives contain performance-based criteria or accelerated vesting features) to encourage key executive officers to continue in employment with Novoste. Through stock option grants, executives receive significant equity incentives to build long-term shareholder value. With respect to stock options, the exercise price of such options granted under this stock option plan is 100% of the fair market value of the underlying stock on the date of grant. Employees receive value from these grants only if the Common Stock appreciates over the long term.

In 2002, the Committee granted stock options to all executive officers. In reaching its decision, the Committee relied on its experience, the information gained in the hiring process for such officers, and the value of the executive officers' previously issued stock options. Additionally, two awards were made as an engagement incentive to Mr. Novak when he was appointed the President and Chief Executive Officer in October, 2002.

The Committee also grants restricted stock awards to key executive officers. The restricted stock awards often contain a four-year vesting period similar in nature to the four-year vesting period for stock options. These stock awards are intended to provide the same equity incentives as stock options but with the added benefit of not requiring payment of an exercise price prior to ownership of the underlying stock. In 2002, the Committee did not grant any restricted stock awards.

#### *Compliance with Internal Revenue Code Section 162(m)*

The Committee has considered the potential impact of Section 162(m) of the Internal Revenue Code, as amended (the Code), adopted under the Federal Revenue Reconciliation Act of 1993. Section 162(m) disallows a deduction for any publicly held corporation for individual compensation exceeding \$1 million in any taxable year for certain executive officers, unless compensation is performance-based. Because the targeted cash compensation of such executive officers is well below the \$1 million threshold and because the Committee believes that any options granted under Novoste's stock option plan will meet the requirements of being performance-based under the transitional provisions provided in the regulations under Section 162(m), the Committee believes that Section 162(m) will not reduce the tax deduction available to Novoste. Novoste's policy is to qualify to the extent reasonable its executive officers' compensation for deductibility under applicable tax laws.

### STOCK PERFORMANCE GRAPH

The following graph compares the percentage change in the cumulative total shareholder return on Novoste Common Stock during the period from December 31, 1997, the last trading day before Novoste's 1998 fiscal year, through December 31, 2002, with the cumulative total return of the Nasdaq Market Index - U.S. Companies and the Nasdaq Medical Equipment Index. In prior years, Novoste included in this stock performance graph the JP Morgan Hambrecht & Quist Health Care - Excluding Biotechnology Index. However, the JP Morgan Hambrecht & Quist Health Care - Excluding Biotechnology Index ceased to be available during fiscal year 2002. Therefore, we have included the Nasdaq Medical Equipment Index in this stock performance graph. The comparison assumes \$100 was invested on December 31, 1997 in Common Stock and in each of the foregoing indices and assumes any dividends were reinvested. The performance shown is not necessarily indicative of future performance.

**RATIFICATION OF THE REAPPOINTMENT OF ERNST & YOUNG LLP**

**AS INDEPENDENT AUDITORS FOR THE FISCAL YEAR 2002**

**(Proposal 2)**

The Audit Committee has selected the firm of Ernst & Young LLP ( Ernst & Young ), independent certified public accountants, to serve as auditors for the year ending December 31, 2003. The Board of Directors has determined that it would be desirable to request that the shareholders ratify such selection. Ernst & Young has served as Novoste s independent auditors since 1992. We understand that representatives of Ernst & Young will attend the Annual Meeting, will have the opportunity to make a statement if they desire to do so and will also be available to respond to appropriate questions from the shareholders.

The Audit Committee has the responsibility for selecting Novoste s independent accountants, and shareholder ratification is not required. However, the selection is being submitted for ratification at the Annual Meeting with a view towards soliciting the shareholders opinions, which the Audit Committee will take into consideration in future deliberations. If the selection of Ernst & Young is not ratified at the Annual Meeting, the Audit Committee will consider the engagement of other independent accountants. The Audit Committee may terminate the engagement of Ernst & Young as Novoste s independent accountants without the approval of the shareholders whenever the Audit Committee deems termination necessary or appropriate.

The work performed by Ernst & Young during 2002 and the related fees are set forth below.

a. *Audit Fees*

Ernst & Young provided audit services to Novoste consisting of the annual audit of Novoste s 2002 consolidated financial statements and quarterly reviews of the financial statements in the 2002 Forms 10-Q. The fees paid to Ernst & Young for these services were \$309,000.

b. *Financial Information System Design and Implementation Fees*

Ernst & Young did not perform any financial information system design or implementation work for Novoste during 2002.

c. *All Other Fees*

Ernst & Young provided various audit-related services to Novoste, including consultation on accounting and reporting matters, audits of separate financial statements of subsidiaries and affiliates and employee benefit plans and procedures performed in connection with certain filings with the SEC. Ernst & Young also provided non-audit-related services, primarily consultation on tax-related matters. Fees for these services performed during 2002 are as follows:

Audit-Related Services	\$148,800
------------------------	-----------

Edgar Filing: NOVOSTE CORP /FL/ - Form DEF 14A

Non-Audit Related Services	\$	389,372
		<hr/>
	\$	538,172

The Audit Committee typically meets with Ernst & Young throughout the year. The Audit Committee reviews both audit and non-audit services performed by Ernst & Young as well as fees charged by Ernst & Young for such services. As part of the annual review process of the Ernst & Young services described above, the Audit Committee considered whether the provision of such services is compatible with maintaining Ernst & Young's independence.

The affirmative vote of a majority of the total votes cast on the proposal will be required for the ratification and reappointment of Ernst & Young as independent auditors.

**THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE FOR THE APPROVAL OF ERNST & YOUNG'S APPOINTMENT AS INDEPENDENT AUDITORS FOR THE FISCAL YEAR 2003.**

## Report of the Audit Committee

The Audit Committee of Novoste's Board of Directors is composed of the following non-employee directors: William E. Whitmer, the Chairman, J. Stephen Holmes, and Judy Lindstrom. The Audit Committee is responsible for assisting the Board of Directors in its oversight of the integrity of Novoste's consolidated financial statements, the qualifications and independence of Novoste's independent auditors, and Novoste's internal financial and accounting controls. The Audit Committee has the sole authority and responsibility to select, evaluate and, when appropriate, replace Novoste's independent auditors. None of the current members of the Audit Committee are employees of Novoste and the Board of Directors has determined that each member of the Audit Committee is independent (as independence is defined in the listing standards of the Nasdaq Stock Market currently in effect).

Management is responsible for the financial reporting process, including the system of internal controls, and for the preparation of consolidated financial statements in accordance with generally accepted accounting principles. Novoste's independent auditors are responsible for auditing those financial statements and expressing an opinion as to their conformity with generally accepted accounting principles. The Audit Committee's responsibility is to oversee and review these processes. The Audit Committee is not, however, professionally engaged in the practice of accounting or auditing and does not provide any expert or other special assurance as to such financial statements concerning compliance with laws, regulations or generally accepted accounting principles or as to auditor independence. The Audit Committee relies, without independent verification, on the information provided to it and on the representations made by management and the independent auditors. A written charter governing the functions of the Audit Committee was revised and approved by the Board of Directors on April 15, 2003. A copy of the Audit Committee's current charter is attached to this Proxy Statement as *Appendix A*.

In this context, the Audit Committee has met and held discussions with management and the independent accountants. Management represented to the Audit Committee that Novoste's consolidated financial statements were prepared in accordance with generally accepted accounting principles, and the Audit Committee has reviewed and discussed the consolidated financial statements with management and the independent accountants. The Audit Committee discussed with the independent accountants matters required to be discussed by Statement on Auditing Standards No. 61 (Communications with Audit Committees).

Novoste's independent accountants also provided to the Audit Committee the written disclosure and the letter from the independent accountants required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), and the Audit Committee discussed with the independent accountants the accounting firm's independence. The Committee also considered whether non-audit services provided by the independent accountants during the last fiscal year were compatible with maintaining the independent accountants' independence.

Based upon the Audit Committee's discussion with management and the independent accountants and the Audit Committee's review of the representation of management and the report of the independent accountants to the Audit Committee, the Audit Committee recommended to the Board of Directors that the audited consolidated financial statements be included in Novoste's Annual Report on Form 10-K, and amendments thereto, for the fiscal year ended December 31, 2002 filed with the Securities and Exchange Commission.
