Item 2.06 Material Impairments

On March 11, 2005, First Bancshares, Inc., the holding company for First Home Savings Bank, announced that the Bank determined that there have been potentially adverse developments with respect to impaired loans outstanding to its largest substandard borrower. Based on developments in the Chapter 11 bankruptcy of the borrower, which was previously disclosed on a Form 8-K filed with the Securities and Exchange Commission on June 21, 2004, the Bank wrote off a portion of the debt. The write-off lowered the total amounts outstanding under the loans from \$1.8 million to \$1.6 million which decreased the Bank's reserve allocation from \$450,000 to \$265,000. The total amount of

outstanding loans of \$1.6 million has been placed on non-accrual status indicating that the Bank does not anticipate the ability to collect all or a part of the interest due on the loans. The Bank has received information from the borrower regarding possible draws on letters of credit of up to \$755,000 that may cause the reserve allocation of \$265,000 to be increased significantly because there is no additional collateral available. The amount of increase and the effect this development will have on the earnings of FirstBancshares cannot be determined at this time.
