REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Bunge Savings Plan:

We have audited the accompanying financial statements of the Bunge Savings Plan (the "Plan") as of December 31, 2005 and 2004, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Plan is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, such financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2005 and 2004, and the changes in net assets available for benefits for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedules listed in the

Edgar Filing: Bunge LTD - Form 11-K

Table of Contents are presented for the purpose of additional analysis and are not a required part of the basic financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedules are the responsibility of the Plan's management. Such supplemental schedules have been subjected to the auditing procedures applied in the audit of the basic 2005 financial statements and, in our opinion, are fairly stated in all material respects when considered in relation to the basic financial statements taken as a whole.

BUNGE SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

1. BASIS OF PRESENTATION AND SIGNIFICANT ACCOUNTING POLICIES

The Bunge Savings Plan (the "Plan"), formerly the Bunge North America, Inc. Savings Plan, was established as of April 1, 1996. The Plan was amended effective January 1, 2004, to change the Plan name to the Bunge Savings Plan, transfer assets attributable to non-union participants in the Plan to

Edgar Filing: Bunge LTD - Form 11-K

the Bunge Retirement Savings Plan, formerly known as the Bunge North America, Inc. Profit Sharing Plan, and transfer the assets of the Central Soya 401(k) Plan for Hourly Employees ("CSY Plan") to the Plan and master trust. The Plan was further amended to provide that Plan provisions applicable to participants in the CSY Plan are set forth in a separate subplan known as Supplement A to the Plan. Effective January 1, 2005, the assets attributable to Supplement A participants were transferred to the Bunge Savings Plan - Supplement A. Plan assets attributable to the subplan covering Supplement A participants may only be used to pay benefits for Supplement A participants, and trust assets attributable to the subplan covering the remaining participants may only be used to pay benefits for such participants. Significant accounting policies followed by the Plan are as follows.

Basis of Accounting--The financial statements of the Plan have been prepared in accordance with accounting principles generally accepted in the United States of America.

Investments--Investments in Bunge Limited common shares, common collective trusts, and mutual funds are stated at fair value which is based on quoted market prices. Purchases and sales of investments are accounted for on the trade date. Interest and dividend income is recorded when earned. Earnings on investments are allocated to participants based on account balances.

Administrative Expenses--Administrative expenses of the Plan are paid by the Plan as provided in the Plan document.

Use of Estimates--The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

The Plan invests in various securities including common stock and mutual funds. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

2. PLAN DESCRIPTION

The Plan is a defined contribution plan designed to qualify under Section 401(k) of the Internal Revenue Code ("IRC") and is administered by the Savings Plan Committee (the "Committee") appointed by the Board of Directors of Bunge North America, Inc. (the "Company"). The Company has appointed CitiStreet as recordkeeper and State Street Bank and Trust Company ("State Street") to serve as Trustee of the Plan. The descriptions of Plan terms in the following notes to financial statements are provided for general information purposes only and are qualified in their entirety by reference to the Plan. Participants should refer to the Plan document for more complete information. For the 2005 Plan year,

all regular hourly employees, except those regular hourly employees of

Edgar Filing: Bunge LTD - Form 11-K

Bunge North America (East), L.L.C. whose terms and conditions of employment are subject to a collective bargaining agreement that bargained to participate in the Plan, are eligible participants. For the 2004 Plan year, all regular hourly employees, whose terms and conditions of employment are subject to a collective bargaining agreement that bargained to participate in the Plan, were eligible participants. Individual accounts are maintained for each Plan participant. The Plans is subject to the provisions of ERISA.

3. CONTRIBUTIONS AND WITHDRAWALS

Contribution limits for participants are based on their respective collective bargaining agreements. The total amount which a participant could elect to contribute to the Plan on a pre-tax basis in 2005 could not exceed \$14,000 (\$13,000 in 2004). However in 2005 and 2004, if a participant reached age 50 by December 31 of that year, they were able to contribute an additional \$4,000 and \$3,000 "catch up" contribution, respectively, to the Plan on a pre-tax basis.

The contribution amounts and allocation between pre-tax and post-tax basis of participants are subject to Internal Revenue Service discrimination tests.

The employer match for participant contributions, if any, is subject to their collective bargaining agreements. Such matching contributions are credited to individual participants' accounts, and vest at a rate of 20% per year and become 100% vested following five years of continuous service. Participants will forfeit any non-vested portion of their account balance upon (i) leaving the Company's employment for any reason other than normal retirement, permanent disability, or death or (ii) the termination of the Plan. Any such forfeited amounts are redistributed to continuing participants in the manner specified in the Plan.

Upon entry into the Plan, participants may elect from a number of investment alternatives for their contributions. Employer matching contributions are allocated to participants based upon the current contribution allocation among investment alternatives elected by the participants. Thereafter, contributions may be reallocated by the participant among all investment alternatives.

Participants may not withdraw pre-tax contributions except as provided for hardship withdrawals or age 59 1/2 withdrawals permitted by the Plan.

Following normal retirement, participants must withdraw their entire account balances in a lump sum or any other form of payment which is allowed by the Plan.

The Plan allows participants the option of making qualified (as defined by the Plan document and the IRC) rollover contributions into the Plan.

4. PARTICIPANT LOANS

Only Supplement A participants were eligible to borrow from their fund accounts a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of their vested account balance prior to their transfer to the Bunge Savings Plan-Supplement A on January 1, 2005. Loan terms ranged from one to five years with the exception of loans for the purchase of a primary residence which may have a longer term. The loans were secured by the balance in the participant's account and bore interest at rates commensurate with the prevailing interest rate charged on similar commercial loans by lending institutions as determined by the plan administrator. Loan payments, including interest due, were paid ratably through payroll deductions. Participant loans were valued at the

Edgar Filing: Bunge LTD - Form 11-K

outstanding loan balance.

-5-

5. PLAN TERMINATION

The Company expects and intends to continue the Plan indefinitely but reserves the right to discontinue its contributions at any time or to terminate the Plan at any time subject to the provisions of ERISA. Upon such Plan termination, participants will become 100% vested in their accounts.

6. TAX STATUS

The Internal Revenue Service has determined and informed the Plan administrator by a letter, dated February 18, 2003, that the Plan and related master trust are designed in accordance with applicable sections of the IRC. The Plan has been amended subsequent to the applicable date of that letter (see Note 1). The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and the Plan and related trust continue to be tax exempt. Accordingly, no provision for income taxes has been recorded in the Plan's financial statements.

7. RELATED-PARTY TRANSACTIONS

Certain of the Plan's investments are invested in shares of funds offered by the Trustee. Therefore, these transactions qualify as exempt party-in-interest transactions. Such investments as of December 31, 2005, are disclosed on the supplemental schedule of assets held for investment purposes.

Personnel and facilities of the Company have been used by the Plan for its accounting and other activities at no charge to the Plan. Expenses incurred in connection with administrative fees are paid out of the balance of participant accounts.

8. INVESTMENTS

Investments that represent 5% or more of net assets available for benefits at December 31, 2005 and 2004 are as follows:

	2005	2004

The net appreciation in fair value, including realized gains and losses, for each class of investments as presented on the statement of net assets available for benefits for the years ended December 31, 2005 and 2004, is as follows:

	-----	-----

During 2005 and 2004, the Plan recorded dividend income of \$1,398 and \$1,192, respectively, and net appreciation in fair value of \$155 and \$43,458, respectively, from Bunge Limited common shares.

9. PLAN TRANSFERS

Certain Plan participants also had accounts in another defined contribution plan sponsored by the Company or a company within the same control group. Plan transfers included in the statements of changes in net assets available for benefits reflect transfers made to combine multiple participant accounts into each participant's active account. In addition, if a change in a participant's employment classification occurs during a Plan year (for example, transfer from union to non-union classification), the assets related to such participant would be transferred to the applicable plan within the control group for such participant's new employment status. Such transfer will be made within a reasonable period of time following the change in employment classification. Timing of such transfers may, from time-to-time, result in Plan payables or receivables in the respective plans.
