MARKET ANNOUNCEMENT

From the year ending December 31st, 2010 onwards, CVM made mandatory the adoption of the International Financial Reporting Standards (“IFRS”) in the presentation of financial statements of the Brazilian publicly-held companies. Accordingly, Ultrapar's consolidated financial statements for the year ended December 31st, 2010 were prepared in compliance with the IFRS, which differs in certain aspects from the previous Brazilian accounting standards.

For an understanding of the effects of the adoption of the IFRS, we released financial spreadsheets on CVM’s website (www.cvm.gov.br), as well as on Ultrapar’s website (www.ultra.com.br), demonstrating the impacts of the accounting changes introduced by the IFRS on the main line items of the financial statements of December 31st, 2009 and 2010 in comparison with the amounts that would have been obtained without such changes (Annex I). Additional information on the changes resulting from the adoption of the IFRS is available in note 2 of the financial statements of the year ended December 31st, 2010.

Chief Financial and Investor Relations Officer
