ELECTION OF DIRECTORS

Our Restated Articles of Incorporation provide that the Board of Directors consists of three classes of directors with overlapping three-year terms, and that the three classes should be as nearly equal in number as possible. One class of directors is elected each year with terms extending to the Annual Meeting held three years later. The Company's Board of Directors currently consists of fifteen members and, after the Annual Meeting, will consist of fourteen members.

Five directors are standing for re-election at the 2005 Annual Meeting as Class II directors, for terms expiring at the Annual Meeting in 2008. Martin D. Walker, a Class II director, will retire as of the 2005 Annual Meeting and will not stand for re-election. Richard W. Hanselman, a Class II director whose term will expire at the 2005 Annual Meeting, is standing for re-election as a Class III director for a term expiring at the Annual Meeting in 2006. The four directors currently in Class III and the four directors in Class I are serving terms expiring at the Annual Meeting of Shareowners in 2006 and 2007, respectively.

Proxies will be voted at the meeting (unless authority to do so is withheld) for the election as directors of the nominees specified in Class II -- Nominees for Director with Terms Expiring in 2008 and Class III -- Nominee for Director with a Term Expiring in 2006, under the heading Information as to Nominees for Director and Continuing Directors below. If for any reason any of the nominees is not a candidate (which is not expected) when the election occurs, it is likely that either (a) proxies would be voted for the election of the other nominees and of a substitute nominee, or (b) the Board of Directors would reduce the number of directors.

Anderson, Devonshire, Flannery, George, Hanselman, Harff, Marley, Newlin, Perrella, Rothmeier, Schindler and Walker have no material relationship with ArvinMeritor, either directly or as a partner, shareholder or officer of an organization that has a relationship with ArvinMeritor, and are therefore independent within the meaning of the Guidelines on Corporate Governance and the New York Stock Exchange listing standards.

7

The Board has established four standing committees the principal functions of which are briefly described below. The charters of these committees are posted on our website, www.arvinmeritor.com, in the section headed "Investors -- Corporate Governance," and paper copies will be provided upon request to the Office of the Secretary, ArvinMeritor, Inc., 2135 West Maple Road, Troy, MI 48084.

The Board of Directors has adopted a written charter for the Audit Committee, which is reviewed and reassessed annually for compliance with rules of the New

York Stock Exchange. The Audit Committee held five regularly scheduled meetings and three special meetings (held by teleconference) in fiscal year 2004.

- consult with management as to the appointment and removal of the internal auditor charged with auditing and evaluating the Company's system of internal controls;
- review in advance the type and presentation of financial information and earnings guidance provided to analysts and rating agencies;

- establish procedures for the receipt, retention and handling of complaints regarding accounting, internal controls or auditing matters, including procedures for the confidential and anonymous submission by

Edgar Filing: ARVINMERITOR INC - Form DEF 14A

employees of concerns regarding accounting or auditing matters;

- establish the Company's policies with respect to hiring former employees of the independent public accountants; and
- review annually the Committee's performance.

As part of each regularly scheduled meeting, the Audit Committee meets in separate executive sessions with the independent public accountants, the internal auditors and senior management, and as a Committee without members of management.

Compensation and Management Development Committee. The four members of the Compensation and Management Development Committee (the "Compensation Committee"), Martin D. Walker (chairman), Joseph P. Flannery, Charles H. Harff and James E. Perrella, are non-employee directors who meet the criteria for independence specified in the listing standards of the New York Stock Exchange and are not eligible to participate in any of the plans or programs that are administered by the Committee. The Compensation Committee held five regularly scheduled meetings and seven special meetings (held by teleconference) in fiscal year 2004. Under the terms of its charter, the Compensation Committee has the authority to:

- review and approve the goals and objectives relevant to the Chief Executive Officer's compensation, evaluate his performance against these goals and objectives, and set his compensation accordingly;

The Committee also reviews its performance annually.

Special Committees. In fiscal year 2004, the Board of Directors established the following three special committees:

NOMINATING PROCEDURES

As described above, ArvinMeritor has a standing nominating committee, the Corporate Governance and Nominating Committee, currently composed of six non-employee directors who meet the criteria for independence in the listing standards of the New York Stock Exchange. The Corporate Governance and Nominating Committee's charter is posted on our website, www.arvinmeritor.com, in the section headed "Investors -- Corporate Governance."

The Board has adopted membership guidelines that outline the desired composition of the Board and the criteria to be used in selecting directors. These guidelines provide that the Board should be composed of directors with a variety of experience and backgrounds who have high-level managerial experience in a

10

complex organization and who represent the balanced interests of shareowners as a whole rather than those of special interest groups. Other important factors in Board composition include diversity, age, international background and experience, and specialized expertise. A significant majority of the Board should be directors who are not past or present employees of the Company or of a significant shareowner, customer or supplier.

In considering candidates for the Board, the Corporate Governance and Nominating Committee considers the entirety of each candidate's credentials and does not have any specific minimum qualifications that must be met by a Board nominee. The Committee is guided by the membership guidelines set forth above, and by the following basic selection criteria: highest character and integrity; experience with and understanding of strategy and policy-setting; reputation for working constructively with others; sufficient time to devote to Board matters; and no conflict of interest that would interfere with performance as a director. With respect to nomination of continuing directors for re-election, the individual's contributions to the Board, as reflected in results of the most recent peer review of individual director performance, are also considered.

The Committee has the authority under its charter to hire and pay a fee to consultants or search firms to assist in the process of identifying and evaluating candidates. In fiscal year 2004, the Committee paid fees and expenses to a search firm to assist in locating Board candidates, including Messrs. Rothmeier and Schindler, who were elected to the Board in November 2004.

Shareowners may recommend candidates for consideration by the Committee by writing to the Secretary of the Company at its headquarters in Troy, Michigan, giving the candidate's name, biographical data and qualifications. A written statement from the candidate, consenting to be named as a candidate and, if nominated and elected, to serve as a director, should accompany any such recommendation. No candidates for Board membership have been put forward by large long-term security holders or groups of security holders for election at the 2005 Annual Meeting.

COMPENSATION OF DIRECTORS

Edgar Filing: ARVINMERITOR INC - Form DEF 14A

Only non-employee directors receive compensation for Board service. Directors who are also employees of ArvinMeritor or a subsidiary do not receive compensation for serving as directors.

Retainer Fees. Non-employee directors of ArvinMeritor receive a retainer at the rate of \$45,000 per year for Board service. The Chairman of the Audit Committee receives an additional retainer of \$10,000 per year, the Chairman of the Compensation Committee receives an additional retainer of \$7,000 per year, and the Chairmen of the other two standing Board committees each receive an additional retainer of \$3,000 per year. No additional retainer is paid for service as standing committee members. In fiscal year 2004, a retainer fee of \$3,000 was paid to the Chairman, and \$1,500 was paid to each member, of each special committee.

Committee Meeting Fees. Non-employee directors receive fees of \$1,500 for attendance at each Audit Committee meeting (\$750 for each telephone meeting), and \$1,000 for attendance at each meeting of other Board committees (\$500 for each telephone meeting).

Equity-Based Awards. In fiscal year 2004, immediately after the Annual Meeting of Shareowners, each non-employee director received a grant of 2,400 restricted share units. Non-employee directors elected to the Board during the period since the 2004 Annual Meeting year received pro rata portions of this grant.

Deferrals. A director may elect to defer payment of all or part of the cash retainer and meeting fees to a later date, with interest on deferred amounts accruing quarterly at a rate equal to 120% of the Federal long-term rate set each month by the Secretary of the Treasury. Each director also has the option each year to defer all or any portion of the cash retainer and meeting fees by electing to receive restricted shares of Common Stock or restricted share units that could be forfeited if certain conditions are not satisfied. The restricted shares or restricted share units in lieu of the cash retainer and meeting fees are valued at the closing price of the Common Stock on the New York Stock Exchange -- Composite Transactions reporting system on the date each fee payment would otherwise be made in cash.

Changes in Director Compensation. Upon the recommendation of the Corporate Governance and Nominating Committee, which took into account recommendations from its compensation consultants, the

11

Board in November 2004 determined that the annual equity-based grant to each non-employee director following the 2005 Annual Meeting of Shareowners will be in the form of 4,500 restricted share units.

INVOLVEMENT IN CERTAIN LEGAL PROCEEDINGS

On October 5, 2000, Owens Corning filed a petition for reorganization under Chapter 11 of the Bankruptcy Code in the U.S. Bankruptcy Court in Wilmington, Delaware. Owens Corning stated that it took the action to address demands on its cash flow resulting from asbestos-related liability. Rhonda L. Brooks, a director of the Company, was President of Owens Corning's Roofing Systems Business from December 1997 to June 2000, and President of its Exterior Systems Business from June 2000 to July 2002.

On October 1, 2001, Federal-Mogul Corporation filed a petition for reorganization under Chapter 11 of the Bankruptcy Code in the U.S. Bankruptcy Court in Wilmington, Delaware, and filed for administration in the courts of the

Edgar Filing: ARVINMERITOR INC - Form DEF 14A

United Kingdom. Federal-Mogul stated that the purpose of its reorganization would be to separate its asbestos-related liabilities from its operating businesses. Charles G. McClure, Jr., Chairman of the Board, Chief Executive Officer and President and a director of the Company, was Chief Executive Officer of Federal-Mogul from July 2003 to July 2004, and President and Chief Operating Officer from January 2001 to July 2003.

CORPORATE GOVERNANCE AT ARVINMERITOR

ArvinMeritor is committed to good corporate governance. The foundation of our corporate governance principles and practices is the independent nature of our Board of Directors and its primary responsibility to ArvinMeritor's shareowners. Our corporate governance guidelines have been in place since the Company's creation in 1997 and were derived from the principles that had been in place for many years at Rockwell. The guidelines are reviewed periodically by the Corporate Governance and Nominating Committee and changes are recommended to the Board for approval as appropriate. We will continue to monitor developments and review our guidelines periodically, and will modify or supplement them when and as appropriate. Our current Guidelines on Corporate Governance are posted on our website, www.arvinmeritor.com, in the section headed "Investors -- Corporate Governance," and paper copies will be provided upon request to the Office of the Secretary, ArvinMeritor, Inc., 2135 West Maple Road, Troy, MI 48084. Our policies and practices are summarized below.

Board Independence

- Independent directors must comprise at least a majority of the Board and, as a matter of policy, a substantial majority of the Board should be independent directors. The Board has adopted criteria for independence based on the definition used in the listing requirements of the New York Stock Exchange.
- All directors except Mr. McClure have been determined by the Board to satisfy these independence standards (see Board of Directors and Committees above). This determination was made after a review of all commercial and familial relationships between such directors and the Company.
- The Corporate Governance and Nominating Committee reviews the independence of each director annually.
- Only independent directors serve on the Board's standing committees.

Board Composition

- Board nominees are screened and recommended by the Corporate Governance and Nominating Committee and approved by the full Board (see Nominating Procedures above for information on Board selection criteria).
- Committee membership is reviewed periodically to assure that each committee has the benefit of both experience and fresh perspectives.

- Committee chairmanships are normally rotated at least once every four years, with the chair of one standing committee changing each year. A director usually serves on a committee at least 12 months before becoming its chair, and a former chair normally serves on a committee for at least 12 months after retiring as chair. Exceptions are made in appropriate circumstances.

Edgar Filing: ARVINMERITOR INC - Form DEF 14A

- The Board has established term limits that provide that each director shall serve no more than 12 consecutive years, beginning the later of his initial election to the Board or the date of adoption of the provision (November 12, 2003). The Board, by affirmative vote of at least 2/3 of the directors, may make exceptions to this provision in appropriate cases.
- Directors should not serve on the boards of more than three other public companies, unless the Board has determined that such service does not impair the ability of the director to serve effectively.
- The Guidelines on Corporate Governance establish the following expectations regarding director tenure:
 - Non-employee directors are required to offer not to stand for re-election if they are age 70 at the time of re-election or will reach age 70 during their new term. The Corporate Governance and Nominating Committee decides whether continued Board service is appropriate and, if so, the length of the next term.
 - Directors whose job responsibilities change significantly during their Board service are required to offer to resign or not to stand for re-election. The Corporate Governance and Nominating Committee reviews the appropriateness of continued Board membership.
 - When the Chief Executive Officer retires or resigns from that position, he is expected to offer his resignation from the Board. The Board and the successor Chief Executive Officer determine whether continued Board service is desirable and appropriate.

Key Responsibilities of the Board

- The Company's long-term strategic goals and plans are discussed in depth by the Board at least annually.
- The non-management directors select the Chief Executive Officer of the Company and meet at least annually to evaluate the Chief Executive Officer's performance against long-term goals and objectives established by the Compensation Committee.
- Management development and succession plans are reviewed annually, including CEO succession plans.

Board and Committee Meetings

- Board and committee agenda are developed through discussions with management and Board members, and are focused on business performance and strategic issues, leadership, and recent developments.
- Presentation materials are generally sent to Board and committee members for review in advance of each meeting.
- Directors are expected to attend, prepare for and participate in meetings. The Corporate Governance and Nominating Committee monitors each director's attendance and addresses issues when appropriate.
- Non-management directors meet in private executive sessions at the end of each regular Board meeting. The chair of each of the four standing committees, on a rotating basis, chairs these meetings.
- Minutes of each committee meeting are provided to each board member, and the chair of each committee reports at Board meetings on significant

committee matters.

13

- Information and data important to understanding of the business, including financial and operating information, are distributed regularly to the Board.

Board Performance and Operations

- The Corporate Governance and Nominating Committee, which is composed solely of independent directors, is responsible for corporate governance and Board practices, and formally evaluates these areas periodically.
- Each Board committee has a detailed charter outlining its responsibilities, as described above under the heading Board of Directors and Committees.
- The Board and its committees have the authority to hire such outside counsel, advisors and consultants as they choose with respect to any issue related to Board activities. Directors also have full access to Company officers and employees and the Company's outside counsel and auditors.
- To enhance Board effectiveness, the Corporate Governance and Nominating Committee conducts annual self-evaluations of the Board's performance. These assessments are made of either the Board as a whole or each individual director. Results are shared with the Board, and action plans are formulated to address any deficiencies.

Director Education

- Each new director is provided a full-day program of orientation to the Company's business, which includes discussions with each business and functional head, background materials on the Company's financial condition and business, and a facility tour.
- The continuing education process for Board members includes extensive informational materials, meetings with key management and visits to Company facilities.
- Meeting agenda regularly include discussions of business environment, outlook, performance and action plans for the various business segments.
- Board members may request presentations on particular topics and specific facility visits to educate them and update their knowledge as to the Company, its industry and markets, the responsibilities of directorship, and other topics of interest.
- Visits to Company facilities are encouraged, and a Board meeting is usually held at a plant location at least once each year.
- Each director is encouraged to attend educational seminars and conferences to enhance his or her knowledge of the role and responsibilities of directors.
- In each fiscal year, at least one director is required to attend a director education seminar accredited by Institutional Shareholder Services. In fiscal year 2004, five directors attended such accredited seminars.

Edgar Filing: ARVINMERITOR INC - Form DEF 14A

Alignment with Shareowner Interests

- A portion of director compensation is equity-based and therefore tied to the Company's stock performance. Directors can also elect to receive their cash retainer fees in the form of restricted shares of Common Stock or restricted share units.
- The Board has adopted stock ownership guidelines that require each non-employee director to own Common Stock with a market value equal to at least five times the annual cash retainer, effective on the later of five years after the director's initial election to the Board or November 12, 2006 (the date that is three years after adoption of the guidelines).
- The Compensation Committee and the Board oversee employee compensation programs to assure that they are linked to performance and increasing shareowner value. The Compensation Committee also

14

monitors compliance by Company executives with stock ownership guidelines. (See Compensation Committee Report on Executive Compensation below.)

- Senior management meets regularly with major institutional investors and shareholders and reports to the Board on analyst and shareholder views of the Company.

CODE OF ETHICS

All ArvinMeritor employees, including our chief executive officer, chief financial officer, controller and other executive officers, are required to comply with our corporate policies regarding Standards of Business Conduct and Conflicts of Interest. These policies have been in place since the Company was formed in a spin-off from Rockwell in 1997 and were derived from similar policies in place at Rockwell. The purpose of these corporate policies is to ensure to the greatest possible extent that our business is conducted in a consistently legal and ethical manner. The Audit Committee has oversight responsibility with respect to compliance by employees. The Board of Directors is also required to comply with these policies, and the Corporate Governance and Nominating Committee is responsible for monitoring compliance by directors.

Employees may submit concerns or complaints regarding ethical issues on a confidential basis to our Helpline, by means of a toll-free telephone call or e-mail. The Office of the General Counsel investigates all concerns and complaints.

ArvinMeritor's ethics manual, including the text of the policies on Standards of Business Conduct and Conflicts of Interest, is posted in the section headed "Investors -- Corporate Governance" on our website (www.arvinmeritor.com). We will also post on our website any amendment to, or waiver from, a provision of our policies that applies to our chief executive officer, chief financial officer or controller, and that relates to any of the following elements of these policies: honest and ethical conduct; disclosure in reports or documents filed by the Company with the SEC; compliance with applicable laws, rules and regulations; prompt internal reporting of code violations; and accountability for adherence to the policies.

\$1,090; and Mr. Baker -- use of company automobile, \$9,951; club dues, \$7,066; reimbursement for cost of financial services, \$11,208; benefit related to lease car purchase, \$9,471; and premium on group excess liability insurance coverage, \$1,090; and (c) the following perquisites for fiscal year 2002: Mr. Baker -- use of company automobile, \$10,137; club dues, \$77,149; reimbursement for cost of financial services, \$10,816; and premium on group excess liability insurance coverage, \$1,090. Except as disclosed in (b) and (c), perquisites for the Named Executive Officers in each fiscal year did not exceed the lesser of \$50,000 or 10% of salary and bonus.

- (6) The Named Executive Officers held the following aggregate numbers of restricted shares of Common Stock at September 30, 2004, with an aggregate value (based on the closing price of ArvinMeritor Common Stock, \$18.75 per share, on the New York Stock Exchange -- Composite Transactions reporting system on September 30, 2004) as follows: Mr. McClure -- 150,797 shares, \$2,827,444; Mr. Yost -- 325,988 shares, \$6,112,275; Mr. De La Riva -- 49,686 shares, \$931,613; Mr. Soderstrom -- 67,755 shares, \$1,270,406; Mr. Gosnell -- 62,060 shares, \$1,163,625; and Mr. Baker -- 41,303 shares, \$774,431. Cash dividends are paid on the restricted shares granted to the Named Executive Officers in fiscal years 2004 and 2003 and, prior to vesting, these dividends are reinvested in additional restricted shares of Common Stock.
- (7) Restricted shares of Common Stock were granted to Mr. McClure on August 9, 2004. The amount in the table is based on the number of shares granted multiplied by the closing price of ArvinMeritor Common Stock on the New York Stock Exchange -- Composite Transactions reporting system on the date of grant (\$18.48 per share). Two-thirds of these shares are service-based and will vest upon Mr. McClure's remaining in his current position for stated periods of time. The balance of the restricted shares are performance-based and represent two pro rata awards that correspond to the grants described in footnotes (8) and (9) below.
- (8) Performance-based restricted shares of Common Stock were granted to the Named Executive Officers (except Mr. McClure) on January 2, 2004. The amount in the table is based on the number of shares granted multiplied by the closing price of ArvinMeritor Common Stock on the New York Stock Exchange -- Composite Transactions reporting system on the date of grant (\$23.80 per share). The portion of the restricted shares that will vest at the end of the three-year restricted period depends on achieving the same levels of earnings per share growth and return on invested capital that determine payouts of cash performance awards under the 1997 Long-Term Incentives Plan ("1997 LTIP") for the three-year performance period ending September 30, 2006. See Long-Term Incentive Plan Awards below. Under the terms of the 1997 LTIP, Mr. Yost is entitled to earn the number of shares he would have earned had he remained employed to the end of the restricted period.
- (9) Performance-based restricted shares of Common Stock were granted to the Named Executive Officers (except Mr. McClure) on November 22, 2002. The amount in the table is based on the number of shares granted multiplied by

Edgar Filing: ARVINMERITOR INC - Form DEF 14A

the closing price of ArvinMeritor Common Stock on the New York Stock Exchange -- Composite Transactions reporting system on the date of grant (\$15.32 per share). The portion of the restricted shares that will vest at the end of the three-year restricted period depends on achieving specified levels of earnings per share growth and cash flow/return on investment. Under the terms of the 1997 LTIP, Mr. Yost is entitled to earn the number of shares he would have earned had he remained employed to the end of the restricted period.

- (10) Long-term incentive payments for Messrs. Yost, De La Riva, Soderstrom, Gosnell and Baker in fiscal year 2004 were made by the Company with respect to the three-year performance plan that ended on September 30, 2004. These payments were made in cash and, in the case of Messrs. De La Riva, Soderstrom and Gosnell, partially in the form of deferred awards of shares of Common Stock that will be delivered after their termination of employment by the Company. No long-term incentive payments were made with respect to the performance plans that ended in 2003 or 2002. See Long-Term Incentive Plan Awards below.
- (11) This column includes amounts contributed for the Named Executive Officers under the Company's employee savings plan and the related supplemental savings plan.

- (2) These grants were made under ArvinMeritor's 1997 LTIP on November 17, 2003. The options become exercisable in three approximately equal installments on November 17, 2004, November 17, 2005 and November 17, 2006.

- (3) Based on the total number of options to purchase ArvinMeritor Common Stock issued to employees during the fiscal year.
- (4) Exercise price reflects market value per share (as defined in the 1997 LTIP) of ArvinMeritor Common Stock on the date of grant.
- (5) These values are based on the Black-Scholes option pricing model, which attempts to portray the value of an option at the date of grant. The actual value, if any, that may be realized from these options by the officer will depend solely on the gain in stock price over the exercise price when the options are exercised. The values are based on a per option share value of \$6.88 for the November 2003 grant and \$7.33 for the August 2004 grant, using the following assumptions and inputs: options exercised after 7 1/2 years; weighted one-year stock price volatility and dividend yield of 39.67% and 2.23%, respectively for the November 2003 grant and 40.72% and 2.16%, respectively for the August 2004 grant; and an interest rate of 4.04% for the November 2003 grant and 4.16% for the August 2004 grant, which was the rate at the date of grant of a zero coupon Treasury bond with a maturity date closest to the expected term of the option.

- (1) Under the terms of the 1997 LTIP, Mr. Yost, who retired from the Company in December 2004, is entitled to exercise his unexercised stock options at any time from the date they become exercisable until the earlier of the expiration date of the options or five years from the date of retirement.

(1) Mr. Yost, who retired from the Company in December 2004, is entitled under the terms of the 1997 LTIP to continue participating in this and one other existing performance plan (ending September 30, 2005) and to earn the amount of the payments he would have earned had he been employed for the entire performance periods.

(2) Potential awards for target performance are expressed as cash amounts.

(3) Amounts are stated before application of stock price change modifier, described below.

Under the 1997 LTIP, the Compensation Committee of the Board of Directors establishes performance periods of at least three fiscal years duration and performance objectives for those periods, and grants potential awards expressed as cash payments to key employees of the Company and its subsidiaries. Participants earn awards upon conclusion of the applicable performance period (which may vary from 0% to 300% of the target award) based on actual performance against target levels established by the Compensation Committee. (For purposes of the performance plan ending on September 30, 2005, performance is measured by earnings per share growth and cash flow/return on investment, and for purposes of the performance plan ending on September 30, 2006, performance is measured by earnings per share growth and return on invested capital.) However, awards are subject to achieving a minimum threshold level established by the Compensation Committee (5% earnings per share growth for the performance cycles ending in 2005 and 2006). The award payments are further modified by the percentage change in the price of ArvinMeritor Common Stock over the three-year period of the performance plan, which may increase or decrease the payment finally awarded. At the discretion of the Compensation Committee, payments may be made wholly or partly by delivering shares of ArvinMeritor Common Stock valued at the fair market value on the last trading day of the week preceding the day of the determination to make payments in the form of shares.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The Compensation and Management Development Committee of the Board of Directors, which consists entirely of non-employee directors (see Board of Directors and Committees above), has responsibility for reviewing all aspects of ArvinMeritor's executive compensation and has furnished the following report.

COMPENSATION PHILOSOPHY AND OBJECTIVES

The Compensation Committee has adopted compensation policies for ArvinMeritor intended to "pay for performance" through meeting three fundamental objectives:

- foster the creation of shareowner value through close alignment of the financial interests of executives with those of ArvinMeritor's shareowners,

22

- recognize individual and team performance through evaluation of each executive's effectiveness in meeting strategic and operating plan goals, and
- create compensation systems to attract, retain and motivate the high caliber of executives necessary for ArvinMeritor's leadership and growth.

EMPLOYEE STOCK OWNERSHIP

The Compensation Committee believes the focus on "pay for performance" can best be achieved by aligning the financial interests of ArvinMeritor's key executives with those of its shareowners. Accordingly, it has set the following minimum Ownership Guidelines (multiple of base salary) to be achieved and maintained:

	COMMON STOCK MARKET VALUE -----
- Chief Executive Officer.....	5
- Senior Vice Presidents.....	3
- Other Executive Officers.....	2
- Other Vice Presidents.....	1.5
- Other Executives subject to the guidelines.....	1

Non-U.S. based executives in each category listed above are subject to the same Ownership Guidelines, except that "Other Vice Presidents" are subject to a multiple of 1, and "Other Executives subject to the guidelines" are subject to a multiple of 0.5.

Shares owned directly (including restricted shares of Common Stock) or through savings plans of ArvinMeritor or Rockwell are considered for determining whether an executive meets the Ownership Guidelines. Shares subject to unexercised stock options are not considered. The Ownership Guidelines provide a transition period during which executives may achieve compliance. In general, this period ends five years after the date the Ownership Guidelines become applicable to them. All ArvinMeritor executives are within the five-year transition period for satisfying the Guidelines. As of November 30, 2004, the chief executive officer, senior vice presidents and other executive officers

Edgar Filing: ARVINMERITOR INC - Form DEF 14A

owned an aggregate of approximately 668,000 shares of ArvinMeritor Common Stock.

COMPENSATION STRATEGY

The Compensation Committee carries out its "pay for performance" philosophy by tying each executive's total compensation to the performance of both the Company and the individual. Base salaries are set at a level that is competitive with major durable goods manufacturers as well as other automotive suppliers, commensurate with responsibilities and experience. However, executives have an opportunity to earn additional compensation through ArvinMeritor's annual and long-term incentive plans, which provide rewards for superior performance by the individual and the Company. A significant portion of each executive's total potential compensation is performance-based and therefore is at risk, and the value of such at-risk compensation depends on the degree of success in attaining Company, business group and individual performance objectives. The Compensation Committee considers the total compensation potentially available to each executive in establishing each element of compensation.

At the beginning of fiscal year 2004, the Compensation Committee reviewed data compiled by Towers Perrin, independent compensation consultants retained to advise the Committee and management (the "consultants"), from competing companies and reference data for a broader group of industrial companies with which the Company may compete for talented executives, in determining executive compensation for the year. The data reviewed included data from ten of the eleven companies included in the peer group of companies used to compare ArvinMeritor's shareowner return (see Shareowner Return Performance Presentation below).

23

Section 162(m) of the Internal Revenue Code provides that the Company may not deduct compensation in excess of \$1 million paid in any taxable year to the Chief Executive Officer or any of the other four most highly compensated individuals who were executive officers as of the end of the fiscal year, unless the compensation is "performance based." Awards under the Incentive Compensation Plan and the 1997 LTIP, each as proposed to be amended (see Proposal to Amend the 1997 Long-Term Incentives Plan and Proposal to Amend the Incentive Compensation Plan below), are designed to be "performance based" for purposes of Section 162(m) and would not be subject to the limit on deductibility. However, base salaries and awards under the Incentive Compensation Plan and the 1997 LTIP, each as currently in effect, do not qualify as "performance based" compensation for this purpose. The Compensation Committee's policy is to structure compensation arrangements in a manner that will avoid the deduction limitations of Section 162(m), except where it determines that exceeding these limitations is in the best interests of ArvinMeritor and its shareowners.

Mr. De La Riva, Mr. Soderstrom and Mr. Gosnell each earned in excess of \$1 million of non-performance based compensation in fiscal year 2004. In the case of Mr. De La Riva and Mr. Soderstrom, all of the excess was paid in the form of a deferred award of Common Stock. In the case of Mr. Gosnell, \$50,000 of the excess was paid in the form of a deferred award of Common Stock, and the balance of the excess was paid in cash and will not be deductible by the Company. The deferred Common Stock awards will be delivered the year after the respective retirement or other termination of employment of Mr. De La Riva, Mr. Soderstrom and Mr. Gosnell and will be deductible by ArvinMeritor for the year of delivery.

The Compensation Committee believes it is appropriate to enter into agreements with executive officers relating to certain terms of their employment, to motivate current key individuals to continue their services and to provide incentives to attract candidates for officer positions. The agreements with the Named Executive Officers are described below in this proxy

Edgar Filing: ARVINMERITOR INC - Form DEF 14A

statement, immediately following this report.

COMPONENTS OF ARVINMERITOR'S COMPENSATION PLANS

The primary components of ArvinMeritor's executive compensation are base salary, annual incentives and long-term incentives. Each of these components is discussed below.

- Base Salary -- In the early part of fiscal year 2004, the Compensation Committee established the base salaries of the Company's senior executives, including Messrs. De La Riva, Soderstrom, Gosnell and Baker, upon recommendations of Mr. Yost (the then Chief Executive Officer) and ArvinMeritor's senior human resources executives. The recommended base salaries were developed based on survey data and the consultants' reports, on individual performance, on judgments as to the expected future contributions of the individual senior executives, and on economic and business conditions affecting the Company at the time of the evaluation. Base salaries also reflect the number of years of experience that each executive had in his or her current position. Any applicable base salary adjustments for officers, including certain of the Named Executive Officers, were made effective on February 1, 2004.

The Compensation Committee separately determined the salary for Mr. Yost, the former Chief Executive Officer, in the early part of fiscal year 2004, and for Mr. McClure, the incoming Chief Executive Officer, in July 2004 (as discussed below).

The salaries earned by the Named Executive Officers in fiscal year 2004 are shown in the column under the heading Salary in the table under Executive Compensation -- Summary Compensation Table above.

- Annual Incentives -- Near the beginning of fiscal year 2004, the Compensation Committee and the Board of Directors reviewed with Mr. Yost the corporate goals and objectives for that year. These goals and objectives were focused on objectives tied to creating shareowner value, which included measurable financial goals for the fiscal year, as well as strategic objectives that require more subjective assessments. The financial goals for fiscal year 2004 included targets for earnings per share growth and improvement in the ratio of performance working capital to sales, in each case compared to the prior fiscal year. ArvinMeritor's strategic objectives were exceeding customer expectations, out-performing the competition, developing an employee-valued culture, building supplier relationships and enhancing social responsibility. In addition, separate goals

24

and objectives were developed for each of the business groups, tailored to its particular operations, and for each individual. It is intended that incentive compensation be awarded at or above 100% of stated target levels when corporate, business group and individual goals and objectives are achieved. These target levels were established based on broad industry surveys, with significant upward and downward leverage dependent on performance.

In assessing performance for fiscal year 2004, the Compensation Committee focused on attainment of the measurable financial objectives for the year. For purposes of calculating annual incentive awards for fiscal year 2004, the Committee determined to eliminate the effects of certain non-recurring charges that were recorded during the award period, including: the write-off of goodwill associated with the Light Vehicle Aftermarket business; an accrual for a significant increase in environmental remediation costs at a former Rockwell facility that was never part of the Company's operations; the costs associated with the tender offer for the common stock of Dana Corporation, which was

Edgar Filing: ARVINMERITOR INC - Form DEF 14A

terminated unsuccessfully during the fiscal year; and restructuring charges (the "adjustments"). Earnings per share (after making the aforesaid adjustments) increased 28.7% compared to fiscal year 2003, and performance working capital as a percent of sales improved by .53%, each of which exceeded targets for the year. As a result, the Committee made incentive compensation awards to the Named Executive Officers, except Mr. McClure, as shown in the column headed Bonus in the table under Executive Compensation -- Summary Compensation Table above, and other key employees of the Company for fiscal year 2004.

- Long-Term Incentives -- ArvinMeritor's long-term incentive plans provide the flexibility to grant long-term incentives in a variety of forms. Prior to December 2004, these forms included target performance awards, stock options, stock appreciation rights and restricted shares of Common Stock. Annually, the Compensation Committee evaluates the types of long-term incentives it believes are most likely to achieve ArvinMeritor's total compensation objectives.

In fiscal year 2004, the Compensation Committee provided long-term incentives to executive officers one-third each through stock option grants, grants of performance-contingent restricted shares, and awards under long-term performance plans. Other executives' and key employees' long-term incentives were provided through a combination of grants of service-based restricted shares, stock options and/or awards under long-term performance plans. The Compensation Committee believes that these allocations provided appropriate incentives for achievement of the Company's goals, aligned the interests of executives with the interests of shareowners and provided a means of increasing ownership of Common Stock.

In accordance with these practices, long-term incentives awarded to the Named Executive Officers in fiscal year 2004 included the components discussed in the following subsections. The Compensation Committee separately determined the awards to the former and current Chief Executive Officers (as discussed below). For individual awards to other executives, the Compensation Committee reviewed the recommendations of Mr. Yost, the then Chief Executive Officer, and also considered relevant survey data, the consultants' reports and the individual officers' anticipated future contributions.

Stock Options. The Compensation Committee granted stock options in fiscal year 2004 to executives, including the Named Executive Officers (see Executive Compensation -- Option Grants above). These stock options become exercisable in three approximately equal increments on the first, second and third anniversaries of the date of grant, at an exercise price per option equal to the fair market value of a share of Common Stock on the date of grant.

The Company began expensing the fair value of stock options granted under its stock-based compensation plans, including its long-term incentive plans, effective October 1, 2002.

Performance Awards. In fiscal year 2004, the Compensation Committee established a performance plan under the 1997 LTIP with a three-year performance period ending September 30, 2006, and set target performance awards thereunder for executives, including the Named Executive Officers (see Executive Compensation -- Long-Term Incentive Plan Awards above). Under the performance plan, potential compensation depends on achieving levels of earnings per share growth and return on invested capital, as modified by the change in the price of ArvinMeritor Common Stock during the term of the performance period.

In fiscal year 2002, the Compensation Committee granted key executives long-term incentives under a performance plan established under the 1997 LTIP. The Committee has discretion as to the treatment of certain nonrecurring items

Edgar Filing: ARVINMERITOR INC - Form DEF 14A

in calculating award payouts under the 1997 LTIP, and determined, for purposes of awards under this performance plan, to eliminate the effects of the adjustments noted above under "Annual Incentives." Based on achievement of performance goals related to earnings per share growth (after giving effect to the aforesaid adjustments) and cash flow/return on investment for the three-year performance period ended September 30, 2004, as modified by the change in the price of ArvinMeritor Common Stock during the performance period, the Compensation Committee made long-term incentive awards to the Named Executive Officers (excluding Mr. McClure) and other executives with respect to this performance plan (see the column headed Long-Term Incentive Payments in the table under Executive Compensation -- Summary Compensation Table above). Awards were based on formulae in the performance plan established in fiscal year 2002.

Performance-Contingent Restricted Shares. In fiscal year 2004, the Compensation Committee granted performance-contingent restricted shares of Common Stock to executive officers, including the Named Executive Officers (see the column headed Restricted Stock Awards in the table under Executive Compensation -- Summary Compensation Table above). The portion of the restricted shares that will vest at the end of the three-year restricted period is dependent on achieving the same levels of earnings per share growth and return on invested capital that determine payouts of the performance awards described above.

- Future Incentive Awards. The Committee amended the long-term incentive plan in December 2004 to provide more flexibility as to the form of equity-based awards. Future awards can be in the form of performance shares and restricted share units, as well as Common Stock, restricted shares, stock appreciation rights and stock options. The Compensation Committee currently intends to eliminate stock options from the mix of long-term incentives awarded to executives in fiscal year 2005 and beyond.

The Committee also modified the performance goals and metrics used to determine award eligibility and calculate awards under both the annual and long-term incentive plans beginning in fiscal year 2005. Under the revised annual incentive plan design, performance targets for operating profit and performance working capital will be measured against an operating plan established at the beginning of the fiscal year, rather than against the prior year's performance. Under the revised long-term incentive plan design, (a) grants of performance shares will vest if specified targets for return on invested capital over a three-year performance period are satisfied; and (b) payouts under cash performance plans will depend on the Company's total shareholder return relative to other automotive suppliers. The primary purposes of these changes are to minimize the effects of industry cycles on evaluation of performance and calculation of awards, and to align performance goals more closely with shareowner interests.

COMPENSATION OF THE FORMER AND CURRENT CHIEF EXECUTIVE OFFICERS

- Base Salary -- Mr. Yost did not receive a salary increase in 2004, and his base salary remained at \$1,000,000 throughout the fiscal year. He resigned as Chief Executive Officer and Mr. McClure assumed that role on August 9, 2004. Mr. McClure's annualized base salary in fiscal year 2004 was \$1,000,000. The Compensation Committee believes these base salaries are in line with its compensation philosophy and appropriately reflect the responsibilities of the Company's Chief Executive Officer.

- Annual Incentives -- In accordance with the Compensation Committee's assessment of the Company's financial performance in the past year (described above in this report under the heading Components of ArvinMeritor's Compensation Plans -- Annual Incentives), Mr. Yost was awarded annual incentive compensation of \$1,603,364 for fiscal year 2004 under the terms of the Incentive Compensation Plan.

Edgar Filing: ARVINMERITOR INC - Form DEF 14A

- Long-Term Incentives -- In early 2004, the Compensation Committee granted to Mr. Yost stock options, performance-contingent restricted shares and target performance awards under the performance plan established in fiscal 2004 for the three-year performance period ending September 30, 2006. In determining the number of options and restricted shares and the amount of the target awards granted, the Compensation Committee considered the consultants' advice and the value of long-term incentives provided by other companies, as reported in surveys. The Compensation Committee also considered Mr. Yost's total compensa-

26

tion, as well as his past and then expected future contributions to the achievement of ArvinMeritor's long-term performance goals.

Effective August 9, 2004, when Mr. McClure assumed the role of Chief Executive Officer, the Compensation Committee awarded him grants of stock options, performance-contingent restricted shares and target performance awards under the three-year performance plans established in November 2002 and 2003. The amount of options, restricted shares and cash performance targets granted to Mr. McClure was based on the fact that he will be employed for approximately one-third of the respective vesting and performance periods for the grants made in 2002 and approximately two-thirds of these periods for the grants made in 2003. The Committee also awarded him service-based restricted shares that will vest after he serves in his current position for stated periods of time.

The Compensation Committee made a long-term incentive award of \$1,394,910 to Mr. Yost in fiscal year 2004 with respect to the target performance awards granted in 2002 (see Components of ArvinMeritor's Compensation Plans -- Long-Term Incentives above in this report). This award, which was paid in cash, was based on the same criteria applicable to other executives and the position Mr. Yost held with the Company at the beginning of the performance period.

For further information on these grants and awards to Mr. Yost and Mr. McClure, see Executive Compensation -- Option Grants, Executive Compensation -- Long-Term Incentive Plan Awards, and the columns headed Bonus, Restricted Stock Awards and Long-Term Incentive Payments in the table under Executive Compensation -- Summary Compensation Table above.

- Retirement of Mr. Yost -- When Mr. Yost resigned from the position of Chairman of the Board and Chief Executive Officer effective August 9, 2004, the Compensation Committee approved certain arrangements in recognition of his long service and significant contributions to the Company. These arrangements include his continuation as an employee of the Company at his then-current salary level until December 31, 2004. See Agreements with Named Executive Officers below for further information on these arrangements.

- Board Review of Chief Executive Officer Compensation -- The Board in executive session (when Mr. McClure was not present) received and discussed the Compensation Committee's evaluation of the Company's performance and Mr. Yost's and Mr. McClure's performance in the respective portions of the 2004 fiscal year that each served as Chief Executive Officer. The Board also reviewed the Compensation Committee's decision to make an annual incentive award to Mr. Yost for that year and the long-term incentives granted to Mr. Yost and Mr. McClure in the form of stock options, restricted shares and target performance awards.

SUMMARY

The Committee believes that ArvinMeritor's compensation plans are consistent with the Company's strategic objectives and that they enable the

Edgar Filing: ARVINMERITOR INC - Form DEF 14A

Company to attract, retain and motivate highly qualified individuals, providing appropriate incentives to reward them for achieving and surpassing corporate and personal goals. The Compensation Committee periodically re-assesses these programs to assure that they emphasize performance and reward the enhancement of shareowner value, and modifies the programs as deemed necessary and appropriate to achieve their stated objectives, as well as to take into account systemic changes in leading compensation practices (see Components of ArvinMeritor's Compensation Plans -- Future Incentive Awards above). It also monitors these programs and changes them in recognition of the dynamic, global marketplace in which ArvinMeritor competes for talent.

AGREEMENTS WITH NAMED EXECUTIVE OFFICERS

Each of the Named Executive Officers (except Mr. McClure) received and accepted an employment letter during fiscal year 2003. Under the terms of these letters, if we terminate the executive's employment without cause, the executive will receive any accrued and unpaid compensation; monthly severance pay for a period of 18 to 36 months (depending on years of service); pro rata participation in the current year annual bonus and in the cash portion of existing long-term incentive cycles; continuation of benefits (other than long-term and short-term disability coverage) and savings plan participation throughout the severance period; full vesting of all stock options at the end of the severance period; extension of exercise period for stock options for three months after the end of the severance period (but not beyond the original option expiration date); pro rata vesting of restricted shares based on the portion of the restricted period that has elapsed as of the end of the severance period; outplacement services; and gross-up for any excise tax imposed. The executives also agreed to an 18-month non-solicitation provision, perpetual non-disclosure and confidentiality, and mandatory arbitration of disputes.

In the first quarter of fiscal year 2005, the Company entered into supplements to the employment letters with J.L. De La Riva and T.A. Gosnell providing for special retention incentives. Under these supplements, each of Mr. De La Riva and Mr. Gosnell will receive a cash payment in the amount of (a) \$750,000 if he remains continuously employed by ArvinMeritor for the period through September 30, 2006 but not through September 30, 2007, or (b) \$1 million if he remains continuously employed by ArvinMeritor for the period through September 30, 2007. If either of them dies, is disabled for a period of 12 months, or is terminated without cause prior to September 30, 2007, he (or his designated beneficiary) would receive a cash payment of \$1 million. If either of them is terminated with cause, he forfeits any right to a retention incentive payment.

In connection with his assuming the position of Chairman of the Board, Chief Executive Officer and President on August 9, 2004, C. G. McClure, Jr., accepted an employment letter with terms similar to those of the other Named Executive Officers. However, if Mr. McClure is terminated without cause in the first five years of his employment, he is entitled to 24 months of base salary; two years of annual incentive awards at the targeted level; immediate vesting of the stock options and service-based restricted shares granted to him at the time of his initial employment; and vesting of his accrued benefit under the

Edgar Filing: ARVINMERITOR INC - Form DEF 14A

Company's retirement plan. After the end of the five-year period, Mr. McClure will be subject to substantially the same severance provisions as other officers, as described above. Further, in order to provide a comparable benefit to that provided by his former employer, Mr. McClure will earn two years of credited service under the Company's retirement plan for each year served. Mr. McClure was also granted restricted stock, stock options and target awards for two ongoing three-year cash performance plans under the 1997 LTIP (as reported under the column headed Restricted Stock Awards in the table under Executive Compensation -- Summary Compensation Table and in the tables under Executive Compensation -- Option Grants and Executive Compensation -- Long-Term Incentive Plan Awards above).

The Compensation Committee and the Board of Directors approved arrangements with L. D. Yost relating to his resignation from the position of Chairman of the Board and Chief Executive Officer on August 9, 2004. Under the terms of this arrangement, Mr. Yost continued as an employee of the Company at his most recent salary level through his retirement date, December 31, 2004; he participated fully in the 2004 annual Incentive Compensation Plan awards; he will receive \$100,000 each year through 2009 to cover office and secretarial expenses; and he will receive title to his current company car at the termination of the current lease. In addition, for purposes of the grant of performance-contingent restricted shares made to him on January 2, 2004, he is deemed to have retired at least a year after the date of grant. (His actual retirement date was two days prior to the first anniversary of the date of grant.) This revision entitles him, under the terms of the 1997 LTIP, to receive at the end of the restricted period the number of shares he would have received had he remained employed by the Company for the entire period.

In September 2004, the Company entered into an agreement with S. C. Soderstrom, Jr., in connection with his early retirement from the position of Senior Vice President and Chief Financial Officer on December 31, 2004. Under this agreement, Mr. Soderstrom is entitled to 36 months of severance pay (based on his 18 years of service); pro rata participation (based on the period from the beginning of the performance

28

period through December 31, 2004) in any annual awards under the Incentive Compensation Plan for fiscal year 2005 and the cash performance plans under the 1997 LTIP for the performance periods ending September 30, 2005 and 2006; and other terms consistent with his employment letter (described above).

SHAREOWNER RETURN PERFORMANCE PRESENTATION

ArvinMeritor Common Stock began trading on the New York Stock Exchange on July 10, 2000, following the merger of Meritor and Arvin into ArvinMeritor. As a result, the cumulative total shareowner return on the Common Stock of the merged entity cannot be provided for any period before that date.

The line graph below compares the cumulative total shareowner return on an investment in Meritor's common stock against the cumulative total return of the S&P 500 and a peer group of companies for the period from October 1, 1999 to September 30, 2004, assuming a fixed investment of \$100 at the respective closing prices on the last day of each fiscal year and reinvestment of all cash dividends. Each fiscal year in the table reflects the exchange of each share of Meritor common stock for .75 of a share of ArvinMeritor Common Stock on July 7, 2000, the effective date of the merger.

RETIREMENT BENEFITS

Arvin and Meritor had separate retirement plans covering their respective employees, and we assumed these plans at the time of the merger of the two companies into ArvinMeritor. These separate retirement plans were superseded by an integrated ArvinMeritor plan, effective January 1, 2001.

The following table shows the estimated aggregate annual retirement benefits payable on a straight life annuity basis to participating employees in the earnings and years of service classifications indicated under our retirement plan, which covers most of our officers and other salaried employees on a noncontributory basis. These benefits reflect a reduction to recognize in part the cost of Social Security benefits related to service with the Company. The plans also provide for the payment of benefits to an employee's surviving spouse or other beneficiary.

Covered compensation includes salary and annual bonus. The calculation of retirement benefits under the new plan generally is based upon average earnings for the highest five consecutive years of the ten years preceding retirement. Our new plan credits participants for service earned with ArvinMeritor, Arvin, Meritor and Rockwell, as applicable. The credited years of service of Messrs. McClure, Yost, De La Riva, Soderstrom, Gosnell and Baker are 0, 33, 10, 18, 25 and 5, respectively. Under the terms of Mr. McClure's employment agreement, he will earn two years of credited service for each year served (see Agreements with Named Executive Officers above).

The new plan includes "grandfathering" provisions under which the retirement benefits payable to certain long-term employees will be adjusted in some cases to reflect differences between the benefits earned under the new plan and those earned under the predecessor plans prior to January 1, 2001.

Sections 401(a)(17) and 415 of the Internal Revenue Code limit the annual benefits that may be paid from a tax-qualified retirement plan. As permitted by the Employee Retirement Income Security Act of 1974, we have established a supplemental plan that authorizes the payment out of the Company's general funds of any benefits calculated under provisions of the applicable retirement plan that may be above the limits under these sections. Effective January 1, 2001, this new supplemental plan replaced separate supplemental plans of Arvin and Meritor.

AUDIT COMMITTEE REPORT

The Audit Committee, in accordance with its written charter, assists the Board in fulfilling its responsibility for monitoring the integrity of the accounting, auditing and financial reporting practices of ArvinMeritor. The Audit Committee's function is more fully described in its charter, which is available in the section headed "Investors -- Corporate Governance" on the ArvinMeritor website (www.arvinmeritor.com).

Management is responsible for the financial reporting process, including the system of internal controls and disclosure controls, and for the preparation of consolidated financial statements in accordance with accounting principles generally accepted in the United States ("GAAP"). The independent auditors are responsible for auditing these financial statements and expressing an opinion as to their conformity to GAAP. The Audit Committee's responsibility is to monitor and review these processes, acting in an oversight capacity. The Audit Committee does not certify the financial statements or guarantee the independent auditor's report. The Audit Committee relies, without independent verification, on the information provided to it, the

30

representations made by management and the independent auditors and the report of the independent auditors.

The Audit Committee has reviewed and discussed the audited financial statements of the Company for the fiscal year ended September 30, 2004 with the Company's management and has discussed with Deloitte & Touche LLP ("Deloitte"), independent auditors, the matters required to be discussed by Statement on Auditing Standards Standard No. 61, as amended, "Communication with Audit Committees." In addition, Deloitte has provided the Audit Committee with the written disclosures and the letter required by Independence Standards Board Standard No. 1, "Independence Discussions with Audit Committees," and the Audit Committee has discussed with Deloitte their independence.

Based on the foregoing reviews and discussions, the Audit Committee recommended to the Board of Directors that the audited financial statements be

Edgar Filing: ARVINMERITOR INC - Form DEF 14A

included in ArvinMeritor's Annual Report on Form 10-K for the year ended September 30, 2004, filed with the SEC.

(c) Includes fees for human resources consulting and compilation services.

Pursuant to its charter, the Audit Committee is responsible for selection, approving compensation and overseeing the independence, qualifications and performance of the independent accountants. The Audit Committee's policy is to pre-approve all audit and permissible non-audit services provided by the independent accountants. Pre-approval is generally provided for up to one year, is detailed as to the particular service or category of services and is generally subject to a specific budget. The Audit Committee may also pre-approve particular services on a case-by-case basis. In assessing requests for services by the independent accountants, the Audit Committee considers whether such services are consistent with the auditor's independence; whether the independent accountants are likely to provide the most effective and efficient service based upon their familiarity with the Company; and whether the service could enhance the Company's ability to manage or control risk or improve audit quality.

All of the audit-related, tax and other services provided by Deloitte in fiscal years 2003 and 2004 (described in the footnotes to the table above) and related fees were approved in advance by the Audit Committee.

PROPOSAL TO APPROVE THE SELECTION OF AUDITORS

The Audit Committee of the Board of Directors of ArvinMeritor has selected the firm of Deloitte & Touche LLP as the auditors of the Company, subject to the approval of the shareowners. Deloitte & Touche LLP have acted as auditors for ArvinMeritor since the merger and acted as auditors for Meritor from its inception.

Before the Audit Committee appointed Deloitte & Touche LLP, it carefully considered the qualifications of that firm, including its performance for ArvinMeritor and for Meritor prior to the merger and its reputation for integrity and for competence in the fields of accounting and auditing. Representatives of Deloitte & Touche LLP are expected to attend the 2005 Annual Meeting to respond to appropriate questions and to make a statement if they desire to do so.

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE "FOR" THE PROPOSAL TO APPROVE THE SELECTION OF DELOITTE & TOUCHE LLP TO ACT AS AUDITORS FOR ARVINMERITOR, WHICH IS PRESENTED AS ITEM (2).

PROPOSAL TO AMEND THE 1997 LONG-TERM INCENTIVES PLAN

The 1997 LTIP was approved by the Board of Directors of Meritor in August 1997 and by shareowners in February 1998. In connection with the merger of Meritor and Arvin, amendments to the 1997 LTIP were approved by shareowners in July 2000. On December 7, 2004, the Compensation Committee of the Board of Directors approved amendments to the 1997 LTIP to provide for grants of restricted share units, performance shares and performance compensation awards.

On December 7, 2004, the Compensation Committee also approved amendments to the 1997 LTIP providing that awards of restricted shares, restricted share units, performance shares and performance compensation awards may be made subject to satisfaction of objective performance criteria and setting forth such objective performance criteria. The purpose of these amendments is to permit such awards to qualify for favorable tax treatment under Section 162(m) ("Section 162(m)") of the Internal Revenue Code of 1986, as amended. Section 162(m) provides that a publicly held company may not deduct compensation in excess of \$1 million paid in any taxable year to its chief executive officer or any of the other four most highly compensated individuals who were executive officers as of the end of the fiscal year unless the compensation is "performance based." Grants of restricted shares, restricted share units, performance shares and performance compensation awards under the 1997 LTIP would not qualify as "performance based" for this purpose unless made subject to satisfaction of objective performance criteria.

The proposed amendments setting forth objective performance criteria for certain awards under the 1997 LTIP are not required to be approved by shareowners under the rules of the New York Stock Exchange. However, in order to be effective for purposes of Section 162(m), the amendments must be approved by shareowners and a proposal seeking such approval will be presented to the meeting. If ArvinMeritor's shareowners fail to approve the Section 162(m) amendments, the 1997 LTIP as heretofore amended by the Compensation Committee, but without the Section 162(m) amendments, will remain in effect.

The complete text of the 1997 LTIP, as proposed to be amended, is set forth in Appendix A to this proxy statement, and shareowners are urged to review it together with the following information, which is qualified in its entirety by reference to Appendix A.

SUMMARY OF THE 1997 LTIP

The purpose of the 1997 LTIP is to foster creation of and enhance

Edgar Filing: ARVINMERITOR INC - Form DEF 14A

shareowner value by linking the compensation of officers and other key employees to increases in the price of ArvinMeritor's Common Stock or by offering the incentives of long-term monetary rewards to key employees of ArvinMeritor or its business units directly linked to their contribution to shareowner value, thus providing means by which persons of outstanding abilities can be attracted, motivated and retained. The 1997 LTIP is designed to permit ArvinMeritor to make different types of grants to meet competitive conditions and changing circumstances.

32

The 1997 LTIP authorizes the issuance or transfer of 9,000,000 shares of ArvinMeritor Common Stock, provided that the total number of shares as to which grants may be made under the 1997 LTIP in any one fiscal year beginning after September 30, 1998 may not exceed 3% of the total outstanding and treasury shares of ArvinMeritor. The 1997 LTIP permits grants to be made from time to time as nonqualified stock options, incentive stock options, stock appreciation rights ("SARs"), restricted shares, restricted share units, performance shares or performance compensation awards. In addition, the 1997 LTIP authorizes establishment of performance plans applicable to ArvinMeritor or one or more of its business units.

As of September 30, 2004, options to purchase 4,071,918 shares of ArvinMeritor Common Stock and 699,000 restricted shares were outstanding under the 1997 LTIP and 2,317,020 shares remained available for future awards under the 1997 LTIP.

The 1997 LTIP is administered by the Compensation Committee, which consists of two or more members of the Board of Directors who are not eligible to participate in the 1997 LTIP and who are independent under New York Stock Exchange rules. In order to meet the requirements of Section 162(m) and the rules under Section 16 of the Exchange Act, all grants under the 1997 LTIP are to be made by a grant committee consisting of those members of the Company's Compensation Committee who are both "outside directors" as defined for purposes of Section 162(m) and regulations thereunder and "non-employee directors" as defined for purposes of Section 16 of the Exchange Act. In addition, the Board of Directors has authority to perform all functions of ArvinMeritor's Compensation Committee and grant committee under the 1997 LTIP.

Participants to whom grants are made under the 1997 LTIP are selected from time to time by the grant committee in its sole discretion from among corporate officers and other key employees of ArvinMeritor and its subsidiaries and affiliates. In selecting participants and determining the type and amount of their grants, the grant committee may consider recommendations of the chief executive officer and will take into account such factors as the participant's level of responsibility, performance, performance potential, level and type of compensation and potential value of grants under the 1997 LTIP. Approximately 150 employees are currently eligible to receive awards under the 1997 LTIP.

Under the 1997 LTIP, stock options, freestanding SARs (as defined below), restricted shares, restricted share units and performance shares may not be granted after September 30, 2007 but tandem SARs (as defined below) may be granted with respect to outstanding stock options granted before that date.

Stock Options and Stock Appreciation Rights

Under the provisions of the 1997 LTIP authorizing the grant of stock options:

- the option price may not be less than the fair market value of the shares of Common Stock at the date of grant;

Edgar Filing: ARVINMERITOR INC - Form DEF 14A

- the aggregate fair market value (determined as of the date the option is granted) of the shares of Common Stock for which any employee may be granted incentive stock options which are exercisable for the first time in any calendar year may not exceed \$100,000;
- stock options generally may not be exercised prior to one year or after ten years from the date of grant and generally become exercisable in three approximately equal installments on the first, second and third anniversaries of the date of grant; and
- at the time of exercise of a stock option, the option price must be paid in full in cash or in shares of ArvinMeritor Common Stock or in a combination of cash and shares.

The 1997 LTIP permits the grant of SARs related to a stock option (a "tandem SAR"), either at the time of the option grant or thereafter during the term of the option, or the grant of SARs separate and apart from the grant of an option (a "freestanding SAR"):

- tandem SARs permit an optionee, upon exercise of such rights and surrender of the related option to the extent of an equivalent number of shares of Common Stock, to receive a payment equal to the

33

excess of the fair market value (on the date of exercise) of the portion of the option so surrendered over the option exercise price of such shares of Common Stock; and

- freestanding SARs entitle the grantee, upon exercise of SARs, to receive a payment equal to the excess of the fair market value (on the date of exercise) of all or part of a designated number of shares of Common Stock over the fair market value of such shares of Common Stock on the date the SARs were granted.

The payment by ArvinMeritor in respect of tandem SARs or freestanding SARs may be made in shares of ArvinMeritor Common Stock (valued on the basis of the fair market value of the shares of Common Stock on the date of exercise of the SARs), in cash, or partly in cash and partly in shares of Common Stock, as the grant committee may determine.

Restricted Shares

Under the 1997 LTIP, the grant committee may grant to participants shares of Common Stock as restricted shares subject to specified restrictions. Grants of restricted shares are subject to forfeiture if the grantee does not continue as an employee of ArvinMeritor or a subsidiary or affiliate (i) for a restricted period of three years or longer, as may be specified by the grant committee, from the grant date, or (ii) until any performance criteria specified by the grant committee are met. During the restricted period, restricted shares have all the attributes of outstanding shares of ArvinMeritor Common Stock, except that the shares are delivered to and held by ArvinMeritor for the grantee's account. As and to the extent that restricted shares are no longer subject to forfeiture, the shares will be delivered to the grantee.

Restricted Share Units

Under the 1997 LTIP, the grant committee may grant to participants restricted share units subject to specified restrictions. A restricted share unit is a unit granted to an employee valued by reference to a designated number

Edgar Filing: ARVINMERITOR INC - Form DEF 14A

of shares of ArvinMeritor Common Stock, which value may be paid to an employee by delivery of shares of Common Stock (which may be restricted shares), cash or a combination of shares of Common Stock and cash, as the grant committee may determine. No payment in respect of restricted share units will be made if the grantee does not continue as an employee of ArvinMeritor or a subsidiary or affiliate (i) for a restricted share unit period specified by the grant committee, or (ii) until any performance or other criteria specified by the grant committee are met.

Performance Shares

Under the 1997 LTIP, the grant committee may grant to participants performance shares subject to specified restrictions. Performance shares are units granted to an employee valued by reference to a designated number of shares of ArvinMeritor Common Stock, which value may be paid to an employee by delivery of shares of Common Stock (which may be restricted shares), cash or a combination of shares of Common Stock or cash, as the grant committee may determine. No payment in respect of performance shares will be made if the grantee does not continue as an employee of ArvinMeritor or a subsidiary or affiliate (i) for a performance share period specified by the grant committee, or (ii) until any performance or other criteria specified by the grant committee are met.

Performance Plans

Performance Plans Not Qualified Under Section 162(m). The 1997 LTIP authorizes the establishment by the Compensation Committee of performance plans that are not qualified under Section 162(m) ("Performance Plans") applicable to ArvinMeritor or one or more of its business units. Each Performance Plan must include provision for establishment of performance cycles (beginning no later than September 30, 2007) of not less than three fiscal years and establishment of a performance measure and performance objectives. The Compensation Committee (or, with its approval, the person or committee delegated to administer any plan except insofar as it relates to any executive officer) may also determine whether conditions, including changes in the economy, changes in law or government regulations, changes in generally

34

accepted accounting principles or material acquisitions or dispositions, warrant modifications of a Performance Plan. The Compensation Committee may authorize the chief executive officer to approve the definitive terms and conditions of any Performance Plan, including the employees or categories of employees eligible to participate in each Performance Plan, but Compensation Committee authorization is required for participation by any of ArvinMeritor's executive officers in a Performance Plan. Potential awards under Performance Plans are expressed as cash amounts and are paid in cash unless the Compensation Committee decides that payment should be in shares of ArvinMeritor Common Stock or a combination of shares of Common Stock and cash. Payment in cash may be made in a lump sum, in installments or on a deferred basis. Payment in Common Stock may, in the discretion of the Compensation Committee, be made in restricted shares of ArvinMeritor Common Stock.

Performance Plans Qualified Under Section 162(m). The 1997 LTIP, as proposed to be amended, also authorizes the establishment by the grant committee of performance plans qualified under Section 162(m) ("Section 7C Performance Plans") applicable to ArvinMeritor or one or more of its business units. See "Performance Compensation Awards" below for a description of awards under Section 7C Performance Plans.

Performance Compensation Awards

Edgar Filing: ARVINMERITOR INC - Form DEF 14A

Under the Section 162(m) amendments to the 1997 LTIP for which shareowner approval is being sought at the 2005 Annual Meeting, the grant committee may grant restricted shares, restricted share units or performance shares or make awards under Section 7C Performance Plans as performance compensation awards in order that the grant or award constitutes qualified performance-based compensation under Section 162(m). With respect to each such performance compensation grant or award, the grant committee will (on or before the 90th day of the applicable Section 7C performance cycle), establish, in writing, a Section 7C performance cycle, applicable performance goals and the performance objectives to be used in determining whether and to what extent grants and awards will be deemed to be earned. The performance goals will be based on one or more of the following objective performance criteria or components thereof selected by the grant committee to measure the performance of ArvinMeritor, a division or business component (which may but need not be a subsidiary) of ArvinMeritor or both for a Section 7C performance cycle: sales; gross margin; operating income; income before or after interest, taxes, depreciation or amortization; net income; basic or diluted earnings per share; return on capital; return on equity; return on assets; cash flow; working capital; stock price; total shareowner return; pretax income before allocation of corporate overhead and bonus; market share; gross profits; and/or reductions in costs.

The designation of an award as a performance compensation award will enable such award to qualify as performance-based compensation not subject to the \$1 million limitation on deductible compensation under Section 162(m). Such awards made under the 1997 LTIP prior to shareowner approval will qualify as performance-based compensation only to the extent such awards will be forfeited if shareowner approval is not obtained.

Dividends

Under the 1997 LTIP, during the restricted period, unless the grant committee determines otherwise at the time of grant, dividends on restricted shares are delivered to and held by ArvinMeritor for the grantee's account. As and to the extent that restricted shares are no longer subject to forfeiture, any dividends payable thereon withheld by ArvinMeritor, together with interest on any cash dividends computed at the same rate and in the same manner as interest credited from time to time under ArvinMeritor's deferred compensation plan, will be delivered to the grantee.

If and to the extent provided for in the applicable award agreement, a grantee of restricted share units or performance shares that are no longer subject to forfeiture will also receive dividend equivalents in respect of the restricted share units or performance shares equal to the amount or value of any cash or other dividends or distributions paid on an equivalent number of shares of Common Stock during the period from the time of grant until the restricted share units or performance shares are no longer subject to forfeiture. There will also

35

be paid to the grantee of restricted share units or performance shares at such time interest on the amount of any cash dividends so delivered as and to the extent provided for in the applicable award agreement.

Effect of Death or Termination of Employment

Stock Options and SARs. If a participant holding an outstanding stock option or SAR dies, the 1997 LTIP permits the exercise of the option or SAR within three years of the date of death (or the expiration date specified in the option or SAR if earlier) even if it was not exercisable at such date. If a participant holding outstanding stock options or SARs retires under a retirement

Edgar Filing: ARVINMERITOR INC - Form DEF 14A

plan of ArvinMeritor at any time after a portion of the options or SARs subject to a particular grant has become exercisable, the options or SARs subject to that grant may be exercised from and after the date upon which they are first exercisable under that grant for five years after the date of retirement (or the expiration date specified in the grant if earlier), even if any of them was not exercisable at the date of retirement. In the case of an employee whose employment terminates for any other reason, unless the Compensation Committee determines otherwise, the option or SAR may be exercised only until the date three months after the termination of employment (or the expiration date specified in the grant if earlier), and only to the extent it was exercisable at the date of termination of employment.

Other Awards. Except as otherwise provided in an applicable award agreement, if a participant holding restricted shares, restricted share units, performance shares or awards under a Performance Plan or Section 7C Performance Plan (i) dies or (ii) retires under a retirement plan of ArvinMeritor before the end of the applicable restricted period, restricted share unit period, performance share period, performance cycle or Section 7C performance cycle but not less than one year after the date of the grant (in the case of any grant of restricted shares or restricted share units) or the beginning of the applicable performance share period, performance cycle or Section 7C performance cycle, the number of restricted shares, restricted share units or performance shares the employee will be deemed to have earned and the amount of the award under the Performance Plan or Section 7C Performance Plan will be the amount or number determined as though the employee's employment had not terminated before the end of the applicable restricted period, restricted share unit period, performance share period, performance cycle or Section 7C performance cycle.

Except as otherwise provided in an applicable award agreement, in the case of an employee whose employment terminates for any other reason before the end of the applicable restricted period, restricted share unit period, performance share period, performance cycle or Section 7C performance cycle, the employee will be deemed not to have earned any restricted shares, restricted share units or performance shares or any award under the Performance Plan or Section 7C Performance Plan. The Compensation Committee or the grant committee, as applicable, taking into account the purpose of the 1997 LTIP and such other factors as it deems appropriate in its sole discretion, may waive the forfeiture of all or a portion of those restricted shares, restricted share units or performance shares granted or the amount of the award under a Performance Plan or Section 7C Performance Plan.

Limitation on Grants

Under the 1997 LTIP, the total number of shares subject to options and SARs granted to any one employee in any one fiscal year under all plans of ArvinMeritor may not exceed 500,000. Restricted shares, shares subject to restricted share units and performance shares subject to grants made as performance-based compensation to any one employee in any one fiscal year of ArvinMeritor also may not exceed 500,000. In addition, no performance compensation award (excluding for this purpose any amounts payable in respect of any grants of restricted shares, restricted share units or performance shares) under Section 7C Performance Plans having an aggregate maximum dollar value in excess of \$5,000,000 may be paid to any individual employee in any one fiscal year of ArvinMeritor.

36

Change of Control Benefits

In order to maintain the rights of participants in the event of a change of control of ArvinMeritor, the 1997 LTIP provides that unless prior to the

Edgar Filing: ARVINMERITOR INC - Form DEF 14A

occurrence of such a change the Board of Directors will have determined otherwise by vote of at least two-thirds of its members:

- all performance cycles (except those under Performance Plans that do not provide for a change of control contingency) not then complete will be deemed completed, the respective performance objectives will be deemed to have been attained and all potential awards granted with respect thereto will be deemed to have been fully earned;
- all outstanding stock options and SARs will become fully exercisable whether or not otherwise then exercisable;
- the restrictions on all shares of ArvinMeritor Common Stock granted as restricted shares will lapse;
- all restricted share units and performance shares will be deemed earned and will no longer be subject to forfeiture; and
- all Section 7C performance cycles (except those under Section 7C Performance Plans that do not provide for a change of control contingency) not then complete will be deemed completed, the applicable performance goals and the performance objectives will be deemed to have been attained and all potential awards granted with respect thereto will be deemed to have been fully earned.

A change of control is deemed to occur under the same circumstances as provided in Section 8.10 of the Company's By-Laws. This section of the Company's By-Laws defines "change of control" as a change of control of ArvinMeritor of a nature that would be required to be reported in a proxy statement pursuant to Section 14(a) of the Exchange Act or in a Form 8-K pursuant to Section 13 of the Exchange Act (or in any similar form or schedule under either of those provisions or any successor provision), whether or not ArvinMeritor is then subject to such reporting requirement; provided, however, that under the Company's By-Laws a change of control will be deemed to have occurred if:

- any "person" (as such term is used in Sections 13(d) and 14(d) of the Exchange Act) is or becomes the "beneficial owner" (as defined in Rule 13d-3 under the Exchange Act), directly or indirectly, of securities of ArvinMeritor representing 20% or more of the combined voting power of ArvinMeritor's then outstanding securities without the prior approval of at least two-thirds of the members of the Board of Directors in office immediately prior to such person attaining such percentage interest;
- ArvinMeritor is a party to a merger, consolidation, sale of assets or other reorganization, or a proxy contest, as a consequence of which members of the Board of Directors in office immediately prior to such transaction or event constitute less than a majority of the Board of Directors immediately thereafter; or
- during any period of two consecutive years, individuals who at the beginning of such period constituted the Board of Directors (including for this purpose any director whose election became effective prior to or at the time of the spin-off from Rockwell and any new director whose election or nomination for election by the shareowners was approved by a vote of at least two-thirds of the directors then still in office who were directors at the beginning of such period) cease for any reason to constitute at least a majority of the Board of Directors.

Amendment, Suspension or Termination of 1997 LTIP

ArvinMeritor's Compensation Committee may at any time amend, suspend or terminate the 1997 LTIP or grants made thereunder. In the event any change in or

Edgar Filing: ARVINMERITOR INC - Form DEF 14A

affecting shares of ArvinMeritor Common Stock occurs, the Board of Directors may make appropriate amendments to or adjustments in the 1997 LTIP or grants made thereunder, including changes in the number of shares of Common Stock which may be issued or transferred under the 1997 LTIP, the number of shares of Common Stock and price per share of Common Stock subject to outstanding options and SARs and the number of outstanding restricted share units and

37

performance shares. However, the Board of Directors and Compensation Committee may not (except in making amendments and adjustments in the event of changes in or affecting shares of ArvinMeritor Common Stock):

- without the consent of the person affected, cancel or reduce any grant theretofore made other than as provided for or contemplated in the agreement evidencing the grant;
- without shareowner approval, change the class of persons eligible to receive incentive stock options under the 1997 LTIP;
- without shareowner approval, increase the number of shares of ArvinMeritor Common Stock that may be issued or transferred under the 1997 LTIP;
- without shareowner approval, reduce the option exercise price of any stock option below the fair market value of the shares of Common Stock covered thereby at the date of grant;
- without shareowner approval, decrease the forfeiture period for any restricted shares, restricted share units or performance shares below that permitted under the 1997 LTIP; or
- without shareowner approval, otherwise amend the 1997 LTIP or grants thereunder to the extent that shareowner approval is necessary to comply with applicable requirements of the New York Stock Exchange.

New Plan Benefits

Only certain employees of the Company are eligible for awards under the 1997 LTIP. Non-executive directors are not eligible for awards. Grants under the 1997 LTIP are made in the discretion of the Compensation Committee or grant committee, as applicable, and the amounts to be awarded in any year are not determinable.

TAX MATTERS

The following is a brief summary of the material United States Federal income tax consequences of benefits under the 1997 LTIP under present law and regulations:

Payments under Performance Plans. Any cash and the fair market value of any shares of ArvinMeritor Common Stock (other than restricted shares, as described below) received as payments under Performance Plans established in accordance with the 1997 LTIP will constitute ordinary income to the employee in the year in which paid, and ArvinMeritor will be entitled to a deduction in the same amount, subject to the limitations of Section 162(m).

Incentive Stock Options. The grant of an incentive stock option will not result in any immediate tax consequences to ArvinMeritor or the optionee. An optionee will not recognize taxable income, and ArvinMeritor will not be entitled to any deduction, upon the timely exercise of an incentive stock

Edgar Filing: ARVINMERITOR INC - Form DEF 14A

option, but the excess of the fair market value of the shares of ArvinMeritor Common Stock acquired over the option exercise price will be includable in the optionee's "alternative minimum taxable income" for purposes of the alternative minimum tax. If the optionee does not dispose of the shares of Common Stock acquired within one year after their receipt (and within two years after the option was granted), gain or loss recognized on the subsequent disposition of the shares of Common Stock will be treated as long-term capital gain or loss. Capital losses of individuals are deductible only against capital gains and a limited amount of ordinary income. In the event of an earlier disposition, the optionee will recognize taxable ordinary income in an amount equal to the lesser of (i) the excess of the fair market value of the shares of Common Stock on the date of exercise over the option exercise price or (ii) if the disposition is a taxable sale or exchange, the amount of any gain recognized. Upon such a disqualifying disposition, ArvinMeritor will be entitled to a deduction in the same amount and at the same time as the optionee recognizes such taxable ordinary income.

Nonqualified Stock Options. The grant of a nonqualified stock option will not result in any immediate tax consequences to ArvinMeritor or the optionee. Upon the exercise of a nonqualified stock option, the

38

optionee will recognize taxable ordinary income, and ArvinMeritor will be entitled to a deduction, in an amount equal to the difference between the option exercise price and the fair market value of the shares of ArvinMeritor Common Stock acquired at the time of exercise.

Stock Appreciation Rights. The grant of either a tandem SAR or a freestanding SAR will not result in any immediate tax consequences to ArvinMeritor or the grantee. Upon the exercise of either a tandem SAR or a freestanding SAR, any cash received and the fair market value on the exercise date of any shares of ArvinMeritor Common Stock received will constitute ordinary income to the grantee. ArvinMeritor will be entitled to a deduction in the same amount and at the same time.

Restricted Shares. An employee normally will not recognize taxable income in connection with an award of restricted shares, and ArvinMeritor will not be entitled to a deduction, until the termination of the restrictions. Upon such termination, the employee will recognize taxable ordinary income in an amount equal to the fair market value of the shares of ArvinMeritor Common Stock at that time, plus the amount of the dividends and interest thereon to which the employee then becomes entitled. However, an employee may elect to recognize taxable ordinary income in the year the restricted shares are awarded in an amount equal to their fair market value at that time, determined without regard to the restrictions. ArvinMeritor will be entitled to a deduction in the same amount and at the same time as the employee recognizes income, subject to the limitations of Section 162(m).

Restricted Share Units. The grant of a restricted share unit will not result in any immediate tax consequences to the employee or the Company. Upon payment or settlement of a restricted share unit award or payment of any dividend equivalents, the employee will recognize taxable ordinary income, and the Company will be entitled to a deduction, equal to the fair market value of the shares, cash or the dividend equivalents on the date received, subject to the limitations of Section 162(m).

Performance Shares. The grant of performance shares will not result in any immediate tax consequences to the employee or the Company. Upon payment or settlement of a performance share or payment of any dividend equivalents, the employee will recognize taxable ordinary income, and the Company will be

Edgar Filing: ARVINMERITOR INC - Form DEF 14A

entitled to a deduction, equal to the fair market value of the shares, cash or the dividend equivalents on the date received, subject to the limitations of Section 162(m).

Payments Under Section 7C Performance Plans. Any cash and the fair market value of any shares of ArvinMeritor Common Stock (other than restricted shares, restricted share units or performance shares as described above) received as payments under Section 7C Performance Plans established in accordance with the 1997 LTIP will constitute ordinary income to the employee in the year in which paid, and ArvinMeritor will be entitled to a deduction in the same amount, subject to the limitations of Section 162(m).

Payouts of Performance Compensation Awards. The designation of an award of restricted shares, restricted share units, performance shares or awards under a Section 7C Performance Plan as a performance compensation award will not change the tax treatment described above to an employee who receives such an award or grant. Such a designation will, however, enable such award or grant to qualify as performance-based compensation not subject to the \$1 million limitation on deductible compensation under Section 162(m).

Applicable taxes required by law will be withheld from all amounts paid in satisfaction of an award. The amount of the withholding will generally be determined with reference to the closing sale price of the shares of ArvinMeritor Common Stock as reported on the New York Stock Exchange -- Composite Transactions reporting system on the date of determination. Under the 1997 LTIP, the amount of withholding to be paid in respect of nonqualified options exercised through the cashless method in which all shares are immediately sold will be determined by reference to the price at which the shares are sold.

The American Jobs Creation Act of 2004 became law on October 22, 2004. The new law affects the timing for recognition of income attributable to certain types of non-qualified deferred compensation. The Board of Directors may amend the 1997 LTIP, to the extent such amendment is desirable or appropriate, to comply with the requirements of the new law.

39

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE "FOR" THE PROPOSAL TO APPROVE AMENDMENTS TO THE 1997 LTIP TO ENABLE CERTAIN AWARDS TO QUALIFY UNDER SECTION 162(m), WHICH IS PRESENTED AS ITEM (3).

PROPOSAL TO AMEND THE INCENTIVE COMPENSATION PLAN

The Incentive Compensation Plan (the "ICP") was approved by the Board of Directors of Meritor in August 1997 and by Meritor shareowners in February 1998. On December 7, 2004, the Compensation Committee approved amendments to the ICP, including setting forth objective performance criteria, in order that certain awards made under the ICP could qualify for favorable tax treatment under Section 162(m). The amendments are not required to be approved by shareowners under the rules of the New York Stock Exchange. However, in order to be effective for purposes of Section 162(m), the amendments must be approved by shareowners and a proposal seeking such approval will be presented to the meeting. If ArvinMeritor's shareowners fail to approve the proposed amendments, the ICP without the proposed amendments will remain in effect.

The complete text of the ICP, as proposed to be amended, is set forth in Appendix B to this proxy statement, and shareowners are urged to review it together with the following information, which is qualified in its entirety by reference to Appendix B.

Edgar Filing: ARVINMERITOR INC - Form DEF 14A

SUMMARY OF THE ICP

The purposes of the ICP are to provide a reward and an incentive to employees in managerial, staff or technical capacities who have contributed in the then-current fiscal year and, in the future, are likely to contribute to the success of the Company and to enhance the Company's ability to attract and retain outstanding employees to serve in such capacities.

Any person in the salaried employ of the Company during some part of the fiscal year for which awards are made may be eligible for an award under the ICP. Approximately 1,500 employees are currently eligible for awards. Unless also an employee of the Company, no member of the Board of Directors is eligible to participate in the ICP. The Compensation Committee has the power to administer and interpret the ICP, except that the grant committee administers awards intended to qualify under Section 162(m). The total number of shares of Common Stock that may be awarded under the ICP shall not exceed 225,000, subject to adjustment by the Board of Directors in the event of any changes in or affecting the Common Stock.

Awards Not Intended to Qualify Under Section 162(m)

Under the existing provisions of the ICP, the Company's chief executive officer will submit to the Compensation Committee, within 35 days after the end of each fiscal year, recommendations concerning awards for that fiscal year. In its discretion, the Compensation Committee will annually, following the close of the immediately preceding fiscal year, determine: (i) the extent to which awards, if any, will be made; (ii) the employees to whom any such awards will be made; (iii) the amount of any such award; and (iv) the form, terms and conditions of such awards. Among other things, the Compensation Committee may determine whether and to what extent awards will be paid in installments and in cash or in shares of Common Stock or partly in cash and partly in shares of Common Stock. Any shares of Common Stock delivered in payment, in whole or in part, of any award may be subject to such restrictions as the Compensation Committee in its discretion deems appropriate.

Awards Intended to Qualify Under Section 162(m)

Under the amendments to the ICP for which shareowner approval is being sought at the 2005 Annual Meeting, the grant committee may make awards to employees as performance compensation awards in order that the awards constitute qualified performance-based compensation under Section 162(m). The grant committee will exercise all other responsibilities, powers and authority not reserved to the Board of Directors relating to awards intended to qualify under Section 162(m). With respect to each such performance compensation award, the grant committee will, on or before the 90th day of the applicable fiscal year, establish, in writing, applicable performance goals and the performance objectives to be used in determining

40

whether and to what extent awards will be deemed to be earned in respect of the fiscal year. The performance goals will be based on one or more of the following objective performance criteria or components thereof selected by the grant committee to measure the performance of the Company, a division or business component (which may but need not be a subsidiary) of the Company or both for a fiscal year: sales; gross margin; operating income; income before or after interest, taxes, depreciation or amortization; net income; basic or diluted earnings per share; return on capital; return on equity; return on assets; cash flow; working capital; stock price; total shareowner return; pretax income before allocation of corporate overhead and bonus; market share; gross profits; and/or reductions in costs.

Edgar Filing: ARVINMERITOR INC - Form DEF 14A

A participant will be eligible to receive payment in respect of a performance compensation award only to the extent that the performance goals for that award are achieved. As soon as practicable after the close of each fiscal year, the grant committee will review and determine whether, and to what extent, the performance goals for the fiscal year have been achieved and, if so, determine the amount of the performance compensation award that may be earned by the employee for such fiscal year. The grant committee will then determine the actual amount of the performance compensation award that may be paid to the employee and, in so doing, may in its sole discretion decrease, but not increase, the amount of the award otherwise payable to the employee based upon such performance.

The grant committee may determine, among other things, whether and to what extent performance compensation awards will be paid in installments and in cash or in shares of Common Stock or partly in cash and partly in shares of Common Stock. Any shares of Common Stock delivered in payment, in whole or in part, of a performance compensation award may, at the grant committee's discretion, be subject to such restrictions as the grant committee deems appropriate. No performance compensation award having an aggregate maximum dollar value in excess of \$5,000,000 will be paid to any individual employee in any one fiscal year.

The designation of an award as a performance compensation award will enable such award to qualify as performance-based compensation not subject to the \$1 million limitation on deductible compensation under Section 162(m). Such awards made under the ICP prior to shareowner approval will qualify as performance-based compensation only to the extent such awards will be forfeited if shareowner approval is not obtained.

Amendment, Suspension or Termination of ICP

The Board of Directors has the power, in its discretion, to amend, suspend or terminate the ICP at any time. It does not have the power, however, (i) to take any such action that would adversely affect rights under an award already made, without the consent of the person affected, or (ii) without shareowner approval, to increase the total number of shares of Common Stock subject to the ICP (except as otherwise provided in the ICP).

Change of Control Benefits

In order to maintain rights of participants in the ICP in the event of a change of control (as defined in the By-Laws) of the Company, the ICP provides that unless prior to the occurrence of such change the Board of Directors will have determined otherwise by a vote of at least two-thirds of its members, all unpaid installments of awards theretofore made under the ICP will become due and payable and any restrictions on any shares of Common Stock delivered in payment, in whole or in part, of any awards theretofore made under the ICP will lapse. See Proposal to Amend the 1997 Long-Term Incentives Plan -- Change of Control Benefits.

New Plan Benefits

Only certain employees of the Company are eligible for awards under the ICP. Non-executive directors are not eligible for awards. Grants under the ICP are made in the discretion of the Compensation Committee or grant committee, as applicable, and the amounts to be awarded in any year are not determinable.

The Employee Stock Benefit Plan was adopted by the Arvin board of directors in 1998 and expires in 2008. It is intended to provide compensation arrangements that will attract, retain and reward key non-officer employees and to provide these employees with a proprietary interest in the Company. The Plan provides for the issuance of incentive awards to non-officer employees in the form of stock options, tandem or non-tandem stock appreciation rights, restricted shares of Common Stock, performance shares or performance units. For further information, see the Plan document, which is filed as Exhibit 10-h to the Company's Annual Report on Form 10-K for the fiscal year ended October 3, 2004 (File No. 1-15983).

(3) The table includes options granted under Arvin's 1988 Stock Benefit Plan, 1998 Stock Benefit Plan and Employee Stock Benefit Plan, which we assumed in 2000 in connection with the merger of Arvin and Meritor. VOTE REQUIRED

At the 2005 Annual Meeting, the five nominees who receive the greatest number of votes for election as Class II directors, and the nominee who receives the greatest number of votes for election as a Class III director, in each case cast by the holders of ArvinMeritor Common Stock entitled to vote at the meeting, a quorum being present, will become directors at the conclusion of the tabulation of votes. To approve the selection of auditors, the amendments to the 1997 LTIP and the amendments to the ICP, more votes must be cast in favor of the proposal than are cast against it, a quorum being present. The presence, in person or by proxy, of the holders of at least a majority of the shares of ArvinMeritor Common Stock issued and outstanding on the record date set for the meeting is necessary to have a quorum.

Under Indiana law and our Restated Articles of Incorporation and By-Laws, the aggregate number of votes cast "for" and "against" by all shareowners present in person or represented by proxy at the meeting will be counted for purposes of determining the minimum number of affirmative votes required for approval of the selection of auditors, approval of amendments to the 1997 LTIP and approval of amendments to the ICP, and the total number of votes cast "for" such matter will be counted for purposes of determining whether sufficient affirmative votes have been cast. The shares of a shareowner who abstains from voting on a matter or whose shares are not voted by reason of a broker non-vote on a particular matter will be counted for purposes of determining whether a quorum is present at the meeting so long as the shareowner is present in person or represented by proxy. (A broker non-vote occurs when a bank, broker or other nominee holding shares for a beneficial owner does not receive voting instructions from the beneficial owner on a particular matter and the nominee cannot vote the shares under New York Stock Exchange rules.) Under Indiana law and our Restated Articles of Incorporation and By-Laws, an abstention from voting or a broker non-vote on a matter by a shareowner present in person or represented by proxy at the meeting has no effect in the election of directors, approval of the selection of auditors, approval of the amendments to the 1997 LTIP or approval of the amendments to the ICP (assuming a quorum is present).

OTHER MATTERS

The Board of Directors does not know of any other matters that may be presented at the meeting. In the event of a vote on any matters other than those referred to in items (1), (2), (3) and (4) of the accompanying Notice of 2005

Edgar Filing: ARVINMERITOR INC - Form DEF 14A

Annual Meeting of Shareowners, it is intended that properly given proxies will be voted on the additional matters in accordance with the judgment of the person or persons voting such proxies.

43

COMPLIANCE WITH SECTION 16(a) OF THE EXCHANGE ACT

Section 16(a) of the Exchange Act requires our officers and directors, and persons who own more than ten percent of a registered class of ArvinMeritor equity securities, to file reports of ownership and changes in ownership on Forms 3, 4 and 5 with the SEC and the New York Stock Exchange. Officers, directors and greater than ten percent shareowners are required by SEC regulation to furnish us with copies of all Forms 3, 4 and 5 they file.

Based solely on our review of the copies of such forms we have received and information and representations furnished by our officers and directors, we believe that all our officers, directors and greater than ten percent beneficial owners have filed with the SEC on a timely basis all required forms with respect to transactions in ArvinMeritor securities in fiscal year 2004, with the following exception:

- In April 2004, Thomas A. Gosnell, Senior Vice President and President, Commercial Vehicle Systems, learned that 506 shares of ArvinMeritor Common Stock, held in a brokerage account for the benefit of his wife, had been sold by the broker, contrary to specific instructions from Mr. Gosnell to transfer the shares in kind to an account at another brokerage firm. Mr. Gosnell was not aware of this transaction until his wife received a transaction statement from the selling broker, and the Form 4 reporting this sale was filed several days late.

ANNUAL REPORTS

Our Annual Report to Shareowners, including the Annual Report on Form 10-K and financial statements, for the fiscal year ended September 30, 2004, was mailed to shareowners with this proxy statement.

EXPENSES OF SOLICITATION

The cost of the solicitation of proxies will be borne by ArvinMeritor. In addition to the use of the mails, proxies may be solicited personally, or by telephone, telegraph, telecopy, Internet or other means of communication by our directors, officers and employees without additional compensation. We have engaged Georgeson Shareholder Communications Inc. to assist in the solicitation of proxies for a base fee of \$10,000, plus expenses. We will also reimburse brokers and other persons holding stock in their names, or in the names of nominees, for their expenses of resending proxy materials to principals and obtaining their proxies.

SHAREOWNER PROPOSALS FOR 2006 ANNUAL MEETING

Under the rules and regulations of the SEC, shareowner proposals for the 2006 Annual Meeting of Shareowners must be received on or before September 9, 2005, at the Office of the Secretary at our headquarters, 2135 West Maple Road, Troy, Michigan 48084-7186, in order to be eligible for inclusion in our proxy materials. In addition, our By-Laws require a shareowner desiring to propose any matter for consideration at the 2006 Annual Meeting of Shareowners to notify our Secretary in writing at the above address on or after October 20, 2005 and on or before November 19, 2005.

APPENDIX A

ARVINMERITOR, INC.

1997 LONG-TERM INCENTIVES PLAN
(AMENDED AND RESTATED AS OF FEBRUARY 16, 2005)

1. PURPOSE.

The purpose of the 1997 Long-Term Incentives Plan is to foster creation of and enhance ArvinMeritor, Inc. (ArvinMeritor) shareowner value by linking the compensation of officers and other key employees of the Corporation to increases in the price of ArvinMeritor stock or by offering the incentives of long-term monetary rewards to key employees of ArvinMeritor or its business units directly linked to their contribution to the creation of ArvinMeritor shareowner value,

Edgar Filing: ARVINMERITOR INC - Form DEF 14A

thus providing means by which persons of outstanding abilities can be attracted, motivated and retained.

2. DEFINITIONS.

For the purpose of the Plan, the following terms shall have the meanings set forth below:

(a) ArvinMeritor. ArvinMeritor, Inc. or its predecessor, Meritor Automotive, Inc., as the context requires.

(b) Assumed Rockwell Options. (b) If and to the extent provided for in the applicable award agreement, a grantee of Restricted Share Units that are no longer subject to forfeiture shall also receive dividend equivalents in respect of such Restricted Share Units equal to the amount or value of any cash or other dividends or distributions paid on an equivalent number of Shares during the period from the time of grant until such Restricted Share Units are no longer subject to forfeiture. There shall also be paid to the grantee of Restricted Share Units at such time interest on the amount of any cash dividends so delivered as and to the extent provided for in the applicable award agreement.

7B. PERFORMANCE SHARES.

The Grant Committee may grant from time to time to Employees, Performance Shares on terms determined by the Grant Committee, consistent with the provisions of the Plan, including the following:

(a) The Grant Committee shall specify a Performance Share Period and may specify performance or other criteria for each Grant of Performance Shares, and no payment in respect of Performance Shares shall be made if the grantee does not continue as an Employee throughout the Performance Share Period, or if and to the extent any specified performance or other criteria are not met during the Performance Share Period, except as otherwise provided in Section 9(a), 9(b) or 13(f) or in an applicable award agreement.

(b) If and to the extent provided for in the applicable award agreement, a grantee of Performance Shares that are no longer subject to forfeiture shall also receive dividend equivalents in respect of such Performance Shares equal to the amount or value of any cash or other dividends or distributions paid on an equivalent number of Shares during the period from the time of grant until the end of the relevant Performance Share Period. There shall also be paid to the grantee of Performance Shares at such time interest on the amount of any cash dividends so delivered as and to the extent provided for in the applicable award agreement.

7C. PERFORMANCE COMPENSATION AWARDS.

(a) The Grant Committee may grant to Employees from time to time Restricted Shares, Restricted Share Units or Performance Shares and make awards under Section 7C Performance Plans on terms consistent with the provisions of this Plan as a "performance compensation" Grant or award in order that such Grant or award constitutes qualified performance-based compensation under Section 162(m). The Grant Committee shall exercise all other responsibilities, powers and authority not reserved to the Board of Directors relating to Grants and awards made under this Section 7C. With respect to each such performance compensation Grant or award, the Grant Committee shall (on or before the 90th day of the applicable Section 7C Performance Cycle), establish, in writing, a Section 7C Performance Cycle, applicable performance goals and the performance objectives to be used in determining whether and to what extent Grants and

awards shall be deemed to be earned. The performance goals shall be based on one or more of the following objective performance criteria or components thereof selected by the Grant Committee to measure the performance of ArvinMeritor, a division or business component (which may but need not be a subsidiary) of ArvinMeritor or both for a Section 7C Performance Cycle: sales; gross margin; operating income; income before or after interest, taxes, depreciation or amortization; net income; basic or diluted earnings per share; return on capital; return on equity; return on assets; cash flow; working capital; stock price; total shareholder return; pretax income before allocation of corporate overhead and bonus; market share; gross profits; and/or reductions in costs. Such performance goals and performance objectives also may be based solely on ArvinMeritor's performance or the performance of an affiliate, division or business component of ArvinMeritor, or based on the relative performance of other companies or upon comparisons of any of the indicators of performance relative to other companies. Each such performance criterion shall be determined in accordance with generally accepted accounting principles, if applicable, as consistently applied by the Corporation and, if so determined by the Grant Committee at the time the Grant or award is made, and to the extent permitted under Section 162(m), adjusted to omit the effects of extraordinary items, gain or loss on the disposal of a business segment, unusual or infrequently occurring events and transactions and cumulative effects of changes in accounting principles. Performance goals and performance objectives may vary from Section 7C Performance Cycle to Section 7C Performance Cycle and from Employee to Employee and may be established on a stand-alone basis, in tandem or in the alternative. Once established for a Section 7C Performance Cycle, such goals and objectives shall not be amended or otherwise modified if and to the extent such amendment or modification would cause the compensation payable pursuant to the Grant or award to fail to constitute qualified performance-based compensation under Section 162(m).

(b) A Participant shall be eligible to receive payment in respect of a performance compensation Grant or award only to the extent that the performance goals for that Grant or award are achieved. As soon as practicable after the close of each Section 7C Performance Cycle, the Grant Committee shall review and determine whether, and to what extent, the performance goals for the Section 7C Performance Cycle have been achieved and, if so, determine the amount of the performance compensation Grant or award that may be earned by the Employee for such Section 7C Performance Cycle. The Grant Committee shall then determine the actual amount of the performance compensation Grant or award that may be paid to the Employee and, in so doing, may in its sole discretion decrease, but not increase, the amount of the Grant or award otherwise payable to the Employee based upon such performance. The total number of Restricted Shares, Shares subject to Restricted Share Units and Performance Shares subject to Grants made under this Section 7C to any one Employee in any one fiscal year of ArvinMeritor shall in no event exceed 500,000, as adjusted from time to time as herein provided. No performance compensation award (excluding for this purpose any amounts payable in respect of any Grants of Restricted Shares, Restricted Share Units or Performance Shares) under Section 7C Performance Plans having an aggregate maximum dollar value in excess of \$5,000,000 shall be paid to any individual Employee in any one fiscal year of ArvinMeritor.

Edgar Filing: ARVINMERITOR INC - Form DEF 14A

conditions of Grants pursuant to Sections 5, 6, 7, 7A and 7B of the Plan for the purpose of complying with the conditions for qualification of Options, Stock Appreciation Rights, Restricted Shares, Restricted Share Units or Performance Shares for favorable treatment under foreign tax laws.

A-7

(b) Except as otherwise provided in an applicable award agreement, if a participating Employee's employment by the Corporation terminates prior to the end of a Performance Cycle under a Performance Plan, the Restricted Period applicable to any Grant of Restricted Shares, the RSU Period applicable to any Grant of Restricted Share Units, the Performance Share Period applicable to any Grant of Performance Shares or the end of a Section 7C Performance Cycle under a Section 7C Performance Plan for any reason other than (i) death or (ii) retirement under a retirement plan of the Corporation not less than one year after the beginning of that Performance Cycle, the date of that Grant (in the case of any Grant of Restricted Shares or Restricted Share Units), the beginning of that Performance Share Period or the beginning of that Section 7C Performance Cycle (in the case of a Section 7C Performance Plan), such Employee shall be deemed not to have earned any award for purposes of the Performance Plan, Restricted Shares, Restricted Share Units, Performance Shares or any award under the Section 7C Performance Plan except as and to the extent the Committee or the Grant Committee, as applicable (or with the Committee's approval, the committee or person delegated to administer a Performance Plan except insofar as it relates to any Executive Officer), taking into account the purpose of the Plan and such other factors as in its sole discretion it deems appropriate, may determine, provided that the amount of the award or the number of Restricted Shares, Restricted Share Units and Performance Shares which may be so determined

Edgar Filing: ARVINMERITOR INC - Form DEF 14A

by the Committee to have been earned shall not exceed the amount or number which would have been earned had the provisions of paragraph (a) above been applicable.

(c) If the employment by the Corporation of a Participant who (or whose permitted transferee) holds an outstanding Grant of Options or Stock Appreciation Rights terminates by reason of the death of the Participant, the Options or Stock Appreciation Rights subject to that Grant and not theretofore exercised may be exercised from and after the date of the death of the Participant for a period of three years (or until the expiration date specified in the Grant if earlier) even if any of them was not exercisable at the date of death.

(d) If a Participant who (or whose permitted transferee) holds an outstanding Grant of Options or Stock Appreciation Rights retires under a retirement plan of the Corporation, at any time after a portion of the Options or Stock Appreciation Rights subject to a particular Grant has become exercisable, the Options or Stock Appreciation Rights subject to that Grant and not theretofore exercised may be exercised from and after the date upon which they are first exercisable under that Grant for a period of five years from the date of retirement (or until the expiration date specified in the Grant if earlier) even if any of them was not exercisable at the date of retirement.

A-8

(e) If the employment by the Corporation of a Participant who (or whose permitted transferee) holds an outstanding Grant of Options or Stock Appreciation Rights is terminated for any reason other than death or retirement under a retirement plan of the Corporation, the Options or Stock Appreciation Rights subject to that Grant and not theretofore exercised may be exercised only within three months after the termination of such employment (or until the expiration date specified in the Grant if earlier) and only to the extent the grantee thereof (or a permitted transferee) was entitled to exercise the Options or Stock Appreciation Rights at the time of termination of such employment, unless and except to the extent the Committee may otherwise determine; provided, however, that the Committee shall not in any event permit a longer period of exercise than would have been applicable had the provisions of paragraph (d) above been applicable.

10. SHARES AVAILABLE.

(a) The total number of Shares which may be delivered in payment and upon exercise of Grants and in payments of awards under Performance Plans or Section 7C Performance Plans shall not exceed 9 million, as adjusted from time to time as herein provided, and the total number of Shares as to which Grants may be made in any one fiscal year of ArvinMeritor beginning after September 30, 1998 shall not exceed 3% of the total number of Shares outstanding (including for this purpose Shares held in Treasury) as of the date of determination. Shares which may be delivered in payment or upon exercise of Grants or in payment of awards under Performance Plans or Section 7C Performance Plans may consist in whole or in part of unissued or reacquired Shares; provided, however, that unless otherwise determined by the Committee, Shares which may be granted as Restricted Shares or in respect of Restricted Share Units or Performance Shares shall consist only of reacquired Shares. Subject to Sections 6(d) and (e), if for any reason (i) Shares as to which an Option has been granted cease to be subject to purchase thereunder or Shares granted as Restricted Shares are forfeited to the Corporation, then such Shares shall again be available under the Plan and (ii) Restricted Share Units or Performance Shares are forfeited to the Corporation, then Shares related thereto shall again be available under the Plan.

Such amendments, adjustments and actions may include, without limitation, changes in the number of Shares which may be issued or transferred, in the aggregate or to any one Employee, pursuant to the Plan, the number of Shares subject to outstanding Options and Stock Appreciation Rights and the related price per share, and the number of outstanding Restricted Share Units and Performance Shares; provided, however, that no such amendment, adjustment or action may change the limitations prescribed by Section 10(b) or 7C(b) to a number of Shares that is a greater proportion of the total number of Shares outstanding and held in Treasury as of the effective date of that amendment, adjustment or action than the proportion of the number of Shares prescribed by Section 10(b) or 7C(b) to the total number of Shares outstanding and held in Treasury immediately prior thereto.

A-9

12. AMENDMENT AND TERMINATION.

The Committee shall have the power in its discretion to amend, suspend or terminate the Plan or Grants thereunder at any time except that, subject to the provisions of Section 11, (a) without the consent of the person affected, no such action shall cancel or reduce a Grant theretofore made other than as provided for or contemplated in the agreement evidencing the Grant and (b) without the approval of the shareowners of ArvinMeritor, the Committee may not (i) change the class of persons eligible to receive incentive stock options, (ii) increase the number of Shares provided in Section 10(a), 10(b) or 7C(b), (iii) reduce the Option exercise price of any Option below the Fair Market Value on the date such Option was granted, (iv) decrease the forfeiture period for any Grant below that permitted under the Plan or (v) otherwise amend the Plan or Grants thereunder to the extent that shareowner approval is necessary to comply with applicable requirements of the New York Stock Exchange.

13. MISCELLANEOUS.

There is no obligation for uniformity of treatment of Employees under the Plan or any Performance Plan or Section 7C Performance Plan. No Employee shall have any right as a Participant or a participant under any Performance Plan or Section 7C Performance Plan to continue in the employ of the Corporation for any period of time or to a continuation of any particular rate of compensation, and the Corporation expressly reserves the right to discharge or change the assignment of any Employee at any time.

(b) No Option, Stock Appreciation Right or right related to Restricted Shares, Restricted Share Units or Performance Shares granted pursuant to the Plan or right to payment of an award under any Performance Plan or Section 7C Performance Plan may be assigned, pledged or transferred except (i) by will or by the laws of descent and distribution; or (ii) in the case of any Grant (other than an Option granted as an incentive stock option) or any right to payment of an award under a Performance Plan or Section 7C Performance Plan, by gift to any member of the Employee's immediate family or to a trust for the benefit of one or more members of the Employee's immediate family, if permitted in the applicable agreement governing that Grant or right to payment; or (iii) as otherwise determined by the Committee. Each Option, Stock Appreciation Right or right related to Restricted Shares, Restricted Share Units or Performance Shares shall be exercisable, and each payment of an award under a Performance Plan or Section 7C Performance Plan shall be payable, during the lifetime of the Employee to whom granted or awarded only by or to such Employee, and any payment of an award under a Performance Plan or Section 7C Performance Plan made after the death of a participating Employee entitled thereto shall be paid to the legal representative of the estate or to the designated beneficiary of such Employee, unless in any such case, the Grant or right to payment has been transferred in accordance with the provisions of the applicable agreement governing that Grant or right to payment, to a member of the Employee's immediate family or a trust for the benefit of one or more members of the Employee's immediate family, in which case it shall be exercisable or payable only by or to such transferee (or to the legal representative of the estate or to the heirs or legatees of such transferee). For purposes of this provision, an Employee's "immediate family" shall mean the Employee's spouse and natural, adopted or step-children and grandchildren.

(c) No person shall have the rights or privileges of a shareowner with respect to Shares subject to an Option or deliverable as a payment upon exercise of a Stock Appreciation Right, in respect of any Restricted Share Unit or Performance Share or under a Performance Plan or Section 7C Performance Plan until exercise of the Option or Stock Appreciation Right or delivery as a payment in respect of any Restricted Share Unit or Performance Share or under the Performance Plan or Section 7C Performance Plan.

(d) No fractional Shares shall be issued or transferred pursuant to the Plan. If the portion of any payment pursuant to the Plan, a Performance Plan or Section 7C Performance Plan to be made in Shares is not equal to the value of a whole number of Shares, the person entitled thereto shall be paid an amount equal to the Fair Market Value as of the date of exercise of any fractional Share deliverable in respect of exercise of a Stock Appreciation Right and the Fair Market Value as of the date of payment of any fractional Share deliverable in respect of any payment under a Performance Plan or Section 7C Performance Plan.

(e) The Corporation, the Board of Directors, the Committee, the Grant Committee and the officers of ArvinMeritor shall be fully protected in relying in good faith on the computations and reports made pursuant to or in connection

with the Plan by the independent certified public accountants who audit the Corporation's accounts or others (who may include Employees) whose services are used by the Board of Directors, Committee or Grant Committee in its administration of the Plan.

(f) Notwithstanding any other provision of the Plan, if a Change of Control (as defined in Article 8, Section 8.10(a) of ArvinMeritor's Amended By-Laws) shall occur, then unless prior to the occurrence thereof, the Board of Directors shall have determined otherwise by vote of at least two-thirds of its members, (i) all Performance Cycles (except those under Performance Plans that do not provide for a Change-of-Control contingency) not then complete shall be deemed completed forthwith, the Performance Objectives therefor shall be deemed to have been attained, and each participating Employee shall be deemed to have earned the maximum amount that could have been earned thereunder; (ii) all Options and any Stock Appreciation Rights then outstanding pursuant to the Plan shall forthwith become fully exercisable whether or not otherwise then exercisable; (iii) the restrictions on all Restricted Shares granted under the Plan shall forthwith lapse; (iv) all Restricted Share Units and Performance Shares shall be deemed earned and shall no longer be subject to forfeiture; and (v) all Section 7C Performance Cycles (except those under Section 7C Performance Plans that do not provide for a Change-of-Control contingency) not then complete shall be deemed completed forthwith, the applicable performance goals and the performance objectives therefor shall be deemed to have been attained, and each participating Employee shall be deemed to have earned the maximum amount that could have been earned thereunder.

(g) The Corporation shall have the right in connection with the delivery of any Shares in payment of a Grant or a payment under a Performance Plan or Section 7C Performance Plan or upon exercise of an Option to require as a condition of such delivery that the recipient represent that such Shares are being acquired for investment and not with a view to the distribution thereof.

(h) The Corporation shall have the right in connection with any payment under a Performance Plan or Section 7C Performance Plan, exercise of any Option or Stock Appreciation Right, termination of the Restricted Period for any Restricted Shares, or earning of any Restricted Share Units or Performance Shares, to deduct from any such payment or any other payment by the Corporation, an amount equal to any taxes required by law to be withheld with respect thereto or to require the Employee or other person receiving such payment, effecting such exercise or entitled to Shares and related payments on termination of such Restricted Period or earning of such Restricted Share Units or Performance Shares, as a condition of and prior to such payment or exercise or delivery of Shares, to pay to the Corporation an amount sufficient to provide for any such taxes so required to be withheld.

(i) Unless otherwise determined by the Committee or provided in an agreement between any Employee and the Corporation, for purposes of the Plan an Employee on authorized leave of absence will be considered as being in the employ of the Corporation.

(j) The Corporation shall bear all expenses and costs in connection with the operation of the Plan, including costs related to the purchase, issue or transfer of Shares, but excluding taxes imposed on any person receiving a payment or delivery of Shares under the Plan, a Performance Plan or a Section 7C Performance Plan.

Edgar Filing: ARVINMERITOR INC - Form DEF 14A

(h) Stock. Common stock of ArvinMeritor.

3. AWARDS NOT INTENDED TO QUALIFY UNDER SECTION 162(m).

(a) The Chief Executive Officer of ArvinMeritor shall submit to the Committee, within 35 days after the end of each fiscal year, recommendations concerning awards under this paragraph 3 for that fiscal year.

(b) The Committee, in its discretion, shall annually following the close of the immediately preceding fiscal year, determine (i) the extent to which awards, if any, shall be made under this paragraph 3; (ii) the employees to whom any such awards shall be made; (iii) the amount of any such award; and (iv) the form, terms and conditions of such awards. The Committee may determine, among other things, whether and to what extent awards shall be paid in installments and in cash or in Stock or partly in cash and partly in Stock. Any Stock delivered in payment, in whole or in part, of an award may, at the Committee's discretion, be subject to such restrictions as the Committee deems appropriate.

(c) The Corporation shall promptly notify each person to whom an award has been made and pay the award in accordance with the determinations of the Committee.

(d) A cash award may be made with respect to an employee who has died. Any such award shall be paid to the legal representative or representatives of the estate of such employee.

B-1

4. AWARDS INTENDED TO QUALIFY UNDER SECTION 162(m).

(a) In addition to awards that may be made by the Committee under paragraph 3, the Grant Committee may make awards to employees from time to time on terms consistent with the provisions of the Plan as "performance compensation" awards in order that such awards constitute qualified performance-based compensation under Section 162(m). The Grant Committee shall exercise all other responsibilities, powers and authority not reserved to the Board of Directors relating to awards made under this paragraph 4. With respect to each such performance compensation award, the Grant Committee shall, on or before the 90th day of the applicable fiscal year, establish, in writing, applicable performance goals and the performance objectives to be used in determining whether and to what extent awards shall be deemed to be earned in respect of such fiscal year. The performance goals shall be based on one or more of the following objective performance criteria or components thereof selected by the Grant Committee to measure the performance of ArvinMeritor, a division or business component (which may but need not be a subsidiary) of ArvinMeritor or both for a fiscal year: sales; gross margin; operating income; income before or after interest, taxes, depreciation or amortization; net income; basic or diluted earnings per share; return on capital; return on equity; return on assets; cash flow; working capital; stock price; total shareholder return; pretax income before allocation of corporate overhead and bonus; market share; gross profits; and/or reductions in costs. Such performance goals and performance objectives also may be based solely on ArvinMeritor's performance or the performance of an affiliate, division or business component of ArvinMeritor, or based on the relative performance of other companies or upon comparisons of any of the indicators of performance relative to other companies. Each such performance criterion shall be determined in accordance with generally accepted accounting principles, if applicable, as consistently applied by the Corporation and, if so determined by the Grant Committee at the time the award is made, and to the extent permitted under Section 162(m), adjusted to omit the effects of extraordinary items, gain or loss on the disposal of a business segment, unusual or infrequently occurring events and transactions and cumulative effects of

Edgar Filing: ARVINMERITOR INC - Form DEF 14A

changes in accounting principles. Performance goals and performance objectives may vary from fiscal year to fiscal year and from employee to employee and may be established on a stand-alone basis, in tandem or in the alternative. Once established for a fiscal year, such goals and objectives shall not be amended or otherwise modified if and to the extent such amendment or modification would cause the compensation payable pursuant to the award to fail to constitute qualified performance-based compensation under Section 162(m).

(b) A participant shall be eligible to receive payment in respect of a performance compensation award only to the extent that the performance goals for that award are achieved. As soon as practicable after the close of each fiscal year, the Grant Committee shall review and determine whether, and to what extent, the performance goals for the fiscal year have been achieved and, if so, determine the amount of the performance compensation award that may be earned by the employee for such fiscal year. The Grant Committee shall then determine the actual amount of the performance compensation award that may be paid to the employee and, in so doing, may in its sole discretion decrease, but not increase, the amount of the award otherwise payable to the employee based upon such performance.

(c) The Grant Committee may determine, among other things, whether and to what extent performance compensation awards shall be paid in installments and in cash or in Stock or partly in cash and partly in Stock. Any Stock delivered in payment, in whole or in part, of a performance compensation award may, at the Grant Committee's discretion, be subject to such restrictions as the Grant Committee deems appropriate. No performance compensation award having an aggregate maximum dollar value in excess of \$5,000,000 shall be paid to any individual employee in any one fiscal year of ArvinMeritor.

B-2

5. AWARDS IN STOCK.

(a) ArvinMeritor shall make available, as required, Stock to meet the needs of the Plan. The total number of shares of Stock which may be awarded under the Plan shall not exceed 225,000, except as provided in paragraph (b) below. Such shares may consist in whole or in part of unissued or reacquired shares. Stock subject to an award which lapses or is forfeited, for any reason, shall be available for further awards under the Plan.

(b) If any change shall occur in or affect Stock subject to or awarded under the Plan on account of a merger, consolidation, reorganization, recapitalization, reclassification, stock dividend, stock split or combination, or other distribution to common shareowners (other than a cash dividend), the Board of Directors may make such adjustments in the total number of shares subject to or awarded under the Plan as may be reasonably appropriate in the circumstances.

6. FINALITY OF DETERMINATIONS.

The Committee or Grant Committee, as applicable, shall have the power to administer and interpret the Plan. All determinations, interpretations and actions of the Committee or Grant Committee, as applicable, and all actions of the Board of Directors under or in connection with the Plan shall be final, conclusive and binding upon all concerned.

7. AMENDMENT OF THE PLAN.

The Board of Directors shall have the power, in its sole discretion, to amend, suspend or terminate the Plan at any time, except that:

Edgar Filing: ARVINMERITOR INC - Form DEF 14A

(a) No such action shall adversely affect rights under an award already made, without the consent of the person affected; and

(b) Without approval of the shareowners of ArvinMeritor, the Board of Directors shall not increase the total number of shares of Stock subject to the Plan (except as provided in paragraph 5(b)).

8. MISCELLANEOUS.

(a) A majority of the members of the Committee shall constitute a quorum. The Committee may act by the vote of a majority of a quorum at a meeting, or by a writing or writings signed by a majority of the members of the Committee.

(b) Notwithstanding any other provision of the Plan, if a Change of Control (as defined in Article 8, Section 8.10(a) of ArvinMeritor's By-Laws) shall occur, then, unless prior to the occurrence thereof the Board of Directors shall determine otherwise by vote of at least two-thirds of its members, (i) all unpaid installments of any awards made under the Plan prior to such Change of Control shall forthwith become due and payable and (ii) any restrictions on any Stock delivered in payment, in whole or in part, of any awards made under the Plan prior to such Change of Control shall forthwith lapse.

(c) The Corporation shall bear all expenses and costs in connection with the operation of the Plan.
