PROXY STATEMENT

The accompanying proxy is solicited on behalf of the Board of Directors of DUSA Pharmaceuticals, Inc. (DUSA or the Company), a New Jersey corporation, for use at the Company s 2007 Annual Meeting of Shareholders and at any adjournments or postponements thereof. The Annual Meeting will be held on Thursday, June 14, 2007, at 11:00 a.m., at the Company s principal executive offices at 25 Upton Drive, Wilmington, Massachusetts 01887. If properly signed and returned, and not revoked, the proxy will be voted in accordance with the instructions it contains. The persons named in the accompanying proxy will vote the proxy for the Board of Directors slate of directors and for the other matters listed on the proxy as recommended by the Board of Directors unless contrary instructions are given.

This proxy statement and the accompanying form of proxy are being mailed to shareholders on or about April 23, 2007. DUSA s Annual Report on Form 10-K for 2006, including financial statements for the year ended December 31, 2006, but excluding certain exhibits is being mailed to shareholders at the same time. A copy of the exhibits will be provided upon request and payment to DUSA of reasonable expenses. A copy of the exhibits to the Annual Report of Form 10-K for 2006 may also be viewed at the website of the Securities and Exchange Commission at www.sec.gov.

Shareholders Entitled To Vote.

Holders of record of shares of DUSA common stock at the close of business on April 18, 2007 are entitled to notice of and to vote at the Annual Meeting and at any and all adjournments or postponements of the meeting. On the record date there were 19,480,067 shares of common stock without par value (Common Stock) outstanding and entitled to vote. These shares were the only shares outstanding of the Company. Each share entitles its owner to one vote. The holders of one-third of the shares that are outstanding and entitled to vote at the Annual Meeting must be present, in person or represented by proxy, in order to constitute a quorum for all matters to come before the meeting.

Other than the vote for the election of directors, which requires a plurality of the votes cast, each matter to be submitted to the shareholders requires the affirmative vote of a majority of the votes cast at the meeting for such matter. For purposes of determining the number of votes cast with respect to a particular matter, only those votes cast FOR or AGAINST are included. Abstentions and broker non-votes are counted only for purposes of determining whether a quorum is present at the meeting. A broker non-vote occurs when a nominee holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not have discretionary voting power with respect to that item and has not received voting instructions from the beneficial owner. The nominees may vote the shares only on matters deemed routine, such as the election of directors, and ratification of the selection of the independent registered public accounting firm. As of the record date, the Company s management owned approximately one half of one percent (0.5%) of the Company s outstanding Common Stock.

How To Vote.

If you are a shareholder of record (that is, a shareholder who holds shares in his/her own name), you can vote by attending the Annual Meeting in person, or by signing, dating and returning your proxy card in the enclosed postage-paid envelope. If you sign and return your proxy card but do not give voting instructions, the shares represented by that proxy will be voted FOR Proposals 1 and 2 and will be voted in the proxy holder s discretion as to other matters that may come before the Annual Meeting.

If your shares are held in street name (that is, in the name of a bank, broker or other holder of record), you will receive instructions from the holder of record that you must follow in order for your shares to be voted.

Changing Your Vote.

You may change your vote at any time before the proxy is exercised, by executing and delivering a timely and valid later-dated proxy, by voting by ballot at the Annual Meeting or by giving written notice to the Secretary of the Company. Attendance at the Annual Meeting will not have the effect of revoking a proxy unless you give proper written notice of revocation to the Secretary before the proxy is exercised or you vote by written ballot at the Annual Meeting.

Table of Contents**Reduce Duplicate Mailings.**

The Company is required to provide an Annual Report and proxy statement to all shareholders. If you are a shareholder of record and have more than one account in your name or at the same address as other shareholders of record, you may authorize the Company to discontinue mailings of multiple proxy statements, Annual Reports and other information statements. Each shareholder in the household will continue to receive a separate proxy card. This process, known as householding reduces the volume of duplicate information received at your household and helps reduce our expenses. To do so, please mark the designated box on each proxy card for which you wish to *discontinue* receiving duplicate documents. Your consent to stop delivery of the Annual Report, proxy statements and other information statements shall be effective for five (5) years or until you revoke your consent. You may revoke your consent at any time by contacting Ms. Shari Lovell, in writing, at the Company's office located at 555 Richmond Street West, Suite 300, Toronto, Ontario M5V 3B1 Canada, or by calling 1-800-607-2530. Delivery of individual copies of the documents shall resume within thirty (30) days of our receipt of your request.

Consent to Electronic Delivery

For future annual meetings of shareholders, shareholders of record can consent to electronically access the Company's proxy statement and annual report. If you choose this option, you will continue to receive in the mail your proxy card on which you must cast your vote, a notice of the meeting and a business reply envelope. As with householding, this will help us lower printing and postage costs. A consent to electronic delivery will only apply to delivery of the annual report and proxy statements and related materials. Shareholders who hold shares through a bank, brokerage firm or other nominee may request electronic access by contacting their nominee. You may revoke your consent at any time by contacting Ms. Shari Lovell, in writing, at the Company's office located at 555 Richmond Street West, Suite 300, Toronto, Ontario M5V 3B1 Canada, or by calling 1-800-607-2530.

PROPOSAL NO. 1 ELECTION OF DIRECTORS

Seven (7) directors will be elected to hold office until the next Annual Meeting of Shareholders and/or until their successors have been duly elected and qualified. The persons named on the accompanying proxy will vote all shares for which they have received proxies FOR the election of the nominees named below unless contrary instructions are given. In the event that any nominee should become unavailable, shares will be voted for a substitute nominee unless the number of directors constituting a full board is reduced. Directors are elected by plurality vote.

MEETINGS AND COMMITTEES OF THE BOARD

During the year ended December 31, 2006 there were twelve (12) meetings of the Board of Directors. Each incumbent director attended at least 75% of the aggregate of the meetings of the Board of Directors and of all of the committees on which he serves. The Board of Directors has established an Audit Committee, Nominating and Corporate Governance Committee and Compensation Committee. Mr. Haft, the Vice-Chairman of the Board and Lead Director, presides at board meetings of the independent directors.

All of the non-employee directors are members of the Audit Committee. Mr. Lufkin serves as its Chairman. All of the members are independent directors in accordance with the rules of the NASDAQ Stock Market and applicable federal securities laws and regulations. In addition, the Board of Directors has determined that Mr. Lufkin qualifies as an audit committee financial expert and has designated him to that position. The Audit Committee provides oversight of the Company's accounting functions and acts as liaison between the Board of Directors and the Company's independent registered public accounting firm. The Committee reviews with the independent auditors of the firm the Company's unaudited quarterly financial statements, the planning and scope of the audits of the Company's financial statements, the results of those audits and the adequacy of internal accounting controls, and monitors other corporate and financial policies. In performing these functions, the Audit Committee meets periodically with the independent auditors (including in private sessions), and with management. In addition, the Audit Committee selects the independent registered public accounting firm for appointment by the Board of Directors. The Audit Committee operates under a written charter adopted and approved by the Board of Directors, a copy of which is located at Appendix A attached to this proxy statement and on the Company's website at www.dusapharma.com. The Committee met seven (7) times during 2006.

The members of the Nominating and Corporate Governance Committee currently are Dr. Abeles, who serves as its Chairman, and Messrs. Haft and Lufkin. All of the members of our Nominating and Corporate Governance Committee are independent directors in accordance with the rules of the NASDAQ Stock Market. The Nominating and Corporate Governance Committee's purpose is to identify and evaluate the qualifications of individuals to become members of the Board of Directors, to select the director nominees, to develop and recommend corporate governance principles to the Board of Directors and to provide oversight and guidance to the Board of Directors to assure compliance with its corporate governance policies and principles. There were five (5) meetings of this Committee in 2006. Shareholders who wish to

Table of Contents

suggest qualified candidates to the Nominating and Corporate Governance Committee for director should write to: Administrator, Nominating and Corporate Governance Committee, DUSA Pharmaceuticals, Inc., 25 Upton Drive, Wilmington, Massachusetts 01887 stating, in detail, the qualifications of such persons for consideration by the Nominating and Corporate Governance Committee. A copy of the Nominating and Corporate Governance Committee Charter is located on the Company's website at www.dusapharma.com.

Among the central purposes of the Nominating and Corporate Governance Committee are identifying individuals qualified to become members of the Board of Directors, reviewing the qualifications of candidates and selecting the director nominees to be voted on at each annual meeting of shareholders. In effectuating those purposes, the Nominating and Corporate Governance Committee is charged with ensuring that the nominees for membership on the Board of Directors are of the highest possible caliber and are able to provide insightful, intelligent and effective guidance to the management of the Company. The following criteria have been identified by the Nominating and Corporate Governance Committee, and adopted by the Board of Directors, to guide the Nominating and Corporate Governance Committee in selecting nominees:

1. Directors should be of the highest ethical character and share the values of DUSA;
2. Directors should have personal and professional reputations that compliment and enhance the image and standing of DUSA;
3. Directors should be leaders in their fields of endeavor, with exemplary qualifications;
4. The Committee should generally seek current and/or former officers and/or directors of companies and organizations, including scientific, government, educational and other non-profit institutions;
5. The Committee should seek directors so the Board is comprised of directors who collectively are knowledgeable in the fields of pharmaceuticals and device development, particularly those areas of research, development and commercialization undertaken by the Company;
6. Directors should have varied educational and professional experiences and backgrounds who, collectively, provide meaningful counsel to management;
7. Directors should generally not serve on more than six (6) boards;
8. At least two-thirds of the directors on the Board should be independent as defined by The NASDAQ Stock Market, Inc. and should not have any real or apparent conflicts of interest in serving as a director; and
9. Each director should have the ability to exercise sound, independent business judgment.

The Committee applies the same criteria to all nominees for the Board irrespective of the source of such nominee. Absent extenuating circumstances, each member of the Board of Directors is expected to attend the 2007 Annual Meeting of Shareholders. All of the directors, who were directors at such time, attended the 2006 Annual Meeting of Shareholders.

All of the non-employee members of the Board of Directors are members of the Compensation Committee. Mr. Haft serves as its Chairman. The Compensation Committee considers executive compensation of the Company's key officers and compensation of directors. The Committee also considers employee benefits which may be appropriate as the Company grows, and develops policies and procedures. The Compensation Committee met six (6) times in 2006. It also met two (2) times in February 2007 and one (1) time in March 2007 to establish cash compensation for 2007 and bonuses for 2006.

PROPOSAL NO. 2 RATIFICATION OF SELECTION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee of the Board of Directors has selected Deloitte & Touche LLP as the independent registered public accounting firm for the Company for the fiscal year 2007. Shareholder ratification of the appointment is not required under the laws of the State of New Jersey, but the Audit Committee has decided to ascertain the position of the shareholders on the appointment. The Board of Directors will reconsider the appointment if it is not ratified. A majority of the votes cast, in person or by proxy, at the Annual Meeting of Shareholders is required for ratification. Abstentions will have no effect on this proposal. The ratification of Deloitte & Touche LLP is a matter on which a broker or nominee has discretionary voting authority, so broker non-votes will not result from this proposal. A representative of Deloitte & Touche LLP will be present at the meeting to answer questions from shareholders and will have the opportunity to make a statement on behalf of the firm, if he or she so desires.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THIS PROPOSAL.

Policy on Audit Committee Pre-Approval of Audit and Permissible Non-Audit Services of Independent Registered Public Accounting Firm

In considering the nature of the services provided by the independent registered public accounting firm, all of which were pre-approved in accordance with procedures required by the Audit Committee Charter, the Audit Committee determined that such services are compatible with the provision of independent audit services. The Audit Committee discussed these services with the independent auditor and Company management to determine that they are permitted under the rules and regulations concerning auditor independence promulgated by the SEC to implement the Sarbanes-Oxley Act of 2002, as well as the American Institute of Certified Public Accountants.

BOARD AUDIT COMMITTEE REPORT¹

The Audit Committee of the Board of Directors (the Audit Committee) assists the Board of Directors by providing oversight of the Company s financial reporting process and its independent registered public accounting firm. Management is responsible for preparing the Company s financial statements and the Company s independent registered public accounting firm is responsible for auditing those financial statements. The Audit Committee is responsible for overseeing the conduct of these activities by the Company s management and selecting the independent registered public accounting firm. The Audit Committee operates under a written charter adopted and approved by the Board of Directors. A brief description of the responsibilities of the Audit Committee is set forth above under the caption Meetings and Committees of the Board.

The Audit Committee reviewed and discussed the audited consolidated financial statements for the fiscal year ended December 31, 2006 with management. The Audit Committee also discussed with Deloitte & Touche LLP, the independent registered public accounting firm, the matters required to be discussed by Statement on Auditing Standards No. 61, *Communication with Audit Committees*. In addition, the Audit Committee received from Deloitte & Touche LLP the written disclosures and the letter required by Independence Standards Board Standard No. 1,

Independence Discussions with Audit Committees, and the Audit Committee discussed with the independent registered public accounting firm their independence from the Company and its management. Additionally, the Audit Committee considered whether their provision of services to the Company beyond those rendered in connection with their audit and review of the Company s consolidated financial statements was compatible with maintaining their independence and the fees and costs billed and to be billed for those services as shown on page 9 of this proxy statement. The Audit Committee concluded that Deloitte & Touche LLP s provision of such services is compatible with Deloitte & Touche LLP s independence.

Based on its review, and the discussions with the Company s management and its independent auditors, the Audit Committee recommended to the Board of Directors that the Company s audited consolidated financial statements for the fiscal year ended December 31, 2006 be included in the Company s Annual Report on Form 10-K. The Audit Committee has also selected Deloitte & Touche LLP as the Company s independent registered public accounting firm for the fiscal year ended December 31, 2007.

COMPENSATION DISCUSSION & ANALYSIS

Philosophy and Objectives All of our compensation programs and policies are designed to attract, retain, and reward key employees to align compensation with DUSA's performance and to motivate executive officers to achieve the Company's business objectives and reward them for superior performance. Our programs are geared to rewarding both short and longer-term performance with the ultimate objective of increasing shareholder value over time.

The Compensation Committee of the Board of Directors (the Compensation Committee) believes that compensation should reflect the success of our executives as a management team so we consider both individual, and corporate strategic and financial goals in setting compensation. We currently believe that executive compensation should not be based on the short-term performance of our stock, but that the price of our stock will, in the long-term, reflect our operating performance, and management of the Company by our executives. We seek to have the long-term performance of our stock reflected in executive compensation through our stock option and other equity incentive programs.

Throughout this proxy statement, the individuals who serve as our chief executive officer and our chief financial officer during fiscal 2006, as well as other individuals included in the Summary Compensation Table on page 16 are referred to as named executive officers.

Overview of Compensation and Process The Compensation Committee is composed of all of the independent non-employee directors. The Compensation Committee is responsible for setting and administering the policies which govern annual executive salaries and cash bonus awards, and under the new 2006 Equity Plan approves the amounts of stock option or other equity awards to all grantees. The Compensation Committee evaluates, on a yearly basis, the performance, and determines the compensation of, the executive officers of DUSA, including the named executive officers. DUSA's Chairman and Chief Executive Officer, D. Geoffrey Shulman, and its President and Chief Operating Officer, Robert Doman, are not members of the Compensation Committee, however, the Compensation Committee seeks input from both of them regarding the performance of DUSA's other executive officers, and from Dr. Shulman regarding Mr. Doman's performance. Both of them, along with Richard Christopher, DUSA's Vice President of Finance and Chief Financial Officer, are present, at the invitation of the Compensation Committee, at its meetings, other than during consideration of their own compensation.

DUSA's executive compensation programs consist of base salary, discretionary cash bonus incentives based on annual individual and corporate goals, grants under the Company's equity plan, a 401(k) plan, a recently adopted deferred compensation plan, and certain other perquisites and benefits generally available on the same basis as benefits provided to all employees. Typically, during the first quarter of each year, our Compensation Committee meets to approve cash bonuses for our executives based on the prior fiscal year's performance, base salaries for the new fiscal year, adopts the corporate goals and objectives for the discretionary bonus and grants equity awards, usually stock options, to all of the executive officers.

Section 162(m) of the Internal Revenue Code of 1986, as amended, generally disallows a tax deduction to public companies for compensation in excess of \$1 million paid to the corporation's chief executive officer and four other most highly paid executive officers. We periodically review the potential consequences of Section 162(m) and may structure performance-based compensation to comply with certain exemptions. However, we have not done so to date.

Base Salary With regard to base salary, the Compensation Committee believes that DUSA's officers should be compensated at levels comparable to the base salary of executive officers at similar public biotechnology or pharmaceutical companies. Base salaries are paid at competitive levels to attract talented management personnel in the first instance. DUSA determines the amount it offers to new management personnel by using data it has collected, as well as by meeting with executive search consultants who locate potential candidates, together with the negotiation process of securing its key employees. During 2006, the Compensation Committee received survey data reporting the salaries and bonuses for executives of companies in these groups which was prepared by HR Consulting Group, an independent consulting firm. In making salary, bonus and equity award decisions, the Committee compares the Company's compensation against a peer group recommended by the consultant (the Consultant's Peer Group). The Consultant's Peer Group, is periodically reviewed and updated and consists of companies against which the Compensation Committee believes DUSA may compete for talent. The companies comprising the peer group are: Anika Therapeutics, Inc., Avant Immunotherapeutics, Inc., Barrier Therapeutics, Inc., Candela Corp., Collagenex

Pharmaceuticals, Inc., Connectics Corp., Curis, Inc., Cutera, Inc. Dyax Corp., Genta Inc., Inspire Pharmaceuticals, Inc., Matritech Inc., Medarex, Inc., Neurogen Corp, Novavax Inc, Nitromed, Inc., Palomar Medical Technologies, Inc., Pharmacyclics, Inc., and QLT, Inc. In addition, the Company provides survey data to the Committee from the Radford Biotechnology Survey, Mercer Executive Survey, TSG Management Survey, SIRS Executive Survey and TSG Biotechnology Survey. The Committee uses this information to assist it in setting executive compensation but does not have a pre-established policy or target for the allocation between either cash and non-cash or short-term and long-term incentive compensation.

The Committee also takes note of the cost of living increase in determining base salary increases, as well as the general performance of the Company. In some years past, officers' salaries were held at the same level as a prior year and

Table of Contents

the Chief Executive Officer's base salary was maintained at the same level for a three-year period as a result of disappointing corporate performance. In 2006, the Committee approved base salary increases in the range of 2.5% to 5.0% for the named executive officers, except that the Chief Financial Officer received an increase of 10.8% which included a special adjustment.

Bonuses Under the terms of its employment agreements with its officers, DUSA's Vice Presidents are eligible to receive up to 30% of their base salary as a discretionary cash bonus award to be set by the Board of Directors. Similarly DUSA's Executive Vice President of Sales and Marketing, who was hired in April 2006, is eligible to receive up to 35% of his base salary as a cash bonus, the President and Chief Operating Officer is eligible to receive up to 40% of his base salary as a cash bonus and DUSA's Chief Executive Officer is eligible to receive up to 50% of his base salary as a cash bonus. In some cases, the agreements provide that the Board may award a cash bonus in excess of the stated percentage for outstanding performance and in past years, the Board has availed itself of this option. DUSA believes that the cash bonus is an important incentive to its officers and assists DUSA in reaching its corporate goals.

Financial and business goals are typically set by DUSA, usually during the first quarter of the year, and have in the past been adjusted as the year progresses. In 2006, the Compensation Committee revised the strategic goals following DUSA's merger with Sirius Laboratories, Inc. since it was a transforming event for the Company. The primary financial goals related to achievement of net revenue and non-GAAP loss from operations milestones. Management recommends these goals to incentivize its named executive officers to perform at consistent high levels, however, these goals are not set at levels which management believes are likely to be unattainable. The goals are adjusted based on recommendations of management since DUSA is a relatively young company which changes its corporate focuses depending on various events, such as the progress of research and development programs, acquisition of products, and the like. DUSA believes that base compensation should not necessarily be affected, though discretionary bonuses may be, for such reasons. Currently, attainment of corporate goals represents 70% of the bonus opportunity for the executives and attainment of individual goals represent 30% of the bonus opportunity. In prior years, the Committee used various combinations of attainment of corporate goals, individual goals and stock performance as a basis for determining bonuses.

The cash bonuses paid in 2006 for 2005 performance were awarded based on a flexible assessment of the attainment of individual and corporate goals by senior management which was presented to the Compensation Committee. For bonuses awarded in 2007 for 2006 performance, management recommended strategic goals based on product development and clinical milestones, international expansion of the Levulan® PDT products, and integration of the Sirius business. Although each executive officer is eligible to receive a bonus, the granting of awards to any individual or the officers as a group is entirely at the discretion of our Committee.

The Compensation Committee discusses and adjusts the written recommendations of the President and Chief Executive Officer of DUSA in awarding these discretionary cash bonuses, as well as base salary increases. The President and Chief Executive Officer also make recommendations as to how much of an executive's bonus should be paid out in relation to the achievement of goals and their performance review. The Compensation Committee has exercised subjective judgment and discretion in the granting of the amount of a bonus. The Chief Executive Officer also submits a recommendation to the Committee for the compensation of the President.

In March 2007, our Compensation Committee adopted guidelines for the awarding 2007 bonuses to the Company's executive officers, including the named executive officers. The corporate goals represent 70% of an officer's bonus opportunity under his employment agreement, and the individual goals represent 30% of such opportunity. The corporate financial performance goals relate to threshold levels of net revenue, and results of operations, and corporate strategic goals related to product expansion, as well as clinical and product development.

Equity Awards DUSA has awarded stock options to its executive officers on initial hire, sometimes at the time of a promotion, and generally, on an annual basis at a meeting of the Compensation Committee during the first quarter of the year. The Compensation Committee believes that a strong stock ownership program is essential to the long-term growth of the Company by providing executives with incentives to increase shareholder value over time. The Compensation Committee uses survey data and recommendations of consultants to monitor and evaluate the amount of long-term incentive compensation levels of its officers. There is no formula for the number of grants which are

issued, though during 2006 management developed recommended ranges of the number of options for consideration by the Committee on the basis of salary ranges. Also recently, the amount of the grants has been a function of the number of grants that are available under DUSA's now expired 1996 Omnibus Plan and the 2006 Equity Compensation Plan, since the Board of Directors believes that no more than 20% of the shares of common stock outstanding should be subject to stock options. In addition, the Board has decided to grant options every year in order to take into account the volatility of DUSA's stock price from year to year.

Stock options have typically been granted as of the close of business on the date of grant, usually on the date of the meeting of the Compensation Committee. However, if financial results are available to the Board of Directors at that date, the grant is usually made at the close of business two business days after the disclosure of the quarterly earnings for the relevant period so that the exercise price reflects the reaction to the information by the shareholders. In December 2006, the Board of Directors determined that all grants should be made two days following the release of quarterly earnings by DUSA.

Table of Contents

DUSA also maintains a 401(k) plan for all employees which provides a match of \$.50 for each dollar contributed up to 2.5% of base salary. DUSA recently adopted a deferred compensation plan which is available to operating director-level employees and above, however only executive officers have enrolled, to date. DUSA adopted these plans in order to provide competitive benefits to its upper level employees. In addition, the Compensation Committee may consider awarding compensation under this plan to provide retirement benefits to its senior executives, particularly since DUSA does not maintain any pension plan.

In some cases, the Committee has altered a proposed amount of a cash bonus or option grant to provide a particular award for excellent performance. This is an example of the discretion which is contemplated in the employment agreements between the Company and the named executive officers.

Currently, DUSA does not have any stated policy regarding an adjustment or recovery of awards or payments if a performance measure upon which such award or payment may have been based were to be restated.

Perquisites As provided in his employment agreement, DUSA provides its President and Chief Operating Officer with local housing, including utilities, since his permanent residence is in a state different from the location of DUSA's principal offices in Massachusetts. In addition, DUSA covers the amount of tax that the officer pays on the amount of the rent which constitutes compensation to him. This form of compensation did affect the level of base salary that the officer was offered and agreed upon when he joined DUSA in 2005.

Other Compensation -

Generally Available Benefits

We provide the following benefits to our named executive officers generally on the same basis as the benefits provided to all employees:

Health and dental insurance;

Life insurance;

Short- and long-term disability;

Educational assistance; and

401(k) plan.

We believe that these benefits are consistent with those offered by our Consultant's Peer Group.

Severance Benefits

During 2006, DUSA paid one of its named executive officers an amount equal to twelve (12) months of his then current salary, consistent with the terms of his employment agreement which was terminated on mutually agreeable terms. All of the named executive officers have such a provision in their employment agreements. DUSA has received information from its employment consultant that the provision of twelve (12) months severance for termination without cause is relatively common, and DUSA believes that the provision assists it in attracting key management to the Company.

Change of Control

DUSA provides a change of control provision in its named executive officers' employment agreements. The provision provides for the payment of three times an officer's then current salary under certain change of control circumstances. The Compensation Committee continues to evaluate these provisions based, in part, on information from the HR Consulting Group.

Sections 280G and 4999 of the Internal Revenue Code impose certain adverse tax consequences on compensation treated as excess parachute payments. An executive is treated as having received excess parachute payments if he receives compensatory payments or benefits that are contingent on a change in control, and the aggregate amount of such payments and benefits equal or exceeds three times the executive's base amount. The portion of the payments and benefits in excess of one times base amount are treated as excess parachute payments and are subject to a 20% excise tax, in addition to any applicable federal income and employment taxes. Also, our compensation deduction in respect of the executive's excess parachute payments is disallowed. If we were to be subject to a change of control, certain

amounts received by our executives could be excess parachute payments under Section 380G and 4999 of the Internal Revenue Code.

DUSA does not currently provide any pension benefits to its named executive officers or employees.

Deferred Compensation

On the recommendation of the Compensation Committee, DUSA adopted the DUSA Pharmaceuticals, Inc. Non-Qualified Deferred Compensation Plan (the Plan) effective October 18, 2006. The Plan is intended to be a non-qualified, supplemental retirement plan. It is currently unfunded by the Company, and is intended primarily for the purpose of allowing a select group of management, including the named executive officers and members of the Board of Directors of DUSA (the Participants) the option of having a portion of their compensation deferred, pursuant to Sections 201(2), 301(a)(3), and 401(a)(1) of the Employee Retirement Income Security Act of 1974, as amended (ERISA) and, as such, to be exempt from the provisions of Parts II, III, and IV of Title I of ERISA. We believe that this plan will assist DUSA in retaining and attracting key individuals for the long-term benefit of the Company. Participants may defer up to 80% of their compensation. A Participant will be 100% vested in all of the amounts he or she defers as well as in the earnings attributable to a Participant s deferred account. A Participant may elect to receive distributions from the deferred account at various times, either in a lump sum or in up to ten annual installments. DUSA s obligation to pay the Participant an amount from his or her deferred account is an unsecured promise and benefits will be paid out of the general assets of the Company. While DUSA has established a Rabbi Trust to segregate the Participants deferred amounts, the Participants will be general creditors of DUSA. The Compensation Committee will act as the administrator of the Plan. The trustee of the Participants deferred accounts is Bankers Trust Company.

Section 409A of the Internal Revenue Code requires that nonqualified deferred compensation be deferred and paid under plans or arrangements that satisfy the requirements of the statute with respect to the timing of deferral elections, timing of payments and certain other matters. Failure to satisfy these requirements can expose employees and other service providers to accelerated income tax liabilities and penalty taxes and interest on their vested compensation under such plans. It is our intention to design and administer our compensation and benefits plans and arrangements for all of our employees and other service providers, including the named executive officers, so that they are either exempt from, or satisfy the requirements of, Section 409A. With respect to our compensation and benefit plans that are subject to Section 409A, in accordance Section 409A and regulatory guidance issued by the IRS, we are currently operating such plans in compliance with Section 409A based upon our good faith, reasonable interpretation of the statute and the IRS s regulatory guidance.

Upon the implementation of SFAS 123(R) on January 1, 2006 we recognize the compensation expense associated with the fair value of stock options, based on the closing price of our common stock on the NASDAQ Global Market on the date of grant, over the vesting term of those awards. Grant date fair value is based on the

Black-Scholes option pricing model on the date of grant. POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE-IN-CONTROL

The Company has employment agreements with each of its named executive officers. According to the terms of these agreements, the named executive officers are entitled to receive compensation as determined by the Board of Directors and are eligible to receive the benefits generally made available to employees of the Company. DUSA may terminate any of these agreements at any time, with or without cause on sixty (60) days prior written notice. If employment is terminated without cause, DUSA has agreed to pay a severance allowance equivalent to six (6) months to one (1) year of the named executive officer's then-current base salary payable in either: (i) a lump sum, within sixty (60) days following the date of termination; or (ii) equal monthly installments, depending on the terms of the named executive officer's employment agreement. In addition to the foregoing, Dr. Shulman's employment agreement also provides that he shall have the right to exercise, for a period of one (1) year from the date of termination, all stock options granted to him prior to his termination as to all or any part of the shares covered by such options, including shares with respect to which such options would not otherwise be exercisable, subject to restrictions under U.S. or Canadian law.

In the event a named executive officer should die while employed by DUSA, his heirs or beneficiaries will be entitled to any Company paid death benefits in force at the time of such death and will also be entitled to exercise any vested but unexercised stock options which were held by him at the time of his death, within a period of one (1) year from the date of death.

These employment agreements also provide for certain severance benefits following a change in control of the Company and termination of employment. Upon any change of control, as defined in the agreements, DUSA shall pay to the named executive officer a lump sum payment equal to three (3) times his base salary for the last fiscal year within five (5)

Table of Contents

days after such termination. In addition, Mr. Doman's agreement provides that he shall be entitled to receive a change of control payment equal to three (3) times his base salary less the amount of salary paid from the date of the consummation of the change of control to the effective date of a termination, if the termination is effective within the three years of the change of control.

Under the Company's equity plans, any and all outstanding options not fully vested automatically vest in full and are immediately exercisable upon a change of control, as defined in the grant agreements. The date on which such accelerated vesting and immediate exercisability would occur, is the date of the occurrence of the change of control.

ESTIMATED TERMINATION PAYMENT

The table below reflects amounts payable to the named executive officers assuming that their employment was terminated on December 31, 2006, both prior to and following a change in control of DUSA, or assuming a change in control of DUSA occurred on December 31, 2006.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

We review all relationships and transaction in which we and our directors and executive officers or their immediate family members are participants to determine whether such persons have a direct or indirect material interest. According to our Statement of Policy with respect to Related Person Transactions our Audit Committee, with the assistance of management and our legal counsel, is primarily responsible for the implementation of processes and controls to obtain information from the directors and executive officers with respect to related person transactions and for then determining, based on the facts and circumstances, whether we or a related person has a direct or indirect material interest in the transaction. In determining whether a proposed transaction is a related person transaction, we examine:

- (i) the related person's relationship to us;
- (ii) the related person's interest in the transaction;
- (iii) the material facts of the proposed transaction, including the proposed aggregate value of such transaction or, in the case of indebtedness, the amount of principal that would be involved; and

In addition, if a shareholder wishes to present a proposal at the Company's 2008 Annual Meeting which is not intended to be included in the Company's proxy statement for that meeting, the Company must receive written notice of the shareholder proposal by March 6, 2008. If DUSA does not receive notice of such a shareholder proposal by this date, the Company will retain its discretionary authority to vote proxies on such proposals even if it is not specifically reflected on the proxy card, and shareholders have not had an opportunity to vote on the proposal by proxy.

The Board of Directors believes that the most efficient method for shareholders and other interested parties to raise issues and ask questions and to get a response is to direct such communications to DUSA through its Shareholder Services department at the address provided in the Contact DUSA section of our public website, www.dusapharma.com. If, notwithstanding these methods, a shareholder or other interested party wishes to direct a communication specifically to the Board of Directors, then the following method is available.
