Original Filing) (i) to amend Part II Item 9A of the Original Filing to clarify the evaluations of the Company's disclosure controls and procedures and internal controls over financial reporting previously made by the Company with respect to the fiscal year ended March 31, 2008 and amend the certifications pursuant to Section 302 of the Sarbanes-Oxley Act of 2002 in the Original Filing and (ii) because we have determined that we will not file our Proxy Statement prior to the July 29, 2008 deadline for incorporation by reference of Part III information into our Annual Report Form 10-K, we are providing the information required by Part III (Items 10, 11, 12, 13 and 14) of Form 10-K by this Amendment in accordance with General Instruction G(3) of Form 10-K.

I. Part II Item 9A of the Original Filing is amended in its entirety to read as follows:

Item 9A(T). Controls and Procedures

(a) Evaluation of Disclosure Controls and Procedures.

We maintain disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) promulgated under the Security Exchange Act of 1934, as amended (the Exchange Act)) that are designed to ensure that information that would be required to be disclosed in Exchange Act reports is recorded, processed, summarized and reported within the time periods specified in the Security Exchange Commission's rules and forms, and that such information is accumulated and communicated to our management, including the President and Chief Operating Officer and Senior Vice President and Chief Financial Officer (our Principal Executive Officer and Principal Financial Officer, respectively), as appropriate, to allow timely decisions regarding required disclosure.

As of March 31, 2008, we carried out an evaluation, under the supervision and with the participation of our management, including the Principal Executive Officer and Principal Financial Officer, of the effectiveness of the design and operation of our disclosure controls and procedures. Based on the foregoing, our Principal Executive Officer and Principal Financial Officer concluded that our disclosure controls and procedures were effective as of the end of the period covered by this Annual Report.

(b) Management's Report on Internal Control over Financial Reporting

We are responsible for establishing and maintaining adequate internal control over financial reporting. As defined in the securities laws, internal control over financial reporting is a process designed by, or under the supervision of, our Principal Executive and Principal Financial Officers and effected by our Board of Directors, management, and other personnel, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles and includes those

Table of Contents

policies and procedures that (i) pertain to the maintenance of records that in reasonable detail accurately and fairly reflect the transactions and dispositions of our assets; (ii) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that our receipts and expenditures are being made only in accordance with authorizations of management and directors; and (iii) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use or disposition of our assets that could have a material effect on the financial statements.

The Company's internal control over financial reporting is designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external reporting purposes in accordance with generally accepted accounting principles.

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Therefore, even those systems determined to be effective can provide only reasonable assurance with respect to financial statement preparation and presentation. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Management conducted an evaluation of the effectiveness of the internal controls over financial reporting (as defined in Rule 13a-15(f) promulgated under the Exchange Act) as of March 31, 2008, based on the framework in Internal Control Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission.

Management, including the Principal Executive and Principal Financial Officers, based on their evaluation of the Company's internal control over financial reporting, have concluded that the Company's internal control over Financial Reporting was effective as of March 31, 2008.

Management's internal control report was not subject to attestation by the Company's independent registered public accounting firm pursuant to the temporary rules of the Securities and Exchange Commission that permit the Company to provide only management's report.

This Annual Report does not include an attestation report of the Company's independent registered public accounting firm regarding internal control over financial reporting. Management's report was not subject to attestation by the Company's independent registered public accounting firm pursuant to temporary rules of the Securities and Exchange Commission that permit the Company to provide only management's report in this Annual Report.

(c) Changes in Internal Control over Financial Reporting

There have been no changes in the Company's internal control over financial reporting that occurred in the fourth fiscal quarter that has

materially affected, or is reasonably likely to materially affect, the Company's internal control over financial reporting.

Board of Directors

Our Board of Directors currently consists of nine directors. Our Board of Directors believes that there should be a majority of independent directors on the Board of Directors. Our Board of Directors also believes that it is useful and appropriate to have members of management as directors. The current board members include seven independent directors, one non-independent non-management director and one employee.

The Board of Directors has determined that each of Mr. John Beaudette, Mr. Robert J. Flanagan, Mr. Colm Leen, Mr. Richard C. Morrison, Mr. Fredrick M. R. Smith, Mr. Kevin P. Tighe and Mr. Gill Jefferson qualify as independent in accordance with the rules of the American Stock Exchange (AMEX). The AMEX independence definitions include a series of objective tests, including that the director is not an employee of the company and has not been engaged in various types of business relationships with the company. In addition, as also required by the AMEX rules, the Board of Directors has made a subjective determination with respect to each independent director that no relationships exist which, in the opinion of the Board of Directors, would interfere with the exercise of independent judgment by such director in carrying out the responsibilities of a director.

The Board of Directors has three standing committees: the Audit Committee, the Compensation Committee and the Nominating and Corporate Governance Committee. During fiscal year ended March 31, 2008, the Audit Committee met six times, the Compensation Committee met five times and the Nominating and Corporate Governance Committee met twice.

The Audit Committee also includes a member who has been determined by our Board of Directors to meet the qualifications of an audit committee financial expert in accordance with SEC rules, including that the person meets the relevant definition of an independent director. The Board of Directors has determined that Mr. Flanagan is an audit committee financial expert. The designation as audit committee financial expert is a disclosure requirement of the SEC related to Mr. Flanagan's experience and understanding of certain accounting and auditing matters. The designation does not impose upon Mr. Flanagan any duties, obligations or liability that are greater than are generally imposed on him as a member of the Audit Committee, and his designation as audit committee financial expert does not affect the duties, obligations or liability of any other member of the Audit Committee.

Nominating and Corporate Governance Committee

The Nominating and Corporate Governance Committee has the authority and responsibility to identify, research and recommend to the Board of Directors qualified candidates to serve as directors on our Board of Directors.

The Nominating and Corporate Governance Committee selects individuals of the highest personal and professional integrity who have demonstrated exceptional ability and judgment in their field and who would work effectively with the other directors and nominees to the Board of Directors. The Nominating and Corporate Governance Committee also monitors and reviews the committee structure of the Board of Directors, and each year it recommends to the Board of Directors for its approval directors to serve as members of each committee. The Nominating and Corporate Governance Committee conducts an annual review of the adequacy of the Nominating and Corporate Governance Charter (described below) and recommends proposed changes. The members of our Nominating and Corporate Governance Committee are Messrs. Morrison (Chair), Beaudette and Tighe. Each member of the Nominating and Corporate Governance Committee is independent under the relevant standards established by the SEC and AMEX.

Attendance at Board, Committee and Annual Stockholders Meetings

In the Company's 2008 fiscal year, each of our directors attended at least 75% of the meetings of the Board of Directors and of the committees on which he or she served, except Colm Leen. We do not currently have a policy requiring attendance of our directors at our annual meetings of stockholders. All of our directors, except Messrs. Morrison and Tighe, attended the 2007 Annual Meeting of Stockholders.

Our Board of Directors believes that it is important to offer stockholders the opportunity to communicate with our directors. Stockholders who wish to communicate with the Board of Directors may do so by sending written communications addressed to the Corporate Secretary, Castle Brands Inc., 570 Lexington Avenue, 29th Floor, New York, NY 10022 or by email to Board@castlebrandsinc.com. Communications emailed to this address are automatically forwarded to all of members of the Board of Directors. Written communications received by the Corporate Secretary, currently Mr. Seth Weinberg, are reviewed for appropriateness. Mr. Weinberg, in accordance with Company policy, at his discretion may elect not to forward items that are deemed commercial, frivolous or otherwise inappropriate for consideration by the Board of Directors. In such cases, correspondence may be forwarded elsewhere for review and possible response.

Corporate Governance Guidelines

On November 10, 2005, the Board of Directors adopted a Nominating and Governance Charter that sets forth (i) corporate governance principles intended to promote efficient, effective and transparent governance,

Table of Contents

and (ii) procedures for the identification and selection of individuals qualified to become directors. At the same time, the Board of Directors also adopted a Code of Business Conduct, which applies to all of our directors, executive officers and employees. The Code of Business Conduct sets forth our commitment to conduct our business in accordance with the highest standards of business ethics and to promote the highest standards of honesty and ethical conduct by our directors, executive officers and employees.

Among other matters, our Nominating and Governance Charter and Code of Business Conduct set forth the following governing principles:

A majority of the directors on the Board of Directors should be independent as defined in the rules adopted by the SEC and AMEX.

In order to facilitate critical discussion, the independent directors are required to meet apart from other board members and management representatives.

Compensation of our non-employee directors should be a combination of cash and equity-based compensation. Employee directors are not paid for their board service in addition to their regular employee compensation.

Directors, executive officers and all employees must act at all times in accordance with the requirements of our Code of Business Conduct. This obligation includes adherence to our policies with respect to conflicts of interest; full, accurate and timely disclosure; compliance with securities laws; confidentiality of our information; protection and proper use of our assets; ethical conduct in business dealings; and respect for and compliance with applicable law. Any change to, or waiver of the requirements of, the Code of Business Conduct with respect to any director, principal financial officer, principal accounting officer or persons performing similar functions may be granted only by the Board of Directors. Any such change or waiver will be promptly disclosed as required by law or AMEX regulations.

Our Nominating and Corporate Governance Charter and Code of Business Conduct are posted on our Investor Relations web site at <http://investors.castlebrandsinc.com>.

ITEM 11. EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Our Compensation Committee has the sole authority and responsibility to review and determine, or recommend to our Board of Directors for determination, the compensation package of our President and Chief Operating Officer and each of our other named executive officers, each of whom is identified in the *Summary Compensation Table*, below. Our Compensation Committee also considers the design and effectiveness of the compensation program for our other executive officers and approves the final compensation package, employment agreements and stock option grants for all of our executive officers. Our Compensation Committee is composed entirely of independent directors who have never served as officers of our company. Other information concerning the structure, roles and responsibilities of our Compensation Committee is set forth in Item 10, above.

A discussion of the policies and decisions that shape our executive compensation program, including the specific objectives and elements, is set forth below.

Executive Compensation Objectives And Philosophy

The objective of our executive compensation program is to attract, retain and motivate talented executives who are critical for the continued growth and success of the company and to align the interests of these executives with those of our stockholders. In order to achieve this objective, in addition to annual base salaries, our executive compensation program utilizes a combination of annual incentives through cash bonuses and long-term incentives through equity-based compensation. In establishing overall executive compensation levels, our Compensation Committee considers a number of criteria, including the executive's scope of responsibilities, prior and current period performance, compensation levels for similar positions at companies in our industry and attainment of individual and overall company performance objectives and retention concerns. Our President and our Compensation Committee believe that substantial portions of executive compensation should be linked to the overall performance of the company and its brand-building activities, and that the contribution of individuals over the course of the relevant period to the goal of building long-term brand and shareholder value will be considered in the determination of each executive's compensation. We do not target a specific competitive position, but rather consider the compensation that is earned by executives and professionals in similar positions, our business performance and the challenges we are currently facing as we establish the various elements of our compensation program each year.

Generally, our Compensation Committee reviews and, as appropriate, modifies compensation arrangements for executive officers in the first quarter of each fiscal year, subject to the terms of existing employment agreements with our named executive officers, as discussed below. Other than with respect to the compensation of Mr. Marsh, our Compensation Committee also takes into consideration the recommendations for executive compensation made by Mr. Marsh, which recommendations are generally presented at the time of our Compensation Committee's annual review of executive performance and compensation arrangements. In making such recommendations, Mr. Marsh considers the overall performance of each executive and their contribution to the growth of our company and its products as well as overall company performance through personal and corporate achievements. As our company is not yet cash-flow positive, the contributions of each executive officer to brand growth, cost management and long-term value creation for our shareholders are considered in Mr. Marsh's recommendations and the review of the Compensation Committee, as well as the retention of our executive officers.

Elements of Compensation

Compensation for our named executive officers consists of the following components, each of which is more fully described below:

Base salary

Annual Incentives

Long-Term Equity-Based Incentive Awards

Table of Contents

Severance and Change in Control Benefits

Perquisites and Other Benefits

The Compensation Committee has the flexibility to use these primary components, along with certain other benefits, in a manner that will effectively implement its stated objectives with respect to the compensation arrangements for each of our named executive officers. Each of the primary components is discussed in more detail below.

Base Salary

In establishing base salaries, the Compensation Committee primarily considers prior and current period performance, scope of responsibilities and compensation levels for similar positions at companies similar to Castle Brands. Base salaries are generally specified under employment agreements with our named executive officers, providing for increases at the sole discretion of the Compensation Committee on an individual basis after consideration of the responsibilities of the executive's position, the scope of the operations managed, the performance of such operations, the performance of the executive in the position and increases in the cost of living.

The Compensation Committee reviews recommendations made by Mr. Marsh each year with respect to compensation increases. In recent years, Messrs. Andrews, Spillane and Bellinger have received increases to account for adjustments to cost of living and the termination of our payment of car allowances for U.S. employees. In addition, Mr. Spillane's base salary was raised by the Compensation Committee upon the recommendation of Mr. Marsh, following consideration of the competitiveness of the market for qualified spirits executives and the U.S. case sales growth of our brands during recent years and the duration of his service to the company. With respect to the 2008 fiscal year, each of our named executive officers received a three percent cost-of-living increase in his base salary, and Mr. Weinberg's base salary was increased by an additional \$10,000.

Annual Incentives

In addition to base salaries, our named executive officers are eligible to receive annual cash bonuses, which are considered a key component of the executive compensation program's objective to align the interests of management and our stockholders and motivate participants to achieve company growth and enhanced shareholder value. Cash bonuses payable to executives are based primarily upon achievement of individual and company performance objectives. Annual bonus eligibility is generally set forth in the executive's employment agreement and is expressed as a percentage of base salary (as described below in the section *Employment Agreements - Certain Material Terms of Employment Agreements with Named Executive Officers*). Each of our named executive officers was eligible for a cash bonus for the 2008 fiscal year.

Bonuses are determined by our Compensation Committee after an evaluation of the level of the personal achievement and contribution to the company and its brand development of each executive officer as well as the attainment of individual and company performance goals. The relative performance of individual named executive officers for the 2008 fiscal year was reported by Mr. Marsh to the Compensation Committee. The determination of overall company performance was determined by the Compensation Committee based on our draft audited financial statements for fiscal year 2008, and discussions with Mr. Marsh.

Due to the company's limited liquidity, the compensation committee recommended to the Board of Directors that each of the officers receive a promissory note in lieu of a cash bonus payment. The bonuses received in fiscal year 2008 by our named executive officers with contract-specified maximum bonus amounts, with the exception of Mr. Small, were approximately one-half of such maximum amounts, reflecting the view of Mr. Marsh and the Compensation Committee that full cash incentive compensation cannot and should not be offered until the company is cash-flow positive. Our Chairman, Mr. Mark Andrews, who left the position of Chief Executive Officer in November 2007, was eligible for a bonus of up to \$100,000 in respect of the 2008 fiscal year. The Compensation Committee subsequently determined that Mr. Andrews would not be paid a bonus for the 2008 fiscal year. In determining the personal achievement of each of the executive officers of

Table of Contents

the company, individual and team contributions to corporate structure, financing activities, brand growth and potential significant transactions were considered.

In light of the Company's negative cash flow, Messrs. Soden, Spillane, Weinberg and Small have agreed to defer their annual bonuses and have received promissory notes providing for the payment of the deferred bonuses by December 31, 2008. In certain circumstances, these notes, which terminate if the executive is terminated for cause or terminates his employment without good reason, may be accelerated, such as a Change of Control, a financing raising more than \$10 million, a termination of the executive's employment by the company without cause, a termination of the executive's employment by the executive without good reason or the death or disability of the executive. See *Summary Compensation Table*, below.

Long-Term Equity-Based Incentive Awards

Long-term equity-based incentives are provided by the company to executive officers through the granting of stock options. Stock option grants are designed to align the executive's interests with those of the stockholders and provide each executive officer with a significant incentive to manage the company in a manner which maximizes stockholder value. Stock options are granted pursuant to our 2003 Stock Incentive Plan, which also authorizes grants of restricted and deferred stock awards. Our Compensation Committee believes that these long-term, equity based compensation awards are an effective incentive for our named executive officers to increase the long-term value of the company's Common Stock as well as aiding us in attracting and retaining qualified individuals. Our Compensation Committee determines the size of the stock option grants according to each executive's position with, and contribution to, the company and sets a level it considers appropriate to create a meaningful opportunity for stock ownership. In addition, our Compensation Committee takes into account each individual's potential for future responsibility and promotion, the levels of equity ownership of executives in similar positions at comparable companies and the number of options held by that individual at the time of the new grant. As with the other elements of executive compensation, Mr. Marsh makes an initial recommendation to the Compensation Committee as to appropriate levels of long-term equity based compensation grants.

Historically, our Compensation Committee has used stock options exclusively for purposes of awarding long-term equity based compensation to executive officers. Stock option grants are designed to align the executive's interests with those of the stockholders and provide each named executive officer with a significant incentive to manage the company in a manner which maximizes stockholder value, based on the executive's contribution to the company and its brands during the prior fiscal year and consideration of the desire of the company to retain the individual executive in the coming years. Stock option grants are generally subject to a four-year or five-year vesting period, vesting in annual installments beginning one year from the date of the initial award.

The number of stock options granted to the named executive officers in fiscal year 2008 are set forth in the *Grants of Plan-Based Awards in Fiscal 2008* and *Outstanding Equity Awards at 2008 Fiscal Year-End* tables set forth below. No long-term equity based incentive awards for the 2007 fiscal year were awarded to our executives.

Timing of Equity Grants

For all of our employees, including our named executive officers, grants of equity-based compensation are effective on the date that they are approved by our Compensation Committee. All stock option grants to employees, including named executive officers, are made with an exercise price equal to the fair market value of the underlying stock on the date of grant. Our Compensation Committee does not grant equity compensation awards in anticipation of the release of material nonpublic information. Similarly, we do not time the release of material nonpublic information based on equity award grant dates.

Severance and Change in Control Benefits

We provide certain severance and change in control benefits to our named executive officers. You can find detailed information about these benefits in the *Executive Compensation - Potential Payments Upon Termination or Change in Control*, below.

Table of Contents

Perquisites and Other Benefits

We generally provide the same health and welfare benefits to all of our full-time employees, including our named executive officers, including health and dental coverage, disability insurance, and paid holidays and other paid time off.

We maintain a 401(k) retirement savings plan for the benefit of all of our full-time employees, including our named executive officers.

In addition, we provide a limited number of perquisites to our named executive officers.

Former Chief Executive Officer and Current President and Chief Operating Officer

The principal factors considered by our Compensation Committee for Mr. Andrew's compensation package are generally the same as those considered by our Compensation Committee in relation to the compensation of the other executive officers. Mr. Andrew's base salary for the 2008 fiscal year was \$298,267. The material terms of Mr. Andrew's employment agreement are described under *Employment Agreements*, below.

The principal factors considered by our Compensation Committee for Mr. Marsh's compensation package are generally the same as those considered by our Compensation Committee in relation to the compensation of the other executive officers. Mr. Marsh's pro rated base salary for the 2008 fiscal year of Castle Brands was \$121,231. The material terms of Mr. Marsh's employment agreement are described under *Employment Agreements*, below.

Material Tax Implications of Our Compensation Policy

Section 162(m) of the Internal Revenue Code of 1986, as amended, limits the deductibility on our tax return of compensation over \$1 million to any of the named executive officers unless, in general, the compensation is paid pursuant to a plan which is performance-related, non-discretionary and has been approved by our stockholders. Our Compensation Committee's policy with respect to section 162(m) is to make every reasonable effort to ensure that compensation is deductible to the extent permitted while simultaneously providing our executives with appropriate compensation for their performance. We did not pay any compensation during our 2008 fiscal year that would be subject to the limitations set forth in section 162(m).

See also Footnote 15 to the Company's Consolidated Financial Statements for the impact of equity based compensation under SFAS 123, Accounting for Stock Based Compensation.

Table of Contents**EMPLOYMENT AGREEMENTS**

We utilize employment agreements with our executive officers as part of our compensation philosophy and, accordingly, have entered into employment agreements with each of our named executive officers. We believe that the use of employment agreements helps the company attract and retain qualified executives, and benefits both the company and the executive by providing protection of our intellectual property rights, restricting the executive from competing with the company, and providing increased stability through certain severance benefits.

Certain of the employment agreements provide for, upon execution of the agreement, the grant to the executive of options to purchase shares of our Common Stock at a price equal to the fair market value of our Common Stock on the grant date. These stock options are subject to the provisions of our 2003 Stock Incentive Plan. Except as may be determined in the discretion of the Compensation Committee, the stock options granted to each executive vest in equal annual installments until the fourth anniversary of the date of the option grant. Regardless of these vesting provisions, the stock options become 100% exercisable upon the occurrence of a change in control, as more fully described in the *Executive Compensation – Potential Payments Upon Termination or Change in Control* .

We also are obligated to provide certain severance payments and benefits if we terminate a named executive officer in certain circumstances, such as upon a change in control, upon non-renewal of the employment agreement or upon termination without cause. Please see the *Executive Compensation – Potential Payments Upon Termination or Change in Control* , below, for a full description of these obligations.

Our certificate of incorporation and bylaws require us to indemnify our directors and officers to the fullest extent permitted by Delaware law.

Potential Payments Upon Termination or Change in Control

The following is a description of the potential payments upon termination or a change in control for all of our named executive officers, except Keith A. Bellinger. Mr. Bellinger resigned as an employee of the company on November 14, 2007. The company made no severance payments to Mr. Bellinger, but has continued certain benefits at a rate of \$8,677 per year.

Termination Without Cause

Under employment agreements with our named executive officers, if we terminate the executive's employment without cause, we have agreed to pay the executive his or her annual base salary, and provide benefits to maintain medical insurance, for 12 months (18 months with respect to Mr. Marsh's medical insurance benefits) following termination. In addition, Mr. Marsh will receive his minimum pro rated incentive bonus of 60% of his base salary, pro rated for the year in which the termination occurs.

Mr. Andrews, our former chief executive officer, continues to be an employee of our company in recognition of his service as chairman of the Board and performance of other non-executive functions. Under his employment agreement, if we terminate Mr. Andrews' employment without cause, we have agreed to pay Mr. Andrews his annual base salary through November 15, 2008 and provide benefits to maintain medical insurance for 12 months.

In addition, if we terminate any of our named executive officers without cause, then such officer is entitled to certain acceleration of the vesting of some or all of the stock options granted to such executive pursuant to the terms of such executive's employment agreement.

For Mr. Andrews, any unvested stock option held by him that would have become vested if he continued employment for the 24 month period following his termination will vest on the original vesting schedule of such option.

For Mr. Spillane, any unvested stock option held by him that would have become vested if he continued employment for the 12 month period following his termination will vest at the end of such 12 month period.

For Messrs. Marsh, Soden, Weinberg and Small, the vesting of any options held will accelerate with respect to the number of shares of our Common Stock that equals (x) the number of shares that would have vested during the 12 months following termination, multiplied by (y) a fraction, the numerator of which is the number of full calendar months that have elapsed since the last vesting date or the original issue date (if a vesting date has not occurred) and the denominator of which is the number of full calendar months from the last vesting date or the original issue date (if a vesting date has not occurred) to the vesting date during the 12 months following termination.

With respect to either Mr. Andrews or Mr. Spillane, cause is defined in his employment agreement as (i) personal dishonesty, (ii) willful misconduct, (iii) breach of fiduciary duty, or (iv) any willful and material violation of laws, rules or regulations (other than traffic or similar offenses).

With respect to either Mr. Weinberg, Mr. Soden and Mr. Small, cause is defined in his employment agreement as (i) personal dishonesty, (ii) willful misconduct, (iii) breach of fiduciary duty, (iv) failure to substantially perform assigned duties relating to executive's performance hereunder, (v) his conviction or entry

Non-Renewal of Employment Agreement

If we do not renew the employment agreements of Messrs. Soden, Weinberg or Small, each is entitled to receive his annual base salary and medical benefits for six months.

Mr. Marsh's employment agreement automatically renews for an additional two-year term unless Mr. Marsh or we give notice of non-renewal at least ninety days prior to the expiration of his employment agreement. If we elect not to renew Mr. Marsh's employment agreement, Mr. Marsh is entitled to receive his base salary and benefits for a period of six months (eighteen months with respect to medical plans). Mr. Marsh may also be eligible for additional payments if his work prior to such nonrenewal results in certain transactional events occurring on criteria agreed between Mr. Marsh and the Compensation Committee of the Board of Directors.

Termination Due to Disability

The employment agreements of Messrs. Andrews, Marsh, Weinberg, Soden and Small each provide that, in each case, if we terminate such executive due to a *disability*, we must pay such executive his annual base salary for a period of one year following the date of termination, minus any other disability benefits provided by us to the executive during this period. Mr. Marsh's employment agreement also provides that he would receive any bonuses which are earned but unpaid as of the date of termination, including his minimum pro rated incentive bonus of 60% of his base salary, pro rated for the year in which the termination occurs.

Mr. Spillane's employment agreement provides that if we terminate his employment agreement due to a *disability*, we must pay him an amount equal to his annual base salary.

With respect to each of our named executive officers, a *disability* is defined in his employment agreement as a failure, because of illness or incapacity, to perform the duties of his employment for six months.

Termination By Employee With Good Reason

Each named executive officer's employment agreement (except Mr. Andrews') provides that if he terminates his employment for *good reason*, we must pay the executive his or her annual base salary for a period of one year following the date of termination. In addition, for Mr. Spillane, all unvested options will accelerate if he terminates for *good reason*. Also, Mr. Marsh will receive his minimum pro rated incentive bonus of 60% of his base salary, pro rated for the year in which the termination occurs.

Mr. Andrews' employment agreement provides that if we terminate Mr. Andrews' employment without *cause*, we must pay Mr. Andrews his annual base salary through November 15, 2008 and provide benefits to maintain medical insurance for 12 months. In addition, all of Mr. Andrews' unvested options will accelerate if he terminates for *good reason*.

With respect to Mr. Andrews and Mr. Spillane, *good reason* means (a) our failure to perform any obligation under his employment agreement for a period of thirty (30) days following written demand by him, (b) a material diminution in the nature or status of his responsibilities or (c) dissolution or divestiture of all or a significant portion of our assets or another material change to us that would materially adversely diminish the nature or status of his job responsibilities.

With respect to Mr. Marsh, *good reason* means (i) any material diminution in the nature, title or scope of his job responsibilities (including the appointment of any person other than Mr. Marsh as chief executive

Officer or any other position more senior to his), without his prior written consent, (ii) dissolution or divestiture of all or a significant portion of the our assets or another material change to us which would materially adversely diminish the nature, title or scope of his job responsibilities, or (iii) our material breach of any provision of this Agreement which is not cured within fifteen (15) business days after written notice thereof from Mr. Marsh to us.

With respect to either Mr. Weinberg, Mr. Soden and Mr. Small, *good reason* means (a) our failure to perform any obligation under his employment agreement for a period of fifteen (15) days following written notice by him, (b) a material diminution in nature, title or status of his responsibilities, (c) a relocation of his principal place of work to a location of more than twenty five (25) miles from our current office or (d) dissolution or divestiture of all or a significant portion of our assets or another material change to us that would materially adversely diminish the nature, title or status of his job responsibilities.

Any severance payments described under *Termination Without Cause*, *Non-Renewal of Employment Agreement*, *Termination of Employment Due to Disability* and *Termination by Employee with Good Reason* are in consideration of the non-compete provisions contained in each named executive officer's employment agreement.

Each of our named executive officers is prohibited from, during the term of his employment and for 12 months thereafter, (1) competing with us, (2) soliciting our employees and (3) soliciting our customers.

Change in Control

If there is a *change of control* during the term of a named executive officer's employment agreement (except for Mr. Andrews), then such named executive officer is entitled to immediate vesting and settlement of all stock options granted to the named executive officer under our 2003 Stock Incentive Plan.

If any of our named executive officers are terminated following or in connection with a *change of control* of our company (as defined for each executive below), then the named executive officer will continue to be paid an amount equal to his base salary for a period of two years. Under Messrs. Soden, Small and Weinberg's employment agreements, each such named executive officer is also entitled to continue his benefits for twenty-four months following a termination of employment following or in connection with a *change of control*. In addition, Mr. Marsh will receive his minimum pro rated incentive bonus of 60% of his base salary, pro rated for the year in which the termination occurs. Mr. Marsh may also be eligible for additional payments if his work prior to such termination results in certain transactional events occurring on criteria agreed between Mr. Marsh and the Compensation Committee of the Board of Directors.

With respect to Mr. Spillane, a *change of control* is defined as (a) an acquisition of 35% or more of our outstanding voting stock, with preferred stock on an as-converted basis, that results in a change in our chief executive officer or chairman of the board, by an outside entity, other than directly from us; (b) a merger or consolidation of our company where 49% or more of the voting stock of the surviving company is held by persons other than our former shareholders; (c) 20% or more of the members of the board are elected by shareholders who were not nominated in the most recent proxy statement of our company; or (d) a sale or disposal of substantially all of our assets to an outside entity or entities.

With respect to Mr. Marsh, a *change of control* is defined as (a) an acquisition of 35% or more of our outstanding voting stock, with preferred stock on an as-converted basis, that results in a change in our chief executive officer or chairman of the board, by an outside entity, other than directly from us; (b) a merger or consolidation of our company where 49% or more of the voting stock of the surviving company is held by persons other than our former shareholders; or (c) a sale or disposal of substantially all of our assets to an outside entity or entities.

(1) Estimated using the value of COBRA payments at the rates in effect on March 31, 2008.

(2)

The estimated amount of benefit was calculated by multiplying the number of options that would accelerate vesting upon the termination circumstance indicated by the difference between the closing price of our Common Stock on March 31, 2008, which was \$1.04, and the exercise price of the option. For Messrs. Soden, Small, Marsh and Weinberg, this column shows no benefit, where applicable, since the exercise price of these executives unvested options is above \$1.04.

The Board of Directors believes that compensation for our non-employee directors should be a combination of cash and equity-based compensation. Employee directors are not paid for their service on the Board of Directors in addition to their compensation as employees.

The Board of Directors has approved the payment of annual compensation of our non-employee directors comprised of cash and options granted under the 2003 Stock Incentive Plan as set forth in the following table:

Annual director retainer (paid quarterly)	\$10,000
Additional annual retainer for committee chairs (paid quarterly)	\$4,000
Option to purchase shares of our Common Stock in recognition of ongoing service (prorated for partial years)	5,000 shares
Additional options to purchase shares of our Common Stock for members of the Nomination and Governance Committee and the Compensation Committee of the Company (per committee membership, per year)	1,000 shares
Additional options to purchase shares of our Common Stock for members of the Audit Committee (per year)	2,500 shares
Reimbursement of expenses related to board attendance	Reasonable expenses reimbursed as incurred

Each of our non-employee directors will receive an option to purchase the number of shares of Common Stock such director was due to receive, according to the table above, in recognition of his ongoing service as director during the 2009 fiscal year. Subject to applicable limitations, these options will have an exercise price of \$1.04 per share (the closing price of a share of our Common Stock as of March 31, 2008) and vest immediately. Each of the options has a term of 10 years, subject to earlier termination in the event of termination of service as a director. Mr. Jefferson is also due to receive 2,500 shares at an exercise price of \$4.60 per share (the closing price of a share of our Common Stock as of the day prior to his election) in recognition of his service during the portion of the 2008 fiscal year he served as a director.

ITEM 13. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

The Audit Committee is charged with the responsibility of reviewing and pre-approving all related party transactions, and reassessing any related party transaction for potential conflicts of interest on an ongoing basis. This responsibility is set forth in our Audit Committee Charter.

Agreement with MHW Ltd.

Since April 1998, we and our predecessor have had an agreement with MHW Ltd., through which MHW acts as importer of record and distributor for our products in the United States, and provides accounting, inventory, payment, transportation and storage services for us. Mr. Beaudette, one of our directors, is the president and a principal stockholder of MHW and MHW has a 10% ownership interest in our Celtic Crossing

Table of Contents

brand. For the fiscal year ended March 31, 2008, we incurred fees for services rendered by MHW in the amounts of 304,228.

Agreements with Carbery Group and Its Affiliates

Mr. Leen, one of our directors, is the financial director of the Carbery Group, one of our principal stockholders. Since December 1, 2003, we have had a supply agreement with Carbery Milk Products Limited, which is a member of the Carbery Group, pursuant to which it acts as our sole distiller for Boru vodka in Ireland and the supplier of natural flavors for our products. For the fiscal year ended March 31, 2008, we purchased approximately 635,957 (recorded as \$935,874 in our consolidated financial statements for such fiscal year) of goods from Carbery Milk Products.

Transactions with Irish Distillers Group And Its Affiliates

Until his retirement in 2006, Gill Jefferson, one of our directors, was employed in various capacities by Irish Distillers Group. Since January 1, 2005, we have had a supply agreement with Irish Distillers Limited, which is a member of Irish Distillers Group, pursuant to which it acts as our supplier of Irish whiskey. During the fiscal year ended March 31, 2008, we purchased approximately 566,349 (\$894,831) of product from Irish Distillers Limited.

Transactions with Knappogue Corp.

During the fiscal year ended March 31, 2008, we paid rental fees to Knappogue Corp. for the use of Knappogue Castle, located in Clare County, Ireland, for various corporate purposes including meetings and to entertain customers. Knappogue Corp. is one of our principal stockholders and is controlled and owned by Mr. Andrews, our chairman, and members of his family. For the fiscal year ended March 31, 2008, we paid Knappogue Corp. \$35,645 in rental fees.

Transactions with Frost Nevada Investments Trust

On February 17, 2006, we entered into a credit facility with Frost Nevada Investments Trust, an entity controlled by Phillip Frost, M.D., one of our directors, which enabled us to borrow up to \$5.0 million. We borrowed \$2.0 million under this facility at an interest rate of 9% per annum payable quarterly, plus a facility fee of \$100,000 paid at the time of the drawdown. Interest under this facility was payable quarterly. We repaid all outstanding principal and accrued interest under this note in the amount of \$2,026,000 in April 2006.

On February 12, 2007, we entered into a second credit facility with Frost Nevada Investment Trust which enabled us to borrow up to \$5.0 million. In connection with the execution of the facility, we paid a fee of \$150,000 to Frost Nevada Investment Trust. No amounts were ever borrowed under this facility and the facility terminated upon the closing of our private placement of Common Stock and warrants in May 2007.

On October 22, 2007, we entered into a credit agreement with Frost Nevada Investments Trust, which is controlled by Dr. Phillip Frost, a former director, which enables us to borrow up to \$5,000,000. Any amounts outstanding under the Credit Facility bear interest at a rate of 10% per annum. Interest is payable quarterly. The maturity date of any amounts outstanding is the earlier of (i) one business day after the closing of financing transactions which results in aggregate gross proceeds to the Company of at least \$10,000,000 and (ii) February 28, 2009.

Upon entering into the credit agreement, we paid the lender a facility fee of \$175,000. If we draw down any amount under the Credit Facility, upon receiving our first advance, we would have to pay the Lender an additional facility fee of \$200,000. As additional consideration for entering into the Credit Facility, we issued to the Lender a warrant to purchase 50,000 shares of Common Stock, par value \$0.01 per share, at an exercise price of \$4.00 per share. We ascribed a fair value to the warrant of \$59,801 and will account for the warrant as a deferred financing cost to be amortized over the life of the underlying credit facility.

Issuance Of 6% Subordinated Convertible Notes

On March 1, 2005, we entered into a convertible note purchase agreement with FURSA SPV LLC, one of our principal stockholders, for up to \$10.0 million, with the principal amount convertible, at the option of the holder, at a conversion price of \$8.00 per share. The convertible note purchase agreement was amended on August 16, 2005 to (a) increase the amount of loans under such agreement to \$15.0 million, (b) provide for

40% of the outstanding principal amount of the notes to convert automatically into Common Stock upon an initial public offering of our Common Stock at a conversion price of \$7.00 per share and (c) add Black River Global Credit Fund Ltd., one of our former principal stockholders, as a party to the agreement. In accordance with the terms of the convertible note purchase agreement, as amended, upon the closing of our initial public offering, 40% of the principal amounts of the notes were automatically converted into shares of our Common Stock at a rate of one share of Common Stock for every \$7.00 of converted principal amount. The remaining principal under these notes is convertible into shares of our Common Stock at a rate of one share of our Common Stock for each \$8.00 of converted principal amount.

After giving effect to the conversion of 40% of the outstanding principal amount of the notes as described above, FURSA SPV LLC currently holds two 6% convertible promissory notes in the amount of \$3.0 million each that were issued on March 1, 2005 and June 27, 2005, respectively, and Black River Global Credit Fund Ltd. holds one 6% convertible promissory note in the amount of \$3.0 million that was issued on August 16, 2005.

The total interest paid during the fiscal year ended March 31, 2008 was \$361,000 to FURSA SPV LLC, and \$178,200 to Black River Global Credit Fund Ltd.

As issued, these senior notes bore an interest rate of 8% payable semi-annually on November 30 and May 31, and matured on May 31, 2007. Effective August 15, 2005, the terms of these notes were modified, with the consent of the noteholders, to mature on May 31, 2009 in exchange for an interest rate increase to 9%. In addition, each purchaser of senior notes received a warrant to purchase 25 shares of our Common Stock at an exercise price of \$8.00 per share for each \$1,000 of senior notes purchased. The following of our directors, executive officers and/or principal stockholders participated in this transaction:

In addition, each purchaser of these additional senior notes received a warrant to purchase 40 shares of our Common Stock at an exercise price of \$8.00 per share for each \$1,000 of additional senior notes purchased. The warrants will remain exercisable for a period of five years from the closing of the offering.
