**HUNTINGTON BANCSHARES ANNOUNCES A \$300 MILLION COMMON EQUITY
PUBLIC OFFERING AND SUSPENSION OF CURRENT DISCRETIONARY EQUITY
ISSUANCE PROGRAM**

COLUMBUS, Ohio Huntington Bancshares Incorporated (NASDAQ: HBAN; www.huntington.com) today announced that it has commenced a public offering of \$300 million of its common shares.

The public offering represents an acceleration of Huntington's discretionary equity issuance program announced May 20, 2009. The May 20, 2009 discretionary equity issuance program, which is now suspended and will be terminated upon completion of the new offering, resulted in the issuance of 18.5 million shares worth \$76 million at an average price of \$4.11 per share.

Capital actions completed since March 31, 2009 include:

\$196 million of common equity issued through discretionary equity issuance programs (\$120 million from the program announced April 21, 2009 and completed May 7, 2009; plus \$76 million of common equity from the program announced May 20, 2009, and now suspended).

\$20 million of common equity issued, representing 4.7 million common shares in exchanges for shares of a portion of our Series A 8.50% Non-cumulative Perpetual Convertible Preferred Stock late in the 2009 first quarter that settled April 2, 2009.

In addition to the \$300 million public offering announced today, Huntington has previously announced other potential capital actions consisting of:

Approximately \$75 million estimated to result from the after-tax gain on a cash tender for three series of Huntington trust preferred securities which commenced on May 21, 2009.

Approximately \$250 million of combined impact from other potential actions, including liability management initiatives, exchange of other capital instruments, adoption of new accounting standards, and other management initiatives.

Most of these potential capital actions are targeted to be completed during the 2009 second quarter. The table below highlights the estimated pro forma impact of these actions on March 31, 2009 capital ratios, when combined with other 2009 second quarter actions already completed:

	As Reported		1Q09 Pro Forma	
	4Q08	1Q09	Completed Actions ⁽²⁾	Potential Actions ⁽³⁾
Tangible Common Equity / Tangible Assets ⁽¹⁾	4.04%	4.65%	5.08%	6.10%
Tier 1 Common	5.04	5.64	6.10	7.45
Tier 1 Risk-based Capital Ratio	10.72	11.16	11.58	12.21
Total Risk-based Capital Ratio	13.91	14.28	14.70	14.50

(1) Excludes deferred tax liability on intangible assets

(2) Completion of discretionary equity issuance programs (\$196 MM) and convertible exchange settled in 2Q09 (\$20 MM)

(3) Assumes \$300 MM common equity offering, ~\$75 MM from trust preferred tender, and ~\$250 MM from other actions

This additional capital action reflects the continued demand expressed for our common equity, said Stephen D. Steinour, chairman, president, and chief executive officer. With today's capital raising actions, coupled with other completed and pending actions, we expect to fully achieve our capital objectives. We believe we will have the capital necessary to weather an even more severe economic environment than we currently expect, while even better positioning us to eventually repay our \$1.4 billion of TARP capital.
