REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors and Stockholders of Healthcare Trust of America, Inc.
Scottsdale, Arizona

We have audited the accompanying statement of revenues and certain expenses, (the *Historical Summary*) of Columbia Medical Office Portfolio (the *Property*), for the year ended December 31, 2009. This Historical Summary is the responsibility of the management of Healthcare Trust of America, Inc. and subsidiaries (the *Company*). Our responsibility is to express an opinion on the Historical Summary based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the Historical Summary is free of material misstatement. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting as it relates to the Historical Summary. An audit includes consideration of internal control over financial reporting as it relates to the Historical Summary as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting as it relates to the Historical Summary. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the Historical Summary, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the Historical Summary. We believe that our audit provides a reasonable basis for our opinion.

The accompanying Historical Summary was prepared for the purpose of complying with the rules and regulations of the Securities and Exchange Commission (for inclusion in the current report on Form 8-K/A of Healthcare Trust of America, Inc. and subsidiaries), as discussed in Note 1 to the Historical Summary and is not intended to be a complete presentation of the Property's revenues and expenses.

In our opinion, the Historical Summary presents fairly, in all material respects, the revenue and certain expenses discussed in Note 1 to the Historical Summary of Columbia Medical Office Portfolio, for the year ended December 31, 2009, in conformity with accounting principles generally accepted in the United States of America.

1. Organization and Summary of Significant Accounting Policies

Organization

The accompanying statements of revenues and certain expenses include operations of the nine buildings included in the Columbia Medical Office Portfolio (the Property) which was acquired by Healthcare Trust of America, Inc. (the Company), from a nonaffiliated third party. The Property was acquired on various dates beginning November 19, 2010 and ending on February 16, 2011 for approximately \$196.5 million, of which \$9.2 million was purchased subsequent to December 31, 2010, and has approximately 913,200 square feet and is leased to 84 tenants in 2010. In connection with the acquisition of the Property, the Company assumed various mortgage loans in the amount of \$100.4 million.

Basis of Presentation

The statements of revenues and certain operating expenses (the Historical Summary) have been prepared for the purpose of complying with the provisions of Article 3-14 of Regulation S-X promulgated by the Securities and Exchange Commission (the SEC), which requires certain information with respect to real estate operations to be included with certain filings with the SEC. The Historical Summary includes the historical revenues, certain operating expenses of the Property, as well as interest expense from assumed loans, exclusive of items which may not be comparable to the proposed future operations of the Property. Material amounts that would not be directly attributable to future operating results of the Property are excluded, and the Historical Summary is not intended to be a complete presentation of the Property s revenues and expenses. Items excluded consist of owner related expenses, depreciation and federal and state income taxes.

The accompanying statements are not representative of the actual operations for the periods presented, as certain expenses that may not be comparable to the expenses expected to be incurred by the Company in the future operations of the Property have been excluded. The statement of revenues and certain expenses for the period from January 1, 2010 to September 30, 2010 is unaudited and reflects all adjustments (consisting only of normal recurring adjustments), which are, in the opinion of management, necessary for a fair presentation of the operating results for the interim period presented. The results of operations for the period from January 1, 2010 to September 30, 2010 (unaudited) are not necessarily indicative of the expected results for the entire fiscal year ending December 31, 2010. After reasonable inquiry, the Company is not aware of any material factors relating to the Property discussed above that would cause the reported financial information relating to it not to be necessarily indicative of future operating results.

Revenue Recognition

Rental revenue is recognized on an accrual basis as it is earned over the lives of the respective tenant leases on a straight-line basis. Rental receivables are periodically evaluated for collectability. Tenant reimbursements for real estate taxes, common area maintenance and other recoverable costs are recognized as income in the period that the expenses are incurred.

Repairs and Maintenance

Expenditures for repairs and maintenance are expensed as incurred.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of

Table of Contents

revenues and certain expenses during the reporting period. Actual results could differ materially from the estimates in the near term.

Concentration of Credit Risk

The Property had two tenants that accounted for more than 10% of total revenues for the year ended December 31, 2009 and nine months ended September 30, 2010. For the year ended December 31, 2009, the two tenants represented approximately 15% and 13% of total revenues, respectively. For the nine months ended September 30, 2010 (unaudited), the two tenants represented approximately 15% and 13% of total revenues, respectively.

2. Leases

The aggregate annual future minimum lease payments to be received under existing operating leases as of December 31, 2009, are as follows:

2010	\$ 17,352,000
2011	17,431,000
2012	16,827,000
2013	16,185,000
2014	15,881,000
2015 and thereafter	90,879,000
	\$ 174,555,000

The Property was approximately 96.5% leased and occupied at December 31, 2009. The Property is generally leased to tenants under lease terms that provide for the tenants to pay increases in operating expenses in excess of specified amounts. The above future minimum lease payments do not include specified payments for tenant reimbursements of operating expenses.

3. Commitments and Contingencies***Litigation***

The Property may be subject to legal claims in the ordinary course of business as a property owner. The Property currently believes that the ultimate settlement of any potential claims will not have a material impact on the Property's results of operations.

Environmental Matters

In connection with the ownership and operation of real estate, the Property may be liable for costs and damages related to environmental matters. The Property has not been notified by any governmental authority of any non-compliance, liability or other claim, and the Property is not aware of any other environmental condition that it believes will have a material adverse effect on the Property's results of operations.

4. Subsequent Event

In preparing these financial statements, the Company has evaluated events and transactions for recognition or disclosure through March 15, 2011, the date the financial statements were issued. The Property was acquired by the Company on various dates beginning November 19, 2010 and ending on February 16, 2011 of which \$9.2 million was purchased subsequent to December 31, 2010 for approximately \$196.5 million.

Unaudited Pro Forma Condensed Consolidated Balance Sheet
As of September 30, 2010

The accompanying unaudited pro forma condensed consolidated balance sheet (including notes thereto) are qualified in their entirety by reference to and should be read in conjunction with our September 30, 2010 Quarterly Report on Form 10-Q and December 31, 2009 Annual Report on Form 10-K.

The accompanying unaudited pro forma condensed consolidated Balance Sheet as of September 30, 2010 is presented as if we acquired the Columbia Medical Office Portfolio (the Property) on September 30, 2010. The Property was acquired using proceeds, net of offering costs, received from our follow-on public offering through the acquisition date at \$10.00 per share, as well as the assumption of debt in the amount of \$100.4 million.

The accompanying unaudited pro forma condensed consolidated financial statements are for informational purposes only and unaudited and are subject to a number of estimates, assumptions, and other uncertainties, and do not purport to be indicative of the actual results of operations that would have occurred had the acquisitions reflected therein in fact occurred on the dates specified, nor do such financial statements purport to be indicative of the results of operations that may be achieved in the future. In addition, the unaudited pro forma condensed consolidated financial statements include pro forma allocations of the purchase price of the Property based upon preliminary estimates of the fair value of the assets acquired and liabilities assumed in connection with the acquisitions and are subject to change. In the opinion of management, all material adjustments necessary to reflect the effect of this transaction have been made.
