REPORT OF INDEPENDENT AUDITORS

To the Board of Directors of
El Paso Corporation:

In our opinion, the accompanying statement of net assets available for plan benefits and the related statement of changes in net assets available for plan benefits present fairly, in all material respects, the net assets available for plan benefits of the El Paso Corporation Retirement Savings Plan (the "Plan") at December 31, 2002 and December 31, 2001, and the changes in net assets available for plan benefits for the year ended December 31, 2002 in conformity with accounting principles generally accepted in the United States of America. These financial statements are the responsibility of the Plan's management; our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits of these statements in accordance with auditing standards generally accepted in the United States of America, which require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

Edgar Filing: EL PASO CORP/DE - Form 11-K

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedules listed in the index on page 1 are presented for the purpose of additional analysis and are not a required part of the basic financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. These supplemental schedules are the responsibility of the Plan's management. The supplemental schedules have been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

1. DESCRIPTION OF PLAN

The following description of the El Paso Corporation Retirement Savings Plan (the "Plan") provides general information about the Plan's provisions in effect for the plan year ended December 31, 2002. Participants should refer to the Plan documents and summary plan description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering eligible employees of El Paso Corporation (the "Company") and its participating employers, except leased employees, certain nonresident aliens, certain foreign nationals, and members of any unit covered by a collective bargaining agreement. The Committee for the Pension Plan, Retirement Savings Plan and Employees' Benefit Trust (the "Committee") is responsible for the general administration of the Plan as described in the Plan document. Deutsche Bank Trust Company Americas, formerly Bankers Trust Company ("Deutsche Bank") is the trustee for the Plan. Hewitt Associates is the recordkeeper for the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Contributions

A participant may elect to make basic contributions from 2 percent to 15 percent of his or her eligible compensation on a before-tax or after-tax basis. The Company will make matching contributions in the same manner as that of participant contributions, equal to 75 percent of a participant's basic contribution up to a maximum level of 6 percent of eligible compensation. In addition, if a participant has elected the maximum basic contribution eligible for a matching Company contribution, he or she may make after-tax supplemental contributions to the Plan from 1 percent to 5 percent of his or her eligible compensation. A participant may also elect to have the amount of available cash under the Company's FlexPlan transferred to the Plan as a flex contribution or may make an approved rollover contribution of a distribution received or direct transfer from another qualified retirement plan. There are certain legal limitations, as provided by the Plan, applicable to contributions to the Plan. Federal income taxes on before-tax contributions, company matching contributions, and the earnings from the investments in the Plan are deferred until amounts are withdrawn from the Plan by participants.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's matching contributions, and the participant's share of net earnings or losses of his or her respective elected investment funds under the Plan. Net investment gains and losses in a particular investment fund are allocated in proportion to the respective participant account balances in that fund.

5

EL PASO CORPORATION
RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS
(Continued)

Edgar Filing: EL PASO CORP/DE - Form 11-K

1. DESCRIPTION OF PLAN (Continued)

Vesting

A participant's interest in the balance credited to his or her account is fully vested at all times.

Payment of Benefits

Upon separation from service with the Company, a participant whose account balance exceeds \$5,000 may elect to receive either a lump-sum or installment distribution equal to the value of his or her account or to defer the distribution. A deferred distribution may take the form of either a lump-sum distribution payable within, or installments payable over, a period which ends on or before April 1 of the year following the calendar year in which the participant attains age 70-1/2. A participant whose account balance does not exceed \$5,000 will receive an immediate lump-sum distribution of the amount equal to his or her account balance. Certain in-service withdrawals may also be available, as provided by the Plan.

Participant Loans

To obtain a loan, the participant must have a total account balance of at least \$2,000 excluding any amounts held in an "IRA Rollover Account" under the Plan. Loan amounts may be from \$1,000 to \$50,000 but may not be more than 50 percent of the total balance in the participant's account, excluding any IRA Rollover Account balance. The 50 percent limit is reduced by the participant's highest outstanding loan balance(s) during the prior 12-month period. Each loan is made from, and repaid to, the borrowing participant's account so as not to affect the accounts of other participants. A participant may not obtain more than one loan during any 12-month period and may not have more than two loans outstanding. The interest rate on a loan is 1 percent above the prime rate, which is determined on the last business day of the month preceding the quarter in which the loan is taken. The interest rate is fixed for the term of the loan. The repayment period may be from 1 to 5 years. When a participant terminates employment with the Company, the unpaid balance of the participant's loan(s) will be deducted from any distributions to the participant. If the participant elects to defer the distributions, the loan must be repaid within 60 days after separation from service. If the loan is not repaid, it will be automatically treated as a distribution to the participant.

EL PASO CORPORATION
RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS
(Continued)

1. DESCRIPTION OF PLAN (Continued)

Investment Options

With exceptions as described below, a participant could direct the investment of his or her contributions to the Plan or reallocate the existing balance in his or her account among any one or more of the

Edgar Filing: EL PASO CORP/DE - Form 11-K

following investment funds during 2002. The diversification of securities within each investment fund is at the discretion of the fund manager. For a more complete description of the investment objectives, general information and performance history of the funds, participants should refer to the individual mutual fund prospectus and the summary plan description.

1) Income Fund - invested primarily in a diversified portfolio of investment contracts offered by major insurance companies, banks and other financial institutions. The objective of the fund is to provide liquidity and safety of principal while providing a higher return over time than offered by money market funds. An investment contract is an agreement whereby the issuing entity promises a specific rate of return for a period of time. The contracts provide that a reduction in principal will not occur due to a change in interest rates. These contracts usually have maturity dates and interest rates that fluctuate to reflect the investment performance and activity of bonds that underlie the contract. However, like all of the Plan's investment funds, there is an element of risk. Some of the contracts are direct obligations of the issuing entity. To reduce the risk of the fund, most of the investment contracts are backed by fixed-income securities held in a separate account of an insurance company, or in a trust fund, to protect them from the general creditors of the contract issuer. The fund may also hold cash or other short-term fixed income securities, although these are expected to be a small percentage of the Income Fund. PRIMCO Capital Management, Inc. manages the Income Fund.

2) Company Stock Fund - invested primarily in common stock of the Company (NYSE:EP). As with investments in any single stock, this fund may be more volatile (that is, subject to larger swings in value, both up and down) than a fund that is diversified among the stocks of many companies. Participants who invest in the Company Stock Fund may instruct the trustee regarding the voting of the Company's common stock allocated to the participant's account.

3) Equity Index Fund - invested primarily in an index fund designed to match the performance of the Standard and Poor's (S&P) Index by investing in stock of most of the 500 largest U.S. companies comprising that Index. This fund currently invests in a commingled fund for institutional investors known as the Daily Equity Index Fund T managed by Barclays Global Investors.

7

EL PASO CORPORATION RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS (Continued)

1. DESCRIPTION OF PLAN (Continued)

Investment Options (Continued)

4) International Equity Fund - invested primarily in the publicly traded mutual fund known as the Templeton Foreign Fund managed by Templeton Global Advisors Limited. The purpose of this fund is to invest in companies in locations and businesses around the world where economic conditions are favorable for growth. Because of global monetary exchange, economic and political conditions, the risks and returns for this fund can vary significantly from investments in domestic stocks.

Edgar Filing: EL PASO CORP/DE - Form 11-K

5) Large Capitalization Equity Fund - invested primarily in the publicly traded mutual fund known as the Fidelity Magellan Fund managed by Fidelity Management & Research Company.

6) Mid Capitalization Equity Fund - invested primarily in the publicly traded mutual fund known as the American Funds Growth Fund (Class A) managed by Capital Research and Management Company.

7) Small Capitalization Equity Fund - invested primarily in the publicly traded mutual fund known as the AIM Small Cap Growth Fund "A" managed by AIM Capital Management.

8) Asset Allocation Fund - invested primarily in the publicly traded mutual fund known as the Dodge & Cox Balanced Fund managed by Dodge & Cox.

9) Large Capitalization Value Fund - invested primarily in the publicly traded mutual fund known as the Dodge & Cox Large Cap Value Fund managed by Dodge & Cox.

10) Loan Fund - invested individually for each borrowing participant in any loans to the participant.

8

EL PASO CORPORATION
RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS
(Continued)

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Accounting Basis

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for plan benefits at the date of the financial statements, the reported changes in net assets available for plan benefits during the reporting period and disclosures related to the Plan. Actual results could differ from those estimates.

Valuation of Investments

For the Plan years ending December 31, 2002 and 2001, the Plan's investment contracts with financial institutions and insurance companies are reported at contract value which approximates estimated fair value. On December 31, 2002 and 2001, the average yield for these investment contracts was 5.46 percent and 6.12 percent, respectively, while the average crediting interest rate was 5.19 percent and 5.88 percent, respectively. Crediting interest rates are normally reset quarterly for contracts with underlying

Edgar Filing: EL PASO CORP/DE - Form 11-K

investments to reflect the investment experience of that asset. Estimated fair value for investment contracts is based on discounted cash flows using current market rates for similar investments with similar terms. Short-term securities and participant loans are carried at cost which approximates fair value. All other investments are carried at fair value as determined by quoted market prices. Purchases and sales of securities are reflected on a trade-date basis. The basis of securities sold is determined by average cost.

9

EL PASO CORPORATION RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS (Continued)

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Amounts Due To/From Others

Amounts due to/from others reflect the net unsettled securities bought and sold at year end.

Investment Income

Dividend and interest income from investments is recorded as earned on an accrual basis and is allocated to participants' accounts based upon each participant's proportionate share of assets in each investment fund. Dividend income represents income for those funds holding individual equity securities. Interest income represents income received from deposits with insurance companies, short-term securities and funds invested in commingled equity or mutual funds.

Expenses

Administrative expenses include participant recordkeeping and custodial fees, and certain professional fees incurred and paid by the Plan. In addition, any expenses directly relating to the purchase, sale, or transfer of the Plan's investments are charged to the particular investment fund to which the expense relates.

Net Depreciation in Fair Value of Investments

The Plan presents in the statement of changes in net assets available for plan benefits the net depreciation in the fair value of its investments which consists of the realized gains or losses and the unrealized appreciation (depreciation) on those investments.

Risks and Uncertainties

The Plan provides for various investment options in any combination of stocks, bonds, fixed income securities, mutual funds, and other investment securities. Investment securities are exposed to various risks, such as interest rate risk, market risk and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect the amounts reported in the statement of net assets available for plan benefits.

Edgar Filing: EL PASO CORP/DE - Form 11-K

Since November 2002, El Paso has undergone a series of downgrades of its credit ratings. The Company's senior unsecured debt is rated a "B" by Standard and Poor's Rating Services as of February 7, 2003 and "Caal" by Moody's Investor Service as of February 11, 2003. We do not believe these downgrades will impact the Company's ability to perform its obligations as Plan Sponsor.

10

EL PASO CORPORATION
RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS
(Continued)

3. INVESTMENTS

Investments representing 5 percent or more of the Plan's net assets are separately identified as follows:

	December 31,	

	(In thousands)	
	2002	2001
	-----	-----
El Paso Corporation common stock, 17,235,920 and 13,586,383 shares, respectively	\$ 119,962	\$ 606,088
Barclays Equity Index Fund, 1,719,043 and 2,015,202 shares, respectively	43,647	65,615
Fidelity Magellan Fund, 501,229 and 542,219 shares, respectively	39,577	56,510

Net depreciation in fair value of investments	\$ (563,127)
	=====

11

EL PASO CORPORATION
RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS
(Continued)

4. CONCENTRATION OF CREDIT RISK

The Plan invests in various investment funds, as described in Note 1, based upon participant instructions. The Income Fund held approximately 43 percent and 20 percent of the invested assets of the Plan at December 31, 2002, and 2001, respectively. The Company Stock Fund held approximately 22 percent and 57 percent of the invested assets of the Plan at December 31, 2002, and 2001, respectively. The Company believes that it offers sufficient investment options to allow participants to avoid any significant concentration of credit risk, although the ultimate control of investment diversification is up to the individual participant.

5. RELATED PARTY TRANSACTIONS

During the year ended December 31, 2002, approximately \$291 million of Plan assets were invested with Deutsche Bank in the BT Pyramid Directed Account Cash Fund. During 2002, approximately 40 percent and 35 percent of the Plan's purchase and sale transactions, respectively, were related to these assets.

6. TAX STATUS

The Plan is intended to be a qualified plan pursuant to Section 401(a) of the Internal Revenue Code of 1986, as amended (the "Code") and, accordingly, the trust established under the Plan to hold the Plan's assets is intended to be exempt from federal income taxes pursuant to Section 501(a) of the Code. The Company received a favorable tax determination letter from the IRS on July 2, 1998, stating that the Plan, as designed, was in compliance with the applicable requirements of the Code. The Plan has been amended since receiving the determination letter. However, the Company believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial

Edgar Filing: EL PASO CORP/DE - Form 11-K

statements.

7. AMENDMENTS AND FILINGS

Effective January 1, 2002, the Plan was amended to conform to the provisions of the Economic Growth and Tax Relief Reconciliation Act of 2001.

Effective January 1, 2002, the Plan was amended to allow for the before-tax or after-tax basic contribution limit to increase from 10 percent to 15 percent of eligible compensation. The after-tax supplemental contribution limit remains unchanged.

On February 28, 2002, the Company filed with the IRS, Form 5300, Application for Determination for Employee Benefit Plan, and related documents on the amended Plan.

Effective May 1, 2002, the Plan was amended to allow for Company matching contributions to initially be invested in the same manner as that of participant contributions. In addition, the Plan was amended to replace the INVESCO Total Return Fund with the Dodge & Cox Balanced Fund, the Putnam New Opportunities Fund with the American Funds Growth Fund of America Fund "A", the State Street Global Advisors (SSgA) Small Cap Fund with the AIM Small Cap Growth Fund "A" and add the Dodge & Cox Large Cap Value Fund as a large cap value fund option.

12

EL PASO CORPORATION
RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS
(Continued)

8. PLAN TERMINATION

The Company reserves the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA and the Code. Upon termination, the Plan's assets would be distributed to the participants, as directed by the Committee in accordance with the Plan and applicable law, on the basis of their account balances existing at the date of termination, as adjusted for investment gains and losses.

9. SUBSEQUENT EVENTS

Effective March 1, 2003, the Plan was amended to suspend Company matching contributions. On May 14, 2003, the Company announced its intention to reinstate effective July 1, 2003 the Company's matching contribution in an amount equal to 50 percent of a participant's basic contribution up to a maximum level of 6 percent of eligible compensation.

Effective May 1, 2003, the Plan was amended to allow for before-tax basic contributions in whole percentages from 2 percent to 25 percent of eligible compensation. The after-tax basic contribution limit remains unchanged at 15 percent and the supplemental after-tax contribution limit remains unchanged at 5 percent.
