**PROXY STATEMENT
FOR THE
ANNUAL MEETING OF STOCKHOLDERS**

The following information is furnished in connection with the solicitation of proxies on behalf of the Board of Directors of Oil States International, Inc. (the Company) to be voted at the annual meeting of stockholders of the Company (the Annual Meeting), which will be held at The DoubleTree Hotel at Allen Center, 400 Dallas Street, Houston, Texas, on the 18th day of May, 2006, at 9:00 a.m. local time, for the following purposes:

- (1) To elect three (3) Class II members of the Board of Directors;
- (2) To ratify the appointment of Ernst & Young LLP as independent accountants for the year ended December 31, 2006; and,
- (3) To transact such other business as may properly come before the Annual Meeting or any adjournments thereof.

You may revoke your proxy at any time before it is exercised by: (1) sending a written statement revoking your proxy to the Secretary of the Company; (2) submitting a properly signed proxy with a later date; or (3) voting in person at the Annual Meeting. If you return your signed proxy to us before the Annual Meeting, we will vote your shares as you direct. If you do not specify on your proxy card how you want to vote your shares, we will vote them for the election of all nominees for director as set forth under Proposal 1: Election of Directors and for the ratification of the appointment of Ernst & Young LLP as independent accountants as set forth under Proposal 2: Appointment of Auditors. If any other business is brought before the meeting, any unspecified proxies will be voted in accordance with the judgment of the persons voting those shares.

The cost of soliciting proxies will be paid by the Company. In addition to the use of the mails, proxies may be solicited by the directors, officers and employees of the Company without additional compensation, by personal interview, telephone, telegram, or other means of electronic communication. Arrangements also may be made with brokerage firms and other custodians, dealers, banks and trustees, or their nominees who hold the voting securities of record, for sending proxy materials to beneficial owners. Upon request, the Company will reimburse the brokers, custodians, dealers, banks, or their nominees for their reasonable out-of-pocket expenses. In addition, the Company has retained Mellon Investor Services LLC to assist in the solicitation of proxies, for which the Company will pay an estimated fee of \$4,500.

Oil States International, Inc.'s Annual Report on Form 10-K for the year ended December 31, 2005, is being mailed with this Proxy Statement to all stockholders entitled to vote at the Annual Meeting and does not constitute a part of the proxy soliciting material.

This proxy statement and the enclosed form of proxy was mailed to stockholders beginning April 17, 2006.

OUTSTANDING VOTING SECURITIES AND VOTING RIGHTS

Edgar Filing: OIL STATES INTERNATIONAL, INC - Form DEF 14A

Oil States International, Inc. (Company, Oil States, we, us, and our refer to Oil States International, Inc. and its subsidiaries) has two outstanding classes of securities that entitle holders to vote generally at meetings of the Company s stockholders: common stock, par value \$.01 per share; and special preferred voting stock, par value \$.01 per share. A single share (the Voting Share) of special preferred voting stock was issued to Computershare Trust Company of Canada (the Trustee) as trustee under a Voting and Exchange Trust Agreement for the benefit of holders of exchangeable shares issued by the Company s wholly-owned subsidiary, 892489 Alberta Inc., in connection with the Company s February 2001 acquisition of PTI Group, Inc. (PTI). The common stock and the Voting Share vote together as a single class on all matters except when Delaware law requires otherwise. Each share of common

Table of Contents

stock outstanding on the record date is entitled to one vote. The Voting Share is entitled to one vote for each exchangeable share outstanding on the record date. The Trustee is required to vote the Voting Share as instructed by holders of exchangeable shares, and to abstain from voting in proportion to the exchangeable shares for which the Trustee does not receive instructions. Accordingly, references to stockholders in this Proxy Statement include holders of common stock, the Trustee, and holders of exchangeable shares. In addition, unless we indicate otherwise, the number of shares outstanding, including for purposes of calculating percentage ownership, in this proxy statement have been calculated as if the exchangeable shares have been exchanged for shares of our common stock. The procedures for holders of exchangeable shares to instruct the Trustee about voting at the Annual Meeting are explained in the Information Statement for Holders of Exchangeable Shares of 892489 Alberta Inc. that is enclosed with this Proxy Statement only for holders of exchangeable shares.

The record date for the stockholders entitled to notice of and to vote at the Annual Meeting is the close of business on April 7, 2006. At the record date, 49,484,514 shares of common stock and one Voting Share were outstanding and entitled to be voted at the Annual Meeting. Outstanding shares include a total of 276,348 exchangeable shares which are outstanding and are entitled to give voting instructions to the Trustee.

The presence, in person or by proxy, of the holders of a majority of the votes eligible to be cast at the Annual Meeting is necessary to constitute a quorum at the Annual Meeting. If a quorum is not present, the stockholders entitled to vote who are present in person or by proxy at the Annual Meeting have the power to adjourn the Annual Meeting from time to time, without notice other than an announcement at the Annual Meeting, until a quorum is present. At any adjourned Annual Meeting at which a quorum is present, any business may be transacted that might have been transacted at the Annual Meeting as originally notified.

Directors will be elected by a plurality of the votes present and entitled to be voted at the Annual Meeting. Ratification of the selection of the Company's auditors will require the affirmative vote of the holders of a majority of the shares present and entitled to be voted at the Annual Meeting. An automated system that the Company's transfer agent administers will tabulate the votes. Brokers who hold shares in street name for customers are required to vote shares in accordance with instructions received from the beneficial owners. Brokers are permitted to vote on discretionary items if they have not received instructions from the beneficial owners, but they are not permitted to vote (a broker non-vote) on non-discretionary items absent instructions from the beneficial owner. Abstentions and broker non-votes will count in determining whether a quorum is present at the Annual Meeting. Both abstentions and broker non-votes will not have any effect on the outcome of voting on director elections. For purposes of voting on the ratification of the selection of auditors, abstentions and broker non-votes are not counted as votes with respect to the proposal. Abstentions occur when stockholders are present at the annual meeting but choose to withhold their vote for any of the matters upon which the stockholders are voting. Broker non-votes occur when nominees (such as banks and brokers) that hold shares on behalf of beneficial owners do not receive voting instructions from the beneficial owners before the meeting and do not have discretionary authority to vote those shares under the applicable rules of the New York Stock Exchange.

A Proxy in the accompanying form that is properly signed and returned will be voted at the Annual Meeting in accordance with the instructions on the Proxy. Any properly executed Proxy on which no contrary instructions have been indicated about a proposal will be voted as follows with respect to the proposal: FOR the election of the three persons named in this Proxy Statement as the Board of Directors' nominees for election to the Board of Directors; FOR the ratification of the selection of Ernst & Young LLP as the Company's auditors; and in accordance with the discretion of the holders of the Proxy with respect to any other business that properly comes before the stockholders at the Annual Meeting. The Board of Directors knows of no matters, other than those previously stated, to be presented for consideration at the Annual Meeting. The persons named in the accompanying Proxy may also, in their discretion, vote the Proxy to adjourn the Annual Meeting from time to time.

A copy of the list of stockholders entitled to vote at the Annual Meeting will be available for inspection by qualified stockholders for proper purposes at the offices of the Company during normal business hours beginning on April 8, 2006 and at the Annual Meeting.

Table of Contents**PROPOSAL 1:****ELECTION OF DIRECTORS**

The Board of Directors is comprised of eight members. The eight members are divided into three classes having two members in Class I, three members in Class II and three members in Class III. Each class is elected for a term of three years, so that the term of one class of directors expires at each annual meeting of stockholders. The term of the Class II directors expires at the Annual Meeting.

Nominees

Three directors are to be elected at the Annual Meeting. The Board of Directors has nominated S. James Nelson, Jr., Gary L. Rosenthal and William T. Van Kleef to fill the three expiring Class II positions on the Board of Directors, to hold office for three-year terms expiring at the annual meeting of stockholders in 2009, and until their respective successors have been duly elected and qualified, or until their earlier resignation or removal. Two of the director nominees, Mr. Nelson and Mr. Rosenthal, are presently directors. Mr. Van Kleef is being nominated to replace Mr. Andrew L. Waite, who has decided not to stand for re-election. Stockholder nominations will not be accepted for filling board seats at the Annual Meeting because our bylaws require advance notice for such a nomination, the time for which has passed. Our Board of Directors has determined that all of the nominees for Director are independent as that term is defined by the applicable NYSE listing standards. See Director Independence below for a discussion of director independence determinations. The enclosed proxy (unless otherwise directed, revoked or suspended) will be voted for the election of the three nominees for director.

Although the Company knows of no reason why any of the nominees might be unable or refuse to accept nomination or election, if any nominee should be unable to serve as a director, the shares represented by proxies will be voted for the election of a substitute nominated by the Board of Directors.

The Board of Directors recommends that stockholders vote FOR the election of each of the nominees.

services company. Mr. Wells currently is a director of Pogo Producing Company (NYSE: PPP), an oil and gas exploration and production company.

Director Independence

Our Board of Directors has determined that all of our Directors, except for Mr. Douglas E. Swanson, who serves as our President and Chief Executive Officer, and the nominee for Director are independent as that term is defined by the applicable NYSE listing standards. In making this determination, the Board of Directors considered transactions and relationships between the director or his immediate family and the Company and its subsidiaries. The purpose of this review was to determine whether any such relationships or transactions were material and, therefore, inconsistent with a determination that the director is independent. Martin Lambert, who is a director, has been a partner with the Canadian law firm Bennett Jones LLP since 1987. During 2005, the company paid \$0.2 million to Bennett Jones LLP for certain legal services. Our Board of Directors has determined that Mr. Lambert is independent under the rules of the NYSE. In making this decision, the Board considered Mr. Lambert's relationship with Bennett Jones LLP and the transactions involving the Company and Bennett Jones LLP. The Board determined that such relationship and transactions are not material to the independence of Mr. Lambert.

Committees and Meetings

The Board of Directors has established three standing committees: the Audit Committee, the Compensation Committee and the Nominating & Corporate Governance Committee. These committees are comprised of directors who are not officers or employees of the Company.

Audit Committee

The Company's Audit Committee presently consists of Messrs. Wells, Nelson and Rosenthal, each of whom is independent, as such term is defined in Section 10A of the Securities Exchange Act of 1934, as amended, and in the applicable New York Stock Exchange listing standards. Mr. Van Kleef will become a member of the Audit Committee if he is elected as a Class II director at the Annual Meeting on May 18, 2006. Mr. Van Kleef is independent, as such term is defined in Section 10A of the Securities Exchange Act of 1934, as amended, and in applicable New York Stock Exchange listing standards. The Audit Committee operates under a written charter adopted by the Board of Directors on May 13, 2003. A copy of the charter is available on our website, www.oilstatesintl.com, under Corporate Governance. The Audit Committee, which is chaired by Mr. Wells, meets separately with representatives of the Company's independent auditors, the Company's internal audit personnel and with representatives of senior management in performing its functions. The Audit Committee reviews the general scope of audit coverages, the fees charged by the independent auditors, matters relating to internal control systems and other matters related to accounting and reporting functions. The Board of Directors has determined that all of the members of the Audit Committee as well as Mr. Van Kleef, who has been nominated to the Audit Committee, are financially literate and that Messrs. Wells, Nelson and Van Kleef have accounting or related financial management expertise, each as required by the applicable NYSE listing standards. The Board of Directors has also determined that Wells, Nelson and Van Kleef qualify as audit committee financial experts under the applicable rules of the Exchange Act.

In addition to the Audit Committee of the Company's Board, Mr. Nelson serves on the Audit Committees of Input/Output, Inc. and Quintana Maritime Ltd. The charter of the Audit Committee of the Board provides that no member of the Audit Committee may simultaneously serve on the Audit Committees of more than two other public companies. The Board has waived this limitation with respect to Mr. Nelson joining the Audit Committee of W&T Offshore, Inc. Prior to granting this waiver, the Board considered the incremental time and responsibilities that such additional service would require of Mr. Nelson. Based upon a consideration of the facts and circumstances related to

Mr. Nelson's commitments and the entities on whose Boards he serves, and including the fact that he is not currently serving in a full time executive role, the Board has determined that such additional service would not negatively affect Mr. Nelson's ability to fulfill his duties to the Company's Audit Committee.

Table of Contents

Compensation Committee

The Company's Compensation Committee consists of Messrs. Rosenthal, Papa and Wells, each of whom is independent, as defined in the applicable NYSE listing standards, and is a non-employee director. The Compensation Committee operates under a written charter adopted by the Board of Directors on May 13, 2003. A copy of the charter is available on our website, www.oilstatesintl.com, under Corporate Governance. The Compensation Committee, which is chaired by Mr. Rosenthal, administers the 2001 Equity Participation Plan (as amended and restated), and in this capacity makes a recommendation to the full Board concerning all option grants or stock awards to employees, including executive officers, under the plan. In addition, the Compensation Committee is responsible for making recommendations to the Board with respect to the compensation of the Company's chief executive officer and its other executive officers and for establishing compensation and employee benefit policies.

Nominating & Corporate Governance Committee

The Company's Nominating & Corporate Governance Committee consists of Messrs. Papa, Lambert and Wells, each of whom is independent, as such term is defined in the applicable NYSE listing standards. The Nominating & Corporate Governance Committee operates under a written charter adopted by the Board of Directors on March 31, 2004. A copy of the charter is available on our website, www.oilstatesintl.com, under Corporate Governance. The Nominating & Corporate Governance Committee, which is chaired by Mr. Papa, makes proposals to the Board for candidates to be nominated by the Board to fill vacancies or for new directorship positions, if any, which may be created from time to time. The Nominating & Corporate Governance Committee will consider suggestions from any source, particularly from stockholders, regarding possible candidates for director. To submit a recommendation to the committee, a stockholder should send a written request to the attention of the Company's Secretary at Oil States International, Inc., Three Allen Center, 333 Clay Street, Suite 4620, Houston, Texas 77002. The written request must include the nominee's name, contact information, biographical information and qualifications, as well as the nominee's written consent to serve if elected. The request must also disclose the number of shares of common stock beneficially owned by the person or group making the request and the period of time such person or group has owned those shares. The request must be received by the Company no earlier than the 150th day and no later than the 120th day before the anniversary of the date of the prior year's proxy statement. These procedures do not preclude a stockholder from making nominations in accordance with the process described below under Stockholder Proposals. The Nominating & Corporate Governance Committee developed and recommended to the Board of Directors the Company's Corporate Governance Guidelines and Corporate Code of Business Conduct and Ethics, which the Board adopted. Copies of these documents are available on our website, www.oilstatesintl.com, under Corporate Governance.

Board and Committee Meetings

During 2005, the entire Board of Directors held 10 meetings, the Audit Committee held 13 meetings, the Compensation Committee held 6 meetings and the Nominating & Corporate Governance Committee held 2 meetings. Each of the directors attended at least 75 percent of the meetings of the Board and the committees of the Board on which they served. All of our directors attended last year's annual meeting. While the Company understands that scheduling conflicts may arise, it expects directors to make reasonable efforts to attend the annual meeting of stockholders and meetings of the Board of Directors and the committees on which they serve.

Our Corporate Governance Guidelines provide that our non-management directors shall meet separately in executive session at least annually. The director who presides at these sessions is the Chairman of the Board, assuming such person is a non-management director. Otherwise, the presiding director will be chosen by a vote of the non-management directors. In addition to the executive sessions of our non-management directors, our independent directors (as defined in the applicable NYSE listing standards) are required to meet in executive session at least annually. Our non-management directors are also all independent directors. In 2005, our non-management

independent directors met in executive session four times. Our Chairman of the Board, L.E. Simmons, presided at these sessions.

Qualifications of Directors

When identifying director nominees, the Nominating & Corporate Governance Committee will consider the following:

the person's reputation, integrity and independence;

the person's skills and business, government or other professional experience and acumen, bearing in mind the composition of the board and the current state of the Company and the oilfield services industry generally at the time of determination;

the number of other public companies for which the person serves as a director and the availability of the person's time and commitment to the Company; and,

the person's knowledge of a major geographical area in which the Company operates or another area of the company's operational environment.

In the case of current directors being considered for renomination, the Nominating & Corporate Governance Committee will also take into account the director's history of attendance at Board of Directors and committee meetings, the director's tenure as a member of the Board of Directors and the director's preparation for and participation in such meetings.

Director Nomination Process

Our director nomination process for new board members is as follows:

The Nominating & Corporate Governance Committee, the Chairman of the Board, or another board member identifies a need to add a new board member who meets specific criteria or to fill a vacancy on the Board of Directors.

The Nominating & Corporate Governance Committee initiates a search by working with staff support, seeking input from board members and senior management and hiring a search firm, if necessary.

The Nominating & Corporate Governance Committee considers recommendations for nominees for directorships submitted by stockholders.

The initial slate of candidates that will satisfy specific criteria and otherwise qualify for membership on the Board of Directors are identified and presented to the Nominating & Corporate Governance Committee, which ranks the candidates.

The Chairman of the Board and at least one member of the Nominating & Corporate Governance Committee interviews prospective candidate(s).

The full Board of Directors is kept informed of progress.

The Nominating & Corporate Governance Committee offers other board members the opportunity to interview the candidate(s) and then meets to consider and approve the final candidate(s).

The Nominating & Corporate Governance Committee seeks the endorsement of the Board of Directors of the final candidate(s).

The final candidate(s) are nominated by the Board of Directors or elected to fill a vacancy.

Audit Committee Report

The Board of Directors appointed the undersigned directors as members of the committee and adopted a written charter setting forth the procedures and responsibilities of the committee. Each year, the committee reviews the charter and reports to the Board on its adequacy in light of applicable NYSE rules. In addition, the Company furnishes an annual written affirmation to the NYSE relating to Audit Committee membership, the independence and financial management expertise of the Audit Committee and the adequacy of the committee charter.

During the last year, and earlier this year in preparation for the filing with the SEC of the Company's Annual Report on Form 10-K for the year ended December 31, 2005 (the "10-K"), the committee:

reviewed and discussed the audited financial statements with management and the Company's independent auditors;

reviewed the overall scope and plans for the audit and the results of the independent auditors' examinations;

met with management periodically during the year to consider the adequacy of the Company's internal controls and the quality of its financial reporting and discussed these matters with the Company's independent auditors and with appropriate Company financial personnel, including the Audit and Compliance officer;

discussed with the Company's senior management, independent auditors and the Audit and Compliance officer the process used for the Company's chief executive officer and chief financial officer to make the certifications required by the SEC and the Sarbanes-Oxley Act of 2002 in connection with the 10-K and other periodic filings with the SEC;

reviewed and discussed with the independent auditors (1) their judgments as to the quality (and not just the acceptability) of the Company's accounting policies, (2) the written communication required by Independence Standards Board Standard No. 1, "Independence Discussions with Audit Committees" and the independence of the independent auditors, and (3) the matters required to be discussed with the committee under auditing standards generally accepted in the United States, including Statement on Auditing Standards No. 61, "Communication with Audit Committees";

based on these reviews and discussions, as well as private discussions with the independent auditors and the Company's Audit and Compliance officer, recommended to the Board of Directors the inclusion of the audited financial statements of the Company and its subsidiaries in the 10-K; and

determined that the non-audit services provided to the Company by the independent auditors (discussed below under the Proposal to Ratify the Selection of Independent Auditors (Proposal 2)) are compatible with maintaining the independence of the independent auditors. The committee's pre-approval policies and procedures are discussed below under Proposal 2.

Notwithstanding the foregoing actions and the responsibilities set forth in the committee charter, the charter clarifies that it is not the duty of the committee to plan or conduct audits or to determine that the Company's financial statements are complete and accurate and in accordance with generally accepted accounting principles. Management is responsible for the Company's financial reporting process including its system of internal controls, and for the preparation of consolidated financial statements in accordance with accounting principles generally accepted in the United States. The independent auditors are responsible for expressing an opinion on those financial statements, on management's assessment of internal control over financial reporting and on the effectiveness of internal control over

financial reporting. Committee members are not employees of the Company or accountants or auditors by profession or experts in the fields of accounting or auditing. Therefore, the committee has relied, without independent verification, on management's representation that the financial statements have been prepared with integrity and objectivity and in conformity with accounting principles generally accepted in the United States, that the Company's internal controls over financial reporting were effective as of December 31, 2005 and on the representations of the independent auditors included in their report on the Company's financial statements.

The committee met regularly with management and the independent and internal auditors, including private discussions with the independent auditors and the Company's internal auditors and received the communications

described above. The committee has also established procedures for (a) the receipt, retention and treatment of complaints received by the Company regarding accounting, internal accounting controls or auditing matters, and (b) the confidential, anonymous submission by the Company's employees of concerns regarding questionable accounting or auditing matters. However, this oversight does not provide us with an independent basis to determine that management has maintained appropriate accounting and financial reporting principles or policies, or appropriate internal controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations. Furthermore, our considerations and discussions with management and the independent auditors do not assure that the Company's financial statements are presented in accordance with generally accepted accounting principles or that the audit of the Company's financial statements has been carried out in accordance with generally accepted auditing standards.

The information contained in this report shall not be deemed to be soliciting material or to be filed with the Securities and Exchange Commission, nor shall such information be incorporated by reference into any future filings with the Securities and Exchange Commission, or subject to the liabilities of Section 18 of the Exchange Act, except to the extent that the Company specifically incorporates it by reference into a document filed under the Securities Act of 1933, as amended, or the Exchange Act.

Compensation Committee Report on Executive Compensation

The Compensation Committee of the Board of Directors consists of three directors who are not employees of the Company. The Committee reviews the Company's executive compensation program and policies each year and determines the compensation of the executive officers.

The Compensation Committee's philosophy regarding the Company's executive compensation program has been to design a compensation package that provides competitive salary levels and compensation incentives that (i) attract and retain individuals of outstanding ability in these key positions, (ii) recognize individual performance relative to established goals and the performance of the Company relative to the performance of other companies of comparable size, complexity and quality and against budgeted goals, and (iii) support both the short-term and long-term strategic goals of the Company. The Compensation Committee believes this approach closely links the compensation of the Company's executives to the execution of the Company's strategy and the accomplishment of company goals that coincide with stockholder objectives.

The Company's executive compensation program is administered by the Compensation Committee of the Board of Directors. The Compensation Committee establishes specific compensation levels for executive officers and other key personnel and administers the Company's 2001 Equity Participation Plan and Deferred Compensation Plan. The Committee considers the anticipated tax treatment of the Company's executive compensation program.

The executive compensation program includes three primary elements that are performance oriented and, taken together, constitute a flexible and balanced method of establishing total compensation for the Company's executive officers. These elements are (i) base salary, (ii) annual bonus plan awards under the Annual Incentive Plan, and (iii) long-term incentive awards, including principally stock option grants, and more recently, restricted stock awards. In order to assist in its evaluation of each element of the Company's overall executive compensation program, the

Committee periodically obtains independent compensation surveys. The Committee engaged independent compensation consultants during 2005 to provide an update to the Committee concerning executive and director compensation trends and to address long-term equity compensation practices. The Committee takes these surveys and the factors noted below into consideration when making its decisions.

Table of Contents

Base Salaries. Executive officer base salaries, including Mr. Swanson's, are based on an evaluation that considers data from other similarly sized companies in businesses comparable to the Company's, the Company's and the executive's performance, the executive's potential, and any significant changes in the executive's responsibilities. The Compensation Committee considers all those factors together and makes a subjective determination with respect to executive compensation. Mr. Swanson's last salary increase was effective in the first quarter of 2005 when the Compensation Committee increased his base salary to \$430,000 from \$400,000.

The Annual Incentive Plan. Annual bonus awards are linked to the achievement of Company-wide and divisional performance goals and are designed to put a significant portion of total compensation at risk. Under the bonus plan, a bonus target is established for each executive officer based upon a review of the competitive data for that position, level of responsibility and ability to impact the Company's success. In 2005, individual executive officer bonus targets ranged from 40% to 60% of base salary. The actual amount of the bonus award can range from 0% to 200% of the targeted bonus and in 2005 was based exclusively on the Company's and/or divisional achievement of specified performance goals. For 2005, bonus targets for executive officers were based upon objectives set at the beginning of 2005 for earnings before interest, taxes, and depreciation (EBITDA) for the Company and/or for particular business divisions. In addition, a portion of the bonus potential was based on return on investment and other strategic goals and objectives outlined at the beginning of 2005, as determined appropriate for the executives' areas of responsibilities. Other strategic goals and objectives varied by group and included measures such as safety performance, growth through acquisitions, expansionary efforts and other goals that were determined to enhance shareholder value. The bonus target for Mr. Swanson was based upon a combination of various goals and objectives set for the Company and its various business lines. All executive officers, including Mr. Swanson, received bonuses for 2005 performance. However, the bonuses varied based upon Company and divisional achievement of the related goals and objectives. Certain of the Company's divisions exceeded their 2005 objectives, resulting in certain of the Company's officers receiving bonuses for 2005 in excess of target. On a consolidated basis, the Company overachieved its targets for 2005 and Mr. Swanson was paid a bonus in excess of the target level. Mr. Swanson was paid a bonus of \$496,957 which represented 196% of his bonus target. Other executives received bonuses above or below target depending upon achievement of performance objectives. For the top 14 executives, bonus payments totaled \$2,457,000 for 2005 performance compared to targets totaling \$1,420,350.

Stock Options and Restricted Stock Awards. The Company makes certain stock-based awards under the 2001 Equity Participation Plan to align better the interests of executive officers with those of stockholders. In determining appropriate stock grants, the Compensation Committee periodically reviews competitive market data and each executive's long-term performance, ability to contribute to the future success of the Company, history of prior grants, and time in the current job. The Company takes into account the risk of losing the executive to other employment opportunities and the value and potential for appreciation in the Company's stock. The Committee considers the foregoing factors together and makes a subjective determination with respect to awarding equity based compensation to its executive officers. Under the 2001 Equity Participation Plan, the Company has granted stock options, which vest over multiple years, at the fair market value of the common stock on the date of grant. The Committee has generally granted stock options in the past. However, it granted one restricted stock award to Mr. Swanson in 2001 and granted additional restricted stock awards in February 2005. During 2005, a total of 32,900 shares of restricted stock awards were awarded to 16 executives, including 6,000 shares of restricted stock awarded in connection with an acquisition. In addition, a total of 674,375 stock options were awarded to 72 executives in 2005. Non-management Board members each received a restricted stock award valued at \$75,000 (3,436 shares of stock) on May 18, 2005.

Table of Contents**Compensation Committee Interlocks and Insider Participation**

During 2005, the Company's compensation committee consisted of Messrs. Rosenthal, Papa and Wells, each of whom is an independent, non-employee director. There were no compensation committee interlock relationships or insider participation in compensation arrangements for the year ended December 31, 2005.

Director Compensation

Directors who are also our employees do not receive a retainer or fees for service on our Board of Directors or any committees. For the year ended December 31, 2005, directors who were not employees received an annual retainer of \$30,000 and fees of \$1,500 for attendance at each Board or committee meeting. In addition, each non-employee director who serves as the chairman of the Compensation Committee or the Nominating & Corporate Governance Committee receives an annual fee of \$10,000. The chairman of the Audit Committee receives an annual fee of \$15,000. Members of the Nominating and Corporate Governance Committee and the Compensation Committee, other than the Committee Chairmen, receive an additional annual retainer of \$5,000 and members of the Audit Committee, other than the Committee Chairman, receive an additional annual retainer of \$7,500. In May 2005, the Company's 2001 Equity Participation Plan was amended to allow equity awards to Directors on the same basis as employees. Under current guidelines, newly elected directors receive restricted stock awards of the Company's common stock valued at \$75,000 after their initial election. Directors receive additional restricted stock awards of the Company's common stock valued at \$75,000 at each annual meeting after which they continue to serve. The Directors' restricted stock awards vest on the next annual shareholders' meeting date. Prior to 2005, Directors received options to purchase shares of our common stock pursuant to the terms of the 2001 Equity Participation Plan. All of our directors are reimbursed for reasonable out-of-pocket expenses incurred in attending meetings of our Board of Directors or committees and for other reasonable expenses related to the performance of their duties as directors.

* Relates to the Oil States International, Inc. 2001 Equity Participation Plan, as amended and restated. This plan has shares authorized for issuance thereunder totaling 7,700,000.

** The Company does not have any equity compensation plans not approved by the stockholders.

2001 Equity Participation Plan

We have adopted an Equity Participation Plan, as amended and restated. The plan provides for the grant of any combination of:

stock options, which include both incentive stock options and nonqualified stock options;

restricted stock;

performance awards;

dividend equivalents;

deferred stock; and

stock payments.

The purpose of the plan is to strengthen our ability to attract, motivate and retain directors and employees. The principal features of the plan are described below.

Reservation of Shares. We have reserved 7,700,000 shares of common stock for issuance under the plan. The shares available under the plan may be either previously unissued shares or treasury shares. In the event of stock splits, reorganizations, recapitalizations or other specified corporate transactions affecting us or our common stock, proportionate adjustments may be made to the number of shares available for grant under the plan, the applicable maximum share limitations under the plan, and the number of shares and prices under outstanding awards at the time of the event. If any portion of an award expires, lapses or is canceled without being fully exercised, the shares which were subject to the unexercised portion of the award will continue to be available for issuance under the plan. The maximum number of shares which may be subject to options, restricted stock or deferred stock granted under the plan to any individual in any calendar year is 400,000. The maximum value of any performance awards which may be granted under the plan to any individual in any calendar year is \$2,500,000. As of December 31, 2005, options to purchase 2,694,361 shares at a weighted average exercise price of \$13.65 per share and awards covering an aggregate of 156,952 shares of restricted stock were outstanding (of which 100,000 shares were then vested and 56,952 shares were then subject to forfeiture restrictions).

Administration. The plan is administered by the Compensation Committee. Subject to limitations, the Compensation Committee has the authority to determine:

the persons to whom awards are granted,

the types of awards to be granted,

Table of Contents

- the time at which awards will be granted,
- the number of shares, units or other rights subject to each award,
- the exercise, base or purchase price of an award, if any,
- the time or times at which the award will become vested, exercisable or payable, and
- the duration of the award.

The Compensation Committee also has the power to interpret the plan and make factual determinations and may provide for the acceleration of the vesting or exercise period of an award at any time prior to its termination or upon the occurrence of specified events.

Change of Control. Unless otherwise provided in a particular award agreement, in the event of a change of control, as defined in the plan:

- all outstanding awards automatically will become fully vested immediately prior to the change of control, or at an earlier time set by the committee;
- all restrictions, if any, with respect to all outstanding awards will lapse; and
- all performance criteria, if any, with respect to all outstanding awards will be deemed to have been met at their target level.

Amendment. Stockholder approval is required to amend the plan to increase the number of shares as to which awards may be granted, except for adjustments resulting from stock splits and the like. At the 2005 annual meeting of stockholders, the stockholders of the Company approved the amendment and restatement of the plan to increase the number of shares that may be issued under the plan from 5,700,000 to 7,700,000. The Compensation Committee can amend, modify, suspend or terminate the plan in all other respects, unless the action would otherwise require stockholder approval. Amendments of the plan will not, without the consent of the participant, materially affect a participant's rights under an award previously granted, unless the award itself otherwise expressly so provides. The plan expires in 2011.

Deferred Compensation Plan

We have a nonqualified deferred compensation plan that permits our directors and selected key employees to elect to defer all or a part of their cash compensation from us until the termination of their status as a director or employee. The plan is administered by the Compensation Committee. Participating employees are eligible to receive from us a matching deferral under the nonqualified deferred compensation plan that compensates them for contributions they could not receive from us under our 401(k) plan due to the various limits imposed on 401(k) plans by the U.S. federal income tax laws.

Participants in our nonqualified deferred compensation plan are able to invest contributions made to the nonqualified deferred compensation plan in investment funds selected by the Compensation Committee. We have established a grantor trust to hold the amounts deferred under the plan by our officers and directors. All amounts deferred under the plan remain subject to the claims of our creditors.

Each participant will receive, at the participant's election, a lump sum distribution or installment payments only upon termination of the participant's service with us and our affiliates. The Compensation Committee may, however, approve in-service withdrawals by participants to cover an unforeseen financial emergency of the participant.

Annual Incentive Compensation Plan

We have an annual incentive compensation plan effective which is administered by the Compensation Committee and is available to our executive officers and key members of management. Awards under the plan are based on meeting annual goals and objectives relating to our performance or, in some cases, to the performance of a particular business segment or individual performance. The plan is flexible and provides the Compensation Committee the discretion to set goals and objectives that it believes are consistent with creating shareholder value including financial measures, operating objectives, safety goals, growth goals and other measures. The performance

Table of Contents

standards for our executive officers in past years have been heavily weighted on earnings before interest, taxes, depreciation and amortization (EBITDA) for our Company or a particular business segment.

Indemnification Agreements

We have entered into indemnification agreements with each of our directors and executive officers, including the named executive officers. Those agreements require us to indemnify the directors and officers and to advance expenses in connection with certain claims against directors and officers. The indemnification provisions contained in these agreements are in some respects broader than the specific indemnification provisions contained in the Delaware General Corporation Law. We expect to enter into similar agreements with persons selected to be directors and executive officers in the future.

Executive Agreements

The Company maintains executive agreements with six executive officers including each of the named executives in this proxy statement. These agreements provide protection in the event of a qualified termination, which is defined as an involuntary termination of the executive officer by us other than for cause or a voluntary termination by the executive for good reason after a change of control of our company. If the qualified termination occurs during the 24-month period following a change of control, the agreements provide for a lump sum payment to the executive officer based on the executive officer's base salary and target annual bonus amount. In addition, with respect to such a qualified termination, the agreements provide that all restricted stock awards will become vested, that all restrictions on such awards will lapse and that outstanding stock options will vest and, except for incentive stock options granted prior to the completion of our initial public offering, remain exercisable for the remainder of their terms. The executive officer will also be entitled to health benefits, vesting of all deferred compensation amounts, outplacement services and to be made whole for any excise taxes incurred with respect to severance payments that are excess parachute payments under the Internal Revenue Code. If a qualified termination occurs other than during the 24-month period following a change of control, the executive agreements provide for payments based on the executive officer's base salary and target annual bonus amount, that all restrictions on restricted stock awards will lapse and for continued health benefits.

The executive agreements have an initial term of three years and will be extended automatically for one additional day on a daily basis for a maximum additional period of three years, unless notice of non-extension is given, in which case the agreement will terminate on the third anniversary of the date notice is given. To receive benefits under the executive agreement, the executive officer will be required to execute a release of certain employment-related claims against us. Certain terms of the executive agreements are summarized below.

Douglas E. Swanson. Under the terms of Mr. Swanson's executive agreement, he will be entitled to receive a lump sum payment equal to three times his base salary and target annual bonus amount if a qualified termination occurs during the 24-month period following a change of control. If a qualified termination occurs other than during the 24-month period following a change of control, Mr. Swanson will be entitled to receive a lump sum payment equal to two times his base salary and target annual bonus amount. In addition, the non-vested portion of Mr. Swanson's restricted stock awards will vest upon Mr. Swanson's death, if there is a change in control of our company or if Mr. Swanson's employment is terminated for a reason that entitles him to receive benefits under any of our long term disability plans or if Mr. Swanson experiences a qualified termination in the absence of a change of control.

Cindy B. Taylor. Under the terms of Ms. Taylor's executive agreement, she will be entitled to receive a lump sum payment equal to two and a half times her base salary and target annual bonus amount if a qualified termination occurs during the 24-month period following a change of control. If a qualified termination occurs other than during the 24-month period following a change of control, Ms. Taylor will be entitled to receive a lump sum payment equal

to one and a half times her base salary and target annual bonus amount.

All Other Named Executive Officers. Under the terms of each other named executive officer's executive agreement, the named executive officer will be entitled to receive a lump sum payment equal to two times his base salary and target annual bonus amount if a qualified termination occurs during the 24-month period following a change of control. If a qualified termination occurs other than during the 24-month period following a change of control, the executive officer will be entitled to receive a lump sum payment equal to his base salary and target annual bonus amount.

RELATED PARTY TRANSACTIONS

Registration Rights

We have entered into an amended and restated registration rights agreement as further amended, with SCF and other stockholders of Oil States. This agreement gives SCF the right, on five occasions, to demand that we register all or any portion of their shares of our common stock for sale under the Securities Act. The shares to be included in any demand registration by SCF must have an estimated aggregate gross offering price of at least \$50.0 million. Further, if we propose to register any of our common stock under the Securities Act, except for shares of common stock issued in connection with acquisitions and benefits plans, or if SCF exercises a demand, the other holders of registration rights under the registration rights agreement will have the right to include their shares of common stock in the registration, subject to limitations. To date, one of the five demand registration rights has been utilized as discussed below.

The agreement provides customary registration procedures. We have agreed to pay all costs and expenses, other than fees, discounts and commissions of underwriters, brokers and dealers and capital gains, income and transfer taxes, if any, related to the registration and sale of shares of our common stock by any holder of registration rights under the registration rights agreement in any registered offering. The demand rights held by SCF terminate in February 2011.

The registration rights agreement contains customary indemnification and contribution provisions by us for the benefit of the selling stockholders and any underwriters. Each selling stockholder has agreed to indemnify us and any underwriter solely with respect to information provided by the stockholder, with such indemnification being limited to the net proceeds from the offering received by the stockholder.

In May 2002, pursuant to a registration demand, we filed a registration statement with the Securities and Exchange Commission relating to the sale of certain of our shares by SCF-III, L.P. and SCF-IV, L.P. On February 20, 2003, SCF-III, L.P. and SCF-IV, L.P. completed the sale of 7,000,000 shares of our common stock pursuant to an underwritten offering registered under the Securities Act of 1933, as amended, pursuant to such registration statement for a total of \$72,954,000. On February 25, 2003, the underwriters involved in the offering exercised the option granted to them by SCF-III, L.P. and SCF-IV, L.P. to purchase an additional 1,050,000 shares of our common stock for a total of \$10,943,100. Pursuant to the registration rights agreement, discussed above, we paid costs and expenses of approximately \$544,000 related to this offering. We received no proceeds from the offering or the exercise of the underwriter's option.

PROPOSAL 2:

RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITORS

Pursuant to the recommendation of the Audit Committee, the Board of Directors appointed Ernst & Young LLP, independent public accountants, to audit the consolidated financial statements of the Company for the year ending December 31, 2006. Ernst & Young LLP has audited the Company's consolidated financial statements since May 2000. In the event the appointment is not ratified, the Board of Directors will consider the appointment of other independent auditors. Fees paid to Ernst & Young LLP during the past two fiscal years were as follows:

Audit Fees. Fees for professional services provided for the years ended December 31, 2005 and 2004, were \$2,086,000 and \$1,742,000, respectively. Audit fees consist primarily of the audit and quarterly reviews of the consolidated financial statements, the audit of internal controls over financial reporting, audits of subsidiaries, statutory audits of subsidiaries required by governmental or regulatory bodies, attestation services required by statute or regulation, comfort letters, consents, assistance with and review of documents filed with the SEC, work performed by tax professionals in connection with the audit and quarterly reviews, and accounting and financial reporting consultations and research work necessary to comply with generally accepted auditing standards. Audit fees for the year ended December 31, 2005 included nonrecurring charges of \$211,000 related to work performed in connection with the issuance of Contingent Convertible Notes by the Company.

Audit-Related Fees. Fees for professional services provided during the years ended December 31, 2005 and 2004, were \$316,000 and \$27,000, respectively. Audit-related fees consist primarily of attestation services not required by statute or regulation. Audit related fees for the year ended December 31, 2005 included nonrecurring charges of \$310,000 related to the separate audit of the Company's hydraulic workover business.

Tax Fees. Fees for professional services provided during the years ended December 31, 2005 and 2004, were \$148,000 and \$231,000, respectively. Tax fees include professional services provided for tax compliance, tax advice, and tax planning, except those rendered in connection with the audit.

All Other Fees. None.

The charter of the Audit Committee provides that the Audit Committee is responsible for the pre-approval of all auditing services and permitted non-audit services to be performed for the Company by the independent auditors in order to ensure that the provision of such services does not impair the independent auditor's independence. The Audit Committee has adopted the Audit Committee Pre-Approval Policy, effective as of February 23, 2005, pursuant to which the Audit Committee has granted general pre-approval of the specified audit, audit-related, tax and other services for a period of 12 months from the date of such pre-approval. The pre-approval policy provides that the Audit

Committee must be promptly informed of the provision of any pre-approved services. Services to be provided by the independent auditor that have not received general pre-approval as set forth in the pre-approval policy require specific pre-approval by the Audit Committee and must be submitted to the Audit Committee by the Chief Financial Officer or the Vice President-Finance and Accounting. Any such submission must include a statement as to whether, in such officer's view, the request or application is consistent with maintaining the independence of the independent auditor in accordance with the SEC's rules on auditor independence. All services rendered by Ernst & Young LLP in 2005 were subject to the applicable current pre-approval policy.
