Dear Shareholder:

We cordially invite you to attend the Annual Meeting of Shareholders, which will be held on June 11, 2003 at 10:00 a.m., at The Minneapolis Convention Center, 1301 Second Avenue South, Minneapolis, Minnesota.

Details regarding admission to the meeting and the business to be conducted are more fully described in the accompanying Notice of Annual Meeting and Proxy Statement. I will report on current operations and discuss our future plans. We also will provide time for your questions and comments.

The attendance of our shareholders at annual meetings over the years has been very helpful in maintaining good communications and understanding. We sincerely hope you will be able to be with us. If you are a registered shareholder, your admission ticket to the Annual Meeting is attached to the proxy card. You will not receive an admission ticket if a bank or broker holds your shares. In that case, please come to the meeting and present proof of ownership of our stock at the registration table. You may be asked to provide a photo identification, such as a driver's license.

Your vote is important. Even if you do not attend the Annual Meeting, I hope you will vote as soon as possible. We encourage you to vote electronically over the Internet, by telephone or by mailing a traditional proxy card. Voting over the Internet, by telephone, or by written proxy will ensure your representation at the Annual Meeting if you do not attend in person. Please review the instructions on the proxy card regarding each of these voting options.

We appreciate your continued support.

Cordially,

Wayne H. Brunetti

**PROXY STATEMENT FOR ANNUAL MEETING OF SHAREHOLDERS
TO BE HELD ON JUNE 11, 2003**

QUESTIONS AND ANSWERS ABOUT THE PROXY MATERIALS AND THE ANNUAL MEETING

Q: WHY AM I RECEIVING THESE MATERIALS?

A: The Board of Directors of Xcel Energy Inc. is providing these proxy materials to you in connection with the solicitation by the Board of proxies to be voted at Xcel Energy's Annual Meeting of Shareholders that will take place on June 11, 2003. You are requested to vote on the proposals described in this proxy statement.

Q: WHAT INFORMATION IS CONTAINED IN THESE MATERIALS?

A: The information included in this proxy statement relates to the proposals to be voted on at the meeting, the voting process, the compensation of directors and our most highly paid officers, and certain other required information. Our 2002 Annual Report is enclosed in this mailing and also is available via the Internet at www.xcelenergy.com.

Q: WHAT PROPOSALS WILL BE VOTED ON AT THE MEETING?

A: There are two proposals scheduled to be voted on at the meeting: The election of four directors to Class II, and, if properly presented at the meeting, a shareholder proposal relating to the annual election of all directors.

Q: WHAT ARE XCEL ENERGY'S VOTING RECOMMENDATIONS?

A: Our Board recommends that you vote your shares as follows:

FOR each of the nominees to the Board; and

AGAINST the shareholder proposal

Q: WHAT SHARES CAN I VOTE?

A: All shares of our common and preferred stock owned by you as of April 17, 2003, the RECORD DATE, may be voted by you. These shares include those (1) held directly in your name as the SHAREHOLDER OF RECORD and (2) held for you as the BENEFICIAL OWNER through a stockbroker, bank, or other nominee.

Q: WHAT IS THE DIFFERENCE BETWEEN HOLDING SHARES AS A SHAREHOLDER OF RECORD AND AS A BENEFICIAL OWNER?

A: Many Xcel Energy shareholders hold their shares through a stockbroker, bank, or other nominee rather than directly in their own name. As summarized below, there are some distinctions between shares held of record and those owned beneficially:

SHAREHOLDER OF RECORD. If your shares are registered directly in your name with Xcel Energy's transfer agent, Wells Fargo Shareholder Services, you are considered, with respect to those shares, the shareholder of record and these proxy materials are being sent directly to you by Xcel Energy. As the shareholder of record, you have the right to grant your voting proxy directly to Xcel Energy (by Internet, by telephone or by mail) or to vote in person at the meeting. Xcel Energy has enclosed a proxy card for you to use.

Edgar Filing: XCEL ENERGY INC - Form DEF 14A

BENEFICIAL OWNER. If your shares are held in a stock brokerage account or by a bank or other nominee, you are considered the beneficial owner of shares held in street name and

1

these proxy materials are being forwarded to you by your broker or nominee who is considered, with respect to those shares, the shareholder of record. As the beneficial owner, you have the right to direct your broker on how to vote and are also invited to attend the meeting. If you wish to vote your shares in person, you must provide us with a legal proxy from your broker.

Q: HOW CAN I VOTE MY SHARES?

A: Whether you hold shares directly as the shareholder of record or beneficially in street name, you may vote by granting a proxy or, for shares held in street name, by submitting voting instructions to your broker or nominee. In most instances, you will be able to do this over the Internet, by telephone, or by mail. Please refer to the summary instructions and those included on your proxy card or, for shares held in street name, the voting instruction card included by your broker or nominee.

BY INTERNET If you have Internet access, you may submit your proxy from any location in the world by following the **Vote by Internet** instructions on the proxy card.

BY TELEPHONE If you live in the United States, you may submit your proxy by following the **Vote by Phone** instructions on the proxy card.

BY MAIL You may do this by signing your proxy card or, for shares held in street name, the voting instruction card included by your broker or nominee and mailing it in the enclosed, postage prepaid and addressed envelope. If you provide specific voting instructions, your shares will be voted as you instruct. If you sign your proxy card, but do not provide instructions, your shares will be voted as described in **HOW ARE VOTES COUNTED?**

We encourage you to vote by internet or by phone.

Q: CAN I CHANGE MY VOTE?

A: If you change your mind after voting your proxy, you can revoke your proxy and change your proxy instructions prior to 11:59 p.m. on June 10, 2003. You can revoke your proxy by either signing another proxy with a later date, voting a second time by telephone or by the Internet, or voting again at the meeting. Alternatively, you may provide a written statement to the Company (attention: Cathy J. Hart, Secretary) of your intention to revoke your proxy.

Q: HOW ARE VOTES COUNTED?

A: In the election of directors, you may vote **FOR** all of the nominees or your vote may be **WITHHELD** with respect to one or more of the nominees. For the other proposal, you may vote **FOR**, **AGAINST**, **OR ABSTAIN**. If you **ABSTAIN**, it has the same effect as a vote **AGAINST**. If you sign your proxy card or broker voting instruction card with no further instructions, your shares will be voted in accordance with the recommendations of the Board. However, if you are a participant in one of our employee savings or stock ownership plans, your proxy card is a voting directive for shares allocated to your account. The trustee will vote the shares as instructed by you in your voting directive. If you do not return your voting directive, the trustee will vote your allocated shares, along with all unallocated shares held, in the same proportion that all other allocated shares are voted.

If you are a participant in our Direct Purchase Plan, your proxy form will include the shares held on your behalf under the Direct Purchase Plan and the shares will be voted in accordance with your proxy vote. If you do not vote your proxy, your shares in the Direct Purchase Plan will not be voted.

Q: WHAT IS THE VOTING REQUIREMENT TO APPROVE EACH OF THE PROPOSALS?

A: The nominees for election as directors at the Annual Meeting will be elected by a plurality of the votes of the shares present in person and/or represented by proxy at the meeting. For the

election of directors, you are entitled to cumulatively vote your shares as described more specifically under the caption PROPOSAL NO. 1 ELECTION OF DIRECTORS . All other proposals require the affirmative FOR vote of a majority of the voting power of the shares present and entitled to vote. If you are a beneficial owner and do not provide the shareholder of record with voting instructions, your shares may constitute broker nonvotes, as described in WHAT IS THE QUORUM REQUIREMENT FOR THE MEETING? below. In tabulating the voting result for any particular proposal, abstentions from voting are treated as votes against while shares that constitute broker nonvotes are not considered entitled to vote on that proposal.

Q: WHAT DOES IT MEAN IF I RECEIVE MORE THAN ONE PROXY OR VOTING INSTRUCTION CARD?

A: It means your shares are registered differently or are in more than one account. Please provide voting instructions for all proxy and voting instruction cards you receive.

Q: HOW CAN I OBTAIN AN ADMISSION TICKET FOR THE MEETING?

A: If you are a registered shareholder, the admission ticket is attached to the enclosed proxy form. You will not receive an admission ticket if a bank or a broker holds your shares. In that case, please come to the meeting and present proof of ownership of our stock at the registration table. A photo identification, such as a driver's license, may also be requested.

Q: WHERE CAN I FIND THE VOTING RESULTS OF THE MEETING?

A: We will announce preliminary voting results at the meeting.

Q: WHAT CLASSES OF SHARES ARE ENTITLED TO BE VOTED?

A: If you owned shares of our common or preferred stock at the close of business on April 17, 2003, the RECORD DATE, you are entitled to vote at the Annual Meeting. Each share of our common stock is entitled to one vote at the Annual Meeting. On April 17, 2003, there were 398,714,039 shares of common stock issued and outstanding. Of these, 398,081,315 were eligible to vote. If you owned preferred stock (other than the \$3.60 Series), you are entitled to one vote per share of such preferred stock upon each matter presented at the Annual Meeting. On April 17, 2003, we had 774,800 shares of our preferred stock (other than the \$3.60 Series) outstanding. If you owned shares of our \$3.60 Series preferred stock, you are entitled to three votes per share of such \$3.60 Series preferred stock upon each matter presented at the Annual Meeting. On April 17, 2003, we had 275,000 shares of our \$3.60 Series preferred stock outstanding. Other than as described in the next sentence, no person holds of record or, to our knowledge, beneficially owns more than 5% of any class of our outstanding voting securities. Based on information reported in a Schedule 13G filed on February 13, 2003, Capital Research and Management Company, 333 South Hope Street, Los Angeles, California 90071, is deemed to beneficially own 35,174,500 shares of our common stock, representing approximately 8.8% of our outstanding common stock as a result of acting as investment adviser to various investment companies. Included among these shares are 379,500 shares resulting from the assumed conversion of NRG Energy Corporate Units.

Q: WHAT IS THE QUORUM REQUIREMENT FOR THE MEETING?

A: The quorum requirement for holding the meeting and transacting business is a majority of the voting power of the shares of common stock and cumulative preferred stock issued, outstanding and entitled to vote at a meeting. The shares may be present in person or represented by proxy at the meeting. Both abstentions and broker nonvotes are counted for the purpose of determining the presence of a quorum. Generally, broker nonvotes occur when shares held by a broker for a beneficial owner are not voted with respect to a particular proposal because (1) the broker has not received voting instructions from the beneficial owner and (2) the broker lacks discretionary voting power to vote such shares.

Q: WHO WILL COUNT THE VOTE?

A: Representatives of ADP Investor Communication Services will tabulate the votes and act as the inspectors of election.

Q: WHO WILL BEAR THE COST OF SOLICITING VOTES FOR THE MEETING?

A: Xcel Energy will pay the entire cost of preparing, assembling, printing, mailing, and distributing these proxy materials, except that certain expenses for Internet access will be incurred by you if you choose to access the proxy materials and/or vote over the Internet. In addition to the mailing of these proxy materials, the solicitation of proxies or votes may be made in person, by telephone, or by electronic communication by our directors, officers, and employees, who will not receive any additional compensation for these solicitation activities. We also have hired Georgeson Shareholder Communications, Inc. to assist us in the distribution of proxy materials and the solicitation of votes. We will pay Georgeson Shareholder Communications, Inc. a fee of \$6,000 for these services. We will also reimburse brokerage houses and other custodians, nominees, and fiduciaries for their reasonable out-of-pocket expenses for forwarding proxy and solicitation materials to beneficial owners of stock.

Q: DOES XCEL ENERGY OFFER SHAREHOLDERS ELECTRONIC DELIVERY OF PROXY MATERIALS?

A: Yes. Xcel Energy offers shareholders the option to receive the Annual Report to Shareholders and Proxy Statement electronically, instead of receiving paper copies of these documents in the mail. You must consent to do so prior to the record date for the annual meeting.

To provide your consent for electronic delivery, please go to www.xcelenergy.com and click on Investor Information. Then look for electronic delivery. As soon as the Annual Report to Shareholders and Proxy are available, electronic delivery participants will receive an e-mail with a link to the information and a control number to use to vote online.

Q: WHAT HAPPENS IF ADDITIONAL PROPOSALS ARE PRESENTED AT THE MEETING?

A: Other than the proposals described in this proxy statement, we do not expect any matters to be presented for a vote at the Annual Meeting. If you grant a proxy, the persons named as proxy holders, Richard C. Kelly, Gary R. Johnson, Cathy J. Hart or any of them, will have the discretion to vote your shares on any additional matters properly presented for a vote at the meeting. If for any unforeseen reason any of our nominees is not available as a candidate for director, the persons named as proxy holders will vote your proxy for such other candidate or candidates as may be nominated by the Board.

Q: MAY I PROPOSE ACTIONS FOR CONSIDERATION AT NEXT YEAR'S ANNUAL MEETING OF SHAREHOLDERS OR NOMINATE INDIVIDUALS TO SERVE AS DIRECTORS?

A: You may submit proposals for consideration at future shareholder meetings as follows:

To Be Included in the Proxy Statement. Unless we indicate otherwise at a later date, in order for a shareholder proposal to be considered for inclusion in Xcel Energy's proxy statement for next year's Annual Meeting, the written proposal must be *received* by the Secretary no later than 5:00 p.m. Central Time on January 2, 2004. These proposals must be in writing and sent to: Cathy J. Hart, Secretary, Xcel Energy Inc., 800 Nicollet Mall, 30th Floor, Minneapolis, Minnesota 55402. These proposals also will need to comply with Securities and Exchange Commission regulations regarding the inclusion of shareholder proposals in Company-sponsored proxy materials.

To Be Raised from the Floor. Similarly, unless we indicate otherwise at a later date, in order for a shareholder proposal to be raised from the floor during next year's Annual Meeting, the shareholder's written notice must be *received* by the Secretary between January 31, 2004, and March 17, 2004, and must contain certain information as required

under our Bylaws. You may contact the Secretary at our headquarters for a copy of the relevant provisions of our Bylaws regarding the requirements for making shareholder proposals. Please note that these requirements relate only to matters a shareholder wishes to bring before the Annual Meeting. They do not apply to proposals that a shareholder wishes to have included in our proxy statement.

Corporate Governance

The Board of Directors of Xcel Energy Inc. has long had in place good standards of corporate governance. In 2000, when Xcel Energy was formed through the merger of Northern States Power and New Century Energies, the Board adopted a Code of Conduct applicable to all directors, officers and employees. At that time, the Board also adopted Guidelines for Corporate Governance that outline the responsibilities of the Board, as well as qualifications for directors to serve on the Board.

The Board of Directors of Xcel Energy Inc. is composed of 12 directors, 11 of whom are independent. The Chairman, President and Chief Executive Officer is the only member of management serving as a director. All members of the four committees—Audit, Finance, Compensation and Nominating, and Operations and Nuclear—are composed of independent directors who are nominated and approved by the Board each year. The roles and responsibilities of these committees are defined in the committee charters adopted by the Board and provide for oversight of executive management. The Board has reviewed and will continue to evaluate its role and responsibilities with respect to the new legislative and other governance requirements of the New York Stock Exchange. The committee responsibilities are reviewed regularly and are outlined in this proxy statement and are available on the Company's website.

In an effort to strengthen independent oversight of management and to provide for more open communication, the Board has appointed the chairpersons of each committee to serve in the role of lead director on a monthly rotational basis. The non-management lead director chairs executive sessions of the Board in the absence of management on a regular basis. Furthermore, the Board works with management to determine the strategic direction for the Company and establishes the personal performance objectives for the CEO and management on an annual basis.

The Compensation and Nominating Committee has responsibility for corporate governance, as is noted in its charter. In addition, the Compensation and Nominating Committee, with the concurrence of the full Board, establishes the personal performance objectives for the CEO and executive management. The Compensation and Nominating Committee conducts an annual evaluation of the CEO's performance and determines executive compensation based upon achieving established goals. The Compensation and Nominating Committee retains an independent consultant to provide competitive compensation analyses. The Compensation and Nominating Committee did not award annual incentives to executive management for 2002. Additionally, base compensation rates remain unchanged from 2002. The Audit Committee of the Board has responsibility for the appointment, compensation and oversight of the independent auditors of the Company. In accordance with the Sarbanes-Oxley Act requirements, the Audit Committee has appointed the independent auditors of the Company. It will continue to review its charter to ensure compliance with new legislative requirements. The duties and responsibilities of all the Board committees are outlined in this proxy.

All of our corporate governance material is available for public viewing on the Xcel Energy web site at www.xcelenergy.com.

BOARD STRUCTURE AND COMPENSATION

Our Board currently consists of twelve directors.

The Board had the following four Committees during 2002: Audit, Finance, Compensation and Nominating, and Operations and Nuclear. The membership during 2002 and the function of each

Committee are described below. During 2002, the Board met 21 times and various Committees of the Board met as indicated below. Each director attended at least 75% of the meetings of the Board and Committees on which such director served during 2002.

Audit Committee

Members: Roger R. Hemminghaus (Chair), Albert F. Moreno, Margaret R. Preska, Allan L. Schuman, and Rodney E. Slifer.

Number of meetings in 2002: 7

Function:

Oversees our financial reporting process, compliance with legal and regulatory requirements, and the independence and performance of internal and external auditors;

Reviews the audited financial statements with management;

Appoints independent auditors;

Reviews with the independent auditors the scope and the planning of the annual audit; and

Reviews findings and recommendations of the independent auditors and management's response to the recommendations of the independent auditors.

The Audit Committee operates under a written Charter adopted by our Board of Directors. The Charter will be reviewed and amended, as necessary, to comply with the requirements of the Sarbanes-Oxley Act and the New York Stock Exchange.

Finance Committee

Members: Douglas W. Leatherdale (Chair), C. Coney Burgess, A. Barry Hirschfeld, Margaret R. Preska, Allan L. Schuman, and W. Thomas Stephens.

Number of meetings in 2002: 4

Function:

Oversees corporate capital structure and budgets;

Oversees financial plans and dividend policies;

Recommends dividends;

Oversees insurance coverage and banking relationships;

Oversees investor relations;

Oversees risk management; and

Oversees dedicated funds, including ERISA plans and nuclear decommissioning fund.

Compensation and Nominating Committee

Members: W. Thomas Stephens (Chair), C. Coney Burgess, David A. Christensen, A. Barry Hirschfeld, Douglas W. Leatherdale, and A. Patricia Sampson.

Number of meetings in 2002: 4

Function:

Determines Board organization, selects director nominees and sets director compensation;

Evaluates performance of CEO and senior officers;

Recommends executive compensation incentives and other benefits to the Board;

Establishes corporate governance procedures; and

Reviews corporate structure and policies with respect to human resource policies, corporate ethics, and long range planning and strategy.

Any shareholder may make recommendations to the Compensation and Nominating Committee for membership on the Board by sending a written statement of the qualifications of the recommended individual to the Secretary of the Company at 800 Nicollet Mall, Suite 3000, Minneapolis, Minnesota 55402-2023.

Operations and Nuclear Committee

Members: David A. Christensen (Chair), Roger R. Hemminghaus, Albert F. Moreno, A. Patricia Sampson, and Rodney E. Slifer.

Number of meetings in 2002: 3

Function:

Oversees nuclear and non-nuclear operations, electric and gas delivery and retail service operations;

Reviews environmental compliance;

Reviews safety and operations performance; and

Reviews operational decisions and plans related to performance.

Directors Compensation

The following table provides information on our compensation and reimbursement practices during 2002 for nonemployee directors. The director who is employed by Xcel Energy, Mr. Wayne Brunetti, does not receive any compensation for his Board activities.

Directors Compensation for 2002

Annual Director Retainer	\$ 33,600
Board Meeting Attendance Fees (per meeting)	\$ 1,200
Telephonic Meeting Attendance Fees (per meeting)	\$ 500
Committee Meeting Attendance Fees (per meeting)	\$ 1,200
Additional Retainer for Committee Chair (Compensation & Nominating Committee and Operations & Nuclear Committee)	\$ 3,000
Additional Retainer for Audit Committee(1)	\$ 4,250
Additional Retainer for Finance Committee(2)	\$ 3,834
Stock Equivalent Units	\$ 52,800

(1) Audit Committee chair s annual retainer was increased from \$3,000 to \$6,000 effective August 2002.

(2) Finance Committee chair s annual retainer was increased from \$3,000 to \$5,000 effective August 2002.

Xcel Energy has a Stock Equivalent Plan for Non-Employee Directors to more closely align directors interests with those of our shareholders. Under this Stock Equivalent Plan, directors may receive an annual award of stock equivalent units with each unit having a value equal to one share of our common stock. Stock equivalent units do not entitle a director to vote and are only payable as a distribution of whole shares of the Company s common stock upon a director s termination of service. The stock equivalent units fluctuate in value as the value of our common stock fluctuates.

Additional stock equivalent units are accumulated upon the payment of and at the same value as dividends declared on our common stock. On April 19, 2002, non-employee directors of Xcel Energy received an award of 2,039.40 stock equivalent units representing approximately \$52,800 in cash value.

Additional stock equivalent units were accumulated during 2002 as dividends were paid on our common stock. The number of stock equivalents for each non-employee director is listed in the share ownership chart which is set forth below.

Directors also may participate in a deferred compensation plan which provides for deferral of director retainer and meeting fees until after retirement from the Board. A director may defer director retainer and meeting fees into the Stock Equivalent Plan. A director who elects to defer compensation under this plan receives a premium of 20% of the compensation that is deferred.

PROPOSALS TO BE VOTED ON

PROPOSAL NO. 1 ELECTION OF DIRECTORS

Number of Nominees, Classification and Voting

Our Bylaws divide the Board into three classes. Each class is to be as equal in number as possible and is to have a staggered term of office so that one class of directors will be elected at each annual meeting for a term of three years. The four directors currently comprising Class II have a term of office that expires at the 2003 Annual Meeting. The four directors in Class III are continuing to serve until the 2004 Annual Meeting. The four directors in Class I are continuing to serve until the 2005 Annual Meeting.

All nominees for election to the Board to Class II are currently directors of the Company, will be elected for a term of three years and are to serve until their terms expire at the 2006 Annual Meeting or until their successors are duly elected and have been qualified. The following four individuals are the nominees to be elected to the Board to serve in Class II: Wayne H. Brunetti, Roger R. Hemminghaus, Douglas W. Leatherdale and A. Patricia Sampson.

The persons named as proxies intend to vote the proxies for the election of the nominees to the Board. If any of the nominees should be unavailable to serve as a director by an event which is not anticipated, the persons named as proxies reserve full discretion to vote for any other persons who may be nominated.

You are entitled to vote cumulatively for the election of directors. This means that you are entitled to a number of votes equal to the number of votes entitled to be cast with respect to the shares held by you multiplied by the number of directors to be elected. You may cast all your votes for one nominee or distribute your votes among the nominees in that particular class. The election of each director shall be decided by plurality vote. This means that the individuals receiving the most votes in that class (up to the number to be elected) will be elected. As a result, any shares not voted for a director (whether by withholding authority or otherwise) will have no impact on the election of directors except to the extent that the failure to vote for an individual results in another individual receiving a larger number of votes. With respect to the election of the nominated directors, the persons named as proxies reserve the right to cumulate votes represented by proxies which they receive and to distribute such votes among one or more of the nominees at their discretion.

Information as to Nominees and Continuing Directors

The nominees and continuing directors, their age, principal occupation or position, experience, and the year first elected as a director of the Company, are shown on the following pages.

None of the nominees or continuing directors are related to each other or to any other nominee or to any executive officer of the Company or its subsidiaries by blood, marriage, or adoption.

Except for Mr. Brunetti, no nominee or incumbent director has been an employee of the Company within the past five years.

The Board of Directors recommends a vote **FOR** the election to the Board of the following nominees. Proxies solicited by the Board of Directors will be voted **FOR** the nominees unless a contrary vote is specified.

Directors in Class II Directors whose Terms Expire in 2006:

Director since 2000

Wayne H. Brunetti, age 60, is Chairman, President and Chief Executive Officer of Xcel Energy Inc. He has served as such since August 18, 2001 and as President and Chief Executive Officer from the completion of the merger of New Century Energies (NCE) and Northern States Power Company (NSP) (the Merger). Upon the completion of the Merger, the surviving corporation was renamed Xcel Energy Inc. From March 1, 2000 until the completion of the Merger, he served as Chairman, President and Chief Executive Officer of NCE and as a director and officer of several of NCE 's subsidiaries.

From August 1997 until March 1, 2000, Mr. Brunetti was Vice Chairman, President and Chief Operating Officer of NCE. Before the merger of Public Service Company of Colorado (PSCo) and Southwestern Public Service Company (SPS) to form NCE, Mr. Brunetti was President and CEO of PSCo. PROPOSAL NO. 2

SHAREHOLDER PROPOSAL

Gerald R. Armstrong, 910 Fifteenth Street, No. 754, Denver, Colorado, 80202, beneficial owner of 912 shares, has given notice that he intends to present for action at the Annual Meeting the following resolution:

Resolution

That the shareholders of XCEL ENERGY, INC. request its Board of Directors to take those steps necessary to eliminate the classification of terms of its Board of Directors to require that all Directors stand for election *annually*. The Board declassification shall be completed in a manner that does not affect the unexpired terms of previously elected Directors.

STATEMENT

The proponent believes the election of directors is the strongest way that shareholders influence the direction of any corporation. Currently, XCEL ENERGY S board is divided into three classes with each class serving staggered three-year terms and shareholders may only vote on one-third of the Directors each year.

ACCOUNTABILITY AND PERFORMANCE of our Directors are significant Issues before the shareholders of XCEL ENERGY.

The proponent believes that the annual election of all directors will cause greater accountability which will lead to better performance.

Please recall that the \$7,600,000 bonus given a former chairman was for his deeds in establishing NRG and putting together a merger.

The Attorney General of Minnesota has asked that our chairman be terminated.

Northern States Power and New Century Energies had one-year terms for their directors before the merger. Many successful utilities have one-year terms for their directors and XCEL should be no exception. Many XCEL directors are serving one-year terms on other boards as well.

THE HOME DEPOT stated in its 2000 proxy statement supporting replacing three-year terms with one-year terms for its directors:

We believe that it is in the best interest of ... Stockholders to eliminate the classified Board so that stockholders elect all directors annually. The amendment ... will allow stockholders to review and express their opinions on the performance of all directors each year. Because there is no limit to the number of terms an individual may serve, the continuity and stability of the Board s membership and our policies and long-term strategic planning should not be affected .

The proponent believes the current system produces only a facade of continuity which should be displaced; and, accountability and performance be substituted as the basis for re-election to our board of directors.

If you agree, please vote FOR this proposal. Your shares will be automatically voted against it if your proxy is unmarked.

THE XCEL ENERGY BOARD UNANIMOUSLY RECOMMENDS A VOTE AGAINST THIS PROPOSAL.

The Board of Directors does not believe that this proposal is in the best interest of Xcel Energy shareholders. The Board believes that it is important this proposal should not be implemented, and therefore recommends a vote against the proposal.

The shareholder who submitted this proposal incorrectly stated that Northern States Power and New Century Energies, the companies that merged to form Xcel Energy, had one-year terms for their directors. Prior to the merger, Northern States Power had, for many years, and New Century Energies had, for its entire existence, three-year classified terms for its directors. Therefore, our current policy does not represent a change.

A classified board provides enhanced continuity and stability in the Board's business strategies and policies. With a classified board, two-thirds of the directors will always have had prior experience and familiarity with the business and affairs of Xcel Energy. This enables the directors to build on past experience and plan for a reasonable period into the future. This facilitates the Board's ability to focus on long-term strategy and long-term performance.

Moreover, a classified board helps protect shareholder value in the face of a coercive takeover attempt. Absent a classified board, a potential acquirer could gain control of the Company by replacing a majority of the Board with its own slate of nominees at a single annual meeting by a simple plurality of the votes cast, and without paying any premium to Xcel Energy's shareholders. By contrast, the presence of a classified board and other protections encourage hostile shareholders who may seek to acquire control of Xcel Energy to initiate arm's-length discussions with management and the Board, who may be in a position to negotiate a higher price or more favorable terms for shareholders or to seek to prevent a takeover that the Board believes is not in the best interest of shareholders. The fact that the entire Board could not be removed in a single proxy fight would allow directors to weigh remaining independent against accepting the offer, or a competing offer, from a position of strength.

By reducing the threat of an abrupt change in the composition of the entire Board, the classified board permits a more orderly process for your directors to consider any and all alternatives to maximize stockholder value.

Proponents of declassified boards would have shareholders believe that the only way to ensure director independence and accountability is to declassify the board of directors. This is false. Your Board is committed to corporate accountability and believes that such accountability depends on the selection of responsible and experienced individuals, not on whether they serve one year or three-year terms. Moreover, shareholders have a variety of tools at their disposal to ensure that directors, even directors who are elected on a classified basis, are accountable to shareholders. These tools include withholding votes from directors who are standing for election, publicity campaigns and meeting with directors to express shareholder concerns. Shareholders have successfully used these accountability tools with a number of companies.

The Board of Directors recommends a vote AGAINST this proposal for the reasons described above. Proxies solicited by the Board of Directors will be voted AGAINST this proposal unless a shareholder has indicated otherwise in voting the proxy.

The benefits listed in the Pension Plan Table are not subject to any deduction or offset. The compensation used to calculate the SERP benefits is base salary as of December 31 plus annual incentive. The Salary and Bonus columns of the Summary Compensation Table for 2002 reflect the covered compensation used to calculate SERP benefits.

The SERP benefit accrues ratably over 20 years and, when fully accrued, is equal to (a) 55% of the highest three years covered compensation of the five years preceding retirement or termination minus (b) any other qualified or non-qualified benefits. The SERP benefit is payable as an annuity for 20 years, or as a single lump-sum amount equal to the actuarial equivalent present value of the 20-year annuity. Benefits are payable at age 62, or as early as age 55, but would be reduced 5% for

Edgar Filing: XCEL ENERGY INC - Form DEF 14A

each year that the benefit commencement date precedes age 62. The approximate credited years of service under the SERP as of December 31, 2002, were as follows:

Mr. Brunetti	15 years
Mr. Kelly	35 years
Mr. Johnson	24 years
Mr. Bonavia	5 years
Mr. Petillo	6 years
Mr. Wilks	25 years

Notwithstanding any special provisions related to pension benefits described under Employment Agreements and Severance Arrangements, the Company has granted additional credited years of service to Mr. Brunetti for purposes of SERP accrual. The additional credited years of service (approximately seven) are included in the above table. Additionally, the Company has agreed to grant full accrual of SERP benefits to Mr. Brunetti at age 62 and to Mr. Bonavia at age 57 and 8 months, if they continue to be employed by the Company until such age.

Legal Proceedings

On July 31, 2002, a lawsuit purporting to be a class action on behalf of purchasers of our common stock between January 31, 2001 and July 26, 2002, was filed in the United States District Court in Minnesota. The complaint named Xcel Energy; Wayne H. Brunetti, chairman, president and chief executive officer; Edward J. McIntyre, former vice president and chief financial officer; and James J. Howard, former chairman, as defendants. Among other things, the complaint alleged violations of Section 10(b) of the Securities Exchange Act and Rule 10b-5 related to allegedly false and misleading disclosures concerning various issues, including but not limited to round trip energy trades, the nature, extent and seriousness of liquidity and credit difficulties at NRG, and the existence of cross-default provisions (with NRG credit agreements) in certain of our credit agreements. Since the filing of the lawsuit on July 31, 2002, several additional lawsuits were filed with similar allegations, one of which added claims on behalf of a purported class of purchasers of two series of NRG Senior Notes issued by NRG in early 2001. The cases have all been consolidated, and a consolidated amended complaint has been filed. The amended complaint charges false and misleading disclosures concerning round trip energy trades and the existence of provisions in our credit agreements with lenders for cross-defaults in the event of a default by NRG in one or more of NRG's credit agreements; it adds as additional defendants Gary R. Johnson, Vice President and General Counsel, Richard C. Kelly, Vice President and Chief Financial Officer of Xcel Energy, two former executive officers of NRG (David H. Peterson, Leonard A. Bluhm) and one current executive officer of NRG (William T. Pieper) and a former independent director of NRG (Luella G. Goldberg); and it adds claims of false and misleading disclosures (also principally regarding round trip trades and the cross-default provisions as well as the extent to which the fortunes of NRG were tied to Xcel Energy, especially in the event of a buyback of NRG's publicly owned shares) under Section 11 of the Securities Act. The amended complaint seeks compensatory and rescissionary damages, interest, and an award of fees and expenses. The defendants have filed motions to dismiss the amended complaint. The motions have not yet been ruled upon. On August 15, 2002, a shareholder derivative action was filed in the same court as the class actions described above purportedly on our behalf, against our directors and certain present and former officers, citing essentially the same circumstances as the class actions and asserting breach of fiduciary duty. Subsequently, two additional derivative actions were filed in the state trial court for Hennepin County, Minnesota, against essentially the same defendants, focusing on alleged wrongful energy trading activities and asserting breach of fiduciary duty for failure to establish and maintain adequate accounting controls, abuse of control and gross mismanagement. Considered collectively, the derivative complaints seek compensatory damages, a return of compensation received, and awards of fees and expenses. In each of the cases, the defendants filed motions to dismiss the complaint for failure to make a proper pre-suit demand, or in the federal court case, to make any pre-suit

demand at all, upon Xcel Energy's board of directors. The motions have not yet been ruled upon. In addition, complaints have been filed against us, certain of our present and former officers and directors and the members of our board of directors presently pending in the United States District Court for the District of Minnesota under the Employee Retirement Income Security Act by participants in our 401(k) and ESOP plan, alleging breach of fiduciary duty in allowing or encouraging purchase, contribution and/or retention of our common stock in the plans, and misleading statements and omissions in that regard, and purporting to represent classes from as early as September 23, 1999 forward. The defendants have filed motions to dismiss the complaints. The motions have not yet been ruled upon.

The Company is obligated to indemnify its officers and directors under certain circumstances to the fullest extent permitted by Minnesota law. As part of that obligation, the Company has advanced and will continue to advance certain attorneys' fees and expenses incurred by officers and directors in various litigation, including the litigation described above. In connection with the derivative proceedings described above, for the period July 31, 2002 through March 31, 2003, the Company has advanced expenses of approximately \$22,000 to the law firm of Jones Day on behalf of the Company's directors and Mr. Edward J. McIntyre, former vice president and chief financial officer, approximately \$15,000 to the law firm of Briggs and Morgan on behalf of the Company's directors and Mr. Edward J. McIntyre, former vice president and chief financial officer and approximately \$8,000 to the law firm of Rider Bennett on behalf of Mr. James Howard, former chairman.

REPORT OF THE COMPENSATION AND NOMINATING COMMITTEE OF THE BOARD OF DIRECTORS

The executive compensation and benefit programs of the Company are administered by the Compensation and Nominating Committee of the Board of Directors (the Committee). The Committee is composed of W. Thomas Stephens, Chair, C. Coney Burgess, David A. Christensen, A. Barry Hirschfeld, Douglas W. Leatherdale, and A. Patricia Sampson, all of whom are independent, non-employee directors of the Company, as defined by Section 16(b) of the Securities Exchange Act of 1934 (the 1934 Act), and outside directors as defined within the meaning of Section 162(m) of the Internal Revenue Code of 1986. The Board has delegated to the Committee the responsibility of establishing the Company's compensation philosophy, as well as the compensation package for the Chairman, President and Chief Executive Officer and other named executives of the Company. This includes establishing and administering the Company's base salary program, executive annual and long-term incentive programs, and executive benefit programs. The Committee also recommends and administers compensation and benefit programs for all Company executives and key talent.

Compensation Philosophy

The Committee's goal is to attract, retain, and motivate the outstanding executive talent needed to deliver superior returns to shareholders and provide the highest quality of service to customers. The Company's executive compensation philosophy uses a combination of salary and performance-based (incentive) compensation, delivered through annual and long-term incentives, to align management's interests with those of shareholders. This philosophy results in a targeted compensation mix for senior officers in which annual and long-term incentives account for more than 50 percent of the executives' annual compensation. In addition, the Company's compensation program helps to reinforce management's link to shareholders by establishing plans that compensate executives based on corporate, business unit, and individual performance goals. Finally, significant use of equity-based incentives encourages management to respond to business challenges and opportunities as owners as well as employees.

In establishing a compensation strategy for the Company, the Committee worked with an independent, nationally recognized compensation and benefits consulting firm and took into account several factors:

The desire to align management interests with those of shareholders.

The desire to strongly link management pay to both annual and long-term Company performance.

The need to attract talent from broader markets as the utility industry changes, to retain individuals of outstanding ability and to motivate such individuals to achieve superior performance.

As a result, the Committee has approved a compensation strategy designed to meet these objectives and encourage executives to achieve in a highly evolving competitive environment. Base salaries and annual and long-term incentive opportunities are set to the median of utility industry and, where appropriate, general industry levels to provide an incentive for executives to optimize the Company's performance. In addition, stock-based compensation has become a significant portion of overall executive pay. Base salaries are reviewed annually, with increases tied to such factors as individual performance, the executive's duties and responsibilities, financial results, and changes in the marketplace. Federal tax law limits the deductibility of executive compensation in excess of \$1,000,000 unless certain exceptions are met. It is the Committee's intent to maintain the deductibility of executive compensation to the extent reasonably practicable and to the extent consistent with its other compensation objectives. However, a portion of Mr. Brunetti's salary exceeded \$1,000,000 in 2002 and that portion that exceeded \$1,000,000 was not deductible by the Company.

Base Salary

The Committee targeted base salaries to the 50th percentile of a combined group of utility and general industry companies (on a revenue adjusted basis) as described above. Under the terms of his employment agreement, Mr. Brunetti was entitled to a base salary not less than his salary immediately prior to the Merger, which was \$685,000. In connection with the assumption of increased responsibilities following the Merger, effective August 2000, Mr. Brunetti received a salary adjustment to \$895,000. This was intended to be his salary level for the balance of 2000 as well as all of 2001. Consequently, Mr. Brunetti did not receive any salary increase for 2001. Effective January 2002, Mr. Brunetti received a salary adjustment to \$1,065,000. Similarly, the other Named Executive Officers received salary adjustments effective January 2002. These base salaries are included in the Salary column of the Summary Compensation Table.

Annual Incentive

Annual incentives are administered under the Xcel Energy Executive Annual Incentive Award Plan (the Xcel Annual Incentive Plan), which was approved by shareholders in 2000. Annual incentive awards are targeted to the 50th percentile of blended utility industry and general industry levels, as discussed above, and are based on achieving corporate financial and operational goals and business unit operational goals.

Target Annual Incentive Awards for 2002

Corporate goals include targeted earnings per share, a customer loyalty index (which includes customer service measurements), safety and reliability. Business Unit goals include customer service, reliability, safety and meeting budget, measured at a business unit level.

Target annual incentive awards (as a percent of base salary) are set for all Xcel Energy officers, ranging from 85% of salary for Mr. Brunetti to 55% of salary for the other Named Executive Officers. Maximum awards may be up to two times the target awards.

The annual incentive formula is calculated using predetermined performance measures. For Mr. Brunetti, the formula is weighted 100% to attaining corporate goals. For the other executive officers, including Named Executive Officers, the formula is weighted 67% to attaining corporate goals and 33% to attaining business unit operational goals.

In order to encourage increased share ownership by executive officers, the Xcel Annual Incentive Plan provides the option for executives to receive their payments in shares of common stock or shares of restricted common stock (which vests in equal annual installments over a three year period) in lieu of cash. A 5% premium is added to amounts paid in shares of common stock, and a 20% premium is added to amounts paid in shares of restricted common stock.

Calculation and Payment of 2002 Annual Incentive Awards

Based on performance during 2002, no payouts of Annual Incentive Awards were made to the Named Executive Officers.

Long-Term Incentives

Long-term incentives are administered under the Xcel Energy Omnibus Incentive Plan, approved by shareholders in 2000. This plan allows for several forms of incentive compensation from which the Committee may select in designing long-term incentives.

For 2002 the Xcel Energy long-term incentive plan had two components:

stock options; and

performance shares.

Long-term incentive opportunities ranged from 425% of base salary for Mr. Brunetti to 170% of base salary for the other Xcel Energy Named Executive Officers. Stock options are targeted to deliver 50% of each officer's long-term incentive opportunity, with the remaining 50% delivered through the performance share component.

Stock Option Component. In 2000 the Committee made one stock option grant to all of the Named Executive Officers. This grant was front-loaded and intended to cover a three-year period, during which the Committee intends to make no further stock option grants to the Named Executive Officers. Accordingly, no additional option grants were made to the Named Executive Officers during 2001 or 2002.

The 2000 grant, which was reported in prior proxy statements, contains a performance vesting provision which provides that the options will become exercisable at the earlier of: the date Xcel Energy common stock closes at a price which equals or exceeds \$32.890625; or, August 21, 2005.

Once vested, the options may be exercised at any time on or before August 20, 2010.

Performance Share Component. The performance share component uses a single measure, Total Shareholder Return (TSR). Xcel Energy's TSR will be measured over a three-year period, using overlapping cycles. Xcel Energy's TSR is compared to the TSR of other companies in the EEI Electrics Index as a peer group. At the end of each three-year period, the performance unit component provides for payment at target for performance at the 50th percentile of the peer group and at 200% of target for performance at or above the 75th percentile of the peer group. The performance unit component provides smaller payments for performance below the 50th percentile. No payment would be made for performance below the 35th percentile.

Awards in the performance share component are made in shares, each of which represents the value of one share of Xcel Energy common stock. The number of shares awarded is calculated by dividing the executive's target award by the fair market value of Xcel Energy common stock on the date of the grant.

For the measurement cycle that ended in 2002, the TSR was at the 11th percentile resulting in no payout.

For the 2002 to 2004 measurement cycle, Mr. Brunetti was awarded 119,566 shares. Other Named Executive Officers were awarded from 30,690 to 13,944 shares. These awards are included in the Long-Term Incentive Plans Awards in Last Fiscal Year Table.

Other Perquisites and Benefits

Other perquisites and benefits provided to executives generally are not tied to the Company's financial performance, but are primarily designed to attract and retain executives. Among the perquisites and benefits provided by the Company in 2002 to its executives are Company-paid life insurance in an amount equal to four times base pay, and benefits provided under the Xcel Energy Inc. Nonqualified Deferred Compensation Plan and the Xcel Energy Supplemental Executive Retirement Plan that make up for retirement benefits that cannot be paid under the Company's qualified retirement plans due to Internal Revenue Code limitations and the exclusion of certain elements of pay from pension-covered earnings. The level of retirement benefits provided by these plans in the aggregate is reflected in the Pension Plan Table.

Certain executive officers, including four of the Named Executive Officers, may receive severance benefits in accordance with the Xcel Energy Senior Executive Severance Policy, which is described in more detail under the section below entitled Employment Agreements and Severance Arrangements.

Stock Ownership Guidelines

The Committee believes that it is essential to align management's interests with those of the shareholders. In order to emphasize this belief, Xcel Energy adopted stock ownership guidelines for the executives. The Committee believes that linking a significant portion of an executive's current and potential future net worth to Xcel Energy's success, as reflected in the stock price, ensures that executives have a stake similar to that of Xcel Energy shareholders. Such guidelines also encourage the long-term management of the Company for the benefit of the shareholders. The share ownership guideline for each executive is based on the executive's position. The guideline for the Chairman of the Board, President and Chief Executive Officer is five times base salary. The guideline for the Chief Financial Officer is four times base salary. Other Business Unit Heads have a guideline of three times base salary. All other Company officers have share ownership guidelines of two times base salary. Each executive is expected to achieve the applicable ownership guidelines by August 1, 2005, and each is expected to reach interim milestones at August 1, 2003 and August 1, 2004. All shares that the executive is entitled to vote count toward compliance with the ownership guidelines.

Chief Executive Officer Compensation

The compensation of Wayne H. Brunetti, Chairman of the Board, President and Chief Executive Officer, is determined by the process described in the short-term and long-term performance components above, namely base salary, annual incentive, performance unit, and stock options. Mr. Brunetti received a long-term incentive opportunity of 425% of base salary and an annual incentive award target of 85% of base salary. As discussed above, due to the front-end loaded option grant in 2000, he was not granted any additional options in 2002. However, he was awarded 119,566 performance shares.

Mr. Brunetti received base salary adjustment for the year 2002 in the amount of \$170,000. His base salary is included in the Salary column of the Summary Compensation Table above.

Conclusion

The Committee believes that Xcel Energy's executive compensation package effectively serves the interests of the Company and its shareholders. The balance of base pay and annual and long-term incentives provides increased motivation to executives to contribute to and participate in the Company's long-term success. The Committee is dedicated to ensuring that the Company's total compensation package continues to meet the needs of the Company and will monitor and revise compensation policies as necessary.

EMPLOYMENT AGREEMENTS AND SEVERANCE ARRANGEMENTS*Wayne H. Brunetti Employment Agreement*

At the time of the merger agreement, NCE and NSP also entered into a new employment agreement with Mr. Brunetti, which replaced his existing employment agreement with NCE when the Merger was completed. The initial term of the new agreement is four years, with automatic one-year extensions beginning at the end of the second year and continuing each year thereafter unless notice is given by either party that the agreement will not be extended. Under the terms of the agreement, Mr. Brunetti served as Chief Executive Officer and President and a member of the board of directors of Xcel Energy for one year following the Merger, and, commencing August 18, 2002 (one year after the Merger) began serving as Chief Executive Officer, President and Chairman of the Board of Directors of Xcel Energy. Mr. Brunetti is required to perform the majority of his duties at the headquarters of Xcel Energy in Minneapolis, Minnesota, and was required to relocate the residence at which he spends the majority of his time to the Twin Cities area. His agreement also provides that if Mr. Brunetti becomes entitled to receive severance benefits, he will be forbidden from competing with Xcel Energy and its affiliates for two years following the termination of his employment, and from disclosing confidential information of Xcel Energy and its affiliates.

Under his employment agreement, Mr. Brunetti will receive the following compensation and benefits:

a base salary not less than his base salary immediately before the Merger;

the opportunity to earn annual and long-term incentive compensation amounts not less than he was able to earn immediately before the Merger;

life insurance coverage and participation in a supplemental executive retirement plan; and

the same fringe benefits as he received under his NCE employment agreement, or, if greater, as those of the next higher executive officer of Xcel Energy.

If Mr. Brunetti's employment were to be terminated by Xcel Energy without cause or if he were to terminate his employment for good reason, he would be entitled to receive the compensation and benefits described above as if he had remained employed for the employment period remaining under his employment agreement and then retired, at which time he would be eligible for all retiree benefits provided to retired senior executives of Xcel Energy. In determining the level of his compensation following termination of employment, the amount of incentive compensation he would receive would be based upon the target level of incentive compensation he would have received in the year in which his termination occurred, and he would receive cash equal to the value of stock options, restricted stock and other stock-based awards he would have received instead of receiving the awards. In addition, the restrictions on his restricted stock would lapse and his stock options would have become vested. Finally, Xcel Energy would be obligated to make Mr. Brunetti whole for any excise tax on severance payments that he incurs.

Mr. Brunetti also had a change-of-control employment agreement with NCE. The Merger did not cause a change of control under this agreement, so it did not become effective as a result of the Merger. However, in case this agreement becomes effective because of a later change of control, Mr. Brunetti has waived his right to receive any severance benefits under the change-of-control employment agreement to the extent they would duplicate severance benefits under his employment agreement.

Paul J. Bonavia Employment Agreement

In connection with and effective upon completion of the Merger, we and Paul J. Bonavia entered into an amendment to an employment agreement between Mr. Bonavia and NCE. Except as discussed below, the original agreement expired December 14, 2000. In connection with the Merger, Mr. Bonavia's position changed from Senior Vice President, General Counsel and President of NCE's International Business Unit to President of our Energy Markets Business Unit. In the amendment, Mr. Bonavia agreed not to assert before January 6, 2003 that his duties and responsibilities had been diminished, and thus he has waived the right to claim certain benefits under the Xcel Energy Senior Executive Severance Policy relating to this change in his status prior to that date. If certain conditions were met on January 6, 2003 or within seven business days thereafter, which conditions include the termination of Mr. Bonavia's employment, Mr. Bonavia would have been entitled to severance benefits comparable to those provided to the other senior executives under the Xcel Energy Senior Executive Severance Policy. Mr. Bonavia and we have recently entered into another amendment to this agreement. As part of this amendment, Mr. Bonavia agreed to continue his employment through August 31, 2003. Mr. Bonavia also agreed not to assert that his duties and responsibilities have been diminished. In return, we agreed that if we terminate Mr. Bonavia's employment for any reason other than cause, or if Mr. Bonavia terminates his employment for any reason after August 31, 2003, then he will be entitled to severance benefits comparable to those provided to the other senior executives under the Xcel Energy Senior Executive Severance Policy.

Severance Policy

NSP and NCE each adopted a 1999 senior executive severance policy in March 1999. These policies were combined into a single Xcel Energy Senior Executive Severance Policy which will continue until August 18, 2003 and may be extended beyond August 2003. All of our executive officers other than Mr. Brunetti participate in the policy.

Under the policy, a participant whose employment is terminated at any time before August 18, 2003, the third anniversary of the Merger, will receive severance benefits unless:

the employer terminated the participant for cause;

the termination was because of the participant's death, disability or retirement;

the division or subsidiary in which the participant worked was sold and the buyer agreed to continue the participant's employment with specified protections for the participant; or

the participant terminated voluntarily without good reason.

To receive the severance benefits, the participant must also sign an agreement releasing all claims against the employer and its affiliates, and agreeing not to compete with the employer and its affiliates and not to solicit their employees and customers.

The severance benefits for executive officers under the policy include the following:

a cash payment equal to 2.5 times the participant's annual base salary, annual bonus and annualized long-term incentive compensation, prorated incentive compensation for the year of termination and perquisite allowance;

a cash payment equal to the additional amounts that would have been credited to the executive under pension and retirement savings plans, if the participant had remained employed for another 2.5 years;

continued welfare benefits for 2.5 years;

financial planning benefit for two years, and outplacement services costing not more than \$30,000; and

an additional cash payment to make the participant whole for any excise tax on excess severance payments that he or she may incur, with certain limitations specified in the policies.

Some of the executive officers of NCE who participate in the severance policy also had change-of-control employment agreements with NCE. The Merger was not considered a change of control under these agreements, so they did not become effective as a result of the Merger. However, if they become effective because of a later change of control, the severance benefits under the Xcel Energy Senior Executive Severance Policy will be reduced by any severance benefits that the participant receives under such an employment agreement.

Under this Stock Equivalent Plan, directors may receive an annual award of stock equivalent units with each unit having a value equal to one share of our common stock. Stock equivalent units do not entitle a director to vote and are only payable as a distribution of whole shares of the Company's common stock upon a director's termination of service. The stock equivalent units fluctuate in value as the value of our common stock fluctuates. The number of stock equivalent units that may be awarded under this Stock Equivalent Plan is not limited. The shares of the Company's common stock to be used for distribution under this Stock Equivalent Plan are purchased on the open market.

REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS

The role of the Audit Committee is to assist the Board of Directors in its oversight of the Company's financial reporting process. The Audit Committee is composed of Roger R. Hemminghaus, Chair, Albert F. Moreno, Margaret R. Preska, Allan L. Schuman and Rodney E. Slifer.

The Board of Directors, in its business judgment, has determined that all members of the Audit Committee are independent, as required by applicable listing standards of the New York Stock Exchange. The Audit Committee operates pursuant to a Charter that was last amended and restated by the Board on March 1, 2002. As set forth in the Charter, management of the Company is

responsible for the preparation, presentation, and integrity of the Company's financial statements, the Company's accounting and financial reporting principles and internal controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations. Our independent auditors, Deloitte & Touche, are responsible for auditing the Company's consolidated financial statements and expressing an opinion as to whether they are prepared fairly, in all material respects, in conformity with accounting principles generally accepted in the United States of America.

In the performance of its oversight function, the Audit Committee has:

considered and discussed the audited financial statements with management and our independent auditors. The Audit Committee's review included a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments and the clarity of disclosures in the financial statements;

discussed with our independent auditors the matters required to be discussed by Statements on Auditing Standards No. 61, Communication with Audit Committees;

received the written disclosures from our independent auditors required by Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees, as currently in effect, and discussed the independence of Deloitte & Touche with them;

reviewed the services provided by our independent auditors other than their audit services and considered whether the provision of such other services by our independent auditors is compatible with maintaining their independence, and;

discussed with the Company's internal and independent auditors the overall scope and plans for their respective audits for the year 2002. The Audit Committee meets with the internal and independent auditors, with and without management present, to discuss the results of their examinations, their evaluations of the Company's internal controls and the overall quality of the Company's Financial reporting.

Based upon the reports and discussions described in this report, and subject to the limitations on the role and responsibilities of the Audit Committee referred to in the Charter, the Audit Committee recommended to the Board of Directors, and the Board has approved, that the audited financial statements be included in our Annual Report on Form 10-K for the year ended December 31, 2002, to be filed with the Securities and Exchange Commission. The Audit Committee has also appointed Deloitte & Touche as the Company's independent auditors for 2003.

INDEPENDENT PUBLIC ACCOUNTANTS

During 2001 and 2002, there were no disagreements with Xcel Energy's independent public accountants on accounting principles, financial statement disclosures, or auditing scope or procedures.

On March 27, 2002, the Audit Committee of Xcel Energy's Board of Directors recommended, and the Xcel Energy Board approved, the decision to engage Deloitte & Touche LLP as its new principal independent accountants for 2002. Accordingly, on March 27, 2002, Xcel Energy's management informed Arthur Andersen LLP that the firm would no longer be engaged as its principal independent accountants. The reports of Arthur Andersen LLP on the financial statements of the Company for its year ended Dec. 31, 2001 or 2000 did not contain an adverse opinion or

disclaimer of opinion and were not qualified or modified as to uncertainty, audit scope or accounting principles. Further, during 2000 and 2001, and through March 27, 2002, there have been no reportable events (as defined in Commission Regulation S-K Item 304 (a)(1)(v)).

Xcel Energy provided Arthur Andersen with a copy of the foregoing disclosures. By copy of a letter dated March 29, 2002, Arthur Andersen stated its agreement with such statements.

As discussed above, Deloitte & Touche has audited the Company's consolidated financial statements in 2002. The firm has offices and affiliates in most localities throughout the country where Xcel Energy has operations. Audit services provided by Deloitte & Touche in 2002 included the audit of consolidated financial statements of the Company; limited reviews of interim consolidated financial information; and consultation on matters related to accounting and financial reporting. Representatives of Deloitte & Touche will be present at the Annual Meeting and will have the opportunity to make a statement if they so desire. Such representatives will be available to respond to appropriate questions from shareholders at the meeting.

Introduction

For the years ended December 31, 2002, professional services were performed by Deloitte & Touche LLP, the member firms of Deloitte Touche Tohmatsu, and their respective affiliates (collectively, Deloitte & Touche) which includes Deloitte Consulting.

Audit Fees

Total audit fees for 2002 were \$4,081,000, which includes fees of \$1,993,000 for the Company's 2002 financial statement audit and fees of \$2,088,000 for other audit-related services.

The aggregate fees billed for the audit of the Company's annual financial statements for the fiscal year ended December 31, 2002 and for the reviews of the financial statements included in the Company's Quarterly Reports on Form 10-Q were \$1,993,000. This amount includes estimated billings for the completion of the 2002 audit, which were rendered after year-end. These fees exclude amounts charged by PricewaterhouseCoopers LLP, the auditors of the Company's subsidiary, NRG Energy Inc.

The aggregate fees billed for audit-related services for the fiscal year ended December 31, 2002 were \$2,088,000. These fees include \$1,556,000 for the audits of the 2000-2001 financial statements of the Company and for certain subsidiaries, \$330,000 for services in support of debt and stock offerings, and \$202,000 for employee benefit plan audits and other accounting consultations.

Financial Information System Design and Implementation Fees

The fees billed for consulting services related to pre-implementation quality assessment for the Company's business systems were \$230,000 in 2002. These fees were billed by Deloitte Consulting.

Other Fees

Other fees billed in 2002 were \$3,281,000, including \$1,284,000 for tax services and \$1,997,000 for other consulting services.

The aggregate fees billed for tax services for the fiscal year ended December 31, 2002 were \$1,284,000. These fees include \$663,000 for tax planning issues related to the Company's investment in NRG, \$315,000 related to support of NRG's international and state tax matters, and \$306,000 for other tax services.

The aggregate fees for services not included above were \$1,997,000 for the fiscal year ended December 31, 2002. These fees include \$717,000 for consulting support in administering regulatory programs, \$589,000 for consulting services related to customer analysis studies, \$468,000 for valuation and other consulting services provided to NRG, and \$223,000 for other consulting

services. The Company had engaged Deloitte & Touche for substantially all of these consulting projects prior to the appointment of that firm as independent auditors of the Company in late March 2002.

These other fees include \$1,674,000 of fees billed by Deloitte Consulting for the year ended December 31, 2002.

Leased Employees

In connection with their audit of our 2002 annual financial statements, Deloitte & Touche's work was performed 100% by full-time, permanent employees of Deloitte & Touche.
