INDEPENDENT AUDITORS REPORT

The Board of Directors and
the Retirement Committee of
Ceridian Corporation:

We have audited the accompanying statements of net assets available for benefits of the Ceridian Corporation Savings and Investment Plan (the Plan) as of December 31, 2002 and 2001, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan s management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2002 and 2001, and the changes in net assets available for benefits for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

Our audits were performed for the purpose of forming an opinion on the financial statements taken as a whole. The supplemental schedule of assets (held at end of year) is presented for the purpose of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by the Department of Labor s Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan s management. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

CERIDIAN CORPORATION SAVINGS AND INVESTMENT PLAN

Notes to Financial Statements

December 31, 2002 and 2001

(1) Summary of Significant Accounting Policies

(a) Basis of Presentation and Use of Estimates

The accompanying financial statements of the Ceridian Corporation Savings and Investment Plan, as amended (the Plan), have been prepared on the accrual basis of accounting. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosure of contingent assets and liabilities at the date of the financial statements and the reported changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

(b) Custodian of Investments

Under the terms of a trust agreement between T. Rowe Price Trust Company (the Trustee) and Ceridian Corporation (the Company), the Trustee holds, manages and invests contributions to the Plan and income therefrom in funds selected by the Company's Retirement Committee to the extent directed by participants in the Plan. The Trustee carries its own banker's blanket bond insuring against losses caused, among other things, by dishonesty of employees, burglary, robbery, misplacement, forgery and counterfeit money.

(c) Investments

Investments are stated at fair value. Investments in common stock are valued at closing prices published in the Consolidated Transaction Reporting System of the New York Stock Exchange. Investments in mutual funds are valued using daily net asset value calculations performed by the funds and published by the National Association of Securities Dealers. Loans receivable from participants are valued at principal amount which approximates fair value. Net realized gains or losses are recognized by the Plan upon the sale of its investments or portions thereof on the basis of average cost to each investment program. Purchases and sales of securities are recorded on a trade date basis.

(d) Costs and Expenses

Costs and expenses of administering the Plan are paid by the Company and affiliated companies who have adopted the Plan (Adopting Affiliates).

(e) Risks and Uncertainties

The Plan offers a number of investment options to participants that are exposed to various risks, such as interest rate, credit, and overall market volatility risk. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that those changes could materially affect the amounts reported in the statements of net assets available for benefits and participant accounts.

(2) Description of the Plan

The Plan is a defined contribution plan, qualified under Section 401(a) of the Internal Revenue Code of 1986, as amended (the Code), which includes provisions under Section 401(k) of the Code allowing an eligible participant to direct the employer to contribute a portion of the participant's compensation to the Plan on a pre-tax basis through payroll deductions. The Plan was established for the benefit of employees of the Company and Adopting Affiliates who are U.S. citizens or resident aliens paid under the U.S. domestic payroll system but are not participants in any qualified defined benefit retirement plan maintained by the Company. The Plan is administered by the Company through its Director, Executive Compensation and 401(k) Plans and through its Retirement Committee, which is appointed by the Chief Executive Officer of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended, and the rules and regulations issued thereunder (ERISA).

(3) Participant Accounts and Vesting

The Trustee maintains an account for each participant, including participant directed allocations to each investment fund. Each participant's account is credited with the participant's contributions and allocations of any employer contributions and Plan earnings, less loans and withdrawals, based on the direction of the participant. Participants are immediately vested in their pretax contributions and employer basic matching contributions, plus actual earnings thereon. All participants performing one or more hours of service after December 31, 2001 are fully vested in their performance-based matching contributions. Participants who did not perform an hour of service after December 31, 2001 vest in the performance-based matching contribution in accordance with the following schedule:

<u>Years of Employment</u>	<u>Vested Interest</u>
Less than 2 years	0%
2 years	40%
3 years	60%
4 years	80%
5 or more years	100%

Any forfeiture of unvested interests will be used to reduce the obligation of the Company and Adopting Affiliates to make future employer matching contributions. Forfeitures reduced employer contributions by \$121,000 in 2002 and \$227,000 in 2001.

(4) Contributions

Participants may direct their employer to contribute to the Plan on their behalf through payroll deduction from 1% to 40% (1% to 17% in 2001) of their compensation in any pay period, subject to certain limitations. During 2001, the Plan administrator, in accordance with the terms of the Plan, limited payroll deduction contributions on behalf of highly compensated participants to 8% of their compensation. The Code limited the total salary deferral contributions for any participant year to \$11,000 in 2002 and \$10,500 in 2001 and provided that no participant may make annual deferral contributions to the Plan from salary in excess of \$200,000 in 2002 and \$170,000 in 2001. These amounts are subject to periodic adjustment for increases in the cost of living in accordance with Treasury regulations. Participants who reached age 50 by December 31, 2002 were permitted to make contributions in excess of the Code limits of up to \$1,000 for 2002. The Company and Adopting Affiliates made basic monthly matching contributions totaling \$8,384,000 for 2002 and \$6,021,000 for 2001 and did not declare a year-end performance matching contribution for either year.

The basic monthly matching contributions for 2002 were determined on the basis of 100% of participant salary deferrals up to 3% of eligible compensation and 50% of participant salary deferrals on the next 2% of eligible compensation. The basic monthly matching contributions for 2001 were determined on the basis of 50% of a participant's salary deferral contributions, up to a maximum of 6% of eligible compensation. Basic contributions do not require the satisfaction of performance criteria. The year-end performance-based matching contribution required the achievement of certain Company economic performance criteria. These criteria were not achieved for either 2002 or 2001.

(5) Withdrawals and Distributions

Participants who are still employed by the Company or one its Adopting Affiliates may withdraw from their Plan account for financial hardship, as defined by federal regulations, for total disability, or if the participant is 59 1/2 years old. Participants may also withdraw amounts that were rolled into the Plan from another qualified plan or a conduit IRA. Distributions are also permitted pursuant to a qualified domestic relations order or in the event of termination of employment, retirement or death.

(6) Loans

Participants may borrow up to 50% of their salary deferral contributions and investment earnings on those contributions. Any loan must be in a multiple of \$100, be at least \$1,000, and not be more than \$50,000 less the amount of the highest loan balance outstanding during the 12-month period that ends the day before the loan is made. Participants may not have more than two loans outstanding. The interest rate is set by the Plan administrator and is based on the prime interest rates charged by major national banks. Each loan is approved by the Plan administrator or a delegate, and the Trustee maintains a loan receivable account for any participant with an outstanding loan.

(7) Income Tax Status

The Plan was amended and restated effective January 1, 2001. The Plan administrator has requested from the Internal Revenue Service, but has yet to receive, a determination regarding the restated Plan's tax qualified status. The Plan, prior to the amendment and restatement effective January 1, 2001, received a favorable determination letter regarding the Plan's tax qualification dated May 8, 1997 from the Internal Revenue Service stating that the Plan was qualified under the provisions of Section 401(a) of the Code, and that the trust established thereunder was thereby exempt from federal income taxes under Section 501(a) of the Code. The Company believes the Plan continues to operate in compliance with the applicable requirements of the Code.

(8) Party-in-interest

The Trustee is a party-in-interest with respect to the Plan. In the opinion of the Trustee and Plan Sponsor, transactions between the Plan and the Trustee are exempt from being considered as prohibited transactions under Section 408(b) of ERISA.

(9) Net Transfers (to) from Other Plans and Receivable from Other Plans

Net transfers for the year ended December 31, 2002 of \$7,857,000 represented transfers in resulting from the merger with the Plan of four defined contribution plans sponsored by subsidiaries, including \$6,347,000 for the ABR Information Services, Inc. 401(k) Plan.

As of December 31, 2001, the Company merged three small defined contribution plans sponsored by subsidiaries into the Plan. Net assets available for benefits for the merged plans of \$4,368,000 were received by the Plan Trustee in January 2002 and are described as "Receivable from other plans" as of December 31, 2001 in the accompanying Statements of Net Assets Available for Benefits. In addition to this transaction, the "Net transfers (to) from other plans" for the year ended December 31, 2001 in the accompanying Statements of Changes in Net Assets Available for Benefits substantially reflected the transfer out of the accounts of participants related to the Company's former Arbitron division as further described in Note 11.

Total	\$ (16,638)	\$ (3,544)

(11) Reverse Spin-Off Transaction

On March 30, 2001, Ceridian Corporation (Old Ceridian) distributed to its stockholders all of the outstanding common stock of New Ceridian Corporation, a Delaware corporation and wholly owned subsidiary of Old Ceridian, in a reverse spin-off transaction that separated its human resource solutions and Comdata businesses from its media information business. In anticipation of this transaction, the Plan was amended effective as of March 27, 2001, to transfer sponsorship of the Plan from Old Ceridian to New Ceridian Corporation. Immediately following the transaction, Old Ceridian, containing only the media information business, was renamed Arbitron Inc. and New Ceridian Corporation was renamed Ceridian Corporation.

On April 2, 2001, the account balances under the Plan of each Arbitron Inc. participant and all trust assets in kind related to those balances, amounting to \$7,156,000 and including loan balances of \$104,000, were transferred to the Arbitron Inc. 401(k) Plan trust. Shares in Arbitron Inc. resulting from the reverse spin-off transaction were placed in the Arbitron Inc. Stock Fund pending redistribution by the participant to other available investment programs within the Plan, which was completed in March 2002.

(12) Plan Termination

Although it has not expressed any intention to do so, the Company has the right to terminate the plan or discontinue contributions with respect to any one or more participating employers. Upon termination or discontinuance of contributions, employer contribution amounts in participant accounts, which have not vested, will become vested. Thereafter, full distribution of each fund may be made to participants by lump sum payment.
