PROXY STATEMENT

ANNUAL MEETING OF STOCKHOLDERS
FRIDAY, NOVEMBER 14, 2003

Edgar Filing: ALLIED HEALTHCARE PRODUCTS INC - Form DEF 14A

SOLICITATION AND REVOCATION OF PROXIES

The enclosed proxy is solicited by the Board of Directors of Allied Healthcare Products, Inc., a Delaware corporation (the "Company"), for use at the Annual Meeting of Stockholders (the "Annual Meeting") to be held at 9:00 a.m., Central Time, Friday, November 14, 2003, or at any adjournment thereof, for the purposes set forth herein and in the accompanying Notice of Annual Meeting of Stockholders. The Annual Meeting will be held at the Corporate Headquarters of Allied Healthcare Products, Inc., 1720 Sublette, St. Louis, Missouri 63110. The proxy is revocable at any time prior to its exercise by delivering to the Company a written notice of revocation or a duly executed proxy bearing a later date or by attending the Annual Meeting and voting in person.

This proxy material is first being sent to stockholders on or about October 13, 2003.

OUTSTANDING SHARES AND VOTING RIGHTS

Stockholders of record at the close of business on Wednesday, October 1, 2003 are entitled to notice of and to vote at the Annual Meeting. As of the close of business on that date, there were outstanding and entitled to vote 7,813,932 shares of common stock, \$.01 par value ("Common Stock"), each of which is entitled to one vote. No cumulative voting rights exist under the Company's Amended and Restated Certificate of Incorporation. For information regarding the ownership of the Company's Common Stock by holders of more than five percent of the outstanding shares and by the management of the Company, see "Security Ownership of Certain Beneficial Owners and Management."

For purposes of determining the presence of a quorum and counting votes on the matters presented, shares represented by abstentions and "broker non-votes" (described below) will be counted as present, but not as votes cast, at the Annual Meeting. Under Delaware law and the Company's By-laws, the election of directors at the Annual Meeting will be determined on the basis of the five candidates receiving the highest pluralities of votes cast at the Annual Meeting. Any other matters submitted for consideration at the Annual Meeting requires the affirmative vote of the holders of a majority of the Company's Common Stock represented and voting at the Annual Meeting for approval. Proxies submitted by brokers that do not indicate a vote for some of the proposals because the brokers don't have discretionary voting authority and haven't received instructions from the beneficial owners on how to vote on those proposals are called "broker non-votes." Since the sole known item for consideration at the meeting is the election of directors, "broker non-votes" are not expected to affect results.

ITEM NO. 1

ELECTION OF DIRECTORS

The Company's Board of Directors is comprised of a single class. The directors are elected at the Annual Meeting of the Stockholders of the Company and each director elected holds office until his or her successor is elected and qualified. Stockholders in 2004. There are no family relationships among any directors or executive officers of the Company.

The persons named in the enclosed proxy will vote for the election of the nominees named below unless authority to vote is withheld. All nominees have

("Kaye Group") involving material non-public information. Mr. Weil was not an officer or director of Kaye Group. The transactions cited by the SEC in its complaint

2

involved less than one percent of the securities of Kaye Group beneficially owned by Mr. Weil and less than one-tenth of one percent of the Kaye Group's outstanding shares. Mr. Weil consented to the entry of a final judgment of permanent injunction and other relief, including disgorgement of alleged profits in the amount of \$47,000 and civil penalties of a like amount, but did not admit to nor deny any of the allegations in the SEC's complaint.

The purpose of the Plans is to provide a financial incentive to key employees who are in a position to make significant contributions to the Company. Options granted pursuant to the 1994 Employee Plan have an exercise price equal to the market price on the date of grant. Generally, these options become exercisable with respect to one-fourth of the shares covered thereby on each anniversary of the date of grant, commencing on the second anniversary thereof.
- (2) Potential realizable value is calculated based on an assumption that the price of the Company's Common Stock appreciates at the annual rate shown (5% and 10%), compounded annually, from the date of grant of the option until the end of the option term. The value is net of the exercise price but is not adjusted for the taxes that would be due upon exercise. The 5% and 10% assumed rates of appreciation are mandated by the rules of the SEC and do not in any way represent the Company's estimate or projection of future stock prices.

attendance at each meeting of committees of the Board of Directors. Directors are also entitled to reimbursement for their expenses in attending meetings.

1991 DIRECTORS PLAN. The Company's 1991 Directors Plan provides for the granting of options to the Company's directors who are not employees of the Company, for up to 100,000 shares of Common Stock (subject to adjustment in the event of a reorganization, merger, consolidation, stock split, dividend payable in Common Stock, split-up, combination or other exchange of shares).

The 1991 Directors Plan is administered by a Stock Option Committee of two or more members of the Board of Directors. Directors are not eligible to serve on such committee if such director has been granted an option under the plan during the twelve-month period preceding appointment to the committee, and no option may be granted to a director while serving on the committee.

Options granted or to be granted under the 1991 Directors Plan may not be exercised for a period of two years from the date of grant and thereafter become exercisable on a cumulative basis in 25% increments beginning on the second anniversary of the date of grant and concluding on the fifth anniversary of the date of grant. All options granted under the 1991 Directors Plan expire ten years from the date of grant.

Options granted or to be granted under the 1991 Directors Plan are nontransferable, and the exercise price must be equal to the fair market value of the Common Stock on the date of grant as determined pursuant to the 1991 Directors Plan. Upon exercise, the exercise price must be paid in full in cash or such other consideration as the Stock Option Committee may permit, subject to approval by a majority of the directors who have not been granted options under any plan of the Company during the previous twelve months.

The 1991 Directors Plan provides for the grant of options thereunder for the purchase of 10,000 shares of Common Stock to each eligible director on the date of the Company's initial public offering, each eligible director who subsequently becomes a director, and an additional option to the Chairman of the Board (provided he is an eligible director) with respect to 5,000 shares of Common Stock on the date he is elected to

9

such office. In connection with the adoption of the 1995 Directors Plan, the 1991 Directors Plan was terminated in November 1995.

1995 DIRECTORS PLAN. The 1995 Directors Plan provides for the granting of non-qualified stock options for up to 150,000 shares of Common Stock (subject to adjustment in the event of a reorganization, merger, consolidation, stock split, dividend payable in Common Stock, split-up, combination or other exchange of shares) to the members of the Board of Directors who are not employees of the Company or any of its subsidiaries.

Pursuant to the express terms of the 1995 Directors Plan, options to purchase 10,000 shares of Common Stock are granted to each eligible director on the date such person is first elected to the Board of Directors of the Company. An option to purchase an additional 5,000 shares of Common stock is granted to each eligible director on the date such person is first elected to serve as Chairman of the Board of the Company. These options may not be exercised for a period of two years from the date of grant and thereafter become exercisable on a cumulative basis in 25% increments beginning on the second anniversary of the date of grant and concluding on the fifth anniversary thereof.

In addition, the 1995 Directors Plan provides that options to purchase 1,000 shares of Common stock are granted to each eligible director on the date

Edgar Filing: ALLIED HEALTHCARE PRODUCTS INC - Form DEF 14A

such person is re-elected to the Board of Directors by the vote of the stockholders, at the annual or other meeting at which directors are elected, and that options to purchase 500 shares of Common Stock are granted to each eligible director on the date such person is elected or re-elected to serve as Chairman of a Committee maintained by the Board of Directors from time to time. These options may not be exercised for a period of one year from the date of grant and thereafter are exercisable in full.

In recognition of their past service to the Company, the 1995 Directors Plan also provided for the grant of options to purchase 3,000 shares of Common Stock to each eligible director who was serving on the Board of Directors at June 1, 1995 and provided for the grant of options to purchase 500 shares of Common Stock to each eligible director serving as Chairman of a Committee maintained by the Board of Directors at June 1, 1995. Options granted to such directors were not exercisable until June 1, 1996, at which time they became exercisable in full.

Other options may be granted under the 1995 Directors Plan from time to time pursuant to terms determined by the Board of Directors of the Company. All options granted under the 1995 Directors Plan are nontransferable and subject to certain limitations upon the removal or resignation of the director, as set forth in the 1995 Directors Plan, and expire ten years from the date of grant. No payments or contributions are required to be made by the directors other than in connection with the exercise of options. The 1995 Directors Plan will terminate on November 9, 2005 and no further options may be granted after such date.

The purchase price for shares of Common Stock to be purchased upon the exercise of options is equal to the last reported sales price per share of Common Stock on the Nasdaq National Market on the date of grant (or the last reported sales price on such other exchange or market on which the Common Stock is traded from time to time). Upon exercise of an option, the exercise price must be paid in full in cash or in kind or a combination thereof, by delivery of shares having a fair market value, or surrender of currently exercisable options having a value on the date of exercise, equal to the portion of the exercise price so paid, as determined by the Board of Directors.

As adopted, the 1995 Directors Plan was intended to provide formula awards in accordance with certain then-applicable exemptive rules of the SEC and is administered by the Board of Directors, which may delegate administration thereof to a committee of the Board. The Board may, in its discretion, terminate or suspend the 1995 Directors Plan at any time. The Board may also amend or revise the 1995 Directors Plan, or the terms of any option granted under the 1995 Directors Plan, without stockholder approval, provided that such amendment or revision does not, except as otherwise permitted, increase the number of shares reserved for issuance under the 1995 Directors Plan, change the purchase price established or expand the category of individuals eligible to participate in such plan. No amendment, suspension or termination will alter or impair

10

any rights or obligations under any option previously granted with the consent of the grantee. The Company receives no consideration for the grant of options under the 1995 Directors Plan.

INDEMNIFICATION AND LIMITATION OF LIABILITY

The Company's Amended and Restated Certificate of Incorporation provides that the Company's directors are not liable to the Company or its stockholders for monetary damages for breach of their fiduciary duties, except under certain circumstances, including breach of the director's duty of loyalty, acts or omissions not in good faith or involving intentional misconduct or a knowing violation of law or any transaction from which the director derived improper personal benefit. The Company's By-laws provide for the indemnification of the Company's directors and officers, to the full extent permitted by the Delaware General Corporation Law. The company also has indemnification agreements with each officer and director providing for contractual indemnification substantially similar in scope to the provisions of the By-Laws.

REPORT OF THE COMPENSATION COMMITTEE OF THE BOARD OF DIRECTORS

The Compensation Committee, composed entirely of non-employee, independent members of the Board of Directors, reviews, recommends and approves changes to the Company's compensation policies and program for the chief executive officer, other senior executives and certain key employees. In addition to the

delegated authority in areas of compensation, the Committee administers the Company's stock option plans and agreements and recommends to the Board of Directors annual or other grants to be made in connection therewith.

Edgar Filing: ALLIED HEALTHCARE PRODUCTS INC - Form DEF 14A

In the Committee's discharge of its responsibilities, it considers the compensation, primarily of the chief executive officer and the Company's other executive officers, and sets overall policy and considers in general the basis of the levels of compensation of other key employees.

POLICY AND OBJECTIVES. Recognizing its role as a key representative of the stockholders, the Committee seeks to promote the interests of stockholders by attempting to align management's remuneration, benefits and perquisites with the economic well being of the Company. Since the achievement of operational objectives should, over time, represent the primary determinant of share price, the Committee links elements of compensation of executive officers and certain key employees with the Company's operating performance. In this way, objectives under a variety of compensation programs should eventually reflect the overall performance of the Company. By adherence to the above program, the compensation process should provide for enhancement of stockholder value. Basically, the Committee seeks the successful implementation of the Company's business strategy by attracting and retaining talented managers motivated to accomplish these stated objectives. The Committee attempts to be fair and competitive in its views of compensation. Thus, rewards involve both business and individual performance. The key ingredients of the program consist of base salary, annual cash incentives and long range incentives consisting of stock options.

BASE SALARY. Base salaries for the chief executive officer, as well as other executive officers of the Company, are determined primarily based on performance. Generally, the performance of each executive officer is evaluated annually and salary adjustments are based on various factors including revenue growth, earnings per share improvement, increases in cash flow, new product development, market appreciation for publicly traded securities, reduction of debt and personal performance. In addition, the Committee compares salary data for similar positions in companies that match the Company's size in sales and earnings and utilizes such data as a factor in setting base salaries. Specific reference is made to the annual salary survey published by the Health Industry Manufacturers Association. Validation of this data is performed by an independent nationally recognized compensation consultant. The Committee approves base salary adjustments for the executive officers, including the chief executive officer.

CASH INCENTIVE COMPENSATION. To reward performance, the chief executive officer and other executive officers are eligible for annual cash bonuses. The actual amount of incentive compensation paid to each executive officer is predicated on an assessment of each participant's relative role in achieving the annual financial objectives of the Company as well as each such person's contributions of a strategic nature in maximizing stockholder value.

STOCK-BASED INCENTIVES. The Company's Employee Plans provide a long-term incentive program for the chief executive officer, other executive officers and certain other key employees. The basic objective of these plans is the specific and solid alignment of executive and stockholder interests by forging a direct relationship between this element of compensation and the stockholders' level of return. These programs represent a desire by the Company to permit executives and other key employees to obtain an ownership position and a proprietary interest in the Company's Common Stock.

Under these plans, approved by the stockholders, the Committee periodically recommends to the Board of Directors grants of stock options by the Board of Directors. Generally, the Committee attempts to reflect upon the optionee's potential impact on corporate financial and operational performance in the award of stock options.

REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS

The Audit Committee (the "Committee") oversees the Company's financial reporting process on behalf of the Board of Directors. (The Audit Committee Charter, as amended and restated at in May 2003, is attached as an Appendix to this Proxy Statement.). Management has the primary responsibility for the consolidated financial statements and the reporting process including the system

Edgar Filing: ALLIED HEALTHCARE PRODUCTS INC - Form DEF 14A

of internal controls. In fulfilling its oversight responsibilities, the Committee reviewed the audited consolidated financial statements in the Annual Report with management including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in the consolidated financial statements.

The Committee reviewed with the independent auditors, who are responsible for expressing an opinion on the conformity of those audited consolidated financial statements with generally accepted accounting principles, their judgments as to the quality, not just the acceptability, of the Company's accounting principles and such other matters as are required to be discussed with the Committee under generally accepted auditing standards. In addition, the Committee has discussed with the independent auditors the auditors' independence from management and the Company including the matters in the written disclosures required by the Independence Standards Board and considered the compatibility of nonaudit services with the auditors' independence.

The Committee discussed with the Company's independent auditors the overall scope and plans for their respective audits. The Committee meets with the independent auditors and management to discuss the results of their examinations, their evaluations of the Company's internal controls, and the overall quality of the Company's financial reporting. The Committee held three (3) meetings during fiscal year 2003. A sub-committee of the Audit Committee met three (3) times during fiscal year 2003 for the specific purposes of reviewing the quarterly financial results and press releases.

In reliance on the reviews and discussions referred to above, the Committee recommended to the Board of Directors (and the Board has approved) that the audited consolidated financial statements be included in the Annual Report on Form 10-K for the year ended June 30, 2003 for filing with the Securities and Exchange Commission.

Audit Committee
John D. Weil
William A. Peck
Brent D. Baird

John D. Weil, Chairman of the Board, is not deemed to be an independent director for purposes of the standards adopted by the NASD and NASDAQ relating to the composition of audit committees due to his position as an officer of the Company and the substantial share ownership position held by Woodbourne Partners and Clayton Management Company. It is the Company's view that Mr. Weil's membership on the audit committee constitutes an exceptional and limited circumstance to the independence requirements because Mr. Weil can provide significant expertise and service not otherwise currently available to the Company and therefore Mr. Weil may, in the Company's view be appointed to the Audit Committee pursuant to NASD Rule 4350(d)(2)(B). In this connection, the Company notes that Mr. Weil's service as an independent director and audit committee member on other boards of directors provides an important level of financial experience to the audit committee. The Company does not engage in transactions with Clayton Management Company or Woodbourne Partners.

Under the revised standards adopted by NASDAQ implementing provisions of the Sarbanes-Oxley Act of 2002 amending the federal securities laws, and under the Company's restated Audit Committee Charter, Mr. Weil is not eligible for continued service on the Audit Committee and will be replaced effective as of the date of the Annual Meeting of Shareholders.

Edgar Filing: ALLIED HEALTHCARE PRODUCTS INC - Form DEF 14A

PricewaterhouseCoopers LLP has no direct or indirect material financial interest in the Company or its subsidiaries. Representatives of PricewaterhouseCoopers LLP are expected to be present at the meeting and will be given the opportunity to make a statement on the firm's behalf if they so desire. The representatives also will be available to respond to appropriate questions raised by those in attendance at the meeting.

AUDIT FEES

Fees to PricewaterhouseCoopers LLP for the audit of the Company's annual financial statements for the fiscal year ended June 30, 2003 and their reviews of the Company's Quarterly Reports on Form 10-Q filed during the last fiscal year are \$137,500 of which an aggregate amount of \$82,500 has been billed through June 30, 2003.

ALL OTHER FEES

Fees to PricewaterhouseCoopers LLP for their review of the Company's income tax provisions, preparation of the Company's federal and state income tax returns and audit of the Company's Retirement Income Savings Plan are \$62,800, none of which has been billed through June 30, 2003.

The Audit Committee has considered whether the provision of the services described above under the caption "All Other Fees" is compatible with maintaining PricewaterhouseCoopers LLP's independence.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires the Company's directors, executive officers and persons who own more than ten percent of a registered class of the Company's equity securities to file with the SEC initial reports of beneficial ownership and reports of changes in beneficial ownership of common stock and other equity securities of the Company. Executive officers, directors and greater than ten percent stockholders are required by SEC regulation to furnish the Company with copies of all Section 16(a) forms which they file.

To the Company's knowledge, based solely on review of information furnished to the Company, reports filed through the Company and representations that no other reports were required, all Section 16(a) filing requirements applicable to its directors, executive officers and greater than ten percent beneficial owners were complied with during the year ended June 30, 2003.

OTHER INFORMATION

On August 21, 1996, the Board of Directors entered into a Rights Agreement pursuant to which one preferred stock purchase right (a "Right") per share of Common Stock was distributed as a dividend to stockholders of record on the close of business on September 4, 1996. Each Right, when exercisable, will entitle the holder thereof to purchase one one-hundredth of a share of Series A Preferred Stock at a price of \$40.00 per share. The Rights will be exercisable only if a person or group acquires 25% or more of the outstanding shares of Common Stock of the Company or announces a tender offer following which it would hold 25% or more of such outstanding Common Stock. The Rights entitle the holders, other than the acquiring person, to purchase Common Stock having a market value of two times the exercise price of the Right. If, following the acquisition by a person or group of 25% or more of the Company's outstanding shares of Common Stock, the Company were acquired in a merger or other business combination, each Right would be exercisable for that number of the acquiring company's shares of common stock having a market value of two times the exercise price of the Right. The Company may redeem the Rights at one cent per Right at

The Audit Committee shall discuss with the auditors their independence from management and the Company and the matters included in the written disclosures required by the Independence Standards Board or as required by the Public Company Accounting Oversight Board. The Audit Committee shall review in advance and authorize any non-audit services to be performed by the Company's independent auditors and in connection therewith shall evaluate the impact of such services on the auditors' independence. Annually, the Audit Committee shall review and recommend to the board the selection of the Company's independent auditors.

- The Audit Committee shall discuss with management and the independent auditors the overall scope and plans for the audit including the adequacy of staffing and compensation. The Audit Committee shall discuss with management and the independent auditors the adequacy and effectiveness of the accounting and financial controls, including the Company's system to monitor and manage business risk, and legal and ethical compliance programs. The Audit Committee shall meet separately with the independent auditors, with the Company's internal auditors and with internal accounting personnel, with and without management present, to discuss the results of their respective examinations. The Audit Committee shall annually review the performance, staffing and resources of the Company's internal audit staff.
