Edgar Filing: MICHAELS STORES INC - Form DEF 14A

You may vote by either attending the Annual Meeting or signing and dating each proxy card you receive and returning it in the enclosed prepaid envelope. We encourage you to complete and send in your proxy card without delay.

All shares represented by valid proxies, unless the stockholder otherwise specifies, will be voted:

FOR the election of each of the persons identified in Proposal For Election of Directors as nominees for election as directors;

FOR the ratification of the selection of Ernst & Young LLP as our independent registered public accounting firm for fiscal 2006; and

At the discretion of the proxy holders with regard to any other matter that may properly come before the Annual Meeting.

Table of Contents

for each of the nominees for election as directors and for the ratification of the selection of Ernst & Young LLP as our independent registered public accounting firm for fiscal 2006.

Q: If I abstain from voting or withhold authority to vote on any proposal or withhold authority to vote for any director nominee, will my shares be counted in the vote?

A: If you abstain from voting on the Proposal For Election of Directors, your shares will not be counted in the vote for any director nominee. If you withhold authority to vote for any director nominee, your shares will not be counted in the vote for that nominee. If you abstain from voting or withhold authority to vote on the Proposal For Ratification of the Selection of our Independent Registered Public Accounting Firm, your shares will not be counted in the vote for that proposal.

Q: If my shares are held in street name by my broker, will my broker vote my shares for me?

A: Your broker has limited discretion to vote street name shares without your instructions. For example, your broker could vote your shares without your instructions on each of the proposals but is not required to do so. To be sure your shares are voted, you should instruct your broker to vote your shares using the instructions provided by your broker. If you do not instruct your broker on how to vote your shares, your shares may not be counted in the vote on the Proposal For Election of Directors or the Proposal For Ratification of our Independent Registered Public Accounting Firm.

Q: Can I change my vote after I mail my proxy?

A: Yes. You can change your vote at any time before your proxy is voted at the Annual Meeting. You may revoke your proxy by:

attending the Annual Meeting and voting in person. Your attendance alone will not revoke your proxy you must also vote in person at the Annual Meeting.

If you instruct a broker to vote your shares, you must follow your broker's directions for changing those instructions.

Q: What does it mean if I receive more than one proxy card?

A: If you receive more than one proxy card, it is because your shares are in more than one account. You will need to sign and return all proxy cards to ensure that all of your shares are voted at the Annual Meeting.

Q: Who will count the vote?

A: Representatives of Computershare Investor Services, L.L.C., our transfer agent, will tabulate the votes and act as inspectors of election.

Q: What constitutes a quorum?

A: As of April 24, 2006, the record date, 132,517,233 shares of our common stock were issued and outstanding. A majority of the issued and outstanding shares present or represented by proxy will constitute a quorum for the

transaction of business at the Annual Meeting. If you submit a properly executed proxy card, then your shares will be counted as part of the quorum. Abstentions or votes that are withheld on any matter will be counted towards a quorum but will be excluded from the vote relating to the particular matter under consideration. Broker non-votes will be counted towards a quorum but will be excluded from the vote with respect to the matters for which they are applicable.

Q: What is the required vote for election of each director?

A: The required vote for election of each director is a plurality of the votes of the shares of common stock having voting power present or represented by proxy at the Annual Meeting. Therefore, the six nominees receiving the highest number of votes will be elected.

Table of Contents

Q: What is the required vote for ratification of the selection of Ernst & Young LLP as our independent registered public accounting firm for fiscal 2006?

A: The approval of the holders of a majority of the total number of outstanding shares of our common stock present or represented by proxy at the Annual Meeting and actually voted on the proposal is necessary to ratify the selection of Ernst & Young LLP as our independent registered public accounting firm for fiscal 2006. However, pursuant to the Audit Committee Charter, our Audit Committee has sole authority to appoint our independent registered public accounting firm, and our Audit Committee will not be bound by the ratification of, or failure to ratify, the selection of Ernst & Young LLP. The Audit Committee will, however, consider any failure to ratify the selection of Ernst & Young LLP in connection with the appointment of our independent registered public accounting firm the following fiscal year.

Q: How much will this proxy solicitation cost?

A: We have hired Morrow & Co., Inc. to assist us in the distribution of proxy materials and solicitation of votes at a cost of approximately \$7,500, plus out-of-pocket expenses. We will reimburse brokerage firms and other custodians, nominees and fiduciaries for their reasonable out-of-pocket expenses for forwarding proxy and solicitation materials to the owners of our common stock. Our officers and regular employees may also solicit proxies, but they will not be specifically compensated for these services. In addition to the use of the mail, proxies may be solicited personally or by telephone by employees of Michaels or Morrow & Co.

Table of Contents**PROPOSAL FOR ELECTION OF DIRECTORS**

Our Board of Directors has six members, a majority of whom are independent directors. All directors serve until the next annual meeting of stockholders and until their successors are duly elected and qualified or until the earlier of their resignation, death or removal. Our Governance and Nominating Committee has recommended, and our Board has approved, the nomination of the six nominees listed below. The nominees have indicated their willingness to serve as members of the Board if elected; however, in case any nominee becomes unavailable for election to the Board for any reason not presently known or contemplated, the proxy holders have discretionary authority to vote proxies for a substitute nominee or nominees. Proxies cannot be voted for more than six nominees.

CORPORATE GOVERNANCE

Our Board is responsible for providing effective governance over Michaels' affairs. Michaels' corporate governance practices are designed to align the interests of the Board and management with those of Michaels' stockholders and to promote honesty and integrity throughout the company. Highlights of Michaels' corporate governance practices are described below.

A copy of the current charter, as approved by our Board, for each of our Audit Committee, Governance and Nominating Committee and Compensation Committee and a copy of our Corporate Governance Guidelines and Code of Business Conduct and Ethics are available on our Internet website at www.michaels.com under Corporate Information. Copies are also available to stockholders upon request from our Investor Relations Department. Furthermore, we will post any amendments to our Code of Business Conduct and Ethics, or waivers of the Code for our directors or executive officers, on our Internet website at www.michaels.com under Corporate Information.

Stockholder Communications with the Board

Stockholders may communicate with the Board by mail, with the envelope containing the communication addressed as follows: Board Communication, c/o Secretary, Michaels Stores, Inc., 8000 Bent Branch Drive, Irving, Texas 75063. Michaels' Secretary will review all such communications and will, within a reasonable period of time after receiving the communications, forward all such communications to the Chairman of the Board, other than those communications that are merely solicitations for products or services or relate to matters that are of a type which render them improper or irrelevant to the functioning of the Board and Michaels. The Chairman of the Board will relay to the full Board those communications that have been forwarded to him.

Board and Committee Matters

During fiscal 2005, our Board held eight meetings and acted by unanimous written consent seven times. In addition to meetings of the full Board, directors attended meetings of Board committees. Each incumbent director attended at least 87% of the aggregate number of meetings of the Board and the committees on which he or she served. Michaels expects its directors to attend its annual meetings of stockholders. In 2005, all members of the Board attended the annual meeting of stockholders.

Director Independence

Our Corporate Governance Guidelines require that a majority of the members of our Board of Directors satisfy the independence requirements set forth in the rules of the New York Stock Exchange. Our Board has adopted categorical independence standards for determining the independence of our directors. For purposes of these standards, our Board of Directors considers an immediate family member to include a spouse, parents, children, siblings, mothers and fathers-in-law, sons and daughters-in-law, brothers and sisters-in-law, and anyone (other than domestic employees) who shares the director's home. The standards provide that an independent director is a director who:

is not, nor has been within the three years preceding the date of the independence determination, an employee of Michaels, and none of his or her immediate family members is, or has been within the three years preceding the date of the independence determination, an executive officer of Michaels;

has not received, and none of his or her immediate family members has received, during any twelve-month period within the three years preceding the date of the independence determination, more than \$100,000 in

direct compensation from Michaels, (i) other than director and committee fees and pension or other forms of deferred compensation for prior service (provided such compensation is not contingent in any way on continued service), (ii) excluding compensation received by a director for former service as an interim Chairman or CEO or other executive officer of Michaels, and (iii) excluding compensation received by an immediate family member for service as a non-executive employee of Michaels;

is not a current partner or employee, and none of his or her immediate family members is currently a partner, of a firm that is Michaels' internal or external auditor;

does not have an immediate family member who is a current employee of a firm that is Michaels' internal or external auditor and who participates in the firm's audit, assurance or tax compliance (but not tax planning) practice;

was not, and none of his or her immediate family members was, within the three years preceding the date of the independence determination, a partner or employee of a firm that is Michaels' internal or external auditor and personally worked on Michaels' audit within that time;

is not, nor has been, and none of his or her immediate family members is, or has been, within the three years preceding the date of the independence determination, employed as an executive officer of another company where any of Michaels' present executive officers at the same time serves or served on that company's compensation committee; and

is not a current employee, and none of his or her immediate family members is currently an executive officer, of a company (other than a tax exempt organization) that has made payments to, or received payments from, Michaels for property or services in an amount which, in any of the three fiscal years preceding the date of the independence determination, exceeds the greater of \$1 million or 2% of such other company's consolidated gross revenues.

The categorical independence standards also provide that, in making a determination regarding a director's independence, any interest or relationship of a director of a type described in Item 404 of Regulation S-K that is not required to be disclosed pursuant to Item 404 shall be presumed not to be inconsistent with the independence of such director, except to the extent otherwise expressly provided with respect to a particular interest or relationship in the rules established by the New York Stock Exchange.

Our Board has determined that each of our four independent directors, Richard E. Hanlon, Richard C. Marcus, Liz Minyard and Cece Smith, meets the categorical independence standards set forth above.

Meetings of Non-Management and Independent Directors

Our Corporate Governance Guidelines require our non-management directors to meet at regularly scheduled executive sessions without management. The Guidelines further provide that the position of presiding director for executive sessions of non-management directors shall be rotated for each meeting among the non-management directors on an alphabetical basis. If one or more non-management directors do not satisfy applicable independence requirements set forth in the rules of the New York Stock Exchange and under applicable law, then at least once each year an executive session including only independent directors will be held. Stockholders may communicate with the non-management directors by mail, with the envelope containing the communication addressed as follows: Non-Management Directors, c/o Secretary, Michaels Stores, Inc., 8000 Bent Branch Drive, Irving, Texas 75063. Michaels' Secretary will review all such communications and will, within a reasonable period of time after receiving the communications, forward all such communications to the non-management directors, other than those communications that are merely solicitations for products or services or relate to matters that are of a type which render them improper or irrelevant to the functioning of the Board and Michaels.

Board Committees

As required by our Corporate Governance Guidelines, our Board has three active standing committees, each of which is required by its charter to consist of no fewer than three directors satisfying the applicable current independence criteria of the New York Stock Exchange. The three members of the Governance and Nominating Committee are Richard C. Marcus (Chairman), Richard E. Hanlon and Cece Smith. The three members of the Compensation Committee are Richard E. Hanlon (Chairman), Richard C. Marcus and Liz Minyard. The three members of the Audit Committee are Cece Smith (Chairman), Richard C. Marcus and Liz Minyard.

Governance and Nominating Committee

Michaels believes that placing the responsibility for nominating directors in the hands of an independent committee, along with charging that committee with the responsibility of taking a leadership role in shaping Michaels' corporate governance matters, enhances the independence and quality of its Board and of its corporate governance practices. Therefore, under the terms of its amended and restated charter, the Governance and Nominating Committee is charged with the responsibility of identifying individuals qualified to become Board members by recommending to the Board candidates to fill vacancies and newly-created positions on the Board and recommending to the Board director nominees for election by the stockholders at the annual meeting of stockholders, including recommendations as to whether incumbent members of the Board should be nominated for re-election to the Board. The Governance and Nominating Committee reviews the qualifications of, and makes recommendations to the Board concerning, director nominees submitted by stockholders. At any annual meeting, stockholders may nominate a person for election as a director but only upon notice to the Secretary of Michaels given in accordance with the notice provisions in Michaels Restated Certificate of Incorporation.

The Governance and Nominating Committee has also adopted policies and procedures by which Michaels stockholders may submit director candidates to the Governance and Nominating Committee for consideration. If the Governance and Nominating Committee receives, by a date not later than the 120th calendar day before the anniversary of the date that Michaels' proxy statement was released to its stockholders in connection with its previous year's annual meeting, a recommendation for a director nominee (a Director Candidate) from a stockholder or group of stockholders that beneficially owned more than 5% of Michaels' outstanding common stock for at least one year as of the date of the recommendation, then such Director Candidate will be considered and evaluated by the Governance and Nominating Committee for the annual meeting immediately succeeding the date that proper written notice was timely delivered to and received by the Governance and Nominating Committee. Where the date of Michaels' annual meeting of stockholders changes by more than 30 calendar days from the previous year's annual meeting, such written notice of the recommendation for the Director Candidate will be considered timely if, and only if, it is received by the Governance and Nominating Committee no later than the close of business on the 10th calendar day following the first day on which notice of the date of the upcoming annual meeting is publicly disclosed by Michaels, unless such notice specifies a different date for stockholder recommendations for a Director Candidate to be timely.

Written notice from an eligible stockholder or group of eligible stockholders to the Governance and Nominating Committee recommending a Director Candidate must contain or be accompanied by:

proof that the stockholder or group of stockholders submitting the recommendation has beneficially owned, for the required one-year period, a number of shares of Michaels common stock necessary to qualify the stockholder or group of stockholders to make such a recommendation;

a written statement that the stockholder intends, or group of stockholders intend, to continue to beneficially own the number of shares of Michaels common stock necessary to qualify such stockholder or group of stockholders to make a Director Candidate recommendation through the date of the next annual meeting of the stockholders of Michaels;

the name of each stockholder submitting the Director Candidate for consideration, the name of the individual recommended as a Director Candidate, and the written consent of each such stockholder and the Director Candidate to be publicly identified, and with respect to the Director Candidate, a written consent agreeing to (i) be named in Michaels' proxy materials and (ii) serve as a member of the Board (and any committee of the Board to which the Director Candidate is assigned to serve by the Board) if elected;

with respect to the Director Candidate, his or her name, age, business and residential address, principal occupation or employment, number of shares of Michaels common stock beneficially owned, a resume or similar document detailing personal and professional experiences and accomplishments, and all other information relating to the Director Candidate that would be required to be disclosed in a proxy

Table of Contents

statement or other filing made in connection with the solicitation of proxies for the election of directors pursuant to the Securities Exchange Act of 1934, the rules of the Securities and Exchange Commission and the listing requirements and other criteria of the New York Stock Exchange; and

a written statement that each submitting stockholder and the Director Candidate will make available to the Governance and Nominating Committee all information reasonably requested in connection with the Governance and Nominating Committee's evaluation of the Director Candidate.

To ensure flexibility with respect to the director nominee evaluation process, the Governance and Nominating Committee has not established specific, minimum qualifications that an individual must meet in order to become a member of the Board. However, the Governance and Nominating Committee believes that Michaels is best served when the members of the Board:

provide the Board with a variety of experiences and backgrounds to draw from;

exhibit strong leadership in their particular field or area of expertise;

possess the ability to exercise sound business judgment;

have strong educational backgrounds or equivalent life experiences;

have substantial experience both in the business community and outside the business community;

contribute positively to the existing collaborative culture among Board members;

represent the best interests of all of Michaels' stockholders and not just one particular constituency;

have experience as a senior manager, executive or director of an organization of significant size, complexity or prominence (or experience with such an organization in a similar capacity, however designated);

consistently demonstrate integrity and ethics in their personal and professional life; and

have the time and ability to participate fully in Board activities, including attendance at, and active participation in, meetings of the Board and the committee or committees of which they are a member.

The Governance and Nominating Committee is also charged with the responsibility of developing and recommending corporate governance principles applicable to Board members and Michaels' employees. The Governance and Nominating Committee Charter requires the committee to develop and recommend guidelines for that purpose consistent with federal and state law and the rules of the Securities and Exchange Commission and the New York Stock Exchange, giving appropriate attention to best corporate governance practices. In response to that requirement, the Governance and Nominating Committee developed and recommended, and the Board has adopted, the amended and restated Corporate Governance Guidelines available on our Internet website. The Governance and Nominating Committee also (i) oversees the evaluation of the performance of the Board and Michaels' management against the Corporate Governance Guidelines, and (ii) reviews possible conflicts of interest. During fiscal 2005, the Governance and Nominating Committee met five times.

Compensation Committee

To further enhance the effectiveness of Michaels' corporate policies and practices, under the terms of its amended and restated charter, the Compensation Committee reviews, approves and administers Michaels' policies, programs, procedures and objectives for compensating its executive officers. The Compensation Committee is responsible for determining and approving the compensation of Michaels' Chief Executive Officer and reporting that determination to the Board. The Compensation Committee also reviews and approves the compensation levels of all other executive officers. In addition to these compensation determinations, the Compensation Committee makes recommendations to the Board with respect to the approval and adoption of all cash- and equity-based incentive compensation plans in which any of Michaels' executive officers participate. The Compensation Committee reviews Board compensation policies, but only the Board may determine compensation for directors, although in approving the 2005 Incentive Compensation Plan the Board delegated to the Compensation Committee the authority to grant awards to directors under that plan.

Table of Contents

The Compensation Committee acts as the committee of the Board that administers the 1997 Employees Stock Purchase Plan, 1997 Stock Option Plan, 2001 Employee Stock Option Plan, 2001 General Stock Option Plan and 2005 Incentive Compensation Plan. With respect to the 2005 Incentive Compensation Plan, the Compensation Committee has the power to grant equity-based awards under that plan and to determine, subject to limitations in that plan, when options or other awards will vest or become exercisable under that plan. Since the adoption of the 2005 Incentive Compensation Plan in June 2005, options are no longer granted under the 1997 Stock Option Plan, the 2001 Employee Stock Option Plan or the 2001 General Stock Option Plan. During fiscal 2005, the Compensation Committee met five times and acted by unanimous written consent fourteen times.

Compensation Committee Interlocks and Insider Participation

During fiscal 2005, Richard E. Hanlon, Richard C. Marcus and Liz Minyard served as members of the Compensation Committee. None of the members of the Compensation Committee (i) was an officer or employee of Michaels during the fiscal year, (ii) was formerly an officer of Michaels, or (iii) had any relationships requiring disclosure by Michaels under the Securities and Exchange Commission's rules with respect to certain relationships and related party transactions. Furthermore, none of our executive officers serves as a member of the board of directors or compensation committee of any entity that has one or more executive officers serving on our Board or Compensation Committee.

Audit Committee

Our Audit Committee Charter requires that all members of the Audit Committee satisfy the independence criteria of the New York Stock Exchange and the Securities Exchange Act of 1934 and all rules and applicable standards promulgated by the New York Stock Exchange or the Securities and Exchange Commission. The charter also requires that the Audit Committee members meet the financial literacy requirements of the New York Stock Exchange rules, that at least one Audit Committee member satisfies the accounting or related financial management expertise standards of the New York Stock Exchange rules and that at least one Audit Committee member satisfies the criteria for an audit committee financial expert, as that term is defined in Securities and Exchange Commission rules. All three members of the Audit Committee meet (i) the independence requirements and the financial literacy requirements of the New York Stock Exchange and (ii) the independence requirements of the Securities Exchange Act of 1934. Our Board has determined that Cece Smith, the Chairman of the Audit Committee, satisfies the accounting or related financial management expertise standards of the New York Stock Exchange and satisfies the criteria adopted by the Securities and Exchange Commission to serve as the audit committee financial expert of Michaels.

Under its charter, the Audit Committee is generally responsible for overseeing Michaels' financial reporting process and assists the Board in fulfilling the Board's oversight responsibilities with respect to: (i) the integrity of Michaels' financial statements; (ii) Michaels' compliance with legal and regulatory requirements; (iii) the qualifications and independence of Michaels' independent registered public accounting firm; and (iv) the performance of the independent registered public accounting firm and of Michaels' internal audit function. In fulfilling its obligations, the Audit Committee directly appoints, retains, terminates and determines the compensation of Michaels' independent registered public accounting firm. The Audit Committee is also responsible for the resolution of disagreements between management and the independent registered public accounting firm along with the pre-approval and approval of all audit and non-audit engagement fees, terms and services with the independent registered public accounting firm in a manner consistent with the Sarbanes-Oxley Act of 2002 and all rules and applicable standards promulgated by the Securities and Exchange Commission or the New York Stock Exchange. Michaels' independent registered public accounting firm is required to report directly to the Audit Committee concerning, among other things, the independent registered public accounting firm's internal quality control procedures, the independence of the accountants and the plans for, and the scope and conduct of, annual audits. The Audit Committee has developed procedures for (i) receiving and dealing with complaints regarding accounting, internal accounting controls or auditing matters and

(ii) the confidential submission by employees of concerns regarding questionable accounting or auditing matters. These procedures are disclosed on Michaels website at www.michaels.com under Corporate Information. During fiscal 2005, the Audit Committee met sixteen times.

**PROPOSAL FOR RATIFICATION OF THE SELECTION OF OUR INDEPENDENT REGISTERED
PUBLIC ACCOUNTING FIRM**

Pursuant to the Audit Committee Charter, the Audit Committee has the sole authority to retain Michaels' independent registered public accounting firm. The Board requests that the stockholders ratify the Audit Committee's selection of Ernst & Young LLP as Michaels' independent registered public accounting firm for fiscal 2006.

The Audit Committee will not be bound by the ratification of, or failure to ratify, the selection of Ernst & Young LLP, but the Audit Committee will consider any failure to ratify the selection of Ernst & Young LLP in connection with the appointment of our independent registered public accounting firm in the following fiscal year.

The Board recommends a vote FOR ratification of the Audit Committee's selection of Ernst & Young LLP as Michaels' independent registered public accounting firm for fiscal 2006.

AUDIT COMMITTEE REPORT

The Audit Committee Charter requires our Audit Committee to undertake a variety of activities designed to assist our Board in fulfilling its oversight role regarding our independent registered public accounting firm's independence, our financial reporting process, our systems of internal controls and our compliance with applicable laws, rules and regulations. These activities are briefly summarized in this Proxy Statement under the caption "Corporate Governance - Audit Committee." The Audit Committee Charter also makes it clear that the independent registered public accounting firm is ultimately accountable to the Board and the Audit Committee, not management.

The internal accountants of Michaels prepare Michaels' consolidated financial statements and Michaels' independent registered public accounting firm is responsible for auditing those financial statements. The Audit Committee monitors and reviews the financial reporting processes implemented by management but does not conduct any auditing or accounting reviews. The members of the Audit Committee are not employees of Michaels and do not represent themselves as experts in the field of accounting or auditing. Instead, the Audit Committee relies, without independent verification, on management's representation that the financial statements have been prepared in conformity with generally accepted accounting principles and on the representations of our independent registered public accounting firm included in its report on our financial statements. The Audit Committee's oversight does not provide them with an independent basis for determining whether management has maintained appropriate accounting and financial reporting principles or policies or appropriate internal controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations. Furthermore, the Audit Committee's discussions with management and its accountants do not ensure that the financial statements are presented in accordance with generally accepted accounting principles, that the audit of the financial statements has been carried out in accordance with generally accepted auditing standards or that our independent registered public accounting firm is in fact independent.

We have engaged Ernst & Young LLP as our independent registered public accounting firm to audit and report to our stockholders on our financial statements for fiscal 2006 and on our management's assessment of, and the effectiveness of, our internal controls over financial reporting. The Audit Committee has discussed with management and Ernst & Young LLP significant accounting policies applied by the Company in its financial statements as well as alternative treatments, including (i) the transition from the retail inventory method for accounting for merchandise inventories to the weighted average cost method, (ii) the early adoption of SFAS No. 123(R), *Share-Based Payment*, and (iii) the refinements made to our calculation for deferring costs related to preparing inventory for sale and for vendor allowance recognition. For a more detailed discussion of these accounting items, see our *Annual Report on Form 10-K*

for the fiscal year ended January 28, 2006 Item 7. *Management's Discussion and Analysis of Financial Condition and Results of Operations.* During fiscal 2005, there were no disagreements with Ernst & Young LLP on any matter of accounting principle or practice, financial statement disclosure or auditing scope or procedure, which, if not resolved to the satisfaction of Ernst & Young LLP, would have caused them to make a reference to the subject matter of the disagreement in connection with its reports.

Table of Contents

The Audit Committee has reviewed and discussed with our management and Ernst & Young LLP the audited financial statements of Michaels contained in our Annual Report on Form 10-K for the fiscal year ended January 28, 2006, as well as the report of our management and Ernst & Young LLP's opinion thereon regarding the effectiveness of our management's assessment of Michaels' internal control over financial reporting. The Audit Committee has also discussed with our independent registered public accounting firm the matters required to be discussed pursuant to SAS No. 61 (Codification of Statements on Auditing Standards, *Communication with Audit Committees*).

The Audit Committee has also received and reviewed the written disclosures and the letter from Ernst & Young LLP required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees) and has discussed with Ernst & Young LLP its independence.

The Audit Committee discussed with our internal accountants and Ernst & Young LLP the overall scope and plans for their respective audits. The Audit Committee meets with the internal accountants and our independent registered public accounting firm, with and without management present, to discuss the results of their examinations, their evaluations of Michaels' internal controls, and the overall quality of Michaels' financial reporting.

Based on the review and discussions referred to above, the Audit Committee recommended to the Board that the audited financial statements be included in our Annual Report on Form 10-K for the fiscal year ended January 28, 2006, as filed with the Securities and Exchange Commission.

The Audit Committee considered whether, and concluded that, the provision by Ernst & Young LLP of the services referred to under "Tax Fees" and "All Other Fees" below is compatible with maintaining the independence of Ernst & Young LLP.

This report is submitted by the members of the Audit Committee of the Board of Directors.

The Audit Committee may delegate the authority to grant any pre-approvals to one or more members of the Audit Committee, provided that such member(s) reports any pre-approvals to the Audit Committee at its next scheduled meeting. The Audit Committee has delegated pre-approval authority to its chairman.

COMPENSATION COMMITTEE REPORT

What is our compensation philosophy?

The objectives of our executive officer compensation program are to:

attract and retain highly qualified individuals who make contributions that result in Michaels meeting its financial goals;

motivate employees to high levels of performance;

differentiate individual pay based on performance;

ensure external competitiveness and internal equity of total compensation; and

align company, employee and stockholder interests.

We believe in a total compensation approach, with an emphasis on variable components of pay including bonus and equity-based awards. Executive officers performing at a high level should be well compensated through cash compensation sufficient to retain such executives and through equity-based awards that align the interests of such executives with the interests of the stockholders and stimulate focus on long-term stockholder value enhancement.

How is compensation determined?

Overview

The Compensation Committee is responsible for determining our Chief Executive Officer's compensation level, an office that is currently vacant as a result of Mr. Rouleau's retirement on March 15, 2006. On the recommendation of Michaels' senior management, the Compensation Committee also reviews, determines and approves the compensation level of all other executive officers of Michaels. In determining compensation levels for Michaels' executive officers, the Compensation Committee considers the scope of an individual's responsibilities, external competitiveness of total compensation, an individual's performance and prior experience, the performance of the company and the attainment of planned financial and strategic initiatives. These factors are evaluated by the Compensation Committee with no particular weight given to any one factor. The Compensation Committee also considers the prevailing compensation levels in relevant markets for executive-level employees when considering the compensation levels of our executive officers; however, this compensation data is merely used as a guide by the committee in making its compensation determinations. In connection with making its 2006 compensation determinations, a customized study analyzing the total compensation elements for a specific retail peer group was prepared for and reviewed by the Compensation Committee. The Compensation Committee also consulted executive compensation experts in the course of evaluating the compensation levels for our executive officers.

Base Salaries

Base salaries for our executive officers are established based on the scope of their responsibilities, individual performance and prior experience, Michaels' operating and financial performance and the attainment of planned financial and strategic initiatives, taking into account competitive market compensation paid by similar companies for similar positions. The Compensation Committee sets base salaries at a level designed to attract and retain highly

qualified individuals who make contributions that result in Michaels meeting its operating and financial goals. Base salaries are reviewed annually and adjusted as deemed appropriate by the Compensation Committee.

Annual Bonuses

In approving the annual plans for executive officer bonuses, the Compensation Committee provides financial incentives to those members of management who can make an important contribution to our success by tying the bonuses to the attainment of certain financial, operational and strategic objectives. These

Table of Contents

objectives may be different from individual to individual. Each participating executive officer is entitled to a bonus equal to a certain percentage of that executive officer's salary based upon the attainment of the established objectives.

Equity-Based Compensation

In compensating executive officers through equity-based awards, the Compensation Committee, pursuant to certain established guidelines, makes discretionary awards based upon the level of responsibility and performance of the individual receiving the award and, beginning in 2006, upon the dollar value the awards are expected to deliver over a three-year period. The Compensation Committee reviews and approves the guidelines used for such discretionary awards.

Other Benefits and Perquisites

Our executive compensation also includes certain other benefits and perquisites. These benefits include annual matching contributions to executive officers' deferred compensation and 401(k) accounts, the payment of life insurance premiums, company-paid medical benefits and, in some cases, reimbursement for income taxes on taxable benefits. The perquisites for our most senior executives may also include the personal use of company-owned automobiles and payment of or reimbursement for club membership dues. For more detailed information regarding benefits and perquisites provided to our Named Executive Officers, please see the section of this Proxy Statement entitled "Management Compensation" Summary Compensation Table.

How are our incentive compensation programs used to focus management on increasing stockholder value?

In June of 2005, Michaels' stockholders approved the Michaels Stores, Inc. 2005 Incentive Compensation Plan. Prior to this plan's adoption, Michaels maintained stock option plans for its directors, officers and key employees. The 2005 Incentive Compensation Plan permits the grant of various types of incentive compensation, including options, appreciation rights, restricted stock, restricted stock units, performance shares and performance units, thereby providing Michaels with greater flexibility to create incentives for and compensate its directors, executive officers and key employees. Since the adoption and approval of the 2005 Incentive Compensation Plan, Michaels may not issue stock options under any other prior existing plan. Accordingly, all incentive awards to directors, executive officers and key employees since June 2005 have been, and all future awards will be, made under the 2005 Incentive Compensation Plan.

We believe that the grant of equity-based awards aligns executive and stockholder long-term interests by creating a strong and direct link between executive compensation and stockholder return.

How have we responded to the IRS limits on deductibility of compensation?

Section 162(m) of the Code limits the deductibility of compensation in excess of \$1 million paid to the Chief Executive Officer or any of the four other most highly compensated executive officers, unless such compensation qualifies as performance based compensation. Options granted under our 1997 Stock Option Plan and 2001 General Stock Option Plan prior to the adoption of our 2005 Incentive Compensation Plan are intended to meet the performance based compensation exception to the annual \$1 million limitation on the tax deduction we may claim for compensation of certain executive officers. Although our executive officer bonus program does not currently meet the exception to the IRS deduction limitation, awards and bonuses under our 2005 Incentive Compensation Plan are intended to satisfy this exception. While the Compensation Committee is cognizant of the tax deduction limitations applicable to our executive officer compensation program, the committee may from time to time set compensation levels outside the deduction limitations if it deems such departure is warranted.

Table of Contents

How has our Chief Executive Officer been compensated?

The Compensation Committee is charged with determining the compensation level of our Chief Executive Officer, formerly Mr. Rouleau. As our Chief Executive Officer, Mr. Rouleau received a base salary of \$808,100 in 2005, and the Compensation Committee believes this level of base salary was necessary in order to retain a qualified Chief Executive Officer for a company the size of Michaels. Mr. Rouleau's incentive compensation bonus for fiscal 2005 was based upon the attainment of specified performance goals and objectives. With respect to fiscal 2005, Mr. Rouleau received \$427,350 in a cash bonus. In fiscal 2005, Mr. Rouleau also received stock options which are exercisable for 200,000 shares of common stock. In determining whether to award such options, the Compensation Committee considered not only his contribution to Michaels' success in past years, but also all outstanding options held by Mr. Rouleau.

Mr. Rouleau's compensation package for fiscal 2005 also included other compensation under an employment agreement with Michaels. Such compensation included matching contributions to his deferred compensation and 401(k) accounts, life insurance premiums paid by Michaels, company-paid medical benefits and reimbursement for income taxes paid by Mr. Rouleau relating to certain taxable benefits provided to him. Mr. Rouleau also received the use of a company-owned automobile. A tally sheet for Mr. Rouleau, setting forth the material components of his overall compensation and affixing dollar amounts relating to the compensation components (to the extent the benefit to Mr. Rouleau was reasonably quantifiable), was prepared for and reviewed by the Compensation Committee in connection with making a determination regarding Mr. Rouleau's compensation level for fiscal 2006.

In connection with Mr. Rouleau's retirement on March 15, 2006 from the offices of President and Chief Executive Officer, the Board elected Jeffrey N. Boyer and Gregory A. Sandfort co-Presidents of Michaels. Mr. Boyer will continue to serve as our Chief Financial Officer, and Mr. Sandfort was elected to the position of Chief Operating Officer. Currently, the office of Chief Executive Officer is vacant. In recognition of their increased responsibilities as co-Presidents, the Compensation Committee increased the base salary for each of Messrs. Boyer and Sandfort to \$500,000 for fiscal 2006, which increase became effective on March 24, 2006. On April 7, 2006, each of Messrs. Boyer and Sandfort also received stock options exercisable for 25,180 shares of common stock in connection with their promotions.

How are the other executive officers compensated?

Our other executive officers usually receive base salaries, annual cash bonuses, long-term incentive compensation in the form of stock options and various other benefits. On the recommendation of Michaels' senior management, the Compensation Committee reviews, determines and approves the compensation level for our executive officers. In determining the compensation levels for our Named Executives (as defined in the section of this Proxy Statement entitled "Management Compensation Summary Compensation Table") for fiscal 2006, a tally sheet for each Named Executive, setting forth the material components of each Named Executive's overall compensation and affixing dollar amounts relating to the compensation components (to the extent each such benefit was reasonably quantifiable), was prepared for and reviewed by the Compensation Committee. The Compensation Committee, in administering the 2005 Incentive Compensation Plan, may also evaluate the executive officers' performance in the Compensation Committee's determination of incentive awards.

Recently proposed rules on disclosure of executive compensation.

The Securities and Exchange Commission has proposed new rules on disclosure of executive officer compensation. The proposals provide for more detailed disclosure than current rules require. They are, in many ways, responsive to suggestions in the corporate governance reform community to require compensation committees to adopt approaches and procedures that may differ in some respects from those the Compensation Committee presently observes. The

Compensation Committee continues to monitor the proposals process for the purpose not only of ensuring the Company will be prepared to comply with any rules that are adopted but also to keep abreast of best practices in the executive compensation area.

Table of Contents**MANAGEMENT COMPENSATION****Summary Compensation Table**

The following table sets forth certain information regarding compensation paid or accrued by Michaels to our former Chief Executive Officer and each of our four other most highly compensated executive officers employed by Michaels at the end of the fiscal year, based on salary and bonus earned during fiscal 2005 (collectively, the Named Executives).

Employment Contracts, Severance and Change in Control Arrangements

Amendment to Mr. Rouleau's Employment Agreement

On March 15, 2006, Michaels entered into an amendment to employment agreement with R. Michael Rouleau, the then President and Chief Executive Officer of Michaels, pursuant to which Mr. Rouleau retired from Michaels. Under the amendment, Mr. Rouleau will continue to receive his current base salary of \$840,000 through January 31, 2008 and will receive a bonus for fiscal 2006, prorated to March 31, 2006. Mr. Rouleau and his spouse will continue to participate in our medical, dental and vision care plan on the same basis as that available from time to time to our senior executive officers and their eligible dependents. Mr. Rouleau's current life insurance and disability insurance benefits will continue in effect until January 31, 2008. Mr. Rouleau's company-paid automobile will be transferred to him in connection with his retirement and Michaels is to make a tax gross-up payment to Mr. Rouleau for the income tax effect of this transfer. In addition, each outstanding option to purchase common stock of Michaels granted to Mr. Rouleau prior to August 5, 2005 became fully vested and exercisable, and the exercise period of such options was extended to March 14, 2011. Options granted to Mr. Rouleau after August 4, 2005 are to vest and expire in accordance with their terms.

Employment, Severance and Change in Control Agreements

Michaels has entered into a change in control severance agreement, referred to as the Change in Control Agreements, with each of our executive officers (other than those executive officers who are also members of our Board of Directors). Under the Change in Control Agreements, if a change in control (as defined in the Change in Control Agreements) occurs, the executive would become immediately entitled to the following benefits:

Accelerated vesting of all equity-based compensation awards;

Continued employment with Michaels in an equivalent position for two years following the change in control, unless earlier terminated;

Base compensation, cash bonus awards, long-term incentive opportunities and retirement, welfare and fringe benefits for two years following a change in control (unless earlier terminated) at levels at least equal to the compensation and benefits received by the executive immediately prior to the change in control; and

Comprehensive officer liability insurance coverage and continued indemnification rights.

Executives who are party to a Change in Control Agreement will also be entitled to additional benefits if the executive's employment is terminated under certain circumstances. An executive is entitled to those severance benefits if the executive's employment with Michaels is terminated in anticipation of a change in control or if, during the two-year period after a change in control, the executive is terminated without cause or resigns for good reason (which includes significant changes in an executive's duties, responsibilities or reporting relationships, failure to provide equivalent compensation and benefits and being required to relocate 50 or more miles). If terminated or separated from Michaels under those circumstances, the executive would be entitled to the following additional benefits under the Change in Control Agreement:

a lump-sum cash severance payment equal to two times (three times for our co-Presidents) the sum of (i) the executive's base salary in effect on the date of termination and (ii) the greater of the average annual incentive award for the previous three fiscal years and the target annual bonus for the year of termination;

a prorated target annual bonus;

Table of Contents

the continuation of welfare and fringe benefits for two years (three years for our co-Presidents) after termination of employment;

the accelerated vesting of all equity-based compensation awards and the termination of any restrictions and forfeiture provisions related to such awards;

two additional years (three additional years for our co-Presidents) of retirement plan age and service credit for purposes of computing the executive's accrued benefits under our retirement plans; and

reimbursement for the cost of executive level outplacement services (subject to a \$50,000 ceiling).

In order to obtain severance benefits under a Change of Control Agreement, an executive must first execute a separation agreement with Michaels that includes a waiver and release of any and all claims against Michaels and a commitment that, for one year following termination, the executive will not solicit or hire any employee of Michaels or its subsidiaries and will not interfere with any relationship between Michaels and its employees, customers or suppliers. In addition to the foregoing, in accordance with the Change in Control Agreements, Michaels will make certain tax gross-up payments to address taxes, interest and penalties that may be imposed under applicable tax laws in connection with golden parachute payments and non-qualified deferred compensation and will reimburse the executive for certain legal fees and related expenses.

Michaels has also adopted a change in control bonus plan, referred to as the Change in Control Bonus Plan, in which each of our executive officers (other than those executive officers who are also members of our Board of Directors) and certain other key employees can participate. Under the Change in Control Bonus Plan, if a change in control occurs prior to December 31, 2007, each executive officer will receive a \$125,000 bonus on the one-year anniversary of the change in control. If an executive's employment is terminated without cause after the change in control but prior to the one-year anniversary, the executive will continue to be eligible to receive the change in control bonus.

Additionally, participants (including our executive officers) in our Fiscal Year 2006 Bonus Plan program will be eligible to receive a one-time bonus enhancement. Under the terms of the bonus plan enhancement, Michaels has guaranteed a 2006 cash bonus for each participant at a minimum level of one payment tier below the participant's target annual bonus. Each participant will also be eligible to receive an additional bonus payment of up to 75% of the participant's target annual bonus, based on the participant's individual performance in fiscal 2006.
