9278 Communications, Inc. and Subsidiaries

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

Edgar Filing: 9278 COMMUNICATIONS INC - Form 10-Q

NOTE 1 - BASIS OF PRESENTION

The accompanying consolidated unaudited financial statements of 9278 Communication Inc. and subsidiaries (collectively, the "Company") have been prepared pursuant to the rules and regulations of the Securities and Exchange Commission ("SEC") for quarterly reports on Form 10-Q and do not include all of the information and footnote disclosures generally required by accounting principles generally accepted in the United States and should be read in conjunction with our consolidated financial statements and notes thereto for the fiscal year ended December 31, 2001, included in the Company's Form 10-K as filed with the SEC. The accompanying condensed consolidated unaudited financial statements have been prepared in accordance with accounting principles generally accepted in the United States and reflect all adjustments (consisting of normal recurring accruals) which are, in the opinion of the management, considered necessary for a fair presentation of results for these interim periods. Operating results for the six month periods ended June 30, 2002 and 2001 are not necessarily indicative of the results that may be expected for the fiscal year ending December 31, 2002.

NOTE 2 - NATURE OF BUSINESS

The Company distributes prepaid telephone calling cards to distributors and retail establishments through its various sales locations throughout the United States.

NOTE 3 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of the significant accounting policies consistently applied in the preparation of the accompanying consolidated financial statements follows:

PRINCIPLES OF CONSOLIDATION

The accompanying consolidated financial statements include the accounts of 9278 Communications, Inc. and its wholly owned subsidiaries, 9278 Distributors, Inc., 9278 Dot Com Inc., E-Store Solution, Inc., 9278 Distributors Illinois, Inc. and Reliable Acquisition Corp. (hereinafter, the "Company"). All significant intercompany transactions and balances have been eliminated in consolidation.

CASH AND CASH EQUIVALENTS

Cash and cash equivalents include all cash and highly liquid investments with an original maturity of three months or less.

Edgar Filing: 9278 COMMUNICATIONS INC - Form 10-Q

INVENTORIES

Inventories, which consist of prepaid telephone cards, are stated at the lower of cost (first-in, first-out) or market.

PROPERTY AND EQUIPMENT

Property and equipment are stated at cost. Depreciation and amortization are provided for, using straight-line and accelerated methods, in amounts sufficient to relate the cost of depreciable assets to operations over their estimated service lives. Leased property under capital leases is amortized over the shorter of the service lives of the assets or the term of the lease. Repairs and maintenance are charged to operations as incurred.

INCOME TAXES

Income taxes are accounted for under the Financial Accounting Standards Board Statement of Financial Accounting Standards No. 109 ("SFAS No. 109"), "Accounting of Income Taxes." Under SFAS No. 109, deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax basis. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. Under SFAS No. 109, the effect on deferred tax assets and liabilities of a change in tax rates is recognized in income in the period that includes the enactment date. The company has made provision for various minimum state and local taxes. The provision, in 2000, for federal taxes has been offset against the company's net operating losses carried forward from prior years.

EARNINGS/LOSS PER SHARE

Basic earnings per share are determined by dividing the Company's net earnings/loss by the weighted-average shares outstanding. Diluted earnings per share include the dilutive effects of outstanding stock option and warrants. Excluded from the calculation of diluted earnings per share are warrants issued in March 2001 to purchase 210,000 shares of the Company's common stock, as their inclusion would have been antidilutive.

GOODWILL

In June 2001, the Financial Accounting Standards Board issued Statements of Financial Accounting Standards No. 141 ("SFAS No. 141"), "Business Combinations," and SFAS No. 142, "Goodwill and Other Intangible Assets" ("SFAS No. 142"). For all business combinations initiated after June 30, 2001, SFAS No. 141 eliminates the pooling-of-interests method of accounting and requires the purchase method of accounting, including revised recognition criteria for intangible assets other than goodwill. Under SFAS No. 142, which is effective for years beginning after December 15, 2001, goodwill and indefinite-lived intangible assets are no longer amortized but are reviewed annually, or

Edgar Filing: 9278 COMMUNICATIONS INC - Form 10-Q

9278 Communications, Inc. and Subsidiaries

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

more frequently if impairment indicators arise, for impairment. Intangible assets that have finite lives will continue to be amortized over their useful lives and reviewed for impairment in accordance with Statement of Financial Accounting Standards No. 144 ("SFAS No. 144"), "Accounting for the Impairment or Disposal of Long-Lived Assets ."

The Company has adopted SFAS No. 142 for the year beginning January 1, 2002. Therefore, annual and quarterly amortization of goodwill of approximately \$260,000 and \$65,000 are no longer recognized. The Company has performed a transitional fair value based impairment test and has determined that no impairment of goodwill exist as of January 1, 2002.

The following table presents a reconciliation of net income (loss) and earnings (loss) per share amounts, as reported in the financial statements, to those amounts adjusted for goodwill and intangible asset amortization determined in accordance with the provisions of SFAS No. 142.

	Three Months Ended June 30,		Six Months Ended June 30,

	=====	=====	=====	=====

Edgar Filing: 9278 COMMUNICATIONS INC - Form 10-Q

9278 Communications, Inc. and Subsidiaries

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

LONG-LIVED ASSETS

Long-lived assets are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset or group of assets may not be fully recoverable. If an impairment indicator is present, we evaluate recoverability by a comparison of the carrying amount of the assets to future undiscounted net cash flows that we expect to generate from these assets. If the assets are impaired, we recognize an impairment charge equal to the amount by which the carrying amount exceeds the fair value of the assets. Assets to be disposed of are reported at the lower of carrying values or fair values, less estimated costs of disposal.

In June 2001, the Financial Accounting Standards Board issued Statements of Financial Accounting Standards No. 143 ("SFAS No. 143"), "Accounting for Asset Retirement Obligations," which is effective for years beginning after June 15, 2002. SFAS No. 143 addresses legal obligations associated with the retirement of tangible long-lived assets that result from the acquisition, construction, development or normal operation of a long-lived asset. The standard requires that the fair value of a liability for an asset retirement obligation be recognized in the period in which it is incurred if a reasonable estimate of fair value can be made. Any associated asset retirement costs are to be capitalized as part of the carrying amount of the long-lived asset and expensed over the life of the asset. The Company will adopt SFAS No. 143 for the year beginning January 1, 2003. The impact of adopting SFAS No. 143 will have no impact to the consolidated financial statements.

In August 2001, the Financial Accounting Standards Board issued Statement of Financial Accounting Standards No. 144 ("SFAS No. 144"), "Accounting for the Impairment or Disposal of Long-Lived Assets," which is effective for fiscal years beginning after December 15, 2001. SFAS No. 144 clarifies accounting and reporting for assets held for sale, scheduled for abandonment or other disposal, and recognition of impairment loss related to the carrying value of long-lived assets. The Company has adopted SFAS No. 144 for the year beginning January 1, 2002. There has been no impact of adopting SFAS No. 144 to the consolidated financial statements.

REVENUE RECOGNITION

Revenue is recognized from sales when a product is shipped and title passes to the customer.

ADVERTISING

Advertising costs are expensed as incurred and totaled \$1,396,433 and \$196,067 for the six months ended June 30, 2002 and 2001, respectively.

SHIPPING AND HANDLING FEES AND COSTS

The Company includes fees billed to a customer relating to shipping and handling costs in net sales. All shipping and handling expenses incurred by the Company are included in cost of sales.

9278 Communications, Inc. and Subsidiaries

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

USES OF ESTIMATES AND FAIR VALUE OF FINANCIAL INSTRUMENTS

In preparing financial statements in conformity with accounting principles generally accepted in the United States of America, management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements and revenues and expenses during the reporting period. Actual results could differ from those estimates.

Management of the Company believes that the fair value of financial instruments, consisting of cash, accounts receivable and debt, approximates carrying value due to the immediate or short-term maturity associated with its cash and accounts receivable and the interest rates associated with its debt.

RECLASSIFICATIONS

Certain reclassifications have been made to the prior year financial statements to conform to the current year presentation.

NOTE 4 - RESTRICTED CASH

12

9278 Communications, Inc. and Subsidiaries

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

Depreciation and amortization expense for property and equipment for the six months ended June 30, 2002 and 2001 was approximately \$170,658 and \$101,196, respectively.

NOTE 6 - NOTES PAYABLE - SHAREHOLDER

On December 10, 1999, the Company declared \$3,000,000 in dividends, of which \$1,000,000 was paid. On December 13, 1999, the Company executed a promissory note for \$2,000,000 for the declared but unpaid dividends, payable to the Company's chief executive officer, who is also a shareholder. A principal payment of \$1,000,000 was originally due on June 13, 2000, and the second payment originally payable on December 13, 2001. On March 22, 2001, the Company amended the terms of these promissory notes to defer both payments to June 30, 2002 and December 31, 2002, respectively. The final payment is accelerated if the Company's gross revenue exceeds \$10 million in each of any six consecutive calendar months or exceeds \$60 million in any six-month period. During the six months ended June 30, 2002, the Company made principal payments aggregating \$504,692. Interest is payable at a rate of 8%. For the six months ended June 30, 2002, interest expense on this note was \$11,650 and was paid in full as of that date.

NOTE 7 - RELATED PARTY TRANSACTIONS

Sales of inventory to a customer who is related to an officer of the Company were approximately \$14,143,000 and \$11,628,000 for the six months ended June 30, 2002 and 2001, respectively. The Company also purchased inventory from this customer in the amount of \$3,190,000 and \$5,839,000 during the six months ended June 30, 2002 and 2001, respectively.

NOTE 8 - CONTINGENCIES

The Company from time to time is subject to other certain legal proceedings and claims which have arisen in the ordinary course of its business. These aforementioned actions when ultimately concluded will not, in the opinion of management, have a material adverse effect upon the financial position, results of operations or liquidity of the Company.

ITEM 6. MANAGEMENT'S DISCUSSION AND ANALYSIS OR PLAN OF OPERATION.

The following discussion should be read in conjunction with the consolidated financial statements and notes thereto set forth in Item 1 of this Quarterly Report. In addition to historical information, this discussion and analysis contains forward-looking statements that involve risks, uncertainties and assumptions, which could cause actual results to differ materially from Management's expectations. Factors that could cause differences include, but are not limited to, expected market demand for the Company's products, fluctuations in pricing for products distributed by the Company and products offered by competitors, as well as general conditions of the telecommunications marketplace.

OVERVIEW

To date, our principal source of revenue has been the marketing and distribution of prepaid phone cards. We market and distribute branded prepaid phone cards, which are produced by a variety of telecommunications long distance carriers and resellers, as well as private label proprietary prepaid phone cards produced exclusively for us by various long distance carriers and/or resellers.

Prepaid phone cards are distributed through a vast network of retail outlets, including convenience stores, newsstands, grocery stores and discount stores. The retail outlets are serviced by independent distributors, which often distribute newspapers or other items to the retail outlets. We purchase large volumes of branded prepaid phone cards from the long distance carrier or reseller and sell the cards in smaller quantities, together with cards from other carriers and/or private label cards we distribute, to the independent distributor, for ultimate distribution to retailer outlet.

We purchase branded cards at a discount from the face value of the card, and resell them to the distributor at a slightly lower discount. The difference between the two discount rates, typically from 1% to 8%, represents the gross margin we retain. We purchase branded cards on varying terms, from C.O.D. to an as used basis. Sales of our products are generally made on a net 21 basis.

Private label cards are generally designed and produced by us, utilizing card numbers and PINs provided by the telecommunications carrier or reseller providing the long distance service for the card. We incur the upfront expense of printing the phone cards. However, we do not pay the long distance carrier until it activates the cards, which occurs upon our sale to the distributor. Accordingly, through the use of private label cards, our cost of inventory is significantly reduced, as purchases are effectively made on an as-needed basis. In addition, private label cards generally provide us with the ability to achieve a greater gross margin percentage, typically ranging from 3% to 8%. During the past two years, we have continued to increase our sales of private label cards, both on an absolute dollar volume and as a percentage of our sales. During the year ended December 31, 2001, we sold over 120 varieties of private label cards, which accounted for in excess of 70% of our total revenues.

We continue to seek to expand our geographic reach and to increase our sales. In recent years, we have established distribution centers in California, Maryland, Connecticut, Illinois, Upstate New York, as well as additional distribution centers in the New York metropolitan area, and we have established strategic relationships with distributors in Canada and United Kingdom. In addition, in 2001, we commenced pre-paid phone card sales through our Internet

Edgar Filing: 9278 COMMUNICATIONS INC - Form 10-Q

Website 9278.com(TM). Through our website, consumers

14

worldwide can purchase 9278 phone cards over the Internet from a selection of over 40 cards, searchable by various criteria, e.g., rates, brand name, country, etc., and receive immediate delivery of the card's access number and PIN codes via e-mail.

We are seeking to develop and acquire rights to additional prepaid telecommunications services and other prepaid products or services to diversify our product offerings and increase our overall gross margin. In the short-term, additional costs related to the development or acquisition of such products may have an impact on our net profits.

RESULTS OF OPERATIONS

The following table sets forth certain financial data as a percentage of net revenues for the periods indicated:

	For the three months ended June 30,	
	2002	2001
	----	----
Net revenues	100.00%	100.00%
Cost of services	96.89	93.56
	-----	-----
Gross margin	3.11	6.44
Selling expenses	2.02	0.56
General and administrative expenses	3.91	3.18
Depreciation and amortization	0.15	0.24
Provision for bad debts	0.48	0.14
Interest expense, net	0.01	0.05
Other expense/(income)	--	(0.01)
	-----	-----
Net Income (loss) before income taxes	(3.46)%	2.28%
	-----	-----

THREE MONTHS ENDED JUNE 30, 2002 COMPARED TO THREE MONTHS ENDED JUNE 30, 2001

NET REVENUES. Net revenues for the three months ended June 30, 2002 increased \$16.3 million, or 33.0%, to \$65.9 million from \$49.6 million for the same period in 2001. During quarter ended June 30, 2002, we introduced several new calling cards to expand its private label brand offerings and to increase market share. In addition, geographical expansions made by the Company during the past one year added to the increase in sales. Sales for our Los Angeles, California office accounted for 43.1% of the increase in sales for the three months ended June 30, 2002. In August 2001, we opened two new locations, one in Brooklyn, New York, which accounted for 16.4% of the increase in sales, and the second in

Edgar Filing: 9278 COMMUNICATIONS INC - Form 10-Q

Chicago, Illinois, which accounted for 22.4% of the increase in sales for the three months ended June 30, 2002. Starting July 2001, we began actively selling phone cards over the Internet. Internet sales accounted for 28.4% of the increase in sales for the three months ended June 30, 2002. In November 2001, we opened a new office in

15

Poughkeepsie, New York, which accounted for 7.5% of the increase in sales for the three months ended June 30, 2002. For the three months ended June 30, 2002, same location sales for our Maryland office accounted for 6.8% of the increase in sales, Connecticut office accounted for 0.6% of the increase in sales, whereas our Bronx office recorded a marginal decrease of 3.0% in sales and the Queens office recorded a 12.4% decrease in sales for the three months ended June 30, 2002 over the same period in 2001. Same store revenues increased primarily as a result of extensive marketing efforts and continued expansion of market share for our private label cards. Our Queens office experienced a decrease in sales due to intense competition by other distributors in that market and sharing its revenue with the Brooklyn, New York office.

GROSS MARGIN. Gross margin decreased by \$1.14 million, or 36%, to \$2.05 million, or 3.11% of net revenues, for the three months ended June 30, 2002, from \$3.2 million, or 6.44% of net revenues, for the same period in 2001. The decrease in gross margin percentage was due to our aggressive sales efforts to increase our market share by selling cards at a reduced margin during the three months ended June 30, 2002.

SELLING EXPENSES. Selling expenses for the three months ended June 30, 2002 increased \$1,052,000 or 378% to \$1,331,000 from \$278,000 for the three months ended June 30, 2002. Of this, \$502,000 was attributable to increase in advertising and promotion costs incurred to promote our new private label cards in new markets and to promote sales over the Internet. Commission expense increased by \$563,000 as we hired commissioned salespersons to promote sales, starting in 2001.

Selling expenses as a percentage of net revenues increased to 2.02% for the three months ended June 30, 2002, from 0.56% for the same period in 2001.

GENERAL AND ADMINISTRATIVE EXPENSES. General and administrative expenses for the three months ended June 30, 2002, increased \$999,355, or 63.4% to \$2,576,000 from \$1,576,000 for the same period in 2001. This increase was primarily due to the increase in salaries and related taxes by \$666,000 to \$1,330,000 in 2002 as compared to \$663,000 in 2001. Included in the general and administrative expenses is the cost of processing credit card sales over the Internet in the amount of \$153,000 for the three months ended June 30, 2002. Rent expense increased by \$85,000 to \$130,000 in 2002 as compared to \$45,000 in 2001 and telephone expense increased by \$93,000 to \$126,000 in 2002 as compared to \$33,000 in 2001 as continued to add new locations and expand our existing facilities. We opened additional offices during the past one-year, for which we had to incur start-up and establishment expenses that resulted in the increase.

DEPRECIATION AND AMORTIZATION. Depreciation and amortization for the three months ended June 30, 2002 totaled \$98,000; a decrease of \$21,000 as compared to the same period in 2001. The decrease is the result of the fact that we no longer amortize goodwill as a result of the adoption, as of January 1, 2002, of SFAS No. 142 of the Financial Accounting Standards Board. This decrease was offset by an increase in depreciation expense of \$46,000 due to acquisition of fixed assets for our new locations.

INCOME (LOSS) FROM OPERATIONS. We had a net loss of \$2,296,000 for the three

Edgar Filing: 9278 COMMUNICATIONS INC - Form 10-Q

months ended June 30, 2002 as compared to a net profit of \$1,242,000 for the three months ended June 30, 2001. The decrease in net income was due to the increase in operating expenses coupled by a decrease in gross profit margins. Our geographical expansion by opening up new offices nationwide has led to increase in selling, general and administrative costs. We also adopted an aggressive pricing policy by discounting our cards and giving away promotional cards in these new locations to gain market share. We believe that our loss from operations is a temporary phenomenon and that there should be a turnaround once these new offices are established.

16

SIX MONTHS ENDED JUNE 30, 2002 COMPARED TO SIX MONTHS ENDED JUNE 30, 2001

NET REVENUES. Net revenues for the six months ended June 30, 2002 increased \$36.3 million, or 41.7%, to \$123.3 million from \$87.0 million for the same period in 2001. During 2002, we introduced several new calling cards in its bid to take market share from its competitors. The increase in revenues was also due to our acquisitions and geographic expansion since the third quarter of calendar year 2000 and continuing during the year 2001. In May 2001, we opened a new office in Los Angeles, California, which accounted for 42.1% of increase in sales for the six months ended June 30, 2002. In August 2001, we opened two new locations, one in Brooklyn, New York, which accounted for 12.7% of increase in sales, and the second in Chicago, Illinois, which accounted for 18.3 % of the increase in sales for the six months, ended June 30, 2002. Starting July 2001, we began actively selling phone cards over the Internet. Internet sales accounted for 12.8% of the increase in sales for the six months ended June 30, 2002. In November 2001, we opened a new office in Poughkeepsie, New York, which accounted for 5.3% of increase in sales for the six months ended June 30, 2002. For the six months ended June 30, 2002, same location sales for our Bronx office accounted for 17.2% of the increase in sales, Maryland office accounted for 6.9% of increase in sales, Connecticut office accounted for 2.0% of increase in sales, whereas the Queens office recorded a 16.6% decrease in sales for the six months ended June 30, 2002 over the same period in 2001. Same store revenues increased primarily as a result of extensive marketing efforts implemented us and continued expansion of market share for our private label cards. Our Queens office experienced a decrease in sales due to intense competition by other distributors in that market.

GROSS MARGIN. Gross margin increased \$0.44 million, or 7.3%, to \$6.34 million, or 5.15% of net revenues, for the six months ended June 30, 2002, from \$5.91 million, or 6.63% of net revenues, for the same period in 2001. The decrease in gross margin percentage was attributable to intense competition from other distributors and our aggressive sales efforts to increase its market share by selling cards at a reduced gross margin during the six months ended June 30, 2002. Our gross margin varies from period to period depending upon discounts and promotions employed from time to time to stimulate sales.

SELLING EXPENSES. Selling expenses for the six months ended June 30, 2002 increased \$2,037,000 or 268% to \$2,797,000 from \$760,000 for the six months ended June 30, 2002. Of this, \$1,200,000 was an increase in advertising costs incurred to promote our new private label cards in new markets and sales over the Internet. Included in selling expenses are costs related to sales, marketing and promotion campaigns organized to build our brand in new markets. Commission expenses increased by \$722,000 as we hired commissioned salespersons to promote sales, starting in 2001. Trade show expenses increased by \$115,000, as we participate in more trade shows.

Selling expenses as a percentage of net revenues increased to 2.27% for the

Edgar Filing: 9278 COMMUNICATIONS INC - Form 10-Q

six months ended June 30, 2002, from 0.87% for the same period in 2001.

GENERAL AND ADMINISTRATIVE EXPENSES. General and administrative expenses for the six months ended June 30, 2002, increased \$2,492,000, or 100% to \$4,994,000 from \$2,502,000 for the same period in 2001. This increase was primarily due to the increase in salaries and related taxes by \$1,435,000 to \$2,518,000 in 2002 as compared to \$1,083,000 in 2001. Included in the general and administrative expenses is the cost of

17

processing credit card sales over the Internet in the amount of \$392,000 for the six months ended June 30, 2002. Rent expense increased by \$178,000 to \$268,000 in 2002 as compared to \$90,000 in 2001 and telephone expense increased by \$169,000 to \$228,000 in 2002 as compared to \$60,000 in 2001 as we continued to add new locations and expand our existing facilities. Other general and administrative expenses increased due to our opening additional locations and expenses related to increase in sales volume.

DEPRECIATION AND AMORTIZATION. Depreciation and amortization for the six months ended June 30, 2002 totaled \$171,000; a decrease of \$63,000 as compared to the same period in 2001. The decrease is the result of the is the fact that we no longer amortizes goodwill as a result of the adoption, as of January 1, 2002, of SFAS No. 142 of the Financial Accounting Standards Board. This decrease was offset by an increase in depreciation expense of \$69,000 due to acquisition of fixed assets on opening new locations.

INCOME (LOSS) FROM OPERATIONS. We had a net loss of \$2,035,000 for the six months ended June 30, 2002 as compared to a net profit of \$2,226,000 for the six months ended June 30, 2001. The decrease in net income was due to the increase in operating expenses coupled by a decrease in gross profit margins. Our geographical expansion by opening up new offices nationwide has led to increase in selling, general and administrative costs. We also adopted an aggressive pricing policy by discounting our cards and giving away promotional cards in these new locations to gain market share. We believe that our loss from operations is a temporary phenomenon and that there should be a turnaround once these new offices are established.

LIQUIDITY AND CAPITAL RESOURCES

At June 30, 2002, we had total current assets of approximately \$32,745,000. This included \$3,319,000 in cash, \$1,061,000 in restricted cash, \$14,601,000 in inventories and \$13,369,000 in accounts receivable. Our cash balances vary significantly from day-to-day due the large volume of purchases and sales made by us from the various prepaid phone cards companies and the numerous distributors to whom we sells cards.

We provided \$41,000 in cash from operating activities during the six months ended June 30, 2002 as compared to \$4,586,015 during the same period in 2001. Decreases in cash flows during the six months ended June 30, 2002 are related to a net loss incurred in 2002 and increase in inventories, offset by increase accounts payable and decrease in accounts receivables. Our decrease in working capital is attributable to our opening of new offices, which involve carrying of additional inventories and accounts receivables. We believe our working capital shortfalls will be alleviated once these offices are established and profitable.

Investing activities used \$512,000 during the six months ended June 30, 2002 to acquire additional fixed assets. Financing activities used \$545,000 during the six months ended June 30, 2001 to pay down notes payable and principal on debt obligations.

Edgar Filing: 9278 COMMUNICATIONS INC - Form 10-Q

We believe that existing cash and cash equivalents, cash flow from operations and available vendor credit and recently negotiated more favorable payment terms will be sufficient to meet its planned working capital and capital expenditure budget through the remainder of 2002. However, there are no assurances that we will not be required to seek other financing. If we are required to seek other financing, there can be no assurance that we will be able to obtain such financing on commercially reasonable terms, or otherwise, or that it will be able to otherwise satisfy its short-term cash flow needs from other sources in the future.

18

CRITICAL ACCOUNTING POLICIES

Financial Reporting Release No. 60, which was recently published by the SEC, recommends that all companies include a discussion of critical accounting policies used in the preparation of their financial statements. The Company's significant accounting policies are summarized in Note 3 of its financial statements. While all these significant accounting policies impact its financial condition and results of operations, the Company views certain of these policies as critical. Policies determined to be critical are those policies that have the most significant impact on the Company's financial statements and require management to use a greater degree of judgment and/or estimates. Actual results may differ from those estimates.

The Company believes that given current facts and circumstances, it is unlikely that applying any other reasonable judgments or estimate methodologies would cause a material effect on the Company's consolidated results of operations, financial position or liquidity for the periods presented in this report.

The accounting policies identified as critical are as follows:

REVENUE RECOGNITION. The Company recognizes revenues in accordance with generally accepted accounting principles as outlined in SAB No. 101 which requires that four basic criteria be met before revenue can be recognized: (1) persuasive evidence of an arrangement exists, (2) product delivery, including customer acceptance, has occurred or services have been rendered, (3) the price is fixed or determinable and (4) collectibility is reasonably assured. The Company believes that its revenue recognition policy is critical because revenue is a very significant component of its results of operations. Decisions relative to criteria (4) regarding collectibility are based upon management judgments and should conditions change in the future and cause management to determine these criteria are not met, the Company's recognized results may be affected.

INCOME TAXES. In preparing the Company's consolidated financial statements, income tax expense is calculated for each of the jurisdictions in which the Company operates. This process involves estimating actual current taxes due plus assessing temporary differences arising from differing treatment for tax and accounting purposes which are recorded as deferred tax assets and liabilities. Deferred tax assets are periodically evaluated to determine their recoverability, and where their recovery is not likely, a valuation allowance is established and a corresponding additional tax expense is recorded in the Company's statement of operations. In the event that actual results differ from the Company's estimates given changes in assumptions, the provision for income taxes could be materially impacted. As of June 30, 2002, the company had a deferred tax asset of approximately \$1,600,000 and a full valuation allowance due to uncertainty surrounding the company's ability to realize its deferred tax

Edgar Filing: 9278 COMMUNICATIONS INC - Form 10-Q

asset.

INVENTORIES. Inventories, which are composed of prepaid calling cards, are valued at the lower of cost (first in, first out) or market. On a periodic basis, we compare the amount of inventory on hand and under commitment with our latest forecasted requirements to determine whether write-downs for excess or obsolete inventory are required. Although we consider the amounts on hand at quarter-end to be realizable, there can be no assurance that these amounts will prove to be realizable over time.

GOODWILL AND OTHER INTANGIBLES. Purchase accounting requires extensive use of accounting estimates and judgments to allocate the purchase price to the fair market value of the assets and liabilities purchased, with the excess value, if any, being classified as goodwill. In addition, as described in Notes 3 of the

19

Company's financial statements, as a result of the Company's acquisitions, values were assigned to intangible assets for customer lists and related relationships. Finite useful lives were assigned to these intangibles and they will be amortized over their remaining life. As with any intangible asset, future write-downs may be required if the value of these assets become impaired.

PROPERTY AND EQUIPMENT. Property and equipment are depreciated over their useful lives. Useful lives are based on management's estimates of the period that the assets will generate revenue. Any change in conditions that would cause management to change its estimate as to the useful lives of a group or class of assets may significantly impact the Company's depreciation expense on a prospective basis.

ALLOWANCE FOR DOUBTFUL ACCOUNTS. The Company performs ongoing credit evaluations of its customers and adjusts credit limits based upon payment history and the customer's current credit worthiness, as determined by a review of their current credit information. The Company continuously monitors collections and payments from customers and a provision for estimated credit losses is maintained based upon its historical experience and any specific customer collection issues that have been identified. While such credit losses have historically been within the Company's expectations and the provisions established, the Company cannot guarantee that the same credit loss rates will be experienced in the future. Concentration risk exists relative to the Company's accounts receivable, as 17.0% of the Company's total accounts receivable balance at June 30, 2002 is concentrated in one affiliated customer. While the accounts receivable related to this customer may be significant, the Company does not believe the credit loss risk to be significant given the consistent payment history by this customer.

RECENT ACCOUNTING PRONOUNCEMENTS.

In July 2001, the Financial Accounting Standards Board issued Statement of Financial Accounting Standards No. 143, (SFAS No. 143), "Accounting for Asset Retirement Obligations". This standard addresses the financial accounting and reporting for obligations associated with the retirement of tangible long-lived assets and the associated asset retirement costs. The standard is effective for fiscal years beginning after June 15, 2002. We will adopt this standard effective January 1, 2003. We do not expect the adoption of SFAS No. 143 to have a material impact on the company's financial results.

In April 2002, the FASB issued SFAS No. 145, "Rescission of FASB Statements No. 4, 44, and 64, Amendment of FASB Statement No. 13, and Technical Corrections." This statement eliminates the requirement under SFAS 4 to aggregate and classify all gains and losses from extinguishment of debt as an

Edgar Filing: 9278 COMMUNICATIONS INC - Form 10-Q

extraordinary item, net of related income tax effect. This statement also amends SFAS 13 to require that certain lease modifications with economic effects similar to sale-leaseback transactions be accounted for in the same manner as sale-leaseback transactions. In addition, SFAS No. 145 requires reclassification of gains and losses in all prior periods presented in comparative financial statements related to debt extinguishment that do not meet the criteria for extraordinary item in Accounting Principles Board Opinion ("APB") 30. The statement is effective for fiscal years beginning after May 15, 2002 with early adoption encouraged. The Company will adopt SFAS No. 145 effective January 1, 2003. The Company is currently evaluating the requirements and impact of this statement on our consolidated results of operations and financial position.

On July 30, 2002, The FASB issued SFAS No. 146, "Accounting for Costs Associated with Exit or Disposal Activities." The statement requires companies to recognize costs associated with exit or disposal activities when they are incurred rather than at the date of a commitment to an exit or disposal plan. Examples of costs covered by the statement include lease termination costs and

20

certain employee severance costs that are associated with a restructuring, discontinued operation, plant closing, or other exit or disposal activity. SFAS No. 146 is to be applied prospectively to exit or disposal activities initiated after December 31, 2002. The Company is currently evaluating the requirements and impact of this statement on our consolidated results of operations and financial position

PART II - OTHER INFORMATION

ITEM 1. LEGAL PROCEEDINGS.

We are subject to certain legal proceedings and claims which have arisen in the ordinary course of our business. These actions when ultimately concluded will not, in the opinion of management, have a material adverse effect on our financial position, results of operations or liquidity. We are also subject to other legal proceedings which we have previously disclosed.

ITEM 2. CHANGES IN SECURITIES AND USE OF PROCEEDS.

None.

ITEM 3. DEFAULTS UPON SENIOR SECURITIES.

None.

ITEM 4. SUBMISSION OF MATTERS TO A VOTE OF SECURITY HOLDERS.
