PROXY STATEMENT
For the Annual Meeting of Shareholders
To Be Held May 24, 2007**

QUESTIONS AND ANSWERS ABOUT THIS PROXY MATERIAL AND VOTING

Why have I received these materials?

This proxy statement and the enclosed proxy card were sent to you because our Board of Directors (the Board) is soliciting your proxy to vote at the annual meeting of shareholders to be held on May 24, 2007. You are cordially invited to attend the annual meeting and are requested to vote on the proposals described in this proxy statement. We intend to mail this proxy statement and accompanying proxy card on or about April 26, 2007 to all shareholders entitled to vote at the annual meeting.

Who is entitled to vote at the Annual Meeting?

Shareholders of record as of the close of business on April 12, 2007 will be entitled to vote at the annual meeting. On April 12, 2007, there were 86,818,016 shares of common stock outstanding and entitled to vote.

Shareholder of Record: Shares Registered in Your Name. If on April 12, 2007, you were a record shareholder of common stock (that is, if you held common stock in your own name in our stock records maintained by our transfer agent, Computershare Investor Services, LLC (Computershare)), you may vote in person at the annual meeting or by proxy. Whether or not you intend to attend the annual meeting, we encourage you to complete and sign the accompanying proxy card and mail it to Akorn to ensure your vote is counted.

Beneficial owner: Shares Registered in the Name of a Broker or Bank. If on April 12, 2007, you were the beneficial owner of shares of common stock held in street name (that is, a shareholder who held common stock through a broker or other nominee) then these materials are being forwarded to you by the broker or other nominee. You may direct your broker or other nominee how to vote your shares of common stock. However, you will have to obtain a proxy form from the institution that holds your shares and follow the voting instructions on the form. If you wish to attend the annual meeting and vote in person, you may not do so unless you first obtain a legal proxy issued in your name from your broker or other nominee.

What am I voting on?

There are two matters scheduled for a vote:
Election of seven directors; and

Ratification of the selection by the Audit Committee of the Board of Directors of BDO Seidman, LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2007.

How do I vote?

You may either vote FOR all the nominees to the Board of Directors or you may abstain from voting for any nominee you specify. For each of the other matters to be voted on, you may vote FOR or AGAINST or abstain from voting.

Shareholder of Record: Shares Registered in Your Name. If you are a shareholder of record, you may vote in person at the annual meeting, or you may vote by proxy using the enclosed proxy card. Whether or not you plan to attend the annual meeting, we urge you to vote by proxy to ensure your vote is counted. You may still attend the annual meeting and vote in person if you have already voted by proxy.

Table of Contents

To vote in person, come to the annual meeting and we will give you a ballot when you arrive.

To vote using the proxy card, simply complete, sign and date the enclosed proxy card and return it promptly in the envelope provided. If you return your signed proxy card to us before the annual meeting, we will vote your shares as you direct.

Beneficial Owner: Shares Registered in the Name of Broker or Bank. If you are a beneficial owner of shares registered in the name of your broker, bank, or other agent, you should have received a proxy card and voting instructions with these proxy materials from that organization rather than from Akorn. In order to vote, complete and mail the proxy card to ensure that your vote is counted. Alternatively, you may vote by telephone or over the Internet as instructed by your broker or bank. To vote in person at the annual meeting, you must obtain a valid proxy from your broker, bank, or other agent. Follow the instructions from your broker or bank included with these proxy materials, or contact your broker or bank to request a proxy form.

How many votes do I have?

Each share of common stock is entitled to one vote with respect to each matter to be voted on at the annual meeting.

What constitutes a quorum for purposes of the annual meeting?

A quorum of shareholders is necessary to hold a valid meeting. The presence at the annual meeting in person or by proxy of the holders of a majority of the voting power of all outstanding shares of common stock entitled to vote shall constitute a quorum for the transaction of business. Proxies marked as abstaining (including proxies containing broker non-votes) on any matter to be acted upon by shareholders will be treated as present at the meeting for purposes of determining a quorum but will not be counted as votes cast on such matters. If there is no quorum, a majority of the votes present at the meeting may adjourn the meeting to another date.

How does the Board recommend that I vote my shares?

Unless you give other instructions on your proxy card, the persons named as proxy on the proxy card will vote in accordance with the recommendations of the Board. The Board's recommendation is set forth together with the description of each item in this proxy statement. In summary, the Board recommends a vote:

FOR the proposal to elect the nominated directors as set forth on page 4; and

FOR the ratification of the selection by the Audit Committee of BDO Seidman, LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2007, as set forth on page 6.

With respect to any other matter that properly comes before the annual meeting, the proxies will vote as recommended by the Board or, if no recommendation is given, in their own discretion. At the date this proxy statement went to press, the Board had no knowledge of any business other than that described herein that would be presented for consideration at the annual meeting.

What if I return a proxy card but do not make specific choices?

If you return a signed and dated proxy card without marking any voting selections, your shares will be voted FOR the election of all seven nominees for director and FOR the ratification of the selection of BDO Seidman, LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2007. If any other matter is properly presented at the annual meeting, your proxy (one of the individuals named on your proxy card) will vote your shares using his or her best judgment.

How many votes are needed to approve each proposal?

The election of directors requires the affirmative vote of a plurality of the votes cast at the annual meeting by shares represented in person or by proxy and entitled to vote for the election of directors. A plurality means the

Table of Contents

highest number of FOR votes. Therefore, the seven nominees receiving the most proper FOR votes will be elected. Abstention and broker non-votes will have no effect on the outcome.

The ratification of the selection by the Audit Committee of the Board of Directors of BDO Seidman, LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2007 requires a FOR vote from a majority of the votes cast. Abstentions and broker non-votes will have no effect on the outcome.

Can I change my vote after I return my proxy card?

Yes. After you have submitted a proxy card, you may change your vote at any time before the proxy card is exercised in one of three ways:

You may submit a written notice of revocation to Akorn's Secretary at 2500 Millbrook Drive, Buffalo Grove, Illinois 60089.

You may submit a proxy bearing a later date.

You may attend the annual meeting and vote in person. Attendance at the meeting will not, by itself, revoke a proxy.

Who will bear the expense of soliciting proxies in connection with this proxy statement?

Akorn will bear the cost of soliciting proxies in the form enclosed. In addition to the solicitation by mail, proxies may be solicited personally or by telephone, facsimile or electronic transmission by our employees. Our employees will not receive any additional compensation for participating in proxy solicitation. We may reimburse brokers holding common stock in their names or in the names of their nominees for their expenses in sending proxy materials to the beneficial owners of such common stock.

Is there any information that I should know about future annual meetings?

Shareholder Proposals

Any shareholder who intends to present a proposal at the 2008 annual meeting of shareholders must deliver the proposal to Akorn's Corporate Secretary at 2500 Millbrook Drive, Buffalo Grove, Illinois 60089 not later than December 24, 2007, if the proposal is to be submitted for inclusion in our proxy materials for that meeting pursuant to Rule 14a-8 under the Securities Exchange Act of 1934, as amended (the Exchange Act). Any notice of a shareholder proposal submitted after March 9, 2008 will be considered untimely and outside the processes of Rule 14a-8 of the Exchange Act.

What does it mean if I receive more than one proxy?

It means you have multiple accounts with brokers and/or our transfer agent. Please vote all of these shares. We recommend that you contact your broker and/or our transfer agent to consolidate as many accounts as possible under the same name and address. Our transfer agent is Computershare, located at 2 North LaSalle Street, Chicago, Illinois 60602, and may be reached at 312-588-4725.

Table of Contents**I. PROPOSALS****PROPOSAL 1. ELECTION OF DIRECTORS**

The Board has nominated seven candidates for election at the annual meeting and recommends that shareholders vote FOR the election of all seven nominees. All of the nominees listed below are currently directors, except for Subhash Kapre, Ph.D. and Randall J. Wall. If elected at the annual meeting, each of these nominees would serve until the 2008 annual meeting and until his or her successor is elected and has qualified, or until the director's death, resignation or removal. Directors are elected by a plurality of the votes properly cast in person or by proxy. The seven nominees receiving the highest number of affirmative votes will be elected. Shares represented by executed proxies will be voted, if authority to do so is not withheld, for the election of the seven nominees named below. In the unanticipated event that one or more of such nominees is unavailable as a candidate for director, the persons named in the accompanying proxy will vote for another candidate nominated by the Board. Each person nominated for election has agreed to serve if elected. We have no reason to believe that any nominee will be unable to serve.

The following table and narrative description sets forth, as of March 31, 2007, the age, principal occupation and employment, position with us, directorships in other public corporations, and year first elected as one of our directors, of each individual nominated for election as director at the annual meeting. Table of Contents

The Board of Directors unanimously recommends that you vote FOR the ratification of BDO Seidman, LLP as our independent registered public accounting firm for fiscal year 2007.

II. CORPORATE GOVERNANCE AND RELATED MATTERS

Board of Directors

The age, principal occupation and employment, position with us, directorships in other public corporations, and year first elected as one of our directors, of each of our nominees and current directors, as applicable, as of March 31, 2007 are included in this proxy statement under the heading PROPOSAL 1. ELECTION OF DIRECTORS above and are incorporated herein by reference.

Independence of the Board of Directors

Our common stock is traded on The NASDAQ Stock Market LLC (NASDAQ). The Board has determined that a majority of the members of, and nominees to, the Board qualify as independent, as defined by the listing standards of NASDAQ. Consistent with these considerations, after review of all relevant transactions and relationships between each director and nominee, or any of his or her family members, and Akorn, its senior management and its independent auditors, the Board has determined further that all of our directors and nominees are independent under the listing standards of NASDAQ, except for Mr. Przybyl, Dr. Kapoor and Dr. Kapre. In making this determination, the Board considered that there were no new transactions or relationships between its current independent directors and Akorn, its senior management and its independent auditors since last making this determination except for aggregate payments of \$13,902 to Mr. Johnson's employer, Quintiles Consulting The Lewin Group, for consulting services. These payments were not determined to have changed Mr. Johnson's status as an independent director. In making this determination for Mr. Wall, the Board considered Mr. Wall's past business relationship with our Chief Executive Officer and contacts with other members of our Board, which relationship and contacts the Board did not deem to be significant enough to affect Mr. Wall's independence.

Executive Sessions of Independent Directors

Our independent directors meet regularly in executive sessions where only independent directors are present. Persons interested in communicating with the independent directors may address correspondence to a particular director, or to the independent directors generally, in care of Corporate Secretary, Akorn, Inc., 2500 Millbrook Drive, Buffalo Grove, Illinois 60089.

Board Meetings

During the year ended December 31, 2006, our Board held ten meetings. All of the directors attended at least 75% of the aggregate number of meetings of the Board and of the Board committees on which they serve. The Board asks that all members of the Board attend the annual meeting of shareholders. All members of the Board attended the 2006 annual meeting.

Committees of the Board

The Board has three committees: an Audit Committee, a Compensation Committee, and a Nominating and Corporate Governance Committee, with the members of each committee indicated below.

The Audit Committee consists of Mr. Ellis (Chair), Mr. Johnson and Mr. Treppel.

The Compensation Committee consists of Mr. Johnson (Chair), Mr. Ellis and Mr. Treppel.

The Nominating and Corporate Governance Committee consists of Mr. Treppel (Chair), Mr. Ellis and Mr. Johnson.

The composition of Board committees is reviewed and determined each year at the initial meeting of the Board after the annual meeting of shareholders.

Table of Contents

Audit Committee

The Audit Committee of the Board oversees our corporate accounting and financial reporting process and audits of our financial statements. For this purpose, the Audit Committee performs several functions. The Audit Committee evaluates the performance of and assesses the qualifications of the independent auditors; determines and approves the engagement of the independent auditors; determines whether to retain or terminate the existing independent auditors or to appoint and engage new independent auditors; reviews and approves the retention of the independent auditors to perform any proposed permissible non-audit services; monitors the rotation of partners of the independent auditors on our audit engagement team as required by law; confers with management and the independent auditors regarding the effectiveness of internal controls over financial reporting; establishes procedures, as required under applicable law, for the receipt, retention and treatment of complaints received by Akorn regarding accounting, internal accounting controls or auditing matters and the confidential and anonymous submission by employees of concerns regarding questionable accounting or auditing matters; reviews and approves all related party transactions; reviews the financial statements to be included in our Annual Report on Form 10-K and quarterly reports on Form 10-Q; and discusses with management and the independent auditors the results of the annual audit and the results of the reviews of our quarterly financial statements. The Audit Committee met seven times during the 2006 fiscal year. A current copy of the Audit Committee Charter, which has been adopted and approved by the Board, is available on our website at <http://www.akorn.com> (the contents of such website are not incorporated into this proxy statement).

The Board has reviewed NASDAQ's definition of independence for Audit Committee members and has determined that all members of our Audit Committee are independent under the listing standards of NASDAQ. The Board has determined that Mr. Ellis qualifies as an audit committee financial expert, as defined in applicable Securities Exchange Commission (SEC) rules. The Board made a qualitative assessment of Mr. Ellis' level of knowledge and experience based on a number of factors, including his formal education, his experience as a Partner with Arthur Andersen LLP, and his experience as a director of Sciele Pharma, Inc. (a distributor of pharmaceuticals formerly known as First Horizon Pharmaceutical Corporation). The Board has determined that such simultaneous service does not impair Mr. Ellis' ability to effectively serve on the Audit Committee.

Compensation Committee

The Compensation Committee, which met ten times during 2006, reviews and approves the overall compensation strategy and policies for Akorn. The Compensation Committee reviews and approves corporate performance goals and objectives relevant to the compensation of our executive officers and other senior management; reviews and approves the compensation and other terms of employment of our Chief Executive Officer; reviews and approves the compensation and other terms of employment of the other executive officers; and administers equity awards and stock purchase plans. Each member of the Compensation Committee has been determined by the Board to be an independent member under the listing standards of NASDAQ. A current copy of the Compensation Committee Charter, which has been adopted and approved by the Board, is available on our website at <http://www.akorn.com> (the contents of such website are not incorporated into this proxy statement).

Nominating and Corporate Governance Committee

The Nominating and Corporate Governance Committee is responsible for developing and implementing policies and processes regarding corporate governance matters, assessing Board membership needs and making recommendations regarding potential director candidates to the Board. A current copy of the Nominating and Corporate Governance Committee Charter, which has been adopted and approved by the Board, is available on our website at <http://www.akorn.com> (the contents of such website are not incorporated into this proxy statement). Each member of the Nominating and Corporate Governance Committee has been determined by the Board to be an independent member under the listing standards of NASDAQ. The Nominating and Corporate Governance Committee met three times during the 2006 fiscal year.

The Board believes that candidates for director should have certain minimum qualifications, including being able to read and understand basic financial statements, being over 21 years of age and having the highest personal integrity and ethics. The Board also considers such factors as possessing relevant expertise upon which to be able to offer advice and guidance to management, having sufficient time to devote to the affairs of Akorn,

demonstrated excellence in his or her field, having the ability to exercise sound business judgment and having the commitment to rigorously represent the long-term interests of our shareholders. However, the Board retains the right to modify these qualifications from time to time. Candidates for director nominees are reviewed in the context of the current composition of the Board, the operating requirements of Akorn and the long-term interests of shareholders. In conducting this assessment, the Board considers skills, diversity, age, and such other factors as it deems appropriate given the current needs of the Board and Akorn, to maintain a balance of knowledge, experience and capability. In the case of incumbent directors whose terms of office are set to expire, the Board and the Nominating and Corporate Governance Committee review such directors' overall service to Akorn during their term, including the number of meetings attended, level of participation, quality of performance, and any other relationships and transactions that might impair such directors' independence. In the case of new director candidates, the Board also determines whether the nominee must be independent, which determination is based upon applicable SEC and NASDAQ rules.

Board members should possess such attributes and experience as are necessary to provide a broad range of personal characteristics, including diversity, management skills, and pharmaceutical industry, financial, technological, business and international experience. Directors selected should be able to commit the requisite time for preparation and attendance at regularly scheduled Board and committee meetings, as well as be able to participate in other matters necessary for good corporate governance.

In order to find a Board candidate, the Board uses its network of contacts to compile a list of potential candidates, but may also engage, if it deems appropriate, a professional search firm. The Board conducts any appropriate and necessary inquiries into the backgrounds and qualifications of possible candidates after considering the function and needs of the Board. The Board meets to discuss and consider such candidates' qualifications and then selects a nominee for recommendation to the Board by majority vote. To date, the Board has not paid a fee to any third party to assist in the process of identifying or evaluating director candidates, nor has the Board rejected a director nominee from a shareholder or shareholders.

Mr. Wall and Dr. Kapre were both recommended to be included as a nominee to the Board in this proxy statement by the Nominating and Corporate Governance. Dr. Kapre was recommended to the Nominating and Corporate Governance by Serum, one of our security holders, pursuant to the terms of that certain Securities Purchase Agreement dated September 13, 2006, between us and Serum, in which we agreed to submit the name of a designated representative of Serum to our Nominating and Corporate Governance Committee for consideration as a member of our Board. Mr. Wall was recommended to the Nominating and Corporate Governance by our Chief Executive Officer.

Although there is no formal procedure for shareholders to recommend nominees for the Board, the Nominating and Corporate Governance Committee will consider such recommendations if received one hundred twenty (120) days in advance of the annual meeting, addressed to the Nominating and Corporate Governance Committee, in care of Corporate Secretary, at Akorn, Inc., 2500 Millbrook Drive, Buffalo Grove, Illinois 60089. Such recommendations should be addressed to the Nominating and Corporate Governance Committee at our address and provide all information relating to such person that the shareholder desires to nominate that is required to be disclosed in solicitation of proxies pursuant to Regulation 14A under the Exchange Act. The Board does not believe that a formal procedure for shareholders to recommend nominees for the Board is necessary because every effort has been made to ensure that nominees recommended by shareholders are given appropriate consideration by the Nominating and Corporate Governance Committee.

Communications with the Board

Historically, we have not adopted a formal process for shareholder communications with the Board. Nevertheless, every effort has been made to ensure that the views of shareholders are heard by the Board or individual directors, as applicable, and that appropriate responses are provided to shareholders in a timely manner. We believe our responsiveness to shareholder communications to the Board has been excellent.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee reviews Akorn's financial reporting process on behalf of the Board. Management has the primary responsibility for the financial statements and the reporting process, including the system of internal controls.

In this context, the Audit Committee has met and held discussions with management and the independent auditors. Management represented to the Audit Committee that Akorn's consolidated financial statements were prepared in accordance with generally accepted accounting principles, and the Audit Committee has reviewed and discussed the consolidated financial statements with management and the independent auditors.

The Audit Committee discussed with the independent auditors matters required to be discussed by Statement on Auditing Standards No. 61 (Communication With Audit Committees). In addition, the Audit Committee has discussed with the independent auditors the auditors' independence from Akorn and its management, including the matters in the written disclosures received by the Audit Committee from the independent auditors as required by the Independence Standards Board Standard No. 1 (Independence Discussions With Audit Committees).

The Audit Committee has also considered whether the independent auditors' provision of non-audit services to Akorn is compatible with the auditors' independence.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board, and the Board approved, the inclusion of the audited consolidated financial statements in Akorn's Annual Report on Form 10-K for the year ended December 31, 2006, for filing with the SEC.

This report is submitted by the Audit Committee.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Either the Audit Committee or the Board approves all related party transactions. The procedure for the review, approval or ratification for related party transactions involves discussing the transaction with management, discussing the transaction with the external auditors, reviewing financial statements and related disclosures and reviewing the details of major deals and transactions to ensure that they do not involve related transactions. Members of management have been informed and understand that they are to bring related party transactions to the Audit Committee or the Board for approval. These policies and procedures are evidenced in the Audit Committee Charter and the Code of Ethics.

Mr. John N. Kapoor, Ph.D., our current Chairman of the Board and Chief Executive Officer from March 2001 to December 2002, and a principal shareholder, is affiliated with EJ Financial Enterprises, Inc., a health care consulting investment company (EJ Financial). EJ Financial is involved in the management of health care companies in various fields and Dr. Kapoor is involved in various capacities with the management and operation of these companies. The John N. Kapoor Trust dated September 20, 1989 (the Kapoor Trust), the beneficiary and sole trustee of which is Dr. Kapoor, is a principal shareholder of each of these companies. As a result, Dr. Kapoor does not devote his full time to our business. Although such companies do not currently compete directly with us, certain companies with which EJ Financial is involved are in the pharmaceutical business. Discoveries made by one or more of these companies could render our products less competitive or obsolete.

Table of Contents

On July 12, 2001, we entered into a \$5,000,000 subordinated debt transaction with the Kapoor Trust. The transaction was evidenced by a Convertible Bridge Loan and Warrant Agreement (the Loan Agreement) in which the Kapoor Trust agreed to provide two separate tranches of funding in the amounts of \$3,000,000 (Tranche A) and \$2,000,000 (Tranche B). As part of the consideration provided to the Kapoor Trust for the subordinated debt, we issued the Kapoor Trust two warrants, exercisable until December 20, 2006, which allowed the Kapoor Trust to purchase 1,000,000 shares of common stock at a price of \$2.85 per share and another 667,000 shares of common stock at a price of \$2.25 per share. Under the terms of the Loan Agreement, the subordinated debt bore interest at prime plus 3%. The convertible feature of the Loan Agreement, as amended, allowed for conversion of the subordinated debt plus interest into shares of our common stock at a price of \$2.28 per share of common stock for Tranche A and \$1.80 per share of common stock for Tranche B. On March 31, 2006, all of the principal and accrued interest owed under the promissory notes designating the Tranche A and Tranche B debt, in an aggregate of approximately \$7,297,654, was converted into 3,540,281 shares of our common stock and the Loan Agreement was terminated. We did not have the right to prepay the promissory notes prior to their maturity on December 20, 2006. For this reason, and after negotiations with the Kapoor Trust, we paid \$390,519 to the Kapoor Trust as an incentive for it to consent to convert the promissory notes prior to their maturity dates. The conversion of the promissory notes prior to their maturity saved us approximately \$200,000 in interest payments after accounting for the \$390,519 payment to the Kapoor Trust.

As part of an exchange transaction completed in October 2003, we issued certain subordinated promissory notes (the 2003 Subordinated Notes) to the Kapoor Trust, Arjun C. Waney, one of our principal shareholders, and Argent Fund Management, Ltd., for which Mr. Waney serves as Chairman and Managing Director and 52% of which is owned by Mr. Waney. The 2003 Subordinated Notes were to mature on April 7, 2006 and bore interest at prime plus 1.75%, but interest payments were prohibited under the terms of our subordination agreement. With the consent of our principal lender, we retired the 2003 Subordinated Notes with cash payments totaling approximately \$3,288,000 on March 20, 2006.

Dr. Kapre, a nominee for director, is an Executive Director with Serum. In September 2006, we issued 1,000,000 shares of our common stock in a private placement to Serum at a price of \$3.56 per share pursuant to a Securities Purchase Agreement (the Securities Purchase Agreement) with Serum. The offering aggregate price was \$3,560,000. The shares of our common stock issued under the Securities Purchase Agreement (collectively, the Registrable Securities) are subject to certain registration rights as set forth in the Securities Purchase Agreement. Under the Securities Purchase Agreement, we agreed to file a registration statement (the Registration Statement) with the SEC by the sixtieth day after the closing date of the transactions contemplated by the Securities Purchase Agreement (the Filing Date), for purposes of registering the Registrable Securities. We agreed to maintain the effectiveness of the Registration Statement until the earlier of the date that all Registrable Securities covered by such Registration Statement have been sold or can be sold publicly under Rule 144(k) under the Securities Act of 1933, as amended (the Act) (the Effectiveness Period). The Registration Statement was filed on Form S-3 on November 14, 2006 and declared effective on December 7, 2006.

Pursuant to the Securities Purchase Agreement, should certain events occur, then on every monthly anniversary thereof until the applicable event is cured and on the date of such cure, we shall pay to Serum an amount in cash, as liquidated damages, equal to \$0.0267 per share for each share of our common stock purchased under the Securities Purchase Agreement and then owned by Serum (the Event Payments). Subject to limitations set forth in the Securities Purchase Agreement, the following constitute applicable events (i) the Registration Statement is not filed on or prior to the Filing Date or is not declared effective within the earlier of (a) the 120th day following the Filing Date or (b) the 5th trading day after we are notified that the Registration Statement will not be reviewed, or is no longer subject to further review, by the SEC; (ii) the common stock is not listed or quoted, or is suspended from trading, on an eligible market for a period of five trading days during the Effectiveness Period; or (iii) the Registration Statement ceases to be effective for 20 trading days in a 365 day period. The Event Payments relate solely to the shares of our common stock issued to Serum under the Securities Purchase Agreement. The Event Payments shall not exceed \$267,000.

On November 8, 2006, we also entered into both a Development and Exclusive Distribution Agreement (the Development and Exclusive Distribution Agreement) and a Development Funding Agreement (Development Funding Agreement) and together with the Development and Exclusive Distribution Agreement, the Development Agreements)

with Serum. Under the Development Agreements, Serum has agreed to appoint us as the exclusive

distributor for Rabies monoclonal antibody (the Product). In exchange for us receiving exclusive marketing and distribution rights for the Product to North, Central, and South America, we have agreed to help fund development of the Product through milestone payments. These milestone payments include the successful completion of Phase I, Phase II, and Phase III clinical trials and receipt of approval for a biologics license application from the U.S. Food and Drug Administration's Center for Biologics Evaluation and Research. As the exclusive marketing and distribution partner of Serum for the Product in America, we will receive 40% of the revenues from Product sales in North America and 50% of the revenues from Product sales in Central and South America. Also as part of the Development and Exclusive Distribution Agreement, Serum grants us the first option right to obtain exclusive marketing rights in North, Central, and South America for a second monoclonal antibody product, Anti-D human monoclonal antibody (Anti-D). The exclusive marketing rights for Anti-D would be consistent with the terms and conditions in the Development Agreements for the Product. Additionally, Serum has granted us the first option right to expand the territory in which it has exclusive rights to include Europe in exchange for minimum annual product sales requirements in Europe.

In October 2004, we also entered into an exclusive drug development and distribution agreement for oncology drug products for the United States and Canada with Serum. We will own the ANDAs and buy products developed under the agreement from Serum under a negotiated transfer price arrangement. Once the products are approved, we will market and sell them in the United States and Canada under our label.

Compensation Discussion and Analysis

Development of Compensation Philosophy. Akorn is an entrepreneurial and opportunistic company operating in an extremely competitive environment that requires its business and compensation philosophy to be flexible and adaptive. With respect to its named executive officers (NEOs) this philosophy has rapidly evolved over the last four years as Akorn's operations, business and finances have developed and changed. In October of 2003, the Company restructured its finances by paying off significant debt with equity infused by investors including Dr. Kapoor, our then and current largest shareholder. This capital, as well as the capital raised by us in August 2004 and again in 2005, provided us with funds we used to increase our cash flow and expand our business.

Our operations during the earlier part of this period focused on reducing expenses, stabilizing the situation at our Decatur, Illinois plant, and beginning to invest in new product development. The CEO we engaged in 2003 and the CFO we engaged in 2004 were hired with little promise of any particular compensation other than base salary, which was set based primarily on board expectations and the cash flow needs of the company. We provided them

Table of Contents

with no specific annual incentive compensation of any kind, but did award them stock options in numbers we felt were significant enough to entice them to join our management team.

In 2005, as our financial situation stabilized, in large part due to the efforts of the CEO and CFO, the Compensation Committee (the Committee) of the board began to take a more structured approach to NEO compensation. This approach focuses on identifying the appropriate mix and alignment of compensation of NEOs in order to further the company's strategic objectives and ultimately the interests of the shareholders. Because our company is in a high growth mode and maintaining appropriate cash reserves and building positive cash flow have been overall goals, until 2006 we generally opted to provide equity compensation, in part because annual cash awards would have been more difficult for us. In addition, these awards were appropriate because we perceived that base salaries and annual bonuses were below median for our peers, and awards of equity compensation did not adversely affect our financial reporting because FAS 123R had not gone into effect.

In 2005 and early 2006 we took affirmative steps to improve our NEO compensation planning. In 2005 we retained a consultant to assist us in setting overall compensation arrangements for our CEO and CFO. In late 2005 through early 2006 we retained a consultant to assist in structuring our CEO's employment arrangements and help us set his long-term compensation. Our board and shareholders approved expanded equity instrument alternatives under our Amended and Restated Akorn, Inc. 2003 Stock Option Plan. We made our first grants of restricted stock under that plan. Finally, we instituted formal management by objectives annual performance awards for all of our NEOs, while retaining the flexibility to reward achievements going beyond specific pre-identified objectives based on unforeseen circumstances.

Compensation Philosophy and Objectives. We seek to attract and retain results-oriented, hard-working, overachieving executives who can help us drive the growth of our company. Our overall compensation packages to our NEOs reward them for attaining our corporate financial and growth objectives and incent them to maintain and expand our prospects for future growth and product diversification. At the same time, we provide benefits that provide security for the NEOs and their families.

The Compensation Committee believes executive compensation policies should assure that executives are provided incentives and compensated in a way that advances both the short and long term interests of shareholders while also assuring that we are able to attract and retain executive management talent. Specifically, the Committee's objective is the establishment of executive compensation strategies that:

Assure executive compensation is based upon performance in the achievement of pre-determined financial and business objectives;

Provide equity-based compensation incentives to meld the financial interests of executive officers with those of shareholders; and

Provide incentives that promote executive retention.

Our Compensation Committee is composed exclusively of independent directors and meets regularly both with and without management. From time to time the Committee retains outside advisors chosen by the Committee, and works with management and such advisors and receives and reviews their recommendations regarding executive compensation as it deems appropriate. However, the committee often seeks the input of other board members, including Dr. Kapoor, who has deep experience in ownership and management of pharmaceutical companies. With respect to NEOs other than the CEO and CFO, the Committee believes that the recommendations of the CEO are critical to structuring appropriate compensation and the Committee relies heavily upon the CEO's recommendations in this regard.

The Committee annually sets NEO base salaries, fixes annual incentive compensation pay for performance objectives, based on both individual and company goals, makes actual awards of annual incentive compensation based on attainment of these goals and other factors the Committee deems appropriate, and considers awards of long-term equity compensation. In the case of the CEO, in his employment agreement the Committee and the Board have added specific long-term incentive compensation commitments and protections in the event of termination

Table of Contents

without cause and termination related to a change of control. We believe these commitments to the CEO are necessary in part to reward him for the time during which he worked hard with no guaranty of reward to engineer the resurgence of the company, to incentivize him to obtain objectives that are in the best interests of the shareholders in the long-term, and to assure we continue to have the benefit of his services during this important growth phase of the company. See Employment Agreements, below.

With respect to CEO and CFO compensation, we evaluate the compensation mix provided by our peers, as well as the other factors set forth in the Committee's charter. Because of Akorn's unique specialty pharmaceutical business plan and the lack of a single direct competitor across all market segments, it is difficult to formulate an appropriate peer group. Many companies included in any peer group will include companies both significantly larger and somewhat smaller than Akorn. Nonetheless, in structuring the CEO's current compensation and employment agreement, the Committee relied upon information regarding practices at the following companies: Abgenix, Adolor, Alpharma, American Pharmaceutical Partners, Bausch & Lomb, Conceptus, CV Therapeutics, Gene Logic, Hospira, I-Flow, ISTA Pharmaceuticals, KV Pharmaceutical Company, Meridian Bioscience, Neogen, Neurogen, Noven Pharmaceuticals, OraSure Technologies, Orchid Cellmark and Theragenics.

Components of Compensation. The following are the key components of NEO compensation at our company. Overall, these components are designed to provide the types of incentives to employees required for an entrepreneurial growth company like Akorn:

Base salary;

Performance-based annual bonus, which may be paid in cash, stock units, shares of stock or a combination of these;

Periodic grants of long-term stock-based compensation, such as stock options, restricted stock units, performance shares and/or restricted stock, which may be subject to performance-based and/or time-based vesting requirements; and

Benefits.

Base Salary. In setting the CEO and CFO's base salaries, we attempt to be competitive based on analysis of peer group and other information. The consultant retained by us in 2005 reported to us that although our base salaries were competitive with other companies at our then size, that as our company grows the base salaries would become less competitive. In 2005 we granted 5% increases in base salary to both the CEO and CFO, in 2006 we granted additional increases after review with an independent consultant, and in 2007 granted further increases which we believed were competitive and appropriate. Mr. Przybyl's employment agreement required an increase from \$400,000 per year to \$440,000 if the company became profitable in 2006. Although the company did not become profitable, based on the improvement in the company's business and various performance parameters, we granted that increase. Mr. Whitnell's salary for 2007 was increased to \$275,000 per year from \$250,000 per year in 2006.

In setting the base salaries of NEOs other than the CEO and CFO, we look primarily to research by our Vice President of Human Resources. Part of that individual's job, on a company-wide basis, is to evaluate compensation levels and composition and fashion competitive pay packages. He also works closely with the CEO in planning for acquisition and retention of employees. Based on his research and the recommendations of the CEO we fix these salaries at rates that we believe are generally competitive, but are not at the high-end of our competition.

Annual Incentive Compensation. The consultant who provided a report to us on executive compensation in 2005 noted that although our base salaries were then competitive, our annual incentive compensation, which was essentially unformulated and non-existent, was far below the competitive norm. Based on this information, we for the first time structured specific annual incentive compensation pay for performance objectives for the CEO and CFO. We have fixed the potential for incentive compensation, based on those objectives, to be a relatively high percentage of overall annual compensation.

Table of Contents

Furthering this approach, in 2006 and 2007, after the board reviewed the strategic plan and budget for the year, the Compensation Committee set annual incentive compensation targets designed to incentivize achievement of that plan and budget. We set objectives for the CEO and CFO that could have resulted in the CEO and CFO receiving bonuses of 75% and 45% of their respective base compensation if all objectives were or are fully achieved, with additional 25% and 15% opportunities for stretch bonuses, respectively. The CEO's employment agreement specifically provides that he be provided with annual bonus opportunities equal to at least 75% of his base salary, with stretch bonus opportunities for an additional 25%. Also, in 2006 and 2007, we approved specific objectives and target percentages of compensation for the NEOs other than the CEO and CFO, based on the CEO's recommendation and our review of the appropriate objectives for these individuals.

Under Mr. Przybyl's 2006 Executive Bonus Agreement, Mr. Przybyl was eligible to receive a one-time cash bonus equal to the sum of up to \$300,000, which equals 75% of his annual base compensation, if he achieved all of the performance measurements, and (b) up to \$100,000 (stretch bonus), which equals 25% of his annual base compensation, based on overachievement of the EBITDA (earnings before interest, taxes, depreciation and amortization) measure for 2006. Mr. Przybyl's performance measurements included achieving (i) earnings per share of at least \$0.01, (ii) a net revenue goal, (iii) an EBITDA goal, (iv) a successful capital raise, (v) the filing of at least twenty new ANDAs (abbreviated new drug applications) with the FDA and introducing ten new ANDA products to the market, and (vi) both ensuring the Company's lyophilization facility is (x) ready for inspection by the FDA and, should the FDA inspect the facility, (y) approved by the FDA; provided that each of (x) and (y) occurred no later than December 31, 2006.

Under Mr. Whitnell's 2006 Executive Bonus Agreement, he was eligible to receive a one-time cash bonus equal to the sum of up to \$112,500, which equals 45% of his annual base compensation, if he achieved all of the performance measurements, and up to \$37,500 based on overachievement of the EBITDA measure for 2006. Mr. Whitnell's performance measurements included (i) earnings per share of at least \$0.01, (ii) a net revenue goal, (iii) an EBITDA goal, (iv) a successful capital raise, (v) compliance with the requirements of Section 404 of the Sarbanes-Oxley Act of 2002 (as applicable based upon the criteria of the Securities Exchange Commission), and (vi) a combined budgeted manufacturing facility variance of zero among the Company's two manufacturing facilities.

However, with respect to awards of annual incentive compensation for both 2005 and 2006, we determined that the awards for partial achievement of the indicated performance measurements were not sufficient to recognize unanticipated achievements that provided tangible benefits to the company during the year in question. As to both years, we decided that achievements not contemplated by the incentive compensation formulas we approved, and which we could not have predicted at the beginning of the year, should be recognized, and granted discretionary compensation on this basis. Because Akorn is an entrepreneurial and opportunistic company we expect that such awards may be granted in the future as well. With respect to 2006, these discretionary bonuses were in the amounts of \$39,633.00 to Mr. Przybyl and of \$33,612.00 to Mr. Whitnell, in recognition of their contributions towards attainment of the following special achievements of the Company during 2006: (1) the significant number of strategic alliances formed by the Company, which far exceeded the number expected and proposed; (2) a substantial increase in the market capitalization of the Company; and (3) the conversion of the Company's Series A 6.0% Participating Convertible Preferred Stock (Series A Preferred Stock) and Series B 6.0% Participating Convertible Preferred Stock (Series B Preferred Stock) into common stock. We reached similar conclusions regarding the NEOs other than the CEO and CFO, based on the recommendations of the CEO.

Long-Term Incentive Compensation. As a company focused on growth we believe it is essential to provide our NEOs with significant long-term incentive compensation that aligns their interests with those of our shareholders. This is especially important because we do not provide any significant retirement benefits to our NEOs. Therefore, for their future financial well-being, they are expected to look to the long-term success of the company, and this is beneficial for our shareholders.

The consultant we engaged in 2005 recommended that we provide regular awards of long-term equity-based compensation. In light of this advice and what we perceived as a general need to provide flexibility and opportunity for various types of equity compensation awards, in 2005 we amended and restated the Akorn, Inc. 2003 Stock Option Plan. We also awarded restricted stock to a wide range of employees, including the NEOs. We typically award stock

options annually to NEOs and these options vest over three years and are exercisable through the end of five years.

Table of Contents

Also, in 2005 and 2006, we structured specific arrangements in the CEO's employment agreement calling for equity compensation designed to provide the CEO with opportunities for equity ownership of up to 2.5% of our outstanding stock, which is an objective in line with the equity ownership of CEOs in our peer group. Such a significant equity ownership potential gives the CEO an incentive to increase the value of our stock. We have provided similar, but lesser equity compensation awards to the CFO in recognition of his efforts on behalf of the company and to provide appropriate incentives to him as well. Other NEOs receive equity compensation based primarily on recommendations by the CEO.

Benefits.

Post-Termination Payments. The only NEO we have provided post-termination benefits to is our CEO. In order to retain our CEO we felt it important to provide him with post-termination benefits in line with our peer group. These include, in the event of termination without cause or termination by the CEO for good cause, accelerated vesting of equity compensation awards, and multiples of base salary and past bonus compensation. These are increased in the event such a termination occurs after a change in control.

Company-Wide Benefits. Executive officers receive other standard benefits, including medical, disability and life insurance and, in certain instances, a car allowance. All employees who have attained the age of 21 are eligible for participation in the Company's 401(k) Plan. The company's matching contribution is a percentage of the amount contributed by each employee and is funded on a current basis.

ESPP. The Akorn, Inc. Employee Stock Purchase Plan permits eligible employees to acquire shares of the Company's common stock through payroll deductions not exceeding 15% of base wages, at a 15% discount from market price.

Perquisites. We provide limited perquisites to our NEOs in amounts we believe are appropriate. Our CEO is provided with certain of his perquisites under the terms of his employment agreement. See Summary Compensation Table, and Employment Agreements, below.

Other Considerations.

Tax Considerations. It has been and continues to be our intent that all non-equity incentive payments be deductible unless maintaining such deductibility would undermine the company's ability to meet its primary compensation objectives or is otherwise not in its best interest. At this time, essentially all compensation (except certain equity incentives) paid to the NEOs is deductible under Section 162(m) of the Internal Revenue Code. The company also regularly analyzes the tax effects of various forms of compensation and the potential for excise taxes to be imposed on the executive officers which might have the effect of frustrating the purpose(s) of such compensation. There are various provisions of the Internal Revenue Code which are considered.

Accounting Treatment Considerations. We are especially attuned to the impact of FAS 123R with respect to the grant and vesting of equity compensation awards. Prior to the granting of such awards, we analyze the short and longer-term effects of any particular award on the company's budget for the year of grant and anticipated financial impact in future years. This information is taken into account in determining the type and vesting parameters for equity-based compensation awards.

Timing of Equity Grants and Equity Grant Practices. The Compensation Committee makes grants of equity compensation to all of the NEOs and any other executives that are required to file reports under Section 16 of the Securities Exchange Act. However, with regard to other equity compensation awards, it has delegated authority to the Vice President, Human Resources, with the understanding that he will consult and be directed by the CEO with respect to such grants. All awards are made based on the closing price of our stock on the date of the award.

The timing of certain awards to the CEO are specifically outlined in the employment agreement with the CEO. Otherwise, generally, awards are made in the first quarter of each year to NEOs as well as other employees based upon the recommendations of the CEO in consultation with the Vice President, Human Resources. In addition, awards are made to new employees at the time of their joining the company, and to employees who are promoted

Table of Contents

during the year. The timing of such awards depends on those specific circumstances and is not timed to any other particular company event, anticipated events or announcements.

Employment Agreements

On April 24, 2006, we entered into an Executive Employment Agreement (the "Employment Agreement") with Mr. Przybyl, our President and Chief Executive Officer. The Employment Agreement has an initial term of three years and provides the terms and conditions of Mr. Przybyl's continued employment as our President and Chief Executive Officer. The Employment Agreement automatically renews for subsequent one-year terms unless either we or Mr. Przybyl provide prior written notice that the Employment Agreement shall not be renewed 120 days in advance of the end of the respective term. Pursuant to the Employment Agreement, Mr. Przybyl's base salary for 2006 was \$400,000. The annual base salary for subsequent years may be increased by the Board in its sole discretion and was increased to \$440,000 for 2007. Mr. Przybyl will also receive health, insurance and retirement benefits generally available to our executives and will be provided certain perquisites, including a vehicle allowance of \$10,000 per year.

The Board, in its sole discretion, may also award Mr. Przybyl bonuses based upon his and our performance as follows. The Board shall approve annual performance goals, the achievement of which will result in (i) bonus

compensation of up to 75% of Mr. Przybyl's annual base salary and, provided that such 75% bonus has been achieved in full, (ii) additional bonus compensation of up to 25% of Mr. Przybyl's annual base salary. The Board may also approve additional bonuses. In determining whether to award such additional bonuses and in determining the amount thereof, the Board will focus on our overall performance and individual contributions by Mr. Przybyl to the achievement of our established goals.

As partial consideration for the Employment Agreement, Mr. Przybyl (i) was granted 250,000 shares of restricted stock on April 20, 2006, (ii) was granted 500,000 options to purchase our common stock on April 20, 2006 and (iii) was granted 400,000 options to purchase our common stock on January 1, 2007. In addition, the Board may make additional equity award grants to Mr. Przybyl from time to time in its sole discretion. Fifty percent of the shares of restricted stock vest on the first anniversary of the date of grant, with an additional twenty-five percent to vest on each of the second and third anniversaries of the date of grant. Twenty-five percent of the stock options vest immediately upon grant, with an additional twenty-five percent to vest on each of the first, second and third anniversaries of the date of grant.

Pursuant to the Employment Agreement, Mr. Przybyl's employment may be terminated by us for "Good Cause" or "Without Cause", by Mr. Przybyl voluntarily or for "Good Reason", or by either party in the event the Employment Agreement is not renewed after expiration of the initial three-year term or any subsequent one-year term.

In the event of his termination for "Good Cause", Mr. Przybyl shall receive (i) his base salary pro rated through the date of termination, (ii) any benefits and expense reimbursements to which he is entitled, less all applicable withholdings and deductions (collectively, the "Standard Entitlements"), and (iii) accelerated vesting of any unvested portion of the restricted stock and stock options described above. In the event of termination by means of his voluntary resignation, Mr. Przybyl shall receive the Standard Entitlements.

In the event Mr. Przybyl's employment is terminated by us "Without Cause", by Mr. Przybyl for "Good Reason" or by the non-renewal of the Employment Agreement by either party, Mr. Przybyl shall receive the Standard Entitlements and a severance payment comprised of: (x) a cash amount equal to 18 months of his base salary for the applicable year, payable in the sole discretion of the Board either (a) in a lump sum, or (b) over time in accordance with our regular payroll cycle, (y) a cash bonus equal to (i) 1.5 times the last annual bonus received by Mr. Przybyl (if the termination occurs in 2006), or (ii) 1.5 times the average of the last two annual bonuses received by Mr. Przybyl (if the termination occurs in 2007 or thereafter), and (z) accelerated vesting of all unvested equity awards granted on or after April 24, 2006 that would otherwise vest during the 18-month period following termination (collectively, the "Severance Payment"). Delivery of the Severance Payment is conditioned upon Mr.

Przybyl doing the following: (1) complying with all surviving provisions of the Employment Agreement; (2) executing a full general release, releasing all claims, known or unknown, that Mr. Przybyl may have against us arising out of or any way related to Mr. Przybyl's employment or termination of employment with us; and (3) agreeing to act as a consultant on a reasonable basis for us during regular business hours and with full reimbursement for all reasonable and necessary expenses for up to a maximum of 30 days, at his then-current base salary, if requested to do so by the Board in its sole discretion.

In the event Mr. Przybyl's employment is terminated by us Without Cause or by Mr. Przybyl for Good Reason upon or within twenty-four months of a Change in Control, Mr. Przybyl shall receive (i) continuation of all medical, dental and prescription drug benefits to which he is entitled under the Employment Agreement until the 30-month anniversary of the date of termination; (ii) a cash amount equal to 2.5 times his base salary, payable in the sole discretion of our Compensation Committee either (a) in a lump sum, or (b) over time in accordance with our regular payroll cycle; (iii) a cash bonus equal to (y) 2.5 times the most recent annual bonus received by Mr. Przybyl (if the termination occurs in 2006), or (z) 2.5 times the average of the two most recent annual bonuses received by Mr. Przybyl (if the termination occurs in 2007 or thereafter); (iv) accelerated vesting of all unvested equity awards granted on or after April 24, 2006 that would otherwise vest on any date following termination; and (v) reimbursement for up to \$20,000 for outplacement and job placement assistance chosen by Mr. Przybyl (the Change in Control Severance). In addition, we shall pay Mr. Przybyl a cash amount equal to the combined federal and state income tax payable by Mr. Przybyl with respect to the Change in Control Severance. Such payment shall be capped at \$2,500,000 in the event of a termination on or before December 31, 2007, and shall not be capped in the event of a termination thereafter.

The Employment Agreement also contains a standard confidentiality provision as well as non-competition and non-solicitation provisions. The parties have agreed to arbitrate any claims arising under the Employment Agreement in accordance with prescribed arbitration procedures outlined in the Employment Agreement.

On April 27, 2006, we entered into an Executive Bonus Agreement with Mr. Przybyl. Under Mr. Przybyl's Executive Bonus Agreement, Mr. Przybyl was eligible to receive a one-time cash bonus equal to the sum of (a) up to \$300,000 if he achieved all of the performance measurements set forth in his Executive Bonus Agreement in 2006, and (b) up to \$100,000, based upon exceeding the Company's goal for earnings before interest, taxes, depreciation, and amortization (EBITDA) for 2006. Mr. Przybyl's performance measurements included achieving (i) earnings per share of at least \$0.01, (ii) a net revenue goal for 2006, (iii) an EBITDA goal for 2006, (iv) a successful capital raise, (v) the filing of at least twenty new abbreviated new drug applications with the FDA and introducing ten new abbreviated new drug application products to the market, and (vi) both ensuring the Company's lyophilization facility is (x) ready for inspection by the FDA and, should the FDA inspect the facility, (y) approved by the FDA; provided that each (x) and (y) occur no later than December 31, 2006. Pursuant to his Executive Bonus Agreement, Mr. Przybyl was awarded a bonus equal to \$221,614.00 in February of 2007. (2) All stock options granted to our independent directors prior to January 1, 2007 have vested immediately upon grant. These amounts represent the FAS 123R valuation of the options to acquire 10,000 shares of our common stock which were granted to each of our independent directors in May 2006. These amounts were also fully expensed in 2006.

Director Compensation

Director compensation is developed by the Compensation Committee in coordination with management and submitted to the Board for approval.

Each director who is not one of our salaried officers receives a fee for his services as a director of \$1,500 per regular meeting of the Board attended in person, \$500 per telephone meeting attended and \$500 per committee meeting attended, plus reimbursement of expenses related to thereto. Each of our independent directors also receives an annual retainer in the amount of \$18,000. The chairs of the Audit Committee, Compensation Committee and Nominating and Corporate Governance Committee also receive annual compensation of an additional \$5,000. The Chairman of the Board receives \$50,000 per year for his services.

Our independent directors were each granted an option to acquire 10,000 shares of our common stock in May 2006 under our Amended and Restated Akorn, Inc. 2003 Stock Option Plan (Amended 2003 Plan). These options were all fully vested at the date of grant. Our independent directors were also granted options to acquire 20,000 shares of our common stock on January 1, 2007, in recognition of their service in 2006, with 2/3 of such options vesting immediately and the remainder vesting on January 1, 2008. Also, on January 1, 2007, our independent directors were granted options to acquire 30,000 shares of our common stock with 1/3 of the options vesting at issuance and 1/3 of the options vesting annually for two years after issuance. Options granted under the Amended 2003 Plan expire five years from the date of grant.

In October of 2003, in connection with their serving as our directors, we provided to each of our independent directors supplemental indemnity assurances with respect to any claims associated with their serving as one of our directors, as a director of any of our subsidiaries, as a fiduciary of any of our employee benefit plans and in other positions held at our request.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

ANNUAL REPORT

WE WILL PROVIDE, WITHOUT CHARGE, A COPY OF OUR ANNUAL REPORT ON FORM 10-K, INCLUDING FINANCIAL STATEMENTS AND FINANCIAL STATEMENT SCHEDULES, AS FILED WITH THE SEC, UPON REQUEST IN WRITING FROM ANY PERSON WHO WAS A HOLDER OF RECORD OR WHO REPRESENTS IN GOOD FAITH THAT SUCH PERSON WAS A BENEFICIAL OWNER OF COMMON STOCK AS OF APRIL 12, 2007. REQUESTS SHOULD BE MADE TO AKORN, INC., ATTENTION: INVESTOR RELATIONS, 2500 MILLBROOK DRIVE, BUFFALO GROVE, ILLINOIS 60089.

HOUSEHOLDING OF PROXY MATERIALS

The SEC has adopted rules that permit companies and intermediaries (e.g., brokers) to satisfy the delivery requirements for proxy statements and annual reports with respect to two or more shareholders sharing the same address by delivering a single proxy statement addressed to those shareholders. This process, which is commonly referred to as householding, potentially means extra convenience for shareholders and cost savings for companies.

This year, brokers with account holders who are Akorn shareholders may be householding our proxy materials. A single proxy statement will be delivered to multiple shareholders sharing an address unless contrary instructions have been received from the affected shareholders. Once you have received notice from your broker that they will be householding communications to your address, householding will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in householding and would prefer to receive a separate proxy statement and annual report, please notify your broker and direct your written request to Akorn, Inc., Attention: Investor Relations, 2500 Millbrook Drive, Buffalo Grove, Illinois 60089 or call 847.279.6156. Shareholders who currently receive multiple copies of the proxy statement at their address and would like to request householding of their communications should contact their broker.

OTHER MATTERS

Management is unaware of any matter for action by shareholders at the meeting other than those described in the accompanying notice. The enclosed proxy, however, will confer discretionary authority with respect to any other matter that may properly come before the annual meeting, or any adjournment thereof. It is the intention of the persons named in the enclosed proxy to vote in accordance with their best judgment on any such matter.

By Order of the Board of Directors
