Item 1. Financial Statements

FORWARD-LOOKING STATEMENTS

This Form 10-Q, reports filed by Federal Signal Corporation and Subsidiaries (the Company) with the Securities and Exchange Commission (SEC) and comments made by management may contain words such as may, will, believe, expect, anticipate, intend, plan, project, estimate and objective or the negative thereof or similar terminology concerning the Company s future financial performance, business strategy, plans, goals and objectives. These expressions are intended to identify forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. Forward-looking statements include information concerning the Company s possible or assumed future performance or results of operations and are not guarantees. While these statements are based on assumptions and judgments that management has made in light of industry experience as well as perceptions of historical trends, current conditions, expected future developments and other factors believed to be appropriate under the circumstances, they are subject to risks, uncertainties and other factors that may cause the Company s actual results, performance or achievements to be materially different.

These risks and uncertainties, some of which are beyond the Company s control, include the cyclical nature of the Company s industrial and municipal markets, technological advances by competitors, risks associated with dealers and distributors, risks associated with system conversions, increased warranty and product liability expenses, risks associated with supplier and other partner alliances, changes in cost competitiveness including those resulting from foreign currency movements, disruptions in the supply of parts or components from sole source suppliers and subcontractors, commodity price escalation, availability of credit, retention of key employees and general changes in the competitive environment in which the Company operates.

ADDITIONAL INFORMATION

The Company makes its Annual Reports on Form 10-K, Quarterly Reports on Form 10-Q, Current Reports on Form 8-K, other reports and information filed with the SEC and amendments to those reports available, free of charge, through its Internet website (<http://www.federal signal.com>) as soon as reasonably practical after it electronically files or furnishes such materials to the SEC. All of the Company s filings may be read or copied at the SEC s Public Reference Room at 100 F Street, N.E., Room 1580, Washington, DC 20549. Information on the operation of the Public Reference Room can be obtained by calling the SEC at 1-202-551-8090. The SEC maintains an Internet website (<http://www.sec.gov>) that contains reports, proxy and information statements and other information regarding issuers that file electronically.

FEDERAL SIGNAL CORPORATION AND SUBSIDIARIES

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (Unaudited)

1. BASIS OF PRESENTATION

The condensed consolidated financial statements of Federal Signal Corporation and subsidiaries (the Company) included herein have been prepared by the Company, without an audit, pursuant to the rules and regulations of the Securities and Exchange Commission (SEC). Certain information and footnote disclosures normally included in financial statements prepared in accordance with generally accepted accounting principles have been condensed or omitted pursuant to such rules and regulations, although the Company believes that the disclosures are adequate to ensure the information presented is not misleading. These condensed consolidated financial statements should be read in conjunction with the consolidated financial statements and the notes thereto included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2007.

In the opinion of the management of the Company, the information contained herein reflects all adjustments necessary to present fairly the Company's financial position, results of operations and cash flows for the interim periods. Such adjustments are of a normal recurring nature. The operating results for the three and six month periods ended June 30, 2008 are not necessarily indicative of the results to be expected for the full year of 2008.

The Company reports its interim quarterly periods on a 13-week basis ending on a Saturday with the fiscal year ending on December 31. For convenience purposes, the Company uses June 30, 2008 to refer to its financial position as of June 28, 2008 and its results of operations for the 13-week and 26-week periods ended June 28, 2008.

2. SIGNIFICANT ACCOUNTING POLICIES

Reclassifications: Certain balances in 2007 have been reclassified to conform to the 2008 presentation. Included with the reclassifications are restatements for discontinued operations. The discontinued operations arise out of the Fire Rescue Group and Tool segments.

Earnings per share: Basic earnings per share (EPS) is computed by dividing net income by the weighted average common shares outstanding, which totaled 47.6 million and 47.8 million for the quarters ended June 30, 2008 and 2007, respectively, and 47.8 million and 47.9 million for the six month periods ended June 30, 2008 and 2007, respectively. Diluted earnings per share is calculated by dividing net income by the weighted average common shares outstanding plus additional common shares that would have been outstanding assuming the exercise of stock options and performance share units that are dilutive. The Company uses the treasury stock method to calculate dilutive shares. For the quarter ended June 30, 2008 and 2007, 1,015 and 6,941 employee stock options, respectively; and 0 and 7,425 employee stock options for the six month periods ended June 30, 2008 and 2007, respectively, were considered potential dilutive common shares. However, the 1,015 shares for the quarter ended June 30, 2008 are antidilutive due to the net loss during that period. As a result, they are excluded from the denominator for the diluted earnings per share calculation. The weighted average number of shares outstanding, for diluted earnings per share was 47.6 million and 47.8 million for the quarters ended June 30, 2008 and 2007, respectively; and 47.8 million and 47.9 million for the six months ended June 30, 2008 and 2007, respectively. Options to purchase 2.6 million and 2.4 million shares of common stock were excluded from the calculation of the number of shares outstanding for diluted EPS for the three months ended June 30, 2008 and 2007, respectively because their effects were antidilutive. For the six months ended June 30, 2008 and 2007, options to purchase 2.6 million and 2.3 million shares of common stock, respectively, were excluded from the calculation of the number of shares outstanding as their effects were antidilutive. In 2008, 41,200 performance share units were also excluded from the calculation of the number of shares outstanding for diluted earnings per share because their effects were antidilutive.

Fair value of financial instruments: In September 2006, the Financial Accounting Standards Board (FASB) issued FAS 157, Fair Value Measurements, which defines fair value, establishes a framework for measuring fair value in generally accepted accounting principles (GAAP) and expands disclosure about fair value measurements. In February 2008, the FASB issued FASB Staff Position No. 157-b, Effective Date of FASB Statement No. 157 (FSP 157-b), which provides a one year deferral of the effective date of FAS 157 for non-financial assets and non-financial liabilities, except those that are recognized or disclosed in the financial statements at fair value at least annually. In accordance with this interpretation, the Company has only adopted the provisions of FAS 157 with respect to its financial assets and liabilities that are measured at fair value within the financial statements as of January 1, 2008. The

adoption of FAS 157 did not have a material impact on the Company's fair value measurements. The provisions of FAS 157 have not been applied to non-financial assets and non-financial liabilities.

In February 2007, the FASB issued FAS 159, The Fair Value Option for Financial Assets and Financial Liabilities including an amendment to FASB Statement No. 115, which permits entities to choose to measure many financial instruments and certain other items at fair value that are not currently required to be measured at fair value. The Company adopted this statement as of January 1, 2008 and has elected not to apply the fair value option to any of its financial instruments at this time.

Split-dollar life insurance arrangements: In September 2006, the EITF issued EITF 06-04, Accounting for Deferred Compensation and Postretirement Benefit Aspects of Split-Dollar Life Insurance Arrangements. EITF 06-04 concludes that an employer should recognize a liability for post-employment benefits promised to an employee. This guidance is effective for fiscal years beginning after December 15, 2007. The Company has one arrangement that meets these criteria and has recorded a liability of approximately \$0.3 million in 2008.

3. INVENTORIES

Inventories are summarized as follows:

	June 30, 2008	December 31, 2007
Raw materials	\$ 69.4	\$ 62.3
Work in progress	34.3	26.4
Finished goods	31.0	33.1
Total inventories	\$ 134.7	\$ 121.8

4. INCOME TAXES

The Company's effective tax rate was 32.3% and 26.0% for the three month periods ended June 30, 2008 and 2007, respectively.

The higher tax rate for the three month period ending June 30, 2008, reflects a decreased benefit from foreign tax rate effects of approximately 2.7% and a decreased benefit in tax-exempt interest of approximately 1.6%

The three month period ending June 30, 2007, reflects R & D tax credit benefits of about 1.0% that is not reflected in the three month period ended June 30, 2008, as Congress has not yet extended the credit.

The Company's unrecognized tax benefits were \$8.3 million at January 1, 2008 of which there are \$5.8 million of tax benefits that if recognized, would reduce our annual effective tax rate. The Company's continuing practice is to recognize interest and penalties related to income tax matters in income tax expense. Interest and penalties amounting to \$1.5 million and \$0.2 million respectively are included in the consolidated balance sheet. We do not expect our unrecognized tax benefits to change significantly over the next 12 months.

5. POSTRETIREMENT BENEFITS

The components of the Company's net periodic pension expense for its defined benefit pension plans are summarized as follows:

	US Benefit Plans				Non-US Benefit Plan			
	Three months ended June 30, 2008		Six months ended June 30, 2008		Three months ended June 30, 2008		Six months ended June 30, 2008	
Service cost	\$ 0.2	\$ 0.5	\$ 0.6	\$ 1.0	\$ 0.1	\$ 0.1	\$ 0.1	\$ 0.2
Interest cost	2.2	2.2	4.5	4.4	0.9	0.8	1.7	1.6
Expected return on plan assets	(2.8)	(2.7)	(5.6)	(5.4)	(1.1)	(1.0)	(2.1)	(2.0)
Amortization of actuarial loss	0.2	0.3	0.4	0.6	0.1	0.1	0.3	0.2
Curtailement charge	0.4		0.4					
Settlement charge	2.4		2.4					

Net periodic pension expense	\$ 2.6	\$ 0.3	\$ 2.7	\$ 0.6	\$	\$	\$	\$
------------------------------	--------	--------	--------	--------	----	----	----	----

On April 28, 2008, an amendment to the Company's U.S. defined benefit plans for University Park, Illinois IBEW employees within the Safety and Security Systems Group was approved. The amendment will freeze service accruals for these employees as of December 31, 2008. A similar amendment for all of the Company's remaining US employees was approved in July 2006.

On April 21, 2008, the Company sold its Die & Mold Operations. The operations were included in discontinued operations for all periods presented through the sale date. As a result of the amendment related to the sale of the Tool business, the Company was required to recognize a curtailment adjustment and a settlement charge under SFAS No. 88, Employers' Accounting for Settlements and Curtailments of Defined Benefit Plans and for Termination Benefits. Pension expense relating to the Tool segment employees was \$2.7 million and \$3.0 million for the three and six months ended June 30, 2008, respectively, primarily as a result of the curtailment and settlement charges of \$0.4 million and \$2.4 million, respectively, as well as continued service costs through the sale date.

The remeasurement of these defined benefit plans as a result of the amendment also included a change in the weighted average discount rate from 6.45% used at year-end 2007 to 6.60% at the May 1, 2008 remeasurement date, the impact of which was to decrease pension expense in continuing operations by \$0.3 million in the three and six months ended June 30, 2008. The projected benefit obligation was reduced by \$17.3 million and the accumulated benefit obligation by \$8.7 million as a result of these changes.

The Company contributed \$5.0 million during the six months ended June 30, 2008 and 2007 to its U.S. defined benefit plans and \$0.8 million and \$1.2 million to its non-U.S. defined benefit plan during the six months ended June 30, 2008 and 2007, respectively.

6. FINANCIAL ASSETS AND LIABILITIES

On June 27, 2008 the Company sold approximately 50% of its municipal leasing portfolio to Banc of America Public Capital Corp. for proceeds of \$53.5 million, which approximated book value. On the same day, the Company paid down its borrowings under the loan agreement with Banc of America Leasing & Capital, LLC in the amount of \$46.7 million.

7. DISCONTINUED OPERATIONS

The following table presents the operating results of the Company's discontinued operations for the three and six month periods ended June 30, 2008 and 2007:

E-ONE (Fire Rescue Segment)

	Three months ended		Six months ended	
	June 30, 2008	June 30, 2007	June 30, 2008	June 30, 2007

Costs and expenses				(2.8)
Income before income taxes				0.2
Income tax expense				(0.1)
Income on discontinued operations	\$	\$	\$	\$ 0.1

On April 21, 2008, the Company completed the sale of Dayton Progress Corporation (excluding Dayton Hong Kong) and its subsidiary, PCS Company, referred to collectively as Die and Mold Operations for \$64.3 million. For the three month period ended June 30, 2008, the after-tax loss on disposal was \$2.4 million, primarily due to curtailment/settlement charges in relation to the defined benefit pension plan as discussed in Note 5. The after-tax loss on disposal for the six month period ended June 30, 2008 was \$29.5 million primarily due to asset impairments; included in the loss on disposal is the remaining goodwill of the Tool Group of \$55.8 million. The Company has also decided to close the Dayton Hong Kong operation incurring a \$0.4 million and \$5.0 million impairment charge related to this business for the three and six month periods ended June 30, 2008, respectively. The Die and Mold operations produced special precision perforating components for metal stamping applications and tooling components for the plastic injection mold and the die cast industries. Sale proceeds have been used to repay debt.

On July 16, 2008 the Company announced that it has signed a definitive agreement to sell E-ONE, located in Ocala, Florida for approximately \$20.0 million subject to a working capital adjustment. The sale is expected to be completed in the third quarter of 2008. The after-tax loss on the sale for the six month period ended June 30, 2008 of \$77.1 million, related primarily to after-tax impairment charges that reflect the estimate of fair value of the net assets and the impairment of \$6.2 million of goodwill attributable to the E-ONE business.

On January 31, 2007, the Company completed the sale of Manchester Tool Company, On Time Machining Company and Clapp Dico, referred to collectively as the Cutting Tool Operations for \$65.4 million resulting in a \$24.5 million net gain on disposal of discontinued operations for the six months ended June 30, 2007.

In December 2005, the Company determined that its investment in the Refuse business operating under the Leach brand name, was no longer strategic. The majority of the assets of the business have been sold since that time and the operation has been shut down. In the period ended June 30, 2008 the Company recorded an after-tax gain of \$3.5 million primarily related to a revision in the estimate of product liability reserves.

The following table shows an analysis of assets and liabilities of discontinued operations as of June 30, 2008 and December 31, 2007:

(\$ in millions)	June 30, 2008	December 31, 2007
Current assets	\$ 33.3	\$ 129.4
Properties and equipment	11.2	38.0
Long-term assets		64.4
Total assets	\$ 44.5	\$ 231.8
Current liabilities	\$ 52.9	\$ 49.8
Long-term liabilities	10.5	23.0
Total liabilities	\$ 63.4	\$ 72.8

The reduction in asset values is primarily related to the asset impairment charges discussed in the previous paragraphs of this Note 7.

8. LEGAL PROCEEDINGS

The Company is subject to various claims, other pending and possible legal actions for product liability and other damages and other matters arising out of the conduct of the Company's business. The Company believes, based on current knowledge and after consultation with counsel, that the outcome of such claims and actions will not have a material adverse effect on the Company's consolidated financial position or the results of operations. However, in the event of unexpected future developments, it is possible that the ultimate resolution of such matters, if unfavorable, could have a material adverse effect on the Company's results of operations.

The Company has been sued in Chicago, Illinois by firefighters seeking damages claiming that exposure to the Company's sirens has impaired their hearing and that the sirens are therefore defective. There are presently 33 cases filed during the period 1999-2004, involving a total of 2,443 plaintiffs pending in the Circuit Court of Cook County, Illinois. The trial of the first 27 of these plaintiffs' claims began on March 18, 2008 and ended on April 25, 2008, when a Cook County jury returned a unanimous verdict in favor of the Company and absolved the Company of any liability for all 27 of these claims, which had been consolidated for trial. Since the first trial concluded, the court has dismissed another 40 cases which had been selected for trial in September 2008. The next trial of another sub-group of 40 Chicago firefighter plaintiffs is scheduled for January 5, 2009. Additional trial dates of Chicago plaintiff firefighters are scheduled during 2009 and 2010.

Federal Signal has been sued outside of the Cook County venue. To date, 17 plaintiffs have filed 13 lawsuits in 8 jurisdictions in three states. With the exception of the four plaintiffs who have filed suit in New Jersey, all plaintiffs have stipulated to or claimed less than \$75,000 in damages. Four cases in the Supreme Court of Kings County, New York were dismissed on January 25, 2008 after the court granted Federal Signal's motion to dismiss which eliminated all claims pending in New York. Plaintiffs have filed a notice of appeal regarding this ruling. During May, 2008 all seven plaintiffs who had filed claims against the Company in Missouri voluntarily dismissed their claims. The three states in which plaintiffs currently have filings include the following: Maryland (Circuit Courts for Baltimore City, Montgomery County and Prince George's County); New Jersey (Bergen, Essex, Hudson and Passaic Counties); and Pennsylvania (Court of Common Pleas of Philadelphia County). The Company intends to vigorously defend all of these lawsuits. The Company successfully defended approximately 41 similar cases in Philadelphia, Pennsylvania in 1999 resulting in a series of unanimous jury verdicts in favor of the Company.

Federal Signal's ongoing negotiations with CNA over insurance coverage resulted in an agreement under which CNA reimbursed \$3.7 million to the Company during the year ended December 31, 2007 for past defense costs. CNA has agreed to cover a percentage of current defense costs amounting to \$0.5 million for the quarter ended June 30, 2008 and \$1.4 million for the six months ended June 30, 2008.

9. SEGMENT INFORMATION

The following table summarizes the Company's operations by segment for the three and six month periods ended June 30, 2008 and 2007:

	Three months ended June		Six months ended June	
	2008	30, 2007	2008	30, 2007
Net sales				
Safety and Security Systems	\$ 94.8	\$ 95.9	\$ 185.6	\$ 174.5
Fire Rescue	42.5	30.7	66.8	51.3
Environmental Solutions	117.0	116.6	230.0	230.4
Total net sales	\$ 254.3	\$ 243.2	\$ 482.4	\$ 456.2
Operating income				
Safety and Security Systems	\$ 10.9	\$ 14.3	\$ 19.2	\$ 23.8
Fire Rescue	4.3	3.6	6.3	5.3
Environmental Solutions	11.2	11.1	21.0	21.2
Corporate expense	(7.7)	(6.4)	(15.1)	(10.9)
Total operating income	\$ 18.7	\$ 22.6	\$ 31.4	\$ 39.4

	June 30, 2008	December 31, 2007
Identifiable assets		
Manufacturing activities		
Safety and Security Systems	\$ 422.2	\$ 419.1
Fire Rescue	135.1	120.7
Environmental Solutions	226.1	212.5
Corporate	61.4	49.2
Total manufacturing activities	844.8	801.5

Assets of discontinued operations	44.5	231.8
Financial services activities		
Fire Rescue	43.7	98.8
Environmental Solutions	9.3	14.1
Corporate	18.3	33.9
Total financial services activities	71.3	146.8
Total identifiable assets	\$ 960.6	\$ 1,180.1

10. COMMITMENTS AND GUARANTEES

The Company issues product performance warranties to customers with the sale of its products. The specific terms and conditions of these warranties vary depending upon the product sold and country in which the Company conducts business, with warranty periods generally ranging from 6 months to 5 years. The Company estimates the costs that may be incurred under its basic limited warranty and records a liability in the amount of such costs at the time the sale of the related product is recognized.

Factors that affect the Company's warranty liability include the number of units under warranty from time to time, historical and anticipated rates of warranty claims and costs per claim. The Company periodically assesses the adequacy of its recorded warranty liabilities and adjusts the amounts as necessary.

Changes in the Company's warranty liabilities for the six month period ended June 30, 2008 and 2007 were as follows:

	Six months ended June	
	30,	
	2008	2007
Balance at January 1	\$ 5.9	\$ 5.1
Provisions to expense	3.8	3.8
Actual costs incurred	(3.5)	(3.3)
 Balance at June 30	 \$ 6.2	 \$ 5.6

The Company guarantees the debt of a joint venture in China up to a maximum of \$12.5 million. The outstanding amount of the guaranteed debt as of June 30, 2008 was \$8.9 million. No losses have been incurred as of June 30, 2008.

The Company also provides residual value guarantees on vehicles sold to certain customers. Proceeds received in excess of the fair value of the guarantee are deferred and amortized into income ratably over the life of the guarantee. The Company recorded these transactions as operating leases and recognized liabilities equal to the fair value of the guarantees. The notional amounts of the residual value guarantees totaled \$2.3 million as of June 30, 2008. No losses have been incurred as of June 30, 2008. The guarantees expire between 2008 and 2010.

The Dallas Fort Worth (DFW) airport has given Federal APD notices of non-performance and default, most recently in March 2008, regarding the \$18.0 million contract for installation of a new parking and revenue control system at the airport, and DFW has demanded that Federal APD cure its alleged non-performance. DFW also provided a copy of the non-performance and default letters to the Company's surety carrier. The most recent non-performance and default claim relates principally to certain disagreements as to the timeliness of certain work under the contract and whether certain of Federal APD's work has complied with contract specifications. DFW has threatened to pursue all available legal remedies if Federal APD does not cure the alleged default, including termination of the contract. The 30 day cure period stated in the March 2008 notice has passed, but the airport has not yet provided a formal notice of termination. Federal APD disputes that there was any basis under the contract for the non-performance or default as alleged by DFW and also disputes that DFW is entitled to terminate the contract for cause and asserts that it is entitled to damages as a result of DFW's conduct. The Company has provided appropriate reserves in relation to this contract.

11. FAIR VALUE OF FINANCIAL INSTRUMENTS

For assets and liabilities measured at fair value on a recurring basis during the period under the provisions of FAS 157, the Company uses an income approach to value the assets and liabilities for outstanding derivative contracts which include interest rate swap and foreign currency forward contracts. These contracts are valued using an income approach which consists of a discounted cash flow model that takes into account the present value of future cash flows under the terms of the contracts using current market information as of the reporting date such as prevailing interest rates and foreign currency spot and forward rates. As noted in Note 2, the Company has adopted the provisions of FAS 157 with respect to its financial assets and liabilities that are measured at fair value within the condensed consolidated financial statements. The Company has deferred the application of the provisions of this statement to its non-financial assets and liabilities in accordance with FSP 157-b. The following table provides a summary of the fair values of assets and liabilities under FAS 157:

Assets

	Fair Value Measurements at June 30, 2008			
	Total	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Derivatives	\$ 0.3	\$	\$ 0.3	\$

Liabilities

	Fair Value Measurements at June 30, 2008			
	Total	Quoted prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Derivatives	\$ (6.0)	\$	\$ (6.0)	\$

12. NEW ACCOUNTING PRONOUNCEMENTS

In December 2007, the FASB issued FAS No. 141 (revised 2007), Business Combinations (FAS 141(R)), which expands the definition of a business and a business combination, requires the fair value of the purchase price of an acquisition including the issuance of equity securities to be determined on the acquisition date, requires that all assets, liabilities, contingent consideration, contingencies and in-process research and development costs of an acquired business be recorded at fair value at the acquisition date, requires that acquisition costs generally be expensed as incurred, requires that restructuring costs generally be expensed in periods subsequent to the acquisition date, and requires changes in accounting for deferred tax asset valuation allowances and acquired income tax uncertainties after the measurement period to impact income tax expense. The Company will be required to adopt FAS 141(R) on January 1, 2009. The Company is currently evaluating what impact, if any, FAS 141(R) will have on its consolidated financial statements.

In December 2007, the FASB issued FAS No. 160, Noncontrolling Interests in Consolidated Financial Statements, an Amendment of ARB No. 51 (FAS 160), which changes the accounting and reporting for minority interests such that minority interests will be recharacterized as noncontrolling interests and will be required to be reported as a component of equity, and requires that purchases or sales of equity interests that do not result in a change in control be accounted for as equity transactions and, upon a loss of control, requires the interest sold, as well as any interest retained, to be recorded at fair value with any gain or loss recognized in earnings. The Company will be required to adopt FAS 160 on January 1, 2009. The Company does not expect FAS 160 to have a material impact to its results of operations or financial position.

In March 2008, the FASB issued Statement of FAS No. 161, Disclosures about Derivative Instruments and Hedging Activities, an amendment of FAS 133 (FAS 161). This new standard requires enhanced disclosures for derivative instruments, including those used in hedging activities. It is effective for fiscal years and interim periods beginning after November 15, 2008, and will be applicable to the Company in the first quarter of fiscal 2009. The Company is currently evaluating what impact, if any, FAS 161 will have on its consolidated financial statements.

13. SUBSEQUENT EVENTS

In July 2008, the Company entered into sale-leaseback transactions for its Elgin and University Park plant locations. Proceeds received were \$37.2 million resulting in an estimated deferred gain of \$29.0 million. The deferred gain will be amortized over the 15-year life of the respective leases. The proceeds have been used to pay down debt.

There have been no material changes in total assets from the amount disclosed in the Company's last annual report.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations.

Federal Signal Corporation (the Company) manufactures safety, signaling and communication equipment and systems; articulated aerial devices and a broad range of municipal and industrial cleaning vehicles. To achieve technology, marketing, distribution and product application synergies, the Company's business units are organized and managed in three operating segments: Safety and Security Systems, Fire Rescue and Environmental Solutions. The Company also provides customer and dealer financing to support the sale of vehicles and products.

Consolidated Results of Operations

The following table presents the Company's results of operations for the three and six month periods ended June 30, 2008 and 2007, respectively (in millions):

	Three months ended June 30,		Six months ended June 30,	
	2008	2007	2008	2007
Net sales	\$ 254.3	\$ 243.2	\$ 482.4	\$ 456.2
Cost of sales	(186.4)	(176.2)	(354.6)	(333.6)
Gross profit	67.9	67.0	127.8	122.6
Operating expenses	(49.2)	(44.4)	(96.4)	(83.2)
Operating income	18.7	22.6	31.4	39.4
Interest expense	(5.5)	(5.7)	(12.3)	(11.8)
Other expense, net	(1.4)	(0.4)	(1.9)	(0.7)
Income tax expense	(3.8)	(4.3)	(4.9)	(7.5)
Income from continuing operations	8.0	12.2	12.3	19.4
(Loss) gain from discontinued operations and disposal, net of tax	(21.4)	(1.1)	(110.6)	22.3
Net (loss) income	\$ (13.4)	\$ 11.1	\$ (98.3)	\$ 41.7
Other data:				
Operating margin	7.4%	9.3%	6.5%	8.6%
Earnings per share - continuing operations	\$ 0.17	\$ 0.25	\$ 0.26	\$ 0.40

	Three months ended June 30,		Six months ended June 30,	
	2008	2007	2008	2007
Analysis of orders:				
Total orders	\$261.4	\$239.3	\$513.8	\$509.2
Change in orders year over year	9%		1%	
Change in US municipal and government orders year over year	6%		(3)%	
Change in US industrial and commercial orders year over year	(6)%		(5)%	
Change in non-US orders year over year	20%		7%	

The sales increase of 5% in the second quarter of 2008 compared to the same quarter of 2007 is attributable to shipments of higher value Fire Rescue products and favorable foreign currency movement across all segments. Net sales were relatively flat in the quarter across the Safety and Security Systems and Environmental Solutions segments. In the six months ended June 30, 2008 as compared to 2007, net sales increased 6% due to increases in Fire Rescue

and Safety and Security Systems products.

The operating income decline of \$3.9 million in the second quarter of 2008 compared to the second quarter of 2007 was driven by increased operating expenses primarily due to increased expenses associated with the ongoing firefighters hearing loss litigation and trial of \$3.7 million. Year to date operating income decreased \$8.0 million due to increases in the hearing loss litigation of \$6.8 million, provisions relating to a disputed contract, and \$0.4 million of severance costs related to cost reduction efforts.

Interest expense decreased in the second quarter of 2008 to \$5.5 million compared to \$5.7 million in the same quarter last year due to lower average borrowings. For the six months ended June 30, 2008 interest expense was \$12.3 million compared to \$11.8 million in the same period in 2007, due to higher borrowings primarily to fund the acquisition of PIPS Technologies in the third quarter of 2007.

The Company's effective tax rate on earnings from continuing operations was 32.3% and 26.0% for the three months ended June 30, 2008 and 2007, respectively. The higher tax rate reflects a decreased benefit from foreign tax rate effects and a decrease in the benefit of tax-exempt interest.

Income from continuing operations was \$8.0 million for the quarter ended June 30, 2008 versus \$12.2 million for the comparable period in 2007 reflecting increased operating expenses and a higher tax rate. For the six month period ended June 30, 2008, income from continuing operations decreased \$7.1 million from the prior year period.

For the quarter ended June 30, 2008 a loss on discontinued operations and disposals of \$21.4 million was recorded, primarily as a result of an additional adjustment to recognize the impairment of assets of \$18.7 million at E-ONE. For the six month period ended June 30, 2008, there was a net loss \$110.6 million on discontinued operations relating primarily to the impairment of assets of the Die & Mold and E-ONE operations.

For the six month period ended June 30, 2007, after completion of the sale of the cutting tool operations in the first quarter of 2007, and substantial completion of the wind-down of the refuse business, the Company realized a net after-tax gain on the sale of previously discontinued operations of \$24.6 million.

Diluted earnings per share from continuing operations decreased 32% to \$0.17 for the quarter ended June 30, 2008.

For the six months ended June 30, 2008, earnings per share from continuing operations decreased 35%.

Orders and Backlog

Orders increased 9% over the second quarter of 2007 due to the acquisition in the third quarter of 2007 of PIPS Technologies, a manufacturer of automated license plate recognition (ALPR) cameras, strong US export orders and an increase in municipal and government orders and currency effects from the weaker US dollar. These increases more than offset a decline in US industrial and commercial orders for sweepers. Year to date orders are up 1% over 2007 with US exports, currency, sales of ALPR cameras and international sales demand more than offsetting decreases in the US markets.

The second quarter increase in US municipal and government orders from the year ago comparable period came primarily as a result of increased sales of sweepers, and warning systems offset by a \$5.3 million decline in police products. The decline in US industrial and commercial orders compared to the prior year quarter was caused by declines in environmental products of \$1.5 million, safety and security solutions products of \$1.1 million and in aerial apparatus of \$0.7 million. Year to date industrial and commercial orders decreased 5% over 2007 driven by sweepers and vacuum trucks which were down \$10.0 million, partially offset by aerial devices which were up \$3.3 million. The 20% increase in orders from non-US markets in the second quarter of 2008 was due to increased international demand across all product segments, particularly for aerial apparatus, \$7.6 million, sewer cleaners, \$3.7 million and ALPR cameras, \$3.2 million.

Backlog at \$375 million increased 22% over the same period in 2007, as the continued strong demand for Bronto aerial devices and orders for ALPR cameras and sewer cleaners more than offset a decrease in police product orders.

Safety and Security Systems

The following table summarizes the Safety and Security Systems Group's operating results for the three and six month periods ended June 30, 2008 and 2007, respectively (dollars in millions):

	Three months ended June 30,		Six months ended June 30,	
	2008	2007	2008	2007
Total orders	\$98.7	\$93.0	\$194.6	\$190.9
US orders	54.5	54.9	109.5	112.4
Non-US orders	44.2	38.1	85.1	78.5
Net sales	94.8	95.9	185.6	174.5
Operating income	10.9	14.3	19.2	23.8
Operating margin	11.5%	14.9%	10.3%	13.6%

A 6% increase in orders over the second quarter of 2007 was mostly related to orders for warning systems, electrical products and ALPR cameras relating to the PIPS business acquired in the third quarter of 2007. US orders remained relatively flat from the prior year as the increase in municipal and government orders offset the decrease in US industrial orders. Non-US orders increased 16% over the prior year, most significantly in police products and ALPR cameras. Year to date, orders increased slightly over 2007.

Net sales were relatively flat compared to the second quarter of 2007 due to absence of large police product export orders, which occur irregularly, and lower US sales of police products due to municipal budget pressures and an interruption in police car conversions triggered by an automotive supplier strike. Offsetting these factors were the addition of sales of ALPR cameras due to the PIPS acquisition in 2007. Net sales increased 6% in the six month period ended June 30, 2008 with improvements in parking systems, warning sirens and the addition of ALPR cameras, offset by a decrease in police products.

Operating income and margins decreased in the second quarter of 2008 from the comparable period in 2007 primarily due to the decline in sales of high margin domestic and international police products, a \$0.7 million inventory write off in a satellite location and expenses incurred to build out the sales and engineering organization for the newly created Public Safety Systems division. Year to date, the operating margin and income declined mainly due to costs associated with the start up of the safety systems sales business and the decline in police product sales.

Fire Rescue

The following table summarizes the Fire Rescue Group's operating results for the three and six month periods ended June 30, 2008 and 2007, respectively (dollars in millions):

	Three months ended June 30,		Six months ended June 30,	
	2008	2007	2008	2007
Total orders	\$ 44.8	\$ 38.2	\$103.8	\$99.7
US orders	1.2	2.2	6.5	3.7
Non-US orders	43.6	36.0	97.3	96.0
Net sales	42.5	30.7	66.8	51.3
Operating income	4.3	3.6	6.3	5.3
Operating margin	10.1%	11.7%	9.4%	10.3%

Segment results have been restated to exclude the results of E-ONE Operations, which have been presented as discontinued operations.

Orders were 17% above the prior year second quarter assisted by the strong euro currency. Demand for Bronto articulated aerial devices continues to be relatively high in international markets and significantly above the current production rate. The operation is in the process of a 40% capacity expansion which will come on line in the third quarter and help meet the increased demand.

Net sales in the second quarter increased 38% from the comparable quarter in 2007 as a result of improved shipments against the strong backlog and a favorable foreign currency impact. Year to date net sales increased 30% over the same period in 2007.

Operating income increased 19% as compared to the second quarter of 2007 and for the six months ended June 30, 2007, largely as a result of the higher sales and favorable currency movements. Operating margin declined over the comparable periods as the benefits of increased sales volumes and better pricing was offset by increased component and sub-contractor

costs and a lower margin sales mix.

Environmental Solutions

The following table summarizes the Environmental Solutions Group's operating results for the three and six month periods ended June 30, 2008 and 2007, respectively (dollars in millions):

	Three months ended June		Six months ended June 30,	
	2008	2007	2008	2007
Total orders	\$ 117.9	\$ 108.1	\$ 215.4	\$ 218.6
US orders	78.4	76.0	150.4	161.6
Non-US orders	39.5	32.1	65.0	57.0
Net sales	117.0	116.6	230.0	230.4
Operating income	11.2	11.1	21.0	21.2
Operating margin	9.6%	9.5%	9.1%	9.2%

Orders of \$117.9 million in the second quarter of 2008 were 9% above the prior year quarter. In US municipal and government markets, orders increased 8% from the same period last year, with increases in sweepers and parts orders which had been very weak in the first quarter. In US industrial markets, orders declined 6% due to the timing of large orders compared to the second quarter of 2007. Non-US orders increased 23% due to a large sewer cleaner order for Mexico. Year to date orders remained relatively flat as compared to the prior year with the decrease in US orders of 7% being offset by an increase in non-US orders of 14%.

Net sales remained flat compared to the second quarter in 2007 as the decrease in sweeper sales offset the increases in sewer cleaners and industrial vacuums as well as higher pricing on products sold and a favorable foreign currency impact. Year to date net sales were also flat versus the prior year.

In the second quarter and year-to-date periods, operating income and operating margin remained relatively flat compared to the same prior year periods.

Corporate Expenses

Corporate expenses increased to \$7.7 million for the second quarter of 2008 compared to \$6.4 million in the second quarter of 2007. The increase is due to \$3.7 million of higher legal and trial costs associated with the Company's ongoing firefighter hearing loss litigation partially offset by a decrease of \$1.1 million in workers compensation and casualty expenses and the impact of cost reductions. Corporate expenses for the six months ended June 30, 2008 were \$15.1 million and \$10.9 million for the comparable period in 2007 with the increase being due to \$6.8 million of increased hearing loss expense partially offset by other cost reductions.

Discontinued Operations

On April 21, 2008, Dayton Progress Corporation (excluding Dayton Hong Kong) and PCS Corporation, referred to collectively as the Die and Mold Operations were sold. The Company has also decided to close Dayton Hong Kong. The closure will be completed in 2008. These operations are included as discontinued operations for all periods presented. Previously, the Die and Mold Operations were included in the Company's Tool Segment.

On July 16, 2008 the Company announced that it had signed a definitive agreement to sell E-ONE, located in Ocala, Florida for approximately \$20.0 million subject to a working capital adjustment. E-ONE manufactures a broad range of fire apparatus and mission critical vehicles. These operations are included as discontinued operations for all periods presented. Previously E-ONE Operations were included in the Company's Fire Rescue Segment.

Also included as discontinued operations, is the Company's investment in the Refuse business, operating under the Leach brand name. The majority of the assets of this business have been sold, and the operation was closed in 2006. For the quarter ended June 30, 2008 a loss on discontinued operations and disposals of \$21.4 million was recorded,

primarily as a result of an additional adjustment to recognize the impairment of assets of \$18.7 million at E-ONE. For the six month period ended June 30, 2008, there was a net loss \$110.6 million on discontinued operations relating primarily to the impairment of assets of the Die & Mold and E-ONE operations.

There was a net gain of \$22.3 million on discontinued operations for the six month period ended June 30, 2007 primarily relating to the sale of the Cutting Tool operations.

Seasonality of Company's Business

Certain of the Company's businesses are susceptible to the influences of seasonal buying or delivery patterns. The Company's businesses which tend to have lower sales in the first calendar quarter compared to other quarters as a result of these influences are street sweeping, aerial equipment, outdoor warning, emergency signaling products and parking systems.

Financial Position, Liquidity and Capital Resources

The Company utilizes its operating cash flow and available borrowings under its revolving credit facility for working capital needs of its operations, capital expenditures, strategic acquisitions of companies operating in markets related to those already served, pension contributions, debt repayments, share repurchases and dividends. The Company anticipates that its financial resources and major sources of liquidity, including cash flow from operations and borrowing capacity, will continue to be adequate to meet its operating and capital needs in addition to its financial commitments.

The following table summarizes the Company's cash flows for the six month periods ended June 30, 2008 and 2007, respectively (in millions):

	Six months ended June 30,	
	2008	2007
Operating cash flow	\$ 85.9	\$ 18.0
Investing, net	37.1	38.1
Debt repayments, net	(107.7)	(50.1)
Dividends	(5.8)	(5.7)
Purchases of treasury stock	(6.0)	
Other, net	0.6	0.6
Increase in cash and cash equivalents	\$ 4.1	\$ 0.9

Cash provided by operations totaled \$74.6 million in the second quarter of 2008 and \$85.9 million year to date. The increase was primarily attributable to the sale of 50% of the Company's municipal leasing portfolio for \$53.5 million. Discontinued operations used \$0.6 million in cash versus \$9.7 million primarily related to a build of inventory in the comparable prior year quarter.

During the second quarter of 2008, the Company completed the sale of the Die and Mold Operations, previously included in the Company's Tool segment discontinued operations, for \$64.3 million in gross cash proceeds. The proceeds from the sale were used to reduce debt. In the prior year, cash flow from investing activities included the receipt of \$65.4 million following the completion of the sale of the Cutting Tool Operations, previously included in the Company's discontinued operations. Proceeds from the sale were used in part to acquire a Michigan-based software company, Codespear for \$16.6 million, and to reduce debt.

Cash balances at June 30, 2008 totaled \$16.6 million, up from \$12.5 million at year-end 2007.

Manufacturing debt net of cash as a percentage of capitalization was 41.4% at June 30, 2008, versus 38.8% at the end of the 2007.

At June 30, 2008, \$80.8 million was drawn against the Company's \$250.0 million revolving credit line, and the Company was in compliance with all debt covenants.

Contractual Obligations and Commercial Commitments

Short-term borrowings increased \$0.9 million to \$3.5 million at June 30, 2008 from \$2.6 million at December 31, 2007. Total long-term borrowings decreased to \$317.7 million from \$423.5 million at December 31, 2007. See the Financial Condition, Liquidity and Cash Flow section of this report for more information. There have been no other significant changes in the first six months of 2008 to the Company's contractual obligations and commercial commitments as summarized in the Management's Discussion and Analysis of Financial Condition and Results of Operations in the Company's Annual Report on Form 10-K for the year ended December 31, 2007 and subsequent Form 10-Q for the quarter ended March 31, 2008.

Changes to the Company's accrual for product warranty claims in the first six months of 2008 is discussed in Note 10.

Item 3. Quantitative and Qualitative Disclosures About Market Risk

The Company is subject to market risk associated with changes in interest rates and foreign exchange rates. To mitigate this risk, the Company utilizes interest rate swaps and foreign currency forward and option contracts. The Company does not hold or issue derivative financial instruments for trading or speculative purposes and is not party to leveraged derivatives.

The Company manages its exposure to interest rate movements by maintaining a proportionate relationship between fixed-rate debt to total debt within established percentages. The Company uses funded fixed and floating-rate borrowings as well as interest rate swap agreements to balance its overall fixed-to-floating interest rate mix.

Of the Company's debt at June 30, 2008, \$66.9 million was used to support financial services assets.

The Company also has foreign exchange exposures related to buying and selling in currencies other than the local currency in which it operates. The Company utilizes foreign currency forward contracts to manage risks associated with sales and purchase commitments as well as forecasted transactions denominated in foreign currencies.

The information contained in Note 10, Commitments and Guarantees to the Condensed Consolidated Financial Statements of this Form 10-Q discusses the changes in the Company's exposure to market risk during the six month period ended June 30, 2008. For additional information, refer to the discussion contained under the caption Market Risk Management included in Item 7 of the Company's Form 10-K for the year ended December 31, 2007.

Item 4. Controls and Procedures

As required by Rule 13a-15 under the Securities Exchange Act of 1934, the Company's management, with the participation of the Company's interim Chief Executive Officer and Chief Financial Officer, evaluated the effectiveness of the design and operation of the Company's disclosure controls and procedures as of June 30, 2008. Based on that evaluation, the Company's interim Chief Executive Officer and Chief Financial Officer concluded that the Company's disclosure controls and procedures were effective as of June 30, 2008. As a matter of practice, the Company's management continues to review and document disclosure controls and procedures, including internal controls and procedures for financial reporting. From time to time, the Company may make changes aimed at enhancing the effectiveness of the controls and to ensure that the systems evolve with the business. During the quarter ended June 30, 2008, there were no changes in the Company's internal control over financial reporting that have materially affected, or are reasonably likely to materially affect, the Company's internal control over financial reporting.

Part II. Other Information

Item 1. Legal Proceedings

The information is set forth in Footnote 8 and Footnote 10 of the financial statements included in Part I of this Form 10-Q are incorporated herein by reference.

Item 1A. Risk Factors

There have been no material changes in the risk factors described in Item 1A (Risk Factors) of the Company's Annual Report on Form 10-K for the year ended December 31, 2007.

Item 2. Unregistered Sale of Equity Securities and Use of Proceeds

On April 22, 2008, the Company's Board of Directors approved a program to repurchase up to 450,000 shares before June 30, 2008. The repurchase plan was completed during the quarter ended June 30, 2008.

Period	Total Number of Shares Purchased (a)	Average Price Paid per Share	Total Number of Shares Purchased as Part of	Maximum Number of
			Publicly Announced Plans	Shares That May Yet Be Purchased
May, 2008	450,000		450,000	
Total	450,000	\$ 13.42	450,000	

Item 4. Submission of Matters to a Vote of Security Holders

On April 22, 2008, the Company held its annual meeting of stockholders at which the following matters were presented to, and voted upon by the stockholders:

Election of Directors

Charles R. Campbell, Paul W. Jones, Brenda L. Reichelderfer, and Dennis J. Martin, each in incumbent director of the Company, were each reelected to a new term to expire at the annual meeting of stockholders in 2011. The vote with respect to each of the nominees was as follows:

<i>Name of Director</i>	<i>For</i>	<i>Withhold Authority</i>
Charles R. Campbell	34,268,130	4,008,700
Paul W. Jones	33,976,470	4,300,360
Brenda L. Reichelderfer	34,497,594	3,784,236
Dennis J. Martin	37,148,415	1,128,415

James E. Goodwin, James C. Janning, John F. McCartney, Robert M. Gerrity and Robert S. Hamada also serve as directors of the Company and each of their terms continued after the annual meeting of stockholders.

Joseph R. Wright, Jr. was appointed to the Board of Directors on April 23, 2008.

Ratification of Independent Registered Public Accounting Firm for 2008

A proposal to ratify Ernst & Young LLP as the Company's independent registered public accounting firm for 2008 was presented to the stockholders at the annual meeting. The vote for and against and the number of votes subject to abstention is disclosed below:

<i>For</i>	<i>Against</i>	<i>Abstentions</i>
37,786,463	435,989	54,466

Shareholder Proposal Relating to the Shareholder Approval of Future Severance Agreements

A shareholder proposal relating the shareholder approval of future severance agreements was presented to the stockholders at the annual meeting. The vote for and against and the number of votes subject to abstention is disclosed below:

<i>For</i>	<i>Against</i>	<i>Abstentions</i>
26,184,342	7,315,166	242,461

Item 5. Other Information.

On July 25, 2008, the Company issued a press release announcing its financial results for the three and six months ended June 30, 2008. The full text of the press release is included as Exhibit 99.1 to this Form 10-Q.

On July 22, 2008, the Board of Directors approved amendments to the Company's by-laws. Set forth below is a summary

of the material amendments made to the existing by-laws of the Company. This summary is not intended to be complete and is qualified in its entirety by the full text of the Amended and Restated By-Laws, a copy of which is filed as Exhibit 3.b. to this Form 10-Q.

Section 2.2 Annual Meetings. This section has been revised to set the annual meeting of stockholders on the fourth Friday in May of each year in the absence of a prior determination of a different date by the Board of Directors.

Section 2.5 Business of Stockholder Meetings. This section replaces the prior advance notice provision regarding stockholder proposals. For business to be properly brought before the annual meeting, it must be (i) specified in the meeting notice given by the Board, (ii) otherwise properly brought before the meeting by the Board, or (iii) otherwise properly brought before the meeting by a stockholder of the Company who is a stockholder of record at the time of giving the required notice, who is entitled to vote at the meeting, and who has complied with the applicable by-law notice provisions. Generally, to be timely under the Company's by-laws, a stockholder must give proper notice not less than 90 days nor more than 120 days prior to the first anniversary of the prior year's annual meeting. Additionally, this section requires the provision of specific information by the stockholder in its notice to the Company and the making of certain representations to the Company in connection with each stockholder proposal including the disclosure of all forms of ownership and all relationships and other agreements that attribute equity or control votes to such stockholder including derivative positions. The notice provision is applicable to all business to be brought before the meeting by a stockholder whether to be included in the Company's proxy statement, subject to independent proxy solicitation or presented directly at the meeting.

Section 2.6 Notice of Stockholder Nominations. Board of director nominations may be made by the Board of Directors or by any stockholder of the Company who is a stockholder of record at the time of giving proper notice to the Company and who is entitled to vote in the election of directors. Generally, timely notice by such a stockholder under the Company's by-laws must be delivered not less than 90 days nor more than 120 days prior to the first anniversary of the prior year's annual meeting or, with respect to an election to be held at a special meeting of stockholders, not earlier than the 120th day prior to such special meeting and not later than the close of business on the later of the 90th day prior to such special meeting or the 10th day following the day of public announcement of the date of the special meeting and of the nominees to be elected. This section also requires the provision of specific information by the stockholder in its notice to the Company and the making of certain representations to the Company in connection with each director nomination including the disclosure of all forms of ownership and all relationships and other agreements that attribute equity or control votes to such stockholder including derivative positions. Stockholders seeking to nominate individuals as directors may be required to supply a written questionnaire or agreement concerning the director nominee. The notice provision is applicable to all stockholder nominations for director whether to be included in the Company's proxy statement, subject to independent proxy solicitation or presented directly at the meeting.

Section 2.14 Meetings by Remote Communication. This provision has been added to allow the Board to permit a meeting by remote communication consistent with applicable law.

Section 3.2 Number, Qualifications and Term of Office. This section has been revised to provide that a decrease in the number of directors shall not shorten the term of any director serving at the time of the reduction.

Section 4.1 Committees of the Board. This section was revised to provide that each committee of the Board shall consist of at least three members of the Board.

Section 4.6 Audit Committee; Section 4.7 Compensation and Benefits Committee, and Section 4.8 Nominating and Governance Committee. These sections have been revised to clarify that committee members must satisfy any Company requirements and those of applicable law including any applicable listing requirements of any securities exchange upon which the Company's securities are listed.

Section 6.2 Exception to Right of Indemnification. This section has been added to clarify that the Company shall not indemnify any director or officer for claims brought voluntarily by such person except as is approved by the Board or to assert rights for indemnification under the by-laws.

Section 6.4 Advance of Expenses. This section has been revised to provide for mandatory reimbursement of defense expenses to directors and officers of the Company and to provide for optional reimbursement of defense expenses to

employees and agents of the Company at the discretion of the Board.

Section 8.5 Record Date. This section has been revised to clarify the fixing of the record date by the Board of Directors and to provide for a default record date when no record date has been set.

Section 9.3 Notices. This section has been updated to clarify the proper manner for the provision of notice to directors and stockholders under the by-laws and to provide for electronic notice consistent with applicable law.

Under applicable securities laws, in order to be considered for inclusion in the Company's proxy statement for the 2009 Annual Meeting of Stockholders, the Company must receive any stockholder proposals on or before November 19, 2008.

Additionally, under the Company's amended and restated by-laws, in order for any business to be considered at the 2009 Annual Meeting, including any stockholder proposals that have been submitted for inclusion in the Company's proxy statement as set forth in the immediately preceding paragraph or director nominations, we must receive information relating to such proposal or nomination by January 22, 2009, but not before December 23, 2008, which is not less than 90 days nor more than 120 days prior to the anniversary date of the 2008 Annual Meeting. Any proposals which are not received in accordance with the above standards will not be considered or voted on at the 2009 Annual Meeting.
