BRAINWORKS VENTURES, INC. AND SUBSIDIARIES  
 NOTES TO CONSOLIDATED FINANCIAL STATEMENTS  
 June 30, 2001

#### NOTE A - THE COMPANY AND BASIS OF PRESENTATION

Brainworks Ventures, Inc. ("BWV"), together with its wholly owned subsidiaries, Brainworks Ventures Labs, Inc. ("BVL") and Executive Ventures Partners, Inc. ("EVP"), referred to as the "Company", is a Nevada corporation. The Company develops, invests in and operates internet and other technology companies located primarily in the southeastern United States. On February 14, 2001, BWV completed the acquisition of BVL, which is a venture development company that provides business consulting services to early stage technology companies.

On May 8, 2001 BWV acquired EVP, a consulting company that specializes in the development and implementation of corporate venturing programs. EVP's target clients are Fortune 2000 companies and government research laboratories. EVP works with clients to identify undervalued assets that can be commercialized and provides the resources and management talent to build a business around those assets. EVP also works with businesses to establish corporate venturing programs that manage corporate venture capital funds designed to make strategic investments.

The accompanying unaudited, consolidated, condensed financial statements include the accounts of the Company and its wholly-owned subsidiaries. All intercompany balances and transactions have been eliminated. These unaudited financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America and in accordance with the instructions to Form 10-QSB for interim financial information. Accordingly, they do not include all of the information and footnotes required by generally accepted

## Edgar Filing: BRAINWORKS VENTURES INC - Form 10QSB

accounting principles for complete financial statements. In the opinion of management, these statements include all adjustments consisting of normal recurring accruals and considered necessary for fair presentation. Operating results for the three-month period ended June 30, 2001 are not necessarily indicative of the results that may be expected for the year ending March 31, 2002. For further information, refer to the consolidated financial statements and footnotes thereto included in the Company's 2001 Annual Report on Form 10-KSB.

The Company has sustained a significant operating loss for the quarter ended June 30, 2001 and such losses are expected to continue. Further, the Company's operating activities have generated negative cash flow. These factors raise substantial doubt about the Company's ability to continue as a going concern. Management's plans include raising additional capital and/or debt financing or the sale of the Company. There is no assurance that such capital and/or debt financing will be available on terms acceptable to the Company. The consolidated financial statements do not include any adjustments that might result from the outcome of these uncertainties.

### NET LOSS PER SHARE

Basic and diluted loss per share for the three month periods ended June 30, 2001 and 2000 are computed based on the weighted average number of common shares outstanding. The computation of diluted net loss per share is similar to the computation of basic net loss per share, except that the denominator is increased to include the number of additional common shares that would have been issued. However, the Company's computation of diluted net loss per share does not assume any conversion or exercise of securities, as their effect is anti-dilutive for all periods presented.

### NOTE B - ACQUISITION

On May 8, 2001, BWV acquired EVP. All of the outstanding common stock of EVP was exchanged for 500,000 shares of BWV's common stock with a fair value of \$554,000. The stock issued in the acquisition includes a provision for "piggy-back" registration rights. Certain shareholders of EVP were also shareholders or directors of the Company prior to the acquisition and received 390,000 shares of the total shares exchanged. The transaction was accounted for as a purchase pursuant to Accounting Principle Board No. 16 Accounting for Business Combinations (APB 16).

The assets acquired, liabilities assumed and the cost of the acquisition were as follows:

Assets acquired:	
Current assets, principally accounts and unbilled receivables	\$ 122,000
Fixed assets	5,000
Intangible assets	497,000
	-----
	\$ 624,000
	=====
Liabilities assumed:	
Accounts payable and accrued liabilities	\$ 35,000
Due to stockholder	35,000
Common stock issued to EVP stockholders at fair value	554,000
	-----
	\$ 624,000

BRAINWORKS VENTURES, INC. AND SUBSIDIARIES  
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS  
JUNE 30, 2001

In addition, the Company incurred acquisition costs of approximately \$78,000 in connection with the acquisition of EVP which is being amortized over a 36 month period.

The following unaudited pro forma condensed statements of operations (in thousands, except per share data) assumes the EVP acquisition occurred on April 1, 2001 and 2000. In the opinion of management, all adjustments necessary to present fairly such unaudited pro forma statements have been made.

Revenue	\$ 220	\$ 0
Net loss	\$ (763)	\$ (743)

## NOTE C - RECLASSIFICATION

Certain items in the Company's Quarterly Report on Form 10-QSB for the quarter ended June 30, 2000 have been reclassified to conform to current year classifications. Such reclassifications had no effect on previously reported income.

7

8

## ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OR PLAN OF OPERATION

Certain statements contained in this Quarterly Report on Form 10-QSB are "forward-looking statements," within the meaning of the Private Securities Litigation Reform Act of 1995, and are thus prospective in nature. Such forward-looking statements reflect management's beliefs and assumptions and are based on information currently available to management. The forward-looking statements involve known and unknown risks, uncertainties and other factors that may cause actual results, performance or achievements of the Company to differ materially from those expressed or implied in such statements. There can be no assurance that such factors or other factors will not affect the accuracy of such forward-looking statements.

## RESULTS OF OPERATIONS

For the three months ended June 30, 2001 and 2000, the Company recorded revenues of \$131,000 and \$0, respectively, along with other income of \$9,000 and \$1,150,000, respectively. The increase in revenue is primarily due to consulting revenue earned by EVP. The decrease in other income of \$1,141,000 is primarily due to the gain on the sale of La Fonda capital stock held by the Company which occurred in fiscal-year 2000.

## Edgar Filing: BRAINWORKS VENTURES INC - Form 10QSB

For the three months ended June 30, 2001 and 2000, the cost of revenue was \$80,000 and \$0, respectively. The increase in cost of revenue is primarily due to \$45,000 of payroll expenses, \$24,000 of consulting expenses and \$10,000 of travel and related expenses incurred in the three months ended June 30, 2001.

For the three months ended June 30, 2001, total selling, general and administrative expenses of \$855,000 included a \$372,000 non-cash compensation charge, consulting expenses of \$25,000, rent expenses of \$33,000, professional fees of \$80,000 and depreciation and amortization of \$295,000. For the three months ended June 30, 2000, total selling, general and administrative expenses of \$1,512,000 included consulting expenses of \$120,000 and stock issued for compensation of \$1,327,000 related to (i) non-qualified options granted to Donald Ratajczak, the Company's Chief Executive Officer and Chairman of the Board, and Marc J. Schwartz, the Company's Chief Financial Officer, Vice President, Treasurer and Secretary, prior to their appointment as officers and directors of the Company, and (ii) options granted to advisors to the Company. The changes in operations resulted in a net loss for the three months ended June 30, 2001 of \$795,000 compared to a net loss for the comparable period ended June 30, 2000 of \$692,000.

For the three months ended June 30, 2001, working capital decreased by \$190,000 from March 31, 2001. This decrease was principally due to cash used in operations resulting from the current period loss, collection of a \$225,000 note receivable from an officer for the exercise of stock options, an increase in accounts receivable and other receivables of \$169,000 and the conversion of a note receivable from Intelligent Education, Inc. to a non-current investment in non-marketable equity securities, an increase in accounts payable and accrued liabilities of \$121,000, during this period cash and cash equivalents increased by approximately \$40,000.

The Company continues to incur significant operating costs. These costs primarily consist of payroll expenses, professional fees and consulting expenses. The Company's ability to attain profitability depends on its ability to increase consulting revenues from EVP and BVL.

For the three months ended June 30, 2001, net cash used in operating activities was \$107,000, net cash used in investing activities was \$78,000 and net cash provided by financing activities was \$227,000. For the three months ended June 30, 2000, net cash used in operations was \$174,000, net cash provided by investing activities was \$1,411,000 and net cash provided by financing activities was \$8,000. The change in net cash from operating activities was primarily due to the

8

9

increase in depreciation and amortization of \$295,000 primarily due to the acquisitions of EVP and BVL, decrease in non-cash compensation of \$1,314,000 and increase in amortization of deferred compensation of \$372,000 for options issued in 2000 and 2001. The change in net cash from investing activities was primarily due to a decrease in cash provided from the sale of investments of \$1,411,000 and expenses related to the Company's acquisition of EVP incurred in the three months ended June 30, 2001. The Company expects that its cash flows from operations, cash on hand and the expected proceeds of capital raising activities will be sufficient to maintain operations for the next twelve months.

### LIQUIDITY AND CAPITAL RESOURCES

Current assets as of June 30, 2001 of \$892,000 represents a decrease in current assets of \$64,000 from the March 31, 2001 fiscal-year end and a decrease

## Edgar Filing: BRAINWORKS VENTURES INC - Form 10QSB

in current assets of \$726,000 from the comparable period ended June 30, 2000. Total assets as of June 30, 2001 of \$4,267,000 represents an increase in total assets of \$303,000 from the March 31, 2001 fiscal-year end and an increase in total assets from the comparable period ended June 30, 2000 of \$2,649,000. These increases in total assets were primarily due to the acquisition by the Company of BVL and EVP, which acquisitions occurred on February 14, 2001 and May 8, 2001, respectively.

While management believes that these acquisitions should assist the Company in pursuing its business direction, management's plans include seeking additional capital or debt financing or the possible sale of the Company. As of the date of this report there are no firm arrangements that provide for such additional capital or debt financing. There is no guarantee that such additional capital or debt financing will be available when and to the extent required, or that if available, it will be available on terms acceptable to the Company.

### INFLATION

The Company does not currently view the effects of inflation as having a material effect on the Company's business.

## PART II - OTHER INFORMATION

### ITEM 2. CHANGES IN SECURITIES AND USE OF PROCEEDS

On May 8, 2001, the Company consummated the merger (the "Merger") of EVP with and into EVP Acquisition Corporation, a Georgia corporation and a wholly-owned subsidiary of the Company ("EVP Acquisition"), whereby EVP became a wholly-owned subsidiary of the Company pursuant to an Agreement and Plan of Merger dated May 8, 2001, by and among the Company, EVP Acquisition, EVP and all the former stockholders of EVP (the "Merger Agreement").

Pursuant to the Merger Agreement, all of the issued and outstanding shares of EVP's common stock, no par value per share ("EVP Common Stock"), were converted into the right to receive an aggregate of 500,000 shares of the Company's common stock, par value \$.01 per share (the "Common Stock"), 31,252 shares of which are being held in escrow to satisfy certain indemnification claims that the Company may make pursuant to the Merger Agreement for breaches of representations and warranties set forth therein (the "Merger Consideration").

9

10

The securities issued in connection with the Merger have not been registered under the Securities Act of 1933, as amended (the "Securities Act"), in reliance upon the exemption in Section 4(2) of the Securities Act. The Company based such reliance upon factual representations made to the Company by the stockholders of EVP as to such stockholders' investment intent and sophistication, among other things.

On June 08, 2001, the Company issued 2,000 shares of Common Stock to an employee of the Company in consideration for services rendered to the Company. These shares were issued without registration under the Securities Act in reliance upon the exemption of Section 4(2) of the Securities Act. The Company based such reliance on oral representations made by such employee to the Company as to such employee's investment intent and sophistication, among other things.

## Edgar Filing: BRAINWORKS VENTURES INC - Form 10QSB

On June 08, 2001, the Company issued 5,000 shares of Common Stock to a supplier of the Company in partial payment for goods received by the Company. These shares were issued without registration under the Securities Act in reliance upon the exemption of Section 4(2) of the Securities Act. The Company based such reliance upon the limited nature of the issuance.
