The Board of Directors solicits your proxy. The Company pays the cost of soliciting your proxy and reimburses brokers and others for forwarding proxy material to you.

VOTING INFORMATION

Who may vote? You may vote if you owned shares of the Company's Common Stock at the close of business on March 5, 2003. You are entitled to one vote for each share you owned on that date on each matter presented at the meeting. At March 5, 2003, Tractor Supply Company had 18,362,405 shares of Common Stock outstanding.

What am I voting on? You will be voting on the following:

The election of three Class III directors;

The ratification of the reappointment of Ernst & Young LLP as the independent auditors; and

Any other matters properly introduced at the meeting.

How do I vote before the meeting? We have provided only one means of voting before the Meeting: you must vote by completing, signing and returning the enclosed proxy card. Please follow the directions on your proxy card carefully.

Can I vote at the meeting? You may vote your shares at the meeting if you attend in person. Even if you plan to attend the meeting, we encourage you to vote your shares by proxy.

Is my vote confidential? Yes. Your proxy card, ballot and voting records will not be disclosed to Tractor Supply Company unless required by law, requested by you, or your vote is cast in a contested election. If you write comments on your proxy card, your comments will be forwarded to Tractor Supply Company, but how you voted will be kept confidential.

Who counts the votes? EquiServe Trust Company will count the votes. The Board has appointed a representative of EquiServe the independent inspector of the election.

Can I revoke my proxy? Yes. You can revoke your proxy by:

Filing written notice of revocation with Tractor Supply's Corporate Secretary before the meeting;

Signing a proxy bearing a later date; or

Voting in person at the meeting.

What vote is required to pass an item of business? The holders of the majority of the outstanding shares of Common Stock must be present in person or represented by proxy to hold the meeting. Except for the election of directors, each proposal in this Proxy Statement will be approved if it receives a majority of the votes present, either in person or by proxy, at the Meeting. The election of directors is somewhat different: the three candidates who receive the most votes will be elected to the three available memberships on the Board. If you submit your proxy or attend the Meeting but choose to abstain from voting on any proposal, you will be considered present at the Meeting and not voting in favor of the proposal. This will not affect the election of directors. But since most other proposals pass only if they receive favorable votes from a majority of votes present at the Meeting, the fact that you are abstaining and not voting in favor of a proposal, will have the same effect as if you had voted against the proposal. In contrast, a broker non-vote, where a broker lacks authority to cast a vote as to a certain proposal, is not deemed present at the meeting with regard to that proposal and therefore has no impact on the outcome of the vote.

Unless you indicate otherwise on your proxy card, the persons named as your proxies will vote your shares FOR all of the nominees for director and FOR the ratification of the reappointment of the independent auditors.

RELATED-PARTY TRANSACTIONS WITH TRACTOR SUPPLY COMPANY

The Company leases two of its stores separately from Messrs. Scarlett and Maxwell under leases with entities controlled by each of them. (These leases were entered into prior to the Company's 1994 initial public offering.) The Company believes these transactions were on general business terms comparable to those which would have been available if they had been entered into with unrelated parties. The Company does not intend to enter into any such transactions in the future without the approval of its independent Audit Committee.

In July 1997, after considering that Thomas O. Flood (at that time, the Company's chief financial officer and, currently, a director of the Company) had chosen not to participate in the Company's stock option plans due to his already large stock ownership, the Compensation Committee recommended, and the Board approved, a SERPSwap collateral assignment split dollar insurance plan intended to provide additional incentive to Mr. Flood and replace his existing deferred compensation plan participation. In connection with this action, in 1998, the Company entered into a Split-Dollar Agreement with Mr. Flood. The Company pay has continued to the premium under this agreement since Mr. Flood's retirement as part of his retirement compensation (\$50,000 annually for a period of 10 years). The Company obtained a collateral assignment of his insurance policy covering the full amount of the premium paid by the Company (the Company will be reimbursed from the cash surrender value or death proceeds from his insurance policy). The insurance policy will be released to Mr. Flood's trust in the 16th year, at which time the death benefit value of the insurance policy is estimated to be approximately \$2.7 million.

In September 1999, Mr. Flood retired from the Company. At that time, the Company entered into a non-competition agreement with Mr. Flood which extends through August 2004. During the term of this agreement, the Company will provide Mr. Flood and his wife with certain health benefits.

AUDIT COMMITTEE REPORT

Tractor Supply Company's Audit Committee consists of three directors. The Board has adopted a charter that governs the Audit Committee. The Charter, updated for certain provisions of the recent Sarbanes-Oxley Act of 2002, is attached to this Proxy Statement as Appendix A. The members of the Committee are S.P. Braud (Chairman), Cynthia T. Jamison and Joseph M. Rodgers. Members of the Audit Committee are independent as defined by Nasdaq listing standards.

Tractor Supply Company's management is responsible for the Company's internal controls and financial reporting. Ernst & Young LLP, the Company's independent auditors are responsible for auditing Tractor Supply Company's annual consolidated financial statements in accordance with generally accepted auditing standards and for issuing a report on those financial statements. The Audit Committee monitors and oversees these processes is responsible for selecting a firm of independent accountants to be Tractor Supply Company's independent auditors.

Table of Contents

To fulfill our responsibilities, we did the following:

We reviewed and discussed with Tractor Supply Company management and the independent auditors Tractor Supply Company's consolidated financial statements for the fiscal year ended December 28, 2002.

We reviewed management's representations to us that those consolidated financial statements were prepared in accordance with generally accepted accounting principles.

We discussed with the independent auditors the matters that Statement of Auditing Standards No. 61 requires them to discuss with us, including matters related to the conduct of the audit of Tractor Supply Company's consolidated financial statements.

We received written disclosures and the letter from the independent auditors required by Independence Standards Board Standard No. 1 relating to their independence from Tractor Supply Company, and we have discussed with Ernst & Young LLP their independence from Tractor Supply Company.

We considered whether Ernst & Young LLP's provision of non-audit services to Tractor Supply Company is compatible with maintaining their independence from Tractor Supply Company.

Based on the discussions we had with management and the independent auditors, the independent auditors' disclosures and letter to us, the representations of management to us and the report of the independent auditors, we recommended to the Board that Tractor Supply Company's audited annual consolidated financial statements for fiscal year 2002 be included in the Company's Annual Report on form 10-K for the fiscal year ended December 28, 2002 for filing with the Securities and Exchange Commission.

We also recommended that the Board select Ernst & Young LLP as Tractor Supply Company's independent auditors to audit and report on any consolidated financial statements of Tractor Supply Company filed with the Securities and Exchange Commission prior to Tractor Supply Company's annual stockholders meeting to be held in calendar year 2004. Under the Audit Committee's revised charter, future selection of the Company's independent auditors will be solely the responsibility of the Audit Committee.

The Audit Committee submits this report:

S.P. Braud (Chairperson)
Cynthia T. Jamison
Joseph M. Rodgers

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

Ms. Jamison and Messrs. Reed and Rodgers serve on the Compensation Committee of the Board. There are no, and during fiscal 2002 there were no, interlocking relationships between any officers of the Company and any entity whose directors or officers serve on the Board's Compensation Committee, nor did any current or past officers of the Company serve on the Compensation Committee during fiscal 2002.

EXECUTIVE COMPENSATION

COMPENSATION COMMITTEE'S REPORT

ON EXECUTIVE COMPENSATION

Compensation Philosophy

Tractor Supply Company's executive compensation program is designed to structure executive compensation consistent with the Company's overall business strategy, philosophy and objectives. To that end, the Company's compensation philosophy:

Embodies a pay-for-performance approach that rewards executives for long-term strategic management and enhancement of stockholder value;

Provides performance-based incentives that measure rewards against personal and Company goals; and

Promotes a competitive, market-driven design that provides incentives to attract and retain key executives.

The Company believes this philosophy attracts, retains and motivates key executives critical to the long-term success of the Company, all in a manner consistent with our stockholders' interests.

The Compensation Committee sets the salaries of Joe Scarlett, Chairman and Chief Executive Officer, Jim Wright, President and Chief Operating Officer, Cal Massmann, Senior Vice President and Chief Financial Officer, Jerry Brase, Senior Vice President-Merchandising and Stan Ruta, Senior Vice President-Store Operations. As part of its oversight of the Company's compensation programs, the Committee also reviewed the salaries paid to certain other Company executives.

This compensation philosophy is implemented through compensation packages that include various cash and non-cash components: (1) base salary, which is reviewed annually; (2) incentive payments under the Company's management incentive plans; and (3) equity compensation consisting of stock options. The company has a Deferred Compensation Plan under which executives may defer compensation, with interest accruing on amounts deferred. The Company believes, based on an analysis of compensation conducted by the Compensation Committee, supplemented by independent compensation surveys of the retail industry in general and the Company's survey of select retailers, that its base salaries are generally set somewhat below competitive levels; it therefore relies to a larger degree on annual and longer term incentive compensation.

Base Salary

In setting annual salaries, the Compensation Committee establishes an annual salary plan for each of the Company's officers. The annual salary plan is based on numerous subjective factors,

Table of Contents

which include the officer's individual performance and responsibility level, and the Company's performance for the preceding fiscal year, as well as objective factors such as general wage and salary levels and matching the officer's position to comparable positions in the competitive marketplace by reference to the surveys referred to above. Generally, the salary goals for officers are targeted at or below the salary range mid-point of the 50th percentile of salaries for comparable positions (based on the surveys referred to above) so that a larger portion of the officer's compensation is tied to Company performance, thereby more closely linking executive and stockholder interests. The annual salary plans are established by the Compensation Committee based on its assessment of the foregoing factors, as well as its assessment of each officer's past performance and the Compensation Committee's expectation of each officer's future contributions in leading the Company.

Incentive Payments

All executive officers participate in the Company's Executive Bonus Plan (EBP) under which they are eligible to receive an incentive payment. The incentive payment is a percentage of their annual base salary and is calculated based on the Company's actual net income for the year in comparison to the Board-approved net income plan (the profit performance). The incentive payment can range from 10% to 19% of annual base salary if the Company's profit performance ranges from 90% to 93%, and can increase to 90% to 150% of annual base salary if the Company profit performance is 110% or more.

The Company's other officers also participated in the EBP under which they are eligible to receive an incentive payment ranging from 7% to 56% of their annual base salary under the same profit performance parameters as the senior executive officers. The Compensation Committee deems these provisions to be a reasonable reflection of the Company's expectations, as well as an appropriate alignment of incentives with expected profit performance.

The Compensation Committee may recommend, and the Board may award, at its discretion, bonuses based on other subjective factors such as the executive's individual performance, unusual factors and strategic long-term decisions affecting the Company's performance during the fiscal year. The Compensation Committee or the Board may amend or terminate the EBP at any time. For fiscal 2002, all of the named executive officers were awarded bonuses as reflected in the Summary Compensation Table contained elsewhere in this Proxy Statement.

Equity Participation

A large portion of the officers' total compensation is tied to stock performance, thus more closely aligning their interests with the long-term interests of the Company's stockholders. This is accomplished primarily through the Company's 1994 Stock Option Plan and 2000 Stock Incentive Plan, which are administered by the Compensation Committee of the Board of Directors. Stock options generally are granted annually to all officers and other key employees, have a 10-year term and are exercisable at the market price on the date of grant. The stock option grant size is determined by the Compensation Committee and generally is based on the number of shares whose value equals a percentage of the salary mid-point for comparable positions in both general and retailing industries, with the largest number of option shares being granted to senior executive officers, decreasing incrementally, based on position. The stock value is determined using the Black-Scholes option pricing method. The stock option grant size is also

Table of Contents

impacted by (1) the individual participant's past performance, (2) expectations of the individual's future contributions in leading the Company and (3) the Company's overall performance. For stock options granted prior to 2002, the vesting is one-third each year, beginning on the third anniversary of the grant date, thus becoming 100% vested on the fifth anniversary of the grant date. For all stock options granted after 2001, the vesting is one-third each year, beginning on the first anniversary of the grant date, thus becoming 100% vested on the third anniversary of the grant date.

Deferred Compensation

The Company's officers are also compensated, to a much lesser extent, pursuant to several other plans. The Executive Deferred Compensation Plan (EDCP), which is administered by the Compensation Committee, provides additional incentives for officers of the Company and enhances the Company's ability to attract and retain the services of qualified persons. The EDCP provides that designated participants (all officers and a select group of other highly compensated employees of the Company) may elect to defer up to 40% of their annual base salary and up to 100% of their annual incentive compensation under their respective bonus plans. To be eligible for the salary deferral, each participant must contribute the maximum amount of salary to the Company's 401(k) Plan subject to the Company's match. Under the EDCP, the participants' salary deferral is matched by the Company, 100% on the first 3% of base salary contributed and 50% on the next 3% of base salary contributed. Each participant's account earns simple annual interest at the prime rate as in effect on January 1 each year. Each participant is fully vested in all amounts credited to their deferred compensation account. Payments under the EDCP are made within 30 days following the earlier of the participant's (i) death, (ii) retirement, (iii) total and permanent disability, (iv) termination of employment with the Company or (v) some other date designated by the participant at the time of the initial deferral. Payments are made in cash and are paid in ten annual installments or in a single lump sum payment, at the election of the participant.

Other Plans

Officers also participate in the Executive Life Insurance Plan, which provides for basic term life insurance coverage (equal to four times salary rounded to the next highest \$1,000 to a maximum of \$1,000,000) in excess of that which is provided by the Company's group life insurance plan.

The Company's officers also participate in the various qualified and non-qualified employee benefit plans sponsored by the Company. The Company makes only nominal use of perquisites in compensating its executive officers.

Compensation of the Chief Executive Officer

Joe Scarlett has been the Company's Chairman of the Board and Chief Executive Officer since February 1993. Mr. Scarlett's base salary as Chief Executive Officer was set at \$650,000 effective March 2003. Mr. Scarlett's salary is determined by the Compensation Committee substantially in accordance with the policies described above relating to all officers of the Company. In particular, the base salary was based on a comparison of base salaries of chief executive officers of similar sized retailers participating in the compensation surveys referred to above, the Company's overall performance and the Compensation Committee's assessment of

Table of Contents

Mr. Scarlett's personal performance and accomplishments and expectations of Mr. Scarlett's future contributions in leading the Company. The Company believes that after considering Mr. Scarlett's base salary for fiscal 2003, Mr. Scarlett's base salary is still below the salary mid-point of salaries for chief executive officers for retail and wholesale companies of comparable size based on the compensation surveys referred to above.

In July 1997, after considering that Mr. Scarlett had chosen not to participate in the Company's stock option plans due to his already large stock ownership, the Compensation Committee recommended, and the Board approved, a SERPSwap collateral assignment split dollar insurance plan intended to provide additional incentive to Mr. Scarlett and replace his existing deferred compensation plan participation. In connection with this action, in 1998, the Company entered into a Split-Dollar Agreement (the SDA) with Mr. Scarlett. Pursuant to the terms of the SDA, (i) the Company pays the premium under the SDA (\$106,198 annually for a period of 10 years), (ii) the Company obtained a collateral assignment of his insurance policy covering the full amount of the premium paid by the Company (the Company will be reimbursed from the cash surrender value or death proceeds from his insurance policy), and (iii) the insurance policy will be released to his trust in the 16th year, at which time the death benefit value of the insurance policy is estimated to be approximately \$3.9 million.

Mr. Scarlett also received an incentive payment of \$900,000 under the Company's Senior Executive Incentive Plan. The bonus was based on the Company's achievement of the net income performance goals established by the Committee and was paid in the current fiscal year but relates to performance in the fiscal year ended December 28, 2002.

Deductibility of Compensation

Internal Revenue Code Section 162(m) provides that compensation in excess of \$1 million paid to an executive officer is not deductible unless it is performance based. Base salary does not qualify as performance-based compensation under Section 162(m). Although the Compensation Committee is mindful of this limitation on deductibility when it determines the compensation payable to the Company's executive officers, other forms of compensation are paid to the Company's executive officers from time to time that may not qualify for the performance based compensation exception.

Conclusion

The Compensation Committee believes that the Company's Compensation Policies are strongly linked to the Company's performance and the enhancement of stockholder value. The Compensation Committee intends to continually evaluate the Company's Compensation Policies and plans to ensure that they are appropriately configured to align the interests of officers and stockholders and that the Company can attract, motivate and retain talented management personnel.

- (2) The potential realizable value amounts shown illustrate the values that might be realized upon exercise immediately prior to the expiration date using 5% and 10% appreciation rates set by the Securities and Exchange Commission, compounded annually, and, therefore, are not intended to forecast possible future appreciation, if any, of the Company's Common Stock price. Additionally, these values do not take into consideration the terms of the options providing for nontransferability, vesting, or termination of the options following termination of employment.
