**PART I**

**ITEM 1. DESCRIPTION OF BUSINESS**

**GENERAL DEVELOPMENT OF BUSINESS**

In June 1985, Consulier Engineering, Inc. ( Consulier or the Company ) was incorporated in Florida. Its principal businesses are the development and sale of household and tool products, and corporate and investment activities. In 2002 and 2003, the Company was also in the distribution of automobile parts in the automotive after market. Consulier conducted its automobile parts distribution business through a wholly owned subsidiary, Southeast Automotive Acquisition Corporation (Southeast), which is based in Miami, Florida. Effective December 31, 2002, Consulier sold 70% of its interest in Southeast to Southeast's executive officers. In the 2nd Quarter of 2003, the Company sold its remaining interest in Southeast to Southeast's executive officers. Consulier's corporate office is located in Riviera Beach, Florida.

**DESCRIPTION OF BUSINESS SEGMENTS**

**(1) INVESTMENTS SEGMENT**

**INVESTMENT IN AVM, L.P.**

Consulier owns a 10% equity interest in AVM, L.P. ( AVM ), a broker/dealer in U.S. Government securities formed in October 1983 as an Illinois limited partnership and located in West Palm Beach, Florida. AVM is registered with the Commodity Futures Trading Commission as an Introducing Broker (IB) and conducts its IB business with other broker/dealers on a fully disclosed basis. AVM is also registered as a broker/dealer with the Securities and Exchange Commission, and is a member of the National Association of Securities Dealers, Inc. The firm is generally engaged in the brokerage of U.S. Government securities, other fixed income instruments, and arbitrage transactions and presently employs 59 people in addition to the four members of its general partner. Warren B. Mosler ( Mosler ), Consulier's Chairman and majority shareholder is one of the founders of AVM and is a member of the general partner of AVM.

As of December 31, 2003 and 2002, Consulier's limited partnership interest represented approximately 10% of AVM's total partnership capital. Allocation of the partnership's income to its partners varies based on amounts of appreciation of the partnership's assets and operating profits of the partnership. Based on earnings distributions provided in the partnership agreement, Consulier was allocated approximately 8-1/2% of AVM's earnings in 2003 and 2002.

Under the partnership agreement, Consulier may withdraw all or any portion of its capital upon 30 days written notice. AVM's general partner may also expel Consulier from the partnership, on 30 days written notice, through return of the balance of Consulier's capital.

**BIOSAFE SYSTEMS, LLC**

Consulier owns a 40% equity interest in BioSafe Systems, LLC. ( BioSafe ), a Connecticut limited liability corporation. BioSafe develops and markets environmentally safe products, alternatives to traditionally toxic pesticides. Consulier is entitled to representation on BioSafe's Board of Managers. BioSafe had revenues of approximately \$5,826,000 and \$4,673,000 for fiscal 2003 and fiscal 2002, respectively. Steady and consistent progress has been made with respect to establishing an algaecide/fungicide product into the commercial greenhouse/nursery market. Slower progress has been experienced with respect to introducing such products to the golf course industry.

**Table of Contents****Systems Technologies, LLC**

During August 2002 the Company purchased a 14.25% interest in Systems Technologies, LLC ( ST, LLC ), a Nevada limited liability company. During the year ended December 31, 2003, the Company made additional contributions of \$4,057,005 to increase its investment in ST, LLC. As of December 31, 2003, the Company's interest in ST, LLC totaled 34%. ST, LLC is a member of Patient Care Technology Systems, LLC, a California limited liability company (PCTS). ST, LLC's primary asset is its approximate 75% (at December 31, 2003) investment in PCTS. The original ST, LLC agreement provided that the losses from ST, LLC be allocated to ST, LLC's principal members. Effective April 1, 2003, the agreement was amended and stipulates that the Company receives allocated losses to the extent that the Company has made capital contributions during the current year or since inception. Consequently, the loss allocated to the Company is greater than 34%. The Company's principal shareholder owns approximately 51% of ST, LLC, and together with the Company's 34%, the ownership aggregates 85%. The Company can require the Company's principal shareholder to purchase its interest in ST, LLC for cash equal to the Company's total capital contributions in ST, LLC at any time with 60 days written notice. Management has evaluated ST, LLC's (primarily PCTS) projections and related assumptions regarding their operations. In this regard, management periodically compares actual results to these projections. Should actual results be significantly less than the projection, a write down might be necessary. Following is a summary of the results of operations of PCTS and the losses allocated to the Company:

	<b>(In thousands)</b>	
	<b>2003</b>	<b>2002</b>
Revenue	\$ 387	\$ 259
Costs and expenses	4,953	3,409
Net loss	<u>\$(4,566)</u>	<u>\$(3,150)</u>
Consulier's share of loss	<u>\$(4,566)</u>	<u>\$ (66)</u>

PCTS markets the Amelior patient care systems which are data based integrated emergency room information systems. PCTS has considered 2002 as a proof of concept year when their Amelior system was tested in real, high volume emergency department environments. During 2003 PCTS focused on marketing and selling its Amelior systems, greatly expanded and upgraded their sales force and by year end had fully operational installations in 3 facilities which can serve approximately 229,000 patients annually.

**(2) CORPORATE SEGMENT****GENERAL**

Consulier's Corporate Segment includes management and finance activities as well as consulting, engineering, new product development and business management. Wholly owned subsidiaries include Consulier International, Inc. and C-6 Products, Inc.

**Table of Contents**

**(3) HOUSEHOLD AND TOOL PRODUCTS**

In April 1997, C-6 Products, Inc. purchased six patents for tool and ladder related products. The patents are for work platform and tool holding attachments to ladders. Initial development was launched in April 1997 of a product that attached to a standard stepladder, converting it into a handy work platform for standard household chores, which is the present day Tool Topper Workstation and related accessories. The design and development was completed in 1998. On June 30, 2000, Tool Topper inventory and tooling were written down based on the unit's failure to meet expected sales and income goals.

During the third Quarter of 2003, Consulier International, Inc. took over the marketing of Tool Topper products. During the fourth Quarter of 2003, the Company was successful in selling substantially all of its Tool Topper inventory to an independent marketing company who resold the Tool Topper's on QVC. The Company is in negotiations concerning possible licensing of its Tool Topper patents and molds.

During the third Quarter of 2003 Consulier International, Inc. began implementing marketing plans for Captain Cra-Z Hand and All Purpose Cleaner to retail and distribution outlets, locally, nationally and internationally.

**(4) AUTOMOTIVE PARTS DISTRIBUTION (DISCONTINUED OPERATIONS)**

**BACKGROUND**

Southeast Automotive Acquisition Corporation (a former subsidiary) (Southeast) is located in Miami, Florida. It is engaged in research, development and distribution to the automotive wholesale market. It celebrated its 21st year of existence in the automotive transmission industry, as a significant contributor of OEM Quality Aftermarket Products, distributing automotive flywheels, flex plates, transmission and engine mounts, torque struts, nylon gears, plastic components, grommets, cables and repair kits.

**DIVESTITURE**

Effective December 31, 2002, the Company sold seventy percent of the common stock of its wholly-owned subsidiary, Southeast, to executive officers of Southeast, in exchange for the return of 45,000 shares of the Company's common stock, and a promissory note of approximately \$1,600,000 payable to the Company by Southeast for its pre-existing debt to the Company, secured by Southeast's assets, the common stock in Southeast and the purchasers personal guarantees, limited to the cash in Southeast at December 31, 2002 of approximately \$228,000. The note bore interest at 6% and was payable in monthly installments of principal and interest of approximately \$9,600 beginning February 20, 2003 through January 20, 2033.

On June 29, 2003, the Company transferred its remaining thirty percent of the common stock of Southeast to executive officers of Southeast in consideration of their agreement to change the method of calculating the purchase price of the seventy percent of common stock of Southeast and their agreement to amend the original promissory note to reflect an original principal balance of \$1,764,581 with a term of 40 years from June 20, 2003, with a balloon payment of \$206,915.90 due on May 20, 2043; the remaining terms of the Note were unchanged. On June 30, 2003 the Company sold and assigned the Note to the Company's majority shareholder, together with its security interest for the consideration of \$1,762,574.74, the then current unpaid principal balance and accrued interest due on the Note which was received by the Company in collected funds on June 30, 2003.

**ITEM 2. DESCRIPTION OF PROPERTY**

In May 2000, Consulier moved its headquarters to Riviera Beach, Florida, occupying approximately 500 square feet of office space in a building owned by Warren Mosler, the Company's major shareholder.

Consulier owns a 47,000 square foot industrial warehouse in Medley, Florida, which is leased to Southeast Automotive Acquisition Company, its former subsidiary, for a five (5) year term which commenced on July 1, 2002 with a initial base rent of \$10,000 per month; the lease contains provisions for annual CPI rental increases and two (2) options to renew for additional terms of five (5) years each.

**ITEM 3. LEGAL PROCEEDINGS**

The Company, from time to time, is involved in routine litigation arising in the ordinary course of business. While the outcome of litigation can never be predicted with certainty, the Company does not believe that any existing litigation, individually or in aggregate, will have a material adverse effect upon the Company.

As of December 31, 2003, there were no legal proceedings pending against the Company or its subsidiaries nor did the Company have any knowledge of any proceedings (prior to 2000 in a previous line of business), which were being contemplated except a personal injury claim concerning a fall from a lifeguard stand manufactured by the Company which was filed on May 16, 2003. Although the outcome of any litigation cannot be guaranteed with certainty and the Company maintains insurance coverage for this type of claim, there is a good likelihood that the Company will succeed in its defense of this claim.

**ITEM 4. SUBMISSION OF MATTERS TO A VOTE OF SECURITY HOLDERS**

The election of five directors and the approval of independent auditors were submitted to a vote of shareholders at the Company's Annual Meeting held February 5, 2003. Warren B. Mosler, Alan R. Simon, Charles E. Spaeth, Burck E. Grosse and Skender Fani were elected upon receipt of the following votes: for 4,933,530, against 100, and 0 shares abstaining. BDO Seidman, LLP was approved as independent auditors by a vote for of 4,933,530, against 100, and 0 shares abstaining.

As of March 18, 2004, there were approximately 339 record holders of Consulier's common stock. To date, Consulier has not paid any dividends on its common stock. Because of the financial requirements of the Company, the Board of Directors has no current intention to commence paying dividends. Future dividend policy will depend upon Consulier's profitability, capital requirements and other factors.

**NASDAQ LISTING**

Consulier's common stock (Symbol: CSLR) is listed on the NASDAQ SmallCap Market and has been traded thereon since Consulier's initial public offering in May 1989.

**ITEM 6. MANAGEMENT'S DISCUSSION AND ANALYSIS OR PLAN OF OPERATION**

**FORWARD LOOKING STATEMENTS**

Statements made in this Management's Discussion and Analysis and elsewhere in this Annual Report that state Consulier's or management's intentions, hopes, beliefs, expectations or predictions of the future contain forward looking statements. Such forward looking statements include, without limitation, statements regarding Consulier's planned capital expenditure requirements, cash and working capital requirements, Consulier's expectations regarding the adequacy of current financing arrangements, product demand and market growth, other statements regarding future plans and strategies, anticipated events or trends, and similar expressions concerning matters that are not historical facts. It should be noted that Consulier's actual results could differ materially from those contained in such forward looking statements mentioned above due to adverse changes in any number of factors that affect Consulier's business including, without limitation, risks associated with investing in BioSafe, AVM and ST, LLC and the marketing of Consulier's Tool Topper and Cra-Z Soap products, manufacturing and supply risks, risks concerning the protection of Consulier's patents, reliance upon distributors, regulatory risks, risks of expansion, product liability and other risks described herein.

**CRITICAL ACCOUNTING POLICIES**

Financial Reporting Release No. 60, which was recently released by the U.S. Securities and Exchange Commission, encourages all companies to include a discussion of critical accounting policies or methods used in the preparation of consolidated financial statements. Note 1 to the Company's consolidated financial statements includes a summary of the significant accounting policies and methods used in the preparation of Consulier's consolidated financial statements.

Management believes the following critical accounting policies affect the significant judgments and estimates used in the preparation of the consolidated financial statements:

**PARTNERSHIP AND LIMITED LIABILITY COMPANY INVESTMENTS**

The Company's Partnership and Limited Liability Company investments, all of which are less than 50% interests, are accounted for using the equity method. Income or loss is allocated by the investee to Consulier based on the partnership and LLC agreements.

**REVENUE RECOGNITION**

Sales are recorded upon shipment of goods to customers.

Shipping and handling costs billed to customers are included in sales and recorded when goods are shipped to customers. Shipping costs incurred by the Company are classified as a selling expense.

**USE OF ESTIMATES IN THE PREPARATION OF FINANCIAL STATEMENTS**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

**Table of Contents**

**RESULTS OF OPERATIONS**

**CONSOLIDATED OPERATING RESULTS FROM CONTINUING OPERATIONS** During the twelve months ended December 31, 2003, sales increased \$132,408, to \$193,966, over the prior twelve months. Cost of goods sold increased \$12,253, to \$18,618, from the comparable amounts recorded during the twelve months ended December 31, 2002. Gross profit for the twelve months ended December 31, 2003 increased \$120,155 over the year ended December 31, 2002, primarily due to the sale, during 2003, of previously written off inventory of Tool Topper and Cra-Z Soap (prior formula) of approximately \$158,000. The increase in selling, general and administrative costs were as a result of an increase in marketing Cra-Z Hand and All Purpose Cleaner, increased accounting and auditing fees associated with the divestiture of Southeast Automotive and the recognition of bad debt expense. When these factors are combined they resulted in a \$71,658 increase in operating loss, from \$385,544 in 2002 to \$457,202 in 2003.

Other income, consisting primarily of investment income, less net undistributed loss of equity investees reflects a total loss from other income (expense) of \$1,130,701 in 2003, compared to total other income of \$2,188,873 during 2002. The primary reason for the decrease in net income was due to the increase in loss allocated from the Company's investment in ST, LLC (as discussed below) coupled with the following:

**HOUSEHOLD AND TOOL PRODUCTS** During the third Quarter of 2003 Consulier International, Inc. began implementing marketing plans for the Captain Cra-Z Hand and All Purpose Cleaner to retail distribution outlets. During the fourth Quarter, the Company was successful in selling substantially all of its Tool Topper and Cra-Z Soap (prior formula) inventory to two independent marketing companies for approximately \$158,000. This inventory had previously been written off in 2000. The Company is in negotiations concerning possibly licensing of its Tool Topper patents and molds.

**INVESTMENT IN AVM** Investment income from Consulier's AVM limited partnership interest was \$3,095,475 in 2003, a 65% increase from 2002 income of \$1,871,133. This represents annualized returns of 167% and 96% on Consulier's average investment during the years ended December 31, 2003 and 2002, respectively.

**INVESTMENT IN BIOSAFE** Equity in income of BioSafe was \$265,148 in 2003, a 17% decrease over 2002 income of \$321,207. This represents the Company's 40% interest in BioSafe's net income of approximately \$663,000 in 2003, compared to \$803,000 in 2002. The decrease in net income was mainly due to personnel additions, notably two new market segment managers, two marketing associates, and four company employed salesmen.

**INVESTMENT IN ST, LLC** Equity in the loss of ST, LLC was \$4,566,126 for 2003 and \$66,330 in 2002. The increase in losses allocated to the Company was mainly due to the increase in marketing expenses and the amendment to the ST, LLC operating agreement which resulted in an increase in the Company's allocation of loss.

**OUTLOOK FOR 2004**

Based on AVM's recent operations and operating results over the past five years, management expects continued annualized returns in 2004 on Consulier's limited partnership investment. However, there is no guarantee that the returns of 167% and 96% in 2003 and 2002, respectively, will be maintained.

Consulier International, Inc. has been developing new retail and distribution outlets locally, nationally and internationally. There are several trade shows scheduled for marketing the Cra-Z Hand and All Purpose Cleaner throughout 2004 and the internet web site continues to be a good lead generator with applications for distribution being received through the site from countries all over the world and new marketing materials are being developed.

**Table of Contents**

The Company intends to substantially increase its investment in ST, LLC over the next three to five years. While the exact amount of the Company's future investment has not been quantified at this time, it is expected that the investment will be between \$5 million and \$7 million. The exact amount will be based upon market acceptance of PCTS's Amelior products and the need for investment funds. PCTS currently has contracts for 3 additional installations which are scheduled to be in place during 2nd and 3rd quarters of 2004. The new installations which should serve approximately 152,000 patients would bring the estimated number of patients served to approximately 381,000 annually. During 2004 PCTS plans to expand its product scope to incorporate solutions for departments in addition to Emergency Room, such as Operating Room, ICU and Labor & Delivery. PCTS plans to implement their expansion plans in the acute care market through a wider product offering by developing strategic partnerships with vendors that offer unique technologies and augment their core emergency department information system.

**LIQUIDITY AND CAPITAL RESOURCES**

At December 31, 2003, Consulier's cash totaled \$1,002,613 as compared to \$262,303 at December 31, 2002, an increase of \$740,310. Net cash used in operations was \$840,873 in 2003, compared to net cash used of \$1,460,200 in 2002. Net cash used by operations decreased mainly due to an increase in an estimated receivable for an overpayment of estimated income taxes offset by changes in undistributed income (losses) and investment income from equity investees.

Net cash provided by investing activities was \$1,563,394 in 2003, compared to net cash provided in investing activities of \$1,508,466 in 2002. The net increase is the result of the distribution of investment income from AVM, \$3,095,475, net proceeds from related party receivables/payables, \$2,480,330 and the sale of a marketable security, \$66,783. These amounts are offset by additional contributions made in the continued investment in ST, LLC, \$4,057,005, and property and equipment acquisitions, \$4,400.

The ability of Consulier to continue to generate cash flow in excess of its operating requirements depends in the short-term almost entirely on the performance of its limited partnership investment in AVM. Consulier cannot, with any degree of assurance, predict whether there will be a continuation of the net return experienced in the period the AVM limited partnership interest has been owned. However, Consulier does not expect that the rate of return will decline to the point where Consulier has negative cash flow. Furthermore, although AVM has given Consulier no indication of any intention on its part to redeem the partnership interest, there can be no assurance that AVM will not do so in the future. Consulier is planning to continue to invest in ST, LLC and estimates an additional investment of \$3,600,000, at which time the goal is for ST, LLC to be at the break-even point for its operations.

Marketing expenditures for the Cra-Z soap should approximate \$200,000 in 2004.

During 2001 through July 2002, a significant portion of the Company's excess cash funds was advanced to Mr. Warren Mosler under demand receivables. During 2002, approximately \$735,000 of these advances were repaid. In 2003, approximately \$180,000 was repaid.

Below is a chart setting forth the Company's contractual cash payment obligations, which have been aggregated to facilitate a basic understanding of the Company's liquidity as of December 31, 2003:

<b>Contractual Obligations</b>	<b>Total</b>	<b>Less Than 1 Year</b>
Bonds Payable	\$355,000	\$355,000

Total Contractual Cash Obligations	<u>\$355,000</u>	<u>\$355,000</u>
------------------------------------	------------------	------------------

**Table of Contents**

The Company does not trade derivative instruments. The Company is invested in AVM, which enters various transactions involving derivatives and other off-balance sheet financial instruments. These derivatives and off-balance sheet instruments are subject to varying degrees of market and credit risk.

**IMPACT OF INFLATION AND CHANGING PRICES**

Management does not consider the impact of inflation on Consulier's operations to be material. The operating segments of its businesses had inventories of approximately \$87,100 as of December 31, 2003. Considering the dollar value of inventory and the gross profit margins generated by sales, moderate rates of inflation should have little, if any, effect on the business. Product development expenditures will be significantly reduced, but such expenditures should not be significantly affected by inflation. Interest rates on bond indebtedness are fixed and, therefore, are not impacted by inflationary rate increases, while rates on notes payable and notes receivable are floating and should move with inflation.

**ITEM 7. FINANCIAL STATEMENTS**

See table of contents to Financial Statements on page F-1.

**ITEM 8. CHANGES IN AND DISAGREEMENTS WITH ACCOUNTANTS ON ACCOUNTING AND FINANCIAL DISCLOSURE**  
**CHANGES IN CERTIFYING ACCOUNTANTS**

Effective June 11, 2003, the accounting firm of BDO Seidman, LLP of West Palm Beach, Florida was dismissed as Consulier's auditor. Effective June 11, 2003, Goldstein Lewin & Co. of Boca Raton, Florida was appointed and retained by the Company as its auditor.

On June 13, 2003, the Company filed a Form 8-K per Regulation S-K, Item 304 (a) (I) and submitted the following:

(a) (i) the former accountant was dismissed.

(ii) the accountant's report on the consolidated financial statements for the past two years contained no adverse opinions or disclaimers of opinions, nor was it modified as to uncertainty, audit scope, or accounting principles.

(iii) the change of accountant was not recommended by anyone but precipitated by the Board of Directors and the Company's Audit Committee's desire to engage new accountants. The Board of Directors, Chairman of the Audit Committee and the outside Director members of the Audit Committee recommended and approved the accountant change.

(iv) (A) during the registrant's two most recent fiscal years and the subsequent interim period through June 11, 2003, there were no disagreements, exceptions noted below, or reportable events with the former accountant as described in Item 304(a) (I) (iv) and (v) of Regulation S-K.

As of March 31, 2003 there was a disagreement as to the propriety of consolidating the financial statements of a subsidiary that was partially sold effective December 31, 2002. The disagreement was ultimately resolved. Reference is made to Note 1 to the consolidated financial statements included in the Company's Form 10-QSB for the quarter ended March 31, 2003 for a discussion of this matter.

(b) no added disagreements, requests or events that could effect the financial statements were made by the accountant.

**ITEM 8a. CONTROLS AND PROCEDURES**

- (a) Evaluation of Disclosure Controls and Procedures. The Company's management, with the participation of the chief executive officer and the secretary/treasurer, carried out an evaluation of the effectiveness of the Company's disclosure controls and procedures (as defined in the Securities Exchange Act of 1934 (the Exchange Act) Rules 13a-15(e) and 15-d-15(e)) as of the end of the period covered by this report (the Evaluation Date). Based upon that evaluation, the chief executive officer and the secretary/treasurer concluded that, as of the Evaluation Date, the Company's disclosure controls and procedures are effective, providing them with material information relating to the Company as required to be disclosed in the reports the Company files or submits under the Exchange Act on a timely basis.
- (b) Changes in Internal Control over Financial Reporting. There were no changes in the Company's internal controls over financial reporting, known to the chief executive officer or the secretary/treasurer, that occurred during the Company's fiscal fourth quarter that has materially affected, or is reasonably likely to materially affect, the Company's internal control over financial reporting.

No family relationships exist among the directors and officers of Consulier. Messrs. Mosler and Simon have been directors since the inception.

**EXECUTIVE OFFICERS**

The principal occupation of each executive officer of Consulier is set forth below. All of the executive officers are elected annually, or until their successors have been duly elected.

## **Table of Contents**

Warren B. Mosler, 54, is the Chairman of the Board of Directors. Mr. Mosler has served as Chairman since the inception of Consulier and as Chief Executive Officer from inception to March 1989 and from August 1989 to May 1994. In February 1999 Mr. Mosler reassumed the positions of President and Chief Executive Officer. From 1983 to the present, Mr. Mosler has been a principal in AVM, LP, a broker/dealer engaged in arbitrage and government securities trading in West Palm Beach, Florida.

Alan R. Simon, 53, is a director, and has served as the Corporation's General Counsel and its Secretary-Treasurer since November 2001. He has been in the private practice of law in Boca Raton, Florida since 1982, and has relocated his practice to Palm Beach Gardens, Florida in 2001.

Clark T. Feezel, 44, has served as President and CEO of Consulier International since its inception in 2003 when it was founded as a wholly owned subsidiary of the Company. Previously, Mr. Feezel was a Regional Manager of Ferguson Enterprise, Inc. a division of Wosley, PLC. for thirteen years.

Bernardo Davila, 52, served as President and CEO of Southeast Automotive Acquisition Corporation since 1991. In 1980 Mr. Davila founded Southeast Automotive Parts, Inc. of Dade which was purchased by Consulier in 1991. From 1971 to 1980 Mr. Davila was in management at Carfel, Inc., an importer of automotive parts. Effective January 1, 2003 Mr. Davila ceased being an executive officer of the Company due to the sale of 70% of Consulier's interest in Southeast Automotive Acquisition Corporation.

## **Identification of Audit Committee**

The Audit Committee of the Company is currently composed of three directors (Alan R. Simon, Burck E. Grosse and Skender Fani) and operates under a written charter adopted by the Board of Directors. The Company's audit committee is responsible for: (1) selection and oversight of our independent accountant; (2) establishing procedures for the receipt, retention and treatment of complaints regarding accounting, internal controls and auditing matters; (3) establishing procedures for the confidential, anonymous submission by our employees of concerns regarding accounting and auditing matters; (4) engaging outside advisors; and, (5) funding for the outside auditor and any outside advisors engagement by the audit committee.

## **Audit Committee Financial Expert**

The Company's board of directors does not have an audited committee financial expert, within the meaning of such phrase under applicable regulations of the Securities and Exchange Commission, serving on its audit committee. The board of directors believes that all members of its audit committee are financially literate and experienced in business matters, and that one or more members of the audit committee are capable of (i) understanding generally accepted accounting principles ( GAAP ) and financial statements, (ii) assessing the general application of GAAP principles in connection with our accounting for estimates, accruals and reserves, (iii) analyzing and evaluating our financial statements, (iv) understanding our internal controls and procedures for financial reporting; and (v) understanding audit committee functions, all of which are attributes of an audit committee financial expert. However, the board of directors believes that there is not any audit committee member who has obtained these attributes through the experience specified in the SEC's definition of audit committee financial expert. Further, like many small companies, it is difficult for the Company to attract and retain board members who qualify as audit committee financial experts, and competition for these individuals is significant. The board believes that its current audit committee is able to fulfill its role under SEC regulations despite not having a designated audit committee financial expert.

## **Code of Business Conduct and Ethics**

The Company has not adopted a code of ethics that applies to its principle officers and persons performing similar functions.

In light of the fact that the Company's Chief Executive Officer acts as the Company's principal executive, the other officers and the relatively small number of persons employed by the Company, the Company did not previously adopt a formal written Code of Business Conduct and Ethics but is in the process of developing a comprehensive Code of Business Conduct and Ethics to cover all of its employees, which is expected to be completed during the second quarter of 2004.

## ITEM 10. EXECUTIVE COMPENSATION

### SUMMARY COMPENSATION TABLE

The following table sets forth the aggregate compensation paid to Consulier's Chief Executive Officer for the last three years:

**AGGREGATED OPTION/SAR EXERCISES IN LAST FISCAL YEAR AND FISCAL YEAR-END OPTION/SAR VALUES**

There were no stock options/SARs exercised during 2003 and no stock options/SARs outstanding at December 31, 2003.

**LONG-TERM INCENTIVE AND PENSION PLANS**

On January 1, 1998 employees of Consulier became members of the Mosler Auto Care Center, Inc. 401(k) Retirement Plan (the Plan). The Plan allows employees to save up to 15% of their gross pay. Consulier may match a percentage of the employees' savings contributions or provide more money, through discretionary contributions. During 2003 and 2002 there were no matching or discretionary contributions made by the Company to employees' accounts. The benefit derived by employees was the tax deferral on earnings until they receive them as benefits. Mr. Mosler and the directors do not participate in this Plan.

**COMPENSATION OF DIRECTORS**

Directors are compensated \$100 for attendance at each Board of Directors' meeting.

**Table of Contents****ITEM 11. SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT**

(1) Includes options to acquire 190,000 shares of Consulier common stock from Mr. Mosler at \$1.25 per share.

(2) Does not exceed one (1%) percent of the class.

**ITEM 12. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS**

In May 2000, Consulier moved its headquarters to Riviera Beach, Florida occupying approximately 500 square feet of office space in a building owned by Warren B. Mosler, Consulier's Chairman of the Board, President and CEO.

Effective December 31, 2002, the Company sold seventy percent of the common stock of its wholly-owned subsidiary, Southeast, to executive officers of Southeast, in exchange for 45,000 shares of the Company's common stock, and a promissory note of approximately \$1,600,000 payable to the Company by Southeast for its pre-existing debt to the Company, secured by Southeast's assets, the common stock in Southeast and the purchasers' personal guarantees, limited to the cash in Southeast at December 31, 2002 of approximately \$228,000. The note bore interest at 6% and was payable in monthly installments of principal and interest of approximately \$9,600 beginning February 20, 2003 through January 20, 2033.

**Table of Contents**

On June 29, 2003, the Company transferred its remaining thirty percent of the common stock of Southeast to executive officers of Southeast in consideration of their agreement to change the method of calculating the purchase price of the seventy percent of common stock of Southeast and their agreement to amend the original promissory note to reflect an original principal balance of \$1,764,581 with a term of 40 years from June 20, 2003, with a balloon payment of \$206,916 due on May 20, 2043; the remaining terms of the Note were unchanged. On June 30, 2003 the Company sold and assigned the Note to the Company's majority shareholder, together with its security interest for the consideration of \$1,762,575, the then current unpaid principal balance and accrued interest due on the Note which was received by the Company in collected funds on June 30, 2003.

**SALE OF AUTOMOBILE OPERATIONS**

In consideration of the sale of Consulier's automobile manufacturing business in 1990, Mosler Auto Care Center, Inc. ( MACC ) executed a promissory note for \$750,000, which note was personally guaranteed by Mr. Mosler. This note, which has an interest rate of one month U.S. Dollar London Interbank Offering Rate (LIBOR), will mature on May 11, 2005. It had an unpaid balance of \$430,559 at December 31, 2003.

**SALE AND LEASEBACK OF REAL ESTATE**

In December 1989, Consulier engaged in a sale and partial leaseback of real estate to Mr. Mosler, subject to existing bond indebtedness collateralized by the property. This real estate is located in Riviera Beach, Florida. In consideration for the property, Mr. Mosler signed a promissory note, which was to mature in December 2001, of \$2,500,000 with interest at one month LIBOR. In 2001, the maturity date was extended to December 2003.

Simultaneously with the execution of the sale, Consulier entered into a lease with Mr. Mosler for approximately 25,000 square feet of space at an annual gross rental of \$4.00 per square foot. This lease was subsequently reduced to 6,000 square feet when Consulier sold its automobile operations. The lease was terminated in 1994.

The balance of principal and interest at December 31, 2003 and 2002 was \$0 and \$1,748,357, respectively.

Consulier owns a 47,000 square foot industrial warehouse in Medley, Florida, which is leased to Southeast Automotive Acquisition Company, its former subsidiary for a five (5) year term which commenced July 1, 2002 with an initial base rent of \$10,000 per month; the lease contains provisions for annual CPI rental increases and two (2) options to renew for additional terms of five (5) years each.

The aggregate audit fees billed to Consulier by BDO Seidman LLP for professional services rendered for the audit of annual financial statements included in our Annual Report on Form 10-KSB for the year ended December 31, 2002 and for the review of quarterly financial statements included in our Quarterly Report on Form 10-QSB for the quarters ended March 31, 2002, June 30, 2002 and September 30, 2002 were \$77,665, and \$19,800 for the quarter ended March 31, 2003.

**AUDITED-RELATED FEES**

None.

**TAX FEES**

For the years ended December 31, 2003, and 2002, no fees were billed to Consulier by Goldstein Levin & Co. for tax services. For the year ended December 31, 2002, the aggregate fees billed to Consulier by BDO Seidman. were \$750 for tax services.

**ALL OTHER FEES**

None.

**AUDIT COMMITTEE POLICIES**

Effective May 6, 2003, the Securities and Exchange Commission adopted rules that require that before our independent auditor is engaged by us to render any auditing or permitted non-audit related service, the engagement be:

approved by our audit committee; or

entered into pursuant to pre-approval policies and procedures established by the audit committee, provided the policies and procedures are detailed as to the particular service, the audit committee is informed of each service, and such polices and procedures do not include delegation of the audit committee s responsibilities to management. The audit committee pre-approves all services provided by our independent auditors, including those set forth above. The audit committee has considered the nature and amount of fees billed by Goldstein Lewin & Co. and believes that the provision of services for activities unrelated to the audit is compatible with maintaining Goldstein Lewin & Co. s independence.

**REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS**

To the Stockholders and Board of Directors  
Consulier Engineering, Inc. and Subsidiaries  
Riviera Beach, Florida

We have audited the accompanying consolidated balance sheet of Consulier Engineering, Inc. and Subsidiaries as of December 31, 2003 and the related consolidated statements of operations, stockholders' equity and cash flows for the year then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Consulier Engineering, Inc. and Subsidiaries as of December 31, 2003 and the results of their operations and their cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS**

**NOTE 1: DESCRIPTION OF BUSINESS AND SUMMARY OF SIGNIFICANT ACCOUNTING  
POLICIES**

**Description of Business**

Consulier Engineering, Inc. (Consulier) and its subsidiaries are engaged in three primary business lines: the distribution of Captain Cra-Z Soap, investment activities and other activities.

Consulier International, Inc. (a subsidiary) markets and distributes Captain Cra-Z Soap and C-6 Products, Inc. (a subsidiary) distributed the Tool Topper products.

Consulier's investment income and losses are derived from investments in limited liability companies and limited partnership interests (Note 6) in BioSafe Systems, LLC ( BioSafe ), Systems Technologies, LLC ( ST, LLC ) and AVM, L.P. ( AVM ), an Illinois limited partnership. BioSafe develops and markets environmentally safe products, alternatives to traditionally toxic pesticides. AVM is a broker/dealer in government securities and other fixed income instruments. Consulier's Chairman and majority stockholder, Warren B. Mosler (Mosler), is a general partner of the general partner of AVM. ST, LLC is a majority member of Patient Care Technology Systems LLC which develops and licenses data based integrated emergency room information systems.

**Basis of Presentation**

The consolidated financial statements include Consulier and its wholly-owned subsidiaries, Consulier International, Inc., C-6 Products, Inc. and Southeast Automotive Acquisition Corporation ( Southeast ) (Note 2) (collectively known as the Company ). All significant intercompany balances and transactions have been eliminated.

**Cash and Cash Equivalents**

For purposes of the consolidated statements of cash flows, the Company considers all highly liquid investments with original maturities of three months or less to be cash equivalents.

**Allowance for Doubtful Accounts**

Accounts receivable are customer obligations due under normal trade terms. Management performs continuing credit evaluations of customers' financial condition and generally does not require collateral. Management reviews accounts receivable on a monthly basis to determine if any receivables will potentially be uncollectible. The Company includes any accounts receivable balances that are determined to be uncollectible, along with a general reserve, in its overall allowance for doubtful accounts. The general reserve is based upon historical collection experience, current economic conditions and market conditions. After all attempts to collect a receivable have failed, the receivable is written off against the allowance. Based on the information available, management believes its allowance for doubtful accounts as of December 31, 2003 is adequate. However, actual write-offs might exceed the recorded allowance.

**Inventories**

Inventories, which consist of Cra-Z Soap for resale, are stated at the lower of cost (determined on a first-in, first-out basis) or market. Management performs periodic assessments to determine the existence of obsolete, slow-moving and non-salable inventories and records necessary provisions to reduce such inventories to net realizable value.

**Table of Contents**

**CONSULIER ENGINEERING, INC. AND SUBSIDIARIES  
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS**

**NOTE 1: DESCRIPTION OF BUSINESS AND SUMMARY OF SIGNIFICANT ACCOUNTING  
POLICIES (CONTINUED)**

**Property and Equipment**

Property and equipment are stated at cost. Depreciation is computed using the straight-line method over estimated useful lives.

The cost of additions and betterments are capitalized, and repairs and maintenance costs are charged to operations in the period incurred. When depreciable assets are retired or sold, the cost and related accumulated depreciation are removed from the accounts and the gain or loss, if any, is recognized.

**Long-Lived Assets Impairments and Disposals**

The Company accounts for long-lived assets in accordance with the provisions of Statement of Financial Accounting Standards ( SFAS ) No. 144, *Accounting for the Impairment or Disposal of Long-Lived Assets*. SFAS No. 144 requires that long-lived assets be reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. The Company compares the carrying amount of the asset to the estimated undiscounted future cash flows expected to result from the use of the asset. If the carrying amount of the asset exceeds estimated expected undiscounted future cash flows, the Company records an impairment charge for the difference between the carrying amount of the asset and its fair value. The estimation of fair value is generally measured by discounting expected future cash flows at the Company's incremental borrowing rate or fair value, if available.

**Partnership and Limited Liability Companies Investments**

The Company's partnership and limited liability companies ( LLC ) investments, all of which are less than 50% interests, are accounted for using the equity method. The Company owns less than 20% in the partnership investment, however, the Company has the ability to significantly influence this investee under the terms of the partnership agreement. Income or loss is allocated to Consulier based on the partnership and LLC agreements. The Company reviews its partnership and limited liability companies investments for other than temporary declines in value on a monthly basis by analyzing the underlying investee's actual revenue, earnings capacity and estimated future undiscounted cash flows.

**Stock-Based Compensation**

In previous years, the Company granted stock options to employees under stock option plans that are more fully described in Note 9. The Company accounted for those plans using the intrinsic value method under Accounting Principles Board ( APB ) Opinion No. 25, *Accounting for Stock Issued to Employees*. All options under such plans, granted in previous years, expired during 2001 and no new options were granted in 2003 and 2002. As such, there is no proforma effect on net income (loss) and earnings (loss) per share if the Company had applied the fair value recognition provisions of SFAS No. 123, *Accounting for Stock-Based Compensation*, and SFAS No. 148 *Accounting for Stock-Based Compensation Transition and Disclosure*.

**NOTE 1: DESCRIPTION OF BUSINESS AND SUMMARY OF SIGNIFICANT ACCOUNTING  
POLICIES (CONTINUED)**

**Revenue Recognition**

Sales are recorded upon shipment of goods, when related risks and title passes to the customers and collectibility is reasonably assured. Shipping and handling expenses incurred by the Company are recorded as selling expenses, and are classified in the caption selling, general and administrative expenses in the accompanying consolidated statements of operations. For years ended December 31, 2003 and 2002, shipping and handling expenses were not material. Historically, the Company's warranty costs have been nominal as the Company's suppliers bear the Company's cost of warranty claims.

**Advertising Costs**

Advertising costs are expensed as incurred and amounted to \$35,627 and \$10,499 in 2003 and 2002, respectively.

**Income Taxes**

The Company accounts for income taxes under the liability method. Under this method, deferred tax liabilities and assets are determined based on the difference between the consolidated financial statement and tax basis of assets and liabilities using enacted tax rates in effect for the year in which the differences are expected to reverse.

**Earnings (Loss) Per Common Share**

Earnings (loss) per common share - basic is computed as net income (loss) divided by the weighted average number of common shares outstanding during the year. Earnings (loss) per common share - diluted is based on the weighted average of common shares and dilutive potential common shares outstanding during the year. Common stock equivalents were not included in the calculation of diluted earnings (loss) per common share diluted for the year ended December 31, 2003, as their effect would be anti-dilutive.

**Comprehensive Income (Loss)**

Comprehensive income (loss) represents the change in net assets of the Company during the period from transactions and other events and circumstances from non-owner sources. Comprehensive income (loss) of the Company includes net income (loss) adjusted for the change in net unrealized gain (loss) in a marketable security investment.

**Fair Value of Financial Instruments**

SFAS No. 107, *Disclosures about Fair Value of Financial Instruments*, requires disclosures of information about the fair value of certain financial instruments for which it is practicable to estimate the value. For purposes of this disclosure, the fair value of a financial instrument is the amount at which the instrument could be exchanged in a current transaction between willing parties other than in a forced sale or liquidation.

**CONSULIER ENGINEERING, INC. AND SUBSIDIARIES  
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS**

**NOTE 1: DESCRIPTION OF BUSINESS AND SUMMARY OF SIGNIFICANT ACCOUNTING  
POLICIES (CONTINUED)**

**Fair Value of Financial Instruments (Continued)**

The carrying amounts of the Company's financial instruments, including cash and cash equivalents, accounts receivables, income tax receivable, accounts payable and accrued liabilities approximate fair value because of their short maturities. The carrying amount of investments approximate fair value based upon the recoverability of these assets. The carrying amount of the Company's fixed rate bonds payable approximates fair value because they may be redeemed at face value by the Company.

**Use of Estimates in the Preparation of Consolidated Financial Statements**

The preparation of consolidated financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

**Reclassifications**

Certain amounts in the 2002 consolidated financial statements have been reclassified to conform to 2003 presentation.

**Recent Accounting Pronouncements**

In January 2003, the Financial Accounting Standards Board ( FASB ) issued FASB Interpretation ( FIN ) No. 46, *Consolidation of Variable Interest Entities, an Interpretation of Accounting Research Bulletin No. 51* (revised in December 2003). FIN 46 requires certain variable interest entities to be consolidated by the primary beneficiary of the entity of the equity investors if the entity does not have the characteristics of a controlling financial interest or does not have sufficient equity at risk for the entity to finance its activities without additional subordinated financial support from other parties. For public entities that are small business issuers, FIN 46 (as revised) is effective for all new variable interest entities created or acquired no later than the end of the first reporting period that ends after December 15, 2004. The Company has not determined the effect the adoption of this standard will have on its consolidated financial position or results of operations.

**NOTE 2: DISCONTINUED OPERATIONS**

Effective December 31, 2002, the Company sold seventy percent of the common stock of its wholly-owned subsidiary, Southeast, to executive officers of Southeast, in exchange for the return of 45,000 shares of the Company's common stock, and a promissory note (the Note) of approximately \$1,600,000 payable to the Company by Southeast for its pre-existing debt to the Company, collateralized by Southeast's assets, the common stock in Southeast and the purchasers' personal guarantees, limited to the cash in Southeast at December 31, 2002 of approximately \$228,000. The Note bears interest at 6% and is payable in monthly installments of principal and interest of approximately \$9,600 beginning February 20, 2003 through January 2033. Southeast's activities included primarily the sale of automobile parts in the automotive after-market.

On June 29, 2003, the Company transferred its remaining thirty percent of the common stock of Southeast to the former executive officers of Southeast in consideration of their agreement to amend the Note to reflect an original principal balance of \$1,764,581 with a term of 40 years from June 30, 2003, with a balloon payment of \$206,916 due on May 20, 2043; the remaining terms of the Note were unchanged. On June 30, 2003, the Company sold and assigned the Note to the principal stockholder of Consulier, together with its security interest for the consideration of \$1,762,575, the then current unpaid principal balance and accrued interest due on the Note.

**NOTE 2: DISCONTINUED OPERATIONS (CONTINUED)**

Since the Note was sold and assigned, the Company is no longer considered to be the primary beneficiary. As such, Southeast is considered to be divested as of the assigned date of the Note, June 30, 2003, and as a result the Company reflected the operations and disposal of Southeast as discontinued operations recording an after tax gain on the disposal of subsidiary of \$97,564.

Following is summarized financial information for the discontinued operations as of December 31, 2003 and 2002 and for the six months ended June 30, 2003 and the year ended December 31, 2002:

	<u>2003</u>	<u>2002</u>
Total Assets	\$ <u>                    </u>	\$2,045,029 <u>                    </u>

Net Income Per Share Basic and Diluted	\$ .00 <u>                    </u>	\$ .01 <u>                    </u>

**NOTE 3: CONCENTRATION OF CREDIT RISK**

The Company maintains its cash in bank deposit accounts, which, at times, may exceed federally insured limits. The Company has not experienced any losses in such accounts and believes it is not exposed to any significant credit risk on cash and cash equivalents. As of December 31, 2003, the Company had approximately \$888,000 in these accounts.

The Company grants credit to customers, substantially all of whom are businesses located in the United States and Canada. The Company typically does not require collateral from customers. The Company monitors exposure to credit losses and maintains allowances for anticipated losses considered necessary in the circumstances.

Sales to three customers represented approximately 83% of consolidated revenue for the year ended December 31, 2003. There were no sales to any one customer which comprised more than 10% of consolidated revenue during the year ended December 31, 2002.

**NOTE 6: PARTNERSHIP AND LIMITED LIABILITY COMPANIES INVESTMENTS**

The limited partnership and limited liability company interests consist of Consulier's investment in AVM, BioSafe and ST, LLC.

**AVM, L.P**

Consulier owned approximately 10% of AVM capital as of December 31, 2003 and 2002. Based on capital and earnings distributions provided in the partnership agreement, Consulier was allocated approximately 8.5% of AVM's earnings during 2003 and 2002. Under the partnership agreement, Consulier may withdraw all or any portion of its capital account upon 30 days written notice. AVM's general partner may also expel Consulier from the partnership through payment of the balance of Consulier's capital account.

Following is a summary of the financial information of AVM as of and for the years ended December 31:

Consulier owns a 40% interest in BioSafe. At December 31, 2003 and 2002 BioSafe's summarized financial information was as follows:

	<b>2003</b>	<b>2002</b>
Total Assets	\$2,024,000	\$1,725,000
Total Liabilities	\$ 309,000	\$ 272,000

Net Income	\$ 662,870	\$ 803,023
Consulier's Share of Earnings	\$ 265,148	\$ 321,207

The carrying value of Consulier's investment in BioSafe was \$1,053,519 at December 31, 2003.

**SYSTEMS TECHNOLOGIES, LLC**

During August 2002, Consulier purchased a 14.25% interest in ST, LLC, a Nevada limited liability company. During the year ended December 31, 2003, Consulier made additional contributions of \$4,057,005 to increase its investment in ST, LLC. As of December 31, 2003, Consulier's interest in ST, LLC totaled 34%. ST, LLC is a member of Patient Care Technology Systems, LLC (PCTS), a California limited liability company. ST, LLC's primary asset is its 75% (at December 31, 2003) investment in PCTS. The original ST, LLC operating agreement provided that the losses from ST, LLC be allocated to ST, LLC's initial members and then to the Company based on investment percentage. Effective April 1, 2003, this agreement was amended and provides that Consulier receive allocated losses to the extent of Consulier's contributions from inception. Consequently, the loss allocated to Consulier was greater than 34%. Consulier's principal shareholder owns approximately 51% of ST, LLC, and together with the Company's 34%, the combined ownership aggregates 85%.

**NOTE 6: PARTNERSHIP AND LIMITED LIABILITY COMPANIES INTERESTS (CONTINUED)**

Consulier can require Consulier's principal shareholder to purchase its interest in ST, LLC for cash equal to the Consulier's capital account balance in ST, LLC at any time with 60 days written notice.

Management has evaluated ST, LLC's (primarily PCST's) projections and related assumptions regarding their operations. In this regard, management periodically compares actual results to these projections. Should actual results be significantly less than the projection, a write down might be necessary. Following is a summary of the summarized financial information of PCTS and the losses allocated to Consulier:

	<b>2003</b>	<b>2002</b>
	<u>                    </u>	<u>                    </u>

	<u>                    </u>	<u>                    </u>

The carrying value of Consulier's investment in ST, LLC was \$849,544 at December 31, 2003.

**NOTE 7: BONDS PAYABLE**

Bonds payable of \$355,000 are payable on maturity (June 30, 2004) and bear interest at 6% per annum, payable quarterly. The Company's principal shareholder owns \$205,000 of the outstanding bonds at December 31, 2003. As additional incentive to purchase the bonds, the Company attached a total of 70,000 warrants at a purchase price of \$1.78175 per share. On December 7, 1999, the original June 30, 1999 expiration date of the 70,000 warrants held by bondholders was extended to June 30, 2004. The fair market value of the warrants at December 7, 1999, of approximately \$77,700 (Note 9), has been recorded as original issue discount and is being amortized over the remaining term of the bonds.

The bonds are redeemable by Consulier at face value after June 30, 1994. The bonds are collateralized by land and building owned by Consulier's principal shareholder, and machinery and equipment, personal property, and leasehold improvements owned by the Consulier.

As a result of the Company's sale of its interest in Southeast (Note 2), the Company will not be able to utilize approximately \$176,000 of the net deferred tax assets which existed December 31, 2002. Therefore, this amount was included in the current year deferred tax expense of discontinued operations. The Company utilized all of its capital loss carry forward during the year ended December 31, 2003 due to the sale of Southeast. During the year ended December 31, 2003, the Company generated a Federal tax net operating loss that is to be carried back to prior year operating income, giving rise to an income tax refund. As of December 31, 2003, the Company had state tax loss carry forward of approximately \$1,645,000 available to reduce future years' income for state tax purposes through 2023.

The approximate tax effects of temporary differences that give rise to deferred tax assets (liabilities) are as follows:

	<u>2003</u>	<u>2002</u>
Depreciation	\$ 17,653	\$ 45,500
Allowance for doubtful accounts	8,655	22,500

Consulier established a Tandem Stock Option Plan ( Tandem Plan ) and an Incentive Stock Option Plan ( Incentive Plan ) covering current employees and former employees who currently work for Mosler Auto Care Center, Inc. ( MACC ). Under the Tandem Plan, qualified and non-qualified options may be granted.

The Tandem Plan provides that an aggregate of 200,000 options to purchase shares of Consulier s common stock may be granted to officers, directors and other key employees of Consulier and MACC. The Incentive Plan provides that an aggregate of 100,000 options to purchase shares of Consulier s common stock may be granted to officers and other key employees of Consulier. The options under both plans are exercisable after two years of continuous employment or service and have a maximum life of ten years from the date of grant.

Options to purchase 61,232 shares of Consulier s common stock by employees were exercised in fiscal 2000. Loans totaling \$76,540 were made to these employees for a term up to five years at an 8% annual interest rate for the exercise. At December 31, 2003, such loans remain outstanding and are recorded as notes receivable for common stock, included as a reduction of stockholders equity.

On October 8, 1991, the principal shareholder of the Company granted options to one of the officers of the Company to purchase common stock of the Company from that primary shareholder. As of December 31, 2003, the remaining balance of these options amounted to 190,000 shares at \$1.25 per share. Since the issuance of these options in 1991 and all subsequent revisions made to the options were for reasons unrelated to the business of Consulier Engineering, Inc., no accounting recognition was reflected on the books and records of the Company in 1991 nor at the time of any subsequent extension.

**Capital Stock**

On December 23, 2002, 29,093 shares of restricted treasury stock with a historical cost of \$50,452 were sold for cash of \$64,005 (approximately \$2.20 per share, the then market price).

During February 2003, the Company received the return of 45,000 shares of its common stock held by certain executive officers of Southeast in connection with the sale of that subsidiary. The value of the stock was based upon the closing market value on the day received (Note 2).

On December 23, 2003, 7,171 shares of restricted treasury stock with a historical cost of \$12,411 were sold to a related party for a total value of \$17,789 (approximately \$2.48 per share, the then market price).

**Common Stock Warrants**

In connection with the issuance of the bonds payable (Note 7), Consulier issued warrants to purchase shares of its common stock at a purchase price of \$1.78175 per share. No warrants have been exercised to date. Using the Black-Scholes option pricing model, the fair market value of the 70,000 warrants at the December 7, 1999 extension date was calculated as approximately \$77,700 with the following assumptions: 46% volatility, 4.5 years expected life, and a 5.86% risk free interest rate. The fair value of the warrants represents an original issue discount, which is being amortized over the remaining term of the bonds payable. The allocated value of the warrants has been recorded as

additional paid-in-capital.
