**NOTICE OF ANNUAL MEETING OF SHAREHOLDERS
To be held on November 25, 2008**

To our Shareholders:

The Annual Meeting of Shareholders (the Annual Meeting) of Dycom Industries, Inc. (the Company) will be held at 11:00 a.m., local time, on Tuesday, November 25, 2008, at the City Club of the Palm Beaches, 11780 U.S. Highway 1, Suite 600, Palm Beach Gardens, Florida 33408.

At the Annual Meeting, you will be asked to vote on the following proposals, which are more fully described in the Proxy Statement accompanying this notice:

1. To elect three directors;
2. To vote upon a proposal to approve the Company s 2009 Annual Incentive Plan;
3. To vote upon a proposal to re-approve and amend the performance goals under the Company s 2003 Long-Term Incentive Plan; and
4. To transact such other business as may properly come before the Annual Meeting or any adjournments of the Annual Meeting.

The Board of Directors has fixed the close of business on Friday, October 3, 2008, as the record date for determining the shareholders entitled to notice of and to vote at the Annual Meeting.

By Order of the Board of Directors,

Richard B. Vilsoet
Secretary
Palm Beach Gardens, Florida
October 29, 2008

YOUR VOTE IS IMPORTANT

Whether or not you plan to attend in person, it is important that your shares be represented and voted. You can vote your shares by signing and dating the enclosed proxy card and returning it in the accompanying envelope or, via the Internet or telephone. You will find specific instructions for voting via the Internet or telephone on the proxy card. If you decide to attend the Annual Meeting and prefer to vote by ballot, your proxy will be revoked automatically and only your vote at the Annual Meeting will be counted. If you hold your shares through a broker and wish to vote at the meeting, you will need to obtain a proxy from the institution that holds your shares.

If you choose to attend the meeting, you will be asked to present valid picture identification, and if you hold your shares through a broker, you will be asked to present a copy of your brokerage statement showing your stock ownership as of October 3, 2008.

PROXY STATEMENT

**ANNUAL MEETING OF SHAREHOLDERS
Tuesday, November 25, 2008**

GENERAL INFORMATION

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors of Dycom Industries, Inc. (the Company) for use at the Annual Meeting of Shareholders to be held on Tuesday, November 25, 2008, at the City Club of the Palm Beaches, 11780 U.S. Highway 1, Suite 600, Palm Beach Gardens, Florida 33408, at 11:00 a.m., local time, or at any adjournments thereof (the Annual Meeting). This Proxy Statement and the accompanying proxy card are being mailed to shareholders on or about October 29, 2008.

What will I be voting on?

At the meeting, you and our other shareholders will be voting on the following:

The election of three (3) directors;

The approval of our 2009 Annual Incentive Plan; and

The re-approval and amendment of the performance goals under our 2003 Long-Term Incentive Plan.

Who may vote?

You may vote if you owned our common stock, par value \$0.331/3 per share, as of the close of business on October 3, 2008, the record date for the meeting. Each share of our common stock is entitled to one vote on each matter to be voted on. As of the record date, there were 39,428,581 shares of common stock outstanding and entitled to vote at the Annual Meeting.

Who may attend the Annual Meeting?

All shareholders of record at the close of business on October 3, 2008, or their duly appointed proxies, may attend the meeting. Please be prepared to present valid photo identification for admission to the meeting. Cameras, recording devices and other electronic devices will not be permitted at the meeting.

If you hold shares in street name (that is, in a brokerage account or through a bank or other nominee) and you plan to attend the Annual Meeting, you will need to bring a copy of a statement reflecting your share ownership as of the record date and check in at the registration desk at the meeting.

Table of Contents

What are the voting recommendations of the Board of Directors?

The Board of Directors recommends that you vote your shares FOR each of the nominees named in this Proxy Statement for election to our Board of Directors, FOR the approval of our 2009 Annual Incentive Plan and FOR the re-approval and amendment of the performance goals under our 2003 Long-Term Incentive Plan.

How do I vote?

You may vote your shares in any of the following manners:

- by signing and dating the enclosed proxy card and returning it in the accompanying envelope;
- by going to the website www.proxyvote.com, with your proxy card in hand, and following the instructions;
- by telephone following the instructions included with your proxy card; or
- by written ballot at the meeting.

If you are a stockholder of record and you attend the meeting, you may deliver your completed proxy card in person. If you hold your shares in street name and you wish to vote at the meeting, you will need to obtain a proxy from the broker or nominee that holds your shares.

Whether or not you plan to attend the meeting, we encourage you to vote by proxy as soon as possible.

What if I hold my shares in street name ?

Many shareholders hold their shares through a stockbroker, bank or other nominee rather than directly in their own name. This is often called holding shares in street name. As summarized below, there are some distinctions between record shareholders and street name holders.

If your shares are registered directly in your name with our transfer agent, American Stock Transfer & Trust Company, you are considered the shareholder of record for those shares, and these proxy materials are being sent directly to you.

If your shares are held in a stock brokerage account or by a bank or other nominee, you are considered the beneficial owner of those shares and you hold your shares in street name. In this case, proxy materials are being forwarded to you by your broker or nominee. As the beneficial owner, you have the right to direct your broker how to vote and are also invited to attend the Annual Meeting. However, because you are not a shareholder of record, you may not vote these shares in person at the annual meeting unless you bring with you a proxy from your broker or nominee. Your broker or nominee has enclosed a voting instruction card for you to use in directing the vote of your shares.

Can I change my mind after I vote?

Yes. If you are a shareholder of record, you may change your vote or revoke your proxy at any time before it is voted at the Annual Meeting by filing an instrument of revocation with the Secretary of the Company or by submitting a proxy bearing a later date than the proxy being revoked prior to the Annual Meeting. Additionally, shareholders who attend the Annual Meeting may revoke a previously granted proxy and vote in person. If you hold your shares in street name and wish to change your vote at the Annual Meeting, you will need to obtain a proxy from the broker or nominee that holds your shares.

Table of Contents

Will my shares be voted if I do not provide my proxy?

If you are a shareholder of record and you do not vote or provide a proxy, your shares will not be voted.

Your shares may be voted if they are held in street name, even if you do not provide the brokerage firm with voting instructions. Brokerage firms have the authority under New York Stock Exchange (NYSE) rules to vote shares for which their customers do not provide voting instructions on certain routine matters. The election of directors is considered a routine matter under these rules.

What constitutes a quorum?

The presence in person or by proxy of the holders of a majority of the common stock will constitute a quorum. A quorum is necessary to transact business at the Annual Meeting. Shares of common stock represented by proxies that reflect abstentions or broker non-votes (i.e., shares held by a broker or nominee which are represented at the Annual Meeting, but with respect to which such broker or nominee is not empowered to vote on a particular proposal) will be counted as shares that are present and entitled to vote for purposes of determining the presence of a quorum.

What vote is required to approve each proposal?

With the exception of the election of directors, which requires a plurality of the votes cast, the affirmative vote of a majority of the shares of common stock represented at the Annual Meeting is required to approve any other proposals.

Will any other matters be voted on at the Annual Meeting?

As of the date of this Proxy Statement, our management knows of no other matter that will be presented for consideration at the meeting other than those matters discussed in this Proxy Statement. If any other matters properly come before the meeting and call for a vote of shareholders, validly executed proxies in the enclosed form returned to the Company will be voted in accordance with the recommendation of the Board of Directors, or, in absence of such a recommendation, in accordance with the judgment of the proxy holders.

Deadline for Appointment of Proxies by Telephone or the Internet or Returning Your Proxy Card

Dycom shareholders should complete and return the proxy card as soon as possible. To be valid, your proxy card must be completed in accordance with the instructions on it and received by us **no later than 11:59 p.m., Eastern Time, on November 24, 2008**. If you appoint your proxy by telephone or the Internet, we must receive your appointment **no later than 11:59 p.m., Eastern Time, on November 24, 2008**. If your common shares are held in street name, you should return your proxy card or voting instruction card in accordance with the instructions on that card or as provided by the bank, brokerage firm or other nominee who holds Dycom common stock on your behalf.

* * * *

A copy of the Company's Annual Report to Shareholders, including financial statements for the fiscal years ended July 26, 2008 and July 28, 2007, is enclosed with this Proxy Statement, but such documentation does not constitute a part of the proxy soliciting material.

PROPOSAL 1

ELECTION OF DIRECTORS

Our Articles of Incorporation provide that our Board of Directors shall be divided into three classes, with each class having as equal a number of directors as possible. Our Board of Directors currently consists of seven members.

Three director nominees have been nominated for election at the Annual Meeting. The nominees are James A. Chiddix, Charles B. Coe and Patricia L. Higgins. Each nominee was selected by the Corporate Governance Committee and approved by the Board of Directors for submission to our shareholders. James A. Chiddix, Charles B. Coe and Patricia L. Higgins are each currently serving terms that expire at the Annual Meeting. Mr. Chiddix and Mr. Coe have been nominated for a three-year term expiring at the fiscal year 2011 Annual Meeting of Shareholders, and Ms. Higgins has been nominated for a one-year term expiring at the fiscal year 2009 Annual Meeting of Shareholders.

Each of the nominees has consented to serve if elected to our Board of Directors. If any director nominees become unable to accept nomination or election, which is not anticipated, the persons named as proxies will vote for the election of such other person as the Board of Directors may recommend. Proxies cannot be voted for a greater number of persons than the number of nominees named below.

NOMINEES FOR ELECTION AT THIS MEETING

The following table sets forth the name, age and principal occupation of each nominee for election as a director of the Company:

James A. Chiddix

Table of Contents

BOARD OF DIRECTORS AND CORPORATE GOVERNANCE INFORMATION

We are committed to sound corporate governance and to full compliance with New York Stock Exchange (NYSE), Securities and Exchange Commission (SEC) and other regulatory and legal requirements. In furtherance of these goals our Board of Directors has adopted a Business Code of Conduct and Ethics, a Code of Ethics for Senior Financial Officers, Corporate Governance Guidelines and written charters for each of its Corporate Governance Committee, Compensation Committee and Audit Committee, all of which are available on our website at www.dycomind.com. Copies of each may also be obtained, without charge, upon written request to the Secretary of the Company at 11770 U.S. Highway 1, Suite 101, Palm Beach Gardens, Florida 33408. These documents are periodically reviewed in light of corporate governance developments and modified as appropriate.

Board Meetings and Attendance

The Board of Directors held 10 meetings during the fiscal year ended July 26, 2008. All directors attended at least 75% of the meetings of the Board of Directors and the committees of the Board of Directors, if any, on which they served during the periods for which they have served as a director. Attendance at the annual meeting of shareholders is expected of all directors as if it were a regular meeting.

Board Independence

In accordance with our Corporate Governance Guidelines, the Board of Directors monitors the independence of its members on an ongoing basis using standards set forth in the guidelines. The guidelines reflect the requirements set forth in the NYSE Corporate Governance listing standards. Under these standards, the Board of Directors has determined that each of the six non-management members of the Board of Directors, including the three non-management director nominees that are currently members of the Board of Directors, is independent and that such group constitutes a majority of our directors. Mr. Nielsen, who serves as our President and Chief Executive Officer, is not independent.

Committees of the Board

The Board of Directors has the authority to appoint committees to perform certain management and administrative functions and currently has an Audit Committee, a Compensation Committee, a Corporate Governance Committee, an Executive Committee and a Finance Committee.

Audit Committee. The Audit Committee met nine times during fiscal 2008. The following directors are current members of the Audit Committee: Charles M. Brennan, III, Charles B. Coe and Stephen C. Coley. The Board of Directors has determined that each of the members of the Audit Committee is independent within the meaning of the NYSE Corporate Governance listing standards and our Corporate Governance Guidelines. In addition, the Board of Directors has reviewed the qualifications and experience of each of the Audit Committee members and determined that all members of the Audit Committee are financially literate as defined by the NYSE listing standards. The Board of Directors has determined that the Chair of the Audit Committee, Charles M. Brennan, III, qualifies as an audit committee financial expert within the meaning of applicable regulations of the SEC, promulgated pursuant to the Sarbanes-Oxley Act of 2002, and has accounting or related financial management expertise within the meaning of the NYSE listing standards. The SEC has indicated that the designation of Mr. Brennan as an audit committee financial expert does not make him an expert for any purpose, impose any duties, obligations or liability that are greater than the duties, obligations or liability imposed as a member of the Audit Committee and the Board of Directors in the absence of such designation, or affect the duties, obligations or liability of any other member of the Audit Committee

or Board of Directors.

Table of Contents

The Audit Committee has responsibility for, among other things, assisting the Board of Directors in the oversight of:

the quality and integrity of the Company's financial statements and related disclosure, internal controls and financial reporting;

the Company's compliance with applicable legal and regulatory requirements;

the independent auditor's qualification, independence and performance;

the performance of the Company's internal audit function and control functions; and

approval of the fees paid to the Company's independent auditors.

The Audit Committee Charter is set forth as Appendix C to this Proxy Statement.

Compensation Committee. The Compensation Committee met fourteen times during fiscal 2008. The Compensation Committee currently consists of Thomas G. Baxter, Charles B. Coe, Stephen C. Coley and Patricia L. Higgins. The Board of Directors has determined that each of the members of the Compensation Committee is independent within the meaning of the NYSE Corporate Governance listing standards and our Corporate Governance Guidelines.

The Compensation Committee has responsibility for, among other things:

recommending to the Board of Directors the compensation of the directors;

determining the compensation of the Chief Executive Officer and approving the compensation of the other executive officers;

administering the Company's equity-based and incentive compensation plans, policies and programs; and

reviewing and discussing with management the Company's compensation discussion and analysis included elsewhere in this Proxy Statement.

The Compensation Committee has engaged Compensation Strategies, Inc. as an independent executive compensation consulting firm, to provide executive compensation consulting services to the Compensation Committee.

Corporate Governance Committee. The Corporate Governance Committee met six times during fiscal 2008. The Corporate Governance Committee currently consists of Charles M. Brennan, III, James A. Chiddix, Stephen C. Coley and Patricia L. Higgins. The Board of Directors has determined that each of the members of the Corporate Governance Committee is independent within the meaning of the NYSE Corporate Governance listing standards and our Corporate Governance Guidelines.

The Corporate Governance Committee has responsibility for, among other things:

recommending to the Board of Directors the director nominees for election by the Company's shareholders, including those nominees that are recommended by shareholders in accordance with the procedures set forth below under the caption "Director Candidates";

recommending to the Board of Directors persons to fill vacancies on the Board of Directors;

Edgar Filing: DYCOM INDUSTRIES INC - Form DEF 14A
recommending to the Board of Directors the appointment of officers of the Company;

Table of Contents

periodically reviewing the number and functions of the five committees of the Board of Directors and recommending to the Board of Directors the appointment of its members to serve on the committees;

evaluating on an annual basis the performance of individual directors and the independence of outside directors;

evaluating the performance of the Chief Executive Officer on an annual basis and submitting its evaluation to the Compensation Committee;

reviewing management succession and development plans;

establishing criteria and processes for, and lead the Board of Directors and each committee in, their respective annual self-evaluations; and

developing and monitor compliance with a set of corporate governance guidelines.

Executive Committee. The Executive Committee met once during fiscal 2008. The Executive Committee currently consists of Thomas G. Baxter, Charles M. Brennan, III and Steven Nielsen. The Executive Committee is empowered to act for the full Board of Directors during intervals between Board of Directors meetings, with the exception of certain matters that by law may not be delegated.

Finance Committee. The Finance Committee did not meet during fiscal 2008. The Finance Committee currently consists of Thomas G. Baxter, Charles M. Brennan, III and Charles B. Coe. The principal functions of the Finance Committee are to set policy for short-term investments; to review borrowing arrangements; and to recommend changes in the capital structure and operating budget of the Company.

Code of Ethics for Senior Financial Officers and Business Code of Conduct and Ethics

We have adopted a Code of Ethics for Senior Financial Officers and a Business Code of Conduct and Ethics, each of which is a code of ethics as that term is defined in Item 406(b) of Regulation S-K. The Code of Ethics for Senior Financial Officers applies to our Chief Executive Officer, Chief Financial Officer, Controller and other employees performing similar functions, including the Chief Accounting Officer. The Business Code of Conduct and Ethics applies to all officers, managers and employees of the Company. We intend to satisfy the requirement under Item 5.05 of Form 8-K regarding disclosure of an amendment to, or a waiver from, provisions of the Code of Ethics for Senior Financial Officers by posting such information on our website at the address specified above.

Executive Sessions of Non-Management Directors

In accordance with our Corporate Governance Guidelines, non-management directors meet without management present at regularly scheduled executive sessions (at least quarterly). The lead non-management director, who is currently Stephen C. Coley, presides at such sessions.

Communications with the Board of Directors

Our Board of Directors has adopted a formal process by which shareholders and other interested parties may communicate with one or more of our non-management directors, our non-management directors as a group, a

Table of Contents

committee or the full Board of Directors. Shareholders who wish to communicate with a director or director group should direct their communications in writing to:

Dycom Industries, Inc.,
c/o Richard B. Vilsoet, Secretary
11770 U.S. Highway 1, Suite 101
Palm Beach Gardens, Florida 33408

The Secretary of the Company has primary responsibility for monitoring director related communications from shareholders and other interested parties and forwarding collected communications to the intended recipient provided they meet certain criteria. In general, communications are forwarded to the intended director or director group as long as the communications do not relate to ordinary business, legal or administrative matters or other non-substantive or inappropriate matters further described in our Internal Process for Handling Communications to Directors. All concerns and complaints relating to accounting, internal accounting controls or auditing matters, as well as complaints regarding violations of our Business Code of Conduct and Ethics or Code of Ethics for Senior Financial Officers, will be referred to the Audit Committee in accordance with our Whistleblower Policy and Procedures. Both the Internal Process for Handling Communications to Directors and the Whistleblower Policy and Procedures are available on our website at www.dycomind.com.

Director Candidates

Pursuant to its charter and our Corporate Governance Guidelines, the Corporate Governance Committee is responsible for recommending to the Board of Directors the director nominees for election by our shareholders, including those nominees that are recommended by shareholders in accordance with the procedures set forth in our By-Laws. The process followed by the Corporate Governance Committee to identify and evaluate director candidates includes requests to directors and others for recommendations, engagements of third-party search firms, meetings from time to time to evaluate biographical information and background materials relating to potential candidates, and interviews of selected candidates by members of the Corporate Governance Committee and the Board of Directors. Patricia L. Higgins was initially identified as a director candidate by one of our independent directors. Ms. Higgins meets the independence requirements set forth in the NYSE Corporate Governance listing standards.

In considering whether to recommend any particular candidate for inclusion in the slate of recommended director nominees, the Corporate Governance Committee will consider numerous attributes, including the candidate's integrity, business acumen, knowledge of our business and industry, age, experience and conflicts of interest. The Corporate Governance Committee does not assign specific weights to particular criteria, and no particular criterion is a prerequisite for each prospective nominee. The Corporate Governance Committee believes that the backgrounds and qualifications of our directors, considered as a group, should provide a composite mix of experience, knowledge and abilities that will allow the Board of Directors to fulfill its responsibilities and operate effectively.

The Corporate Governance Committee considers director nominee candidates from many sources, including shareholders. If a shareholder wishes to recommend a nominee for director, written notice should be sent to the Secretary of the Company in accordance with the instructions set forth later in this Proxy Statement under Proposals for Year 2009 Annual Meeting of Shareholders. Assuming that appropriate biographical and background material has been provided on a timely basis, the Corporate Governance Committee will evaluate shareholder-recommended candidates by following substantially the same process, and applying substantially the same criteria, as it follows for candidates submitted by others.

Table of Contents**Director Compensation**

Our compensation program for non-employee directors is designed to enable us to attract, retain and motivate highly qualified directors to serve on our Board of Directors. The program is also intended to further align the interests of our directors with those of our shareholders by compensating directors with a mix of cash and equity-based compensation. Directors who are employees of the Company receive no additional compensation for serving on the Board of Directors or its committees. The Compensation Committee periodically receives reports on the competitiveness of director compensation for non-employee directors from its independent compensation consultant and is responsible for recommending to the Board of Directors changes in director compensation. The last such report was prepared by Mercer Human Resource Consulting in fiscal 2007.

Directors Fees. Non-employee directors received the following fees in fiscal 2008: (i) an annual retainer fee of \$30,000; and (ii) a fee of \$10,000 for service as Audit Committee chair, \$7,500 for service as Compensation Committee chair and \$5,000 for service as Corporate Governance Committee chair.

During fiscal 2008 non-employee directors received \$2,250 for each regular or special meeting of the Board of Directors attended in person and \$1,000 for each telephonic meeting. Non-employee directors received \$1,250 for each regular meeting attended in person of the Audit, Corporate Governance, Finance and Executive Committees, and \$750 for each telephonic meeting. Non-employee directors received \$1,250 for each Compensation Committee meeting at which executive or director compensation was approved, whether attended in person or telephonically, and \$750 for all other meetings. All directors are reimbursed for reasonable expenses incurred in connection with all meetings.

Non-Employee Directors Equity Plan. The 2007 Non-Employee Directors Equity Plan, adopted in November 2007, provides for (i) an annual equity award to each continuing non-employee director as of the date of the Company's annual general meeting of shareholders and (ii) an equity award upon a new non-employee director's initial election or appointment to the Board of Directors. In each case, the value, type and terms of such awards are approved by the Board of Directors based on the recommendation of the Compensation Committee. Non-qualified stock options, shares of restricted stock, restricted stock units and deferred restricted stock units may be granted under the 2007 Non-Employee Directors Equity Plan. For fiscal 2008, each continuing director was granted 5,000 options (pro rata in the case of Ms. Higgins who was appointed during the year) to acquire shares of common stock of the Company which vest, subject to continuing service, ratably over four years following the grant date. Additionally, each director elected at the fiscal 2007 annual meeting received restricted stock units valued at \$25,000, based on the closing price of the Company's common stock on the grant date, for each year of the term for which they were elected. These units vest over the respective term of the director. Pursuant to the 2007 Non-Employee Directors Equity Plan, non-employee directors who do not beneficially own at least 7,500 shares of Company common stock or restricted stock units must elect to receive at least 60% of their annual retainer(s) in restricted shares of Company common stock or restricted stock units, at the Company's discretion. Additionally, non-employee directors may elect to receive up to 100% of such retainer(s) in restricted shares of Company common stock or restricted stock units. The number of restricted shares of Company common stock or restricted stock units to be granted to a non-employee director is determined by (i) dividing (a) the U.S. dollar amount of the director's annual retainer(s) elected to be received in the form of restricted stock or restricted stock units by (b) the fair market value of a share of the Company's common stock on the date such fees are payable and (ii) rounding up to the nearest whole share of common stock. Non-employee directors are permitted to defer settlement of their restricted stock units until the earlier of their termination of service on the Board of Directors for any reason and a date specified by such director. As of July 26, 2008, we had granted an aggregate of 14,511 restricted stock units to our non-employee directors as a group under the 2007 Non-Employee Directors Equity Plan.

- (1) Under the 2007 Non-Employee Directors Equity Plan, non-employee directors who do not beneficially own at least 7,500 shares of Company common stock or restricted stock units must elect to receive at least 60% of their annual retainer(s) in restricted shares of common stock or restricted stock units, at the Company's discretion. Additionally, the non-employee directors may elect to receive up to 100% of such retainer(s) in restricted shares of common stock or restricted stock units, as applicable. The amounts in this column represent the fees that were earned or paid in cash plus the grant date fair value of restricted shares for the annual retainer(s) which the director elected to receive in restricted shares during fiscal 2008. The annual retainer fees which were required to be paid in restricted shares are included in the Stock Awards column. The total number of restricted shares and aggregate grant date fair value which were elected to be paid in shares and therefore included in this column is as follows: Charles M. Brennan, III, 735 shares having an aggregate value of \$15,000; Stephen C. Coley, 1,225 shares having an aggregate value of \$24,500; Patricia L. Higgins, 155 shares having an aggregate value of \$2,242; and Joseph M. Schell, 394 shares having an aggregate value of \$11,250. The dollar amount shown for the restricted shares reflects the amount recognized by the Company for financial statement purposes pursuant to Statement of Financial Accounting Standard No. 123(R), Share-Based Payment, (SFAS No. 123(R)) (without any reduction for risk of forfeiture). See Note 16 to Consolidated Financial Statements in our Annual Report on Form 10-K for the fiscal year ended July 26, 2008, regarding assumptions underlying valuation of equity awards.
- (2) The dollar amount shown reflects the amount recognized by the Company for financial statement purposes pursuant to SFAS No. 123(R) (without any reduction for risk of forfeiture) for restricted stock awards granted to the non-employee directors in and prior to fiscal 2008, excluding amounts a director elected to receive in restricted shares or restricted stock units (RSUs) as described in footnote (1) above. Each RSU entitles the recipient to one share of the Company's common stock upon settlement. See Note 16 to Consolidated Financial

Mr. Schell retired from the Board of Directors effective November 19, 2007. Upon Mr. Schell's resignation, he forfeited 4,000 stock option awards with vesting dates ranging from November 21, 2008 through November 21, 2010.

- (8) Mr. Smith passed away on August 6, 2008. Mr. Smith's vested stock options remain exercisable until November 6, 2008. Restricted stock and restricted stock units that were not vested as of August 6, 2008 were forfeited.

Compensation Committee Interlocks and Insider Participation

Thomas G. Baxter, Charles B. Coe, Stephen C. Coley and Patricia L. Higgins are members of the Compensation Committee. No member of the Compensation Committee is a current or former officer or employee of the Company. In addition, there are no compensation committee interlocks between the Company and other entities involving the Company's executive officers and the Company's Board members who serve as executive officers of those other entities.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Overview

The Compensation Committee of the Board of Directors (the Compensation Committee) is responsible for establishing our overall executive compensation philosophy and overseeing our executive compensation programs in accordance with its charter. This charter is available on our website at www.dycomind.com. The Compensation Committee approves the types and amounts of compensation for the Chief Executive Officer and the other executive officers named in the Summary Compensation Table set forth on page 25 of this Proxy Statement (together, the Named Executive Officers). Information about the Compensation Committee and its members can be found on page 7 of this Proxy Statement. The Board of Directors has determined that each member of the Compensation Committee is independent within the meaning of the New York Stock Exchange corporate governance listing standards and our Corporate Governance Guidelines.

Compensation Philosophy and Objectives

Our executive compensation program is designed to promote the long-term success of the Company and to increase shareholder value. It rewards executive officers who contribute to the Company's sustained growth and successful attainment of strategic goals with total compensation that is competitive with those companies with which we compete for executive talent. The compensation program's objectives are:

- to attract, motivate and retain high quality executives,
- to align the financial interests of those executives with the financial interests of our shareholders,
- to reward executive actions that enhance long-term shareholder returns, and
- to promote a culture of Company ownership.

Consistent with these principles, our compensation program places a substantial amount of total executive compensation at risk based on the performance of the Company and the executive through the annual bonus program and equity-based compensation awards. The annual cash incentive and equity incentive components of the overall compensation program reward the Named Executive Officers for their contributions to our short-term and long-term performance and for building shareholder value.

Overall levels of executive compensation are established based on an assessment of the Company's performance as a whole. Individual executive compensation is determined based on an assessment of the performance of the Named Executive Officer, the compensation levels of the Company's peer group, as well as compensation levels for comparable positions within a broader group of companies (as described below). Variation in compensation amongst the Named Executive Officers reflects the different roles, responsibilities, and performance of the Named Executive Officers as well as their value in relation to similarly situated executive officers of the Company's peer group and a broader group of companies with which the Company competes for talent. These factors are the basis of the Compensation Committee's decision regarding determinations of base salary, performance-based cash awards and long-term equity awards.

Role of the Compensation Committee

The Compensation Committee is responsible for designing, reviewing and overseeing the administration of our executive compensation program, and annually reviewing and approving all compensation decisions relating to

Table of Contents

the Named Executive Officers. Generally, all decisions with respect to determining the amount or form of compensation for our Named Executive Officers are made by the Compensation Committee in accordance with the methodology described below.

To assist the Compensation Committee as it makes its compensation decisions, our management prepares information for certain of the Compensation Committee meetings, including detailed lists which indicate, among other things, the salary and compensation payouts, both cash and equity, under our incentive plans over the last several years. These lists also reflect the potential payments to each of the Named Executive Officers under various performance scenarios. The overall purpose of the lists are to present, in a single place, the several elements of actual and potential future compensation of our Named Executive Officers. This single presentation enables the Compensation Committee to analyze the individual elements of compensation (including the compensation mix) and the total amount of actual and projected compensation for a particular performance year.

Additionally, the Compensation Committee reviews information regarding the Company's peer group as well as other public companies which has been provided by the Committee's independent consultants, as described below. The Compensation Committee also considers the following factors in setting the target total direct compensation for each Named Executive Officer: (i) the individual responsibilities, experience and achievements of the Named Executive Officers and their potential contributions to the Company's performance, (ii) recommendations from senior management and (iii) whether the components of a Named Executive Officer's compensation align with our executive compensation program's overall objectives.

Role of Consultants and Market Review

The Compensation Committee possesses the authority under its charter to hire advisors to provide the Compensation Committee with information as needed in making compensation decisions. Typically, the Compensation Committee engages an independent compensation consultant to conduct a compensation benchmarking study no less than once every two years for the Named Executive Officers. During fiscal 2007, the Compensation Committee retained and consulted with independent compensation consultants, Mercer Human Resource Consulting (Mercer) and Frederic W. Cook & Co., Inc. (Cook). Mercer provided market compensation data and analysis to the Compensation Committee while Cook was used to assess equity compensation plan design and levels based on current compensation practices and trends. Mercer's market data was derived from a peer group of publicly-traded specialty construction companies, as discussed below, (collectively, the Peer Group) together with data from a broader group of public companies. Data from the broader group of public companies was collected by Mercer in a proprietary fashion and did not include the names of the participating companies. The Peer Group data, weighted with data from the broader group of companies, was used by the Compensation Committee to benchmark executive compensation and evaluate the Company's cash and equity compensation mix and levels based on current compensation practices and trends.

The Compensation Committee, together with its compensation consultants, periodically reviews the composition of the Peer Group based on available market data. The companies comprising the Peer Group were: Emcor Group Inc., Shaw Group Inc., Granite Construction Inc., Quanta Services, Inc., Integrated Electrical Services, Inc., Tetra Tech Inc., InfraSource Services Inc., MasTec, Inc., Pike Electric Corporation, Insituform Technologies, Inc. and Willbros Group, Inc. In the years that the Compensation Committee does not commission a benchmarking study, such as fiscal 2008, it establishes compensation targets for our Named Executive Officers by utilizing the prior year's compensation amounts, generally adjusting base salaries to reflect inflation. All of the decisions with respect to determining the amount or form of executive compensation under the Company's executive compensation programs are made by the Compensation Committee and reflect judgments by the Compensation Committee based in part on the information and advice provided by the advisors that it retains.

Table of Contents

During the second half of fiscal 2008, the Compensation Committee retained Compensation Strategies, Inc. (Compensation Strategies) to advise it in connection with the renegotiation of Mr. Nielsen's employment agreement, which expired in May 2008. In connection with this engagement, Compensation Strategies provided market data based upon a peer group of companies (the New Peer Group). The New Peer Group consists of 20 companies from the specialty construction and engineering services industry with annual revenues ranging from \$540 million to \$9.6 billion. The companies comprising the New Peer Group are: Michael Baker Corporation, Chicago Bridge & Iron Company N.V., Emcor Group Inc., Foster Wheeler Ltd., Global Industries, Ltd., Granite Construction Inc., Insituform Technologies, Inc., Integrated Electrical Services, Inc., Jacobs Engineering Group Inc., KBR, Inc., MasTec, Inc., Matrix Service Company, McDermott International, Inc., Perini Corporation, Pike Electric Corporation, Quanta Services, Inc., Shaw Group Inc., Tetra Tech, Inc., URS Corporation, and Willbros Group, Inc. These companies were selected as they represent a group of companies with which we compete for executive talent. Market data for the New Peer Group was size-adjusted using statistical regression analysis to remove significant swings between raw data points, and to construct market pay levels commensurate with the Company's comparative revenues to the New Peer Group.

Based on Compensation Strategies evaluation, the Compensation Committee concluded that the base salaries of the Named Executive Officers were generally at the 50th percentile for the New Peer Group, and that average cash incentive payouts and long-term incentive compensation were generally below the 50th percentile as compared to the New Peer Group's compensation levels. The Compensation Committee has begun discussions to review the structure of the Company's short and long-term incentive plans for the Named Executive Officers and other eligible employees; designed to reinforce the Company's focus on individual performance and the financial performance of the Company as a whole.

Role of Management

In the first quarter of each fiscal year, our Chief Executive Officer provides the Compensation Committee with an assessment of the other Named Executive Officers and meets with the Compensation Committee to discuss the prior year financial results and to evaluate the performance of the other Named Executive Officers. This assessment, together with the Compensation Committee's own judgment, taking into account the results of the most recent compensation benchmarking study and published compensation survey data for our industry, is used to evaluate the individual performance and compensation of those Named Executive Officers. The Compensation Committee is solely responsible for evaluating the Chief Executive Officer's performance and setting the level and components of his compensation. The Chief Executive Officer is not present when the Compensation Committee determines his compensation.

Major Compensation Components of Named Executive Officers and Analysis of 2008 Compensation Decisions

In order to achieve its compensation philosophy and objectives, the Compensation Committee has designed the compensation program for its Named Executive Officers to utilize three major compensation components: (i) annual base salary; (ii) annual performance-based cash awards; and (iii) long-term equity-based incentives. The Compensation Committee considers each compensation component individually and all compensation components in the aggregate when making decisions regarding amounts that may be awarded under each of the other compensation components.

Annual Base Salaries. Named Executive Officers are provided with a base salary which recognizes the value of the executive's skills, experience, prior record of achievement, and importance to the Company. Base salary

Table of Contents

levels are intentionally set to attract quality executives and to recognize the challenges and varied skill requirements of different positions.

Base salaries are reviewed annually and from time to time in connection with a promotion or other change in responsibility. The Chief Executive Officer submits written base salary recommendations to the Compensation Committee for the other Named Executive Officers. In making his recommendation, the Chief Executive Officer reviews each executive's performance, market compensation levels for comparable positions, the executive's potential attractiveness to other companies, and the overall financial health and performance of the Company. The Compensation Committee reviews the Chief Executive Officer's recommendations for Named Executive Officers (other than the Chief Executive Officer), and together with its own judgments, sets actual base salaries relative to the recommendations. Periodically, the Compensation Committee utilizes a study of market compensation levels prepared by an independent compensation consultant in order to evaluate the executive's base salaries and the Chief Executive Officer's recommendations. Such a study was prepared by Mercer for use by the Compensation Committee in setting base salaries for fiscal 2007. In years the study is not prepared, as was the case in establishing the fiscal 2008 base salaries, the most recent study's findings are adjusted by a reasonable factor primarily reflecting an increase for inflation and the adjusted findings are then used by the Compensation Committee.

The Compensation Committee directly sets the base salary for the Chief Executive Officer. In so doing, the Committee reviews the performance of the Chief Executive Officer, market compensation levels as set forth in the independent compensation consultant's most recent study and other relevant information. In addition, the Committee reviews the results of any assessment of the Chief Executive Officer's performance resulting from a formal survey of all of the Company's directors which are conducted from time to time and informal communications from any of the Company's directors. At a meeting in August 2007, the Compensation Committee determined annual base salaries for the executive officers of the Company for fiscal 2008. In connection with the renewal of Mr. Nielsen's employment agreement, the Compensation Committee reviewed the market data from the New Peer Group in determining Mr. Nielsen's base salary for fiscal 2009.

The Compensation Committee has generally set base salaries between the 50th and 75th percentile of the survey data prepared by its compensation consultant adjusted, as discussed above, by a factor in years when the survey is not prepared. For 2008, the base salary increase for Mr. Nielsen was 3.7%, Mr. DeFerrari 10.3%, Mr. Estes 4.3%, Mr. Vilsoet 8.8%, and Mr. Dunn 4.8%. The increases for Messrs. Nielsen, Estes and Dunn primarily reflect an inflation adjustment over the prior year's base salary that had been determined based on the study by Mercer previously described. The increases for Mr. DeFerrari and Mr. Vilsoet recognized their growing importance to and increased tenure with the Company. Additionally, in April 2008, the base salary of Mr. DeFerrari was increased to \$300,000 on an annual basis in connection with his taking on the responsibilities of Chief Financial Officer upon the resignation of Mr. Dunn. In setting base salaries for the Named Executive Officers, the Compensation Committee made a general assessment of each Named Executive Officer's performance, experience and scope of responsibilities. The base salary of each Named Executive Officer is set forth in the Salary column of the Summary Compensation Table on page 25 of this Proxy Statement.

Annual Performance-Based Cash Awards. Named Executive Officers are provided annual performance-based cash awards in order to recognize and reward performance that meaningfully enhances the operations of the Company during a fiscal year. Awards are designed to demonstrate tangibly to the executives the Company's assessment of their individual performance and to communicate to executives that good performance is recognized and valued. Furthermore, the Company believes annual cash awards strongly encourage executives to continuously improve their efforts to enhance the Company's short-term performance.

Table of Contents

Prior to fiscal 2008, the annual incentive compensation for all of the Named Executive Officers, other than the Chief Executive Officer, was determined as described under this subheading. For fiscal 2008, the Compensation Committee, upon the recommendation of the Chief Executive Officer, determined to include the annual incentive bonus for both the Chief Executive Officer and the Chief Operating Officer under the Company's annual incentive plan described under Annual Incentive Plan Chief Executive Officer and Chief Operating Officer below. References under this subheading to other Named Executive Officers exclude the Chief Executive Officer and the Chief Operating Officer.

Each year the Chief Executive Officer prepares a written report to the Compensation Committee recommending individual performance-based cash awards for the other Named Executive Officers. The Chief Executive Officer's recommendations result from a two step analysis. First, the overall financial performance of the Company is evaluated in order to determine the appropriate level of total annual performance-based cash awards for all eligible employees, including the other Named Executive Officers. Second, the Chief Executive Officer evaluates the individual performance of the other Named Executive Officers against ranges of annual award opportunities that were established at the beginning of the fiscal year and which correspond to minimum and maximum percentages of base salary. Generally, maximum annual awards to the other Named Executive Officers are capped at 50% of base salary. The purpose of this process is to ensure that individual awards reflect an appropriate balance between the overall financial performance of the Company and the individual executive's performance. The Chief Executive Officer presents his evaluation and objective recommendations regarding the individual performance metric component of the annual cash incentive compensation earned by each of the other Named Executive Officers to the Compensation Committee for their consideration. This evaluation has elements of subjectivity and depends on an overall analysis of the effectiveness of the individual executive and his ability to meet Company expectations. The Compensation Committee then conducts its own deliberations and approves the final annual cash incentive compensation, if any. Any cash incentives resulting from this process are discretionary and subjectively determined.

Historically, the Chief Executive Officer has assessed overall financial performance and the appropriate level of total annual cash awards to all eligible employees, including the Named Executive Officers, within the context of an award guideline. This award guideline was and has been calculated as a percentage of the amount that income (before income taxes, asset impairments, interest on the Company's senior subordinated notes, and stock-based compensation) exceeded a threshold of contract revenues. Individual awards, absent executive specific considerations, are generally directionally consistent with changes in the award guideline from year to year. Accordingly, the incentive bonus paid to Messrs. DeFerrari and Vilsoet was directionally lower than the prior year as a result of lower earnings, although Mr. DeFerrari's bonus increased on a gross basis reflecting his promotion to Chief Financial Officer. After receiving the recommendation of the Chief Executive Officer, the Compensation Committee met with the Chief Executive Officer in August 2008 to discuss his recommendations. The awards for fiscal 2008 were approved by the Compensation Committee during a subsequent meeting of the Compensation Committee in August 2008. Annual award payments were made following the conclusion of the Company's financial statement audit.

For fiscal 2008, the annual cash incentive bonuses for the Named Executive Officers (other than the Chief Executive Officer and Chief Operating Officer), were between 35% and 41% of those officers' base salaries for fiscal 2008. The actual annual awards paid to these Named Executive Officers, as approved by the Compensation Committee, are set forth on the Bonus column of the Summary Compensation Table on page 25 of this Proxy Statement.

Annual Incentive Plan Chief Executive Officer and Chief Operating Officer. In October 2007, the Compensation Committee established the performance goals of the fiscal 2008 bonus opportunity of both the Chief

Table of Contents

Executive Officer and the Chief Operating Officer under the annual incentive plan. Prior to fiscal 2008, the annual incentive bonus of the Chief Operating Officer was determined on a discretionary basis.

The annual incentive plan compensation is derived from performance measures that are established by the Compensation Committee within 90 days of the beginning of each fiscal year. Accordingly, the Chief Executive Officer's and Chief Operating Officer's annual incentive plan compensation is not discretionary, although it may be reduced (but not increased) by the Compensation Committee through the exercise of its discretion. Compensation paid under the annual incentive plan is designed to be at risk based on the performance of the Company and has exhibited significant variability from year to year. Over the last three fiscal years the payout to the Chief Executive Officer has ranged from zero to 120% of base salary. The annual incentive bonus for each of Mr. Nielsen and Mr. Estes for fiscal 2008 was 29% of their respective base salaries. At the time the Compensation Committee determined the performance criteria for fiscal 2008, it capped any possible award under the plan to Mr. Nielsen at 135% of his base salary and Mr. Estes at 115% of his base salary. Additionally, Mr. Nielsen would not earn an award under the plan if the award, as calculated under the established performance criteria, was less than 10% of his base salary for the fiscal year.

The performance measures established by the Compensation Committee under the annual incentive plan for fiscal 2008 for the Chief Executive Officer and Chief Operating Officer applied a pre-established payout ratio to operating earnings (before asset impairments and annual incentive plan compensation) above a threshold percentage (2.5%) of contract revenues. The payout ratio varied as a function of the Company's cash flow performance, which was measured as a ratio of operating cash flow to net income before asset impairments. The payout ratio for Mr. Nielsen varied from 0.80% to 1.70% and for Mr. Estes from 0.54% to 1.14%, with the lower end of the range applied if the operating cash flow was less than 1.0 times net income before after tax annual incentive plan compensation expense and asset impairments and the upper end of the range applied if such ratio was greater than 1.5 to 1.0. The actual payout ratio achieved was 1.70% and 1.14% for Mr. Nielsen and Mr. Estes, respectively. The use of a threshold amount before any incentive compensation was earned ensured that the Company's performance exceeded a pre-established level before any award was earned by the Chief Executive Officer or the Chief Operating Officer. The reliance on cash flow and earnings measures in determining the payout amount reflected the importance to the Company of both operating margins and cash flows. As designed, the fiscal 2008 performance criteria provided that acceptable margins without solid cash flows resulted in a reduced award payment, while solid cash flows absent acceptable margins would result in no award payment. Once the plan's cash flow threshold requirement is met, only incremental earnings generate an award payout. The use of both operating earnings and cash flow as performance criteria ensures that only high quality earnings result in vesting of awards, as both income statement and balance sheet performance is required.

The actual annual incentive award paid to the Chief Executive Officer and Chief Operating Officer, as approved by the Compensation Committee, is set forth on the Non-Equity Incentive Plan Compensation column of the Summary Compensation Table on page 25 of this Proxy Statement. The amounts paid under the annual incentive plan for fiscal 2008 were substantially lower than the prior year as a result of lower earnings during fiscal 2008.

Long-Term Equity Based Compensation. Named Executive Officers are eligible to receive long-term equity-based incentive compensation awards under our 2003 Long-Term Incentive Plan. Long-term equity awards provide for compensation that is at risk based on the performance of the Company, and, consequently, align the financial interests of our executive officers with those of our shareholders. Furthermore, long-term equity awards contain vesting provisions which are important to the retention of key executives. The value of issued but unvested long-term equity awards meaningfully encourages executives to remain with the Company as leaving the Company results in the forfeiture of the unvested value of previously accumulated long-term equity awards. For Named

Table of Contents

Executive Officers, other than the Chief Executive Officer, individual long-term equity based awards are recommended by the Chief Executive Officer for consideration and approval by the Compensation Committee.

The Compensation Committee generally makes grants of long-term equity awards annually. In limited instances, awards under the long-term equity awards may also be granted to recognize outstanding performance during the year or at the initiation of employment for newly hired key executives, or upon renewal of employment agreements. In December 2007, awards granted to the Named Executive Officers under the 2003 Long-Term Incentive Plan, other than the Chief Executive Officer and the Chief Operating Officer, consisted of (i) performance vesting restricted stock units which vest subject to the Company achieving annual pre-tax income and operating cash flow ratio goals (the Annual Goals) established by the Compensation Committee and provide for the vesting of additional restricted stock units if the Company achieves pre-tax and operating cash flow ratio goals for the trailing three fiscal year period ending in such fiscal year (Three Year Goals) and (ii) time vesting restricted stock units which vest ratably on the four subsequent anniversaries of the initial grant date. Continued employment at the time of vesting is required for both the performance and time vesting awards. Awards of performance vesting restricted stock units were made to Mr. Nielsen and Mr. Estes in October 2007 that contained similar annual and three year performance criteria as described below.

Additionally, in July 2008, Mr. Nielsen received a long-term equity award of options to purchase Company common stock in connection with his entering into a new employment agreement, described on page 33 of this Proxy Statement. This award was made by the Compensation Committee based, in part, upon the New Peer Group survey prepared by Compensation Strategies in connection with the renegotiation of Mr. Nielsen's employment agreement. The New Peer Group survey data indicated that Mr. Nielsen's long-term incentive compensation was below the 50th percentile of the survey data. Based on the work of the Compensation Committee's independent consultant and the Committee's judgment, Mr. Nielsen was awarded options to purchase 35,000 shares of common stock at an exercise price equal to the closing price on the date of grant. The options vest ratably on each anniversary date over a four year period. Based on the survey data, this grant brought Mr. Nielsen's fiscal 2008 long-term incentive compensation up to the market median.

Performance Vesting Restricted Stock Units. The performance vesting restricted stock units granted in December 2007 to Named Executive Officers, other than the Chief Executive Officer and Chief Operating Officer, vest in three annual installments subject to the Company achieving the Annual Goals for each of fiscal years 2008, 2009 and 2010. For the annual long-term equity award to vest, the Company's operating earnings (before asset impairments, performance share and performance unit compensation and amounts associated with the extinguishment of debt) must exceed certain pre-established targets, which are set forth as a percentage of revenue. If such operating earnings are less than or equal to 2.5% of contract revenues, no annual award will vest and, subject to reduction as described in the next sentence, 100% of the award will vest if such operating earnings equal or exceed 5.0% of contract revenues. The amount of annual performance share units vesting each year will be reduced to 75% of the award otherwise earned if the ratio of operating cash flow for the fiscal period is less than net income for the period.

In addition to the performance units earned when Annual Goals are met, supplemental units can be earned if the Company achieves the applicable Three Year Goals. If the Three Year Goals are achieved, the Named Executive Officers, other than the Chief Executive Officer and the Chief Operating Officer, will vest in additional restricted stock units of up to 100% of the number of restricted stock units vesting in that fiscal year. Vesting of these supplemental units only occurs if cumulative operating earnings for the trailing three year period (before asset impairments, performance share and performance unit compensation and amounts associated with the extinguishment of debt, over the previous three fiscal years) exceed certain pre-established targets, which are set forth as a percentage of revenue. If such cumulative operating earnings for the three year period are more than 7.51% of

Table of Contents

cumulative contract revenues for the period but less than 10% of cumulative contract revenue for the period, a supplemental award of 50% of the target annual units will be earned so long as cumulative operating cash flow for such period is greater than cumulative net income (before asset impairments, amounts recorded for performance vesting restricted stock and units and amounts associated with the extinguishment of debt) for the period. If such cumulative operating earnings for the three year period are 10.01% or more of cumulative contract revenues for the period, a supplemental award of 100% of the target annual units will be earned so long as cumulative operating cash flow for such period is greater than cumulative net income (before asset impairments, amounts recorded for performance vesting restricted stock and units and amounts associated with the extinguishment of debt) for the period. No supplemental units will vest in any of the years if such operating cash flow is not equal to or greater than such net income, in each case as measured over the same cumulative three year period. Supplemental units are earned only in a fiscal year for which units are awarded for meeting the Annual Goals. Consequently, strong prior performance does not ensure vesting if unaccompanied by current fiscal year performance. The three year performance required to earn supplemental units is meaningfully more difficult than that required to earn an annual award and is only triggered by operating earnings and cash flow performance that is significantly better than that of fiscal 2008. The performance criteria selected, operating margin and cash flow, require both income statement and balance sheet performance. Award levels are impacted by the level of margin achieved in generating cash flow to the Company. Applying these criteria historically for the last seven years would have resulted in full vesting of supplemental units in one of the seven years, partial vesting at 50% in three years and no vesting in three of the years.

The performance criteria required under the awards provide that good margins without acceptable cash flows result in reduced vesting of the annual awards or the elimination of vesting of any supplemental awards, while acceptable cash flows absent acceptable margins result in no vesting. The use of both operating earnings and cash flows as performance criteria means that both income statement and balance sheet performance is required before awards will vest.

In December 2007, \$429,968 in share value was granted to the Named Executive Officers, other than the Chief Executive Officer and the Chief Operating Officer, in the form of performance vesting restricted stock units (based on the closing price of a share of Company common stock on the date of grant, December 13, 2007, and the target award under the grant). This amount represented 51% of such executive officers' base salaries, with individual grants ranging from 50.0% to 51.6% of individual base salary. The share values granted to the Named Executive Officers were converted into a specific number of restricted stock units by dividing the share value granted by the closing price of the Company's common stock on the day of the Compensation Committee's approval. Based on results of fiscal 2008, the Named Executive Officers (other than the Chief Executive Officer and Chief Operating Officer), will vest in approximately 48% of their respective target annual awards under the fiscal 2007 and fiscal 2008 grants of performance based restricted stock units. No award will vest with respect to the target annual award under the fiscal 2006 grant of performance based restricted stock. Additionally, based on results of fiscal 2008, no supplemental awards were earned under the fiscal 2008, 2007 or 2006 grants of performance vesting restricted units/stock.

Information regarding the fair value and the number of performance vesting restricted stock units that the Named Executive Officers were granted in December 2007 is shown in the Grant of Plan-Based Awards Table on page 26 of this Proxy Statement.

Long-term Equity Based Compensation – Chief Executive Officer and Chief Operating Officer. In October 2007, an award of performance vesting restricted stock units was made to each of the Chief Executive Officer and Chief Operating Officer. To comply with Section 162(m) of the Internal Revenue Code, the Compensation Committee established the performance criteria for these awards within ninety days of the beginning of

Table of Contents

fiscal 2008. In addition, the three-year performance criteria which are described above under **Performance Vesting Restricted Stock Units** have been modified to comply with Section 162(m). This modification does not alter the required three year financial performance of the Company necessary to earn a supplemental award from that required by the awards made to the other Named Executive Officers as described above.

The October 2007 awards made to the Chief Executive Officer and Chief Operating Officer totaled \$1,033,993 in share value (based on the closing price of a share of Company common stock on the date of grant, October 24, 2007, and the target award under the grant). This amount represented 87.2% of their aggregate base salaries, with the Chief Executive Officer receiving 88.2% of his base salary in the form of performance vesting restricted stock units and the Chief Operating Officer receiving 85.8% of his base salary in the form of performance vesting restricted stock units. These levels were deemed appropriate given the grants of time vesting restricted stock units issued to the Chief Executive Officer and Chief Operating Officer during fiscal 2004 and 2005 in conjunction with entering into their respective employment agreements. In the event that the three year goals are achieved in each of the three years during which these performance restricted stock units vest, the number of performance vesting restricted stock units that these executive officers would earn would double. Applying these criteria historically for the last seven years would have resulted in full vesting of supplemental units in one of the seven years, partial vesting at 50% in three years and no vesting in three of the years. For both the Chief Executive Officer and the Chief Operating Officer, the share values granted were converted into a specific number of performance share units by dividing the share values granted by the closing price of the Company's common stock on the day of the Compensation Committee's grant of the units. Based on results of fiscal 2008, the Named Executive Officers (other than the Chief Executive Officer and Chief Operating Officer, will vest in approximately 48% of their respective target annual awards under the fiscal 2007 and fiscal 2008 grants of performance based restricted stock units. No award will vest with respect to the target annual award under the fiscal 2006 grant of performance based restricted stock. Additionally, based on results of fiscal 2008, no supplemental awards were earned under the fiscal 2008, 2007 or 2006 grants of performance vesting restricted units/stock.

Information regarding the fair value and the number of performance vesting restricted stock units that the Named Executive Officers were granted in October 2007 is shown in the Grant of Plan-Based Awards Table on page 26 of this Proxy Statement.

Time Vesting Restricted Stock Units. Our 2003 Long-Term Incentive Plan provides for the issuance of time vesting restricted stock units that vest in equal installments on the first, second, third, and fourth anniversaries of the date such units are granted, so long as the employee remains employed by the Company on the vesting date. These awards are not subject to performance conditions, but are designed to enhance retention by rewarding continued employment, as leaving the Company results in the forfeiture of the unvested awards. This effect is further enhanced as the price of our common stock increases. Time vesting restricted stock units are subject to shareholding requirements, see **Shareholding Requirements** below.

In December 2007, \$212,472 in share value was granted to Mr. DeFerrari, Mr. Vilsoet and Mr. Dunn. No time vesting restricted stock units were granted to the Chief Executive Officer and Chief Operating Officer. For those executives receiving a grant of time vesting restricted stock units, the value of the individual grants received was approximately 25% of the executive's base salary at the time of grant. The share values granted to these Named Executive Officers were converted into a specific number of restricted stock units by dividing the share value granted by the closing price of the Company's common stock on the date of grant of the units. Information regarding the fair value and the number of time vesting restricted stock units that the Named Executive Officers were granted in December 2007 is shown in the Grant of Plan-Based Awards Table on page 26 of this Proxy Statement. Information regarding the number of shares of time vesting restricted stock and the value realized on vesting in fiscal 2008 is shown in the Option Exercise and Stock Vested Table on page 31 of this Proxy Statement.

Other Benefits

We provide employees with a range of retirement and health and welfare benefits that are designed to assist us in attracting and retaining employees and to reflect the competitive practices of the companies in the Peer Group. The Named Executive Officers are eligible for the following benefits:

401(k) Plan. We maintain a tax qualified deferred contribution retirement plan (the 401(k) Plan) that covers substantially all of our salaried and hourly employees. Each of the Named Executive Officers participates in the 401(k) Plan. Participants may contribute up to 15% of their compensation on a before-tax basis into their 401(k) Plan accounts, subject to statutory limits. In addition, we match an amount equal to 30% for each dollar contributed by participants on the first 5% of their eligible earnings.

Because the 401(k) Plan is a tax qualified retirement plan, the Internal Revenue Code limits the additions that can be made to a participant's 401(k) Plan account each calendar year. Additions include Company matching contributions, before-tax contributions made by a participant and participant after-tax contributions. In addition, the Internal Revenue Code limits the amount of annual compensation that may be taken into account in computing benefits under the 401(k) Plan.

The Company does not maintain any defined benefit pension plan, non-tax qualified supplemental retirement plan or deferred compensation plan.

Health and Welfare Plans. Active employee benefits such as medical, dental, life insurance and disability coverage are available to all salaried and hourly employees through our flexible benefits plan. Employees contribute to the cost of the benefits plan by paying a portion of the premium costs.

Named Executive Officers participate in the medical and dental plans on terms identical with those afforded all other employees. In addition, we provide certain key employees, including the Named Executive Officers, with additional life insurance and disability coverage at no cost to the individual. The amount paid on behalf of the Named Executive Officers is set forth in the All Other Compensation column of the Summary Compensation Table on page 25 of this Proxy Statement.

Shareholding Requirements

Beginning in fiscal 2006, awards of time vesting restricted stock and time vesting restricted stock units granted to the Named Executive Officers have been subject to shareholding requirements. As each grant vests, the executive is required to retain, on account with the Company's stock transfer agent, one-half of the shares that have vested, net of shares withheld to pay taxes. The shareholding requirement continues until the shares on account are equal in value to the executive's base salary then in effect. From that point forward, the executive is free to sell shares that vest subsequently, but must hold those shares previously on account so long as the executive remains employed by the Company. All restrictions on those shares held by the transfer agent lapse ninety days after an executive is no longer employed by the Company. As of October 3, 2008, none of the Named Executive Officers that have received awards of time vesting restricted stock or restricted stock units since fiscal 2006 have reached the shareholding requirement.

Severance and Change in Control Benefits

The Company provides for the payment of severance benefits to the Named Executive Officers upon certain types of employment terminations. Providing severance and change of control benefits assists us in attracting and retaining executive talent and reduces the personal uncertainty that executives are likely to feel when considering a corporate transaction. These arrangements also provide valuable retention incentives that focus executives on

Table of Contents

completing such transactions, thus, enhancing long-term shareholder value. The Named Executive Officers are provided with severance benefits under individual arrangements negotiated with the Company. The terms and payment amounts reflect the Compensation Committee's determination of competitive practices at those companies that we compete with for executive talent at the time the arrangements were entered into and were based, in part, on market information provided by its independent compensation consultants.

The terms of the individual arrangements, and a calculation of the estimated severance benefits that would be payable to each Named Executive Officer under their respective arrangements, is set forth under Potential Payments upon Termination of Employment or Change of Control table beginning on page 31 of this Proxy Statement. The amounts set forth on the table for Mr. Dunn reflect actual payments under his separation agreement, see Employment and Separation Agreements Richard L. Dunn on page 39 of this Proxy Statement.

Tax Deductibility of Compensation

Section 162(m) of the Internal Revenue Code (and the regulations promulgated thereunder) precludes a public corporation from taking an income tax deduction in any one year for compensation in excess of \$1 million for its chief executive officer or any of its four other highest paid executive officers employed by the Company on the last day of the fiscal year, unless certain specific performance criteria are satisfied. The Committee seeks to maximize the tax deductibility of compensation in excess of \$1 million per year, in accordance with the requirements of Section 162(m), paid to any of the executive officers. However, if compliance with the requirements of Section 162(m) negatively impacts the Company's ability to attract and retain key personnel, the Committee may then decide to provide market competitive compensation opportunities, regardless of their tax impact. For fiscal 2008, approximately \$390,000 of the compensation paid to Mr. Nielsen was not deductible for federal income tax purposes.

Code Section 409A

Code Section 409A generally changes the tax rules that affect most forms of deferred compensation that were not earned and vested prior to 2005. The Company operates and administers its compensation arrangements in accordance with a reasonable good faith interpretation of the new rules.

Accounting Rules

The Compensation Committee takes into consideration the accounting treatment of equity incentive awards under SFAS No. 123(R), Share-Based Payment, when determining the form and timing of equity grants to employees, including the Named Executive Officers. The accounting treatment of such grants, however, is not determinative of the type, timing or amount of any particular grant of equity incentive award made to the Company's employees.

Compensation Committee Report

The Compensation Committee has reviewed and discussed with management the preceding Compensation Discussion and Analysis as required by Item 402(b) of Regulation S-K. Based on such review and discussions, the Compensation Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this Proxy Statement and incorporated by reference into the Company's Annual Report on Form 10-K for the year ended July 26, 2008.

- (1) Mr. Nielsen's and Mr. Estes' fiscal 2008 annual incentive plan (AIP) compensation is derived from performance measures that are established within 90 days of the beginning of the fiscal year pursuant to Section 162(m) of the Internal Revenue Code. The AIP for fiscal 2008 applied a pre-established payout ratio to operating earnings (before asset impairments and annual incentive plan compensation) above a threshold percentage of contract revenues. The payout ratio varied as a function of our cash flow performance, which was measured as a ratio of operating cash flow to net income before after tax annual incentive plan compensation expense and asset impairments. For fiscal 2008, the AIP provided that Mr. Nielsen receive an annual incentive award only if the award as calculated equaled or exceeded 10% of his base salary. The maximum annual incentive award payable to Mr. Nielsen for fiscal 2008 was set at 135% of his base salary and the maximum annual incentive award payable to Mr. Estes for fiscal 2008 was set at 115% of his base salary. Mr. Nielsen's and Mr. Estes' actual fiscal 2008 incentive plan payout of \$207,251 and \$138,193, respectively, was paid in

- (3) Represents time vesting restricted stock units (TRSU s) granted under the Company s 2003 Long-Term Incentive Plan. The TRSU s vest in four substantially equal annual installments on or about the anniversary date of the grant.
- (4) Represents stock options granted under the Company s 2003 Long-Term Incentive Plan. The stock options vest in four substantially equal annual installments on the anniversary date of the grant.
- (5) This column shows the grant date fair value of PRSU s, TRSU s, and stock options granted to the Named Executive Officers. The grant date fair value was determined under SFAS No. 123(R). See Note 16 to Consolidated Financial Statements in our Annual Report on Form 10-K for the fiscal year ended July 26, 2008, regarding assumptions underlying valuation of equity awards. In the case of the PRSU s, the grant date fair value is based on the target number of awards.

Narrative Accompanying Grant of Plan-Based Awards Table

The equity incentive awards granted to Mr. Nielsen and Mr. Estes on October 24, 2007 are subject to our achieving certain annual goals (the Annual Goals) established by the Compensation Committee. The Annual Goals are pre-established performance measures based upon (a) pre-tax income before asset impairments, amounts recorded for performance vesting restricted stock and restricted stock unit compensation and amounts associated with the extinguishment of debt, as a percentage of contract revenues and (b) the ratio of operating cash flow to net income before asset impairment, any amounts recorded for performance vesting restricted stock compensation and amounts associated with the extinguishment of debt. Each of Mr. Nielsen s and Mr. Estes target award vest in three substantially equal installments subject to the Company achieving the Annual Goals in each of fiscal years 2008, 2009 and 2010. In the event the Company achieves the Annual Goals with respect to a performance period and the Company also achieves additional goals established by the Compensation Committee for the following periods: in respect of fiscal year 2008, fiscal year 2008; in respect of fiscal year 2009, fiscal years 2008 and 2009; and in respect of fiscal year 2010, fiscal years 2008 through 2010, each of Mr. Nielsen and Mr. Estes will vest in up to an additional 100% of the number of shares of his target award that vested in such annual performance period. These additional goals are pre-established performance measures for the indicated period based upon (a) pre-tax income before asset impairments, amounts recorded for performance vesting restricted stock and restricted stock unit compensation and amounts associated with the extinguishment of debt, as a percentage of contract revenues and (b) the ratio of operating cash flow to net income before asset impairments, amounts recorded for performance vesting restricted stock compensation and amounts associated with the extinguishment of debt.

The equity incentive awards granted to Mr. DeFerrari, Mr. Vilsoet and Mr. Dunn on December 14, 2007 are subject to our achieving certain annual goals (the Annual Goals) established by the Compensation Committee. The Annual Goals are pre-established performance measures based upon (a) pre-tax income before asset impairments, amounts recorded for performance vesting restricted stock and restricted stock unit compensation and amounts associated with the extinguishment of debt, as a percentage of contract revenues and (b) the ratio of operating cash flow to net income before asset impairments, amounts recorded for performance vesting restricted stock and restricted stock unit compensation and amounts associated with the extinguishment of debt. Each of Mr. DeFerrari s, Mr. Vilsoet s and Mr. Dunn s target award vests in three substantially equal installments subject to our achieving the Annual Goals in

each of fiscal 2008, 2009 and 2010. In the event we achieve the Annual Goals

Table of Contents

with respect to a relevant fiscal year and we also achieve additional goals established by the Compensation Committee for the trailing three fiscal year period ending in such fiscal year, each of Mr. DeFerrari, Mr. Vilsoet and Mr. Dunn will vest in up to an additional 100% of the number of shares of their respective target award that vested in such annual performance period. These additional goals are pre-established performance measures for the indicated period based upon (a) pre-tax income before asset impairments, amounts recorded for performance vesting restricted stock and restricted stock unit compensation and amounts associated with the extinguishment of debt as a percentage of contract revenues and (b) the ratio of operating cash flow to net income before asset impairments and amounts recorded for performance vesting restricted stock and restricted stock unit compensation and amounts associated with the extinguishment of debt. Table of Contents**Potential Payments Upon Termination of Employment or Change of Control**

We have entered into certain arrangements that will require us to provide compensation to the Named Executive Officers in the event of certain terminations of employment or a change of control of the Company. The amount of compensation that is potentially payable to each Named Executive Officer in each situation is shown in the table below. The amounts assume that a termination of employment and/or change of control event occurred on July 26, 2008 and, where applicable, uses the closing price of a share of our common stock on July 25, 2008 (\$16.00).

The amounts for Mr. Nielsen, Mr. DeFerrari, Mr. Estes, and Mr. Vilsoet are estimates based only on hypothetical assumptions and do not necessarily reflect the actual amounts that would be paid to the Named Executive Officers, which would only be known at the time they become eligible for payment. The amounts for Mr. Dunn reflect the amounts he will receive pursuant to his April 4, 2008 separation agreement.

The following table and the narrative that follows describe the potential payments upon termination of employment or a change of control of the Company as of July 26, 2008.

Employment and Separation Agreements

Steven E. Nielsen

Effective as of May 15, 2008, the Company entered into an employment agreement with Steven E. Nielsen (the Nielsen Employment Agreement). Under the terms of the Nielsen Employment Agreement, Mr. Nielsen will continue to serve as President and Chief Executive Officer of the Company.

During the term of the Nielsen Employment Agreement, Mr. Nielsen will receive the following compensation and benefits: (i) an annual base salary of \$705,000 (subject to increase by the Compensation Committee of the Board of Directors); (ii) an annual bonus as determined by the Board of Directors with a maximum bonus opportunity of not less than 135% of his base salary; (iii) eligibility to participate in long-term incentive plans of the Company; (iv) eligibility to participate in all employee benefit plans or programs of the Company; and (v) an annual executive physical.

The Nielsen Employment Agreement provides for a term of employment that continues until May 31, 2012. If, during the term of the Nielsen Employment Agreement, there is a change in control of the Company at any time following May 15, 2010, Mr. Nielsen's employment under the Nielsen Employment Agreement will be extended for an

additional two years.

Termination for Cause or Resignation Without Good Reason. In the event that Mr. Nielsen resigns his employment with the Company without Good Reason or the Company terminates his employment for Cause (as such terms are defined below), Mr. Nielsen will not be entitled to any severance payments, but will receive his

Table of Contents

base salary though the date of termination and any bonus earned, but unpaid, for the year prior to the year in which the termination of employment occurs.

Termination Without Cause or Resignation for Good Reason. Subject to Mr. Nielsen's execution and delivery of a general waiver and release of claims, if the Company terminates his employment without Cause or if Mr. Nielsen resigns his employment with the Company for Good Reason prior to a Change in Control, Mr. Nielsen will be entitled to:

His base salary though the date of termination and any bonus earned, but unpaid, for the year prior to the year in which the termination of employment occurs.

A cash severance payment equal to three times the sum of: (x) his then annual base salary, plus (y) the greater of (i) the average amount of the annual bonus paid to him during the three fiscal years immediately preceding such termination or resignation or (ii) 100% of his then annual base salary. The cash severance payment will be payable in substantially equal monthly installments over the 18-month period following such termination or resignation, provided that any remaining payments will be paid in a lump sum within five days following a Change in Control.

Continued participation in the Company's health and welfare plans for a period of three years following Mr. Nielsen's resignation of employment for Good Reason or his termination of employment by the Company without Cause or a cash payment equal to the value of the benefit.

Subject to Mr. Nielsen's execution and delivery of a general waiver and release of claims, in the event the Company terminates Mr. Nielsen's employment without Cause or Mr. Nielsen resigns employment with the Company for Good Reason following a Change in Control, Mr. Nielsen will be entitled to:

His base salary though the date of termination and any bonus earned, but unpaid, for the year prior to the year in which the termination of employment occurs.

A cash severance payment equal to three times the sum of: (x) his then annual base salary, plus (y) the greater of (i) the average amount of the annual bonus paid to him during the three fiscal years immediately preceding such termination or resignation or (ii) 100% of his then annual base salary. The cash severance amount will be payable in a single lump sum within five days following such termination or resignation.

A pro-rata annual bonus for the year in which such termination or resignation occurs equal to the greater of (i) the average amount of the annual bonus paid to him during the three fiscal years immediately preceding such termination or resignation or (ii) the annual bonus that he would have received based on the actual performance achieved through the date of such termination or resignation. The annual bonus amount will be prorated based upon the number of days worked during the year of such termination or resignation and will be payable in a single lump sum within five days following such termination or resignation.

Continued participation in the Company's health and welfare plans for a period of three years following his termination or resignation or a cash payment equal to the value of the benefit.

All outstanding equity awards held by Mr. Nielsen at the time of his resignation of employment with the Company for Good Reason or his termination of employment by the Company without Cause following a Change in Control, will fully and immediately vest and all outstanding performance shares, performance share units or equivalent awards will vest at their target performance levels.

A tax gross-up payment to cover any golden parachute excise taxes levied on any payments or distributions or benefits received under Mr. Nielsen's employment agreement or pursuant to any Company

benefit plan, such that the net amount of the severance payment retained by Mr. Nielsen after the deduction of any excise tax will be equal to the amount of such payment prior to the imposition of such excise tax. However, if the present value of the payments to be made to Mr. Nielsen does not exceed the product of (i) three times his base amount (within the meaning of Section 280G of the Internal Revenue Code), multiplied by (ii) 110%, then the severance payments to be provided under the Nielsen Employment Agreement shall be reduced by the least amount necessary such that no such severance payment will be subject to the excise tax.

Non-Renewal of Nielsen Employment Agreement. Subject to Mr. Nielsen's execution and delivery of a general waiver and release of claims, in the event the Company fails to renew the Nielsen Employment Agreement following the expiration of the employment term on substantially no less favorable terms and Mr. Nielsen's employment is terminated, he will be entitled to receive a cash severance payment equal to: (x) one times his then annual base salary, plus (y) the greater of (i) the average amount of the annual bonus paid to him during the immediately preceding three fiscal years or (ii) 100% of his base salary. The severance payment will be payable in substantially equal monthly installments over the 12-month period following such non-renewal of the Nielsen Employment Agreement, provided that any remaining payments will be paid in a lump sum within five days following a Change in Control.

Restrictive Covenants. Mr. Nielsen is subject to a five-year confidentiality covenant and one-year non-competition and non-solicitation covenants. Mr. Nielsen is also subject to an assignment of inventions and developments agreement.

Enforcement of Agreement. The Nielsen Employment Agreement provides for arbitration in the event of any dispute or controversy arising out of the Nielsen Employment Agreement or Mr. Nielsen's employment with the Company. The Company has also agreed to reimburse Mr. Nielsen, on an after tax basis, for all reasonable legal fees incurred by him in enforcing the Nielsen Employment Agreement.

Defined Terms. The following terms provided in the Nielsen Employment Agreement are used in this description.

Cause means a termination of Mr. Nielsen's employment for his: (i) indictment for any crime, whether a felony or misdemeanor, that materially impairs his ability to function as President and Chief Executive Officer of the Company and such crime involves the purchase or sale of any security, mail or wire fraud, theft, embezzlement, moral turpitude, or Company property; (ii) repeated willful neglect of his duties; or (iii) willful material misconduct in connection with the performance of his duties or other willful material breach of his employment agreement. No event in clause (ii) or (iii) will constitute Cause unless the Company gives Mr. Nielsen written notice of termination of his employment for Cause and such grounds are not corrected by Mr. Nielsen within 30 days of receipt of notice. If Mr. Nielsen fails to correct the event or condition to the satisfaction of the Board of Directors, Mr. Nielsen will have the opportunity to address the Company's Board of Directors prior to a termination of employment for Cause.

Good Reason means a resignation by Mr. Nielsen for any of the following reasons: (i) a failure by the Company to pay compensation or benefits due and payable; (ii) a material change in the duties or responsibilities performed by Mr. Nielsen as Chief Executive Officer of a public company; (iii) a relocation of the Company's principal office by more than 25 miles from Palm Beach Gardens, Florida without Mr. Nielsen's consent; (iv) failure by the Company to obtain agreement by a successor to assume the Nielsen Employment Agreement; or (v) any resignation by Mr. Nielsen during the 30 day period commencing on the first anniversary of a Change in Control. Mr. Nielsen must provide the Company with written notice of his intention to terminate his employment for Good Reason and the Company will have the opportunity to cure the event or condition under clauses (i) and (ii) within 30 days of receipt of such notice.

Table of Contents

Change in Control shall be deemed to have occurred if any one or more the following events occur: (i) an acquisition by any person or group of beneficial ownership of 20% or more of the total outstanding voting stock of the Company; (ii) a change in the composition of the Board of Directors of the Company such that the individuals who constitute the Board of Directors as of the Effective Date of the Nielsen Agreement cease to constitute a majority of the Board; (iii) consummation of a reorganization, merger or consolidation or sale or other disposition of all or substantially all of the Company's assets to any person or entity, or any person or entity consolidates with or merges with or into the Company; or (iv) the approval by the shareholders of the Company of a complete liquidation or dissolution of the Company.

Timothy R. Estes

Effective as of November 4, 2004, the Company entered into an amended and restated employment agreement with Timothy R. Estes (the Estes Employment Agreement). Pursuant to the Estes Employment Agreement, Mr. Estes serves as Executive Vice President and Chief Operating Officer of the Company. The Estes Employment Agreement provides for a term of employment that began on November 4, 2004 and continues until December 31, 2008. Under the terms of the Estes Employment Agreement, Mr. Estes is provided with the following compensation: (i) an annual base salary of \$420,000 (subject to increase by the Compensation Committee of the Board of Directors); (ii) an annual bonus as determined by the Board of Directors and with a target of 100% of his base salary; (iii) eligibility to participate in all employee benefit plans or programs of the Company; (iv) a grant of 50,000 restricted shares of the Company's common stock; and (v) a grant of 50,000 stock options to purchase the Company's common stock.

Termination for Cause or Resignation without Good Reason. In the event that Mr. Estes resigns his employment without Good Reason or the Company terminates his employment for Cause (as such terms are defined below), he will not be entitled to any severance pay.

Termination without Cause or Resignation for Good Reason. Upon a termination of Mr. Estes' employment with the Company without Cause or upon his resignation for Good Reason (as such terms are defined below), Mr. Estes will be entitled to:

A cash severance payment equal to two times the sum of (i) his annual base salary then in effect, plus (ii) the highest paid bonus paid to him during the three fiscal years immediately preceding such termination or resignation;

Employee-benefit continuation for him and his eligible dependents for the 18 months following such termination or resignation; and

A tax gross-up payment to cover any golden parachute excise taxes levied on any payments or distributions or benefits received under the Estes Employment Agreement or pursuant to any Company benefit plan.

If Mr. Estes is terminated without Cause or he resigns for Good Reason during the 13-month period following the date of a Change of Control, 100% of his (i) shares of restricted stock and (ii) stock options will be fully vested to the extent not already vested.

The cash severance payment is payable in substantially equal installments over the 18-month period following Mr. Estes termination or resignation of employment. Additionally, any unpaid portion of the cash severance payment that has not been paid will become immediately payable within five days following a Change of Control.

Table of Contents

Non-Renewal of Employment Agreement. In the event the Company fails to renew the Estes Employment Agreement on substantially no less favorable terms, Mr. Estes will be entitled to a cash severance payment equal to his annual base salary then in effect, plus the highest bonus paid to him during the three fiscal years immediately preceding such non-renewal of the agreement.

The cash severance payment will be payable as soon as practical in substantially equal installments over the 12-month period following such non-renewal of the agreement. Additionally, any unpaid portion of the cash severance payment that has not been paid will become immediately payable within five days following the Change of Control.

All severance payments under the Estes Employment Agreements are subject to the execution and delivery of a waiver and release of claims and continued compliance with non-competition, non-solicitation and confidentiality covenants.

Defined Terms. The following terms provided in the Estes Employment Agreement are used in this description.

Cause means a termination of Mr. Estes employment by the Company for his: (i) indictment for any crime, whether a felony or misdemeanor, that materially impairs his ability to perform his job-related functions, in each case involving the purchase or sale of any security, mail or wire fraud, theft, embezzlement, moral turpitude, or Company property; (ii) repeated willful neglect of his duties to the Company; or (iii) willful material misconduct in connection with the performance of his duties or other willful material breach of the employment agreement.

Good Reason means a resignation by Mr. Estes for any of the following reasons: (i) a failure by the Company to pay any portion of the compensation or provide any employee benefit due to him; (ii) a material diminution of his authority or responsibilities; (iii) the failure of any successor employer to appoint Mr. Estes to a commensurate position of a company listed on a North American stock exchange; (iv) a relocation of Mr. Estes principal place of business by more than 25 miles without his consent; (v) the failure to cause a successor company to assume the employment agreement; or (vi) a resignation during the one-month period commencing on the first anniversary of a Change of Control.

Change of Control shall be deemed to have occurred if any one or more of the following events occur: (i) an acquisition by any individual, entity or group of beneficial ownership of 20% or more of either (x) Dycom's then outstanding shares of common stock or (y) the combined voting power of the then outstanding securities that are entitled to vote in the election of directors; (ii) a change in the composition of the Board of Directors of Dycom such that the individuals who, as of the effective date of Mr. Estes employment agreement, constitute the Board of Directors cease for any reason to constitute at least a majority of the Board of Directors; (iii) consummation of a reorganization, merger or consolidation or sale or other disposition of all or substantially all of the assets of the Company; or (iv) the approval by the shareholders of the Company of the complete liquidation or dissolution of the Company.

DeFerrari Employment Agreement

The Company entered into an employment agreement with H. Andrew DeFerrari, effective as of July 14, 2004 and amended as of July 14, 2006 (the "DeFerrari Employment Agreement"). Pursuant to the DeFerrari Employment Agreement, Mr. DeFerrari serves as the Chief Financial Officer of the Company. The DeFerrari Employment Agreement provides for an initial term of employment that began on July 14, 2004 and continues until July 14, 2006. The initial term is automatically renewed for additional 12 month periods unless either party gives prior notice of nonrenewal. Under the terms of the DeFerrari Employment Agreement, Mr. DeFerrari is provided with the

following compensation: (i) an annual base salary of \$150,000 (subject to increase by the Board of Directors); (ii) an annual bonus equal to an amount between 20% and 50% of his base salary, if certain performance measures are met, as determined within the sole discretion of the Board of Directors; (iii) eligibility to participate in all employee benefit plans or programs of the Company; and (v) an initial grant under the Company's 2003 Long-Term Incentive Plan of 10,000 stock options to purchase the Company's common stock

Termination for Cause; Resignation for Any Reason; Death and Disability. In the event that (i) the Company terminates the executive's employment for Cause (as defined below) (ii) the executive resigns his employment for any reason or (iii) the executive dies or becomes disabled, the Company will not have any obligation to pay his base salary or other compensation or to provide him any employee benefits subsequent to the date of his termination or resignation of employment.

Termination without Cause. In the event the Company terminates the executive's employment without Cause, upon his execution and delivery of a waiver and release of claims, he will become entitled to receive the following payments and benefits, subject to his compliance with noncompetition, nonsolicitation and confidentiality covenants:

12 months of base salary continuation; and

12 months of continued medical and life insurance benefits (including benefits to eligible dependents).

Change of Control. In the event of a Change of Control, the executive will become vested as of the date of the Change of Control in all outstanding stock options under the Company's Long-Term Incentive Plan to the extent not already vested in such stock options.

Defined Terms. The following terms provided in the DeFerrari Employment Agreement are used in this description.

Cause means (i) entering a plea of no-contest, or being convicted of any crime, that constitutes a felony; or (ii) any willful misconduct that is injurious to the financial condition or business reputation of the Company. Additionally, in Mr. DeFerrari's case, Cause also includes (x) any material breach of his duty of loyalty owed to the Company or, as a result of his gross negligence, his breach of his duty of care owed to Company; or (y) any material breach of his employment agreement or his failure or refusal to perform any material duties required by his employment agreement.

A Change of Control shall be deemed to have occurred with respect to the Company if any one or more of the following events occur: (i) a tender offer is made and consummated for fifty percent (50%) or more of the outstanding voting securities of the Company; (ii) any person acquires fifty percent (50%) or more of the outstanding voting securities of the Company; (iii) substantially all of the assets of the Company are sold or transferred to another person, corporation or entity that is not a wholly owned subsidiary of the Company; or (iv) a change in the Board of Directors of Dycom such that a majority of the seats on the Board of Directors are occupied by individuals who were neither nominated by a majority of the directors as of the close of business on the effective date of the executive's employment agreement nor appointed by directors so nominated.

Vilsoet Employment Agreement

Effective as of May 5, 2005, the Company entered into an employment agreement with Richard Vilsoet (the Vilsoet Employment Agreement). Pursuant to the Vilsoet Employment Agreement, Mr. Vilsoet serves as General Counsel of the Company. The Vilsoet Employment Agreement provides for an initial term of employment that began on May 9, 2005 and continues until May 9, 2009. The initial term is automatically renewed for additional

12-month periods unless either party gives prior notice of nonrenewal. Under the terms of the Vilsoet Employment Agreement, Mr. Vilsoet is provided with the following compensation: (i) an annual base salary of \$250,000 (subject to increase by the Board of Directors); (ii) an annual bonus equal to an amount between 20% and 50% of his base salary, if certain performance measures are met, as determined within the sole discretion of the Board of Directors; (iii) eligibility to participate in all employee benefit plans or programs of the Company; and (v) an initial grant under the 2003 Long-Term Incentive Plan of 25,000 stock options to purchase the Company's common stock.

Termination for Cause; Resignation for Any Reason; Death and Disability. In the event that (i) the Company terminates the executive's employment for Cause (as defined below) (ii) the executive resigns his employment for any reason or (iii) the executive dies or becomes disabled, the Company will not have any obligation to pay his base salary or other compensation or to provide him any employee benefits subsequent to the date of his termination or resignation of employment.

Termination without Cause. In the event the Company terminates the executive's employment without Cause, upon his execution and delivery of a waiver and release of claims, he will become entitled to receive the following payments and benefits, subject to his compliance with noncompetition, nonsolicitation and confidentiality covenants:

12 months of base salary continuation; and

12 months of continued medical and life insurance benefits (including benefits to eligible dependents).

Change of Control. In the event of a Change of Control, the executive will become vested as of the date of the Change of Control in all outstanding stock options under the Company's Long-Term Incentive Plan to the extent not already vested in such stock options.

Defined Terms. The following terms provided in the Vilsoet Employment Agreement are used in this description.

Cause means (i) entering a plea of no-contest, or being convicted of any crime, that constitutes a felony; or (ii) any willful misconduct that is injurious to the financial condition or business reputation of the Company.

A Change of Control shall be deemed to have occurred with respect to the Company if any one or more of the following events occur: (i) a tender offer is made and consummated for fifty percent (50%) or more of the outstanding voting securities of the Company; (ii) any person acquires fifty percent (50%) or more of the outstanding voting securities of the Company; (iii) substantially all of the assets of the Company are sold or transferred to another person, corporation or entity that is not a wholly owned subsidiary of the Company; or (iv) a change in the Board of Directors of the Company such that a majority of the seats on the Board of Directors are occupied by individuals who were neither nominated by a majority of the directors as of the close of business on the effective date of the executive's employment agreement nor appointed by directors so nominated.

Richard L. Dunn

Effective April 4, 2008, the Company entered into a separation agreement with Richard L. Dunn (the Dunn Separation Agreement). Pursuant to the Dunn Separation Agreement, the Company will continue to pay Mr. Dunn's base salary for 52 weeks, an aggregate amount of approximately \$325,000, less any tax-related deductions or withholding. Mr. Dunn will also be reimbursed for COBRA premiums (to the extent of the Company's contribution to the group medical plan premiums for then current employees) for a period not to exceed 18 months and his life insurance coverage under the Company's group life insurance program will be continued for a period not to exceed 12 months. For the period commencing 18 months after the separation date and,

for a period ending not later than June 30, 2011, the Company will include Mr. Dunn in its group medical plan, subject to payment of premiums that Mr. Dunn would have been required to pay as an employee. Notwithstanding the foregoing, the benefits to be provided to Mr. Dunn under the Company's group medical plan and group life insurance plan will cease upon his becoming eligible for medical and life insurance coverage (as applicable) with a new employer.

In addition, the Dunn Separation Agreement provides for accelerated vesting of 7,417 time vested restricted shares and time vested restricted share units granted to Mr. Dunn under the Company's 2003 Long-Term Incentive Plan and 9,721 performance vested restricted shares units granted to Mr. Dunn under the Company's 2003 Long-Term Incentive Plan. Mr. Dunn's vested stock options will remain exercisable until the earlier of April 4, 2011 or the expiration date of the term of such stock option.

Mr. Dunn has also agreed to provide tax advisory and other consulting services to the Company for up to 12 months following his separation date. If the Company uses these services, it will compensate Mr. Dunn at the rate of \$200 per hour.

The payments and benefits provided to Mr. Dunn under the Dunn Separation Agreement required his execution and delivery of a general release of claims against the Company and continued compliance with the confidentiality, non-competition and non-solicitation covenants set forth in his employment agreement with the Company.

Table of Contents**SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT**

The following table provides information about the beneficial ownership of our common stock as of October 3, 2008. We have listed each person known to us that beneficially owns more than five percent (5%) of our outstanding common stock, each of our directors, each of our current Named Executive Officers identified in the Summary Compensation Table above, and all directors and executive officers as a group.

Beneficial ownership is determined in accordance with the rules of the Securities and Exchange Commission. The percentage ownership is based on 39,428,581 shares of common stock outstanding as of October 3, 2008. In computing the number of shares beneficially owned by a person and the percentage ownership of that person, shares of common stock subject to options held by that person that are currently exercisable or exercisable within 60 days of October 3, 2008, and restricted stock units that vest within 60 days of October 3, 2008, are deemed outstanding. These shares, however, are not deemed outstanding for the purposes of computing the percentage ownership of any other person. Except as indicated in the footnotes to this table and as provided pursuant to applicable community property laws, each stockholder named in the table has sole voting and investment power with respect to the shares set forth opposite such stockholder's name. Unless otherwise indicated, the address for each of the individuals listed below is c/o Dycom Industries, Inc., 11770 U.S. Highway 1, Suite 101, Palm Beach Gardens, Florida 33408.

- (1) Information regarding FMR LLC and its affiliates is based solely on information disclosed in an amended Schedule 13G/A filed with the SEC on February 14, 2008 by FMR LLC. The Schedule 13G/A indicates that, at December 31, 2007 (i) Fidelity Management & Research Company (Fidelity) a wholly owned subsidiary of FMR LLC and registered investment advisor, was the beneficial owner of 5,350,430 shares of common stock as a result of acting as investment advisor to various investment companies, one of which, Fidelity Value Fund, held 3,906,100 shares. Edward C. Johnson, III, Chairman of FMR LLC and FMR LLC, through its control of Fidelity, and the funds each has sole power to dispose of 5,350,430 shares owned by the funds. Neither FMR LLC nor Edward C. Johnson 3, III, has the sole power to vote or direct the voting of the shares owned directly by the Funds, which power resides with the Funds Boards of Trustees. Fidelity carries out the voting of the shares under written guidelines established by the Funds Boards of Trustees. Members of the family of Edward C. Johnson, III, through their ownership of voting common stock of FMR LLC and the execution of a stockholders agreement, may be deemed to form a controlling group with respect to FMR LLC. In addition, Pyramis Global Advisors Trust Company (Pyramis), an indirect wholly-owned subsidiary of FMR LLC, is beneficial owner of 800 of the reported shares as a result of its status as investment manager of institutional accounts holding shares of the Company s common stock. Edward C. Johnson III and FMR LLC control Pyramis and have sole power to dispose of and vote the 800 shares reported as beneficially owned by Pyramis.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Our Board of Directors has adopted a written policy and procedures for the review of all transactions in which the Company is a participant and any director or nominee, executive officer or security holder of more than five percent of our common stock (or, in the case of the foregoing persons, their immediate family members) has a direct or indirect financial interest (each a related person transaction).

A member of our Board of Directors or any of our executive officers proposing to enter into such transaction must report the proposed related person transaction to the Company's General Counsel or Vice President of Internal Audit. The policy calls for the proposed related person transaction to be reviewed, and if deemed appropriate, approved by the Audit Committee. Generally, the Audit Committee will approve the transaction if the Audit Committee determines the transaction is beneficial to the Company and contains the same or reasonably comparable terms as would be obtained in an arm's length transaction with an unrelated third party.

Neither the Company nor any of its subsidiaries has engaged in any related party transaction since the beginning of the last fiscal year.

**SECTION 16(a)
BENEFICIAL OWNERSHIP REPORTING COMPLIANCE**

Section 16(a) of the Securities and Exchange Act of 1934 requires our directors and executive officers, and persons who own more than ten percent (10%) of our common stock, to file with the SEC initial reports of ownership and reports of changes in ownership of common stock and other equity securities of the Company. Our officers, directors and greater than ten percent (10%) shareholders are required by SEC regulations to furnish us with all Section 16(a) forms they file. Based on our review of such reports, or written representations from persons required to file such reports, we believe that all such Section 16(a) filing requirements were satisfied during fiscal year 2008.

PROPOSAL 2

**APPROVAL OF THE
DYCOM INDUSTRIES, INC.
2009 ANNUAL INCENTIVE PLAN**

At its October 17, 2008 meeting, the Compensation Committee unanimously approved the Dycom Industries, Inc. 2009 Annual Incentive Plan (the "Annual Plan"), which was subsequently adopted by the Board of Directors and is subject to the approval thereof by our shareholders at the Annual Meeting. A summary of the Annual Plan is included below. The complete text of the Annual Plan is set forth in Appendix A to this Proxy Statement, and shareholders are urged to review it together with the following information, which is qualified in its entirety by reference to Appendix A.

Summary of the Dycom Industries, Inc. 2009 Annual Incentive Plan

Purpose. The purposes of the Annual Plan are to provide competitive total cash compensation opportunities based on corporate and individual performance; reinforce the communication of the Company's mission, objectives and goals; and enhance the Company's ability to attract, retain, motivate and reward the highest caliber employees.

Administration. The Annual Plan will be administered by the Compensation Committee of the Board of Directors or any successor committee appointed by the Board of Directors to administer the Annual Plan (the "Compensation Committee"), which shall be comprised of at least two members of the Board of Directors who shall be ineligible to participate in the Annual Plan. Each member of the Compensation Committee shall be an "outside director" within the meaning of Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code"). The Compensation Committee has the authority to interpret the Annual Plan and maintain administrative guidelines and procedures relating to the Annual Plan. The determinations of the Compensation Committee are final, binding and conclusive upon all persons.

Eligibility and Participation. Each employee who is recommended by the Chief Executive Officer to participate in the Annual Plan and is approved by the Compensation Committee, or is included in the Annual Plan by the Compensation Committee, is eligible to participate in the Annual Plan for the fiscal year. It is anticipated that the Compensation Committee will not grant award opportunities under the Annual Plan until the first quarter of fiscal year 2010. Currently, it is anticipated that only the Chief Executive Officer and the Chief Operating Officer will participate in the Annual Plan for fiscal year 2010. To meet the requirements of Section 162(m), certain more restrictive provisions of the Annual Plan apply only to executive officers. For purposes of the Annual Plan, executive officers shall be those employees designated by the Compensation Committee from year to year for purposes of qualifying payouts under the Annual Plan for exemption from Section 162(m) of the Code.

Award Determination. Prior to each fiscal year or as soon as practicable thereafter, the Compensation Committee will establish performance goals which may be based on any combination of consolidated Company, business unit, division, and individual performance goal measures. Performance goal measures with respect to executive officers, as designated by the Compensation Committee, will be determined annually from among the following factors, or any combination of the following, as the Compensation Committee deems appropriate:

Prior to each fiscal year or as soon as practicable thereafter, the Compensation Committee will also establish, for each job classification, various levels of award payments depending upon the level of achievement of the performance goal measures. Final awards will be based on the level of achievement of the performance goal measures, the participant's job classification and the predetermined award payout levels. Except with respect to executive officers, the Compensation Committee has the discretion to adjust performance goals and payout levels during a fiscal year. With respect to executive officers, the Compensation Committee can reduce or eliminate the amount of the final award and can exercise such other discretion as on the advice of tax counsel will not adversely affect the deductibility for federal income tax purposes of any amount paid under the Annual Plan. The maximum amount payable under the Annual Plan to a participant for any fiscal year will be \$2,500,000.

Table of Contents

Payments. As soon as practicable after the end of the fiscal year, the Compensation Committee will certify in writing the extent to which the performance goals have been achieved and whether any other relevant terms of the awards have been satisfied. Awards will be paid in cash no later than two and a half months following the end of the fiscal year to which the award relates.

Termination of Employment. In the event of a participant's death, disability or retirement, the final award of such participant will be reduced to reflect the number of days that the participant was employed by the Company during the plan year. In the event of any other kind of termination of service, the participant's award for the fiscal year of termination will be forfeited; *provided, however*, that the Compensation Committee has the discretion to pay an award for the portion of the year that the participant was employed by the Company.

Duration of the Annual Plan. The Annual Plan shall remain in effect from August 1, 2009, subject to approval by the Company's shareholders, and continue until August 1, 2019, unless terminated earlier by the Compensation Committee.

Amendment. The Compensation Committee may, at any time, amend any or all of the provisions of the Annual Plan or suspend or terminate it entirely. No amendment, suspension or termination may reduce the rights of a participant under an award without the participant's consent.

New Annual Plan Benefits. As discussed above, awards under the Annual Plan will be based upon performance goal measures established with respect to fiscal year 2010 and to be established with respect to future fiscal years. It is not presently possible to determine the benefits or the amounts that will be granted to participants under the Annual Plan in the future.

PROPOSAL 3

**RE-APPROVAL AND AMENDMENT OF THE
PERFORMANCE GOALS UNDER THE
DYCOM INDUSTRIES, INC. 2003 LONG-TERM INCENTIVE PLAN**

At its October 17, 2008 meeting, the Compensation Committee unanimously approved the submission to shareholders for re-approval of the material terms of the existing performance goals and for approval of the material terms of additional performance goals adopted under the Dycom Industries, Inc. 2003 Long-Term Incentive Plan (the

Long-Term Plan), which was subsequently adopted by the Board of Directors and is subject to the approval thereof by our shareholders at the Annual Meeting. A summary of the Long-Term Plan is included below. The complete text of the Long-Term Plan is set forth in Appendix B to this Proxy Statement, and shareholders are urged to review it together with the following information, which is qualified in its entirety by reference to Appendix B.

The Company established the Long-Term Plan effective as of November 25, 2003, after approval by the shareholders at the 2003 annual meeting. At the 2006 annual meeting, shareholders approved an increase in the number of shares authorized under the Long-Term Plan.

Section 162(m) of the Internal Revenue Code of 1986, as amended (the Code) places a limit of \$1,000,000 on the amount the Company may deduct in any one year for compensation paid to its chief executive officer and each of its other four most highly-compensated executive officers. There is, however, an exception to this limit for certain performance-based compensation. Certain awards made pursuant to the Long-Term Plan may constitute performance-based compensation not subject to the deductibility limitation of Section 162(m) of the Code. In order to continue to qualify for this exception, however, the shareholders must (i) approve, every five years, the material terms of the performance goals of the Long-Term Plan, and (ii) approve amendments to the Long-Term Plan to add performance goals. Shareholders last approved the Long-Term Plan s performance goals in 2003 in connection with the initial approval of the Long-Term Plan. If the existing performance goals and the additional performance goals are not approved by shareholders, the Long-Term Plan will continue in effect; however, in accordance with Section 162(m) of the Code, the Company s ability to deduct performance-based compensation under the Plan will be limited as described above.

Performance Goals. The Long-Term Plan currently provides that performance goals may consist of one or more of the following criteria: net income, net revenue, cash flow, operating margin, operating revenue, pre-tax income, pre-tax operating income, operating income growth, return on assets, total shareholder return, share price, return on equity, diluted earnings per share or earnings per share growth, or a combination thereof as selected by the Compensation Committee, and quantifiable non-financial goals.

The Company now desires to amend the Long-Term Plan to incorporate the following additional performance goals:
