**VISTACARE, INC.**  
**PROXY STATEMENT**  
**FOR THE**  
**2004 ANNUAL MEETING OF STOCKHOLDERS**  
**To Be Held On May 18, 2004**

**INFORMATION ABOUT SOLICITATION AND VOTING**

**General**

This proxy statement is provided in connection with the solicitation of proxies by the board of directors of VistaCare, Inc. for the 2004 Annual Meeting of Stockholders to be held at 2:00 p.m., Mountain Time, on Tuesday, May 18, 2004 at the FINOVA Theater, located at 4800 North Scottsdale Road, Scottsdale, Arizona, and at any adjournment or postponement of the annual meeting. Our principal executive offices are located at 4800 North Scottsdale Road, Suite 5000, Scottsdale, Arizona 85251.

This proxy statement and the accompanying proxy card are expected to be mailed on or about April 16, 2004 to all stockholders entitled to vote at the annual meeting. We are mailing our Annual Report to stockholders for the fiscal year ended December 31, 2003 together with these proxy materials. The Annual Report does not constitute part of this proxy statement.

**What is the purpose of the annual meeting?**

At the annual meeting, stockholders will consider and vote on the following matters:

1. The re-election of two members to our board of directors to hold office for terms of three years.
2. The approval of an amendment and restatement of the VistaCare 1998 Stock Option Plan, primarily for the purposes of:  
  
increasing the number of shares issuable under the plan from 3,200,000 to 4,000,000,  
  
permitting the grant of restricted stock awards in addition to stock options under the plan, and  
  
expressly providing that the re-pricing of outstanding stock options may not be accomplished without stockholder consent.
3. The ratification of the selection of Ernst & Young LLP as our independent auditors for the year ending December 31, 2004.
4. The consideration of any other business that may properly come before the meeting.

**Who can vote at the annual meeting?**

Only stockholders of record at the close of business on April 2, 2004 may vote at the annual meeting. This date is the record date for the annual meeting. On the record date, there were 16,144,336 outstanding shares of our Class A Common Stock, \$0.01 par value per share, which we refer to in this proxy statement as our common stock.

**How many votes do I have?**

Each share of our common stock that you owned on the record date entitles you to one vote on each matter that is voted on.

**Is my vote important?**

## Edgar Filing: VISTACARE INC - Form DEF 14A

Your vote is important regardless of how many shares you own. Please take the time to vote. Take a moment to read the instructions below.

## **Table of Contents**

### **How can I vote?**

You can vote in two ways. You can vote by mail or you can vote in person at the meeting.

*You may vote by mail.* You may vote by completing and signing the proxy card that accompanies this proxy statement and promptly mailing it in the enclosed postage-prepaid envelope. You do not need to put a stamp on the enclosed envelope if you mail it in the United States. The shares you own will be voted according to the instructions on the proxy card you mail. If you return the proxy card, but do not give any instructions on a particular matter described in this proxy statement, the shares you own will be voted in accordance with the recommendations of our board of directors. The board of directors recommends that you vote FOR proposals 1, 2 and 3.

*You may vote in person.* If you attend the meeting, you may vote by delivering your completed proxy card in person or you may vote by completing a ballot. Ballots will be available at the meeting.

### **Can I change my vote after I have mailed my proxy card?**

Yes. You can change your vote and revoke your proxy at any time before the meeting by doing any one of the following things:

signing another proxy with a later date;

giving our corporate secretary a written notice before or at the meeting that you want to revoke your proxy; or

voting in person at the meeting.

Your attendance at the meeting alone will not revoke your proxy.

### **Can I vote if my shares are held in street name ?**

If the shares you own are held in street name by a bank or brokerage firm, your bank or brokerage firm, as the record holder of your shares, is required to vote your shares according to your instructions. In order to vote your shares, you will need to follow the directions your bank or brokerage firm provides you. Many banks and brokerage firms also offer the option of voting over the Internet or by telephone, instructions for which would be provided by your bank or brokerage firm on your vote instruction form.

If your shares are held in street name, you must bring an account statement or letter from your brokerage firm or bank showing that you are the beneficial owner of the shares as of the record date in order to be admitted to the meeting on the record date. To be able to vote your shares held in street name at the meeting, you will need to obtain a proxy card from the holder of record.

### **What will happen if I do not give my bank or brokerage firm instructions on how to vote my shares?**

If your shares are held in street name, your bank or brokerage firm will be prohibited under applicable regulations from using its discretion to vote your shares on the proposal to approve the amendment and restatement of our 1998 Stock Option Plan. If your broker instructs us that you have not provided instructions on how to vote on that proposal, your shares will be treated as broker non-votes with respect to that proposal. However, even if you do not give your broker instructions as to how to vote on the other proposals described in this proxy statement, your broker may be entitled to use its discretion in voting your shares in accordance with industry practice.

### **What constitutes a quorum?**

In order for business to be conducted at the meeting, a quorum must be present. A quorum consists of the holders of a majority of the shares of common stock issued, outstanding and entitled to vote at the meeting, or at least 8,072,169 shares.

## **Table of Contents**

Shares of common stock represented in person or by proxy (including broker non-votes and shares that abstain or do not vote with respect to one or more of the matters to be voted upon) will be counted for the purpose of determining whether a quorum exists.

If a quorum is not present, the annual meeting will be adjourned until a quorum is obtained.

### **What vote is required for each proposal?**

*Election of directors.* The two nominees receiving the highest number of votes cast at the meeting will be elected, regardless of whether that number represents a majority of the votes cast. Abstentions and broker non-votes will have no effect on the outcome of this proposal.

*Approval of Amendment and Restatement of the 1998 Stock Option Plan.* The affirmative vote of the holders of a majority of the shares represented or eligible to vote at the meeting is needed to approve the amendment and restatement of the 1998 Stock Option Plan. Abstentions will have the effect of a negative vote on this proposal. For shares held in street name, broker non-votes will have no effect on the outcome of this proposal because your bank or brokerage does not have the authority to vote your shares on this proposal absent instructions from you.

*Ratification of Selection of Auditors.* The affirmative vote of the holders of a majority of the shares represented or eligible to vote at the meeting is needed to approve the ratification of the selection of our independent auditors. Abstentions will have the effect of a negative vote on this proposal. For shares held in street name, broker non-votes will also have the effect of a negative vote on this proposal because your bank or brokerage does have the authority to vote your shares on this proposal absent instructions from you.

### **How will votes be counted?**

Each share of common stock will be counted as one vote according to the instructions contained on a proper proxy card, whether executed by you directly or on a ballot voted in person at the meeting.

### **Who will count the votes?**

The votes will be counted, tabulated and certified by our transfer agent and registrar, EquiServe Trust Company, N.A., a representative of which will serve as the inspector of elections at the meeting.

### **How does the board of directors recommend that I vote on the proposals?**

The board of directors recommends that you vote:

FOR the re-election of the two members to our board of directors to hold office for terms of three years;

FOR approval of the amendment and restatement of our 1998 Stock Option Plan; and

FOR the ratification of the selection of Ernst & Young LLP as our independent auditors for the year ending December 31, 2004.

### **Will any other business be conducted at the meeting, or will other matters be voted on?**

The board of directors does not know of any other matters that may come before the meeting. If any matter properly comes before the meeting, the persons named in the proxy card that accompanies this proxy statement will exercise their judgment in deciding how to vote, or otherwise act, at the meeting with respect to that matter or proposal.

### **Where can I find the voting results?**

We will report the voting results in our quarterly report on Form 10-Q for the second quarter of 2004, which we expect to file with the Securities and Exchange Commission, or SEC, on or before August 16, 2004.

**Table of Contents**

**How and when may I submit a stockholder proposal for the 2005 annual meeting?**

If you are interested in submitting a proposal for inclusion in the proxy statement for the 2005 annual meeting, you need to follow the procedures outlined in Rule 14a-8 of the Securities Exchange Act of 1934. To be eligible for inclusion, we must receive your stockholder proposal intended for inclusion in the proxy statement for the 2005 annual meeting of stockholders at our principal corporate offices in Scottsdale, Arizona as set forth below no later than December 18, 2004.

Pursuant to Rule 14a-4(c) of the Exchange Act, if a stockholder who intends to present a proposal at the 2005 annual meeting does not notify us of such proposal on or prior to March 3, 2005, then management proxies would be allowed to use their discretionary voting authority to vote on the proposal when the proposal is raised at the 2005 annual meeting, even though there is no discussion of the proposal in the 2005 proxy statement.

Any proposals or notices should be sent to:

VistaCare, Inc.  
4800 North Scottsdale Road, Suite 5000  
Scottsdale, Arizona 85251  
Attention: Corporate Secretary

**Who will bear the costs of soliciting these proxies?**

We will bear the costs of solicitation of proxies. Brokers, custodians and fiduciaries will be requested to forward proxy soliciting material to the owners of shares of our common stock they hold in their names. We will reimburse banks and brokers for their reasonable out-of-pocket expenses incurred in connection with the distribution of proxy materials. We have engaged The Proxy Advisory Services Group of Strategic Stock Surveillance, LLC to act as a solicitor in connection with this proxy statement, for which we will pay a fee of \$7,500, plus reasonable out-of-pocket expenses.

**How can I obtain a copy of VistaCare's 2003 Annual Report on Form 10-K?**

Our Annual Report on Form 10-K is being mailed to you together with this proxy statement. ### **Householding of Annual Meeting Materials**

Some banks, brokers and other nominee record holders may be participating in the practice of householding proxy statements and annual reports. This means that only one copy of our proxy statement and annual report to stockholders may have been sent to multiple stockholders in your household. We will promptly deliver a separate copy of either document to you if you contact us at the Investor Relations address and telephone number listed above. If you want to receive separate copies of the proxy statement or annual report to stockholders in the future, or if you are receiving multiple copies and would like to receive only one copy per household, you should contact your bank, broker, or other nominee record holder, or you may contact us at the above address or telephone number.

## **ELECTION OF DIRECTORS**

### **(Item 1 of Notice)**

#### **General**

Two Class II directors have been nominated for re-election at the 2004 annual meeting of stockholders to serve three-year terms expiring at the 2007 annual meeting of stockholders and until their successors have been elected and duly qualified. Unless instructed otherwise, the proxy holders will vote the proxies received by them for our nominees: Perry G. Fine, M.D. and William J. McBride. In the event that those nominees are unable or decline to serve as directors at the time of the annual meeting, the proxies may be voted for a substitute nominee designated by the present board of directors (unless another nominee is indicated in any particular proxy), or the board of directors may reduce the number of directors. Dr. Fine and Mr. McBride have consented to serve as directors, and our board of directors has no reason to believe that they will be unavailable for service.

**The board of directors recommends a vote FOR the proposed nominees.**

#### **Composition of the Board of Directors**

Our certificate of incorporation provides that directors shall be divided into three classes and that each director shall serve for a term of three years and until his or her successor is elected and qualified or until his or her earlier resignation, death, or removal. One class of directors is elected at each annual meeting.

The Class I director (whose term expires in 2006) is David W. Faeder. The Class III directors (whose terms expire in 2005) are Ronald A. Matricaria, Pete A. Klisares and Richard R. Slager. There are no family relationships between any of our directors or executive officers.

On April 1, 2004, one of our Class I directors, David A. Freeman, resigned from the board of directors. Under our By-laws, the remaining directors have the authority to appoint a successor to fill the vacancy created by Mr. Freeman's resignation. Accordingly, our Nominating and Corporate Governance Committee has recommended, and our board of directors has unanimously approved, the appointment of Ms. Geneva Bolton Johnson to succeed Mr. Freeman as a Class I director. Ms. Johnson's appointment is expected to become effective on May 17, 2004, the day before the annual meeting. Ms. Johnson has indicated that she will accept an appointment to our board of directors.

The following sets forth the names of and information about the persons nominated for re-election at the annual meeting and the directors whose terms do not expire at the annual meeting. Information regarding their compensation is presented in the section of this proxy statement entitled "Directors Compensation", and information regarding their beneficial ownership of shares of our common stock is presented in the section of this proxy statement entitled "Security Ownership of Certain Beneficial Owners and Management".

### **CORPORATE GOVERNANCE**

#### **General**

We believe that good corporate governance is an important part of our long-term strategy of building value for our stockholders. Accordingly, during the past year we undertook a thorough review of our corporate governance practices and policies to ensure that they are in line with current best practices and in compliance with the requirements of the SEC and the Nasdaq National Market. As a result of this review, we have amended some of our existing policies and practices and adopted additional policies and practices.

Copies of the charters of our Audit, Compensation and Nominating and Corporate Governance Committees are appended to this proxy statement and are presently available on our website ([www.vistacare.com](http://www.vistacare.com)) under Investor Relations. Set forth below is a brief description of some of our most important corporate governance policies and practices currently in effect.

#### **Independence of Directors**

We believe that independent directors play a critical role in company governance, and we are committed to ensuring that a majority of our directors are independent. Presently, five of our seven directors are independent. In particular, our board of directors has determined that none of Messrs. Faeder, Klisares, Matricaria or McBride has a material relationship with us (either directly or as a partner, shareholder or officer of an organization that has a relationship with us) and that each of these directors is independent within the meaning of Nasdaq's director independence standards. In addition, our board of directors has determined that each of the members of each of our Audit Committee, Compensation Committee and Nominating and Corporate Governance Committee has no material relationship with us (either directly or as a partner, shareholder or officer of an organization that has a relationship with us) and is independent within the meaning of Nasdaq's director independence standards.

#### **Lead Director**

In order to ensure a balanced relationship between management and the board of directors, in 2003 our board of directors established the role of Lead Director. The Lead Director serves as the chairperson of any meeting at which management directors are not present and acts as a liaison between management, including the Chairman/ Chief Executive Officer, and the independent directors. In August 2003, our board of directors unanimously appointed Pete A. Klisares as Lead Director.

#### **Nomination of Directors**

##### ***General***

If we identify a need to add a new member to the board of directors, or fill a vacancy, the Nominating and Corporate Governance Committee will identify and evaluate prospective candidates, and recommend to the board its proposed candidate(s). After seeking input from other members of the board of directors and from senior management, the Chairperson of the Nominating and Corporate Governance Committee will compile a list of potential candidates. If the Nominating and Corporate Governance Committee deems appropriate, it may also engage a professional search firm.

The Chairperson of the Corporate Governance Committee, working with the other members of the board of directors and senior management, determines whether any of the candidates proposed by the Nominating and Corporate Governance Committee have relationships with any of the members of the board of directors or management, and oversees the initial contact with candidates. The Chairperson of the board of directors, together with at least one member of the Nominating and Corporate Governance Committee, interviews

**Table of Contents**

prospective candidates. Following such interview, the Nominating and Corporate Governance Committee deliberates to consider whether and to what extent prospective candidates satisfy the criteria for nomination established by the board of directors.

In evaluating potential director nominees, including candidates recommended by stockholders, the Nominating and Corporate Governance Committee will consider, among other things, the candidate's integrity, business acumen, experience, other commitments, conflicts of interest and the ability to act in the interest of all of our stockholders. The Nominating and Corporate Governance Committee does not assign specific weights to particular criteria and no particular criterion is necessarily applicable to all prospective nominees. In addition, there are no specific, minimum qualifications that must be met for any nominee. We believe that the backgrounds and qualifications of the directors, considered as a group, should provide a significant composite mix of experience, knowledge and abilities that will allow the board of directors to fulfill its responsibilities.

Following its evaluation discussion, the Nominating and Corporate Governance Committee will then recommend to the board of directors the final nominee(s). The board of directors will then consider and vote on such recommendations. Nominees approved by the board of directors will be included in our proxy card for the stockholders meeting at which such nominee's election is to be recommended.

We have not paid, to date, any third party a fee to assist in evaluating and identifying nominees. During 2003, no candidate was recommended to us by any beneficial owner of more than 5% of our common stock.

***Stockholder Nominations***

Our stockholders may recommend director candidates for inclusion by the board of directors in the slate of nominees which the board of directors recommends to our stockholders for election. The qualifications of recommended candidates will be reviewed by our Nominating and Corporate Governance Committee in the same manner, and subject to the same criteria, as nominees proposed by the board of directors or management.

To propose a nominee, stockholders should submit the name of the proposed nominee, together with sufficient biographical information about the proposed nominee to enable the Nominating and Corporate Governance Committee to make an informed evaluation of the proposed nominee's qualifications. Such proposals should be directed to:

Nominating and Corporate Governance Committee  
c/o General Counsel  
VistaCare, Inc.  
4800 North Scottsdale Road, Suite 5000  
Scottsdale, Arizona 85251  
Phone: (480) 684-4545

The Nominating and Corporate Governance Committee will consider recommendations that are provided on a timely basis in accordance with our By-laws.

**Stockholder Communications with the Board of Directors**

The board of directors provides a process for stockholders to send communications to the board of directors. In particular, stockholders may send written communications to the board of directors at the following address:

Board of Directors  
c/o General Counsel  
VistaCare, Inc.  
4800 North Scottsdale Road, Suite 5000  
Scottsdale, Arizona 85251  
Phone: (480) 684-4545

## **Table of Contents**

Upon receipt, the General Counsel will review such communications to determine whether they relate to matters of corporate governance or strategy or to matters unrelated to the responsibilities of the board of directors. Communications relating to matters of corporate governance or strategy will be forwarded to the Lead Director, who will, in turn, provide copies or summaries of such communications to the other members of the board of directors for consideration, as appropriate.

### **Board of Directors Meetings and Committees**

The board of directors has responsibility for establishing broad corporate policies and reviewing our overall performance rather than day-to-day operations. The primary responsibility of the board of directors is to oversee the management of the company and, in so doing, to serve the best interests of the company and its stockholders. The board of directors selects, evaluates and provides for the succession of executive officers and, subject to stockholder election, directors. It reviews and approves corporate objectives and strategies, and evaluates significant policies and proposed major commitments of corporate resources. It participates in decisions that have a potential major economic impact on us. Management keeps the directors informed of company activity through regular written reports and presentations at board and committee meetings.

The board of directors met 6 times in 2003 (including 2 teleconference meetings). During 2003, each of our directors attended 75% or more of the total number of meetings of the board of directors and the committees of which such director was a member. Two of the directors then serving on our board of Directors, Mr. Richard R. Slager and Mr. Barry M. Smith, attended our 2003 annual meeting of stockholders. Our board of directors currently does not have a policy regarding director attendance at the annual meeting of stockholders.

The board of directors has a standing Audit Committee, a standing Compensation Committee and a standing Nominating and Corporate Governance Committee. Each such committee has a charter that has been approved by the board of directors, and each committee must review the appropriateness of its charter and perform a self-evaluation at least annually.

Mr. Slager is the only director who is also an employee of VistaCare. Mr. Slager does not participate in any meetings at which his compensation is evaluated. All members of all committees are non-employee directors.

Executive sessions of non-management directors will be held at least two times per year. The sessions are scheduled and chaired by the Lead Director. Any independent director can request that an additional executive session be scheduled.

### **Audit Committee**

The current members of our Audit Committee are Messrs. McBride (Chairman), Klisares and Matricaria. Mr. McBride qualifies as an audit committee financial expert under SEC rules. Our board of directors has determined that each of the members of the Audit Committee is an independent director under the Nasdaq rules governing the qualifications of the members of audit committees and that each of them has the financial sophistication to satisfy the requirements of Nasdaq. None of the members of our Audit Committee serve on the audit committees of more than two other public companies. The Audit Committee met 7 times during 2003 (including 3 teleconference meetings). The responsibilities of our Audit Committee and its activities during 2003 are described in the Report of the Audit Committee contained in this proxy statement.

The charter of the Audit Committee is attached to this proxy statement as Appendix A.

### **Compensation Committee**

The current members of the Compensation Committee are Messrs. Matricaria (Chairman) and Klisares. The board of directors has determined that each of the members of the Compensation Committee is independent as defined under Nasdaq rules. Our Compensation Committee held 6 meetings during 2003 (including 2 teleconference meetings). The Compensation Committee evaluates and sets the compensation of

our Chief Executive Officer and makes recommendations to our board of directors regarding the salaries and bonuses of our other executive officers. The Compensation Committee also oversees the evaluation of management by the board of directors. The Compensation Committee also grants stock options and other stock incentives (within guidelines established by our board of directors) to our officers and employees. The responsibilities of our Compensation Committee and its activities during 2003 are described in the Report of the Compensation Committee on Executive Compensation contained in this proxy statement.

The charter of the Compensation Committee is attached to this proxy statement as Appendix B.

## **Nominating and Corporate Governance Committee**

The current members of the Nominating and Corporate Governance Committee are Messrs. Klisares and McBride. The board of directors has determined that each of the members of our Nominating and Corporate Governance Committee is independent as defined under Nasdaq rules. The purpose of the Nominating and Corporate Governance Committee is to identify and evaluate the qualifications of individuals proposed as nominees for election to the board of directors and to make recommendations to the board of directors based on such evaluations. In addition, the Nominating and Corporate Governance Committee is charged with developing and recommending to the board of directors changes to our corporate governance principles and overseeing the periodic evaluation of the board of directors. The Nominating and Corporate Governance Committee is authorized to retain any such advisers or consultants as it deems necessary to accomplish its mandate. For information relating to nominations of directors by our stockholders, see Nomination of Directors above. Our Nominating and Corporate Governance Committee held 3 meetings during 2003.

The charter of the Nominating and Corporate Governance Committee is attached to this proxy statement as Appendix C.

## **Audit Committee's Pre-Approval Policy and Procedures**

Our Audit Committee pre-approves all services, including both audit and non-audit services, provided by our independent auditors for the purpose of maintaining the independence of our independent auditors. For audit services, each year the independent auditors provide us with an engagement letter outlining the scope of the audit services proposed to be performed during the year, which must be formally accepted by the Audit Committee before the audit commences. The independent auditors also submit an audit services fee proposal, which also must be approved by the Audit Committee before the audit commences.

Management may periodically submit to the Audit Committee proposals for non-audit services (together with an estimate of the associated fees) that it recommends the independent auditors be engaged to provide. Management and the independent auditors must each confirm to the Audit Committee that the performance of the proposed non-audit services would not compromise the independence of the auditors and would be permissible under all applicable legal requirements. The Audit Committee must approve all non-audit services and the budget for each such service before commencement of the work. Management and the independent auditors report to the Audit Committee at each of its regularly scheduled meetings as to the non-audit services actually provided by the independent auditors and the approximate fees incurred by us for those services.

During 2003, no services were provided to us by Ernst & Young LLP or any other accounting firm other than in accordance with the pre-approval policies and procedures described above.

## **DIRECTORS COMPENSATION**

Our non-employee directors are reimbursed for their reasonable out-of-pocket expenses incurred while involved in company work. Each non-employee director, other than our Lead Director, receives a \$20,000 annual retainer. Our Lead Director, Pete A. Klisares, receives a \$40,000 annual retainer. Each non-employee director, other than our Lead Director, receives fees of \$1,500 per board meeting and \$750 per board conference call attended. Our Lead Director receives fees of \$3,000 per board meeting and \$1,500 per board conference call attended. Each non-employee director, including our Lead Director, who serves on a board committee receives a fee of \$750 per committee meeting and \$375 per committee conference call attended. Each non-employee director, including our Lead Director, who serves as the chairman of a board committee receives an additional \$500 per committee meeting and an additional \$125 per committee conference call.

attended. All of our directors other than Mr. Slager are non-employee directors. However, from June 1996 until August 2003, Dr. Fine was employed as our National Medical Director.

Non-employee directors are entitled to participate in our 2002 Non-Employee Director Stock Option Plan, or our director plan. Our director plan authorizes the grant of options to purchase up to an aggregate of 300,000 shares of our common stock. Under the director plan, each non-employee director is granted an option to purchase 20,000 shares of our common stock promptly following his or her election or appointment to our board of directors. Accordingly, in November 2003, we granted to David W. Faeder an option to purchase 20,000 shares under the director plan at an exercise price of \$33.68 per share in connection with his appointment to the board of directors. In addition, the director plan provides that each non-employee director will be granted an option to purchase 10,000 shares of our common stock on November 11 of each year, provided that he or she attended at least 75% of the meetings of the board of directors, and at least 75% of the meetings of any board committee on which he or she served, in the preceding year. In 2003, our board of directors elected to defer such annual option grants until the first quarter of 2004. Accordingly, each of our non-employee directors was granted an option in February 2004 to purchase 10,000 shares of our common stock under the director plan at an exercise price of \$34.09 per share. Each option granted under the director plan is immediately exercisable in full and expires on the earlier of ten years from the date of grant, or on the first anniversary of the date on which the optionee ceases to be a director.

In addition to the foregoing, all of our directors are eligible to receive option grants under our 1998 Stock Option Plan. In February 2004, our Lead Director was granted an option to purchase 10,000 shares of our common stock under this plan at an exercise price of \$34.09 per share. In addition, in February 2004 another director, Dr. Perry G. Fine, was granted an option to purchase 13,333 shares of our common stock under this plan at an exercise price of \$34.09 per share. All of such options were fully exercisable on the date of grant.

**Management Agreements**

In October 2002, we entered into management agreements with each of Richard R. Slager, our Chief Executive Officer, Mark E. Liebner, our Chief Financial Officer, Carla Davis Hughes, our Senior Vice President of Operations, and Stephen Lewis, our Senior Vice President and General Counsel.

Under these agreements, the executives are entitled to compensation in the event of their employment termination or a sale of the company, as described below.

***Compensation Upon Termination of Employment Prior to Change of Control***

In the event that, prior to a change of control of VistaCare, the employment of any of the executives is terminated by (i) us for any reason other than for cause or the executive's death or disability or (ii) the executive for good reason, we are required to:

continue to pay the executive his or her then current salary for twelve months following employment termination; and

continue to provide the executive with health and life insurance benefits for twelve months following employment termination, or pay the full value of such benefits in cash.

***Compensation Upon Termination of Employment After a Change of Control***

In the event that, within two years following a change in control of VistaCare, the employment of Mr. Slager is terminated for any reason, including Mr. Slager's death, disability or voluntary resignation, but excluding a termination by VistaCare for cause, we are required to:

pay Mr. Slager a lump sum amount equal to three times his then current annual salary; and

continue to provide Mr. Slager with health and life insurance benefits for three years following employment termination, or pay the full value of such benefits in cash.

In addition, upon a change in control of VistaCare, regardless of whether Mr. Slager's employment is terminated, the vesting of all of his options to purchase common stock would be accelerated in full.

In the event that, within two years following a change in control of VistaCare, the employment of Messrs. Liebner or Lewis or Ms. Hughes is terminated by VistaCare for any reason other than cause or the executive's death or disability or is terminated by the executive for good reason, we are required to:

pay the executive a lump sum amount equal to two times his or her then current annual salary;

continue to provide the executive with health and life insurance benefits for two years following employment termination, or pay the full value of such benefits in cash; and

accelerate the vesting of all options to purchase common stock held by the executive.

***Compensation Upon Sale of the Company***

The management agreements for Messrs. Slager and Liebner and Ms. Hughes provide that, if there is a sale of the company, as defined below, in which the per-share equity value of VistaCare implied by the transaction is at least \$12.50, we are required to pay the executive a fee, the amount of which depends on the date of the sale. The table below sets forth the amount of the fee we would be required to pay to Mr. Slager, depending on the date of the sale:

<b>Date of Sale</b>	<b>Fee</b>
Between January 1, 2004 and December 31, 2004	\$3.0 million
Between January 1, 2005 and December 31, 2005	\$2.0 million

Edgar Filing: VISTACARE INC - Form DEF 14A

Between January 1, 2006 and December 31, 2006

\$1.0 million

**Table of Contents**

The table below sets forth the amount of the fee that we would be required to pay to each of Mr. Liebner and Ms. Hughes, depending on the date of the sale:

Date of Sale	Fee
Between January 1, 2004 and December 31, 2004	\$0.6 million
Between January 1, 2005 and December 31, 2005	\$0.4 million
Between January 1, 2006 and December 31, 2006	\$0.2 million

As used in the management agreements, a sale of the company means:

the acquisition of more than 50% of our voting securities by any person, party or group, other than in connection with a sale of securities by us; or

the acquisition of VistaCare by means of reorganization, merger, consolidation or asset sale, unless our stockholders prior to such acquisition hold, in substantially the same proportions as prior to the acquisition, more than 50% of the voting securities of the acquiring entity following the acquisition.

In exchange for the foregoing rights, each of the executives has agreed to covenants restricting them from competing with our business or soliciting our employees or patient referral sources for two years following their employment termination and from disclosing or divulging any of our confidential information.

**Stock Option Agreement**

In November 2002, we entered into a stock option agreement with Richard R. Slager, our President and Chief Executive Officer, pursuant to which we granted Mr. Slager an option to purchase 320,000 shares of our common stock at \$12.50 per share under our 1998 Stock Option Plan. At the time the stock option was granted, the shares subject to the option were scheduled to vest in September 2012, subject to acceleration upon the occurrence of certain events. In February 2003, we accelerated the vesting of this option in full such that the option is now immediately exercisable as to all 320,000 shares.

**Compensation Committee Interlocks and Insider Participation**

None of our executive officers has served as a director or member of the compensation committee of any other entity whose executive officers served as a director or member of our compensation committee.

**Report of the Compensation Committee on Executive Compensation**

Our compensation committee is responsible for establishing and managing compensation policies for our executive officers and for making decisions about awards under our stock-based compensation plans in satisfaction of Rule 16b-3 under the Securities Exchange Act of 1934, as amended, or the Exchange Act. Each Committee member is a non-employee director within the meaning of Rule 16b-3 of the Exchange Act, and an outside director within the meaning of section 162(m) of the Internal Revenue Code. This report is submitted by the Compensation Committee and addresses the compensation policies for 2003 as they affected our executive officers.

***Policy***

The Compensation Committee's policy is to structure executive compensation that is aligned with the achievement of specific company goals, such as growth, compliance and earnings. In addition to specific goals, the Compensation Committee also considers other aspects of an executive's performance that may not relate to or be measurable by objective standards. In sum, the Compensation Committee strives to structure executive compensation that provides incentives and rewards to our executive officers and enables us to retain our valued employees in a competitive environment.

## **Table of Contents**

### ***Compensation Components***

There are two compensation components for our executive officers: cash compensation in the form of salary and bonus pay, and non-cash compensation in the form of stock options.

*Salary.* The amount of an executive's annual salary is based on the executive's experience, skills and responsibilities, as well as economic and business conditions affecting VistaCare.

*Bonus Pay.* The amount of bonus pay awarded to any executive officer is based on the executive's performance in relation to stated goals and VistaCare's overall performance. Results that affect bonus pay include reaching target patient census goals, the achievement of revenue and net income targets and controlling costs and other expense items. There is no set amount of bonus pay to which any executive is entitled, and the Compensation Committee establishes the amount of annual bonus pay payable to each of the executive officers in respect of any year following the completion of the audit of VistaCare's financial statements for such year.

*Stock Options.* The Compensation Committee uses stock options as a long-term, non-cash incentive and as a means of aligning the long-term interests of executives and stockholders. Stock options are awarded based upon the market price of our common stock on the date of grant and are linked to future performance of our stock because they do not become valuable to the holder unless the price of our stock increases above the price on the date of grant. The number of stock options granted to an executive as a form of non-cash compensation is determined by taking into consideration factors such as the executive's performance, the number of stock options previously granted to the executive, the executive's remaining options exercisable and the value of those stock options, as compared to the anticipated value that an executive will add to VistaCare in the future. Stock options are not necessarily granted to executives on an annual basis.

### ***Compensation of the Chief Executive Officer in 2003***

The Compensation Committee, in determining the salary, bonus pay and stock option components for our Chief Executive Officer in 2003 considered the various factors described above. During 2003, we did not grant any stock options to our Chief Executive Officer because we had previously made significant stock option awards to him in prior years, most of which were still unexercised.

### ***Deductibility of Executive Compensation***

Section 162(m) of the Internal Revenue Code generally disallows a tax deduction to public companies for compensation over \$1 million paid to its chief executive and its four other most highly compensated executives. Performance-based compensation is excluded from the compensation taken into account for purposes of the limit if certain requirements are met. We currently intend to structure our stock options granted to executives in a manner that complies with the performance-based requirements of the statute. The Compensation Committee believes that, given the general range of salaries and bonuses for executive officers, the \$1 million threshold of Section 162(m) will not be reached by any of our executive officer in the foreseeable future. Accordingly, the Compensation Committee has not considered what its policy regarding compensation not qualifying for federal tax deduction might be at such time, if ever, as that threshold is within range of any executive officer.

**AMENDMENT AND RESTATEMENT OF  
1998 STOCK OPTION PLAN  
(Item 2 of Notice)**

On April 12, 2004, our board of directors adopted, subject to stockholder approval, an amendment and restatement of our 1998 Stock Option Plan, or the 1998 plan. Set forth below is a discussion of the purposes and effects of the amendment and restatement of the 1998 plan, followed by summary of the terms and conditions of the 1998 plan, as amended and restated. The summary is not complete. For a complete understanding of all of the terms of the 1998 plan, as amended and restated, you should refer to full text of the 1998 plan, which is attached as Appendix D to this proxy statement.

**Material Amendments to the Plan**

Prior to the amendment and restatement of the 1998 plan, there were 3,200,000 shares of our common stock reserved for issuance under the 1998 plan, and the 1998 plan permitted awards to be made only in the form of stock options. In addition, prior to the amendment and restatement of the 1998 plan, the 1998 plan contained provisions which would have permitted the board of directors to reduce the exercise price of outstanding stock options without stockholder approval. After considering the matter over the course of several months, our board of directors has determined that it would be in the best interests of VistaCare and its stockholders to modify the 1998 plan for the following purposes:

to increase the number of shares issuable under the 1998 plan from 3,200,000 to 4,000,000;

to permit the grant of restricted stock awards, in addition to stock options; and

to provide that any re-pricing of outstanding options would require stockholder approval.

The plan, as amended and restated, accomplishes those purposes.

**Purposes of the Plan**

We adopted the 1998 plan to enable the board of directors to offer equity compensation to attract and retain the services of our directors, officers, employees and consultants and to provide them with additional incentive to promote the success of our business. We may grant stock options or restricted stock awards under the 1998 plan.

## **Table of Contents**

### **Administration**

Our board of directors has delegated the administration of the 1998 plan to the Compensation Committee. Subject to the provisions of the 1998 plan, the Compensation Committee has authority in its discretion to, among other things:

determine to whom awards should be granted;

determine whether awards will take the form of stock options or restricted stock awards;

in the case of a stock option, determine whether the option will be an incentive stock option or a non-qualified stock option, as those terms are defined below;

establish the terms and conditions of awards, such as vesting and exercise terms and the terms of rights of repurchase; and

construe and interpret the terms of the 1998 plan and awards granted under the 1998 plan.

### **Shares Subject to the Plan**

The stock reserved for issuance under the 1998 plan is authorized but unissued shares of our common stock or shares of treasury common stock. In addition, shares subject to options that expire or are terminated, and shares subject to restricted stock awards that are repurchased by VistaCare, become available for future issuance under the 1998 plan. The maximum number of shares of common stock that may be issued under the 1998 plan may not exceed 4,000,000 shares, subject to adjustment, as described below. As of April 1, 2004, there were outstanding options to purchase 2,062,287 shares of our common stock under the 1998 plan, with a weighted average exercise price of \$15.39 per share and a weighted average term of 5 years, and there remained 847,989 shares of common stock available under the 1998 plan for future grants. On April 8, 2004, the closing sale price of our common stock was \$27.69 per share.

### **Section 162(m) Limitations**

Section 162(m) of the Internal Revenue Code generally provides that public companies may not take a tax deduction for compensation in excess of \$1 million paid to their chief executive officers or any of their four other most highly compensated officers. However, some compensation is specifically exempt from the deduction limit under Section 162(m). In order for compensation under equity compensation plans, such as the 1998 plan, to qualify for the exemption from the deduction limit, there must be a limit to the number of shares granted to any of the covered officers under the 1998 plan in a specified period. Accordingly, the 1998 plan provides that no participant may receive awards for an aggregate of more than 600,000 shares in any year. This limit was not changed in connection with the amendment and restatement of the 1998 plan. However, stockholder approval of this the amendment and restatement of the 1998 plan will constitute stockholder approval of this limitation for Section 162(m) purposes.

### **Eligibility**

Nonstatutory stock options, or NSO s, and restricted stock awards may be granted to employees, directors and consultants. Incentive stock options, ISO s, may be granted only to employees. Each option is evidenced by a stock option agreement, and each option agreement states whether an option is an incentive stock option or a non-qualified stock option. Each restricted stock award is evidenced by a stock purchase agreement.

### **Terms and Conditions of Options**

*Exercise Price.* The exercise price for shares issued upon exercise of options will be determined by the Compensation Committee. The exercise price of ISO s may not be less than 100% of the fair market value on the date the option is granted. The exercise price of ISO s granted to a 10% or greater stockholder may not be less than 110% of the fair market value on the date of grant.

## **Table of Contents**

*Form of Consideration.* The means of payment for shares issued upon exercise of an option will be specified in each option agreement. The plan permits payment to be made in cash or, if approved by the Compensation Committee, payment may be made (i) by delivery of other shares of our common stock (with some restrictions), (ii) under a deferred payment arrangement, (iii) to the extent permitted under applicable laws and regulations, under a cashless exercise program or (iv) with any other legal form of payment acceptable to the Compensation Committee.

*Term of Options.* The term of an option may be no more than ten years from the date of grant, except that the term of an option granted to a 10% or greater stockholder who owns 10% or more of our common stock may not exceed five years from the date of grant.

*Termination of Employment.* If a participant's service as a director, employee or consultant is terminated other than by reason of the participant's death or disability, the participant must exercise the option within 90 days after termination, or sooner if the option would otherwise expire within the 90-day period. Following termination, an option may be exercised only for the shares that were vested on the date of termination. All unvested shares revert to the 1998 plan.

*Death or Disability.* If a participant's service as a director, employee or consultant is terminated by reason of the participant's death or disability, the participant (or, in the case of death, the participant's estate or legal heirs) must exercise the option within 12 months after termination, or sooner if the option would otherwise expire within the 12-month period. Following termination, an option may be exercised only for the shares that were vested on the date of termination. All unvested shares revert to the 1998 plan.

*Other Provisions.* The stock option agreement for each option grant may contain other terms, provisions and conditions not inconsistent with the 1998 plan, as may be determined by the Compensation Committee.

## **Terms and Conditions of Restricted Stock Awards**

*Rights to Purchase.* Restricted stock awards may be issued either alone, in addition to, or in tandem with, options granted under the 1998 plan or awards made outside of the 1998 plan.

*Right of Repurchase.* Unless the Compensation Committee determines otherwise, each stock purchase agreement will provide that we may repurchase the stock issued pursuant to the award upon the termination of the participant's service to us or upon the failure to satisfy any performance objectives or other conditions specified in the stock purchase agreement. The repurchase price will generally be the purchase price paid by the participant. However, the Compensation Committee may grant restricted stock awards under which the right of repurchase may be exercised for less than the purchase price if the participant's service is terminated for cause. The repurchase right will lapse upon such conditions or at such rates as the Compensation Committee may determine and set forth in the applicable stock purchase agreement.

## **Adjustments**

*Changes in Capitalization.* In the event of a stock split, reverse stock split, stock dividend, recapitalization, combination of shares, reclassification of shares, spin-off or other similar change in capitalization or event, or any distribution to holders of common stock other than a normal cash dividend, (1) the number and class of securities available under the 1998 plan, (2) the per-participant limit for purposes of Section 162(m) of the Internal Revenue Code, (3) the number and class of securities and exercise price per share subject to each outstanding award and (4) the price per share at which outstanding restricted shares may be repurchased are automatically adjusted as appropriate to take into consideration the effect of any such transaction.

*Sale of the Company.* If VistaCare is acquired by way of a merger or sale of assets, the acquiring company will be required to:

assume all outstanding awards under the 1998 plan,

## **Table of Contents**

substitute for all outstanding options or restricted stock awards similar awards with respect to its stock, or

continue the 1998 plan and all outstanding awards in full force and effect.

However, if the acquiring company does not agree to assume or substitute awards all options (including unvested options) will become exercisable, and all rights of repurchase will lapse, immediately prior to the consummation of the acquisition.

### **Limits on Transferability**

Options may not be transferred except by will or by the laws of descent and distribution, and may be exercised only by the participant or the participant's heirs or estate.

### **Amendment and Termination**

Our board of directors may at any time amend, alter, suspend or terminate the 1998 plan. The board of directors will obtain stockholder approval of any plan amendment to the extent necessary and desirable to comply with applicable laws. No amendment, alteration, suspension or termination of the 1998 plan shall impair the rights of any participant, unless mutually agreed in writing. In addition, the 1998 plan specifically prohibits re-pricing of outstanding options without stockholder approval.

### **Federal Income Tax Consequences**

*Incentive Stock Options* A participant who receives an incentive stock option will recognize no taxable income for regular federal income tax purposes upon either the grant or the exercise of such ISO. However, when a participant exercises an incentive stock option, the difference between the fair market value of the shares purchased and the option price of those shares will be includable in determining the participant's alternative minimum taxable income.

If the shares are retained by the participant for at least one year from the date of exercise and two years from the date of grant of the options, gain will be taxable to the participant upon sale of the shares acquired upon exercise of the incentive stock option, as a long-term capital gain or loss, as the case may be. In general, the adjusted basis for the shares acquired upon exercise will be the option price paid with respect to such exercise. We will not be entitled to a tax deduction arising from the exercise of an incentive stock option if the employee qualifies for such long-term capital gain (or loss) treatment. If the holding periods are not satisfied, then: (1) if the sale price exceeds the exercise price, the participant will recognize capital gain equal to the excess, if any, of the sale price over the fair market value of the shares on the date of exercise and will recognize ordinary income equal to the difference, if any, between the lesser of the sale price or the fair market value of the shares on the exercise date and the exercise price; or (2) if the sale price is less than the exercise price, the participant will recognize a capital loss equal to the difference between the exercise price and the sale price. Unless limited by Section 162(m) of the Code, we are entitled to a deduction in the same amount as and at the time the participant recognizes ordinary income.

*Non-qualified Stock Options* A participant will not recognize taxable income for federal income tax purposes at the time a non-qualified stock option is granted. However, the participant will recognize compensation taxable as ordinary income at the time of exercise for all shares that are not subject to a substantial risk of forfeiture. The amount of such compensation will be the difference between the option price and the fair market value of the shares on the date of exercise of the option. We will be entitled to a deduction for federal income tax purposes at the same time and in the same amount as the participant is deemed to have recognized compensation income with respect to shares received upon exercise of the non-qualified stock option. The participant's basis in the shares will be adjusted by adding the amount so recognized as compensation to the purchase price paid by the participant for the shares.

The participant will recognize gain or loss when he or she disposes of shares obtained upon exercise of a non-qualified stock option in an amount equal to the difference between the selling price and the participant's

**Table of Contents**

tax basis in such shares. Such gain or loss will be treated as long-term or short-term capital gain or loss, depending upon the holding period.

**Certain Outstanding Options Granted Under the Plan**

The following table sets forth information as of April 1, 2004 regarding the number of outstanding options previously granted under the 1998 plan to the specified individuals and groups:

Mark E. Liebner, <i>Chief Financial Officer</i>	142,000
Carla Davis Hughes, <i>Senior Vice President of Operations</i>	120,000
Stephen Lewis, <i>Senior Vice President and General Counsel</i>	47,000
David W. Rehm, <i>Senior Vice President of Business Development</i>	40,000

All employees, including all current officers who are not executive officers, as a group (416 persons)	880,400

As of the date of this proxy statement, no stock options or restricted stock awards had been granted, and no shares of common stock had been issued, on the basis of the share increase that is the subject of this proposal. In addition, the Compensation Committee has not committed or designated any of the additional shares of our common stock subject to this proposal for awards under the 1998 plan.

If the stockholders do not approve the amendment and restatement of the 1998 plan, the 1998 plan will continue in effect without giving effect to the amendment and restatement, and the Compensation Committee may continue to grant options under the 1998 plan until options for all of the shares presently available for issuance under the 1998 plan have been granted.

**The board of directors recommends that you vote FOR the approval of the amendment and restatement of the 1998 plan, and proxies solicited by the board will be voted in favor of the 1998 plan unless a stockholder has indicated otherwise on the proxy.**

**RATIFICATION OF SELECTION OF INDEPENDENT AUDITORS****(Item 3 of Notice)**

Our Audit Committee has selected Ernst & Young LLP, independent auditors, to audit our financial statements for the fiscal year ending December 31, 2004. Ernst & Young LLP audited our financial statements for the fiscal year ended December 31, 2003. Although stockholder approval of the selection of Ernst & Young LLP is not required by law, our board of directors believes that it is advisable to give stockholders the opportunity to ratify this selection. We expect that representatives of Ernst & Young LLP will be present at the 2004 annual meeting, with the opportunity to make a statement if they so desire, and will be available to respond to appropriate questions from stockholders. In the event of a negative vote on this proposal by the stockholders, the Audit Committee will consider whether it is appropriate to consider the selection of other independent auditors.

**The board of directors recommends that you vote FOR the ratification of the selection of Ernst & Young LLP as our independent auditors, and proxies solicited by the board will be voted in favor thereof unless a stockholder has indicated otherwise on the proxy.**

**CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS**

**Vista Care Foundation**

The Vista Care Foundation is a non-profit corporation established by Barry M. Smith, the former Chairman of our board of directors, in March 1996 for the purpose of soliciting, investing and distributing funds to advance the cause of end-of-life care. The foundation:

provides grants directly to terminally ill patients to fulfill basic needs and last wishes;

funds hospice services for patients who lack the means to pay for hospice care;

provides funding for end-of-life research and community and professional education; and

provides grants that help the bereaved overcome their grief of the loss of a loved one.

The business and affairs of the foundation are currently governed by a five member board of trustees. Perry G. Fine, M.D., one of our directors, and David W. Rehm, our Senior Vice President of Business Development, serve on the foundation's board of trustees. In addition, Mr. Rehm serves as the foundation's President and Chief Executive Officer. At any meeting of the foundation's board of trustees at which at least three, but fewer than four, trustees are present, it is possible that Dr. Fine and Mr. Rehm could control the outcome of all actions taken at such meeting.

During 2003, we made aggregate contributions of \$181,000 to the foundation to fund various initiatives of the foundation. These contributions were approved by our board of directors. In addition, we made a \$1,000 contribution to the foundation in 2003 in memory of a deceased employee.

**Employment Termination Arrangement with Former Officer**

In June 2003, we amended the terms of an employee confidentiality and non-competition agreement with Barry M. Smith, the former chairman of our board of directors. Pursuant to this agreement, as amended, we agreed to pay Mr. Smith severance pay of \$340,000, payable in twenty-four equal bi-weekly installments over a period of 12 months, in connection with his termination of employment, which became effective in June 2003. In addition, pursuant to this agreement Mr. Smith agreed that, for a period of twelve months following the date of his termination, he would neither engage in any business that competes with our hospice business, nor solicit any of our employees or attempt to divert any business away from us. In addition, Mr. Smith agreed to maintain the confidentiality of certain information relating to our business.

**SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE**

Section 16(a) of the Exchange Act requires our executive officers, directors and persons who own more than ten percent of a registered class of VistaCare's equity securities to file reports of ownership and changes in ownership on Forms 3, 4 and 5 with the SEC and The Nasdaq National Market. These persons are required by SEC regulation to furnish us with copies of all Forms 3, 4 and 5 they file with the SEC and Nasdaq. We believe that each of those persons complied with all filing requirements applicable to them with respect to transactions during fiscal year 2003, except that, due to administrative errors:

David W. Faeder, a director, failed to file a Form 4 in connection with the grant of a stock option on November 10, 2003. Mr. Faeder subsequently filed a Form 5 to report the option grant.

Perry G. Fine, M.D., a director, filed a Form 4 in connection with the exercise of a stock option in November 2003 eight days after the exercise of the option.

Ronald F. Watson, our Executive Vice President of Corporate Development, filed a Form 3 on December 4, 2003 in connection with his appointment as an executive officer, which appointment became effective on November 17, 2003. In addition, Mr. Watson failed to file a Form 4 to report the grant of a stock option on November 17, 2003. Mr. Watson subsequently filed a Form 5, and an amendment thereto, to report the option grant.

(b) The Board shall have the power, subject to, and within the limitations of, the express provisions of the Plan:

(1) To determine from time to time which of the persons eligible under the Plan shall be granted Awards; when and how each Award shall be granted; in the case of Options, whether an Option will be an Incentive Stock Option or a Nonstatutory Stock Option; the provisions of each Award granted (which need not be identical), including, with respect to Options, the time or times such Options may be exercised in whole or in part; and the number of shares for which an Award be granted to each such person.

(2) To construe and interpret the Plan and Awards granted under it, and to establish, amend and revoke rules and regulations for its administration. (3) To amend the Plan or an Award as provided in Section 13.

(4) Generally, to exercise such powers and to perform such acts as the Board deems necessary or expedient to promote the best interests of the Company which are not in conflict with the provisions of the Plan.

(c) The Board may delegate administration of the Plan to a committee (the *Committee*) consisting of two or more Directors, each of whom is an outside director within the meaning of Section 162(m) of the Code and a non-employee director within the meaning of Section 16b-3 promulgated under the Exchange Act. Such Committee, if so appointed, shall have the powers theretofore possessed by the Board (and references in this Plan to the Board shall thereafter be to such Committee), subject, however, to such resolutions, not inconsistent with the provisions of the Plan, as may be adopted from time to time by the Board. The foregoing notwithstanding, the Board may abolish such Committee at any time and revert in the Board the administration of the Plan.

4. *Shares Subject to the Plan.*

(a) Subject to the provisions of Section 12 relating to adjustments upon changes in the Common Stock, the Common Stock that may be issued pursuant to Awards shall not exceed in the aggregate four million (4,000,000) shares. In addition, shares of Common Stock acquired by the Company pursuant to its exercise of a Right of Repurchase shall revert to and again become eligible for issuance under the Plan.

(b) The stock subject to the Plan may be unissued shares or reacquired shares, bought on the market or otherwise.

**Table of Contents**

as the cancellation of the Award and the grant of a new Award; in any such case, both the Award that is canceled and the Award deemed to be granted shall be counted against the Individual Limit.

5. *Eligibility to Receive Options.*

(a) Incentive Stock Options may be granted only to Employees. Nonstatutory Stock Options may be granted only to Employees, Directors or Consultants.

(b) No person shall be eligible for the grant of an Incentive Stock Option if, at the time of grant, such person owns (or is deemed to own pursuant to Section 424(d) of the Code) stock possessing more than ten percent (10%) of the total combined voting power of all classes of stock of the Company or any of its Affiliates unless the exercise price of such Incentive Stock Option is at least one hundred ten percent (110%) of the Fair market Value of such stock at the date of grant and the Incentive Stock Option is not exercisable after the expiration of five (5) years from the date of grant. To the extent required by applicable law, the provisions of this subsection 5(b) shall also apply to the grant of a Nonstatutory Stock Option granted to a ten percent (10%) stockholder described in the preceding sentence.

6. *Option Provisions.*

Each Option shall be in such form and shall contain such terms and conditions as the Board shall deem appropriate. The provisions of separate Options need not be identical, but each Option shall include (through incorporation of provisions hereof by reference in the Option or otherwise) the substance of each of the following provisions:

(a) *Term.* No Option shall be exercisable after the expiration of ten (10) years from the date it was granted.

(b) *Price.* The exercise price of each Incentive Stock Option shall be not less than one hundred percent (100%) of the Fair Market Value on the date of grant. The exercise price of each Nonstatutory Stock Option shall be as determined by the Board at the time such Option is granted. Notwithstanding the foregoing, the Board may grant an Incentive Stock Option with an exercise price lower than that set forth above if such Option is granted as part of a transaction to which section 424(a) of the Code applies.

(c) *Consideration.* The purchase price of stock acquired pursuant to an Option shall be paid, to the extent permitted by applicable statutes and regulations, either (i) in cash at the time the Option is exercised, or (ii) at the discretion of the Board, at the time of the grant of the Option, (A) by delivery to the Company of other capital stock of the Company, (B) according to a deferred payment or other arrangement (which may include, without limiting the generality of the foregoing, the use of other capital stock of the Company) with the person to whom the Option is granted or to whom the Option is transferred pursuant to subsection 6(d) (but no deferred payment of the Common Stock's par value may be made unless permitted by applicable law), or (C) by delivery to the Company of irrevocable instructions to a broker to (i) either sell the shares subject to the Option being exercised or hold such shares as collateral for a margin loan and (ii) promptly deliver to the Company the amount of the sale or loan proceeds required to pay the exercise price or (D) in any other form of legal consideration that may be acceptable to the Board.

In the case of any deferred payment arrangement, interest shall be payable at least annually and shall be charged at the minimum rate of interest necessary to avoid the treatment as interest, under any applicable provisions of the Code, of any amounts other than amounts stated to be interest under the deferred payment arrangement.

(d) *Transferability.* An Option shall not be transferable except by will or by the laws of descent and distribution, and shall be exercisable during the lifetime of the person to whom the Option is granted only by such person. The Participant to whom the Option is granted may, by delivering written notice to the Company, in a form satisfactory to the Company, designate a third party who, in the event of the death of the Participant, shall thereafter be entitled to exercise the Option.

**Table of Contents**

(e) *Vesting*. The total number of shares of stock subject to an Option may, but need not, be allotted in periodic installments (which may, but need not, be equal). The Option Agreement may provide that from time to time during each of such installment periods, the Option may become exercisable ( *vest* )with respect to some or all of the shares allotted to that period, and may be exercised with respect to some or all of the shares allotted to such period and/or period as to which the Option became vested but was not fully exercised. The Option may be subject to such other terms and conditions on the time or times when it may be exercised (which may be based on performance or other criteria) as the Board may deem appropriate. The provisions of this subsection 6(e) are subject to any Option provisions governing the minimum number of shares as to which an Option may be exercised.

(f) *Securities Law Compliance*. The Company may require any Participant, or any person to whom an Option is transferred under subsection 6(d), as a condition of exercising any such Option, (1) to give written assurances satisfactory to the Company as to the Participant's knowledge and experience in financial and business matters and/or to employ a purchaser representative reasonably satisfactory to the Company who is knowledgeable and experienced in financial and business matters, and that he or she is capable of evaluating, alone or together with the purchaser representative, the merits and risks of exercising the Option; and (2) to give written assurances satisfactory to the Company stating that such person is acquiring the stock subject to the Option for such person's own account and not with any present intention of selling or otherwise distributing the stock. The foregoing requirements, and any assurances given pursuant to such requirements, shall be inoperative if (i) the issuance of the shares upon the exercise of the Option has been registered under a then currently effective registration statement under the Securities Act of 1933, as amended (the *Securities Act* ), or (ii) as to any particular requirement, a determination is made by counsel for the Company that such requirement need not be met in the circumstances under the then applicable securities laws. The Company may require the Participant to provide such other representations, written assurances or information which the Company shall determine is necessary, desirable or appropriate to comply with applicable securities and other laws as a condition of granting an Option to such Participant or permitting the Participant to exercise such Option. The Company may, upon advice of counsel to the Company, place legends on stock certificates issued under the Plan as such counsel deems necessary or appropriate in order to comply with applicable securities laws, including, but not limited to, legends restricting the transfer of stock.

(g) *Termination of Continuous Status as an Employee, Director or Consultant*. In the event a Participant's Continuous Status as an Employee, Director or Consultant terminates (other than upon the Participant's death or disability), the Participant may exercise his or her Option (to the extent that the Participant was entitled to exercise it as of the date of termination) but only within such period of time ending on the earlier of (i) the Termination Date, or (ii) the expiration date of the Option as set forth in the Option Agreement (the *Expiration Date* ). If, after termination, the Participant does not exercise his or her Option within the time specified in the Option Agreement, the Option shall terminate, and the shares covered by such Option shall revert to and again become available for issuance under the Plan.

A Participant's Option Agreement may also provide that if the exercise of the Option following the termination of the Participant's Continuous Status as an Employee, Director or Consultant (other than upon the Participant's death or disability) and prior to the Termination Date would be prohibited at any time solely because the issuance of shares would violate the registration requirements under the Securities Act, the Termination Date shall be extended to such date that would allow the Option to be exercisable without violation of such restriction requirements for an aggregate period equal to the Post-Termination Expiration Period (but in no event after the Expiration Date).

(h) *Disability of Participant*. In the event a Participant's Continuous Status as an Employee, Director or Consultant terminates as a result of the Participant's total and permanent disability (as determined by the Board in its sole discretion), the Participant may exercise his or her Option (to the extent that the Participant was entitled to exercise it as of the date of termination) but only within such period of time ending on the earlier of (i) the Expiration Date, or (ii) the date that is the one-year anniversary of the termination of the Participant's Continuous Status as an Employee, Director or Consultant. If, after termination, the Participant

## **Table of Contents**

does not exercise his or her Option within the time specified herein, the Option shall terminate, and the shares covered by such Option shall revert to and again become available for issuance under the Plan.

(i) *Death of Participant.* In the event of the death of a Participant during, or within a period specified in the Option Agreement after the termination of, the Participant's Continuous Status as an Employee, Director or Consultant, the Option may be exercised by the Participant's estate, by a person who acquired the right to exercise the Option by bequest or inheritance or by a person designated to exercise the option upon the Participant's death pursuant to subsection 6(d), (to the extent that the Participant was entitled to exercise it as of the date of termination) but only within such period of time ending on the earlier of (i) the Expiration Date, or (ii) the date that is the one-year anniversary of the termination of the Participant's Continuous Status as an Employee, Director or Consultant. If, after the Participant's death, the Option is not exercised within the time specified herein, the Option shall terminate, and the shares covered by such Option shall revert to and again become available for issuance under the Plan.

### *7. Stock Purchase Rights.*

Stock Purchase Rights may be issued either alone, in addition to, or in tandem with Options granted under the Plan and/or other benefits or awards made outside of the Plan. After the Board determines that it will offer a Stock Purchase Right under the Plan, the Company shall advise the prospective Participant in writing of the terms, conditions and restrictions related to the offer, including the number of shares of Common Stock subject to the Stock Purchase Right, the Purchase Price and the terms and conditions of the Right of Repurchase applicable thereto and the time within which such prospective Participant must accept such offer. Each Stock Purchase Right, and the acceptance of the terms thereof by the Company and the Participant, shall be evidenced by a Stock Purchase Agreement. Each Stock Purchase Agreement shall contain such terms, provisions and conditions not inconsistent with the Plan as may be determined by the Board, in its sole discretion.

### *8. Right of Repurchase and Restricted Shares.*

(a) Each Option Agreement may, and, unless the Board determines otherwise, each Stock Purchase Agreement shall, grant the Company a Right of Repurchase exercisable upon the termination of the Participant's Continuous Status as an Employee, Director or Consultant for any reason (including death or disability) or upon the failure to satisfy any performance objectives or other conditions specified in the applicable Option Agreement or Stock Purchase Agreement. The Right of Repurchase shall lapse upon such conditions or at such rate as the Board may determine and as shall be set forth in the applicable Option Agreement or Stock Purchase Agreement. Shares of Common Stock issued as Restricted Shares may not be sold, assigned, transferred, pledged or otherwise disposed of, except by will or the laws of descent and distribution, or as otherwise determined by the Board and set forth in the applicable Option Agreement or Stock Purchase Agreement. Any attempt to dispose of Restricted Shares in contravention of the Right of Repurchase shall be null and void and without effect.

(b) The per share purchase price for Restricted Shares repurchased pursuant to a Right of Repurchase shall be the Purchase Price paid by the Participant for such Restricted Shares, and may be paid by cancellation of any indebtedness of the Participant to the Company. Notwithstanding the foregoing, the applicable Option Agreement or Stock Purchase Agreement may provide that the per share purchase price for Restricted Shares repurchased pursuant to a Right of Repurchase shall be less than the Purchase Price for such shares if the Participant's Continuous Status as an Employee, Director or Consultant is terminated by the Company or an Affiliate for Cause.

(c) Each certificate for Restricted Shares shall bear an appropriate legend referring to the Right of Repurchase, together with any other applicable legends, and, upon issuance, shall be deposited by the stockholder with the Company together with a stock power and such other instruments of transfer as may be reasonably requested by the Company, duly endorsed in blank, if appropriate; *provided, however*, that the failure of the Company or its transfer agent to place such a legend on a certificate for Restricted Shares shall have no effect on the Right of Repurchase applicable to such shares. If the Company does not exercise the

**Table of Contents**

Right of Repurchase within the time and in the manner specified in the applicable Option Agreement or Stock Purchase Agreement, such Right of Repurchase shall terminate and be of no further force and effect.

(d) The Board may, in its sole discretion, waive the Company's Right of Repurchase applicable to any Restricted Shares. Such waiver shall result in the immediate vesting of the Participant's interest in the Restricted Shares as to which the waiver applies. Such waiver may be effected at any time, whether before or after the termination of the Participant's Continuous Status as an Employee, Director or Consultant or the attainment or non-attainment of the applicable conditions.

9. *Covenants of the Company.*

(a) Notwithstanding the second sentence of Section 14(a) hereof, so long as any Awards remain outstanding under the Plan, the Company shall keep available the number of shares of Common Stock required to satisfy such Awards.

(b) The Company shall seek to obtain from each regulatory commission or agency having jurisdiction of the Plan such authority as may be required to issue and sell shares of Common Stock issued pursuant to Awards; *provided, however*, that this undertaking shall not require the Company to register under the Securities Act either the Plan, any Award or any Common Stock issued or issuable pursuant to any such Award. If, after reasonable efforts, the Company is unable to obtain from any such regulatory commission or agency the authority which counsel for the Company deems necessary for the lawful issuance and sale of Common Stock issued pursuant to Awards granted under the Plan, the Company shall be relieved from any liability for failure to issue and sell such Common Stock unless and until such authority is obtained.

10. *Use of Proceeds.*

Proceeds from the sale of Common Stock pursuant to Awards shall constitute general funds of the Company.

11. *Miscellaneous.*

(a) *Acceleration of Vesting of Options.* The Board shall have the power to accelerate the time at which an Option may first be exercised or the time during which an Option or any part thereof will vest pursuant to subsection 6(e), notwithstanding the provisions in the Option stating the time at which it may first be exercised or the time during which it will vest. In addition, the Board shall have the power to waive the Right of Repurchase under any Award, notwithstanding the provisions of the agreement evidencing such Award.

(b) *No Rights as a Stockholder.* Neither a Participant who holds an outstanding Option, nor any person to whom an Option is transferred under subsection 6(d) shall be deemed to be the holder of, or to have any of the rights of a holder with respect to, any shares subject to such Option unless and until such person has satisfied all requirements for exercise of the Option pursuant to its terms.

(c) *No Retention Rights.* Nothing in the Plan or any instrument executed or Award granted pursuant thereto shall confer upon any Participant any right to continue in the employ of the Company or any of its Affiliates (or to continue acting as a Director or Consultant) or shall affect the right of the Company or any Affiliate to terminate the employment of any Employee with or without Cause, the right of the Board and/or the Company's stockholders to remove any Director pursuant to the terms of the Company's By-Laws and applicable law, or the right to terminate the relationship of any Consultant pursuant to the terms of such Consultant's agreement with the Company or any of its Affiliates.

(d) *Incentive Stock Option Limitation.* To the extent that the aggregate Fair Market Value (determined at the time of grant) of Common Stock with respect to which Incentive Stock Options are exercisable for the first time by any Participant during any calendar year under all plans of the Company and its Affiliates exceeds one hundred thousand dollars (\$100,000), the Options or portions thereof which exceed such limit (according to the order in which they were granted) shall be treated as Nonstatutory Stock Options.

**Table of Contents**

(e) *Withholding*. To the extent provided by the terms of an Option Agreement or Stock Purchase Agreement, the Participant may satisfy any federal, state or local tax withholding obligation relating to the exercise of an Award by any of the following means or by a combination of such means: (1) tendering a cash payment; (2) authorizing the Company to withhold shares from the shares of Common Stock otherwise issuable to the Participant as a result of the exercise of the Award; or (3) delivering to the Company owned and unencumbered shares of the capital stock of the Company.

(f) *Agreement Not to Compete*. Any Option Agreement or Stock Purchase Agreement may, but need not, provide that at any time that the Participant serves as an Employee, Director or Consultant of the Company or any of its Affiliates and for a period of one year after the termination such service for any reason, the Participant may not directly or indirectly, individually or as a consultant to, or employee, officer, director, stockholder, partner or other owner or participant in any business entity, whether for profit or not-for-profit, other than the Company or an Affiliate, engage in or assist any other person to engage in any business in which the Company or its Affiliates are engaging or in which the Company or its Affiliates plan to engage at the time of such Participant's termination, including but not limited to the provision of hospice related services, anywhere in the United States of America. In the case of an Option subject to an Option Agreement that contains such an agreement not to compete, if the Participant violates such agreement not to compete, the Option shall terminate, and the shares covered by such Option shall revert to and again become available for issuance under the Plan. In the case of a Stock Purchase Right subject to a Stock Purchase Agreement that contains such an agreement not to compete, the violation by the Participant of such agreement not to compete shall (i) entitle the Company to immediately exercise the Right of Repurchase if the Stock subject to such Stock Purchase Agreement has been purchased prior to the time of such violation or (ii) result in the immediate cancellation of the Stock Purchase Right if the Stock subject to such Stock Purchase Agreement has not been purchased prior to the time of such violation.

12. *Adjustments Upon Changes in the Common Stock*.

(a) If any change is made in the Common Stock subject to the Plan, or subject to any Award (through merger, consolidation, reorganization, reincorporation, recapitalization, stock dividend, dividend in property other than cash, stock split, liquidating dividend, combination of shares, exchange of shares, change in corporate structure or other transaction not involving the receipt of consideration by the Company), the Plan will be appropriately adjusted, automatically and without further action by the Board or any other person, in the class(es) and maximum number of shares subject to the Plan pursuant to subsection 4(a), the Individual Limit set forth in Section 4(c) and the outstanding Awards will be appropriately adjusted, automatically and without further action by the Board or any other person, in the Purchase Price and the class(es) and number of shares subject to such outstanding Awards. The determination of the Board as to the effect of any such adjustment shall be final, binding and conclusive.
