**Item. 1.01. Entry into a Material Definitive Agreement.**

On July 21, 2006, PHH Corporation (“PHH”, “Company”, “we” or “our”), entered into an unsecured \$750 million Credit Agreement (the “Credit Agreement”), dated as of July 21, 2006, among the Company, Citicorp North America, Inc. and Wachovia Bank, National Association, as syndication agents; J.P. Morgan Securities Inc. and Citigroup Global Markets Inc., as joint lead arrangers and joint bookrunners; the lenders referred to therein (the “Lenders”); and JPMorgan Chase Bank, N.A., as a Lender and as administrative agent for the Lenders. The Credit Agreement provides \$750 million of capacity solely for the repayment of the unsecured medium term notes (the “MTNs”) issued under our public notes indenture. The capacity under the Credit Agreement together with the excess capacity available under the Company’s existing unsecured credit facilities provides sufficient liquidity to fund the outstanding balance of the Company’s MTNs. Because we have failed to deliver the financial statements required under the public notes indenture related to the MTNs, the Company intends to launch a tender offer and consent solicitation in order to either retire the outstanding MTNs or obtain the requisite consents from the holders of the MTNs to waive compliance with the covenant requiring delivery of the Company’s financial statements. There can be no assurance that the Company will be successful in this effort.

The Credit Agreement includes terms and conditions, which are generally consistent with those in the \$500 million 364-day Revolving Credit Agreement (the “Existing Credit Agreement”), dated as of April 6, 2006, among the Company, Citicorp USA, Inc., as syndication agent; Wachovia Bank, National Association, as documentation agent; J.P. Morgan Securities Inc. and Citigroup Global Markets Inc., as joint lead arrangers and joint bookrunners; the lenders referred to therein; and JPMorgan Chase Bank, N.A., as a lender and administrative agent for the lenders. The terms and conditions in the Credit Agreement also include provisions consistent with the waiver provisions received from our lenders under the Existing Credit Agreement and disclosed in our Current Report on Form 8-K filed on June 12, 2006. In addition, Annex A to the Credit Agreement amends certain terms regarding repayment of loans under the Existing Credit Agreement.

Interest rates under the Credit Agreement are based upon the Company’s senior unsecured long-term debt ratings. If the ratings on the Company’s senior unsecured long-term debt assigned by Moody’s Investors Service and Standard & Poor’s are not equivalent to each other, the higher credit rating assigned by them determines the interest rates under the Credit Agreement, unless there is more than one rating level difference, then a rating one level below the higher rating is applicable. Borrowings under the Credit Agreement would bear interest at LIBOR plus a margin of 60 basis points (“bps”) on or before December 14, 2006 and 75 bps after December 14, 2006. In the event that the Company’s higher credit rating is downgraded on or before December 14, 2006, the margin over LIBOR would become 87.5 bps for the first downgrade and then 125 bps for subsequent downgrades. After December 14, 2006, the margin over LIBOR for the foregoing downgrades would become 100 bps and 150 bps, respectively. The Credit Agreement and related documents also require the payment of an initial fee of 10 bps and the payment of a per annum facility fee of 12 bps if we maintain our current credit ratings. On or before December 14, 2006, the per annum facility fee would become 15 bps for the first downgrade and then 20 bps for subsequent downgrades. After December 14, 2006, the per annum facility fee for the foregoing downgrades would become 17.5 bps and 22.5 bps, respectively. The Company is subject to various other fees based upon the outstanding commitments and commitment types under the Credit Agreement. The facility matures on April 5, 2007.

The Credit Agreement (i) contains restrictive covenants, including, but not limited to, restrictions on indebtedness of material subsidiaries, mergers, liens, liquidations, and sale and leaseback transactions, and (ii) requires that the Company maintain: (a) on the last day of each fiscal quarter, net worth of \$1.0 billion plus 25% of net income for each fiscal quarter ended after December 31, 2004 and (b) at any time, a ratio of indebtedness to tangible net worth no greater than 10:1.

There were no borrowings outstanding under the Credit Agreement as of July 21, 2006.

The foregoing description of the Credit Agreement does not purport to be complete and is qualified in its entirety by reference to the Credit Agreement, a copy of which is filed as Exhibit 10.1 to this Current Report on Form 8-K (the "Form 8-K") and is incorporated herein by reference.
