PROXY STATEMENT
2007 ANNUAL MEETING OF STOCKHOLDERS

I-trax, Inc., a Delaware corporation, is delivering these proxy materials in connection with the solicitation of proxies by the board of directors of I-trax for its 2007 annual meeting of stockholders and any adjournments or postponements of the meeting. The 2007 annual meeting will be held at 10:00 A.M., at the offices of Ballard Spahr Andrews & Ingersoll, LLP, 1735 Market Street, 42nd Floor, Philadelphia, Pennsylvania.

These proxy materials are first being mailed to stockholders on or about April 5, 2007.

Sending a signed proxy will not affect a stockholder's right to attend the annual meeting and vote in person. Every stockholder has the power to revoke his or her proxy at any time before it is voted. The proxy, before it is exercised at the meeting, may be revoked by filing with I-trax's Secretary a notice in writing revoking it, by delivering a duly executed proxy bearing a later date, or by attending the meeting and voting in person.

Stockholders Entitled to Vote

The close of business on March 21, 2007 was the record date for stockholders entitled to notice of and to vote at the 2007 annual meeting.

As of the record date, there were 40,107,800 outstanding shares of I-trax common stock and 307,699.7 outstanding shares of I-trax Series A Convertible Preferred Stock. Each share of Series A Convertible Preferred Stock converts into 10 shares of I-trax common stock and the holders of shares of Series A Convertible Preferred Stock are entitled to vote them at the 2007 annual meeting on an "as converted" basis. Each share of common stock is entitled to one vote.

Quorum Required

The presence, in person or by proxy, of stockholders entitled to cast at least a majority of the votes that all stockholders are entitled to cast on a particular issue constitutes a quorum for the transaction of business at the 2007 annual meeting. Abstentions and broker non-votes will be counted as present for the purpose of determining the presence of a quorum.

Vote Required

Proposal One - Election of Directors

Directors are elected by a plurality of the affirmative votes cast by those shares present in person, or represented by proxy, and entitled to vote at the 2007 annual meeting. The nine nominees for director receiving the highest number of affirmative votes will be elected. Abstentions and broker non-votes will

not be counted toward a nominee's total. Stockholders may not cumulate votes in the election of directors.

Proposal Two - Ratification of Independent Auditors

Ratification of Goldstein Golub Kessler LLP as I-trax's independent auditors for the fiscal year ending December 31, 2007 requires the affirmative vote of a majority of those shares present in person, or represented by proxy, and cast either affirmatively or negatively at the 2007 annual meeting. Abstentions and broker non-votes will not be counted as having been voted on the proposal.

Proxies

A form of proxy is enclosed. Frank A. Martin, I-trax's Chairman, and Yuri Rozenfeld, I-trax's Senior Vice President, General Counsel and Secretary, will act as proxy holders. All properly executed proxies received by I-trax's board of directors, and not revoked, will be voted as indicated in accordance with the instructions written on the proxies. In the absence of contrary instructions, shares represented by returned proxies will be voted for the election of the directors as described in this proxy statement, in favor of the ratification of Goldstein Golub Kessler LLP as I-trax's independent auditors, and, in the discretion of the proxy holders, on any other matters properly brought before the meeting.

Solicitation of Proxies

I-trax will bear all of the costs of soliciting proxies. I-trax will arrange with brokerage houses and other custodians, nominees and fiduciaries to send proxies and proxy materials to the beneficial owners of I-trax common stock and I-trax Series A Convertible Preferred Stock, and will reimburse these persons or institutions for expenses incurred in connection with this distribution. Directors, officers or employees of I-trax, none of whom will receive additional compensation, may solicit proxies in person or by telephone, facsimile, e-mail or other means. In addition, I-trax may retain Georgeson Shareholder Communications, Inc. to solicit proxies in connection with the 2007 annual meeting, if I-trax deems it appropriate to do so. If I-trax retains Georgeson Shareholder Communications, it will pay the firm approximately \$10,000 and reasonable out of pocket expenses.

Householding

Certain stockholders who share the same address may receive only one copy of this proxy statement and our 2007 Annual Report to Stockholders in accordance with a notice delivered from such stockholders' bank, broker or other holder of record, unless the applicable bank, broker or other holder of record received contrary instructions. This practice, known as "householding," is designed to reduce printing and postage costs. If you own your shares through a bank, broker or other holder of record and wish to either stop or begin householding, you may request or stop householding, or you may request a separate copy of the proxy statement or the Annual Report, either by contacting your bank, broker or other holder of record at the telephone number or address provided in the above referenced notice, or contacting us by telephone at (610) 459-2405 or in writing to I-trax, Inc., 4 Hillman Drive, Suite 130, Chadds Ford, Pennsylvania 19317, Attention: Secretary. If you request to begin or stop householding, you should provide your name, the name of your broker, bank or other record holder, and your account information.

Board of Directors Meetings

The board of directors of I-trax held six meetings during 2006. Each director while serving in 2006, other than David Nash, M.D., attended more than 75% of the aggregate of the total number of meetings of the board and the total number of meetings held by the committees of the board of which he or she is a member.

The board has determined that Ms. Lieberman, Dr. Nash and each of Messrs. Green, Mintz and Smith are independent, as defined in Section 121(A), as in effect on April 1, 2007, of the American Stock Exchange, or AMEX listing standards. As required by the AMEX listing standards, the independent directors meet at least annually in executive session without the non-independent directors and management.

Board of Directors' Committees

The board of directors has a compensation committee, an audit committee, and a nominating and corporate governance committee. All members of the board, however, participate in the consideration of director nominees.

Compensation Committee

The compensation committee is primarily responsible for determining the compensation payable to the officers and key employees of I-trax and recommending to the board additions, deletions and alterations with respect to the various employee benefit plans and other fringe benefits provided by I-trax. The committee also is primarily responsible for administering I-trax's equity compensation plans, recommending equity grants to the board at large with regard to I-trax's key employees and non-employee directors, and determining the terms and conditions on which grants are made. Committee members, however, may not participate in decisions pertaining to his or her compensation or benefits in his or her capacity as a director of I-trax.

The compensation committee, subject to prior consent of the board, may engage independent compensation consultants and outside legal counsel and routinely holds executive sessions without management. The chairman of the compensation committee leads the committee and sets meeting agendas.

I-trax's Chairman and Chief Executive Officer give performance assessments and compensation recommendations for each executive officer of I-trax (other than themselves). The Chairman, the Chief Executive Officer, the Secretary and the Vice President - Human Resources generally attend compensation committee meetings, but none are present for executive session or any discussion of their own compensation. The compensation committee receives from time to time data and analyses from independent compensation consultants who evaluate I-trax's compensation program against industry and peer group norms.

The compensation committee is governed by a charter, a copy of which is posted on I-trax's website at www.i-trax.com and is available in print to any stockholder on request.

The compensation committee consists of two members - Mr. Green, chairman, and Ms. Lieberman. The board has determined that each of Mr. Green and Ms. Lieberman is independent, as defined in Section 121(A), as in effect on April 1, 2007, of the AMEX listing standards.

The compensation committee held two meetings in 2006.

Audit Committee

The audit committee is primarily responsible for appointing, overseeing the qualifications, performance and independence of, and pre-approving the services performed by I-trax's independent auditors as well as overseeing the integrity of I-trax's financial statements and reviewing and evaluating I-trax's accounting principles and reporting practices. The audit committee is also responsible for monitoring I-trax's system of internal accounting controls. The audit committee is governed by a charter, a copy of which is posted on I-trax's website at www.i-trax.com and is available in print to any stockholder on request.

The audit committee consists of three members - Ms. Lieberman, chairperson, and Messrs. Mintz and Smith. The board has determined that Ms. Lieberman and each of Messrs. Mintz and Smith are audit

committee financial experts who meet the Securities and Exchange Commission's criteria for financial experts and each is financially sophisticated for the purposes of the AMEX listing standards. The board has also determined that each of Ms. Lieberman and Messrs. Mintz and Smith is independent, as defined in Section 121(A), as in effect on April 1, 2007, of AMEX listing standards and Rule 10A-3 promulgated under the Securities Exchange Act of 1934, as amended, or the Exchange Act.

The audit committee held six meetings in 2006.

Nominating and Corporate Governance Committee

The nominating and corporate governance committee is primarily responsible for: identifying individuals qualified to become board members and recommending such individuals to the board; and reviewing and overseeing the corporate governance guidelines, policies and procedures developed by management and approved, as applicable, by the board. The committee considers candidates for board membership suggested by other directors and management. The committee may retain a search firm to assist in identifying director candidates. In selecting nominees for director, the committee considers a number of factors, including but not limited to:

- whether a candidate has business and industry experience that is relevant to I-trax, including recent experience at the senior management level of a company at least as large or larger than I-trax;
 - the candidate's ability to work constructively with I-trax's management and other directors;
 - the candidate's ability to represent interests of the stockholders;
- the candidate's independence from management and freedom from potential conflicts of interest with I-trax;
- the candidate's reputation, integrity, judgment, skill, leadership ability, interpersonal skills, honesty and moral values;
 - the candidate's financial literacy;
- the candidate's availability, including the number of other boards on which the candidate serves, and his or her ability to dedicate sufficient time and energy to his or her board duties;
 - legal and regulatory concerns; and
- whether the candidate contributes to the range of talent, skills and expertise appropriate for enhancing the board's diversity, overall composition and effectiveness.

Members of the committee and the board may also request additional information about and interview the potential nominee.

The committee will also consider recommendations of nominees for director received from stockholders at least 120 days prior to the anniversary date of I-trax's annual meeting of stockholders for the previous year. In evaluating nominations received from stockholders, the board will apply the criteria

and follow the process described above. Stockholders wishing to recommend a nominee for director for the 2008 annual meeting should submit such nomination in writing not later than January 2, 2008 along with any other supporting materials the stockholder deems appropriate, to I-trax's Secretary at 4 Hillman Drive, Suite 130, Chadds Ford, Pennsylvania 19317.

The nominating and corporate governance committee consists of two members - Dr. Nash and Mr. Green. Each of Dr. Nash and Mr. Green is independent, as defined in Section 121(A), as in effect on April 1, 2007, of the AMEX listing standards.

The committee did not hold a separate meeting in 2006. Members of the committee participated in other board meetings concerning director nomination and corporate governance issues and recommended to the board a course of action at those meetings on these matters. The nominating and corporate governance committee is governed by a charter, a copy of which is posted on I-trax's website at www.i-trax.com and is available in print to any stockholder on request.

Directors may at any time review a log of all correspondence received by I-trax that is addressed to members of the board and request copies of any such correspondence. Concerns relating to accounting, internal controls or auditing matters will be brought to the attention of I-trax's audit committee.

I-trax is asking the stockholders to ratify the appointment by I-trax's audit committee of Goldstein Golub Kessler LLP as I-trax's independent registered public accounting firm for the fiscal year ending December 31, 2007. The affirmative vote of the holders of a majority of shares present or represented by proxy and voting at the 2007 annual meeting will be required to ratify the appointment of Goldstein Golub Kessler LLP.

Although ratification is not required by I-trax's Bylaws or otherwise, the board is submitting the selection of Goldstein Golub Kessler LLP to I-trax's stockholders for ratification because the board values I-trax's stockholders' views on I-trax's independent public accounting firm and as a matter of good corporate practice. In the event the stockholders fail to ratify the appointment, the audit committee of the board will reconsider its selection. Even if the appointment is ratified, the audit committee of the board, in its discretion, may direct the appointment of a different independent public accounting firm at any time

during the year if the board feels that such a change would be in I-trax's and its stockholders' best interests.

The number of shares authorized for issuance under the 2001 Plan increases automatically on the first day of each year by 300,000 shares. Generally, options granted under the 2000 and 2001 Plans vest over a period of three years with respect to grants made to employees and consultants and over a period of two years with respect to options granted to directors. Exercise prices are established with reference to our common stock's market price.

**SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT
AND RELATED STOCKHOLDER MATTERS**

The table below sets forth, as of March 16, 2007, the number of shares and percentage of common stock beneficially owned by:

- our Chief Executive Officer, Chief Financial Officer and three other most highly compensated executive officers based on compensation earned during 2006;
- each director;
- all directors and executive officers as a group; and
- each person who is known by I-trax to beneficially own 5% or more of I-trax's outstanding common stock.

Beneficial ownership was determined in accordance with Rule 13d-3 under the Exchange Act. Under this rule, certain shares may be deemed to be beneficially owned by more than one person (if, for example, persons share the power to vote or the power to dispose of the shares). In addition, a person is deemed to beneficially own certain shares if the person has the right to acquire the shares, such as upon exercise of options or warrants, within 60 days of March 16, 2007, the date as of which the information is provided. In computing the percentage ownership of any person, the amount of shares includes the amount of shares beneficially owned by such person (and only such person) by reason of any acquisition rights. As a result, the percentage of outstanding shares of any person as shown in the following table does not necessarily reflect the person's actual voting power at any particular date.

To I-trax's knowledge, except as indicated in the footnotes to this table and under applicable community property laws, the persons named in the table have sole voting and investment power with respect to all shares shown as beneficially owned by them.

COMPENSATION DISCUSSION AND ANALYSIS

Compensation Committee. I-trax's compensation committee consists of Philip D. Green and Gail F. Lieberman. The committee determines executive officers' salaries, bonuses and other compensation, and administers I-trax's 2000 Equity Compensation Plan and Amended and Restated 2001 Equity Compensation Plan.

Compensation Policy. The overall compensation program for the named executive officers has been designed and is administered to ensure that employee compensation promotes superior job performance and the achievement of business goals and objectives, while taking into consideration the competitiveness of executive pay to a comparable peer group.

The main policy objective of compensation for I-trax's executive officers is to increase stockholder value over the long term. The compensation committee believes that this can best be accomplished by an executive compensation program that incorporates three key elements:

- Base salaries sufficient to attract, retain and motivate key executives and provide competitive compensation opportunities.
- Annual bonus and incentive programs that provides opportunity for significant increases in compensation based on meeting or exceeding pre-determined performance targets.
- Substantial long-term compensation to reward increases in the stockholder value of I-trax.

In the judgment of the compensation committee, I-trax performed well in 2006, confirming that the compensation program is supporting I-trax's growth objectives.

Compensation Study. In July 2006, I-trax engaged Mercer Human Resource Consulting to evaluate the compensation practices of I-trax's peer group. The peer group consists of 14 companies in the healthcare services/facilities sector with one year revenue growth of ten percent or more. The results of the compensation study were presented to I-trax's board in August 2006. The results of the compensation study were referenced by the compensation committee in establishing 2007 base salaries, target bonuses for 2006 and 2006 stock option awards.

Base Salary. Base salaries of the named executive officers for 2006 were established under the terms of the employment agreements between I-trax and the applicable named executive officer. For 2007, the compensation committee determined the base salary for Frank A. Martin, Chairman, and R. Dixon Thayer, Chief Executive Officer. The base salary of Dr. Raymond J. Fabius, President, was established under the terms of Dr. Fabius's employment agreement, and the base salary of other named executive officers was set based on the recommendation to the compensation committee by Messrs. Martin and Thayer. Base salaries for 2007 were established for each named executive officer, except for Dr. Fabius, at approximately the midpoint of the peer group in the compensation study for their respective positions, adjusted based on internal equity considerations.

Annual Bonus. Named executive officers and certain other key personnel of I-trax are eligible for bonuses after the end of each fiscal year. The compensation committee determines bonuses for Messrs. Martin and Thayer. Bonuses for these officers are linked to target earnings before interest, taxes, depreciation, and amortization, or EBITDA, and such executive's individual goals. Bonuses for other

named executive officers, excluding Dr. Fabius, are recommended by Messrs. Martin and Thayer and are also linked to I-trax's EBITDA and such executive's individual goals.

Each of the named executive officers received a bonus for 2006 because I-trax achieved its target EBITDA and the applicable named executive officer achieved his goals. With the exception of the bonus awarded to Dr. Fabius, which was set in Dr. Fabius's employment agreement, all bonuses were discretionary. Mr. Thayer's aggregate bonus was \$179,600, of which \$100,000 was paid in cash and \$79,600 in shares of common stock (20,000 shares). Dr. Fabius's aggregate bonus was \$128,730, of which \$75,000 was paid in cash and \$53,730 in shares of common stock (13,500 shares). Messrs. Martin's, Bock's and Rozenfeld's bonuses equaled to 50, 40 and 30 percent of base salary, respectively, and were paid in cash. The bonus targets were established at the approximate midpoint of the compensation study.

Stock Options. Under I-trax's Equity Compensation Plans, stock options may be granted to I-trax's executive officers. Executives generally receive stock incentives through initial grants at the time of hire and periodic additional grants. The compensation committee determines the number of stock incentives to be granted based on an officer's job responsibilities and individual performance evaluation. This approach is designed to encourage the creation of long-term stockholder value, to align the interests of stockholders and management, and to maximize stockholder returns over the long term.

In August 2006, each named executive officer was issued a stock option grant. The board of directors selected August as an appropriate point in the annual compensation cycle to consider and act on stock option grants. The board felt that August allowed the company to tie the grants to mid-year assessments, which would emphasize that the awards are for future rather than past performance. The number of shares covered by the stock option grant for each named executive officer was determined with reference to the applicable officer's base salary. Mr. Thayer's and Dr. Fabius's stock option grant equaled to 175 and 125 percent of their applicable base salary, respectively. Messrs. Martin's and Bock's stock option grant equaled to 100 percent of their applicable base salary. Mr. Rozenfeld's stock option grant equaled to 30 percent of his base salary. Again, the option grants were established at the approximate midpoint of the compensation study.

Deductibility of Compensation. Under Internal Revenue Code Section 162(m), a company generally may not deduct compensation in excess of \$1,000,000 paid to the Chief Executive Officer and the other four most highly compensated officers. Certain "performance based compensation" is not included in compensation for purposes of the limit. The current structure of I-trax's executive compensation does not give rise to Section 162(m) concerns. The compensation committee will continue to assess the impact of Section 162(m) on its compensation practices.

COMPENSATION COMMITTEE REPORT

The compensation committee has reviewed the Compensation Discussion and Analysis and discussed that analysis with management. Based on its review and discussions with management, the committee recommended to the board of directors that the Compensation Discussion and Analysis be included in this 2007 Proxy Statement, which is incorporated by reference to I-trax's 2006 Annual Report on Form 10-K. This report is provided by the following independent directors, who comprise the committee:

	Medical and dental	--	--	--	--	--	--
	Stock options acceleration	\$ 25,500	\$ 25,500	--	--	--	-- \$ 25,500

(1) Amounts reported with respect to “Medical and dental benefits” represent an estimate of COBRA payments that I-trax is obligated to reimburse the named executive officer.

(2) The employment agreement with each named executive officer specifies that options to acquire I-trax common stock granted to such executive and covered by the employment agreement will accelerate upon a change in control of I-trax. This provision does not apply to options not specifically addressed in the employment agreement. Accordingly,

amounts reported with respect to “Stock options acceleration” represent the difference between the exercise price of the options subject to acceleration and the December 29, 2006 closing price for I-trax common stock, multiplied by the number of options subject to acceleration.

(3) If Mr. Thayer dies or is disabled while on company business or performing his duties under his employment agreement, Mr. Thayer’s termination benefits will be as provided upon termination w/out cause or for good reason. Under Mr. Thayer’s employment agreement, a change in control constitutes good reason.

(4) If any payment made to Dr. Fabius is deemed an “excess parachute payment” within the meaning of Section 280G of the Internal Revenue Code, I-trax must pay Dr. Fabius a “gross up” payment to compensate Dr. Fabius for the amount of the applicable taxes. However, a termination of Dr. Fabius’s employment in connection with a change in control at December 31, 2006 would not trigger an “excess parachute payment.”

The amounts in the table above represent the payments that each of the named executive officers would receive under his existing employment agreements in the event of termination of such named executive officers' employment under several different circumstances. Other than the benefits they are entitled to receive pursuant to their employment agreements, the named executive officers are only entitled to receive benefits provided on a non-discriminatory basis to salaried employees generally upon termination of employment or change in control. Set forth below is a description of the named executive officers' employment agreements.

R. Dixon Thayer

I-trax entered into an employment agreement with Mr. Thayer effective February 15, 2005. The agreement is for an initial term of three years and renews automatically for an additional term of two years. Mr. Thayer's 2006 base salary under the agreement was \$300,000. The compensation committee increased Mr. Thayer's base salary to \$375,000 effective April 1, 2007. Mr. Thayer also receives an annual bonus as established by I-trax's compensation committee. Under the terms of the agreement, Mr. Thayer received a grant of options to acquire 400,000 shares of I-trax common stock, the vesting of which will accelerate in the event of a change in control of I-trax.

I-trax may terminate Mr. Thayer's employment with or without cause at any time, and Mr. Thayer may terminate his employment upon 90 days' notice or upon shorter notice for good reason. Good reason includes the failure by I-trax to continue Mr. Thayer in his position, material diminution of his responsibilities, duties or authority, assignment to him of duties inconsistent with his position, requiring him to be permanently based other than at his current location, or change in control of I-trax.

If Mr. Thayer's employment is terminated without cause or for good reason, I-trax will pay Mr. Thayer severance equal to two year's salary, payable over two years, and bonuses accrued through the date of termination.

Mr. Thayer has agreed not to compete against I-trax for a period of one year or while receiving severance, whichever is longer, following the expiration of the initial term or renewal term, even if the actual employment is terminated prior to such expiration. Mr. Thayer also agreed not to use or disclose any confidential information of I-trax for at least five years after the expiration of the original term or additional term, even if the actual employment is terminated prior to such expiration.

Frank A. Martin

A predecessor of I-trax entered into an employment agreement with Mr. Martin on December 29, 2000. The agreement was for an initial term of three years. The employment agreement extends automatically for successive periods of one year, unless Mr. Martin elects not to renew the agreement. Mr. Martin's 2006 base salary under the agreement was \$250,000. The compensation committee increased Mr. Martin's base salary to \$275,000 effective April 1, 2007. Mr. Martin also receives an annual bonus as established by I-trax's compensation committee.

I-trax may terminate Mr. Martin's employment with or without cause at any time, and Mr. Martin may terminate his employment upon 90 days' notice or upon shorter notice for good reason. Good reason includes the failure by I-trax to continue Mr. Martin in his executive position, material diminution of Mr. Martin's responsibilities, duties or authority, assignment to Mr. Martin of duties inconsistent with his position, or requiring Mr. Martin to be permanently based other than at his current location.

If Mr. Martin's employment is terminated without cause or for good reason, I-trax will pay Mr. Martin severance equal to one year's salary, payable over one year. If Mr. Martin's employment is

terminated without cause or for good reason, Mr. Martin will remain subject to the non-competition restrictions described below only as long as he is receiving severance payments.

With the exception of the circumstances described above, Mr. Martin has agreed not to compete against I-trax for a period of one year following the expiration of the initial term or any renewal term, even if the actual employment is terminated prior to such expiration. Mr. Martin also agreed not to use or disclose any confidential information of I-trax for at least five years after the expiration of the original term or any renewal term, even if the actual employment is terminated prior to such expiration.

Raymond J. Fabius, M.D.

I-trax entered into an employment agreement with Dr. Fabius on April 15, 2005. The agreement is for an initial term of three years and renews automatically for an additional term of two years. Dr. Fabius's 2006 base salary under the agreement is \$312,500. The base salary will increase to \$350,000 effective April 15, 2007 in accordance with the terms of the employment agreement. Under the terms of the agreement, Dr. Fabius received a grant of options to acquire 400,000 shares of I-trax common stock, the vesting of which will accelerate in the event of a change in control of I-trax.

I-trax may terminate Dr. Fabius's employment with or without cause at any time, and Dr. Fabius may terminate his employment upon 60 days' notice or upon shorter notice for good reason. Good reason includes the failure by I-trax to continue Dr. Fabius in his position, material diminution of his responsibilities, duties or authority, assignment to him of duties inconsistent with his position or requiring him to be permanently based other than at his current location.

If Dr. Fabius's employment is terminated without cause or for good reason, I-trax will pay Dr. Fabius severance equal to two year's salary, payable over two years, plus an additional amount equal to two times the average bonus received by Dr. Fabius during the immediately preceding two years.

Dr. Fabius has agreed not to compete against I-trax for a period of one year or while receiving severance, whichever is longer, following the expiration of the initial term or renewal term, even if the actual employment is terminated prior to such expiration. Dr. Fabius also agreed not to use or disclose any confidential information of I-trax for at least five years after the expiration of the original term or additional term, even if the actual employment is terminated prior to such expiration.

David R. Bock and Yuri Rozenfeld

On November 17, 2004, I-trax entered into employment agreements with Messrs. Bock and Rozenfeld. Each agreement is for an initial term of three years and renews automatically for an additional term of two years. Mr. Bock's base salary under the agreement is \$250,000. Mr. Rozenfeld's 2006 base salary under the agreement was \$195,000. The compensation committee increased Mr. Rozenfeld's base salary to \$200,850 effective April 1, 2007. Under the terms of the agreements each of Messrs. Bock and Rozenfeld received a grant of options to acquire 400,000 and 60,000 shares of I-trax common stock, respectively, the vesting of which will accelerate in the event of a change in control of I-trax.

I-trax may terminate each executive's employment with or without cause at any time, and each executive may terminate his employment upon 90 days' notice or upon shorter notice for good reason. Good reason includes the failure by I-trax to continue the applicable executive in his executive position, material diminution of his responsibilities, duties or authority, assignment to him of duties inconsistent with his position or requiring him to be permanently based other than at each executive's current location.

If either executive's employment is terminated without cause or for good reason, I-trax will pay to the applicable executive severance equal to one year's salary, payable over one year.

Each executive has agreed not to compete against I-trax for a period of one year following the expiration of the initial term or renewal term, even if the actual employment is terminated prior to such expiration. Each executive has also agreed not to use or disclose any confidential information of I-trax for at least five years after the expiration of the original term or additional term, even if the actual employment is terminated prior to such expiration.

Accrued Pay and Regular Retirement Benefits

In addition to the benefits described above, the named executive officers are also entitled to certain payments and benefits upon termination of employment that are provided on a non-discriminatory basis to salaried employees generally upon termination of employment. These include life insurance benefits and distributions of plan balances under I-trax's 401(k) plan.

Similarly, except as described above, upon termination of employment, a named executive officer's options are subject to the terms applicable to all recipients of such awards under I-trax's applicable plans. Except as described above, I-trax is not obligated to provide any special accelerated vesting of options held by the named executive officers.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

I-trax's board members, executive officers and persons who hold more than 10% of I-trax's outstanding common stock are subject to the reporting requirements of Section 16(a) of the Securities Exchange Act, which require them to file reports with respect to their common stock ownership and their transactions in common stock. Based upon the copies of Section 16(a) reports that I-trax received from such persons for their 2006 fiscal year transactions in I-trax common stock and their common stock holdings and the written representations received from one or more of these persons that no annual Form 5 reports were required to be filed by them for the 2006 fiscal year, I-trax believes that all reporting requirements under Section 16(a) for such fiscal year were met in a timely manner by I-trax's executive officers, board members and greater than 10% stockholders.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

The current members of I-trax's compensation committee are Philip D. Green (chairman) and Gail F. Lieberman. No executive officer of I-trax has served as a director or member of the compensation committee (or other committee serving an equivalent function) of any other entity whose executive officers served as a director or member of the compensation committee of I-trax.
