Dragon Commences Shipment of Erythropoietin (EPO)  
to Three New International Markets :  
Dominican Republic, Trinidad-Tobago and Kosovo

Vancouver, BC- November 15, 2004. - Dragon Pharmaceutical Inc. (OTC BB: DRUG; TSX: DDD; BBSE:DRP) is pleased to announce that Dragon's recombinant Erythropoietin (EPO) products have been granted market approvals in the Dominican Republic and Trinidad-Tobago as advised by Dragon's licensees. In addition, the health authority of Kosovo has accepted our licensee's application for the market approval and under such a circumstance, Dragon's licensee is allowed to bid for government tender and has since won such a tender. Initial shipment of our EPO products to all three new international markets has started during the fourth quarter of 2004. Together with the already approved markets in China, Brazil, India, Egypt, Peru and Ecuador, Dragon's EPO products are being marketed in a total of 9 countries across Asia, Central and South America, the Middle East and Eastern Europe.

"Even though these three new markets do not represent a large market size, it is important and encouraging to Dragon that our EPO is being approved and becomes available in ever more countries around the globe. This represents a most valuable confirmation of the quality and the acceptability of our EPO. It further validates our international strategy and rewards the efforts made by Dragon and our licensees. We consider this especially important since we plan to leverage our combined international regulatory and marketing expertise to commercialize other pharmaceutical products coming from the proposed and actively pursued acquisition of Oriental Wave", said Dr. Alexander Wick, President and CEO of Dragon.

### Forward Looking Statement:

Cautionary Statement for Purposes of the "Safe Harbor" Provisions of the Private Securities Litigation Reform Act of 1995: All statements, other than historical facts, included in this press release are forward-looking statements. Forward-looking statements are not guarantees of future performance. They involve risk, uncertainties and assumptions including risks discussed under "Risks Associated With Dragon Pharmaceutical" in the Company's annual report on Form 10-KSB, SEC File No.: 0-27937 and other documents filed with the SEC. The Company does not undertake the obligation to publicly revise these forward-looking statements to reflect subsequent events or circumstances.

The foregoing may be deemed to be soliciting materials of Dragon in connection with its definitive agreement to acquire Oriental Wave announced on June 14, 2004. This disclosure is being made in connection with Regulation of Takeovers and Security Holder Communications (Release Nos. 33-7760 and 34-42055) adopted by the Securities and Exchange Commission ("SEC") and Rule 14a-12 under the Securities Exchange Act of 1934, as amended. Dragon shareholders and other investors are urged to read the definitive proxy statement that Dragon will file with the SEC and send to shareholders in connection with the proposed business acquisition because it will contain important information about Dragon, Oriental Wave and related matters. Dragon and its directors and executive officers may be deemed to be participants in Dragon's solicitation of proxies from Dragon shareholders in connection with the proposed acquisition. Information regarding the participants and their security holdings can be found in Dragon's most recent Form 10-KSB filed with the SEC, which is available from the SEC and Dragon as described below, and the definitive proxy statement when it is filed with the SEC. The definitive proxy statement will be available for free, both on the SEC web site (<http://www.sec.gov>) and from Dragon as follows:
