Status on the Proposed Acquisition of Oriental Wave and the Annual General Meeting

Dragon has filed a revised preliminary Proxy Statement with the U.S. Securities and Exchange Commission (SEC) in connection to the proposed acquisition of Oriental Wave. Once the regulatory reviews are completed, Dragon will announce the date for the Annual General Meeting which is currently anticipated to be in the second half of December, 2004.

New Markets for Dragon's EPO: Dominican Republic, Trinidad-Tobago and Kosovo

Dragon is pleased to announce that Dragon's EPO products have been granted market approvals in the Dominican Republic and Trinidad-Tobago as advised by Dragon's licensees. In addition, the health authority of Kosovo has accepted our licensee's application for the market approval and under such a circumstance, Dragon's licensee is allowed to bid for government tender and has since won such a tender. Initial shipment of our EPO products to all three additional markets has been started during the fourth quarter of 2004. Together with the already approved markets in China, Brazil, India, Egypt, Peru and Ecuador, Dragon's EPO products have been marketed in a total of 9 countries across Asia, Central and South America, the Middle East and Eastern Europe. For details, please refer to the announcement of a separate press release regarding the Dominican Republic, Trinidad-Tobago and Kosovo markets.

"During the third quarter, we managed to achieve 16% sequential growth in revenues over the second quarter. We are especially encouraged to see stronger international sales during the third quarter. On a year-to-date basis, we continued to lower our cost structure which led to a lower net loss. Compared to last year, our net loss has already been decreased by 33% at a similar revenue level.", said Dr. Alexander Wick, President and CEO of Dragon Pharmaceutical Inc. "Further, while the regulatory review process in connection with the proposed acquisition of Oriental Wave has taken longer time than expected, we look forward to completing the process as soon as we can so that we can hold the

Annual General Meeting to vote on the transaction by the end of this year."
