PROPOSED SALE OF ENTRUST MORTGAGE AND SALE OF STOCK OF ENTRUST FINANCIAL YOUR VOTE IS VERY IMPORTANT

June 16, 2005

To our Shareholders:

You are cordially invited to attend a special meeting of shareholders of Entrust Financial Services, Inc. (Entrust Financial or the Company), to be held on July 26, 2005 at 10:00 a.m. Mountain Standard Time at 6795 E. Tennessee Ave., 5th Floor, Denver, Colorado 80224.

At the special meeting, you will be asked to consider and vote upon the following proposals:

1. To approve the Stock Purchase Agreement (the Entrust Mortgage Stock Purchase Agreement) by and among the Company, Entrust Mortgage, Inc., a wholly-owned subsidiary of the Company, a wholly-owned subsidiary of the Company (Entrust Mortgage) and BBSB, LLC (BBSB) pursuant to which BBSB has agreed to purchase all of the issued and outstanding shares of Entrust Mortgage in exchange for the cancellation of any and all obligations of the Company to BBSB and Entrust Mortgage and the assumption of certain obligations of the Company to third-parties (the Entrust Mortgage Sale).

2. To approve the sale and issuance, in a private placement to Arnold P. Kling and R&R Biotech Partners, LLC (collectively, the ENFN Stock Purchasers), of 49,500,000 shares of our common stock in exchange for aggregate gross proceeds to Entrust Financial of \$500,000 (the Entrust Financial Stock Sale).

3. To approve an amendment to our Articles of Incorporation to increase the number of authorized shares of common stock to one hundred million (100,000,000) in order to complete the Entrust Financial Stock Sale (the Articles Amendment).

BBSB is a Colorado limited liability company engaged in making private equity investments and convertible loans. BBSB was formed in 2002 for the sole purpose of making a loan to Entrust Financial. BBSB is a creditor of the Company and, as of March 31, 2005, the Company owed BBSB approximately \$1,400,000. Including the amounts owed to BBSB, BBSB will assume or cancel liabilities and obligations of Entrust Financial to Entrust Mortgage with an aggregate value of approximately \$5,500,000 in connection with the Entrust Mortgage Sale.

As stated above, the ENFN Stock Purchasers consist of Arnold P. Kling and R&R Biotech Partners, LLC. Mr. Kling is a resident of the State of New York and is the President of Adelpia Holdings, LLC, a privately-held merchant banking firm located in New York, New York. R&R Biotech Partners, LLC is a Delaware limited liability company that is affiliated with Rodman & Renshaw LLC, a privately-held, full service investment bank formed in 1951 and located in New York, New York.

Edgar Filing: ENTRUST FINANCIAL SERVICES INC - Form DEF 14A

Entrust Financial currently conducts all of its operations through Entrust Mortgage. If the proposed Entrust Mortgage Sale is completed, Entrust Financial will have no operations. The shareholders of the Company will not receive any consideration in the Entrust Mortgage Sale, but will receive a one time aggregate dividend of \$400,000 if both the Entrust Mortgage Sale and the Entrust Financial Stock Sale are completed, as described in more detail below. The remaining \$100,000 of the consideration paid by the ENFN Stock Purchasers will be used to satisfy or reserve for the Company's remaining liabilities and to pay the expenses related to the transaction.

It is a condition precedent to the closing of the Entrust Financial Stock Sale that the Entrust Mortgage Sale be consummated. Accordingly, if the Entrust Mortgage Sale is not approved, the Company believes that the Entrust Financial Stock Sale almost certainly will not be consummated and the dividend described above almost certainly will not be paid. Under such circumstances, the Board of Directors of Entrust Financial (the Board or the Board of Directors) does not believe that Entrust Financial will be able to continue as a going concern and will most likely be required to begin dissolution and liquidation procedures. The Board of Directors does not believe that the shareholders of Entrust Financial would receive any consideration in connection with any such liquidation or dissolution.

Immediately following the consummation of the Entrust Mortgage Sale, Entrust Financial will complete the Entrust Financial Stock Sale, assuming the shareholders of Entrust Financial approve the Entrust Financial Stock Sale and the Articles Amendment and the other closing conditions have been met. The ENFN Stock Purchasers will own approximately 95% of the issued and outstanding shares of Entrust Financial following the closing of the Entrust Financial Stock Sale. Our shareholders prior to such closing will continue to hold the remaining 5% of the outstanding common stock immediately following such closing. This percentage ownership may go down if the Company issues additional shares following closing. Of the proceeds of the Entrust Financial Stock Sale, \$400,000 will be distributed as a dividend to all holders of Entrust Financial Common Stock as of the close of business on July 25, 2005, the record date set by the Board for purposes of the receipt of such dividend. The remaining \$100,000 of the consideration paid by the ENFN Stock Purchasers will be used to satisfy or reserve for the Company's remaining liabilities and to pay the expenses related to the transaction. Based on the number of shares of the Company's stock currently outstanding this would result in a dividend of approximately \$0.15 per share.

The ENFN Stock Purchasers intend to conduct the operations of a business that has not yet been determined following the completion of the Entrust Financial Stock Sale. Depending on what the ENFN Stock Purchasers elect to do with the Company following closing, our shareholders prior to closing may realize additional value from their continued stock ownership in Entrust Financial. It is currently unclear, however, how much, if any, value will be realized by our shareholders from such continued stock ownership.

If the Entrust Financial Stock Sale and the Articles Amendment are not approved by the shareholders, the Entrust Financial Board of Directors does not believe that Entrust Financial will be able to continue as a going concern as it will have no operations or employees following the completion of the Entrust Mortgage Sale. In such event, the Company's Board of Directors believes that Entrust Financial would be required to begin liquidation and dissolution procedures and that the shareholders of Entrust Financial would most likely not receive any consideration as a result of any such liquidation or dissolution.

2

The Company's Board of Directors has approved the Entrust Mortgage Stock Purchase Agreement and the transactions contemplated thereby. The Company's Board of Directors has determined that the Entrust Mortgage Stock Purchase Agreement and the transactions contemplated thereby are fair to, and in the best interests of, Entrust Financial's shareholders. **The Company's Board of Directors recommends that you vote FOR the approval of the Entrust Mortgage Stock Purchase Agreement and the transactions contemplated thereby.**

At the special meeting, shareholders will be asked to consider and vote upon the following matters:

1. A proposal to approve the Stock Purchase Agreement (the Entrust Mortgage Stock Purchase Agreement) by and among the Company, Entrust Mortgage, Inc., a wholly-owned subsidiary of the Company (Entrust Mortgage) and BBSB, LLC (BBSB) and the transactions contemplated thereby, including the sale of all shares of Entrust Mortgage to BBSB in exchange for the cancellation of any and all obligations of the Company to BBSB and Entrust Mortgage and the assumption of certain obligations of the Company to third-parties (the Entrust Mortgage Sale).
2. A proposal to approve the sale and issuance, in a private placement to Arnold P. Kling and R&R Biotech Partners, LLC (collectively, the ENFN Stock Purchasers), of 49,500,000 shares of our common stock in exchange for aggregate gross proceeds to Entrust Financial of \$500,000 (the Entrust Financial Stock Sale).
3. A proposal to approve an amendment to our Articles of Incorporation to increase the number of authorized shares of common stock to 100,000,000 in order to complete the Entrust Financial Stock Sale (the Articles Amendment).

What is Entrust Financial's relationship with BBSB?

BBSB is a creditor of Entrust Financial as the holder of a \$2,000,000 Amended and Restated Convertible Promissory Note, dated April 1, 2004 (the BBSB Note). As of March 31, 2005, there was \$1,400,000 due and payable on the BBSB Note.

When will the Entrust Mortgage Sale be completed?

If the Entrust Mortgage Stock Purchase Agreement is approved by Entrust Financial's shareholders and the other conditions to the Entrust Mortgage Sale are satisfied or waived, the Entrust Mortgage Sale is expected to be completed promptly after the special meeting. Will the shareholders of Entrust Financial receive anything in connection

No, however, following the closing of the Entrust Mortgage Sale and as further discussed below, our shareholders as of the

Edgar Filing: ENTRUST FINANCIAL SERVICES INC - Form DEF 14A

with the Entrust Mortgage Sale? close of business on July 25, 2005, the record date set by the Board for purposes of the receipt of such dividend, will be entitled to an aggregate dividend of \$400,000 (or approximately \$0.15 per share) upon the closing of the Entrust Financial Stock Sale. See *PROPOSAL 1--APPROVAL OF THE ENTRUST MORTGAGE SALE*.

Do I have any dissenters' rights? Yes. Any Entrust Financial shareholder who objects to the Entrust Mortgage Sale has the right under Colorado law to obtain payment of the fair value of his, her or its shares of Entrust Financial common stock, subject to a number of restrictions and technical requirements. See *PROPOSAL 1 APPROVAL OF THE ENTRUST MORTGAGE SALE--Dissenters' Rights*.

What are the conditions to the Entrust Mortgage Sale other than the approval of the Entrust Mortgage Stock Purchase Agreement by the Entrust Financial shareholders?

These additional conditions include, among others:

- since December 31, 2004, no material adverse effect shall have occurred with respect to Entrust Financial's or Entrust Mortgage's business;
- the parties must have performed in all material respects the obligations required to be performed by them under the Entrust Mortgage Stock Purchase Agreement; and

Can Entrust Financial consider other takeover proposals?

Entrust Financial cannot solicit or enter into discussions with any third party regarding an acquisition proposal while the Entrust Mortgage Sale is pending unless such discussions are based upon a proposal not solicited by Entrust Financial.

Furthermore, if the Entrust Mortgage Stock Purchase Agreement is terminated as a result of the Company pursuing or entering into an alternative transaction, the Company may be obligated to pay to BBSB a \$200,000 fee. See *THE ENTRUST MORTGAGE STOCK PURCHASE AGREEMENT--Limitation on Soliciting Transactions*.

Can the Entrust Mortgage Stock Purchase Agreement be terminated?

BBSB may terminate the Entrust Mortgage Stock Purchase Agreement if, among other reasons:

- Entrust Mortgage or Entrust Financial breaches any of their representations or warranties in the Entrust Mortgage Stock Purchase Agreement, which breach causes a material adverse effect and either cannot be cured or has not been cured within thirty days; or
- there is an event of default under the BBSB Note.

Entrust Financial and Entrust Mortgage may terminate the Entrust Mortgage Stock Purchase Agreement before the closing of the Entrust Mortgage Sale if, among other reasons:

- Entrust Financial receives a bona fide written acquisition proposal from a third party on terms which the Board of

Directors determines in good faith to be more favorable to Entrust Financial and its shareholders than the Entrust Mortgage Sale.

See *THE ENTRUST MORTGAGE STOCK PURCHASE AGREEMENT--Termination.*

Who must pay the fees and expenses relating to the Entrust Mortgage Sale?

See *THE ENTRUST MORTGAGE STOCK PURCHASE AGREEMENT--Expenses and Termination Fee.*

What vote is required to approve the Entrust Mortgage Sale?

The affirmative vote of the holders of a majority of the outstanding shares of the Company's common stock entitled to vote must vote in favor of the approval of the Entrust Mortgage Stock Purchase Agreement or else the Entrust Mortgage Sale will not occur. Because a broker, bank or other nominee cannot vote without instructions, your failure to give instructions will result in your shares not being voted for the Entrust Mortgage Sale and therefore, has the same effect as a vote against the Entrust Mortgage Sale. The Articles Amendment

What is the Articles Amendment?

The proposed amendment to Entrust Financial's Articles of Incorporation is included as Appendix C to this proxy statement. The amendment increases the authorized number of shares of Entrust Financial to 100,000,000. The Amendment does not effect any other

PROPOSAL 1 APPROVAL OF THE ENTRUST MORTGAGE SALE

Background of the Entrust Mortgage Sale

The terms and conditions of the Entrust Mortgage Stock Purchase Agreement and the Entrust Mortgage Sale are the result of arm's length negotiations between the representatives of Entrust Financial and the representatives of BBSB. Set forth below is a summary of the background of these negotiations.

On December 31, 2002, the Company borrowed Two Million Dollars from BBSB pursuant to the terms of a Convertible Promissory Note (the BBSB Note). The BBSB Note had interest payable at 12% per annum, payable monthly, in arrears, and a 33% final interest payment due only upon maturity or prepayment of the BBSB Note. The BBSB Note is guaranteed by Entrust Mortgage and is secured by all the assets, (e.g.,

Edgar Filing: ENTRUST FINANCIAL SERVICES INC - Form DEF 14A

accounts, contracts, intangible assets, furniture and fixtures) of Entrust Mortgage. In addition, Entrust Financial entered into a Pledge Agreement in connection with the BBSB Note, whereby all the shares of the common stock of Entrust Mortgage were pledged to BBSB to ensure timely payment and performance of the obligation. The BBSB Note contains financial covenants, with which Entrust Financial was not in compliance as of the end of 2003.

As of April 1, 2004, Entrust Financial and BBSB agreed to restructure the BBSB Note. In exchange for the restructuring, BBSB agreed to waive Entrust Financial's uncured events of default existing under the BBSB Note. In addition, the outstanding principal amount still bears interest at a rate of 12% per annum, payable monthly in arrears, but the 33% final interest rate due upon maturity or prepayment was waived. The outstanding principal amount is to be paid in 20 installments ending on May 1, 2006 (\$50,000 was paid on the first day of each month commencing on April 1, 2004 and ending on September 1, 2004; and \$100,000 was or shall be paid on the first day of each month commencing on January 1, 2005 and ending on May 1, 2006). The final interest payment had accrued interest of \$822,000 as of the date of the restructure. Entrust Financial agreed to pay BBSB \$500,000 upon execution of the agreement, \$22,000 before July 1, 2004 and \$100,000 on the first day of each month commencing on October 1, 2004 and ending on December 1, 2004. BBSB has the right to convert the principal amount to common stock at \$.50 per share in lieu of payment of principal amount, which is a reduced conversion rate negotiated in connection with the restructuring. Entrust Financial has the right to prepay the BBSB Note at any time.

To fund its operations, Entrust Mortgage entered into a \$30,000,000 Loan Purchase Agreement with Guaranty Bank & Trust dated January 9, 2004, which provided 100% funding of Entrust Mortgage's mortgage loans originated. This Loan Purchase Agreement was unexpectedly terminated as of October 23, 2004. At such time, Entrust Mortgage continued actively looking for additional capital to maintain its wholesale production levels as well as exploring potential acquisition or strategic partnering alternatives.

On September 3, 2004, Entrust Financial entered into a non-circumvention/non-disclosure and fee agreement with Nicholas L. Scheidt so that Mr. Scheidt would introduce certain investors that might provide financing to Entrust Financial. As a result of this arrangement, meetings were held with Affiliated Financial Group on September 23, 2004; Wiens Capital Management on October 20, 2004 and Merchant Mortgage on November 15, 2004. Multiple meetings were held with these groups and due diligence materials were exchanged with Merchant Mortgage. Ultimately, each such group declined to make an investment in Entrust Mortgage.

13

On September 27, 2004, Entrust Financial received a commitment letter from DB Structured Products Inc. to purchase certain first lien and second lien fixed rate and adjustable rate mortgage loans originated by the Company. As consideration for such agreement, DB Structured Products would receive a 19% warrant stake in Entrust Financial at book value, 10% of the Company's gross margin as a profit share and a 0.125% purchase fee for every loan funded. After due consideration, the Board of Directors rejected the commitment letter because it deemed the terms not to be in the best interests of Entrust Financial and its shareholders.

On October 7, 2004, the Company had a meeting with a representative of Universal Lending at which time the Company began exploring a transaction whereby Universal Lending would provide a money deposit to enhance Entrust Mortgage's credit facility with First Collateral. The Company continued discussions with Universal Lending over a period of thirty days negotiating terms and conditions for such an arrangement. Ultimately, Universal Lending decided not make such a deposit with First Collateral, but indicated that they may be interested in making a loan to Entrust Mortgage, the proceeds of which would be used to make the deposit. The proposed loan was to be fully secured by the money to be placed on deposit. Negotiations for a potential transaction with Universal Lending were terminated after Entrust Mortgage was unable to negotiate a subordination agreement acceptable to Universal Lending with the Company's other secured lenders.

APB Mortgage spent two full days going through a due diligence process to either replace the Entrust Mortgage warehouse facility or purchase the Company. Ultimately, they declined to make an offer on either option due to timing concerns.

On October 15, 2004, The Winter Group agreed to provide Entrust Mortgage with a line of credit. The financing arrangement permitted Entrust Mortgage to pay amounts owed to First Collateral in order to allow the Company additional lending capacity. The Winter Group had first right of refusal to purchase loans that they financed. If they decided they did not want the loans or could not meet the other investor's best efforts price, Entrust Mortgage would sell the loan to another investor. At December 31, 2004, the amount outstanding under this financing arrangement was \$17,333,100. Subsequent to December 31, 2004, The Winter Group discontinued this financing arrangement with Entrust Mortgage.

Bearing Financial Advisors conducted due diligence on October 18 and 19, 2004 at the corporate offices of Entrust Financial and Entrust Mortgage. Interviews were conducted with six key members of management. A due diligence report was prepared to assist Impac Funding Corp, AMP Mortgage, Terwin Advisors LLC and Merchants Mortgage with an independent third party due diligence review of the Company.

Edgar Filing: ENTRUST FINANCIAL SERVICES INC - Form DEF 14A

On October 21, 2004, Entrust Mortgage received a letter of intent from BBSB to provide additional credit to Entrust Mortgage, including a deposit of up to \$2,000,000 with First Collateral, upon which Entrust Mortgage would be granted an increase in its warehouse line of credit. The proposed terms of the agreement included an annual fee and a monthly management fee. The agreement would also have required an increase in the interest rate being charged on the BBSB Convertible Promissory Note and a personal guaranty by Scott Sax, Entrust Financial's former CEO. In addition, certain terms and conditions in the Separation Agreement, dated June 30, 2002, between Entrust Financial and its former Chairman were required to be changed.

During this time, as part of the Company's efforts to negotiate an acquisition of the Company or other strategic transaction, Entrust Mortgage entered into an engagement agreement with Charbonneau & Associates to complete a corporate valuation of Entrust Mortgage.

14

On November 17, 2004, Entrust Financial received a letter outlining terms under which Homestar Mortgage Services would purchase the assets of Entrust Mortgage. Under the terms of the letter, Homestar would be responsible for the capitalization and financing needs of Entrust Mortgage. Homestar would purchase at book value the name Entrust Mortgage, the Employment Agreement dated July 1, 2002 with Scott Sax and assume obligations of Entrust Mortgage related directly to its operations (i.e. leases on real property and equipment). In addition, all loans held for resale on the balance sheet at closing would have been handled by and for the benefit of Entrust Financial. Also, Entrust Financial would have received a payment equal to 0.50% of the principal amount of loans that closed within 90 days of the closing, with a minimum payment of \$500,000. The Board of Directors reviewed this offer at its meeting on December 3, 2004 and raised a number of questions which required further investigation and follow up with the Company's legal counsel. Ultimately, Entrust Financial did not accept this offer because Entrust Financial would not have been able to satisfy all of its liabilities to its creditors following the closing of such a transaction.

On December 9, 2004, members of the Entrust Mortgage executive management team met with representatives of BBSB to discuss the October 21, 2004 letter of intent submitted by BBSB regarding the \$2,000,000 deposit.

On December 17, 2004, the management of Entrust Mortgage met with SAS Capital, LLC, and on December 31, 2004 received a memorandum of understanding that involved SAS Capital putting money on deposit with First Collateral for a period of nine months. Terms and conditions were similar to other proposals received by Entrust Mortgage. The Board of Directors reviewed this proposal at their January 7, 2005 meeting but determined the proposal to be inadequate as the proposal required a personal guaranty from Scott Sax that Mr. Sax was unwilling to accept.

On January 7, 2005, discussions with BBSB regarding the \$2,000,000 deposit were terminated for a variety of reasons, including inability to agree on terms of the guaranty and employment agreement with Mr. Sax.

On January 10, 2005, certain members of the management of Entrust Financial met with representatives of Terwin Advisors LLC. On January 14, 2005, Entrust Financial received a term sheet which specified that Terwin would invest money into Entrust Financial, provided that those proceeds would be used to retire the BBSB Note at a discount, restructure the separation agreement with the Company's former Chairman and make funds available to increase the Company's warehouse facility.

On January 17, 2005, the Board of Directors reviewed the proposal from Terwin Advisors. Following discussion by the Board and questioning by the Board of its outside counsel, the Board agreed that before a vote could be taken on the proposal, a meeting needed to take place with BBSB to discuss BBSB's expectations regarding the BBSB Note and BBSB's willingness to accept a discounted repayment of the BBSB Note.

On January 19, 2005, a member of Entrust Financial's Board of Directors and a member of the executive team met with representatives of BBSB to discuss the status of the BBSB Note. Information was provided to BBSB about the Company's expected financial results over the next twelve months and BBSB expressed concerns regarding compliance with the financial covenants contained in the BBSB Note, debt service commitments and the financial condition of Entrust Mortgage. In addition, the proposal by Terwin Group was presented to BBSB. At that time, BBSB indicated a willingness to accept repayment of the outstanding BBSB Note at a discount. Between January 20, 2005 and January 28, 2005, representatives from Terwin Group and BBSB negotiated and discussed possible deal structures, however the parties were unable to come to agreement and the discussions were terminated.

On February 3, 2005, BBSB delivered to Entrust Financial a letter of intent to purchase all of the issued and outstanding common stock of Entrust Mortgage.

15

Between February 3, 2005 and March 3, 2005, representatives of Entrust Financial and BBSB negotiated the terms of the Entrust Mortgage Stock Purchase Agreement. During this time, the parties also discussed the terms of a possible separation agreement with Mr. Sax. The parties were ultimately unable to agree on such terms. Mr. Sax voluntarily resigned from his position as a member of Entrust Financial's Board of Directors on February 9, 2005 and voluntarily resigned from all other positions with Entrust Financial and Entrust Mortgage on February 11, 2005.

On March 4, 2005, at a special telephonic meeting of the Entrust Financial Board of Directors, members of Entrust Financial's senior management and representatives of Entrust Financial's outside legal counsel reported on the terms of the Entrust Mortgage Stock Purchase Agreement and related agreements. Among other factors, the Board considered the consideration to be received, the likelihood that a transaction with BBSB could be closed, the status of other proposals and indications of interest received by Entrust Financial as of the date of the meeting, the likelihood that Entrust Financial would be unable to continue operations for any extended period if it did not enter into a strategic transaction and the consequences of a dissolution of the Company. Following discussion by the Board and questioning by the Board of its outside counsel, the Board unanimously resolved to approve the Entrust Mortgage Stock Purchase Agreement and declare that the Entrust Mortgage Stock Purchase Agreement and the transactions contemplated by the Entrust Mortgage Stock Purchase Agreement were advisable and fair to and in the best interests of Entrust Financial's shareholders and its creditors.

On March 4, 2005, Entrust Financial, Entrust Mortgage and BBSB entered into the Entrust Mortgage Stock Purchase Agreement. At that time, the parties also entered into an Assignment and Assumption Agreement pursuant to which BBSB agreed to assume certain obligations and liabilities of Entrust Financial arising after the closing of the Entrust Mortgage Sale.

In summary, throughout the last quarter of 2004 and January and February 2005, the Board of Directors and the executive management team of Entrust Financial actively solicited offers to either acquire Entrust Financial or Entrust Mortgage, or to provide additional debt or equity financing to Entrust Financial, or to restructure the terms of its loan funding arrangements in order to allow Entrust Mortgage to increase the level of its warehouse line of credit to a level that would allow it to continue its operations. During this time, members of executive management of Entrust Financial met with various parties to discuss potential deal terms and to provide due diligence information. Despite these efforts, Entrust Financial was unable during this time to raise additional capital or to secure a strategic partner or to restructure its existing warehouse lines of credit or to obtain additional credit from new lenders.

The Company was not able to enter into an agreement with any of the parties other than BBSB that expressed interest in possibly entering into a strategic transaction with either Entrust Financial or Entrust Mortgage because either the Company or the applicable other party ultimately determined not to enter into a transaction for a variety of reasons, including timing requirements, inability to agree on terms of a transaction, and inability to get comfortable with Entrust Financial's current financial position and liabilities to BBSB and others.

Entrust Mortgage is currently operating the business with a \$14 million warehouse line of credit from First Collateral, which has been in place since September 2004. Entrust Mortgage is in default under certain financial covenants under this warehouse line of credit, including maintaining a minimum tangible net worth. Entrust Mortgage can only cure this default by raising additional capital or decreasing the maximum line of credit amount. In addition, Entrust Mortgage has not been able to acquire a new warehouse line of credit of any amount to replace its current credit facility. If the Entrust Mortgage Sale is not completed, Entrust Financial will not be able to continue its business without alternative financing arrangements, which it has been unable to secure.

For the fiscal year ended December 31, 2004, Entrust Financial's auditors have expressed doubts about our ability to continue as a going concern. We have incurred net losses of \$3.6 million and \$216,250 during the years ended December 31, 2003 and 2004, respectively. At December 31, 2004, we had a negative shareholders' equity of \$91,009 and an accumulated retained deficit of \$7.7 million, which includes losses from our prior operations.

Entrust Mortgage advances funds to Entrust Financial to cover debt service, severance costs and operating costs. During the past 27 months Entrust Mortgage has advanced \$4.1 million to Entrust Financial. The Entrust Mortgage advances are unsecured, non-interest bearing and due on demand. Repayment to Entrust Mortgage is dependent on Entrust Financial obtaining additional capital or financing, which it has been unable to secure. Accordingly, Entrust Mortgage has reflected the \$4.1 million as a reduction to shareholders' equity, which adversely affects Entrust Mortgage's ability to maintain proper levels of warehouse capacity.

Reasons for the Entrust Mortgage Sale

The following discussion of the reasons for the Entrust Mortgage Sale contains a number of forward-looking statements that reflect the current views of Entrust Financial or BBSB with respect to future events that may have an effect on their financial performance. The benefits of the transaction considered by the Board may not be achieved. Forward-looking statements are subject to risks and uncertainties. Actual results and outcomes may differ materially from the results and outcomes discussed in the forward-looking statements. Cautionary statements that identify important factors that could cause or contribute to differences in results and outcomes include those discussed in Cautionary Statement Regarding Forward-Looking Information .

Entrust Financial's Reasons for the Entrust Mortgage Sale

The Entrust Financial Board of Directors consulted with senior management, as well as Entrust Financial's legal advisors, and has unanimously determined that the terms of the Entrust Mortgage Stock Purchase Agreement are fair to and in the best interests of Entrust Financial and its shareholders and creditors, and has unanimously approved the Entrust Mortgage Stock Purchase Agreement and the Entrust Mortgage Sale.

In reaching its determination, the Entrust Financial Board of Directors considered a number of positive factors, including the following:

- o Entrust Mortgage's limited ability to conduct operations under its \$14 million warehouse line of credit, under which it is currently in default, and Entrust Financial's inability to secure additional financing to cure such default or alternative financing arrangements that would allow Entrust Financial to increase its operations;
- o the conclusion of the Entrust Financial Board of Directors that, absent the Entrust Mortgage Sale, Entrust Financial would not be able to continue to operate effectively, or possibly at all, in light of its events of default under the warehouse line of credit, and its inability to raise additional capital or to secure alternative arrangements;
- o the likelihood that Entrust Financial would be unable to perform its obligations to BBSB under the BBSB Note and to perform its obligations to its other creditors in light of its inability to secure additional financing or alternative acquisition structures;

17

-
- o the approximate value of the liabilities and obligations of Entrust Financial to be assumed or cancelled by BBSB in connection with the Entrust Mortgage Sale;
 - o the terms and conditions of the Entrust Mortgage Stock Purchase Agreement, all of which led Entrust Financial's directors to conclude that it was reasonably likely that the Entrust Mortgage Sale would be completed, and that Entrust Financial would most likely be able to pay, or provide for the payment of, the liabilities owed to its creditors;
 - o the results of efforts made by Entrust Financial management to solicit indications of interest from third parties regarding a potential purchase of or investment in Entrust Financial;
 - o an assessment that absent the Entrust Mortgage Sale due to the liabilities and obligations owing to Entrust Financial's creditors, Entrust Financial would be unable to continue to operate any viable operating business;
 - o the fact that there are relatively few regulatory approvals required to consummate the Entrust Mortgage Sale and the favorable prospects for receiving those approvals; and
 - o the availability of dissenters' rights under Colorado law to any holders of Entrust Financial's common stock that disapprove of the Entrust Mortgage Sale.

The Entrust Financial Board of Directors also considered a number of potentially negative factors in its deliberations concerning the overall transaction. The potentially negative factors considered by the Entrust Financial Board included:

- o the risk that the transaction might not be completed in a timely manner or at all;
- o the fact that the shareholders of Entrust Financial would not receive any consideration in connection with the Entrust Mortgage Sale;

- o the fact that Entrust Financial could lose other transaction opportunities during the period it is precluded under the terms of the Entrust Mortgage Stock Purchase Agreement from soliciting other transaction proposals;
- o the fact that the transaction was structured as an asset sale (because Entrust Financial will be selling its shares of stock of Entrust Mortgage, which constitutes substantially all of Entrust Financial's assets) and that BBSB would assume only selected liabilities, which meant that Entrust Financial would remain responsible for liabilities not assumed by BBSB and could potentially be responsible for currently unanticipated claims that might be made in the future;
- o the potential negative impact of the transaction on Entrust Financial's relationships with customers, vendors or creditors after announcement of the proposed Entrust Mortgage Sale; and
- o the potential negative reaction of the financial community after announcement of the proposed transaction.

18

The foregoing positive and negative factors together comprise the Entrust Financial Board's material considerations in entering into the Entrust Mortgage Sale.

Based on the factors listed above, the Entrust Financial Board of Directors determined that a sale of Entrust Mortgage to BBSB pursuant to the terms of the Entrust Mortgage Stock Purchase Agreement would likely provide the only opportunity to satisfy the outstanding obligations to Entrust Financial's creditors as compared to other alternatives and thereby avoid bankruptcy or dissolution. The Board also considered the options of having the Company dissolve or declare bankruptcy and determined that such a course of action would not be in the best interests of the Company's shareholders or creditors if the Entrust Mortgage Sale could be consummated on the terms of the Entrust Mortgage Stock Purchase Agreement. There can be no assurance that the Entrust Mortgage Sale will result in the satisfaction of all of Entrust Financial's obligations to its creditors. However, the Entrust Financial Board of Directors believes that it is in the best interests of Entrust Financial and its shareholders and creditors that Entrust Financial pay or make adequate provision for its liabilities and obligations. If the Entrust Mortgage Sale is not approved by the shareholders of Entrust Financial, the Entrust Financial Board of Directors will explore what, if any, alternatives are available for the future of Entrust Financial. The Entrust Financial Board of Directors does not believe, however, that there are viable alternatives to the Entrust Mortgage Stock Purchase Agreement, and even if there were, that any of its employees would continue to be available to execute them.

The foregoing discussion of these factors is not meant to be exhaustive, but includes the material factors considered by the Entrust Financial Board of Directors. The Board of Directors of Entrust Financial did not quantify or attach any particular weight to the various factors that they considered in reaching their determination that the terms of the Entrust Mortgage Sale are fair to and in the best interests of Entrust Financial and its shareholders and creditors. Rather, the Entrust Financial Board of Directors viewed its recommendation as being based upon its business judgment in light of Entrust Financial's financial position and the totality of the information presented and considered, and the overall effect of the Entrust Mortgage Sale on the creditors and shareholders of Entrust Financial compared to continuing the business of Entrust Financial or seeking other potential parties to effect an investment in or other business combination or acquisition transaction with Entrust Financial.

No Fairness Opinion

The Board of Directors of Entrust Financial have not sought nor obtained an opinion of a financial advisor relating to the fairness of the proposed Entrust Mortgage Sale. The Board of Directors concluded that the expense of a fairness opinion was not justified in light of Entrust Financial's current financial position and the total consideration contemplated by the Entrust Mortgage Stock Purchase Agreement. Moreover, the Board concluded that in light of the extensive process that it went through in attempting to secure an alternative transaction or financing arrangements and its consideration of the applicable alternatives to the Entrust Mortgage Sale, a fairness opinion was not necessary for the protection of shareholders.

BBSB's Reasons for Entering Into the Entrust Mortgage Stock Purchase Agreement

BBSB is entering into the Entrust Mortgage Stock Purchase Agreement because it believes that it will be able to successfully continue the operations of Entrust Mortgage in a profitable manner following the closing of such transaction through capital infusions and strategic relationships and because it is concerned that Entrust Mortgage and Entrust Financial would otherwise default on the debt owed to BBSB and eventually dissolve.

Vote Required for Approval

Under Colorado law, the Entrust Mortgage Stock Purchase Agreement and the Entrust Mortgage Sale must be approved by the holders of a majority of the outstanding shares of Entrust Financial common stock entitled to vote. Abstentions and broker non-votes therefore effectively will be votes against the approval of the Entrust Mortgage Sale. Because a broker, bank or other nominee cannot vote without instructions, your failure to give instructions has the same effect as a vote against the Entrust Mortgage Sale.

Approval and Recommendation of the Board of Directors

At a meeting held on March 4, 2005, the Board of Directors unanimously:

- o determined that the Entrust Mortgage Stock Purchase Agreement and the transactions contemplated thereby are fair to, and in the best interests of, Entrust Financial, its creditors and its shareholders;
- o authorized, adopted and approved the Entrust Mortgage Stock Purchase Agreement the transactions contemplated by the Entrust Mortgage Stock Purchase Agreement; and
- o determined to recommend that the shareholders of Entrust Financial vote FOR the approval of the Entrust Mortgage Stock Purchase Agreement at the special meeting.

The Board of Directors recommends that you vote FOR the approval of the Entrust Mortgage Stock Purchase Agreement and the transactions contemplated thereby.

Consummation of the Entrust Mortgage Sale

Assuming the shareholders vote to approve the Entrust Mortgage Sale and all other conditions to the Entrust Mortgage Sale are satisfied or, to the extent permitted, waived, Entrust Financial expects to complete the Entrust Mortgage Sale as soon as practicable after the special meeting.

Operations of Entrust Financial following the Closing of the Entrust Mortgage Sale

Assuming that each of the Entrust Mortgage Sale, the Entrust Financial Stock Sale and the Articles Amendment are approved by the shareholders, Entrust Financial will close the Entrust Financial Stock Sale as soon as possible following the closing of the Entrust Mortgage Sale. Of the proceeds to be received in the Entrust Financial Stock Sale, \$400,000 will be distributed as a dividend to the shareholders of record of Entrust Financial as of the close of business on July 25, 2005, the record date set by the Board for purposes of the receipt of such dividend. The remaining \$100,000 of the consideration paid by the ENFN Stock Purchasers will be used to satisfy or reserve for the Company's remaining liabilities and to pay the expenses related to the transaction. The purchasers of the common stock issued in the Entrust Financial Stock Sale will not participate in such dividend. Following the Entrust Financial Stock Sale, such purchasers will own 95% of the outstanding common stock of Entrust Financial.

If the Entrust Financial Stock Sale and the Articles Amendment are not approved by the shareholders of Entrust Financial, then Entrust Financial would most likely begin dissolution procedures shortly following the closing of the Entrust Mortgage Sale. Entrust Financial does not expect that the shareholders of the Company would receive any consideration in connection with such a dissolution.

Ongoing Operations of Entrust Financial if the Entrust Mortgage Sale is not Approved

If the Entrust Mortgage Sale is not approved by the shareholders of Entrust Financial, the Entrust Financial Board of Directors will explore what, if any, alternatives are available for the future of Entrust Financial. The Entrust Financial Board of Directors does not believe, however, that there are viable alternatives to the Entrust Mortgage Stock Purchase Agreement, and even if there were, that any of its employees would continue to be available to execute them.

Interests of Certain Persons in the Entrust Mortgage Sale; Potential Conflicts of Interest

In considering the recommendations of the Board of Directors, you should be aware that Entrust Financial's executive officers have financial interests in the transaction that are different from, or are in addition to, the interests of Entrust Financial's shareholders generally. In particular, BBSB has informed Entrust Financial that BBSB intends to offer employment to certain executive officers and other members of Entrust Financial's senior management. BBSB has not yet determined which individuals will be offered employment and the terms thereof. No employment agreements have yet been proposed or negotiated. The Board of Directors was aware of these potential conflicts of interest and considered them along with other matters when they determined to recommend the Entrust Mortgage Sale. The directors of Entrust Mortgage will resign upon the closing of the Entrust Mortgage Sale and will be replaced by individuals appointed by BBSB.

Dissenters' Rights

Section 7-113-102 of the Colorado Business Corporations Act (CBCA) entitles each shareholder of Entrust Financial to object to the proposed Entrust Mortgage Sale and to obtain payment of the fair value of his or her shares of Entrust Financial common stock. Fair value is defined in the statute as the value of the shares immediately before the effective date of the corporate action to which the dissenter objects, excluding any appreciation or depreciation in anticipation of the corporate action except to the extent that exclusion would be inequitable. In order to exercise his or her right to dissent, the shareholder must, prior to the taking of the vote of the shareholders on the Entrust Mortgage Sale, file with Entrust Financial a written objection to Proposal 1, stating that his or her right to dissent will be exercised if Proposal 1 is effected and giving his or her address to which notice shall be delivered or mailed in such event. Such dissenting shareholder must not vote in favor of Proposal 1, although it is not necessary for the shareholder to vote against Proposal 1. Note that a vote against Proposal 1 alone will not satisfy the requirement under the CBCA that the shareholder make demand for payment for his or her shares.

If Proposal 1 is approved, Entrust Financial shall give notice to such dissenting shareholder within 10 days after Proposal 1 is approved by the shareholders. Such notice from Entrust Financial will: (i) state that Proposal 1 was authorized and state the effective date of the proposed Entrust Mortgage Sale; (ii) state an address at which Entrust Financial will receive payment demands and an address of a place where certificates for certified shares must be deposited; (iii) inform holders of uncertified shares as to what extent transfer of the shares will be restricted after the payment demand is received; (iv) supply a form for demanding payment, which form shall request a dissenter to state an address to which payment is to be made; (v) set the date by which Entrust Financial must receive the payment demand and the certificates for certified shares, which date shall be not less than 30 days after the date notice from Entrust Financial is given; (vi) state certain additional requirements related to dissents by shareholders of record on behalf of a beneficial shareholder; and (vii) be accompanied by a copy of the CBCA provisions related to dissenters' rights.

A shareholder who is delivered a dissenter's notice by Entrust Financial and who wishes to assert dissenters' rights is required to deliver a payment demand in the form provided by Entrust Financial or in another writing to Entrust Financial and deposit the shareholder's certificates for certified shares owned by the shareholder within the time frame set forth in Entrust Financial's notice. A shareholder who demands payment in accordance with his or her dissenters' rights retains all rights of a shareholder, except the right to transfer the shares, until the effective date of the proposed Entrust Mortgage Sale and has only the right to receive payment for the shares after the effective date of such Entrust Mortgage Sale.

Except as set forth below, the demand for payment by a dissenting shareholder and the deposit of certificates are irrevocable. A shareholder who does not demand payment and deposit the shareholder's share certificates as required by the date set forth in Entrust Financial's dissenter's notice is not entitled to payment for his or her shares under the CBCA.

Upon the effective date of the Entrust Mortgage Sale or upon the receipt of a payment demand pursuant to the foregoing procedures, whichever is later, Entrust Financial shall pay each dissenter who has complied with the foregoing procedures the amount of Entrust Financial's estimate of the fair value of the dissenter's shares, plus accrued interest. The payment to the dissenting shareholder will be accompanied by (i) Entrust Financial's balance sheet as of the end of its most recent fiscal year, an income statement for that year, a statement of changes in shareholders' equity for that year, and a statement of cash flow for that year, which balance sheet and statements shall have been audited, as well as the latest available financial statements, if any, for the interim or full-year period, which financial statements need not be audited; (ii) a statement of Entrust Financial's estimate of the fair value of the shares; (iii) an explanation of how the interest was calculated; (iv) a statement of the dissenter's right to demand additional payment under the CBCA; and (v) a copy of the dissenters' rights provisions of the CBCA.

If the effective date of the Entrust Mortgage Sale does not occur within 60 days after the date set by Entrust Financial by which Entrust Financial must receive the payment demand from the dissenting shareholder, Entrust Financial shall return the deposited certificates and release the transfer of restrictions imposed on uncertified shares. If the effective date of the Entrust Mortgage Sale occurs more than 60 days after the date set by Entrust Financial by which Entrust Financial must receive the payment demand from the dissenting shareholder, then Entrust Financial shall send a new dissenters' notice, as set forth above, and the provisions of the CBCA with respect to dissenters' rights shall again be applicable.

Special provisions of the CBCA define the rights of dissenting shareholders who acquired their shares after the announcement of the proposed Entrust Mortgage Sale. Those provisions are not discussed herein.

If a shareholder believes that the amount paid by Entrust Financial for his or her shares was less than the fair value of the shares or that the interest due was incorrectly calculated, or if Entrust Financial fails to make the required payment within 60 days after the date set by Entrust Financial by which Entrust Financial must receive the payment demand, or if Entrust Financial does not return the deposit of certificates or release the transfer restrictions imposed on uncertified shares as required by the statute, a dissenting shareholder may give notice to Entrust Financial in writing of the dissenter's own estimate of the fair value of the dissenter's shares and of the amount of interest he or she believes due and make demand for payment of such estimated amount, less any payment previously made by Entrust Financial. Dissenters waive the right to demand additional payment unless Entrust Financial receives the notice of additional demand within 30 days after Entrust Financial made or offered payment for the dissenter's shares.

22

If the demand for payment by a dissenting shareholder remains unresolved, Entrust Financial may, within 60 days after receiving the payment demand, commence a judicial proceeding and petition the court to determine the fair value of the shares and accrued interest. If Entrust Financial does not commence the proceeding within the 60 day period, it must pay to each dissenter whose demand remains unresolved the amount demanded. Such suit is to be brought in Denver County, Colorado. Costs of court are generally charged to Entrust Financial, except in cases where the court finds that the dissenters acted arbitrarily, vexatiously, or not in good faith in demanding additional payment.

The foregoing summary does not purport to be a complete statement of the rights of dissenting shareholders, such summary is qualified in its entirety by reference to Sections 7-113-101 through 7-113-302 of the CBCA, which sections are set forth in their entirety as Appendix D attached hereto.

Material U.S. Federal Income Tax Consequences

The discussion set forth below is a summary of certain of the U.S. federal income tax considerations that may be relevant to shareholders of Entrust Financial in connection with the Entrust Mortgage Sale. This discussion is based on currently existing provisions of the Internal Revenue Code of 1986, as amended (the Code), existing and proposed Treasury regulations thereunder and current administrative rulings and court decisions, all of which are subject to change. Any such change, which may or may not be retroactive, could alter the tax consequences to Entrust Financial and its shareholders as described herein.

In addition, the following discussion does not address the tax consequences of the Entrust Mortgage Sale under foreign, state or local tax laws, the tax consequences of transactions effectuated prior or subsequent to, or concurrently with, the Entrust Mortgage Sale (whether or not any such transactions are undertaken in connection with the Entrust Mortgage Sale or subsequent dissolution). Neither Entrust Financial nor BBSB has requested, nor will either request, a ruling from the Internal Revenue Service or an opinion of counsel with regard to any of the tax consequences of the Entrust Mortgage Sale. **Accordingly, Entrust Financial shareholders are urged to consult their own tax advisors as to the specific tax consequences to them of the Entrust Mortgage Sale, including the applicable federal, state, local and foreign tax consequences.**

Corporate-Level Tax Consequences of the Entrust Mortgage Sale

The Entrust Mortgage Sale will be treated as a taxable asset sale, with Entrust Financial as the seller, and BBSB as the buyer. Accordingly, Entrust Financial will generally recognize taxable gain or loss in the transaction with respect to the sale of the shares of Entrust Mortgage, computed as (i) the fair market value of the consideration (including liabilities assumed) allocable to the asset deemed sold by Entrust Financial less (ii) the aggregate adjusted tax basis of the asset deemed sold to BBSB. Entrust Financial expects to recognize gain on the sale of its assets to BBSB in an amount between \$10,000 and \$25,000, net of losses that will offset a majority of the gross gain.

Tax Consequences of the Entrust Mortgage Sale to Entrust Financial Shareholders

The Entrust Mortgage Sale, by itself, will have no significant tax consequences with respect to Entrust Financial's existing shareholders, except indirectly to the extent of the corporate-level tax consequences to Entrust Financial itself, as discussed above.

23

THE FOREGOING DOES NOT PURPORT TO BE A COMPLETE ANALYSIS OF THE POTENTIAL TAX CONSIDERATIONS RELATING TO THE ENTRUST MORTGAGE SALE AND IS NOT TAX ADVICE. THEREFORE, HOLDERS OF ENTRUST FINANCIAL COMMON STOCK ARE URGED TO CONSULT THEIR TAX ADVISORS AS TO THE SPECIFIC TAX CONSEQUENCES TO THEM OF THE ENTRUST MORTGAGE SALE, INCLUDING THE APPLICABILITY OF FEDERAL, STATE, LOCAL, FOREIGN AND OTHER TAX LAWS.

Accounting Treatment

The Entrust Mortgage Sale is expected to be accounted for by BBSB as a business combination using the purchase method. The purchase price will be allocated to the identifiable assets acquired and will be recorded on BBSB's books at their respective fair values.

Certain Legal Matters

Due to the change in ownership of Entrust Mortgage, Entrust Mortgage must deliver notice to, or apply for certifications from, certain state regulatory agencies in connection with the Entrust Mortgage Sale. It is a condition to closing of the Entrust Mortgage Sale that certain of these be obtained or delivered.

Entrust Financial is not aware of any other license or regulatory permit that appears to be material to the business of Entrust Financial that might be adversely affected by the Entrust Mortgage Sale, nor is it aware of any approval or other action by a domestic or foreign governmental, administrative or regulatory agency or authority required for the Entrust Mortgage Sale to occur that is not described in this proxy statement. Should any such approval or other action be required, Entrust Financial and BBSB presently contemplate that such approval or other action will be sought.

The following is a summary of the material provisions of the Entrust Mortgage Stock Purchase Agreement and is qualified in its entirety by the Entrust Mortgage Stock Purchase Agreement. PROPOSAL 2 APPROVAL OF THE ENTRUST FINANCIAL STOCK SALE

Background of the Entrust Financial Stock Sale

The terms and conditions of the Entrust Financial Stock Sale are the result of arm's length negotiations between the representatives of Entrust Financial and the representatives of the ENFN Stock Purchasers. Set forth below is a summary of the background of these negotiations.

As described in more detail above, on March 4, 2005, Entrust Financial, Entrust Mortgage and BBSB entered into the Entrust Mortgage Stock Purchase Agreement relating to the Entrust Mortgage Sale. In contemplation of the anticipated execution of such agreement, Entrust Financial had previously begun the process of considering the strategic alternatives for Entrust Financial following the closing of the Entrust Mortgage Sale. Upon execution of the Entrust Mortgage Stock Purchase Agreement, the Board of Directors of Entrust Financial authorized and directed the Company's Directors and representatives to approach various parties regarding the possibility of entering into a transaction with Entrust Financial.

On March 5, 2005, following announcement of the execution of the Entrust Mortgage Stock Purchase Agreement, the Entrust Financial officers and representatives began discussions with numerous groups regarding their interest in entering into a possible transaction with Entrust Financial following the anticipated closing of the Entrust Mortgage Stock Purchase Agreement. These groups included local and national companies, financial institutions, and individuals with whom Entrust Financial had prior contact or knew from reputation or otherwise to be interested in, and to actively engage in, transactions similar to those contemplated by the Entrust Financial Board.

On March 18, 2005, Entrust Financial sent letters to five groups that had expressed preliminary interest in exploring a possible transaction. These letters said that Entrust Financial would consider any and all offers regarding a possible transaction until March 25, 2005, and that each party, if interested in exploring a possible transaction, should submit its best and final offer by such time. Each group was informed that Entrust

Edgar Filing: ENTRUST FINANCIAL SERVICES INC - Form DEF 14A

Financial would make a determination regarding which, if any, of such offers were in the best interests of its shareholders on March 25, 2005, and would cease discussions with any other parties regarding a possible transaction.

Between March 18, 2005 and March 25, 2005, Entrust Financial answered certain questions from such groups regarding non-confidential information related to the Company, its business and the BBSB transaction. By March 25, 2005, Entrust Financial had received offers from three groups regarding the possibility of entering into a transaction.

On March 28, 2005, the Entrust Board met on two occasions to consider the offers that had been received. At the meeting held on the morning of March 28, the terms and conditions of each of the offers were summarized for the Board. The Board asked a number of questions and engaged in a thorough discussion regarding the terms of each offer, the timing that would be required to close each such transaction, and the likelihood that each such transaction would be able to close.

Following such meeting on the morning of March 28, the Entrust Financial officers and advisors contacted certain of the groups that had expressed an interest in entering into a transaction with the Company to ask certain questions posed by the Entrust Financial Board.

35

The Entrust Financial Board reconvened on the evening of March 28. The officers and advisors reported to the Board the responses they were able to receive to the questions posed. The Board discussed the merits of each offer, asked additional questions and determined that the terms proposed by the ENFN Stock Purchasers appeared to be superior to the Company's other alternatives and appeared to be in the best interests of the Entrust Financial shareholders. The Board authorized the Company's officers to continue discussions with representatives of the ENFN Stock Purchasers and the other parties expressing interest regarding entering into a transaction.

Between March 28, 2005 and April 7, 2005, the Entrust Financial officers continued discussions with representatives of the ENFN Stock Purchasers regarding the terms of a possible transaction and certain information regarding the ENFN Stock Purchasers. These discussions consisted of arm's length negotiations of the terms of the definitive agreements related to the proposed transaction, including payment terms, settlement of liabilities, representations and warranties, and other related matters.

On April 7, 2005, Entrust Financial entered into an agreement with the ENFN Stock Purchasers pursuant to which Entrust Financial agreed to not enter into discussions or negotiations with any other party prior to April 18, 2005, during which time the ENFN Stock Purchasers would conduct a due diligence review of Entrust Financial, and Entrust Financial and the ENFN Stock Purchasers would attempt to negotiate and execute a definitive agreement related to the sale of newly issued Entrust Financial stock to the ENFN Stock Purchasers. The parties began such due diligence review and negotiations and continued to work through this process during such exclusivity period.

Due to unforeseen delays related to family medical issues of the principals of certain of the parties and other reasons unrelated to the transaction, the parties were unable to finalize an agreement by April 18, 2005. Upon the expiration of the exclusivity agreement, Entrust Financial renewed discussions with other parties that had expressed interest in engaging in a possible transaction. One party expressed initial interest but informed Entrust Financial that it would not be able to proceed in a timely manner. Such party eventually informed Entrust Financial that it had withdrawn its interest in further exploring alternatives regarding a possible transaction.

On May 5, 2005 and May 6, 2005, the Entrust Financial Board met in two meetings to discuss the terms of a proposed definitive agreement with the ENFN Stock Purchasers. The background regarding the transaction and the terms of the proposed agreement were summarized for the Board. The Board engaged in a thorough discussion of the merits of the agreement and asked a number of questions of the Company's management and legal advisors. The Board considered Entrust Financial's strategic alternatives, including entering into the proposed agreement, pursuing possible alternative agreements, dissolution of the Company and remaining an independent company following the closing of the BBSB Stock Purchase. The Board considered the Company's current financial position, its anticipated position following the closing of the BBSB Stock Purchase, the timing that it would likely take to close the transactions contemplated by the Entrust Financial Stock Purchase Agreement, and a number of other factors. Upon motion duly made and seconded, the Board unanimously determined that it was in the best interests of Entrust Financial and its shareholders to enter into the Entrust Financial Stock Purchase Agreement substantially on the terms presented to the Board and, subject to the satisfaction of the conditions set forth in the agreement, to consummate the transactions set forth in the agreement.

On May 12, 2005, Entrust Financial and the ENFN Stock Purchasers executed the Entrust Financial Stock Purchase Agreement.

Reasons for the Entrust Mortgage Sale

The following discussion of the reasons for the Entrust Financial Stock Sale contains a number of forward-looking statements that reflect the current views of Entrust Financial or the ENFN Stock Purchasers with respect to future events that may have an effect on their financial performance. The benefits of the transaction considered by the Board may not be achieved. Forward-looking statements are subject to risks and uncertainties. Actual results and outcomes may differ materially from the results and outcomes discussed in the forward-looking statements. Cautionary statements that identify important factors that could cause or contribute to differences in results and outcomes include those discussed in Cautionary Statement Regarding Forward-Looking Information.

36

Entrust Financial's Reasons for the Entrust Financial Stock Sale

The Entrust Financial Board of Directors consulted with senior management, as well as Entrust Financial's legal advisors, and has unanimously determined that the terms of the Entrust Financial Stock Purchase Agreement are fair to and in the best interests of Entrust Financial and its shareholders, and has unanimously approved the Entrust Financial Stock Purchase Agreement and the Entrust Financial Stock Sale.

In reaching its determination, the Entrust Financial Board of Directors considered a number of positive factors, including the following:

- o the fact that following the Entrust Mortgage Sale, Entrust Financial will have no ongoing operations and no employees;
- o the ability to declare and pay a dividend to the shareholders of Entrust Financial following the closing of the Entrust Financial Stock Sale;
- o the conclusion of the Entrust Financial Board of Directors that, absent the Entrust Financial Stock Sale, Entrust Financial would not be able to continue as a going concern and would need to begin procedures to liquidate and dissolve the Company;
- o the conclusion of the Entrust Financial Board of Directors that, absent the Entrust Financial Stock Sale, Entrust Financial's shareholders would likely not receive any consideration in a liquidation or dissolution of Entrust Financial;
- o the terms and conditions of the Entrust Financial Stock Purchase Agreement, all of which led Entrust Financial's directors to conclude that it was reasonably likely that the Entrust Financial Stock Sale would be completed, and that Entrust Financial would most likely be able to pay a dividend to its shareholders of record as of the close of business on July 25, 2005, the record date set by the Board for purposes of the receipt of such dividend; and
- o the results of efforts made by Entrust Financial management to solicit indications of interest from third parties regarding a potential purchase of Entrust Financial following the completion of the Entrust Mortgage Sale.

The Entrust Financial Board of Directors also considered a number of potentially negative factors in its deliberations concerning the overall transaction. The potentially negative factors considered by the Entrust Financial Board included:

- o the risk that the transaction might not be completed in a timely manner or at all;
- o the fact that the shareholders of Entrust Financial would hold only 5% of the outstanding common stock of Entrust Financial following the closing of the transaction; and

37

-
- o the fact that Entrust Financial could lose other transaction opportunities during the period it is precluded under the terms of the Entrust Financial Stock Purchase Agreement from soliciting other transaction proposals.

The foregoing positive and negative factors together comprise the Entrust Financial Board's material considerations in entering into the Entrust Financial Stock Sale.

Edgar Filing: ENTRUST FINANCIAL SERVICES INC - Form DEF 14A

Based on the factors listed above, the Entrust Financial Board of Directors determined that a sale of common stock to the ENFN Stock Purchasers pursuant to the terms of the Entrust Financial Stock Purchase Agreement would likely provide the best opportunity to maximize the consideration to the Entrust Financial shareholders following the completion of the Entrust Mortgage Sale as compared to other alternatives. If the Entrust Mortgage Sale, the Entrust Financial Sale or the Articles Amendment is not approved by the shareholders of Entrust Financial, the Entrust Financial Board of Directors will explore what, if any, alternatives are available for the future of Entrust Financial. The Entrust Financial Board of Directors does not believe, however, that there are viable alternatives to the Entrust Mortgage Sale and the Entrust Financial Stock Sale, and even if there were, that any of its employees would continue to be available to execute them.

The foregoing discussion of these factors is not meant to be exhaustive, but includes the material factors considered by the Entrust Financial Board of Directors. The Board of Directors of Entrust Financial did not quantify or attach any particular weight to the various factors that they considered in reaching their determination that the terms of the Entrust Financial Stock Sale are fair to and in the best interests of Entrust Financial and its shareholders. Rather, the Entrust Financial Board of Directors viewed its recommendation as being based upon its business judgment in light of Entrust Financial's financial position and the totality of the information presented and considered, and the overall effect of the Entrust Financial Stock Sale on the shareholders of Entrust Financial compared to other alternatives.

No Fairness Opinion

The Board of Directors of Entrust Financial have not sought nor obtained an opinion of a financial advisor relating to the fairness of the proposed Entrust Financial Stock Sale. The Board of Directors concluded that the expense of a fairness opinion was not justified in light of the Company's current financial position and the total consideration contemplated by the Entrust Financial Stock Purchase Agreement. Moreover, the Board concluded that in light of the extensive process that it went through in attempting to secure an alternative transaction and its consideration of the applicable alternatives to the Entrust Financial Stock Sale following the completion of the Entrust Mortgage Sale, a fairness opinion was not necessary for the protection of shareholders.

The ENFN Stock Purchasers' Reasons for Entering Into the Stock Purchase Agreement

The ENFN Stock Purchasers are entering into the Entrust Financial Stock Purchase Agreement because they believe they can realize substantial value through holding a majority ownership position in the Company following the closing of the Entrust Mortgage Sale. The ENFN Stock Purchasers' plans for the Company following closing of the Entrust Financial Stock Purchase Agreement have not yet been determined.

38

Vote Required for Approval

The affirmative vote of the shareholders having a majority of the voting power of all shares present in person or represented by proxy and entitled to vote at the meeting will be required to approve the Entrust Financial Stock Sale. Abstentions will be counted toward the tabulation of votes cast on proposals presented to the shareholders and will have the same effect as negative votes. Broker non-votes are counted towards a quorum, but are not counted for any purpose in determining whether this matter has been approved.

Approval and Recommendation of the Board of Directors

At a meeting held on May 6, 2005, the Board of Directors unanimously:

- o determined that the Entrust Financial Stock Sale is fair to, and in the best interests of, Entrust Financial, its creditors and its shareholders;
- o authorized and approved the Entrust Financial Stock Purchase Agreement the transactions contemplated by the Entrust Financial Stock Purchase Agreement; and
- o determined to recommend that the shareholders of Entrust Financial vote FOR the approval of the Entrust Financial Stock Sale at the special meeting.

The Board of Directors recommends that you vote FOR the approval of the Entrust Financial Stock Sale.

Consummation of the Entrust Financial Stock Sale

Edgar Filing: ENTRUST FINANCIAL SERVICES INC - Form DEF 14A

The closing of the Entrust Mortgage Sale is one of the conditions to the closing of the Entrust Financial Stock Sale. Therefore, if the shareholders of the Company do not approve the Entrust Mortgage Sale, in addition to the Entrust Financial Stock Sale and the Articles Amendment, then the Entrust Financial Stock Sale will not occur.

Assuming the shareholders vote to approve the Entrust Mortgage Sale, the Entrust Financial Stock Sale and the Articles Amendment, and all other conditions to the Entrust Financial Stock Sale are satisfied or, to the extent permitted, waived, Entrust Financial expects to complete the Entrust Financial Stock Sale as soon as practicable after the special meeting.

Operations of Entrust Financial following the Closing of the Entrust Financial Stock Sale

The operations of Entrust Financial following the Closing of the Entrust Financial Stock Sale are currently unknown. The Entrust Financial Stock Purchasers intend to conduct the operations of a business that has not yet been determined. Due to the uncertainty of future operations, the value of our current shareholders' Entrust Financial shares following the closing of the Entrust Financial Stock Sale is uncertain. Other than the payment of the special dividend described above, the Entrust Financial shareholders may not realize any value in their Company shares following such closing.

Ongoing Operations of Entrust Financial if the Entrust Financial Stock Sale is not Approved

If the Entrust Financial Stock Sale is not approved by the shareholders of Entrust Financial or otherwise is not consummated, the Entrust Financial Board of Directors will explore what, if any, alternatives are available for the future of Entrust Financial. However, since Entrust Financial will have no operations or employees following the Closing of the Entrust Mortgage Sale, the Board of Directors does not believe, however, that there are viable alternatives to the Entrust Financial Stock Purchase Agreement.

In addition, either Entrust Financial or the ENFN Stock Purchasers may terminate the Entrust Financial Stock Purchase Agreement if the closing of the Entrust Financial Stock Sale shall not have occurred on or before October 31, 2005 (unless the failure to consummate the transactions by such date shall be due to the action or failure to act of the party seeking termination).

The ENFN Stock Purchasers may terminate the Entrust Financial Stock Purchase Agreement if (i) Entrust Financial shall have failed to comply in any material respect with any of the covenants, terms or agreements contained in the Entrust Financial Stock Purchase Agreement, which breach is not cured within twenty days if capable of cure or (ii) any representations and warranties of Entrust Financial shall have been materially false when made or on and as of the closing date.

Upon termination of the Entrust Financial Stock Purchase Agreement, the obligations of the parties are terminated without any further liability of any party to the other parties. However, such termination shall not relieve any party from liability for breach of the Entrust Financial Stock Purchase Agreement.

Amendment

The Entrust Financial Stock Purchase Agreement may be amended, modified, altered or supplemented only by written agreement of Entrust Financial and the ENFN Stock Purchasers.

PROPOSAL 3 APPROVAL OF THE ARTICLES AMENDMENT

Entrust Financial s Reasons for the Articles Amendment

As of May 1, 2005, Entrust Financial had 50,000,000 shares of common stock authorized for issuance under its Articles of Incorporation, as amended, 2,612,295 of which were outstanding. In order to consummate the Entrust Financial Stock Sale contemplated by Proposal 2, Entrust Financial needs to increase its authorized shares of common stock to allow for the issuance of 49,500,000 shares to the ENFN Stock Purchasers.

The proposed amendment to Entrust Financial s Articles of Incorporation is included as Appendix C to this proxy statement. The amendment increases the authorized number of shares of Entrust Financial to 100,000,000. The Amendment does not effect any other material changes to Entrust Financial s Articles of Incorporation.

If the shareholders do not approve the Articles Amendment, the Entrust Financial Stock Sale will not be consummated and the Entrust Financial shareholders as of the July 25, 2005 record date described above will not receive the proposed dividend of \$400,000 in the aggregate.

Assuming that the shareholders approve the Articles Amendment, as well as the Entrust Mortgage Sale and the Entrust Financial Stock Sale, the Articles Amendment will be filed with the Colorado Secretary of State as promptly as practicable following the special meeting.

Description of Securities

Following the Entrust Financial Stock Sale, we will have 100,000,000 shares of common stock, par value \$.0000001 per share, authorized, 52,112,295 of which will be outstanding. Of the outstanding shares, the Entrust Financial Stock Purchasers will hold 49,500,000 shares. The holders of common stock are entitled to one vote for each share held of record by them and may not cumulate votes. This means that the holders of more than 50% of the shares voting for the election of directors can elect all of the directors if they choose to do so; and, in such event, the holders of the remaining shares will not be able elect any person to the Board of Directors. The holders of our common stock are entitled to receive dividends when and if declared by the Board of Directors out of funds legally available for such purpose, and in the event of our liquidation, dissolution or winding up, to share ratably in all assets remaining after payment of liabilities. Holders of common stock, as such, have no conversion, preemptive or other subscription rights, and there are no redemption or sinking fund provisions applicable to the common stock. All of the outstanding shares of our common stock are fully paid and nonassessable.

Vote Required for Approval

The affirmative vote of the shareholders having a majority of the voting power of all shares present in person or represented by proxy and entitled to vote at the meeting will be required to approve the Articles Amendment. Abstentions will be counted toward the tabulation of votes cast on proposals presented to the shareholders and will have the same effect as negative votes. Broker non-votes are counted towards a quorum, but are not counted for any purpose in determining whether this matter has been approved.

Approval and Recommendation of the Board of Directors

At a meeting held on May 6, 2005, our Board of Directors unanimously:

47

-
- o determined that the Articles Amendment is fair to, and in the best interests of, Entrust Financial and its shareholders;
 - o authorized and approved the Articles Amendment; and
 - o determined to recommend that the shareholders of Entrust Financial vote FOR the approval of the Articles Amendment at the special meeting.

The Board of Directors recommends that you vote FOR the approval of the Articles Amendment.

SPECIAL MEETING INFORMATION

Proposals to be Considered at the Special Meeting

At the special meeting, the shareholders will be asked to consider and vote upon the following proposals:

1. To approve the Stock Purchase Agreement (the *Entrust Mortgage Stock Purchase Agreement*) by and among the Company, Entrust Mortgage, Inc., a wholly-owned subsidiary of the Company (*Entrust Mortgage*) and BBSB, LLC (*BBSB*) and the transactions contemplated thereby, including the sale of all shares of Entrust Mortgage to BBSB in exchange for the cancellation of any and all obligations of the Company to BBSB and Entrust Mortgage and the assumption of certain obligations of the Company to third-parties (the *Entrust Mortgage Sale*).

2. To approve the sale and issuance, in a private placement to Arnold P. Kling and R&R Biotech Partners, LLC (collectively, the *ENFN Stock Purchasers*), of 49,500,000 shares of our common stock in exchange for aggregate gross proceeds to Entrust Financial of \$500,000 (the *Entrust Financial Stock Sale*).

3. To approve an amendment to our Articles of Incorporation to increase the number of authorized shares of common stock to 100,000,000 in order to complete the Entrust Financial Stock Sale (the *Articles Amendment*).

Voting Rights; Quorum; Vote Required for Approval

Shareholders of record at the close of business on June 16, 2005, the record date for the special meeting, are entitled to notice of, and to vote at, the special meeting. As of the opening of business on the record date, there were approximately 578 holders of record of Entrust Financial common stock and 2,612,295 shares of Entrust Financial common stock outstanding. Each share of common stock entitles the holder to cast one vote at the special meeting. There are no other voting securities of Entrust Financial.

Shareholders may vote at the special meeting either in person or by proxy. However, if your shares are held for you by a bank, broker or other so-called nominee holder:

- o you must instruct your bank, broker or other nominee to vote your shares by following the procedures specified by the nominee for voting; or
- o if you want to vote in person at the meeting, you must request a proxy card in your name from your bank, broker or other nominee.

The presence in person or by proxy of the holders of a majority in voting power of the common stock outstanding on the record date is necessary to constitute a quorum at the special meeting. If there is no quorum, business cannot be conducted at the special meeting and the proposals cannot be voted on. Abstentions and so-called broker non-votes will be counted for the purpose of establishing a quorum at the special meeting.

For Proposal 1, Under Colorado law, the Stock Purchase Agreement and the Entrust Mortgage Sale must be approved by the holders of a majority of the outstanding shares of Entrust Financial common stock entitled to vote. Abstentions and broker non-votes therefore effectively will be votes against the approval of the Entrust Mortgage Sale. Because a broker, bank or other nominee cannot vote without instructions, your failure to give instructions has the same effect as a vote against the Entrust Mortgage Sale.

Under Colorado law, the affirmative vote of the shareholders having a majority of the voting power of all shares present in person or represented by proxy and entitled to vote at the meeting will be required to approve Proposal 2 and Proposal 3. Abstentions will be counted toward the tabulation of votes cast on proposals presented to the shareholders and will have the same effect as negative votes. Broker non-votes are counted towards a quorum, but are not counted for any purpose in determining whether this matter has been approved.

Voting and Revocation of Proxies

All shares of Entrust Financial common stock represented by properly executed proxies received by Entrust Financial and not revoked prior to or at the special meeting will be voted in accordance with the instructions marked on the proxies. **If no instructions are given, the proxy will be voted FOR each of the proposals set forth above.**

A shareholder may revoke a proxy:

- o by delivering to Entrust Financial's corporate secretary (at 6795 E. Tennessee Ave., 5th Floor, Denver, Colorado 80224) a later-dated signed proxy card or a written revocation prior to the vote at the special meeting; or
- o by attending the special meeting and voting in person; or
- o if a shareholder has instructed a bank, broker or other nominee holder to vote his or her shares, by following the procedures to change a vote specified by the nominee holder.

Attending the special meeting in person will not alone revoke a proxy. You must take one of the actions specified above to validly revoke a proxy. Revoking a proxy after the vote is taken at the special meeting will not have any effect.

The Board of Directors is not currently aware of any business to be brought before the special meeting other than the proposals set forth above. However, if other matters are properly presented, the persons named as proxies in the proxy card will have the discretionary authority to vote in accordance with their judgment on any such matters.

Proxy Solicitation

Entrust Financial has engaged Regan & Associates, Inc., 505 8th Avenue, Floor 12A, New York, New York 10018, to solicit proxies and to distribute proxy materials for the special meeting. Regan & Associates may also provide consulting and analytic services to Entrust Financial and provide solicitation services with regard to banks, brokers, institutional investors and individual shareholders.

Proxies may be solicited by Regan & Associates or by directors, officers and employees of Entrust Financial, in person, by mail, telephone or telegraph, over the internet or by facsimile. Directors, officers and employees of Entrust Financial will not be specifically compensated for their services. Entrust Financial anticipates that banks, brokers, nominees, custodians and fiduciaries will forward proxy soliciting material to beneficial owners of the common stock and that such persons will be reimbursed by Entrust Financial for the expenses incurred in doing so.

The expense of soliciting proxies from shareholders, as well as preparing and mailing the notice of special meeting, the proxy statement and the proxy cards, will be paid by Entrust Financial. Entrust Financial has agreed to pay Regan & Associates, Inc. a fee of \$4,000 plus reasonable out-of-pocket expenses for assisting in the solicitation of proxies.

Future Shareholder Proposals

The next annual meeting of shareholders will be held only if the Stock Purchase Agreement, the Entrust Financial Stock Sale, and the Articles Amendment are not approved or the related transactions are otherwise not completed as described in this proxy statement. Rule 14a-8 promulgated under the Exchange Act requires that we include certain shareholder proposals in our proxy statement for an annual shareholders meeting if the proposal is submitted prior to the deadline calculated under the rule. Because the date of the annual meeting, if any, would be more than 30 days after the date of the 2004 annual shareholders meeting, shareholders desiring to submit their proposals to be considered for inclusion in our proxy statement relating to that meeting must deliver their proposals to Entrust Financial by a deadline which is within a reasonable time prior to printing the proxy statement relating to the meeting. Entrust Financial would expect to announce the applicable deadline in the next Form 10-QSB filing prior to printing the proxy statement for such a meeting.

Securities and Exchange Commission rules also establish a different deadline relating to a proxy holder's discretionary voting authority on shareholder proposals that are not intended to be included in the proxy statement (the Discretionary Vote Deadline). If a shareholder gives notice of such a proposal after the Discretionary Vote Deadline, Entrust Financial's proxy holders will be allowed to use their discretionary voting authority to vote against the shareholder proposal when and if the proposal is raised at the next annual meeting of shareholders. Because the date of the annual meeting, if any, would be more than 30 days after the date of the 2004 annual meeting of shareholders, the Discretionary Vote Deadline would be a reasonable time prior to printing the proxy statement relating to the meeting.

There is no material default on the part of the Company, Seller or to the Company's or Seller's Knowledge, any other party under any of the Licenses and Permits. To the Company's and Seller's Knowledge, there exist no grounds for revocation, suspension or limitation of any of the Licenses or Permits. No notices have been received by the Company or Seller with respect to any threatened, pending, or possible revocation, termination,

suspension or limitation of the Licenses and Permits. The transactions contemplated hereby will not have a Material Adverse Effect on the Company's right to utilize the Licenses and Permits or the Business as a result of the Closing. The transfer and sale of the Stock will not alter, terminate, or cause a default under, any such License and Permits. True and complete copies of all material Licenses and Permits have been delivered to Purchaser.

3.9 Company Assets. The Company has good and marketable title to its assets, free and clear of all Encumbrances other than Permitted Liens. The Company's assets are sufficient to conduct the Business as presently conducted. No assets utilized by the Company are owned by or in the possession of Seller. The accounts receivable of the Company represent bona fide obligations arising in the ordinary course of the Business, and, to the best of the Knowledge of the Company and Seller, are fully collectible in the ordinary course, net of applicable reserves, which reserves have been appropriately accounted for on the Financial Statements based upon the good faith estimates and information available to the Company's management. The assets reflected on the Financial Statements constitute all of the material assets, properties and other rights used in the conduct of the Business.

5

3.10 Contracts. Each Contract entered into by the Company is valid, binding and enforceable and in full force and effect, except where failure to be valid, binding and enforceable and in full force and effect would not reasonably be expected to have a Material Adverse Effect and there are no defaults by the Company or, to Seller's Knowledge, another party thereto, thereunder, except those defaults that would not reasonably be expected to have a Material Adverse Effect and except as enforcement may be limited by bankruptcy, insolvency, reorganization or similar laws affecting creditors' rights generally and by general principles of equity. Except as set forth in the Disclosure Schedule or the SEC Reports, the Company is not a party to or bound by any non-competition agreement or any other agreement or obligation which purports to limit in any material respect the manner in which, or the localities in which, the Company is entitled to conduct all or any material portion of the business of the Company. All Contracts which are material, individually or in the aggregate, to the business, financial condition, results of operations or prospects of the Company taken as a whole, are filed as exhibits to the SEC Reports or listed in the Disclosure Schedule. The transfer and sale of the Stock will not alter, terminate, or cause a default under, any such Contracts. True and complete copies of all material Contracts of the Company have been delivered to Purchaser.

3.11 Intellectual Property. The Company (i) owns and possesses all right, title and interest in and to, or has a written and enforceable license to use, all of the Proprietary Rights of the Business, free and clear of all Encumbrances (other than Permitted Liens), (ii) has not received any notice of any claim by any third party contesting the validity, enforceability, use or ownership of any Proprietary Rights used in connection with the Business, nor to the Company's or Seller's Knowledge, is any such claim threatened, (iii) to the Company's or Seller's Knowledge, has not infringed, misappropriated or otherwise conflicted in any material respect with any Proprietary Rights of any third party, nor, to the Company's or Seller's Knowledge, will any such infringement, misappropriation or conflict occur as a result of the continued operation of the Business as conducted or as currently proposed to be conducted, and (iv) has made the necessary filings and recordations and has paid all required fees to record and maintain its ownership of all registered Proprietary Rights used in the Business. All Proprietary Rights will be owned by or available for use by the Company immediately subsequent to the Closing on identical terms and conditions as currently owned or used.

3.12 Real Property. The Disclosure Schedule sets forth a complete and correct list of all real properties or premises that are leased or utilized in whole or in part by the Company. The properties listed in the Disclosure Schedule constitute all the real properties utilized in connection with the Business. Complete and correct copies of all mortgages, deeds of trust, leases, guarantees of lease and other documents concerning such real property have been provided to Purchaser. The Company does not own any real property in fee. Each lease of premises utilized by the Company in connection with the Business is legal, valid and binding in all material respects, as between the Company and the other party or parties thereto except as enforcement may be limited by bankruptcy, insolvency, reorganization or similar laws affecting creditors' rights generally and by general principles of equity, and the Company is a tenant or possessor in good standing thereunder, free of any material default or breach on the part of the Company and, to the Company's and Seller's Knowledge, free of any material default or breach on the part of the lessors thereunder, and quietly enjoys the premises provided for therein.

3.13 Employees. The Disclosure Schedule sets forth (i) a complete list of all of the Company's employees and rates of pay, (ii) true and correct copies of any and all fringe benefits and personnel policies, (iii) the employment dates and job titles of each such person, (iv) categorization of each such person as a full time or part time employee of the Company, and (v) whether any such person has an employment agreement. For purposes of this Section, part time employee means an employee who is employed for an average of fewer than 20 hours per week or who has been employed for fewer than six (6) of the twelve (12) months preceding the date on which notice is required pursuant to the Worker Adjustment and Retraining Notification Act, 29 U.S.C. Section 2102 et seq. Except as set forth on the Disclosure Schedule, the Company has no employment agreements with its employees and all such employees are employed on an at will basis. The Disclosure Schedule sets forth all former employees of the Company utilizing or eligible to utilize COBRA health insurance. The Disclosure Schedule sets forth a complete list of all of the Company's employee benefits plans. All such plans have been administered in material compliance with applicable laws.

3.14 Taxes. Each of Seller and the Company has filed or will timely file all federal, state and local tax returns and tax reports required to be filed and the Company has paid all taxes, assessments, governmental charges, penalties, interest and fines due or claimed to be due by any Governmental Authority. There is no pending tax examination or audit of, nor any action, suit, investigation or claim asserted or, to the Company's or Seller's Knowledge, threatened against the Company or Seller by any Governmental Authority; and neither Seller nor the Company has been denied any extension of the limitation period applicable to any tax claims.

3.15 Insurance. The Company and Seller have in effect and have continuously maintained insurance coverage for its respective operations, personnel, assets, and for the Business. Neither the Company nor Seller is in default or breach with respect to any provision contained in any such insurance policies, and neither the Company nor Seller has failed to give any notice or to present any claim thereunder in due and timely fashion. Neither the Company nor Seller has received any notice of the intent of any insurance company to not renew or to cancel any insurance policies for the Company or Seller or materially increase the premiums thereunder and none of the insurance policies shall terminate as a result of the transactions contemplated hereby. The Company and Seller have timely made all material claims under such insurance policies. No letters of credit have been posted or cash restricted for the benefit of any such insurance policies.

3.16 Actions and Proceedings. Except as set forth in the Disclosure Schedule and the SEC Reports, there are no outstanding orders, judgments, injunctions, awards or decrees of any Governmental Authority against Seller or the Company, any of their properties, assets or business, or, to Seller's Knowledge, any of Seller or the Company's current or former directors or officers or any other person whom Seller or the Company has agreed to indemnify (with respect to such indemnification obligation), as such, that would reasonably be expected to have, individually or in the aggregate, a Material Adverse Effect. Except as set forth in the SEC Reports, to Seller's Knowledge, there are no actions, suits or legal, administrative, regulatory or arbitration proceedings pending or threatened against Seller or the Company, any of their properties, assets or business, or, to Seller's Knowledge, any of Seller's or the Company's current or former directors or officers or any other person whom Seller or the Company has agreed to indemnify, as such, that relates to the transactions contemplated by this Agreement or would reasonably be expected to have, individually or in the aggregate, a Material Adverse Effect. To Seller's Knowledge, there are no facts or circumstances specific to Seller or the Company which, if known to a third party, would reasonably be expected to result in such a suit or proceeding which could be expected to have a Material Adverse Effect.

3.17 Brokers. Neither the Company nor Seller has retained any broker or finder in connection with any of the transactions contemplated by this Agreement, and neither the Company nor Seller has incurred or agreed to pay, or taken any other action that would entitle any Person to receive, any brokerage fee, finder's fee or other similar fee or commission with respect to any of the transactions contemplated by this Agreement.

3.18 No Omissions or Misstatements. None of the information included in this Agreement and the schedules and exhibits hereto, or other documents furnished or to be furnished by the Company or Seller contains any untrue statement of a material fact or omits to state any material fact necessary or is misleading in any material respect in order to make any of the statements herein or therein not misleading in light of the circumstances in which they were made. Copies of all documents referred to in any schedule hereto have been delivered or made available to Purchaser and constitute true, correct and complete copies thereof and include all amendments, schedules, appendices, supplements or modifications thereto or waivers thereunder.

SECTION 4. REPRESENTATIONS AND WARRANTIES OF PURCHASER

Edgar Filing: ENTRUST FINANCIAL SERVICES INC - Form DEF 14A

Section 4.1 Execution and Delivery. The execution, delivery and performance by the Purchaser of this Agreement is within the Purchaser's powers and does not violate any contractual restriction contained in any agreement which binds or affects or purports to bind or affect the Purchaser. Purchaser's financial resources are sufficient to enable it to purchase the Shares upon the satisfaction of the terms and conditions set forth herein, and Purchaser has provided Seller with such evidence thereof as was reasonably requested by Seller.

Section 4.2 Binding Effect. This Agreement, when executed and delivered by the Purchaser shall be irrevocable and will constitute the legal, valid and binding obligations of the Purchaser enforceable against the Purchaser in accordance with its terms, except as may be limited by applicable bankruptcy, insolvency, moratorium and other laws of general application affecting enforcement of creditors' rights generally or general principles of equity (regardless of whether such enforceability is considered in a proceeding in equity or at law).

Section 4.3 Investment Purpose. The Purchaser hereby represents that he is purchasing the Shares for its own account, with the intention of holding the Shares, with no present intention of dividing or allowing others to participate in this investment or of reselling or otherwise participating, directly or indirectly, in a distribution of the Shares, and shall not make any sale, transfer, or pledge thereof without registration under the Securities Act and any applicable securities laws of any state unless an exemption from registration is available under those laws. The Shares delivered to Purchaser shall bear a restrictive legend indicating that they have not been registered under the Securities Act of 1933 and are restricted securities as that term is defined in Rule 144 under the Act.

Section 4.4 Investment Representation. The Purchaser represents that he has adequate means of providing for its current needs and has no need for liquidity in this investment in the Shares. Purchaser represents that he is an accredited investor as defined in Rule 501(a) of Regulation D promulgated under the Securities Act. Purchaser has no reason to anticipate any material change in its financial condition for the foreseeable future. Purchaser is financially able to bear the economic risk of this investment, including the ability to hold the Shares indefinitely or to afford a complete loss of his, her or its investment in the Shares.

Section 4.5 Investment Experience. The Purchaser has such knowledge and experience in financial and business matters as to be capable of evaluating the merits and risks of an investment in the Shares.

Notwithstanding the foregoing, Purchaser has had the opportunity to conduct its own independent investigation. The Purchaser acknowledges and agrees that the Seller has not made, nor is the Seller making, any representations or warranties with respect to the transactions contemplated hereby other than those specifically set forth herein.

Purchaser has not retained any broker or finder in connection with any of the transactions contemplated by this Agreement, and Purchaser has not incurred or agreed to pay, or taken any other action that would entitle any Person to receive, any brokerage fee, finder's fee or other similar fee or commission with respect to any of the transactions contemplated by this Agreement.

If the Registration Statement is being filed pursuant to a written agreement obligating the Seller to file same (a Registration Agreement), Purchaser requesting to be included in such

Registration Statement shall be entitled to receive all notices and documents sent by the Seller to the parties whose securities are being registered pursuant to such Registration Agreement.

Section 6.3 Access to Information. Such Special Dividend shall be paid as soon as practicable following the Closing. Purchaser shall take no action to prevent, delay or otherwise inhibit or impair the payment of such dividend according to the terms set by the Seller's Board of Directors prior to the Closing, notwithstanding the fact that such dividend shall actually be paid following Closing. Any action to the contrary shall be deemed a material breach of the terms of this Agreement.

Section 6.8 Indemnification of Purchaser. Subsidiary hereby unconditionally and fully indemnifies Purchaser and Seller from and against any and all costs, expenses and liabilities related to the outstanding litigation between the Company, the Seller and James Scott Hardin, Denver District Court Case No. 04CV9373. Each party hereto (including its affiliates, agents, officers, directors and employees) hereby irrevocably waives, to the fullest extent permitted by applicable law, any and all right to trial by jury in any legal proceeding arising out of or relating to this Agreement or the transactions contemplated hereby.

7-113-102. Right to dissent.

Statute text

(1) A shareholder, whether or not entitled to vote, is entitled to dissent and obtain payment of the fair value of the shareholder's shares in the event of any of the following corporate actions:

(a) Consummation of a plan of merger to which the corporation is a party if:

(I) Approval by the shareholders of that corporation is required for the merger by section 7-111-103 or 7-111-104 or by the articles of incorporation; or

(II) The corporation is a subsidiary that is merged with its parent corporation under section 7-111-104;

(b) Consummation of a plan of share exchange to which the corporation is a party as the corporation whose shares will be acquired;

(c) Consummation of a sale, lease, exchange, or other disposition of all, or substantially all, of the property of the corporation for which a shareholder vote is required under section 7-112-102 (1); and

(d) Consummation of a sale, lease, exchange, or other disposition of all, or substantially all, of the property of an entity controlled by the corporation if the shareholders of the corporation were entitled to vote upon the consent of the corporation to the disposition pursuant to section 7-112-102 (2).

(1.3) A shareholder is not entitled to dissent and obtain payment, under subsection (1) of this section, of the fair value of the shares of any class or series of shares which either were listed on a national securities exchange registered under the federal "Securities Exchange Act of 1934", as amended, or on the national market system of the national association of securities dealers automated quotation system, or were held of record by more than two thousand shareholders, at the time of:

(a) The record date fixed under section 7-107-107 to determine the shareholders entitled to receive notice of the shareholders' meeting at which the corporate action is submitted to a vote;

(b) The record date fixed under section 7-107-104 to determine shareholders entitled to sign writings consenting to the corporate action; or

(c) The effective date of the corporate action if the corporate action is authorized other than by a vote of shareholders.

(1.8) The limitation set forth in subsection (1.3) of this section shall not apply if the shareholder will receive for the shareholder's shares, pursuant to the corporate action, anything except:

(a) Shares of the corporation surviving the consummation of the plan of merger or share exchange;

(b) Shares of any other corporation which at the effective date of the plan of merger or share exchange either will be listed on a national securities exchange registered under the federal Securities Exchange Act of 1934", as amended, or on the national market system of the national association of securities dealers automated quotation system, or will be held of record by more than two thousand shareholders;

(c) Cash in lieu of fractional shares; or

(d) Any combination of the foregoing described shares or cash in lieu of fractional shares.

(2) (Deleted by amendment, L. 96, p. 1321, SS 30, effective June 1, 1996.)

(2.5) A shareholder, whether or not entitled to vote, is entitled to dissent and obtain payment of the fair value of the shareholder's shares in the event of a reverse split that reduces the number of shares owned by the shareholder to a fraction of a share or to scrip if the fractional share or scrip so created is to be acquired for cash or the scrip is to be voided under section 7-106-104.

(3) A shareholder is entitled to dissent and obtain payment of the fair value of the shareholder's shares in the event of any corporate action to the extent provided by the bylaws or a resolution of the board of directors.

(4) A shareholder entitled to dissent and obtain payment for the shareholder's shares under this article may not challenge the corporate action creating such entitlement unless the action is unlawful or fraudulent with respect to the shareholder or the corporation.

2

7-113-103. Dissent by nominees and beneficial owners.

Statute text

(1) A record shareholder may assert dissenters' rights as to fewer than all the shares registered in the record shareholder's name only if the record shareholder dissents with respect to all shares beneficially owned by any one person and causes the corporation to receive written notice which states such dissent and the name, address, and federal taxpayer identification number, if any, of each person on whose behalf the record shareholder asserts dissenters' rights. The rights of a record shareholder under this subsection (1) are determined as if the shares as to which the record shareholder dissents and the other shares of the record shareholder were registered in the names of different shareholders.

(2) A beneficial shareholder may assert dissenters' rights as to the shares held on the beneficial shareholder's behalf only if:

(a) The beneficial shareholder causes the corporation to receive the record shareholder's written consent to the dissent not later than the time the beneficial shareholder asserts dissenters' rights; and

(b) The beneficial shareholder dissents with respect to all shares beneficially owned by the beneficial shareholder.

(3) The corporation may require that, when a record shareholder dissents with respect to the shares held by any one or more beneficial shareholders, each such beneficial shareholder must certify to the corporation that the beneficial shareholder and the record shareholder or record shareholders of all shares owned beneficially by the beneficial shareholder have asserted, or will timely assert, dissenters' rights as to all such shares as to which there is no limitation on the ability to exercise dissenters' rights. Any such requirement shall be stated in the dissenters' notice given pursuant to section 7-113-203.

PART 2 PROCEDURE FOR EXERCISE OF DISSENTERS' RIGHTS

7-113-201. Notice of dissenters' rights.

Statute text

(1) If a proposed corporate action creating dissenters' rights under section 7-113-102 is submitted to a vote at a shareholders' meeting, the notice of the meeting shall be given to all shareholders, whether or not entitled to vote. The notice shall state that shareholders are or may be entitled to assert dissenters' rights under this article and shall be accompanied by a copy of this article and the materials, if any, that, under articles 101 to 117 of this title, are required to be given to shareholders entitled to vote on the proposed action at the meeting. Failure to give notice as provided by this subsection (1) shall not affect any action taken at the shareholders' meeting for which the notice was to have been given, but any shareholder who was entitled to dissent but who was not given such notice shall not be precluded from demanding payment for the shareholder's shares under this article by reason of the shareholder's failure to comply with the provisions of section 7-113-202 (1).

(2) If a proposed corporate action creating dissenters' rights under section 7-113-102 is authorized without a meeting of shareholders pursuant to section 7-107-104, any written or oral solicitation of a shareholder to execute a writing consenting to such action contemplated in section 7-107-104 shall be accompanied or preceded by a written notice stating that shareholders are or may be entitled to assert dissenters' rights under this article, by a copy of this article, and by the materials, if any, that, under articles 101 to 117 of this title, would have been required to be given to shareholders entitled to vote on the proposed action if the proposed action were submitted to a vote at a shareholders' meeting. Failure to give notice as provided by this subsection (2) shall not affect any action taken pursuant to section 7-107-104 for which the notice was to have been given, but any shareholder who was entitled to dissent but who was not given such notice shall not be precluded from demanding payment for the shareholder's shares under this article by reason of the shareholder's failure to comply with the provisions of section 7-113-202 (2).

3

7-113-202. Notice of intent to demand payment.

Statute text

(1) If a proposed corporate action creating dissenters' rights under section 7-113-102 is submitted to a vote at a shareholders' meeting and if notice of dissenters' rights has been given to such shareholder in connection with the action pursuant to section 7-113-201 (1), a shareholder who wishes to assert dissenters' rights shall:

(a) Cause the corporation to receive, before the vote is taken, written notice of the shareholder's intention to demand payment for the shareholder's shares if the proposed corporate action is effectuated; and

(b) Not vote the shares in favor of the proposed corporate action.

(2) If a proposed corporate action creating dissenters' rights under section 7-113-102 is authorized without a meeting of shareholders pursuant to section 7-107-104 and if notice of dissenters' rights has been given to such shareholder in connection with the action pursuant to section 7-113-201 (2), a shareholder who wishes to assert dissenters' rights shall not execute a writing consenting to the proposed corporate action.

(3) A shareholder who does not satisfy the requirements of subsection (1) or (2) of this section is not entitled to demand payment for the shareholder's shares under this article.

7-113-203. Dissenters' notice.

Statute text

(1) If a proposed corporate action creating dissenters' rights under section 7-113-102 is authorized, the corporation shall give a written dissenters' notice to all shareholders who are entitled to demand payment for their shares under this article.

(2) The dissenters' notice required by subsection (1) of this section shall be given no later than ten days after the effective date of the corporate action creating dissenters' rights under section 7-113-102 and shall:

(a) State that the corporate action was authorized and state the effective date or proposed effective date of the corporate action;

(b) State an address at which the corporation will receive payment demands and the address of a place where certificates for certificated shares must be deposited;

(c) Inform holders of uncertificated shares to what extent transfer of the shares will be restricted after the payment demand is received;

(d) Supply a form for demanding payment, which form shall request a dissenter to state an address to which payment is to be made;

4

(e) Set the date by which the corporation must receive the payment demand and certificates for certificated shares, which date shall not be less than thirty days after the date the notice required by subsection (1) of this section is given;

(f) State the requirement contemplated in section 7-113-103 (3), if such requirement is imposed; and

(g) Be accompanied by a copy of this article.

7-113-204. Procedure to demand payment.

Statute text

(1) A shareholder who is given a dissenters notice pursuant to section 7-113-203 and who wishes to assert dissenters rights shall, in accordance with the terms of the dissenters notice:

(a) Cause the corporation to receive a payment demand, which may be the payment demand form contemplated in section 7-113-203 (2) (d), duly completed, or may be stated in another writing; and

(b) Deposit the shareholder s certificates for certificated shares.

(2) A shareholder who demands payment in accordance with subsection (1) of this section retains all rights of a shareholder, except the right to transfer the shares, until the effective date of the proposed corporate action giving rise to the shareholder s exercise of dissenters rights and has only the right to receive payment for the shares after the effective date of such corporate action.

(3) Except as provided in section 7-113-207 or 7-113-209 (1) (b), the demand for payment and deposit of certificates are irrevocable.

(4) A shareholder who does not demand payment and deposit the shareholder s share certificates as required by the date or dates set in the dissenters notice is not entitled to payment for the shares under this article.

7-113-205. Uncertificated shares.

Statute text

(1) Upon receipt of a demand for payment under section 7-113-204 from a shareholder holding uncertificated shares, and in lieu of the deposit of certificates representing the shares, the corporation may restrict the transfer thereof.

(2) In all other respects, the provisions of section 7-113-204 shall be applicable to shareholders who own uncertificated shares.

7-113-206. Payment.

Statute text

(1) Except as provided in section 7-113-208, upon the effective date of the corporate action creating dissenters rights under section 7-113-102 or upon receipt of a payment demand pursuant to section 7-113-204, whichever is later, the corporation shall pay each dissenter who complied with section 7-113-204, at the address stated in the payment demand, or if no such address is stated in the payment demand, at the address shown on the corporation s current record of shareholders for the record shareholder holding the dissenter s shares, the amount the corporation estimates to be the fair value of the dissenter s shares, plus accrued interest.

(2) The payment made pursuant to subsection (1) of this section shall be accompanied by:

(a) The corporation s balance sheet as of the end of its most recent fiscal year or, if that is not available, the corporation s balance sheet as of the end of a fiscal year ending not more than sixteen months before the date of payment, an income statement for that year, and, if the corporation customarily provides such statements to shareholders, a statement of changes in shareholders equity for that year and a statement of cash flow for that year, which balance sheet and statements shall have been audited if the corporation customarily provides audited financial statements to shareholders, as well as the latest available financial statements, if any, for the interim or full-year period, which financial statements need not be audited;

(b) A statement of the corporation s estimate of the fair value of the shares;

(c) An explanation of how the interest was calculated;

(d) A statement of the dissenter's right to demand payment under section 7-113-209; and

(e) A copy of this article.

7-113-207. Failure to take action. Statute text

(1) If the effective date of the corporate action creating dissenters' rights under section 7-113-102 does not occur within sixty days after the date set by the corporation by which the corporation must receive the payment demand as provided in section 7-113-203, the corporation shall return the deposited certificates and release the transfer restrictions imposed on uncertificated shares.

(2) If the effective date of the corporate action creating dissenters' rights under section 7-113-102 occurs more than sixty days after the date set by the corporation by which the corporation must receive the payment demand as provided in section 7-113-203, then the corporation shall send a new dissenters' notice, as provided in section 7-113-203, and the provisions of sections 7-113-204 to 7-113-209 shall again be applicable.

7-113-208. Special provisions relating to shares acquired after announcement of proposed corporate action. Statute text

(1) The corporation may, in or with the dissenters' notice given pursuant to section 7-113-203, state the date of the first announcement to news media or to shareholders of the terms of the proposed corporate action creating dissenters' rights under section 7-113-102 and state that the dissenter shall certify in writing, in or with the dissenter's payment demand under section 7-113-204, whether or not the dissenter (or the person on whose behalf dissenters' rights are asserted) acquired beneficial ownership of the shares before that date. With respect to any dissenter who does not so certify in writing, in or with the payment demand, that the dissenter or the person on whose behalf the dissenter asserts dissenters' rights acquired beneficial ownership of the shares before such date, the corporation may, in lieu of making the payment provided in section 7-113-206, offer to make such payment if the dissenter agrees to accept it in full satisfaction of the demand.

(2) An offer to make payment under subsection (1) of this section shall include or be accompanied by the information required by section 7-113-206 (2).

6

7-113-209. Procedure if dissenter is dissatisfied with payment or offer. Statute text

(1) A dissenter may give notice to the corporation in writing of the dissenter's estimate of the fair value of the dissenter's shares and of the amount of interest due and may demand payment of such estimate, less any payment made under section 7-113-206, or reject the corporation's offer under section 7-113-208 and demand payment of the fair value of the shares and interest due, if:

(a) The dissenter believes that the amount paid under section 7-113-206 or offered under section 7-113-208 is less than the fair value of the shares or that the interest due was incorrectly calculated;

(b) The corporation fails to make payment under section 7-113-206 within sixty days after the date set by the corporation by which the corporation must receive the payment demand; or

(c) The corporation does not return the deposited certificates or release the transfer restrictions imposed on uncertificated shares as required by section 7-113-207 (1).

(2) A dissenter waives the right to demand payment under this section unless the dissenter causes the corporation to receive the notice required by subsection (1) of this section within thirty days after the corporation made or offered payment for the dissenter's shares.

**PART 3
JUDICIAL APPRAISAL OF SHARES**

7-113-301. Court action. Statute text

(1) If a demand for payment under section 7-113-209 remains unresolved, the corporation may, within sixty days after receiving the payment demand, commence a proceeding and petition the court to determine the fair value of the shares and accrued interest. If the corporation does not commence the proceeding within the sixty-day period, it shall pay to each dissenter whose demand remains unresolved the amount demanded.

(2) The corporation shall commence the proceeding described in subsection (1) of this section in the district court for the county in this state in which the street address of the corporation's principal office is located or, if the corporation has no principal office in this state, in the district court for the county in which the street address of its registered agent is located, or, if the corporation has no registered agent, in the district court for the city and county of Denver. If the corporation is a foreign corporation without a registered agent, it shall commence the proceeding in the county in which the domestic corporation merged into, or whose shares were acquired by, the foreign corporation would have commenced the action if that corporation were subject to the first sentence of this subsection (2).

(3) The corporation shall make all dissenters, whether or not residents of this state, whose demands remain unresolved parties to the proceeding commenced under subsection (2) of this section as in an action against their shares, and all parties shall be served with a copy of the petition. Service on each dissenter shall be by registered or certified mail, to the address stated in such dissenter's payment demand, or if no such address is stated in the payment demand, at the address shown on the corporation's current record of shareholders for the record shareholder holding the dissenter's shares, or as provided by law.

7

(4) The jurisdiction of the court in which the proceeding is commenced under subsection (2) of this section is plenary and exclusive. The court may appoint one or more persons as appraisers to receive evidence and recommend a decision on the question of fair value. The appraisers have the powers described in the order appointing them, or in any amendment to such order. The parties to the proceeding are entitled to the same discovery rights as parties in other civil proceedings.

(5) Each dissenter made a party to the proceeding commenced under subsection (2) of this section is entitled to judgment for the amount, if any, by which the court finds the fair value of the dissenter's shares, plus interest, exceeds the amount paid by the corporation, or for the fair value, plus interest, of the dissenter's shares for which the corporation elected to withhold payment under section 7-113-208.

7-113-302. Court costs and counsel fees.

Statute text

(1) The court in an appraisal proceeding commenced under section 7-113-301 shall determine all costs of the proceeding, including the reasonable compensation and expenses of appraisers appointed by the court. The court shall assess the costs against the corporation; except that the court may assess costs against all or some of the dissenters, in amounts the court finds equitable, to the extent the court finds the dissenters acted arbitrarily, vexatiously, or not in good faith in demanding payment under section 7-113-209.

(2) The court may also assess the fees and expenses of counsel and experts for the respective parties, in amounts the court finds equitable:

(a) Against the corporation and in favor of any dissenters if the court finds the corporation did not substantially comply with part 2 of this article; or

(b) Against either the corporation or one or more dissenters, in favor of any other party, if the court finds that the party against whom the fees and expenses are assessed acted arbitrarily, vexatiously, or not in good faith with respect to the rights provided by this article.

(3) If the court finds that the services of counsel for any dissenter were of substantial benefit to other dissenters similarly situated, and that the fees for those services should not be assessed against the corporation, the court may award to said counsel reasonable fees to be paid out of the amounts awarded to the dissenters who were benefited.

Cautionary Statement for Purposes of the Safe Harbor Provisions of the Private Securities Litigation Reform Act of 1995.

The matters discussed in this report on Form 10-KSB, when not historical matters, are forward-looking statements that involve a number of risks and uncertainties that could cause actual results to differ materially from projected results. Factors that may affect such forward-looking statements include, without limitation: our ability to successfully develop new products for new markets; the impact of competition on our revenues, changes in laws or regulatory requirements that may adversely affect or preclude customers from using our products for certain applications; delays in the introduction of new products or services; failure by us to keep pace with emerging technologies and business practices, potential losses from increasing level of defaulted loans due to adverse national economic conditions, and potential losses from loan fraud. and other risk factors as described from time to time in our filings with the Securities and Exchange Commission. Most of these factors

are beyond our ability to control or predict. We disclaim any intent or obligation to update our forward-looking statements, whether as a result of receiving new information, the occurrence of future events, or otherwise.

RISK FACTORS

THE OWNERSHIP AND INVESTMENT IN OUR SECURITIES INVOLVES SUBSTANTIAL RISKS. ONLY PERSONS WHO CAN AFFORD TO LOSE THEIR ENTIRE INVESTMENT SHOULD PURCHASE OUR COMMON SHARES. PROSPECTIVE INVESTORS SHOULD CAREFULLY CONSIDER THESE RISKS RELATING TO OUR COMPANY.

OUR ACCOUNTANTS HAVE EXPRESSED DOUBTS ABOUT OUR ABILITY TO CONTINUE AS A GOING CONCERN. WE HAVE INCURRED SUBSTANTIAL OPERATING LOSSES OVER THE PAST SEVERAL YEARS. AS A RESULT WE HAVE A SUBSTANTIAL ACCUMULATED DEFICIT AND A NEGATIVE STOCKHOLDERS EQUITY POSITION ON DECEMBER 31, 2004. UNLESS WE CAN IMPROVE OUR FINANCIAL SITUATION, WE WILL BE UNABLE TO PAY OUR OBLIGATIONS AND MAY NOT SURVIVE AS AN ENTITY.

For the fiscal year ended December 31, 2004, our accountants have expressed doubts about our ability to continue as a going concern. We have incurred net losses of \$3.6 million and \$216,250 during the years ended December 31, 2003 and 2004, respectively. At December 31, 2004, we had a negative stockholders' equity of \$91,009 and an accumulated retained deficit of \$7.7 million, which includes losses from our prior operations. Our ability to survive as an entity depends upon our ability to develop profitable operations, of which there can be no assurance. While we believe we have taken actions to solidify our financial condition, we cannot give assurances that these actions will be successful and that we will be able to survive as an entity.

OUR FUTURE ORGANIZATION, OPERATIONS, VIABILITY, AND POTENTIAL PROFITABILITY CANNOT BE ASSESSED AT THIS TIME. WE HAVE ENTERED INTO A STOCK PURCHASE AGREEMENT FOR THE SALE OF ALL OUTSTANDING SHARES OF ENTRUST MORTGAGE, INC., IF THE STOCK PURCHASE AGREEMENT IS APPROVED BY OUR SHAREHOLDERS, WE WILL HAVE NO OPERATIONS UPON CLOSING, UNLESS WE CAN DEVELOP AN ALTERNATIVE.

On March 4, 2005, we entered into a Stock Purchase Agreement (the "Stock Purchase Agreement") by and among us, Entrust Mortgage, Inc and BBSB, LLC ("BBSB") pursuant to which BBSB has agreed to purchase all of the issued and outstanding shares of Entrust Mortgage in exchange for the cancellation of any and all of our obligations to BBSB and Entrust Mortgage and the assumption of certain of our obligations to third-parties (the "Entrust Mortgage Sale"). We will receive no profit from the sale.

We currently conduct all of our operations through Entrust Mortgage. Upon the closing of the Entrust Mortgage Sale, we will have no ongoing operations. Our shareholders will not receive any consideration in the Entrust Mortgage Sale. We are continuing to review our strategic alternatives following the closing of the Entrust Mortgage Sale, which may include an acquisition of new operations. However, there can be no guarantee we will acquire new operations or that Entrust Financial will not be dissolved after the Entrust Mortgage Sale.

The closing of the Entrust Mortgage Sale is subject to a number of conditions, including approval of the Entrust Mortgage Sale by the requisite vote of our shareholders, receipt of all material third party consents and other customary closing conditions. There is also no guarantee that the Entrust Mortgage Sale will occur, or if it occurs, that it will occur under the present terms and conditions of the Stock Purchase Agreement. The Stock Purchase Agreement is a definitive agreement but may be amended or altered by the parties prior to closing.

As a result, our organization, the operations, the viability and the potential profitability in the future cannot be assessed at this time.

WE CANNOT GUARANTEE THAT THE ENTRUST MORTGAGE SALE WILL BE APPROVED BY OUR SHAREHOLDERS. IF THE ENTRUST MORTGAGE SALE IS NOT APPROVED, WE MAY BE FORCED TO SUSPEND OPERATIONS IN ANY CASE.

The Entrust Mortgage Sale is subject to the approval by a majority of our shareholders. We cannot guarantee that we will obtain this approval. However, since we have been unable to secure sufficient funding to expand our operations and are unable to repay our loan to BBSB, we may be forced to cease operations in any case. If we suspend operations without finding a replacement for these operations in short period of time, we

Edgar Filing: ENTRUST FINANCIAL SERVICES INC - Form DEF 14A

will probably not be viable as an entity in the future.

WE DO NOT HAVE A SUSTAINED HISTORY OF PROFITS IN OUR OPERATIONS AND THERE IS NO GUARANTEE THAT WE EVER WILL BE PROFITABLE AGAIN, PARTICULARLY IF THE ENTRUST MORTGAGE SALE OCCURS.

We were formed in 1996 and acquired the operations of a company in 1999. From the time we began operations we operated at a loss, with the exception of fiscal year 2001. Since we have no history of profitability over a sustained period of time, we have limited financial results upon which you may judge our potential. We have no idea as to whether we will ever be able to become a profitable operation. We have experienced in the past and may experience in the future under-capitalization, shortages, setbacks and many of the problems, delays and expenses encountered by any early stage business, many of which are beyond our control. These include:

- Lack of capital for our mortgage banking operations,
- Substantial delays and expenses related to testing and development of new products,
- Development and marketing problems encountered in connection with our new and existing products,
- Competition from larger and more established companies, and
- Lack of market acceptance of our products.

BECAUSE OUR HISTORY IS LIMITED, WE ARE SUBJECT TO INTENSE COMPETITION, AND WE PLAN TO SELL OUR SOLE OPERATIONS WITHOUT REALIZING ANY PROFIT FROM THE SALE, ANY INVESTMENT IN US WOULD BE INHERENTLY RISKY.

Because we are a company with a limited history of operations and profitability, our activity can be expected to be extremely competitive and subject to numerous risks. The mortgage banking and brokerage business has been highly competitive with many companies having access to the same market. Substantially all of them have greater financial resources and longer operating histories than we have and can be expected to compete within the business in which we engage and intend to engage. We are selling our sole operations without realizing any profit from the sale. Therefore, investors should consider an investment in us to be an extremely risky venture.

WE ARE AT SIGNIFICANT RISK REGARDING OUR ABILITY TO CONTINUE AS AN ENTITY IN THE FUTURE.

Our future as a company will depend primarily upon our ability to successfully find a new acquisition and to develop and to market our new products and /or services. At the present time, we have no definitive acquisition candidates to consider. We cannot guarantee that we will be able to find an acquisition candidate to replace our current operations. Further, it is possible that any future operations will not generate income sufficient to meet operating expenses or will generate income and capital appreciation, if any, at rates lower than those anticipated or necessary to sustain ourselves. Even if we find an acquisition candidate, our operations will be affected by many factors, some known by us, some unknown, and some, which are beyond our control. Any of these problems, or a combination thereof, could have a materially adverse effect on our viability as an entity and might cause the investment of our shareholders to be impaired or lost.

THERE A SIGNIFICANT RISKS ASSOCIATED WITH NON CONFORMING LOANS

The market for non-conforming loans involves risks that are not present with conforming loans. Entrust Mortgage underwrites its loans on delegated authority from its lenders. Generally loans are underwritten to established criteria. The lender is bound to purchase loans written according to those criteria. On the other hand, if a loan is not written to the established criteria, the lender is not required to purchase the loan. Entrust Mortgage then sells the loan as non-conforming into an alternative market, usually at a discount. However, these non-conforming loans provide for limited recourse to Entrust Mortgage. Therefore, if the borrower defaults on a loan within three months of sale into the secondary market, Entrust Mortgage must repurchase the loan. For second mortgages, the repurchase obligation could be as long as twelve months. Entrust Mortgage is responsible for repurchase if a determination is made that fraud was involved in the transaction. Generally, Entrust Mortgage sells most of its loans prior to the due date of the first payment. In the event that a payment becomes due prior to Entrust Mortgage's sale of the loan into the secondary market, and that payment is not made, the lender to whom to loan was sold would not be required to buy the loan. Entrust Mortgage would then be required to find an alternative buyer, usually at a discount. The existence of a significant number of non-conforming loans with problems could have a significant negative effect on the operations of Entrust Mortgage and us. There can be no guarantee that we can continue to build a successful business marketing non-conforming loans.

UNTIL WE SELL OUR OPERATIONS, WE ARE SUBJECT TO EXTENSIVE REGULATION

Edgar Filing: ENTRUST FINANCIAL SERVICES INC - Form DEF 14A

Our operations are subject to extensive regulation, supervision and licensing by federal, state and local governmental authorities and are subject to various laws and judicial and administrative decisions imposing requirements and restrictions on part or all of our operations. Our consumer lending activities are subject to the Federal Truth-in-Lending Act and Regulation Z (including the Home Ownership and Equity Protection Act of 1994), the Federal Equal Credit Opportunity Act, as amended, and Regulation B, the Fair Credit Reporting Act of 1970, as amended, the Federal Real Estate Settlement Procedures Act and Regulation X, the Home Mortgage Disclosure Act, the Federal Debt Collection Practices Act and the National Housing Act of 1934, as well as other federal and state statutes and regulations affecting our activities.

We are also subject to the rules and regulations of, and examinations by, state regulatory authorities with respect to originating and processing loans. These rules and regulations, among other things, impose licensing obligations on us, establish eligibility criteria for mortgage loans, prohibit discrimination, govern inspections and appraisals of properties and credit reports on loan applicants, collection, foreclosure and claims handling, investment and interest payments on escrow balances and payment features, mandate certain disclosures and notices to borrowers and, in some cases, fix maximum interest rates, fees and mortgage loan amounts. Failure to comply with these requirements can lead to loss of approved status, certain rights of rescission for mortgage loans, class action lawsuits and administrative enforcement action.

UNTIL WE SELL OUR OPERATIONS, WE ARE SUBJECT TO INTENSE COMPETITION FROM COMPANIES, WHICH ARE LARGER AND HAVE GREATER RESOURCES THAN WE DO.

Competition from larger and more established companies is significant and expected to increase. There are many sources of mortgages available to potential borrowers today. These sources include consumer finance companies, mortgage banking companies, savings banks, commercial banks, credit unions, thrift institutions, credit card issuers and insurance companies. Many of these alternative sources are substantially larger and have considerably greater financial, technical and marketing resources than we do, as well as more experience. Additionally, many financial services organizations against whom we compete for business have formed national loan origination networks or have purchased home equity lenders. We compete for mortgage loan business in several ways, including convenience in obtaining a loan, customer service, marketing and distribution channels, amount and term of the loan, loan origination fees and interest rates. If any of these competitors significantly expand their activities in our market, our business could be materially adversely affected. Changes in interest rates and general economic conditions may also affect our business and our competitors. During periods of rising interest rates, competitors who have locked into lower rates with potential borrowers may have a competitive advantage. Our ability to compete effectively may be adversely affected by the ability of these competitors to devote greater resources to the sale and marketing of their mortgage products than we can. In addition, one or more of our competitors may succeed or may already have succeeded in developing technologies that are more effective than any we currently offer regarding our proprietary mortgage software. In addition, there can be no guarantee that we will be able to protect our proprietary software from being copied or infringed upon. Therefore, there are no assurances that we will ever be able to maintain our profitable position in the marketplace

UNTIL WE SELL OUR OPERATIONS, OUR SUCCESS WILL BE DEPENDENT UPON OUR CURRENT MANAGEMENT.

Until we sell our operations, our success will be dependent upon the decision making of our directors and executive officers. These individuals intend to commit as much time as necessary to our business. The loss of any or all of these individuals could have a materially adverse impact on our operations.

Our Chief Executive Officer resigned on February 11, 2005 and his duties and responsibilities were assigned to our Chief Financial Officer. We cannot guarantee the results of this change.

OUR STOCK PRICE MAY BE VOLATILE, AND YOU MAY NOT BE ABLE TO RESELL YOUR SHARES AT OR ABOVE YOUR INITIAL SALE PRICE.

There has been, and continues to be, a limited public market for our common stock. Although our common stock trades on the NASD Bulletin Board, an active trading market for our shares has not, and may never develop or be sustained. If you purchase shares of common stock, you may not be able to resell those shares at or above the initial price you paid. The market price of our common stock may fluctuate significantly in response to numerous factors, some of which are beyond our control, including the following:

- o Actual or anticipated fluctuations in our operating results;
- o changes in financial estimates by securities analysts or our failure to perform in line with such estimates;
- o changes in market valuations of other mortgage brokerage companies, particularly those that sell products similar to as ours;
- o

Edgar Filing: ENTRUST FINANCIAL SERVICES INC - Form DEF 14A

- announcements by us or our competitors of significant innovations, acquisitions, strategic partnerships, joint ventures or capital commitments;
- o introduction of technologies or product enhancements that reduce the need for our products; and
- o departures of key personnel.

Of our total outstanding 2,612,295 shares as of February 28, 2005, a total of 937,114 or 36%, will be restricted from immediate resale but may be sold into the market in the near future. The remaining 1,675,181 or approximately 64% is eligible for resale. This could cause the market price of our common stock to drop significantly, even if our business is doing well.

As restrictions on resale end, the market price of our stock could drop significantly if the holders of restricted shares sell them or are perceived by the market as intending to sell them.

ISSUANCE OF ADDITIONAL SHARES COULD DEPRESS OUR STOCK PRICE.

As of February 28, 2005, under various arrangements, which we have, a total of 48,500 shares may be issued upon the exercise of various stock options and warrants. These shares of our common stock are at various exercise prices. We have registered these securities under a Form S-3. Any or all of these potential share issuances may have a negative effect on the share price of our common stock in the future.

OUR STOCK HAS A LIMITED PUBLIC TRADING MARKET.

While our common stock currently trades, our market is limited and sporadic. We cannot assure that such a market will improve in the future. We cannot assure that an investor will be able to liquidate his investment without considerable delay, if at all. If a more active market does develop, the price may be highly volatile. The factors, which we have discussed in this document, may have a significant impact on the market price of the common stock. It is also possible that the relatively low price of our common stock may keep many brokerage firms from engaging in transactions in our common stock.

THE OVER-THE-COUNTER MARKET FOR STOCK SUCH AS OURS HAS HAD EXTREME PRICE AND VOLUME FLUCTUATIONS.

The securities of companies such as ours have historically experienced extreme price and volume fluctuations during certain periods. These broad market fluctuations and other factors, such as new product developments and trends in the our industry and in the investment markets generally, as well as economic conditions and quarterly variations in our operational results, may have a negative effect on the market price of our common stock.

THE MARKET FOR OUR COMMON STOCK IS SUBJECT TO RULES RELATING TO LOW-PRICED STOCK

Our common stock is currently listed for trading in the NASD Over-The-Counter Bulletin Board Market and is subject to the penny stock rules adopted pursuant to Section 15 (g) of the Securities Exchange Act of 1934, as amended. In general, the penny stock rules apply to non-NASDAQ or non-national stock exchange companies whose common stock trades at less than \$5.00 per share or which have tangible net worth of less than \$5,000,000 (\$2,000,000 if the company has been operating for three or more years). Our tangible net worth was below the minimum requirement as of December 31, 2004. Such rules require, among other things, that brokers who trade penny stock to persons other than established customers complete certain documentation, make suitability inquiries of investors and provide investors with certain information concerning trading in the security, including a risk disclosure document, quote information, broker's commission information and rights and remedies available to investors in penny stocks. Many brokers have decided not to trade penny stock because of the requirements of the penny stock rules and, as a result, the number of broker-dealers willing to act as market makers in such securities is limited. The penny stock rules, therefore, may have an adverse impact on the market for our common stock.

WE DO NOT EXPECT TO PAY DIVIDENDS ON COMMON STOCK

We have not paid any cash dividends with respect to our common stock, and it is unlikely that we will pay any dividends on our common stock in the foreseeable future. Earnings, if any, that we may realize will be retained in the business for further development and expansion.

General Development of Business

Entrust Financial Services, Inc (the Company) was incorporated on November 8, 1996 under the laws of the State of Colorado as Centennial Banc Share Corp. The Company began operations in 1997 as a mortgage broker.

On April 30, 1999, the Company acquired Entrust Mortgage, Inc. (Entrust Mortgage), a private nationwide wholesale mortgage banking company. Entrust Mortgage, a Colorado corporation, is now a wholly owned subsidiary of the Company. The acquisition of Entrust Mortgage allowed the Company to expand its business operations into the wholesale mortgage banking industry.

In April 2001, the Company changed its name to Entrust Financial Services, Inc.

On December 31, 2002, the Company borrowed Two Million Dollars from BBSB, LLC, an unaffiliated private Colorado limited liability company. As of December 31, 2003, the Convertible Promissory Note (Note) had interest payable at 12% per annum, payable monthly, in arrears, and a 33% final interest payment only upon maturity or prepayment of the Note. The Note is secured by all the assets, (e.g. accounts, contracts, intangible assets, furniture & fixtures) of Entrust Mortgage, Inc.. In addition, the Company entered into a Pledge Agreement, whereby all the shares of the common stock of Entrust Mortgage, Inc. are held by the lender to ensure timely payment and performance of the obligation. The Note contains financial covenants, which as of the end of 2003 the Company was not in compliance with. In accordance with the Note, the Company had deposited \$500,000 into a restricted cash account as of December 31, 2003. As of December 31, 2004, the balance in the restricted cash account was \$2,805.

As of April 1, 2004, the Company and the Note Holder agreed to restructure the Note by amending and restating the Note. In exchange for the restructuring, the Holder agrees to waive the Company's uncured Events of Default existing under the Note. In addition, the outstanding Principal Amount will bear interest at a rate of 12% per annum, payable monthly in arrears. The Principal Amount will be paid in 20 installments and ending on May 1, 2006 (\$50,000 shall be paid on the first day of each month commencing on April 1, 2004 and ending on September 1, 2004; and \$100,000 shall be paid on the first day of each month commencing on January 1, 2005 and ending on May 1, 2006). The Final Interest Payment had accrued interest of \$822,000 as of the date of the restructure. The Company agreed to pay the Note Holder \$500,000 upon execution of the agreement, \$22,000 before July 1, 2004 and \$100,000 on the first day of each month commencing on October 1, 2004 and ending on December 1, 2004. The Note Holder will have the right to convert the principal amount to common stock at \$.50 per share in lieu of payment of principal amount. The Company has the right to prepay the Note at any time.

Edgar Filing: ENTRUST FINANCIAL SERVICES INC - Form DEF 14A

The Company entered into a \$30,000,000 Loan Purchase Agreement dated January 9, 2004, which provided 100% funding of the Company's mortgage loans originated. This helped the Company increase its wholesale loan production during the year without having to increase its capital ratios. The Agreement was unexpectedly terminated as of October 23, 2004 and since that time the Company has been actively looking for additional capital to maintain its wholesale production levels or a strategic partner. The Company has not been able to raise additional capital or secure a strategic partner and is currently operating the business with a \$14 million warehouse line of credit, which has been in place during 2004. The Company is in default under certain financial covenants under this warehouse line of credit, including maintaining a minimum tangible net worth. The Company can only cure this default by raising additional capital or decreasing the maximum line amount. In addition, the Company has not been able to acquire a new warehouse line of credit of any amount to replace its current credit facility.

On March 4, 2005, the Company entered into a Stock Purchase Agreement (the "Stock Purchase Agreement") by and among the Company, Entrust Mortgage and BBSB pursuant to which BBSB has agreed to purchase all of the issued and outstanding shares of Entrust Mortgage in exchange for the cancellation of any and all obligations of the Company to BBSB and Entrust Mortgage and the assumption of certain obligations of the Company to third-parties (the "Entrust Mortgage Sale").

The Company currently conducts all of its operations through Entrust Mortgage, and upon the closing of the Entrust Mortgage Sale, the Company will have no operations. The shareholders of the Company will not receive any consideration in the Entrust Mortgage Sale. The Company is continuing to review its strategic alternatives following the closing of the Entrust Mortgage Sale.

The closing of the Entrust Mortgage Sale is subject to a number of conditions, including approval of the Entrust Mortgage Sale by the requisite vote of the Company's shareholders, receipt of all material third party consents and other customary closing conditions. In addition, BBSB may not be required to close the Entrust Mortgage Sale if it notifies the Company prior to April 3, 2005 that it is not satisfied with the results of its due diligence investigation of the Company or the contents of the Company's disclosure schedule to the Stock Purchase Agreement.

No independent market surveys have ever been conducted to determine demand for the Company's mortgage loan products and services. However, as explained below in the Operations section, the mortgage loan origination volume is estimated to be in excess of \$2.0 trillion annually.

The Company has not been subject to any bankruptcy, receivership or similar proceeding.

Operations

The Company, through its wholly owned subsidiary, Entrust Mortgage, Inc. is engaged in mortgage banking activities in 38 states. The Company's mortgage banking business is principally focused on wholesale and retail residential mortgage origination activities. The Company primarily originates non-conforming mortgage loans, which are loans that do not conform to FNMA, FHLMC, FHA and VA requirements. The principal deviation from such standards relate to the lower documentation standards where there is a lower loan-to-value ratio, although some do not conform because of the size of the mortgage loan. The Company's underwriting guidelines are based upon the underwriting standards established by investors to whom such loans are sold. Entrust Mortgage accepts non-conforming first and second mortgage loan submissions, for which yields are substantially higher than for conforming mortgage loans. The mortgages are funded using an approved revolving warehouse line of credit. Presently Entrust Mortgage has a \$14 million revolving warehouse line of credit.

Wholesale loan origination involves the funding by the Company of loans submitted by non-affiliated mortgage brokers. The Company has active contractual relationships with over 600 brokers firms and supports this clientele with traditional telemarketing and a web-based, proprietary automated underwriting system that supports the loan application process 24 hours a day, 7 days a week. These mortgage brokers have executed brokerage agreements with Entrust permitting them to submit loans for approval without having to go through the broker approval process necessary to become an Entrust approved mortgage broker. Entrust Mortgage agreements with these brokers do not prohibit them from doing business with other lenders. The Company believes that these brokers will use Entrust Mortgage over our competitors for our niche products and quality of service. The Company realizes revenue from the sale of such loans to investors for a price greater than the amount paid to the mortgage broker.

Retail loan origination involves the direct solicitation of realtors, builders and prospective borrowers for the origination of mortgage loans. The Company derives revenues from the loan origination fees and the loan premium fee that is received from the purchaser of the loan. Generally, the revenue is shared on a negotiated basis with loan officers and others who procure the loan and assist in the loan origination process. The financial benefits to the Company of the retail division is both as a source of loans for the wholesale division and as a source of loan fees to improve total profits.

Edgar Filing: ENTRUST FINANCIAL SERVICES INC - Form DEF 14A

Company's management monitors the revenue streams of the various products and services. Operations are managed and financial performance is evaluated on a company-wide basis. Accordingly, the Company's entire mortgage banking operation is considered by management to be aggregated in one reportable operating segment.

The United States is one of the largest mortgage markets in the world with total outstanding mortgages exceeding \$9.4 trillion. The mortgage market growth has been driven by a loan origination volume that is estimated to have been in excess of \$3.0 trillion this past year. The mortgage banking business in the United States is highly fragmented with over 44,000 mortgage loan originators operating in the 50 states and its territories. In fact, the ten largest mortgage originators in the U.S. constitute less than 40% of the total mortgage loan market and no single mortgage originator holds a market share exceeding 8%. To capitalize on the opportunities available in the vast and potentially lucrative mortgage industry, The Company is utilizing its proprietary state-of-the-art technology and established contracts with 600 mortgage brokerage firms in 38 states as sources to gain an increasing share of the mortgage loan market.

Online mortgage loan applications have grown at a significant rate in recent years, and independent sources project this segment of the mortgage loan market to reach \$300 billion within the next five years in the U.S. The Company plans to focus its primary marketing efforts on this online segment of the mortgage loan market.

10

Entrust Mortgage has entered into seller's agreements with certain financial institutions, which management believes will provide outlets for its mortgage loan products. Entrust Mortgage offers limited documentation, unsecured personal lines of credit, no income verification loans with preferential interest rates, and high loan-to-value mortgages as its primary products. With these niche loan products, the Company is able to sell its non-conforming mortgages in the secondary markets at substantially higher prices than other mortgage lenders who market conforming mortgages.

The market for non-conforming loans involves risks that are not present with conforming loans. Entrust Mortgage underwrites its loans on delegated authority from its lenders. Generally loans are underwritten to established criteria. The lender is bound to purchase loans written according to those criteria. On the other hand, if a loan is not written to the established criteria, the lender is not required to purchase the loan. Entrust Mortgage then sells the loan as non-conforming into an alternative market, usually at a discount. However, these non-conforming loans provide for limited recourse to Entrust Mortgage. Therefore, if the borrower defaults on a loan within three months of sale into the secondary market, Entrust Mortgage must repurchase the loan. For second mortgages, the repurchase obligation could be as long as twelve months. Entrust Mortgage is responsible for repurchase if a determination is made that fraud was involved in the transaction. Generally, Entrust Mortgage sells most of its loans prior to the due date of the first payment. In the event that a payment becomes due prior to Entrust Mortgage's sale of the loan into the secondary market, and that payment is not made, the lender to whom to loan was sold would not be required to buy the loan. Entrust Mortgage would then be required to find an alternative buyer, usually at a discount.

A large segment of profitability in the mortgage loan business comes after the mortgage is completed and funded for the borrower. Once funded, the mortgages are sold into secondary markets on an individual loan basis or packaged into several loans on a bulk sale basis. Loan purchasers either hold the loans to earn interest from the coupon rate or securitize the loan portfolio to receive more immediate realization of profit. Entrust locks its loans with secondary markets prior to closing to avoid the risk in interest rate hedging. The loans are typically shipped to the investor within 10 days of funding and purchased by the secondary markets typically within two weeks of shipping. Entrust earns the interest on the loans until the sale of the loan. In most cases, the interest income exceeds the interest charged by the warehouse lender during the holding period.

The Company has implemented an automated underwriting and a computer based mortgage loan application process. Generally, the mortgage industry conducts its business through many manual steps, in a multi-forms, paper based system prone to errors. The Company's technology system is an electronic system set up to permit its mortgage broker customers to process an application very quickly. Typically an application with Entrust Mortgage can be processed in one to three minutes, thus saving processing time. Currently, the pre-approval and documentation process for a loan in the mortgage industry requires approximately one to two days to complete before submission for processing. The more loan programs offered by the mortgage company, the more complexity there is for completing the paper based forms, thus substantially increasing the time requirements to process these paper based applications. With the Company's technology based system, it has been experiencing closing ratios that are significantly improved over industry averages. Out of ten initial loan applications, the Company presently completes approximately four loans.

With the Company's technology based system, initial data entry processing and human underwriting time necessary to evaluate a mortgage prospects application under a manual system is eliminated. Back office data entry is also eliminated. There is limited human interface in the initial underwriting process and the Company's loan underwriters' time is reserved to review the authenticity of required documentation. With the Company's technology based system, management believes that the cost of back office personnel will continue to decrease, providing margins for employing higher quality personnel using systems that ensure an efficient document review process. Consequently, the loan approval process can be significantly enhanced to improve the quality of the loans.

Edgar Filing: ENTRUST FINANCIAL SERVICES INC - Form DEF 14A

The Company's technology based system turns an inexperienced loan officer into a seemingly experienced loan officer, able to provide definite answers to the borrower's questions instantaneously, without the customary mistakes. With every requirement of the loan process scripted, the customer gets accurate information from the broker who no longer has to constantly call the home office for answers.

11

With the Company's technology based application processing system, a loan officer's time is released to sell rather than study dozens of alternative loan programs offered by the firm. The Company's system also removes the insecurity that currently prevails when an inexperienced sales person attempts to describe complex loan options. Additionally, the current limits on the number of mortgage loans a producer can manage are dramatically expanded. The confidence that the lender has for the integrity of the underwriting and loan process may be enhanced as well.

Automated mortgage loan underwriting can be found currently in limited pockets of the industry. For the prime market, which are loans offering standard, government backed mortgage programs to the creditworthy customer; automated underwriting is now available on a widespread basis. The prime market, however, represents less than half of the total mortgage loan business. For the non-conforming loan market, involving more complexity, including credit issues and the need for individual loan tailoring, the manual mortgage system prevails throughout the industry.

The non-conforming market represents more than half of the total U.S. mortgage origination business, but provides three to four times the profit margins of the conforming loan market. It is in the non-conforming loan market where the Company is seeking to create a new standard and, by this standard, to establish itself as the new industry leader.

The Company focuses on niche loan products. The Company's underwriting criteria consists of loans of up to 100% of the property value with programs ranging from fully documented loans to loans, which require no income or asset verification. The Company generally writes loans with borrowers with 620 or higher credit scores, which is industry standard for this type of product. Loan to value availability lowers with lesser documentation or lower borrower credit scores.

On December 31, 2002, the Company borrowed Two Million Dollars from BBSB, LLC, an unaffiliated private Colorado limited liability company. As of December 31, 2003, the Convertible Promissory Note (Note) had interest payable at 12% per annum, payable monthly, in arrears, and a 33% final interest payment only upon maturity or prepayment of the Note. The Note is secured by all the assets, (e.g. accounts, contracts, intangible assets, furniture & fixtures) of Entrust Mortgage, Inc.. In addition, the Company entered into a Pledge Agreement, whereby all the shares of the common stock of Entrust Mortgage, Inc. are held by the lender to ensure timely payment and performance of the obligation. The Note contains financial covenants, which as of the end of 2003 the Company was not in compliance with. In accordance with the Note, the Company had deposited \$500,000 into a restricted cash account as of December 31, 2003. As of December 31, 2004, the balance in the restricted cash account was \$2,805.

As of April 1, 2004, the Company and the Note Holder agreed to restructure the Note by amending and restating the Note. In exchange for the restructuring, the Holder agreed to waive the Company's uncured Events of Default existing under the Note. In addition, the outstanding Principal Amount will bear interest at a rate of 12% per annum, payable monthly in arrears. The Principal Amount will be paid in 20 installments and ending on May 1, 2006 (\$50,000 shall be paid on the first day of each month commencing on April 1, 2004 and ending on September 1, 2004; and \$100,000 shall be paid on the first day of each month commencing on January 1, 2005 and ending on May 1, 2006). The Final Interest Payment had accrued interest of \$822,000 as of the date of the restructure. The Company agreed to pay the Note Holder \$500,000 upon execution of the agreement, \$22,000 before July 1, 2004 and \$100,000 on the first day of each month commencing on October 1, 2004 and ending on December 1, 2004. The Note Holder will have the right to convert the principal amount to common stock at \$.50 per share in lieu of payment of principal amount. The Company has the right to prepay the Note at any time.

On March 4, 2005, the Company entered into a Stock Purchase Agreement (the Stock Purchase Agreement) by and among the Company, Entrust Mortgage and BBSB pursuant to which BBSB has agreed to purchase all of the issued and outstanding shares of Entrust Mortgage in exchange for the cancellation of any and all obligations of the Company to BBSB and Entrust Mortgage and the assumption of certain obligations of the Company to third-parties (the Entrust Mortgage Sale).

The Company currently conducts all of its operations through Entrust Mortgage, and upon the closing of the Entrust Mortgage Sale, the Company will have no operations. The shareholders of the Company will not receive any consideration in the Entrust Mortgage Sale. The Company is continuing to review its strategic alternatives following the closing of the Entrust Mortgage Sale.

12

Markets

Until the sale of its mortgage company, the Company plans to continue to market residential mortgages through its network of 600 mortgage brokerage firms in 38 states, using traditional methods. Currently, the Company has a marketing strategy, which uses regional sales representatives, along with an in-house sales team to market its mortgage loan products nationwide. While the Company has an established base of mortgage brokerage firms, it continues to add new accounts through direct solicitation, fax blast marketing, mass e-mail marketing, and participation in mortgage industry trade shows.

Raw Materials

The use of raw materials is not now a material factor in the Company's operations.

Customers and Competition

The mortgage banking business is a highly competitive and fragmented industry with over 44,000 licensed mortgage loan originators. The United States is one of the largest mortgage markets in the world with total outstanding mortgages exceeding \$9.4 trillion. The mortgage market is driven by a loan origination volume in excess of \$3 trillion per year and continues to grow as inflation and other factors increase the average price of a house. The ten largest mortgage originators in the U.S. constitute less than 40% of the total mortgage origination market with no single originator holding a market share greater than 8%.

The Company's operational activities focus primarily on the mortgage loan origination business, in which there is a great deal of competition. The Company anticipates that competition will come from a number of sources, many of which will have greater resources than the Company. All lenders in the United States are potential competitors. There can be no guarantee that the Company will be able to compete successfully over the short term or long term.

Employees

Currently, the Company employs ninety-five full-time people. These employees consist of four management staff and ninety-one loan origination staff and clerical support. The Company plans to hire additional employees in the future to facilitate anticipated growth projections. None of the Company's employees are subject to a collective bargaining agreement.

Backlog

At December 31, 2004, the Company had approximately \$75 million of mortgage loans to be processed for which it anticipates approximately a 42% closure rate.

Proprietary Information

The Company owns the trade name "Mortgage 2000" and owns proprietary computer software, which it uses as the base of the Company's technology based system in its operations. The Company has a proprietary database of over 5,000 mortgage brokerage firms as potential customers.

Government Regulation

The Company is, and expects to continue to be, subject to material governmental regulation and approvals customarily incident to the operation of a mortgage banking business. Applicable Federal and state laws and rules regulate the Company. It is the Company's policy to fully comply with all governmental regulations and regulatory authorities.

Research and Development

During the fiscal year, the Company did not spend any money on research and development.

Environmental Compliance

The Company is not subject to any material environmental compliance.

Item 2. Description of Properties.

The Company's executive offices are located at 6795 E. Tennessee Ave., Fifth Floor, Denver, Colorado 80224. These are also the offices of Entrust Mortgage. The Company rents this office space on a five-year lease at a cost of \$14,972.50 per month from an unaffiliated third party. The lease terminates in 2005. The Company owns office equipment to furnish all of its offices. All of the management activities of the Company are performed in Colorado.

Item 3. Legal Proceedings

The company was founded in 1996, under the laws of Colorado, as Centennial Banc Share Corp., for the purpose of operating as a mortgage broker. In April 1999 the Company acquired Entrust Mortgage Inc. and expanded its business into the wholesale mortgage banking area.

The Company entered into a \$30,000,000 Loan Purchase Agreement dated January 9, 2004, which provided 100% funding of the Company's mortgage loans originated. The Agreement was unexpectedly terminated as of October 23, 2004 and since that time the Company has been actively looking for additional capital to maintain its wholesale production levels or a strategic partner. The Company has not been able to raise additional capital or secure a strategic partner and is currently operating the business with a \$14 million warehouse line of credit, which has been in place during 2004. The Company is in default under certain financial covenants under this warehouse line of credit, including maintaining a minimum tangible net worth. The Company can only cure this default by raising additional capital or decreasing the maximum line amount. In addition, the Company has not been able to acquire a new warehouse line of credit of any amount to replace its current credit facility.

On March 4, 2005, the Company entered into a Stock Purchase Agreement (the "Stock Purchase Agreement") by and among the Company, Entrust Mortgage and BBSB pursuant to which BBSB has agreed to purchase all of the issued and outstanding shares of Entrust Mortgage in exchange for the cancellation of any and all obligations of the Company to BBSB and Entrust Mortgage and the assumption of certain obligations of the Company to third-parties (the "Entrust Mortgage Sale").

The Business

Entrust Financial Services, Inc. is a holding company with its wholly owned subsidiary Entrust Mortgage, Inc. engaged in mortgage banking activities in 38 states. The Company's business is principally focused on wholesale and retail residential mortgage origination activities. The Company primarily originates non-conforming mortgage loans, which are loans that do not conform to FNMA, FHLMC, FHA and VA requirements. The principal deviation from such standards relate to the lower documentation standards where there is a lower loan-to-value ratio, although some do not conform because of the size of the mortgage loan. The Company's underwriting guidelines are based upon the underwriting standards established by investors to whom such loans are sold.

Wholesale loan origination involves the funding by the Company of loans submitted by non-affiliated mortgage brokers. The Company has active contractual relationships with over 600 brokers firms and supports this clientele with traditional telemarketing and a web-based, proprietary automated underwriting system that supports the loan application process 24 hours a day, 7 days a week. The Company realizes revenue from the sale of such loans to investors for a price greater than the amount paid to the mortgage broker.

Retail loan origination involves the direct solicitation of realtors, builders and prospective borrowers for the origination of mortgage loans. The Company derives revenues from the loan origination fees and the loan premium fee that is received from the purchaser of the loan. Generally, the revenue is shared on a negotiated basis with loan officers and others who procure the loan and assist in the loan origination process. The financial benefits to the Company of the retail division is both as a source of loans for the wholesale division and as a source of loan fees to improve total profits.

Results of 2004 compared to 2003

The Company entered into a \$30,000,000 Loan Purchase Agreement dated January 9, 2004, which provided 100% funding of the Company's mortgage loans originated. This helped the Company increase its wholesale loan production during the year without having to increase its capital ratios. The Agreement was unexpectedly terminated as of October 23, 2004 and since that time the Company has been actively looking for additional capital to maintain its wholesale production levels. The Company has not been able to raise additional capital and is currently operating the business with a \$14 million warehouse line of credit, which has been in place during 2004. The Company is in default under certain financial covenants under this warehouse line of credit, including maintaining a minimum tangible net worth. The Company can only cure this default by raising additional capital or decreasing the maximum line amount. In addition, the Company has not been able to acquire a new warehouse line of credit of any amount to replace its current credit facility.

Loan origination fees and gain on sale of loans increased from \$12.2million for 2003 to \$18.3 million in 2004. The increase is attributable to the wholesale Division increased funding from \$217 million in 2003 to \$340 million in 2004. In addition, the Company's retail division increased funding to \$118 million for 2004 compared to \$92.4 million in 2003. Revenue realized on each loan sold in 2004 increased compared to loans sold in the same period of 2003 primarily because of the premium income realized on each loan. Direct cost increased from \$4.2 million in 2003 to \$7.4 million in 2004. The increase was attributed to the increase in loan origination volume and fees paid to brokers.

17

Interest income increased from \$1.9 million for 2003 to \$2.4 million 2004. This increase was attributable to an increase in overall loan originations and an increase in the average balance of loans held for sale. Warehouse line of credit interest expense increased from \$1.4 million in 2003 to \$1.8 million in 2004 because of the increased loan volume from period to period.

Salaries, commissions and benefits increased from \$5.9 million in 2003 to \$7.7 million in 2004. This 30% increase is consistent with the increase in the numbers of employees and the continued investment in the expansion of the Company's wholesale organization.

The loan loss provision decreased to \$1.6 million in 2004 from \$2.9 million in 2003. The Company's loan loss reserve can fluctuate from time to time based on management's most current estimate of risk exposure, using past experience and the most available economic circumstances. During 2003, management increased the loan loss reserve to 1/2% of 1% for wholesale loan funding and provided an additional amount based on the loan default experience. The effect of the change in estimate was a one-time non-cash reduction to the Company's earnings of \$1.4 million. In addition, during 2003 the Company determined that a \$500,000 note receivable was uncollectible and was written off to the loan loss provision.

Edgar Filing: ENTRUST FINANCIAL SERVICES INC - Form DEF 14A

Interest expense related to corporate borrowings decreased from \$1 million in 2003 to \$460,000 in 2004 because the Company restructured the convertible promissory note from an effective annual rate of 45% to 12% in April 2004.

General and administrative expenses decreased from \$1.2 million in 2003 compared to \$1.0 million in 2004.

During the fiscal year ended December 31, 2003, the Company changed its method of accounting for loan revenue and related direct costs, to recognize these amounts upon the transfer and receipt of proceeds from the purchaser of the loans. Previously, the Company had recognized the revenue and related costs upon the closing of the loan. The implementation of the change in revenue recognition has been accounted for as a change in accounting principle and applies cumulatively as if the change occurred at April 1, 2003. The effect of the change was a one-time non-cash reduction to the Corporations Earnings of \$400,656 or approximately \$0.16 per share.

The Company reported a net loss in 2004 of \$216,250 (approximately \$0.08 per share) compared to a net loss of \$3.6 million (approximately \$1.43 per share) in 2003.

Because the Company has not been able to acquire a new warehouse line of credit of any amount to replace its current credit facility, the Company has had to pursue alternatives. On March 4, 2005, the Company entered into a Stock Purchase Agreement (the "Stock Purchase Agreement") by and among the Company, Entrust Mortgage and BBSB pursuant to which BBSB has agreed to purchase all of the issued and outstanding shares of Entrust Mortgage in exchange for the cancellation of any and all obligations of the Company to BBSB and Entrust Mortgage and the assumption of certain obligations of the Company to third-parties (the "Entrust Mortgage Sale").

The Company currently conducts all of its operations through Entrust Mortgage, and upon the closing of the Entrust Mortgage Sale, the Company will have no operations. The shareholders of the Company will not receive any consideration in the Entrust Mortgage Sale. The Company is continuing to review its strategic alternatives following the closing of the Entrust Mortgage Sale. One of the alternatives involves acquiring existing operations of another company. The Company has developed a process to solicit proposals from third parties for potential acquisition candidates. The Company has had discussions with interested parties. At the present time, the Company has no definitive candidates and does not know if it ever will develop any such candidates. The Company considers this process to be in line with its plan to examine its strategic alternatives.

Results of 2003 compared to 2002

Loan origination fees and gain on sale of loans increased from \$10.6 million for 2002 to \$12.2 million in 2003. The increase is attributable to the wholesale Division increased funding from \$185 million in 2002 to \$217 million in 2003. In addition, the Company's retail division increased funding to \$92.4 million for 2003 compared to \$55.7 million in 2002. The loan volume increased substantially from period to period because of the interest rate environment as individuals continue to refinance their mortgage loans. Revenue realized on each loan sold in 2003 remained the same compared to loans sold in the same period of 2002. Direct cost increased from \$3.6 million in 2002 to \$4.2 million in 2003. The increase was attributed to the increase in loan origination volume.

Interest income increased from \$1.6 million for 2002 to \$1.9 million 2003. This increase was attributable to an increase in overall loan originations and an increase in the average balance of loans held for sale. Warehouse line of credit interest expense increased from \$1.2 million in 2002 to \$1.4 million in 2003 because of the increase loan volume from period to period.

Salaries, commissions and benefits increased from \$4.2 million in 2002 to \$5.9 million in 2003. This 40% increase is consistent with the increase in the numbers of employees and the continued investment in the expansion of the Company's wholesale organization.

The loan loss provision increased to \$2.9 million in 2003 from \$1.0 million in 2002. In addition, during 2003 the Company determined that a \$500,000 note receivable was uncollectible and was written off to the loan loss provision.

Interest expense related to corporate borrowings increased from \$47,000 to \$1 million in 2003 was the result of the interest paid and accrued on the \$2,000,000 Convertible Promissory Note.

Edgar Filing: ENTRUST FINANCIAL SERVICES INC - Form DEF 14A

General and administrative expenses decreased from \$1.7 million in 2002 compared to \$1.2 million in 2003. This decrease was primarily attributable to the Company spending less on third party services such as consultants.

During the fiscal year ended December 31, 2003, the Company changed its method of accounting for loan revenue and related direct costs, to recognize these amounts upon the transfer and receipt of proceeds from the purchaser of the loans. Previously, the Company had recognized the revenue and related costs upon the closing of the loan. The implementation of the change in revenue recognition has been accounted for as a change in accounting principle and applies cumulatively as if the change occurred at April 1, 2003. The effect of the change was a one-time non-cash reduction to the Corporations Earnings of \$400,656 or approximately \$0.16 per share.

The Company reported a net loss in 2003 of \$3.6 million (approximately \$1.43 per share) compared to net loss of \$345,610 (approximately \$0.14 per share) in 2002.

Liquidity and Capital Resources

Loan origination increased substantially in 2004 compared to 2003. The increase is attributable to the wholesale Division increased funding from \$217 million in 2003 to \$340 million in 2004. In addition, the Company's retail division increased funding to \$118 million for 2004 compared to \$92.4 million in 2003.

During 2004, net cash used by operating activities was \$16.9 million compared to net cash provided by operating activities of \$1.4 million in 2003. Net cash provided and used in operating activities is impacted primarily by the origination of and proceeds from the sale of mortgage loans held for sale.

Net cash used in investing activities was approximately \$900,000 in 2003 compared to net cash provided by investing activities of approximately \$360,000 in 2004. During 2003, the Company deposited \$500,000 into a sinking fund in connection with the convertible promissory note. In 2004, those funds were released from restricted cash in connection with restructuring the convertible promissory note.

Net cash used for financing activities in 2003 was \$2.0 million and in 2004 net cash provided from financing activities was \$16.6 million. This change resulted largely from the fluctuation in warehouse lines of credit.

The decrease in net cash flow from operating, financing, and investing activities was \$1.4 million in 2003 compared to a minimal increase in cash during 2004.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Edgar Filing: ENTRUST FINANCIAL SERVICES INC - Form DEF 14A

The Board of Directors and Stockholders
 Entrust Financial Services, Inc.
 Denver, Colorado

We have audited the consolidated balance sheets of Entrust Financial Services, Inc. as of December 31, 2004 and 2003, and the related consolidated statements of operations, changes in stockholders' equity, and cash flows for the years then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the consolidated financial position of Entrust Financial Services, Inc. as of December 31, 2004 and 2003, and the consolidated results of its operations and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

As discussed in Note B, the Company changed its method of accounting for loan revenue and related direct costs during 2003.

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern. As discussed in Note A to the financial statements, the Company's significant operating losses and stockholders' deficit raise substantial doubt about its ability to continue as a going concern. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

ENTRUST FINANCIAL SERVICES, INC.
NOTES TO FINANCIAL STATEMENTS

A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization and Going Concern

Entrust Financial Services, Inc. (the Company) was incorporated on November 8, 1996, under the laws of the State of Colorado as Centennial Banc Share Corporation. The name of the Company was changed to Entrust Financial Services, Inc. as of April 6, 2001. The Company was formed for the purpose of developing and maintaining the business associated with mortgage banking.

Entrust Mortgage, Inc. was incorporated in Colorado in 1999 and is a wholly owned subsidiary of the Company. Entrust Mortgage engages primarily in the origination and wholesale purchase of non-conforming residential mortgage loans in thirty-eight states. The Company's headquarters is located in Denver, Colorado.

The Company has experienced an operating loss of \$216,250 for the year ended December 31, 2004 and has stockholder deficit of \$91,009 for the same period. The Company is in default under its current warehouse line of credit and needs to raise additional capital to correct the default. These matters raise substantial doubt about the Company's ability to continue as a going concern. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

Stockholders' Equity

The authorized capital stock of the corporation is 50,000,000 shares of common stock at \$.0000001 and 1,000,000 shares of preferred stock at \$.0000001 par value. No preferred stock has been issued.

Principles of Consolidation

The accompanying financial statements include the accounts of the Company and its wholly owned subsidiary, Entrust Mortgage, Inc. All intercompany balances and transactions have been eliminated.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amount of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Mortgage Loans Held for Sale and Revenue Recognition

Mortgage loans held for sale are carried at the lower of cost or market determined on an aggregate loan basis. Market value for mortgage loans covered by investor commitments is based on commitment prices. Market value for uncommitted loans is based on current delivery prices.

ENTRUST FINANCIAL SERVICES, INC.
NOTES TO FINANCIAL STATEMENTSA. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)Mortgage Loans Held for Sale and Revenue Recognition (Continued)

Loan origination fees, net of direct costs, are deferred and recognized over the term of the loan or at the time the loan is sold. Gains or losses from the sale of mortgages are recognized based upon the difference between the selling price and carrying value of the related loans upon sale. Interest income is accrued to income based on the principal amount outstanding.

Loans are considered sold when the Company surrenders control over the financial assets. Control is considered to have been surrendered when the transferred assets have been isolated from the Company, beyond the reach of the Company and its creditors; the purchaser obtains the right (free of conditions that constrain it from taking advantage of that right) to pledge or exchange the transferred assets; and the Company does not maintain effective control over the transferred assets through an agreement that both entitles and obligates the Company to repurchase or redeem the transferred assets before their maturity. The Company typically considers the above criteria to have been met upon acceptance and receipt of sales proceeds from the purchaser.

Property and Equipment

Computer hardware and software is depreciated and amortized using the straight-line method over five years. Furniture and equipment is depreciated using the straight-line method over seven years.

Loan Indemnification Reserve

Loans sold to investors by the Company and which met investor and agency underwriting guidelines at the time of sale may be subject to repurchase in the event of specific default by the borrower or subsequent discovery that underwriting standards were not met. The Company may, upon mutual agreement, indemnify the investor against future losses on such loans. The Company has established a reserve for losses related to these representations and warranties. In assessing the adequacy of the reserve, management evaluates various factors including actual write-offs during the period, historical loss experience, known delinquent and other problem loans, and economic trends and conditions in the industry. The Company writes off amounts when they are deemed uncollectible by management.

As of December 31, 2004, the Company has outstanding indemnification agreements with investors totaling \$686,026, requiring current aggregate monthly payments of \$56,316 and expiring May 2005 through July 2006. These liabilities are included as part of the loan indemnification reserve.

Intangible Assets

Intangible assets are amortized on a straight-line basis over their estimated useful lives. The Company, in accordance with SFAS No. 142, *Goodwill and Other Intangible Assets*, evaluates the remaining useful lives of the assets each reporting period to determine whether events and circumstances warrant a revision to the remaining period of amortization. In addition, the Company evaluates impairment in accordance with SFAS No. 144, *Accounting for the Impairment or Disposal of Long-Lived Assets* when circumstances indicate the carrying amount of the assets may not be recoverable based upon the undiscounted future cash flows of the asset. If the carrying amount is determined not to be recoverable, a write-down to fair value is recorded.

ENTRUST FINANCIAL SERVICES, INC.
NOTES TO FINANCIAL STATEMENTS

A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Income Taxes

The Company files consolidated income tax returns with its subsidiary Entrust Mortgage and tax is computed and allocated to the Companies on a separate return basis. Income taxes are provided for the tax effects of transactions reported in the financial statements and consist of taxes currently due plus deferred taxes related primarily to differences between the basis of certain assets and liabilities for financial and tax reporting. The deferred taxes represent the future tax return consequences of those differences, which will either be taxable or deductible when the assets and liabilities are recovered or settled. Deferred tax assets are limited to amounts considered to be realizable in future periods.

Advertising

Marketing costs are expensed as incurred and amounted to \$197,974 and \$172,976 for the years ended December 31, 2004 and 2003, respectively.

Cash and Cash Equivalents

For cash flow purposes, the Company considers cash and temporary investments with original maturities of three months or less, to be cash and cash equivalents. The Company typically maintains cash in financial institutions in excess of FDIC limits. The Company evaluates the creditworthiness of these financial institutions in determining the risk associated with these cash balances.

Reclassifications

Certain reclassifications have been made to prior year balances to conform to the current year financial statement presentation.

Stock Options

The Company accounts for stock options under the recognition and measurement principles of APB Opinion No. 25, *Accounting for Stock Issued to Employees*, and related interpretations. However, we do disclose the pro-forma effect on net income and earnings per share as if the Company had applied the fair value recognition provisions of FASB Statement No. 123, *Accounting for Stock-Based Compensation*, to stock-based employee compensation in footnote L.

Earnings Per Share of Common Stock

Basic earnings per share is determined using net income divided by the weighted average shares outstanding during the period. Diluted earnings per share is computed by dividing net income by the weighted average shares outstanding, assuming all dilutive potential common shares were issued. The effect of outstanding stock options was antidilutive in 2004 and 2003.

A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Recently Issued Accounting Pronouncements

In December 2004, the FASB issued FASB Statement No. 123 (Revised), Share-Based Payment. SFAS No. 123R requires public entities to measure the cost of stock-based compensation based on the grant date fair value of the award, and is effective for interim periods beginning after June 15, 2005. The financial statement impact of adopting SFAS 123R is not expected to differ materially from historical proforma disclosures. Management is evaluating the transition alternatives, all of which require compensation expense to be included in net income in 2005, and valuation methodologies allowed under the new standard.

In December 2003, the SEC issued Staff Accounting Bulletin 104, Revenue Recognition (SAB 104), which revises or rescinds portions of related interpretive guidance in order to be consistent with current authoritative accounting and auditing guidance and SEC rules and regulations. The adoption of SAB 104 as of January 1, 2004 did not have a material financial statement impact on the Company.

In March 2004, the SEC issued Staff Accounting Bulletin 105, Application of Accounting Principles to Loan Commitments (SAB 105). SAB 105 requires that certain mortgage loan commitments issued after March 31, 2004 are accounted for as derivatives until the loan is made or they expire unexercised. The adoption of SAB 105 did not have a material financial statement impact.

B. ACCOUNTING CHANGE

During 2003, management changed its method of accounting for loan revenue and related direct costs, to recognize these amounts upon the transfer and receipt of proceeds from the purchaser of the loans. Previously the Company had recognized the revenue and related costs upon closing of the loan. Had this accounting change been applied retroactively, revenue and net income for 2003 would have been reduced by \$42,440.

C. MORTGAGE LOANS HELD FOR SALE

The following summarizes mortgage loans held for sale at December 31,:

	<u>2004</u>	<u>2003</u>
Mortgage loans held for sale	\$42,098,351	\$25,206,018
Deferred direct costs, net of fees	519,786	300,506
	<u>\$42,618,137</u>	<u>\$25,506,524</u>

D. INTANGIBLE ASSETS

Intangible assets represent the excess of acquisition costs over the fair value of the net assets of acquired businesses which have been allocated to identifiable intangible assets as follows at December 31, 2004:

Description	Estimated Life	Acquisition Cost	Accumulated Amortization	Net Carrying Value
Client contracts	15 Years	\$1,200,000	\$(340,000)	\$ 860,000
Technology rights	10 Years	200,000	(107,000)	93,000
State licenses	15 Years	400,000	(73,117)	326,883
		<u>\$1,800,000</u>	<u>\$(520,117)</u>	<u>\$1,279,883</u>
		<u> </u>	<u> </u>	<u> </u>
		<u> </u>	<u> </u>	<u> </u>

Effective October 1, 2004 the estimated life of the client contracts and state licenses were changed from 20 years and 40 years, respectively, to 15 years to reflect the current economic life of these intangibles. Amortization expense will amount to \$147,250 for each of the next five years.

E. WAREHOUSE LINES OF CREDIT AND LOAN PURCHASE AGREEMENT

The Company has a \$14,000,000 warehouse line of credit agreement dated September 7, 2004, expiring September 30, 2005, which provides financing for the Company's origination of mortgage loans. The line of credit bears interest at LIBOR plus 2.50% to 3.75% depending on the underlying collateral. NOTES TO FINANCIAL STATEMENTS

 (unaudited)

NOTE 1 - ORGANIZATION AND GOING CONCERN

Entrust Financial Services, Inc. (the Company) was incorporated on November 8, 1996, under the laws of the State of Colorado as Centennial Banc Share Corporation. The name of the Company was changed to Entrust Financial Services, Inc. as of April 6, 2001. The Company was formed for the purpose of developing and maintaining the business associated with mortgage banking.

Entrust Mortgage, Inc. was incorporated in Colorado in 1999 and is a wholly owned subsidiary of the Company. Entrust Mortgage engages primarily in the origination and wholesale purchase of non-conforming residential mortgage loans in thirty-eight states. The Company's headquarters is located in Denver, Colorado.

The Company has experienced operating losses for the year ended December 31, 2004 and the period ended March 31, 2005 and has a stockholder deficit as of the same periods. The Company is in default under its current warehouse line of credit and needs to raise additional capital to correct the default. These matters raise substantial doubt about the Company's ability to continue as a going concern. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

NOTE 2 - SALE OF ENTRUST MORTGAGE, INC.

On March 4, 2005, the Company entered into a Stock Purchase Agreement (the Stock Purchase Agreement) by and among the Company, Entrust Mortgage and BBSB pursuant to which BBSB has agreed to purchase all of the issued and outstanding shares of Entrust Mortgage in exchange for the cancellation of any and all obligations of the Company to BBSB and Entrust Mortgage and the assumption of certain obligations of the Company to third-parties (the Entrust Mortgage Sale).

The Company currently conducts all of its operations through Entrust Mortgage, and upon the closing of the Entrust Mortgage Sale, the Company will have no operations. The shareholders of the Company will not receive any consideration in the Entrust Mortgage Sale. The Company is continuing to review its strategic alternatives following the closing of the Entrust Mortgage Sale including, but not limited to, the sale of control of the corporate holding company.

NOTE 3 - BASIS OF PRESENTATION

The Company, through its subsidiary, Entrust Mortgage, Inc. is engaged in mortgage banking activities in 38 states. The Company's mortgage banking business is principally focused on wholesale and retail residential mortgage origination activities. The Company primarily originates non-conforming mortgage loans, which are loans that do not conform to FNMA, FHLMC, FHA and VA requirements. The principal deviation from such standards relate to the lower documentation standards where there is a lower loan-to-value ratio, although some do not conform because of the size of the mortgage loan. The Company's underwriting guidelines are based upon the underwriting standards established by investors to whom such loans are sold.

Wholesale loan origination involves the funding by the Company of loans submitted by non-affiliated mortgage brokers. The Company has active contractual relationships with over 600 brokers firms and supports this clientele with traditional telemarketing and a web-based, proprietary automated underwriting system that supports the loan application process 24 hours a day, 7 days a week. The Company typically realizes revenue from the sale of such loans to investors for a price greater than the amount paid to the mortgage broker.

Retail loan origination involves the direct solicitation of realtors, builders and prospective borrowers for the origination of mortgage loans. The Company derives revenues from the loan origination fees and the loan premium fee that is received from the purchaser of the loan. Generally, the revenue is shared on a negotiated basis with loan officers and others who procure the loan and assist in the loan origination process. The financial benefits to the Company of the retail division is both as a source of loans for the wholesale division and as a source of loan fees to improve total profits.

Company's management monitors the revenue streams of the various products and services. Operations are managed and financial performance is evaluated on a company-wide basis. Accordingly, all of the Company's mortgage banking operation is considered by management to be aggregated in one reportable operating segment.

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America for interim financial information and with the instructions to Form 10-QSB and Regulation S-B. Accordingly, they do not include all of the information and notes required by accounting principles generally accepted in the United States of America for complete financial statements and should be read in conjunction with the Company's Annual Report on Form 10-KSB for the fiscal year ended December 31, 2004. In the opinion of management, all adjustments considered necessary for a fair presentation of the results of operations have been included. Operating results for the three months ended March 31, 2005 are not necessarily indicative of the results that might be expected for the 12 months ending December 31, 2005.

Principles of Consolidation

The accompanying financial statements include the accounts of the Company and its wholly owned subsidiary, Entrust Mortgage, Inc. All intercompany balances and transactions have been eliminated.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amount of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Mortgage Loans Held for Sale and Revenue Recognition

Mortgage loans held for sale are carried at the lower of cost or market determined on an aggregate loan basis. Market value for mortgage loans covered by investor commitments is based on commitment prices. Market value for uncommitted loans is based on current delivery prices.

Edgar Filing: ENTRUST FINANCIAL SERVICES INC - Form DEF 14A

March 31, 2005
(unaudited)

Loan origination fees, net of direct costs, are deferred and recognized over the term of the loan or at the time the loan is sold. Gains or losses from the sale of mortgages are recognized based upon the difference between the selling price and carrying value of the related loans upon sale. Interest income is accrued to income based on the principal amount outstanding.

Loans are considered sold when the Company surrenders control over the financial assets. Control is considered to have been surrendered when the transferred assets have been isolated from the Company, beyond the reach of the Company and its creditors; the purchaser obtains the right (free of conditions that constrain it from taking advantage of that right) to pledge or exchange the transferred assets; and the Company does not maintain effective control over the transferred assets through an agreement that both entitles and obligates the Company to repurchase or redeem the transferred assets before their maturity. The Company typically considers the above criteria to have been met upon acceptance and receipt of sales proceeds from the purchaser.

Loan Indemnification Reserve

Loans sold to investors by the Company and which met investor and agency underwriting guidelines at the time of sale may be subject to repurchase in the event of specific default by the borrower or subsequent discovery that underwriting standards were not met. The Company may, upon mutual agreement, indemnify the investor against future losses on such loans. The Company has established a reserve for losses related to these representations and warranties.

As of March 31, 2005, the Company has outstanding indemnification agreements with investors totaling \$515,188, requiring current aggregate monthly payments of \$56,316 and expiring May 2005 through July 2006. These liabilities are included as part of the loan indemnification reserve.

Reclassifications

Certain reclassifications have been made to prior year balances to conform to the current year financial statement presentation.

Recently Issued Accounting Pronouncements

In December 2004, the FASB issued FASB Statement No. 123 (Revised), *Share-Based Payment*. SFAS No. 123R requires public entities to measure the cost of stock-based compensation based on the grant date fair value of the award, and is effective for interim periods beginning after June 15, 2005. The financial statement impact of adopting SFAS 123R is not expected to differ materially from historical proforma disclosures. Management is evaluating the transition alternatives, all of which require compensation expense to be included in net income in 2005, and valuation methodologies allowed under the new standard.

In December 2003, the SEC issued Staff Accounting Bulletin 104, *Revenue Recognition* (SAB 104), which revises or rescinds portions of related interpretive guidance in order to be consistent with current authoritative accounting and auditing guidance and SEC rules and regulations. The adoption of SAB 104 as of January 1, 2004 did not have a material financial statement impact on the Company.

NOTE 4- WAREHOUSE LINES OF CREDIT

The Company has a \$14,000,000 warehouse line of credit agreement dated September 7, 2004, expiring September 30, 2005, which provides financing for the Company's origination of mortgage loans. The line of credit bears interest at LIBOR plus 2.50% to 3.75% depending on the underlying collateral. Purchase proceeds are withdrawn from the Company's bank account as funding proceeds from investors are deposited. The underlying mortgages and related documents and instruments collateralize the line of credit. At March 31, 2005, the outstanding principal balance of the warehouse line of credit amounted to \$13,444,302.

The agreement contains certain financial covenants, including maintenance of minimum tangible net worth and equity base, maximum debt to tangible net worth and equity base ratios, minimum current ratio, and limitations on transactions with affiliates and stockholder distributions, as defined in the agreement. As of March 31, 2005, the Company was in default under certain financial covenants. The Company is currently having discussions with then lender to resolve all outstanding issues.

NOTE 5 - CONVERTIBLE PROMISSORY NOTE

As of December 31, 2003, the Convertible Promissory Note (Note) had interest payable monthly in arrears at 12% per annum, and additional interest at 33% per annum payable upon maturity or prepayment of the Note. The Note is secured by all the assets (e.g. accounts, contracts, intangible assets, furniture & fixtures) of Entrust Mortgage, Inc.. In addition, the Company entered into a Pledge Agreement, whereby all the shares of the common stock of Entrust Mortgage, Inc. are held by the lender to ensure timely payment and performance of the obligation.

As of April 1, 2004, the Company and the Note Holder agreed to amend and restate the Note. In exchange for the restructuring, the Holder agreed to waive the Company's uncured Events of Default existing under the Note. Effective with the amendment, the outstanding principal balance will bear interest at 12% per annum, payable monthly in arrears. The principal balance is payable in 20 installments ending on May 1, 2006 (\$50,000 is payable on the first day of each month commencing on April 1, 2004 and ending on September 1, 2004; and \$100,000 is payable on the first day of each month commencing on January 1, 2005 and ending on May 1, 2006). The promissory note had accrued interest of \$822,000 as of the date of the restructure. The Company agreed to pay \$500,000 of the interest upon execution of the agreement, \$22,000 before July 1, 2004 and \$100,000 on the first day of each month commencing on October 1, 2004 and ending on December 1, 2004. The Note Holder has the right to convert the principal amount to common stock at \$.50 per share in lieu of payment of principal amount. The Company has the right to prepay the Note at any time.

NOTE 6 - INTANGIBLE ASSETS

Intangible assets represent the excess of acquisition costs over the fair value of the net assets of acquired businesses, which have been allocated to identifiable intangible assets as follows at March 31, 2005:

Effective October 1, 2004 the estimated life of the client contracts and state licenses were changed from 20 years and 40 years, respectively, to 15 years to reflect the current economic life of these intangibles. Amortization expense will amount to \$147,250 for each of the next five years.

NOTE 7 - INCOME TAXES

The Company has net operating losses of approximately \$4,473,000 available to offset future consolidated federal and state taxable income through 2023. Based upon the Company's current operating losses and the uncertainty as to future taxable income, a full valuation allowance has been provided for the Company's net deferred tax asset as of March 31, 2005.

NOTE 8 - COMMITMENTS AND CONTINGENCIES

Commitments to Originate Loans

The Company regularly enters into commitments to originate loans at a future date subject to compliance with stated conditions. These commitments have off-balance sheet risk to the extent the Company does not have matching commitments to sell the loans, which expose the Company to market risk if interest rates change. The Company is also exposed to credit loss if the loan is originated and the mortgagor does not perform. The collateral upon extension of credit typically consists of a deed of trust in the mortgagor's residential property.

Separation Agreements

On July 5, 2002, the Company's Chairman of the Board resigned. Beginning in July 2002 and continuing for a period of forty-eight months through July 2006, he shall be entitled to an amount equivalent to 15 basis points on the first \$12,500,000 in monthly funding and 5 basis points on the remaining monthly funding on wholesale and retail loans funded by the Company or the Company's lenders on behalf of the Company. The Company and/or Entrust Mortgage shall make payments on the 15th day of each month thereafter for forty-eight consecutive months. For the period ending March 31, 2005 and 2004, the Company paid \$90,372 and \$75,652, respectively, under the terms of this agreement.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

Use of Forward-Looking Statements

Some of the statements in this Form 10-QSB, including some statements in Management's Discussion and Analysis of Financial Condition and Results of Operations and Business are forward-looking statements about what may happen in the future. They include statements regarding our current beliefs, goals, and expectations about matters such as our expected financial position and operating results, our business strategy, and our financing plans. These statements can sometimes be identified by our use of forward-looking words such as anticipate, estimate, expect, intend, may, will, and similar expressions. We cannot guarantee that our forward-looking statements will turn out to be correct or that our beliefs and goals will not change. Our actual results could be very different from and worse than our expectations for various reasons. You are urged to carefully consider these factors, as well as other information contained in this Form 10-QSB and in our other periodic reports and documents filed with the Securities and Exchange Commission.

In our Form 10KSB filed with the Securities and Exchange Commission for the year ended December 31, 2004 and in the Footnotes to the unaudited Financial Statements for this report, we have identified critical accounting policies and estimates for our business.

Results of Operations

Three Months Ended March 31, 2005

The Company entered into a \$30,000,000 Loan Purchase Agreement dated January 9, 2004, which provided 100% funding of the Company's mortgage loans originated. This helped the Company increase its wholesale loan production during the year without having to increase its capital ratios. The Agreement was unexpectedly terminated as of October 23, 2004 and since that time the Company has been actively looking for additional capital to maintain its wholesale production levels. The Company has not been able to raise additional capital and is currently operating the business with a \$14 million warehouse line of credit, which has been in place during 2004. The Company is in default under certain financial covenants under this warehouse line of credit, including maintaining a minimum tangible net worth. The Company can only cure this default by raising additional capital or decreasing the maximum line amount. In addition, the Company has not been able to acquire a new warehouse line of credit of any amount to replace its current credit facility.

On March 4, 2005, the Company entered into a Stock Purchase Agreement (the "Stock Purchase Agreement") by and among the Company, Entrust Mortgage and BBSB pursuant to which BBSB has agreed to purchase all of the issued and outstanding shares of Entrust Mortgage in exchange for the cancellation of any and all obligations of the Company to BBSB and Entrust Mortgage and the assumption of certain obligations of the Company to third-parties (the "Entrust Mortgage Sale").

11

The Company currently conducts all of its operations through Entrust Mortgage, and upon the closing of the Entrust Mortgage Sale, the Company will have no operations. The shareholders of the Company will not receive any consideration in the Entrust Mortgage Sale. The Company is continuing to review its strategic alternatives following the closing of the Entrust Mortgage Sale, including, but not limited to, the sale of control of the corporate holding company.

Loan origination fees and gain on sale of loans increased from \$3.7 million for 2004 to \$4.5 million in 2005. The increase is attributable to the wholesale Division increased funding from \$63.6 million in 2004 to \$69.3 million in 2005. In addition, the Company's retail division increased funding to \$27.8 million for 2005 compared to \$24.1 million in 2004. Direct cost increased from \$1.7 million in 2004 to \$2.4 million in 2005. Revenue realized on each wholesale loan sold during this period increased by \$325 per unit compared to loans sold in the same period of 2004. Direct cost on each wholesale loan increased \$355 per unit compared to the same period of 2004, primarily because of the increase fees and commissions paid to brokers.

Interest income increased from \$406,853 for 2004 to \$675,935 for 2005. Warehouse line of credit interest expense increased from \$250,621 in 2004 to \$512,496 in 2005.

Salaries, commissions and benefits increased from \$1.2 million in 2004 to \$1.3 million in 2004.

The loan loss provision increased to \$346,532 in 2005 from \$317,908 in 2004. The Company's loan loss reserve increased because the wholesale loan volume increased during the period. The Company's loan loss reserve is based on management's most current estimate of risk exposure, using past experience and the most available economic circumstances.

Interest expense related to corporate borrowings decreased from \$241,234 in 2004 to \$62,964 in 2005. The decrease is the result of restructuring the \$2 million convertible promissory note from an effective annual interest rate of 45% to 12% in April 2004.

General and administrative expenses increased from \$205,131 in 2004 compared to \$328,260 in 2005.

The Company reported net loss for the three months ending March 31, 2005 of \$30,951 (approximately \$0.01 per share on a fully diluted basis) compared to a net loss of \$58,329 (approximately \$0.02 per share on a fully diluted basis) for this same period in 2004.

Liquidity and Capital Resources

Loan origination increased substantially for the quarter ending in 2005 compared to 2004. The increase is attributable to the wholesale Division increased funding from \$63.6 million in 2004 to \$69.3 million in 2005. In addition, the Company's retail division increased funding to \$27.8 million for 2005 compared to \$24.1 million in 2004.

During the first quarter of 2005, net cash provided by operating activities was \$28.2 million compared to \$18.8 million in 2004. Net cash provided in operating activities is impacted primarily by the origination of and proceeds from the sale of mortgage loans held for sale.

Net cash used in investing activities was minimal in 2005 and approximately \$350,000 in 2004 because the Company deposited \$300,000 into a sinking fund in connection with the requirement of the Convertible Promissory Note.

Net cash used for financing activities in 2005 was \$28.5 million and in 2004 was \$18.3 million primarily because of the net payments on the warehouse line of credit. The Company also repaid long-term debt and capital lease obligations of \$317,000.

The decrease in net cash flow from operating, financing, and investing activities was \$0.3 million in 2005 compared to an increase in cash of \$0.2 million for the same period in 2004.

Because the Company has not been able to acquire a new warehouse line of credit of any amount to replace its current credit facility, the Company has had to pursue alternatives. On March 4, 2005, the Company entered into a Stock Purchase Agreement (the "Stock Purchase Agreement") by and among the Company, Entrust Mortgage and BBSB pursuant to which BBSB has agreed to purchase all of the issued and outstanding shares of Entrust Mortgage in exchange for the cancellation of any and all obligations of the Company to BBSB and Entrust Mortgage and the assumption of certain obligations of the Company to third-parties (the "Entrust Mortgage Sale").

The Company currently conducts all of its operations through Entrust Mortgage, and upon the closing of the Entrust Mortgage Sale, the Company will have no operations. The shareholders of the Company will not receive any consideration in the Entrust Mortgage Sale. The Company is continuing to review its strategic alternatives following the closing of the Entrust Mortgage Sale. One of the alternatives involves acquiring existing operations of another company. The Company has developed a process to solicit proposals from third parties for potential acquisition candidates. The Company has had discussions with interested parties. At the present time, the Company has no definitive candidates and does not know if it ever will develop any such candidates. The Company considers this process to be in line with its plan to examine its strategic alternatives.

ITEM 3. CONTROLS AND PROCEDURES

(a) Evaluation of Disclosure Controls and Procedures

As of the end of the period covered by this quarterly report on Form 10-QSB, we evaluated the effectiveness of the design and operation of its disclosure controls and procedures (as defined in the Securities Exchange Act of 1934 Rules 13a-15(e) and 15d-15(e)). That evaluation was performed under the supervision and with the participation of its management, including its Chief Executive Officer and its Chief Financial Officer. Based on that evaluation, our Chief Financial Officer concluded that the Company's disclosure controls and procedures are effective in timely alerting him to material information relating to Entrust Financial Services required to be included in its periodic SEC filings.
