APRIL 26, 2013

INTRODUCTION

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors (the "Board") of Central Pacific Financial Corp. The approximate date on which this Proxy Statement and accompanying Notice and form of proxy are first being mailed to shareholders is on or about March 15, 2013.

Matters to be Considered

The matters to be considered and voted upon at the Meeting will be:

- (1) **Election of Directors.** To elect up to nine (9) persons to the Board of Directors for a term of one (1) year and to serve until their successors are elected and qualified, as more fully described in this Proxy Statement.
- (2) **Ratification of Appointment of Independent Registered Public Accounting Firm.** To ratify the appointment of KPMG LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2013.
- (3) **2013 Stock Compensation Plan.** To approve the Company's 2013 Stock Compensation Plan.
- (4) **Executive Compensation.** To consider an advisory (non-binding) proposal to approve the compensation of the Company's executive officers.
- (5) **Other Business.** To transact such other business as may properly come before the Meeting and at any and all adjournments thereof.

Record Date, Outstanding Securities and Voting Rights

The Board fixed the close of business on February 25, 2013 as the record date (the "Record Date") for the determination of the shareholders of the Company entitled to notice of and to vote at the Meeting. Only holders of record of shares of the Company's Common Stock ("Common Stock") at the close of business on the Record Date will be entitled to vote at the Meeting and at any adjournment or postponement of the Meeting. There were 41,912,516 shares of the Company's Common Stock, no par value, issued and outstanding on the Record Date, held by approximately 2,762 holders of record. There are no other classes of shares of the Company's capital stock outstanding.

Each holder of Common Stock will be entitled to one (1) vote, in person or by proxy, for each share of Common Stock standing in the holder's name on the books of the Company as of the Record Date on any matter submitted to the vote of the shareholders.

Quorum

The required quorum for the transaction of business at the Meeting is a majority of the total outstanding shares of Common Stock entitled to vote at the Meeting, either present in person or represented by proxy. Abstentions will be included in determining the number of shares present at the Meeting for the purpose of determining the presence of a quorum.

Broker Authority to Vote

Under the rules of the National Association of Securities Dealers, Inc., member brokers generally may not vote shares held by them in street name for customers unless they are permitted to do so under the rules of any national securities exchange of which they are a member. Under the rules of the New York Stock Exchange, Inc. ("NYSE"), a member broker who holds shares in street name for customers has the authority to vote on certain "routine" items if it has transmitted proxy soliciting materials to the beneficial owner but has not received instructions from that owner. NYSE rules permit member brokers that do not receive instructions from their customers to vote on number 2 as discussed above in their discretion. NYSE member brokers will not be permitted to vote on item numbers 1, 3 or 4 unless they receive instructions from their customers.

Vote Required to Approve the Proposals

The following chart sets forth the required vote to approve each matter to be considered and voted upon at the Meeting, and the effect of "Withhold" votes, abstentions, and broker non-votes.

Item/Proposal	Required Vote	Effect of "Withhold" Votes, Abstentions, Broker Non-Votes
Item 1 Election of Directors	Affirmative vote of a plurality of the shares of Common Stock present in person or by proxy and entitled to vote.	"Withhold" votes will have the effect of a vote AGAINST the election of directors. Broker non-votes will have no effect on the voting for the election of directors.
Item 2 Ratification of the appointment of KPMG LLP as the Company's independent registered public accounting firm for fiscal year 2013	Affirmative vote of a majority of the shares of Common Stock cast on the matter.	Abstentions and broker non-votes will have no effect in calculating the votes on this matter.
Item 3 2013 Stock Compensation Plan	Affirmative vote of a majority of the shares of Common Stock cast on the matter, provided that, the total vote cast exceeds 50% of the outstanding shares of Common Stock on the Record Date.	Abstentions and broker non-votes will have no effect in calculating the votes on this matter provided that they do not result in the failure to achieve the 50% minimum vote.
Item 4 Proposal Relating to an Advisory (Non-Binding) Vote on Executive Compensation	Affirmative vote of a majority of the shares of Common Stock cast on the matter.	Abstentions and broker non-votes will have no effect in calculating the votes on this matter.

Additional information regarding each of these items (also referred to as proposals) is provided in the section titled DISCUSSION OF PROPOSALS RECOMMENDED BY THE BOARD OF DIRECTORS (for Items/Proposals 1 through 4 above).

Edgar Filing: CENTRAL PACIFIC FINANCIAL CORP - Form DEF 14A

The following is the Board's recommendation with respect to each of the items to be considered and voted upon at the Meeting:

Item 1 The Board recommends a vote "FOR" the election of all nominees as directors.

Item 2 The Board recommends a vote "FOR" ratification of the appointment of KPMG LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2013.

Item 3 The Board recommends a vote "FOR" approval of the Company's 2013 Stock Compensation Plan.

Item 4 The Board recommends a vote "FOR" the compensation of the Company's executive officers.

It is not anticipated that any matters will be presented at the Meeting other than as set forth in the accompanying Notice of the Meeting. If any other matters are presented properly at the Meeting, however, the proxy will be voted by the proxy holders in accordance with the recommendations of the Board.

Voting

Voting by Mail. Shareholders can ensure that their shares are voted at the Meeting by completing, signing, dating and mailing the enclosed proxy card in the enclosed postage-prepaid envelope.

Voting by Telephone or the Internet. Voting by telephone or the Internet is fast and convenient and your vote is immediately confirmed and tabulated. If you choose to vote by telephone or the Internet, instructions to do so are set forth on the enclosed proxy card. The telephone and Internet voting procedures are designed to authenticate votes cast by use of a personal identification number, which appears on the proxy card. These procedures allow shareholders to appoint a proxy to vote their shares and to confirm that their instructions have been properly recorded. If you vote by telephone or the Internet, you do not have to mail in your proxy card, but your vote must be received by the voting deadline set forth on the proxy card.

If your shares are held by a bank, broker or other nominee, please follow the instructions provided with your proxy materials to determine if telephone or Internet voting is available. If your bank or broker does make telephone or Internet voting available, please follow the instructions provided on the voting form supplied by your bank or broker.

If you vote by telephone or the Internet, you should not return your proxy card.

Revocability of Proxies

Any shareholder who executes and delivers a proxy has the right to revoke it at any time before it is exercised by filing with the Corporate Secretary of the Company an instrument revoking it or a duly executed proxy bearing a later date. A proxy may also be revoked by attending the Meeting and voting in person at the Meeting. Subject to such revocation, all shares represented by a properly executed proxy received in time for the Meeting will be voted by the proxy holders in accordance with the instructions on the proxy. If your shares are held in street name, you should follow the instructions of your broker, bank or nominee regarding the revocation of proxies.

Solicitation of Proxies

This solicitation of proxies is made on behalf of the Board and the Company will bear the costs of the preparation of proxy materials and the solicitation of proxies for the Meeting. It is contemplated that proxies will be solicited principally through the mail, but directors, officers and regular employees of the Company or its subsidiary, Central Pacific Bank (the "Bank"), may solicit proxies personally, by

Edgar Filing: CENTRAL PACIFIC FINANCIAL CORP - Form DEF 14A

telephone, electronically or by other means of communication. The Company has retained D.F. King & Co., Inc. to assist it in connection with the solicitation of proxies for a fee of approximately \$11,500, plus reimbursement of expenses.

Audit Committee

The Audit Committee held nine (9) meetings during 2012. The responsibilities of the Audit Committee are described below under the subheading "Report of the Audit Committee". The Audit Committee operates under a Charter adopted by the Board. The Charter of the Audit Committee is available on the Company's website (www.centralpacificbank.com). The current members of the Company's Audit Committee are Earl E. Fry (Chair), Christine H. H. Camp, Duane K. Kurisu, and Crystal K. Rose, each of whom is "independent" within the meaning of the listing standards of the NYSE and the rules of the SEC. The Board has also determined that each member is financially literate, as such qualification is defined under the rules of the NYSE, and that each member has accounting or related financial management expertise, as such qualification is defined under the rules of the NYSE, and that Mr. Fry and Ms. Camp are each an "audit committee financial expert" within the meaning of the rules of the SEC. No member of the Audit Committee serves on the audit committee of any other publicly registered company.

Pursuant to the Company's Audit Committee Charter, the Audit Committee reviews and evaluates all related party transactions that are material to the financial statements pursuant to the Company's Policy Regarding Transactions with Related Persons, and determines conflicts of interest pursuant to the Company's Code of Conduct & Ethics and pursuant to its Code of Conduct & Ethics for Senior Financial Officers. In addition, certain loans to directors and executive officers and their related interests are subject to the lending restrictions set forth in Federal Reserve Board Regulation O and the lending policies and procedures of the Bank. Each director and executive officer is required to report to the Company transactions with the Company in which they have an interest.

Compensation Committee

The Compensation Committee held ten (10) meetings during 2012. The Compensation Committee's primary purpose is to assist the Board in discharging the Board's responsibilities relating to compensation of the Company's executive officers by evaluating and recommending to the Board approval of executive officer benefit, bonus, incentive compensation, severance, equity-based or other compensation plans, policies and programs of the Company and providing all required disclosures on executive compensation for inclusion in the Company's Proxy Statement. The functions of the Compensation Committee are further described in "Compensation of Directors and Executive Officers" below, under the subheading "Compensation Discussion and Analysis." Interaction with Consultants

From time to time, the Compensation Committee seeks advice from outside experts in the compensation field. The Compensation Committee has historically engaged a compensation consultant to provide input on both Board and executive compensation issues. In 2012 the Committee retained McLagan, an AonHewitt Company. McLagan is a compensation consulting and performance benchmarking firm focused exclusively on the financial services sector.

In 2012, the Compensation Committee engaged McLagan to provide market benchmarking information and advisory services related to executive compensation plan design features, positioning to market, and regulatory compliance. McLagan was engaged directly by the Compensation Committee and McLagan consultants reported directly to the Compensation Committee for its services in these capacities. The Compensation Committee discusses, reviews, and approves all consulting projects performed by McLagan and periodically reviews the relationship with McLagan and considers competitive proposals from other firms.

The Compensation Committee considered the independence of McLagan, an Aon Hewitt company, in light of new SEC rules and NYSE listing standards. The Compensation Committee requested and received a report from McLagan addressing the independence of McLagan and its consultants, including the following factors: (1) other services provided to us by McLagan; (2) fees paid by us as a percentage of Aon's total revenue; (3) policies or procedures maintained by McLagan that are designed to prevent a conflict of interest; (4) any business or personal relationships between the consultants and a member of the Compensation Committee; (5) any company stock owned by the consultants; and (6) any business or personal relationships between our executive officers and the consultants. The Compensation Committee discussed these considerations as well as other considerations and concluded that the work performed by McLagan and its consultants involved in the engagements did not raise any conflict of interest.

Governance Committee

The Governance Committee held four (4) meetings during 2012. The Governance Committee is responsible for promoting the best interests of the Company and its shareholders through the implementation of sound corporate governance principles and practices, including identifying individuals qualified to become Board members, recommending nominees for directors of the Company, reviewing the qualifications and independence of the members of the Board and its committees, reviewing and monitoring the Company's Corporate Governance Guidelines, monitoring the Board's and the Company's compliance regarding changes in corporate governance practices and laws and leading the Board in its annual review of the performance of the Board. The Charter of the Governance Committee and the Company's Corporate Governance Guidelines are available on the Company's website (www.centralpacificbank.com). The current members of the Company's Governance Committee are Paul J. Kosasa (Chair), Alvaro J. Aguirre, Christine H. H. Camp, and Crystal K. Rose, each of whom is "independent" within the meaning of the listing standards of the NYSE.

Director Resignation Policy

On January 28, 2009, the Board adopted a "Director Resignation Policy" which provides that at any shareholder meeting at which directors are subject to an uncontested election, any nominee for director who receives a greater number of votes "withheld" from his or her election than votes "for" such election shall tender a letter of resignation to the Board for consideration by the Governance Committee. The Governance Committee shall recommend to the Board the action to be taken with respect to such offer of resignation. The Board shall act promptly with respect to each such letter of resignation and shall notify the director concerned of its decision. Any director who tenders his or her resignation pursuant to this provision shall not participate in the Governance Committee or Board action regarding whether to accept his or her resignation offer.

Equity Grant Guidelines

The Company has Equity Grant Guidelines ("Equity Guidelines") which are to be considered in connection with grants of Company equity whether in the form of Company stock, stock options, or other forms of equity grants made by the Company to directors, officers or employees of the Company or any of its subsidiaries. The Equity Guidelines set forth guidelines regarding how and when grants may be made, including how grants are to be approved and documented.

Director Independence and Relationships

The Board has determined, in accordance with our Standards Regarding Director Independence, that all directors who are currently directors or who served during 2012 and all nominees (other than Mr. Dean who is President and Chief Executive Officer) are "independent" within the meaning of the rules of the NYSE. All of the directors and nominees (other than Mr. Dean) are non-employees. All committees of the Board are comprised solely of independent directors.

With respect to those directors who were determined independent by the Board, the following transactions, relationships and arrangements were considered by the Board in its determination of a director's independence and none were found to be material as they relate to director independence:

Loans to Related Persons

The Bank, which is a wholly-owned subsidiary of the Company, has made (in addition to the loans specified in the "Director Independence and Relationships" section immediately preceding this section) loans to directors and executive officers, their immediate family members, and companies in which they have an interest, in the ordinary course of its business as a bank. These loans were made on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable loans with persons not related to the Bank and do not involve more than the normal risk of collectibility or present other unfavorable features.

Policy Regarding Transactions with Related Persons

The Company has a Board approved written policy ("Policy Regarding Transactions with Related Persons") which sets forth the process and procedures for the review, approval, ratification and disclosure of any transaction with a related person ("transaction" and "related person" being as defined by Item 404 of SEC Regulation S-K). Transactions with related persons that affect a director's independence are reviewed by the Company's Governance Committee. Transactions with related persons that involve loans are reviewed by the Bank's Board Directors Loan Committee. All other transactions with related persons that are material to the financial statements are reviewed by the Company's Audit Committee.

Board Leadership Structure and Risk Oversight

The Company's Board has no policy with respect to the separation of the offices of Chairman, President and Chief Executive Officer. It is the Board's view that rather than having a rigid policy, the Board, with the advice and assistance of its Governance Committee, and upon consideration of all relevant factors and circumstances, will determine, as and when appropriate, whether the offices of Chairman, President and Chief Executive Officer should be separate. The Board has determined that having two separate individuals serve as Chief Executive Officer and Chairman, respectively, is in the best interests of the Company and its shareholders at this time. On April 20, 2011, John C. Dean was appointed President and Chief Executive Officer of the Company and the Bank, and Crystal K. Rose was appointed as the Chair of the Board of the Company and the Bank. Prior to these appointments, Mr. Dean had served as Executive Chairman of the Company and the Bank, and Ms. Rose was the

lead director of the Board of the Company and the Bank. The Chief Executive Officer is responsible for setting the strategic direction and the day-to-day leadership and performance of the Company, while the Chair of the Board provides overall leadership to the Board, works with the Chief Executive Officer to prepare Board meeting agendas and chairs meetings of the Board. This leadership structure allows the Chief Executive Officer to focus on his operational responsibilities, while keeping a measure of independence between the oversight functions of the Board and those operating decisions. All members of the Board are outside (non-management) directors, with the sole exception of Mr. Dean. As the Board's lead director until April 20, 2011, and as Chair of the Board since April 20, 2011, Ms. Rose presided over all meetings of the non-management directors in executive sessions, acted as liaison and facilitated communications between the Board and the principal executive officer, and ensured independent Board governance and oversight of management. In addition, all members of the Board's Audit Committee, Compensation Committee, and Governance Committee are comprised of independent, non-management directors.

The Company is a one-bank holding company, with the Bank being the Company's only bank subsidiary. All of the directors on the Company's Board also serve on the Bank's Board of Directors. In addition, all of the Company's directors who serve on the Company's Audit Committee, Compensation Committee and Governance Committee also serve on those same board level committees at the Bank. Ernst & Young, the Company's and Bank's Internal Auditor effective February 1, 2010, reports directly to the Company's and Bank's respective Audit Committees. In addition, the Bank also has an additional board level Trust Committee and Directors Loan Committee which provide board level oversight over the Bank's trust activities and lending activities, respectively. The Company's and Bank's Audit Committees perform the required and customary risk oversight functions of an Audit Committee, which will include, overseeing accounting, auditing, internal controls, legal and regulatory matters, financial reporting and financial risk. The Company's and the Bank's Compensation Committees perform the required and customary risk oversight functions of a Compensation Committee, which will include, overseeing the Company's and Bank's compliance with any laws, rules and regulations applicable to the Company's and Bank's compensation practices, plans and programs, and to ensure that compensation is not structured in a way which will encourage unnecessary or excessive risk taking. The Company's and Bank's Chief Financial Officer and General Counsel report regularly to the Company's and Bank's Audit Committees. The Company's and Bank's Chief Credit Officer is required to report regularly to the Bank's Directors Loan Committee. All Company and Bank executive officers report regularly to the Company's and Bank's Board of Directors.

Code of Conduct & Ethics

The Company is committed to promoting and fostering ethical conduct and sound corporate governance principles. The Company has a Code of Conduct & Ethics applicable to all employees, officers and directors of the Company. In addition, the Company also has a supplemental Code of Conduct & Ethics for Senior Financial Officers, which is applicable to the Chief Executive Officer, President, Chief Financial Officer, Controller, any other principal financial officer or principal accounting officer and any other person fulfilling and/or performing any similar role, function or capacity. Both of the aforementioned Codes of Conduct & Ethics are available on the Company's website (www.centralpacificbank.com).

Director Nomination Process

Director Qualifications. The Governance Committee is responsible for reviewing the qualifications and independence of director nominees in accordance with the criteria set forth in the Company's Corporate Governance Guidelines. The general criteria considered include independence, diversity, age, skills, experience and other relevant considerations in the context of the needs of the Board. Diversity

is considered and desired and is viewed in a broad context; we seek Board members from different professions, industries, backgrounds, experiences, cultures, ethnicities, races, and gender, who can thus represent Hawaii's multi-cultural, multi-ethnic, and multi-racial population and community.

Identifying and Evaluating Nominees. The Board seeks to identify candidates for director positions that are best qualified and suited to meet the needs of the Company and to present these candidates for shareholder approval, as and when director positions become open and available. The Governance Committee will first identify, review, evaluate and recommend to the Board, nominees for director positions. The Board will then vote whether or not to recommend such nominees to the Company's shareholders for election.

In identifying potential director nominees, the Governance Committee will search within the State of Hawaii and may search outside the State of Hawaii for any potential director candidates, and in this regard, may utilize the services of a professional search firm. While the same general criteria set forth above shall be applied in evaluating a candidate's qualifications, it is difficult to enumerate all of the attributes, skills and qualities that the Governance Committee and/or Board may, at any given point in time, determine, consider and value in evaluating, selecting and recommending director nominees. Accordingly, the Governance Committee and the Board exercise their discretion and consider any circumstances, experiences, attributes, skills, qualities, and factors applicable to any director nominee with the intent and purpose of having the best qualified and best suited directors serving on the Board at all times, as well as ensuring that the Board as a whole is diverse and well rounded. The Board may enlist the services of a third party to conduct a background check or other investigation in order to determine whether a candidate meets any criteria.

Shareholder Nominees. In accordance with the policies set forth in the Company's Corporate Governance Guidelines and the Company's Bylaws (as amended), the Governance Committee will consider properly submitted director nominees for election at the 2014 Annual Meeting of Shareholders recommended by shareholders if such recommendations are received in writing not less than ninety (90) calendar days nor more than one hundred twenty (120) calendar days prior to the first anniversary date of the annual meeting for the preceding year, and comply with all other applicable requirements set forth in said Corporate Governance Guidelines and Bylaws (as amended). Shareholder recommendations should be addressed to the Company's Corporate Secretary, P.O. Box 3590, Honolulu, Hawaii 96811.

Communications with the Board

Shareholders of the Company and others may send written communications directly to the Board, addressed to: Board of Directors of Central Pacific Financial Corp., 220 South King Street, 22nd Floor, Honolulu, Hawaii 96813. Any such communication may be directed to the attention of the Chair of the Board or the Chair of any Board Committee (such as, for example, the Chair of the Audit Committee or the Chair of the Governance Committee) or to the non-management or independent directors. Shareholders and others sending such communications should include the following in their written communication: (a) such shareholder(s) and others should identify himself/herself/itself/themselves, and if a shareholder, provide reasonably satisfactory proof of their ownership of the Company's stock; (b) such shareholder(s) and others should state in reasonable detail and communicate with reasonable clarity and specificity their issue or concern; and (c) such shareholder(s) and others should include their contact information (at a minimum, phone number and address). Shareholders and others who wish to communicate anonymously with the Board or any group of the Board should refer to the Company's Complaint Policy. However, nothing that is stated in this paragraph shall override any requirements imposed on any shareholder communications under the Company's Articles of Incorporation (as amended) or Bylaws (as amended) or other governing documents or by any law, rule or regulation.

REPORT OF THE AUDIT COMMITTEE

The following Report of the Audit Committee does not constitute soliciting material and should not be deemed filed or incorporated by reference into any other Company filings under the United States Securities Act of 1933, as amended, or under the United States Securities Exchange Act of 1934, as amended, except to the extent we specifically incorporate this Report by reference.

As of February 25, 2013, the Audit Committee is comprised of four (4) non-management directors and operates pursuant to a written charter that was readopted by our Board in March 2012. The charter is also available on our website at <https://www.centralpacificbank.com>. During 2012, the Audit Committee held nine (9) meetings, including four (4) private sessions with the independent auditors, and five (5) private sessions with the Director of Enterprise Risk Management and Internal Audit and Credit Review Coordinator. The Audit Committee's primary purposes are to: (a) assist the Board in its oversight of (i) the integrity of the Company's financial statements, (ii) the Company's compliance with legal and regulatory requirements, (iii) the Company's independent auditors' qualifications and independence, and (iv) the performance of the Company's internal audit function and independent auditors; (b) decide whether to appoint, retain or terminate the Company's independent auditors and to pre-approve all audit, audit-related and other services, if any, to be provided by the independent auditors; and (c) prepare this Report. The Board has determined, upon the recommendation of the Governance Committee, that each member of the Audit Committee is "independent" within the meaning of the rules of the NYSE and the SEC. The Board has also determined that each member is financially literate and has accounting or related financial management expertise, as such qualifications are defined under the rules of the NYSE, and that two (2) members are "audit committee financial experts" within the meaning of the rules of the SEC, being Earl E. Fry, Chair of the Audit Committee, and Christine H. H. Camp. The Audit Committee is established in accordance with Section 3(a)(58)(A) of the United States Securities Exchange Act of 1934, as amended.

Management is responsible for the preparation, presentation and integrity of the Company's financial statements, accounting and financial reporting principles and the establishment and effectiveness of internal controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations. The independent auditors are responsible for performing an independent audit of the financial statements in accordance with the standards of the Public Company Accounting Oversight Board (United States) ("PCAOB"), expressing an opinion as to the conformity of such financial statements with generally accepted accounting principles and auditing the effectiveness of internal control over financial reporting. The independent auditors have free access to the Audit Committee to discuss any matters they deem appropriate.

In performing its oversight role, the Audit Committee has considered and discussed the audited financial statements with management and the independent auditors. The Committee has also discussed with the independent auditors matters related to the results of the audit in accordance with PCAOB Auditing Standard No. 16, "Communications with Audit Committees; Related Amendments to PCAOB Standards; and Transitional Amendments to PCAOB AU Section 380." The Committee has received the written disclosures and the letter from the independent accountants required by Independence Standards Board Standard No. 1, Independent Discussions with Audit Committees, as adopted by the PCAOB, and has discussed with the independent accountant the independent accountant's independence. All non-audit services performed by the independent auditors must be specifically pre-approved by the Audit Committee or a member thereof.

During 2012, the Audit Committee performed all its duties and responsibilities under the Audit Committee Charter. In addition, based on the reports and discussions described in this Report, the Audit Committee recommended to the Board that the audited financial statements of the Company for 2012 be included in the Company's Annual Report on Form 10-K for such fiscal year.

Directors Stock Opportunity

Non-employee Directors of the Company and the Bank are eligible to participate in the Company's 2004 Stock Compensation Plan. The Company determines annually if any grants will be made under the 2004 Stock Compensation Plan. For 2012, the non-employee Directors of both the Company and the Bank determined that any grants of equity to non-employee Directors, other than the opportunity to elect to receive all or a portion of their annual retainer fee in the form of full value shares for 2012, were not appropriate.

Directors Deferred Compensation Plan

The Company maintains a Directors Deferred Compensation Plan under which each non-employee Director of the Company and the Bank may elect to defer all or a portion of his or her annual retainer and/or chair and meeting fees. Under the Directors Deferred Compensation Plan, a participating Director may elect from various payment alternatives, but full payout must occur no later than the tenth (10th) anniversary of separation from service. Under the Directors Deferred Compensation Plan, deferred amounts are valued based on corresponding investments in certain investment funds offered

by the Bank's Trust Division which are selected by the Director. No Plan earnings are considered to be "above-market" or "preferential" and as a result no amounts are reported in column (f) of the Directors Compensation table on a previous page. The Directors Deferred Compensation Plan is a nonqualified deferred compensation plan under which distributions are made from the general assets of the Company under the direction and oversight of the Compensation Committee.

COMPENSATION COMMITTEE REPORT

The following Compensation Committee Report does not constitute soliciting material and should not be deemed filed or incorporated by reference into any other Company filings under the United States Securities Act of 1993, as amended, or under the United States Securities and Exchange Act of 1934, as amended, except to the extent we specifically incorporate this Report by reference.

During 2012, the Compensation Committee met to review and discuss various compensation and incentive arrangements to ensure these arrangements do not encourage any unnecessary and excessive risk that may threaten the value of the Company. These reviews included analysis and feedback from the designated senior risk officer ("SRO"), our SVP, Director of Enterprise Risk Management and Internal Audit and Credit Review Coordinator, as well as consultation and perspective from Human Resources, Corporate Legal, Credit and Risk, outside legal counsel and executive compensation consultants, where appropriate. The table below lists the arrangements reviewed.

The Compensation Committee's review and discussion of the risks that face the Company concluded that the Company's and Bank's compensation philosophies, complemented by the appropriate balance and mix of cash and equity compensation, are adequate and the compensation arrangements and incentive plans are not reasonably likely to encourage unnecessary and excessive risk that may threaten the overall value of the financial institution.

A summary of the analysis performed by the Senior Risk Officer included:

Consideration of the following items: 1) what risks could threaten the institution's value, 2) do incentive plan metrics reflect the Bank's business strategy, 3) is the leverage and ratio of incentive compensation to total compensation appropriate, 4) do we understand the full range of total upside/downside payouts for the incentive plans, 5) do plans have protection/controls to avoid excessive risk taking (caps, balanced mix of performance measures, etc.), 6) do plans focus executives on long-term performance that align with shareholder interests, 7) does performance compare to industry/peers, and 8) do the plans allow the Compensation Committee to exercise discretion where appropriate.

Obtained and read the Interim Final Rule pursuant to sections of the Emergency Economic Stabilization Act of 2008 and the additional guidance related to the executive compensation requirements applicable to financial institutions that participate in the Capital Purchase Program ("CPP") issued on January 16, 2009.

Obtained and read the Interim Final Rule pursuant to sections of the Emergency Economic Stabilization Act of 2008 and the additional guidance related to the executive compensation requirements applicable to financial institutions that participate in the Capital Purchase Program issued on January 16, 2009.

Tracked additional guidance and executive compensation restrictions placed on financial institutions receiving CPP funds effective February 4, 2009 and the approval of the American Recovery and Reinvestment Act of 2009 on February 17, 2009 and considered the impact it could have on those institutions already in receipt of CPP funds.

Considered the provisions of the Federal Reserve Board ("FRB") Compensation guidelines issued in October 2009 and finalized in June 2010.

Discussed Central Pacific HomeLoans ("CPHL") Incentive Plans with other executive management personnel to ensure risk that could threaten the institution's value are properly evaluated and when appropriate are used as either performance measures or risk criteria impacting the compensation of the individual.

The Compensation Committee certifies that:

1. It has reviewed with the senior risk officers, the Senior Executive Officers' ("SEOs", also known as NEOs) compensation plans and has made all reasonable efforts to ensure that these plans do not encourage SEOs to take unnecessary and excessive risks that threaten the value of the Company.
2. It has reviewed with the senior risk officers the employee compensation plans and has made all reasonable efforts to limit any unnecessary risks these plans pose to the Company.
3. It has reviewed the employee compensation plans to eliminate any features of these plans that would encourage reasonably likely manipulation of reported earnings of the Company to enhance the compensation of any employee.

The Compensation Committee has reviewed and discussed with executive management the Compensation Discussion and Analysis that immediately follows this report as required by Item 402(b) of SEC Regulation S-K. Based on such review and discussion, the Compensation Committee recommended to the Board that the 2012 Compensation Discussion and Analysis be included in the Proxy Statement and incorporated as referenced in our Annual Report on Form 10-K for the year ended December 31, 2012. COMPENSATION DISCUSSION AND ANALYSIS

Set forth below is a discussion of the Company's compensation policies for 2012, applicable to the individuals serving as the Company's Chief Executive Officer ("CEO"), Chief Financial Officer ("CFO") and the three (3) other most highly paid executives. We refer to these executive positions as our Named Executive Officers ("NEOs").

Say-on-Pay

The Company is required to permit a separate non-binding shareholder vote to approve the compensation of its executives, as disclosed pursuant to the compensation disclosure rules of the SEC. This proposal, commonly known as a "Say-On-Pay" proposal, permits shareholders to endorse or not endorse the Company's executive compensation program. Because the shareholders' vote is advisory, it will not be binding on the Board. However, when setting compensation and in determining compensation policies each year, the Compensation Committee took into account the results of the April 2012 shareholder advisory vote on executive compensation and will continually consider the outcome of this vote.

Our shareholders approved the compensation of our NEOs as disclosed in the Proxy Statement for the 2012 annual meeting. Approximately 93% of votes cast were voted in favor of the Company's executive compensation. The Committee believes that the results of these votes, is evidence that the Company's compensation policies and decisions are in the best interests of its shareholders and expects to apply similar principles going forward.

Executive Summary

In 2012, we continued with significant and consistent progress reflected by eight consecutive quarters of profitability since our recapitalization. Continued improvement in our credit risk profile, evidenced by a significant decrease in nonperforming assets and stable growth in our core deposits, contributed to our solid performance for the year.

As a result of the progress made, the Board approved and the NEOs continued to receive cash denominated restricted stock units through March 30, 2012. There were no adjustments in base salary for NEO's with the exception of a modest increase for Lance Mizumoto as a result of increased responsibilities due to a corporate restructuring in February 2012, followed shortly by his appointment to Executive Vice President, Chief Banking Officer in April 2012. An annual cash incentive opportunity was reinstated following the sale by the U.S. Department of Treasury of the remaining 2.8 million shares of Company common stock, and equity was granted to NEO's to include both time-vested stock options and time and performance vested restricted stock units in May 2012. An additional equity grant was made in November 2012 to Messrs. Mizumoto and Wilson. For Mr. Wilson, the intent was to align the value of his equity grant with other non-CEO NEOs and for Mr. Mizumoto, as recognition of his new role as Chief Banking Officer. The terms of the November grant were set to align with the NEO grant made in May 2012. These compensation decisions further emphasize the Board's commitment to pay for performance in alignment with the interests of our shareholders.

The compensation decisions and actions in 2012, recommended by the Compensation Committee and approved by the Board, were impacted by the following key factors:

1. Continued improvement in the financial condition of the Company and the Bank and the Board's commitment to continue to make sound and rational business decisions relative to the compensation of our executives.
2. Desire for general consistency in the executive team's pay in order to help support a team-based mentality.

3. Need to motivate and retain a qualified team of executives to lead the turnaround and recovery of the Company.
4. Appointment of Lance Mizumoto as Executive Vice President, Chief Banking Officer in April 2012.
5. Participation in the U.S. Treasury's Capital Purchase Program under the Troubled Asset Relief Program ("TARP") for a portion of the year, and removal of all TARP executive compensation restrictions upon the public sale of common shares held by the U.S. Treasury Department.
6. Continued changing regulatory restrictions and guidance regarding executive compensation.
7. Increased understanding of the Company's and Bank's risk management practices and increased direction by the Compensation Committee and the Board to ensure that the Company's compensation practices, policies, and programs do not encourage unnecessary and excessive risks that could reasonably have a material adverse effect on the safety and soundness of the Company and/or manipulation of earnings which could reasonably have a material adverse effect on the financial value of the Company.

Compensation Philosophy and Objectives

The central principle of our compensation philosophy is that executive compensation should align with shareholders' interest, without encouraging excessive and unnecessary risk that could threaten the overall value of the Company. The executive compensation program is designed to:

Drive performance relative to our strategic plan and goals, including financial performance.

Balance the risk of short-term operational objectives with the need to build long-term sustainable value.

Align executives' long-term interests with those of shareholders by placing a portion of total compensation at risk, contingent on the Company's performance, without encouraging unnecessary and excessive risks that threaten the overall value of the Company.

Attract and retain highly-qualified executives needed to achieve our goals and to maintain an executive management group that can provide success and stability in leadership.

Deliver compensation effectively, providing value to the executive in an appropriately risk-controlled and cost efficient manner.

Allow flexibility in responding to changing laws, accounting standards, and business needs, as well as the constraints and dynamic conditions in the markets in which we do business.

Be supported by strong corporate governance, including oversight by the Company's Board of Directors.

Our compensation program has multiple pay components, including a fixed annual salary, variable annual cash incentive pay, variable long-term equity incentives, and other benefits. We believe that over the long-term, a combination of pay components is essential to drive executives to achieve different goals. There is no set formula to determine the mix of the various pay components and the use of the components may change from year-to-year based on the Company's circumstances, market conditions, and competitive market for executive talent. The Company's participation in TARP ended in April 2012 when the common shares held by the U.S. Treasury Department were sold in a public sale ("the end of the TARP Period"). Following the end of the TARP Period, the executive compensation restrictions imposed by Emergency Economic Stabilization Act of 2008, as amended by the American Recovery and Reinvestment Act of 2009 (the "TARP restrictions"), no longer

applied to the Company. We discuss

each of the pay components and the role they play in our overall compensation structure, in the "Compensation Framework" section. We describe the TARP restrictions in the "Other Issues Relevant to Executive Compensation During the TARP Period Emergency Economic Stabilization Act of 2008 ("EESA") and American Recovery and Reinvestment Act of 2009 ("ARRA")" section.

Role of the Compensation Committee

The Compensation Committee is responsible for assisting the Board in overseeing the design and administration of our executive compensation program and the Company's compensation policies, practices, and incentive plans for non-executives. Such oversight includes evaluating and monitoring the Company's compensation programs, policies, and practices which could have a material adverse effect on the risk profile of the overall Company. Appropriate reviews would include at least semi-annual discussions with the Committee appointed senior risk officer to ensure all incentive and bonus compensation plans, structures and arrangements, including those for NEOs, do not have a reasonable likelihood to encourage excessive and unnecessary risk taking and do not pose a threat to the Company's safety and soundness or the Company's financial stability. The Committee also evaluates and recommends to the Board, appropriate policies and decisions relative to executive officer compensation and benefits, including determination of performance and payout targets under the Company's annual and long-term incentive plans. It also oversees preparation of executive compensation disclosures for inclusion in our Proxy Statement.

As a result of the Company participating in TARP, the Compensation Committee's role was expanded to ensure compliance with the TARP requirements up until the end of the TARP Period. For further information, see the "Other Issues Relevant to Executive Compensation" section.

Role of Executives in Compensation Committee Deliberations

The Compensation Committee may request that the President & CEO be present at Compensation Committee meetings to discuss executive compensation and evaluate the performance of both the Company and individual executives. Other executives may be requested to attend Compensation Committee meetings to provide pertinent financial, legal, or operational information. Executives in attendance may provide their insights and suggestions, but only independent Compensation Committee members may vote on decisions regarding changes in executive compensation and other Company compensation matters for recommendation to the full Board. In 2012, John Dean, the President & CEO made the following recommendations to the Compensation Committee:

Proposed a salary adjustment for Lance Mizumoto based on expanded responsibilities.

Following the end of the TARP Period, proposed an equity grant for individual NEO's comprised of both stock options and restricted stock units with a mix of time and performance vesting, over a five-year vesting period.

Proposed the reinstatement of a cash bonus for NEOs, with funding subject to attainment of 2012 budgeted core net income, and distribution based on 2012 performance, with annual payment reduced to reflect the portion of the year in which the Company was covered under TARP.

Proposed an additional equity grant for Messrs. Mizumoto and Wilson for expanded responsibilities and alignment with other executive grants, respectively.

Proposed an additional adjustment in base salary for Mr. Mizumoto in recognition of his role as Chief Banking Officer.

The President & CEO does not provide recommendations for changes in his own compensation. The Compensation Committee discusses the President & CEO compensation with him, but the

Committee makes final deliberations in an executive session, without the President & CEO present. Based on these deliberations, the Committee submits its recommendations to the full Board for approval. Any changes in the President & CEO's compensation are based on a variety of factors including but not limited to, Company performance, regulatory restrictions/guidance, periodic market reviews, and recommendations from independent external executive compensation consultants. For executives other than the President & CEO, the Committee considers the President & CEO's proposals and input from outside advisors in making its recommendations to the full Board.

Compensation Committee Activity and Key Initiatives During 2012

The Compensation Committee evaluates existing compensation program components on an ongoing basis to maintain the Company's competitive position to meet the goal of attracting, retaining, and motivating key executives without encouraging unnecessary and excessive risk that could pose a threat to the Company's safety and soundness, and financial stability. In 2012, the Compensation Committee met ten (10) times and completed the following initiatives and actions:

Overall Compensation for Executive Management With continued improvement in the Company's financial condition, a decision was made for continuation of annual salary units whereby NEOs received restricted stock units each pay period from January 1, 2012 through March 30, 2012 that were accrued and earned equally during the period. Receipt of the restricted stock units was deferred until January 1, 2013. In May 2012, following the end of the TARP Period, a long-term equity grant comprised of fifty percent (50%) stock options and fifty percent (50%) restricted stock units with both time and performance vesting was made to the NEOs.

Review of Annual Incentive Plan ("AIP") In April 2012, the Annual Incentive Plan for NEOs was reinstated. All NEOs were accountable for achieving annual performance goals for 2012 with both corporate and individual targets. The annual incentive opportunity will be based on evaluation of performance during all of 2012, but annual payout opportunities will be reduced to reflect only the portion of the year following the end of the TARP Period.

Review of 2012 and 2013 Incentive Plans including review with Senior Risk Officer The Compensation Committee reviewed the performance of the 2012 Incentive Plans throughout 2012 to ensure incentive payments were aligned with market, based on plan design changes. During the third quarter of 2012, the Compensation Committee completed a review of the changes for all 2013 incentive plans. Feedback was provided to the Compensation Committee by the senior risk officer ("SRO") in March, July, September, November and December on findings from the SRO review of all incentive compensation plans for unnecessary and excessive risk. The overall finding from the discussions was that the Company's plans did not individually, or in their entirety, encourage any unnecessary and excessive risks that may threaten the overall value of the financial institution.

2004 Stock Compensation Plan In February 2012, the Compensation Committee approved amendments to the 2004 Stock Compensation Plan to reinstate a maximum aggregate number of shares that may be granted to any one (1) person in a calendar year and increase the number of performance measures available under the Plan.

New Executive Vice President & Chief Banking Officer Compensation Arrangement On April 2, 2012, Lance A. Mizumoto was appointed to the newly created position of Executive Vice President, Chief Banking Officer. An assessment of internal pay equity was made when determining his compensation package to support the Company's decision to level the compensation among its executive committee members.

CEO Performance Plan The Committee reviewed, discussed and recommended to the Board annual performance goals for 2012 for Mr. Dean. Goals were weighted at seventy-five percent

Edgar Filing: CENTRAL PACIFIC FINANCIAL CORP - Form DEF 14A

(75%) of target for attainment of corporate goals which include (1) Achievement of 2012 core net earning target, (2) Achievement of 2012 return on average assets ("ROAA") target, (3) Achievement of 2012 non-performing assets ("NPA") target, and (4) lifting of the memorandum of understanding by the FDIC and written agreement by the FRB. Goals were weighted at twenty-five percent (25%) of target for attainment of individual goals related to Company culture and climate.

2012 Compensation Arrangements for President & CEO and other NEOs Following the end of the TARP Period, the Committee retained McLagan Consulting to provide consultation on the development and implementation of a long-term equity grant for the President & CEO and other NEOs. Based on McLagan's recommendations, a long-term equity grant was made in May 2012 comprised of both stock options and restricted stock units with both time and performance based vesting. In November 2012, an additional equity grant was made to certain NEOs in recognition of increased responsibility and/or alignment with the equity compensation of other NEOs.

Travel Policy In September 2012, the Compensation Committee reviewed the need to continue the Policy Prohibiting Excessive or Luxury Expenditures. It was determined that the policy would be replaced by an updated Travel Policy which was duly adopted by the Board.

2013 Compensation Arrangement for President & CEO and other NEOs In May 2012, the Committee retained McLagan Consulting to assist in the review and development of an updated Compensation Peer Group to be used for benchmarking 2013 compensation.

2013 Equity Grant for President & CEO In September 2012, the Compensation Committee approved an equity grant in the form of restricted stock for the President & CEO, valued at \$250,000, with a February 28, 2013 grant date and a one-year time vesting period. The grant is to provide recognition for work related to CEO and/or President succession planning.

Stock Ownership Guidelines Stock Ownership Guidelines were reinstated for non-employee Directors, the President & CEO and all Executive Vice Presidents. The guidelines provide for a five-year period in which a required holding amount, determined as a percentage of after tax shares with a market value based on a pay equivalent, is achieved.

Board Self-Assessment of Performance The Committee completed an annual self-assessment of their performance.

Staying Abreast of Changing Regulations The Compensation Committee participated in various McLagan briefings detailing (1) the changing regulatory environment impacting executive compensation and (2) the Committee's expanded responsibilities for and oversight of company-wide compensation risk management.

Pay Level and Benchmarking

Benchmarking is an important part of our executive compensation review process. It includes an external review against peer companies and internal review based on pay equity, job scope, responsibility and experience. McLagan was retained to provide consultation to the Compensation Committee on the Company's NEO compensation as compared to our peers.

In early 2012, the Compensation Committee retained McLagan to conduct the Bank's annual market analysis. In anticipation of the Company's exit from TARP, the analysis focused on how the NEO's compensation at the target level of performance compared to market assuming that the cash and equity incentive compensation plans were reinstated. As a starting point in the pay deliberation process, the Compensation Committee compared individual NEO compensation to the 50th percentile

of the Compensation Peer Group and also reviewed how aggregate compensation for the NEOs as a group compared to the peers.

Compensation was evaluated based on target cash and equity award levels, with the 2012 anticipated equity award allocated over the relevant performance period for each NEO. Reflecting the fact that salaries were generally not increased in 2012, salaries were 16% below the 50th percentile and total compensation was 3% below the 50th percentile on average. Results were similar on an aggregate compensation basis. Each of the NEOs fell within an appropriate range of the market median after taking into account each NEO's unique value and contribution to the Company, individual performance, experience, internal pay equity relationships, and individual roles versus the benchmark positions.

Compensation Peer Group

The Peer Group used to benchmark 2012 compensation to market remained identical to the group developed in late 2010, which was used to benchmark 2011 compensation as well. The Peer Group was originally comprised of twenty-one (21) banks selected based on the following criteria:

1. Publicly-traded non-thrift United States banks with executive compensation reported in public filings.
2. Focus on Western banks; non-Western banks in major metropolitan areas were also included
3. Assets ranging between \$2 billion to \$7 billion.
4. Both TARP & non-TARP banks included.

Of the original Peer Group of 21 banks, 20 remained at the time of the compensation study, due to the failure of First State Bancorp in early 2011.

The Compensation Committee reviews the Compensation Peer Group's composition on an annual basis and modifies the group as necessary to ensure alignment with the Company's compensation philosophy, structure, and targeted performance levels. The Compensation Peer Group was reevaluated in the fall of 2012 and a new peer group was approved for future benchmarking studies. When benchmarking is used to help determine the actual pay levels of each NEO, the Compensation Committee compares comparable positions in the Peer Group and also considers issues of internal pay equity, scope of responsibilities and experience.

Edgar Filing: CENTRAL PACIFIC FINANCIAL CORP - Form DEF 14A

The Compensation Committee approved the following Peer Group for compensation benchmarking for 2012. Peers were selected based on the criteria identified earlier.

Compensation Framework

In an effort to support teamwork, non-CEO NEOs were compensated with little variation in base salaries and no variation in variable compensation, therefore the focus is on total compensation to market of the group, rather than the individual. The market analysis results were used in determination and support of compensation adjustments described below for 2012.

Mix of Compensation Historically, our compensation structure has been designed with a balance between salary and variable compensation with a majority of an executive's direct compensation at-risk. We had moved away from this mix of compensation for the past several years due to the Company's financial condition by suspending both long and short-term incentive opportunities. In 2012, following the end of the TARP Period, the Board approved and the Company reinstated a short-term cash incentive as well as a long-term equity incentive plan. In addition, while a participant in TARP for the first three months of 2012, a decision was made to continue annual salary performance units

Elements of Compensation Generally, our executive compensation program consists of the following components to be used in the appropriate combination to meet our compensation philosophy and objectives including responding to changing financial conditions and regulatory restrictions and guidance:

Salary Fixed base pay that reflects each executive's position, individual performance, experience, and expertise. Our compensation structure sets base pay at approximately the 50th percentile relative to peer banks.

Annual Cash Incentive Pay that varies based on performance against annual business objectives. We communicate the associated performance metrics, goals, and award opportunities (expressed as a percentage of salary) to the executives at the beginning of the year.

Long-Term Incentives Equity-based awards that align executives' long-term compensation interests with shareholders' investment interest while creating a retention incentive through multi-year vesting. Award amount is determined based on competitive market data and Company performance. Ultimate value to each executive is based on long-term stock performance.

Other Compensation Includes perquisites, consistent with industry practices in comparable banking companies, as well as broad-based employee benefits such as medical, dental, disability, 401(k) Retirement Savings Plan and life insurance coverage.

Salary

We pay our executives cash salaries intended to be competitive and consider the executive's experience, performance, responsibilities, and past and potential contribution to the Company. The objective of paying salary is to provide a base level of compensation to fairly reflect the executive's job and scope of the role performed within the Company. There is no specific weighting applied to the factors considered in setting the level of base salaries, and the Compensation Committee uses its own judgment and expertise in determining appropriate salaries within the parameters of our compensation philosophy and objectives, with the guidance and support from an independent executive compensation consultant. In an effort to support teamwork, non-CEO NEOs were compensated with little variation in base salaries and no variation in variable compensation opportunity, therefore the focus is on total compensation to market of the group rather than on the individual.

In making salary decisions, the Compensation Committee also considers the positioning of projected total compensation with target-level performance incentives. Because we set incentive opportunities as a percentage of salary, changes in salary have an effect on total compensation. Before recommending salary changes to the Board, the Committee reviews the projected total compensation based on the proposed salaries, considering both internal and external equity, and ensures that total compensation for the CEO and non-CEO NEOs are aligned with the market.

Salary Adjustments Made in 2012 The annual salary units granted in the form of restricted stock units continued through March 31, 2012 with receipt deferred until January 1, 2013. Effective February 1, 2012, Lance Mizumoto, Executive Vice President, Commercial Market, received a pay increase due to increased responsibilities as a result of a corporate restructuring. Effective April 2, 2012, Mr. Mizumoto was appointed to Executive Vice President, Chief Banking Officer. There were no additional adjustments in cash base salary for NEOs during 2012. An affirmative decision was made not to adjust base salaries in lieu of focusing on incentive compensation.

Edgar Filing: CENTRAL PACIFIC FINANCIAL CORP - Form DEF 14A

The table below summarizes the NEOs' annualized salaries in 2012.

Name	Position	2012(3)
John C. Dean	President & CEO	\$ 411,666
Denis K. Isono	Executive Vice President, Chief Financial Officer	\$ 295,002
Lance A. Mizumoto(1)	Executive Vice President, Chief Banking Officer	\$ 285,082
A. Catherine Ngo	Executive Vice President, Chief Administrative Officer	\$ 285,002
Raymond W. Wilson	Executive Vice President, Chief Credit Officer	\$ 285,002
Glen L. Blackmon(2)	Executive Vice President, Chief Information Officer	\$ 285,002

- (1) Mr. Mizumoto received a pay increase of \$10,000 on February 1, 2012 due to increased responsibilities as a result of a corporate restructuring. Effective April 2, 2012, Mr. Mizumoto was appointed to Executive Vice President, Chief Banking Officer.
- (2) Mr. Blackmon terminated employment on September 4, 2012.
- (3) Included in 2012 annualized salary is \$51,666 in annual salary performance units for Mr. Dean and \$25,002 for the other non-CEO NEOs.

Annual Cash Incentives

Generally, we use annual incentives to focus executives' attention on current strategic priorities and drive achievement of short-term corporate objectives. Management presented, and the Compensation Committee approved, a recommendation to reinstate annual incentive plans for 2012 based on evaluation of performance during all of 2012; however, annual payout opportunities were reduced to reflect the portion of the year that the Company was under TARP. Funding of the incentive pool is based on the Company achieving budgeted core net income with a threshold of eighty-five percent (85%) of target and capped at two times target. The financial target set for funding the incentive pool was considered to be a challenge given the level of non-performing assets ("NPAs"), albeit a decline from the previous year. If the incentive pool is funded, the determination of the award for the President and CEO is based on the following factors:

1. Core net earnings
2. Return on average assets ("ROAA")
3. Non-performing assets ("NPA")
4. Lifting of the memorandum of understanding by the FDIC and written agreement by the FRB
5. Individual leadership goals based on company climate and culture, and succession planning

Individual NEOs earn incentives based on achieving established Group, Team and Individual performance goals. Group goals are specific to the groups each NEO manages, team goals may be assigned to more than one (1) NEO and individual goals were based on individual areas of leadership development. Determination of achievement of performance goals and amount of incentive awards are expected to occur within the first quarter of 2013.

Edgar Filing: CENTRAL PACIFIC FINANCIAL CORP - Form DEF 14A

The identified goals are considered a stretch given the Company is still in recovery mode. Target incentive opportunity is as follows:

Executive	Target Incentive Opportunity as a Percent of Base				
	Salary	Corporate	Group	Team	Individual
	Goal Weighting				
President & CEO	50%	75%	0%	0%	25%
All Other NEO's	40%	0%	30%	30%	40%

In February 2013, the Compensation Committee approved the payment of cash incentives to NEOs, based on attainment of 107% of targeted core net income. In addition, a discretionary award was made for each NEO, based on their individual contributions during the year, as well as, acquiring expanded responsibilities due to the departure of the Chief Information Officer, which resulted in redistribution of the various departments under his management, amongst the remaining NEOs. The Compensation Committee approved in total, a \$300,000 cash incentive for Mr. Dean; and Mr. Dean recommended, and the Compensation Committee approved, a \$225,000 cash bonus for Mr. Mizumoto and a \$200,000 cash bonus for Messrs. Isono and Wilson, and Ms. Ngo. In addition, Mr. Dean recommended, and the Compensation Committee approved, a \$50,000 bonus for Mr. Blackmon, due to his diminished role and partial employment in 2012.

Long-Term Incentives

We use long-term incentives ("LTIs") to encourage ownership, foster retention, and align executives' interests with the long-term interests of shareholders. For 2012, following the end of the TARP Period, we implemented an equity based long-term incentive plan, intended to cover a multi-year period, based on performance in achieving Targeted Core Net Income and Core Average Return on Assets targets. The plan was comprised of a grant, on May, 2, 2012, of fifty percent (50%) stock options and fifty percent (50%) restricted stock units ("RSUs"), with the following features:

CEO

50% Stock options

Two-year time vesting

50% RSUs

40% of RSUs vest based on attainment of Board approved 2012 Targeted Core Net Income and Core Average Return on Assets, with vesting commencing on the second anniversary of the date of grant

60% of RSUs vest based on two-year cumulative Core Net Income and Core Average Return on Assets

Non-CEO NEOs

50% Stock options

Five-year time vesting

50% RSUs

33% of RSUs vest based on attainment of Board approved 2012 Targeted Core Net Income and Core Average Return on Assets, with vesting commencing on the third anniversary of the date of grant

Edgar Filing: CENTRAL PACIFIC FINANCIAL CORP - Form DEF 14A

66% of RSUs vest based on three-year cumulative Core Net Income and Core Average Return on Assets

Assuming stretch goals are achieved under the cumulative performance-based portion of the RSU grant, NEOs are eligible to earn between one hundred fifty percent (150%) and three hundred percent (300%) of the target award level.

The performance targets are considered to be a reasonable stretch for the one (1) year goal as a result of the Company being in recovery mode and a greater stretch for the cumulative goal due to the uncertainty of the pace of our recovery, as well as the impact of remaining non-performing assets on our books.

As of year-end 2012, the underlying cumulative long-term goals associated with the RSUs are unlikely to be achieved and corresponding awards will likely be forfeited. Accordingly, to retain and reward the NEOs for the long-term success of the Company and focus on our strategic objectives, the Company is considering implementing an annual equity grant program with annual performance goals and time vesting, beginning in 2013.

On May 2, 2012, the Board approved equity grants (stock options and RSUs) for the NEOs. In addition, on November 30, 2012, the Board approved additional equity grants for Messrs. Mizumoto and Wilson. Mr. Mizumoto's grant was in recognition of his promotion to Chief Banking Officer and Mr. Wilson's grant was to align his total equity grant for 2012 with the other NEOs. The terms of these additional grants were set to align with the equity grants in May 2012. The table below shows the type of grant, the grant date, the fair value of the award, and the number of shares granted to each of the NEOs.

Name	Type of Grant	Grant Date	Fair Value	# of Shares
John C. Dean	Stock Options	5/2/12	\$ 9.84	50,813
	RSUs	5/2/12	\$ 14.31	34,940

Other Compensation

The NEOs participate in our broad-based employee benefit plans, such as medical, dental, 401(k) and profit sharing, deferred compensation plan, supplemental disability, long-term care and term life insurance programs. The total amounts of these items are reflected in the "All Other Compensation" column of the Summary Compensation Table. The Compensation Committee believes that these items

enhance the effectiveness of our key executives and are consistent with industry practices in comparable banking companies. The Compensation Committee regularly reviews the prerequisites we provide.

Other Issues Relevant to Executive Compensation During the TARP Period Emergency Economic Stabilization Act of 2008 ("EESA") and American Recovery and Reinvestment Act of 2009 ("ARRA")

On January 9, 2009, as part of the Capital Purchase Program under TARP in accordance with the EESA and pursuant to the terms of a Letter Agreement, dated January 9, 2009 and the related Securities Purchase Agreement Standard Terms (collectively, the "Securities Purchase Agreement"), the Company issued and sold to the U.S. Treasury (i) 135,000 shares of the Company's Fixed Rate Cumulative Perpetual Preferred Stock, Series B, without par value and having a liquidation preference of \$1,000 per share (the "TARP Preferred Stock"), and (ii) a ten-year warrant to purchase up to 1,585,748 shares of the Company's Common Stock, no par value, at an exercise price of \$12.77 per share (on a pre-reverse split basis), for an aggregate purchase price of \$135 million in cash. Concurrently with the Private Placement, the TARP Preferred Stock was exchanged for 5,620,117 common shares and the warrant was amended to reflect an exercise price of \$10 per share and to reduce the number of common shares under the warrant to 79,288 to give effect to the 20 for 1 reverse stock split on February 2, 2011 pursuant to an Exchange Agreement between U.S. Treasury and the Company. Prior to April 2012, the U.S. Treasury held 2,770,117 common shares and the amended warrant.

Executive Compensation Limitations under EESA, ARRA and the Securities Purchase Agreement.

Under EESA, ARRA and the Securities Purchase Agreement, as amended by the Exchange Agreement, the Company was subject to various restrictions with respect to the compensation of its Senior Executive Officers and other specified employees until the end of the TARP Period. During the Tarp Period, the Company fully complied with applicable restrictions as issued by the U.S. Treasury Department, FDIC, SEC and any other governing body. In addition, the Company complied with the guidance from the FRB and FDIC with respect to sound incentive compensation policies.

Adjustment or Recovery of Awards

Our long-term incentive plan currently permits us to cancel or terminate outstanding awards for any reason (which would include misstated or restated financial results). In addition, Section 304 of the Sarbanes-Oxley Act provides the ability to recover incentive awards if we are required to restate our financial statements due to noncompliance with any financial reporting requirements as a result of misconduct. In that case, the CEO and CFO must reimburse us for (1) any bonus or other incentive- or equity-based compensation received during the twelve (12) months following the first public issuance of the non-complying document, and (2) any profits realized from the sale of our securities during those twelve (12) months. Section 954 of the Dodd-Frank Wall Street Reform and Consumer Protection Act (the "Dodd-Frank Act") requires the Securities and Exchange Commission to direct national securities exchanges to prohibit the listing of any security that fails to adopt a compliant clawback policy for any current or former executive officer if the company is required to file a financial restatement as a result of material noncompliance with applicable securities laws. This clawback applies to incentive-based compensation during the 3-year period preceding the date on which the issuer is required to prepare an accounting restatement, based on the erroneous data, in excess of what would have been paid to the executive officer under the accounting restatement. The NYSE has not yet promulgated final rules implementing Section 954 of the Dodd-Frank Act.

Timing of Equity Grants

On October 25, 2006, we adopted guidelines regarding the equity grant process and related controls. The guidelines, which were reviewed and readopted (with minor changes) on May 20, 2011,

are to help ensure that all equity grants are reported and disclosed correctly and accurately, are properly accounted for, and receive proper tax treatment. The grant guidelines are designed to avoid making regular grants during a regularly scheduled Company blackout period, to avoid having the timing of grant dates be affected by material nonpublic information, and to confirm the use of no less than the closing price of our stock on the grant date.

Stock Ownership Guidelines

On July 27, 2005, the Board adopted stock ownership guidelines applicable to all Directors and executive officers of the Company and Bank. The purpose of the guidelines was to define ownership expectations for these individuals to more closely align with our shareholders. Under the guidelines, Directors and certain executives were expected to own a certain value of Common Stock, based on their annual retainer or base salary, within a specified time period. Although many of the Directors and executives had met or made significant progress towards the ownership goals, because the guidelines were defined in share value and not number of shares, meeting the guidelines proved unworkable given the decline in our stock price. As a result, on January 26, 2011, the Board terminated the stock ownership guidelines. With the improvement in stock price in 2012, stock ownership guidelines were reinstated, with modifications as follows:

Position	Multiple of Base Pay or # of Shares	Timeframe to Achieve Multiple
Non-Employee Directors (excluding representatives of Anchorage and Carlyle)	25,000 Shares	5 years
CEO/President	50% of the after-tax shares granted after 5/1/12 until such time as the amount of ownership has a market value of 4 times annual base salary	5 years
EVP	50% of the after-tax shares granted after 5/1/12 until such time as the amount of ownership has a market value of 1 ¹ / ₂ times annual base salary	5 years

Employment Agreements

None of the current NEOs has an employment agreement with the Company and each is employed on an "at will" basis.

Change-In-Control Agreement

None of the current NEOs has a change-in-control agreement.

Tax and Accounting Considerations

We consider tax and accounting implications in designing our compensation programs. For example, in selecting long-term incentive compensation elements, the Compensation Committee reviews the projected expense amounts and expense timing associated with alternative types of awards. Under current accounting rules (i.e., Financial Accounting Standard ASC Topic 718), we must expense the grant-date fair value of share-based grants such as restricted stock, performance shares, and SARs settled in our stock. The grant-date fair value is amortized and expensed over the service period or vesting period of the grant. In contrast, awards that are not share-based (e.g., phantom stock) are expensed based on a value that may fluctuate widely over the vesting period and is not fixed at grant date. In selecting appropriate incentive devices, the Compensation Committee reviews extensive

modeling analyses and considers the related tax and accounting issues. Section 162(m) of the Internal Revenue Code generally places a limit on the tax deduction for non-performance based compensation in excess of \$1 million paid to the chief executive officer and the other three most highly compensated executive officers (excluding the chief financial officer) in a taxable year. In addition, our participation in the Capital Purchase Program during the TARP Period subjected the Company to an additional tax deduction limit of \$500,000 on compensation paid to our NEOs. The Compensation Committee has retained the flexibility, however, to pay compensation which is not deductible for tax purposes because it believes that doing so permits it to take into consideration factors that are consistent with good corporate governance and the best interests of our shareholders.

Conclusion

In light of the improved condition of the Company and in recognition of the contributions of the leadership team, the Compensation Committee, and the Board fully supported the decision to continue to enhance base salary with periodic annual salary performance units through the first quarter of 2012. Following the end of the TARP Period, the Compensation Committee and the Board fully supported the reinstatement of an annual cash incentive opportunity as well as the implementation of a long-term equity plan.

The Compensation Committee and the Board believe that it is important to provide market based compensation that will attract and retain highly talented executives with the appropriate competencies and skills necessary for the Company's continued success. Such compensation would include the full range of compensation components, including incentive awards that would vary with our financial performance based on achieving our strategic plan and goals without encouraging excessive and unnecessary risk that could threaten the overall value of the Company. Equally important is the need to maintain shareholder confidence and comply with regulatory executive compensation restrictions and guidance by developing appropriate compensation structures.

Therefore, the Compensation Committee evaluates our compensation program and its related components on an ongoing basis. Adjustments are made to the compensation structure as appropriate to maintain the Company's competitive position for executive talent, consistent with our compensation philosophy and objectives, and within the parameters of regulatory restrictions and guidance. The Committee intends this Compensation Discussion and Analysis to provide full, transparent disclosure of what we believe to be a thoughtfully designed compensation structure which focuses on the achievement of short-term objectives, and affirms the philosophy for driving long-term shareholder value.

On April 5, 2012, 50% of the TARP Compliant Restricted Stock Grant for Mr. Dean was forfeited in compliance with requirements provided in a notice to the Company by the US Department of Treasury ("UST") requiring cancellation based on the net proceeds the UST received as a result of the sale of its entire investment in Company Common Stock. The number reflected in the table above for Mr. Dean is not reduced by the impact of the cancellation.

NON-QUALIFIED DEFERRED COMPENSATION

On July 1, 2008, the Company implemented a non-qualified deferred compensation plan that allows employees (including the NEOs) with an annual base salary of \$90,000 or greater to defer up to 80% of base pay and/or 100% of annual bonuses and commissions earned for a specified year on a pre-tax basis. The plan does not feature any matching or other contributions from the Company. John Dean elected to defer 15% of his base salary, equivalent to \$54,000, under the Central Pacific Bank Deferred Compensation Plan in 2012.

A participant is always 100% vested in his or her deferred amounts. Deferred amounts under the Central Pacific Bank Deferred Compensation Plan are subject to adjustment for appreciation or depreciation in value based on hypothetical measurement funds in one (1) or more of the available

Edgar Filing: CENTRAL PACIFIC FINANCIAL CORP - Form DEF 14A

measurement funds chosen by the participant. The participant's deferred amounts are generally payable beginning on the earliest to occur of (a) a specified time chosen by the participant, (b) the participant's death, (c) the participant's disability, (d) a separation of service (either at the time of separation or six (6) months after the separation in the case of a key employee, or (e) an "unforeseeable emergency". For distributions due to a disability or upon a separation from service due to retirement, the participant may choose to receive deferred amounts as a lump sum payment or in annual installments over a period not to exceed fifteen (15) years. Distributions for all other events will be made in the form of a lump sum.

The Bank's obligations with respect to the deferred amounts under the Central Pacific Bank Deferred Compensation Plan are payable from its general assets. The assets are at all times subject to the claims of the Company's general creditors.

Set forth below is information regarding the amounts deferred by or for the benefit of the NEOs in 2012.

The NEOs are participants of the Company's Annual (Cash) Incentive Plan (ICP). Plan awards are based on operating results and individual contributions, which are measured by selected financial measures and qualitative evaluations against objectives set before the start of the Plan year.

Edgar Filing: CENTRAL PACIFIC FINANCIAL CORP - Form DEF 14A

Individual awards are based on performance in relation to Company, Group, Division, Department, Branch and/or Individual goals.

The funding of ICP requires a minimum level of overall Company performance before any individual incentive award can be made. The incentive pool will be funded upon achieving a minimum of 85% of targeted core net income. Once threshold is achieved, bonus earned is prorated from 100% of target with a maximum opportunity capped at two times target.

In February 2013, the Compensation Committee approved the payment of cash incentives to the NEOs, based on the Company exceeding its 2012 targeted core net income. Individual target incentives were based on a percentage of salary, 50% for Mr. Dean and 40% for the non-CEO NEOs. This equated to a target incentive of \$180,000 for Mr. Dean; \$108,000 for Messrs. Mizumoto and Isono; and \$104,000 for Messrs. Wilson and Blackmon, and Ms. Ngo. Actual 2012 award payouts were adjusted to account for attaining 107% of targeted core net income and for the 3-month period the Company was under TARP. For Mr. Blackmon, actual award also accounted for the partial period he was employed with the Company in 2012. See "Non-equity Incentive Plan Compensation" column of the "Summary Compensation Table" for actual award amounts.

(f)

This Column (f) represents ICP's maximum opportunity of two times target, as described in "e" above.

(h)

On May 2, 2012, the Board approved RSU grants for Mr. Dean. These grants have a two-year step vesting schedule in which two-fifths vests on May 2, 2013, subject to board approved 2012 targeted core net income and core return on average assets targets. The remaining three-fifths vests on May 2, 2014, with a stretch opportunity, subject to Board approved 2012 to 2013 cumulative core net income and core return on average assets targets. *Stretch Opportunity*: If 2013 cumulative core net income and core return on average assets exceed target by 150%, a stretch opportunity is available capped at 300% of award.

On May 2, 2012, the Board also approved RSU grants for the non-CEO NEOs with a five-year step vesting schedule, where one-third vests equally over a five year period subject to board approved 2012 targeted core net income and core return on average assets targets. The remaining two-thirds vests at a rate of three-fifths on the third anniversary and one-fifth on the fourth and fifth anniversaries, with a stretch opportunity subject to Board approved

OPTIONS EXERCISED AND STOCK VESTED

No options were exercised and no stock vested for any NEO in 2012.

PENSION BENEFITS

The Company froze its Defined Benefit Pension Plan on December 31, 2002. None of the current NEOs accrued any benefit under the plan.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL

The narrative and tables below summarize the estimated amounts payable to each NEO under various termination scenarios, assuming they had occurred on December 31, 2012. The Company does not currently maintain employment agreements with any of the NEOs that provide for termination-related compensation. In addition, none of the NEOs employed as of December 31, 2012 were eligible to receive any payments at, following, or in connection with any termination or change-in-control of the Company beyond those available generally to all salaried employees.

Payments Upon Termination for Good Reason, Termination without Cause, or Resignation

None of the NEOs are covered under employment agreements that provide for any additional payments or benefits beyond those generally available to other employees if they terminate their employment for good reason, are terminated by the Company without cause, or they voluntarily resign, assuming a change-in-control has not occurred.

Payments to Mr. Blackmon Upon his Resignation

Mr. Blackmon resigned on September 4, 2012 and was paid \$12,750 in accrued but unused vacation. Mr. Blackmon was not eligible to receive any further termination-related compensation, except payments for services performed or benefits already accrued. Effective September 5, 2012, the Bank retained Mr. Blackmon as an independent consultant. Under the terms of the Company's 2004 Stock Compensation Plan, Mr. Blackmon will continue to vest in his outstanding options and restricted stock units for the period of time that he remains an independent consultant of the Bank.

The consulting agreement between the Bank and Mr. Blackmon provides for monthly consulting fees of \$21,667, plus Hawaii general excise tax of 4.71%. Beginning on the effective date of the consulting agreement through December 31, 2012, the Company paid Mr. Blackmon \$91,978 for consulting services performed in 2012. Mr. Blackmon is eligible to receive an additional success-based

payment conditioned upon successful delivery of service as determined by the sole discretion of the CEO.

Potential Payments Upon a Change-in-Control

As of December 31, 2012, each of the NEOs held unvested options and restricted stock units ("RSUs"); and except for Mr. Blackmon, each of the NEOs held unvested restricted shares, granted under the Company's 2004 Stock Compensation Plan. Under the Plan and in accordance with the individual award agreements, if a change-in-control occurs, the vesting on certain outstanding awards will accelerate regardless of whether or not employment terminates. Certain other awards provide for accelerated vesting upon a change-in-control only in the event that employment also terminates in connection with the change-in-control.

The table below shows the amounts to which each NEO would be entitled upon a change-in-control as of December 31, 2012 assuming: 1) a change-in-control occurs without an associated termination of employment and 2) employment terminates in connection with a change-in-control. These values represent amounts beyond what each NEO would receive upon voluntary termination as of December 31, 2012.

Accelerated Vesting of Equity Awards(1)

	Change-in-Control	Change-in-Control with Associated Termination
John C. Dean	\$ 150,139	\$ 433,058
Denis K. Isono	\$ 132,468	\$ 330,831
Lance Mizumoto	\$ 136,919	\$ 377,669
A. Catherine Ngo	\$ 132,468	\$ 330,831
Raymond W. Wilson	\$ 136,919	\$ 328,067
Glen Blackmon		\$ 173,563

(1) Except for Mr. Blackmon, each of the NEOs held unvested equity as of December 31, 2012. The values shown reflect the intrinsic value of accelerated stock options, restricted stock, and restricted stock units based on the Company's closing stock price on December 31, 2012 of \$15.59 per share.

Payments Upon Termination for Cause

If the Company terminates any NEO's employment for cause, it will not make any payments or provide any benefits beyond what is generally available to other employees in this termination scenario.

Payments Upon Death or Disability

Upon death or disability, each officer (or the officer's estate) will receive benefits under the Company's disability plan or payments under the life insurance plan, as appropriate. These benefits are generally available to all employees of the Company. Aside from these payments, upon death or disability as of December 31, 2012, none of the NEOs would receive accelerated vesting of outstanding equity or any additional payments above what they would otherwise be entitled to receive upon voluntary termination.

PROPOSAL 2:

**RATIFICATION OF THE APPOINTMENT OF INDEPENDENT
REGISTERED PUBLIC ACCOUNTING FIRM**

The Board has appointed KPMG LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2013. KPMG LLP audited the Company's financial statements for the fiscal year ended December 31, 2012, and has audited the Company's financial statements since the Company's inception in 1982. Representatives of KPMG LLP are expected to attend the Meeting. The representatives are expected to be available to respond to appropriate questions and will have an opportunity to make a statement, if they desire to do so.

The Company is asking its shareholders to ratify the selection of KPMG LLP as its independent registered public accounting firm (as it has done in prior years) because it believes it is a matter of good corporate practice. If the Company's shareholders do not ratify the selection, the Audit Committee will reconsider whether to retain KPMG LLP, but may still retain them. Even if the selection is ratified, the Audit Committee, in its discretion, may change the appointment at any time during the year if it determines that such a change would be in the best interests of the Company and its shareholders.

Services Rendered By And Fees Paid To Independent Registered Public Accounting Firm. The following sections describe the services rendered by KPMG LLP to the Company, and fees paid by the Company to KPMG LLP for such services, for the fiscal years ended December 31, 2011 and December 31, 2012. KPMG LLP acted as the independent registered public accounting firm for the Company for the fiscal years ended December 31, 2011 and December 31, 2012 and performed the Company's audit services in fiscal years 2011 and 2012.

Audit Fees. The audit fees include only fees that are customary under generally accepted auditing standards as established by the Auditing Standards Board (United States) and in accordance with the auditing standards of the Public Company Accounting Oversight Board (United States) and are the aggregate fees the Company incurred for professional services rendered for the audit of the Company's annual financial statements, the audit of internal controls over financial reporting, reviews of the financial statements included in the Company's Quarterly Reports on Form 10-Q, and regulatory and statutory engagements related to the aforementioned statements. Audit fees were \$1,183,600 for the fiscal year ended December 31, 2011, and \$1,109,000 for the fiscal year ended December 31, 2012, respectively.

Audit-Related Fees. Audit-related fees include fees for assurance and related services that are related to the performance of the audit of the financial statements, but are not reported under audit fees. These services include audits of the Company's retirement plans and audits of financial statements and internal controls for the mortgage banking activities. Audit-related fees were \$123,000 for the fiscal year ended December 31, 2011, and \$117,500 for the fiscal year ended December 31, 2012, respectively.

Tax Fees. Tax fees include only fees the Company incurred for professional services rendered for preparation of the Company's tax return, tax filings, and tax consulting. Tax fees were \$241,500 for the fiscal year ended December 31, 2011, and \$134,700 for the fiscal year ended December 31, 2012, respectively.

All Other Fees. All other fees include the fees billed for services rendered by KPMG LLP other than those services covered above. For the fiscal years ended December 31, 2011 and December 31, 2012, there were no other fees billed.

The Audit Committee of the Board established a policy in 2003 to pre-approve all services provided by KPMG LLP. Each service to be provided by KPMG LLP is presented for pre-approval at

Edgar Filing: CENTRAL PACIFIC FINANCIAL CORP - Form DEF 14A

the Audit Committee's regular meeting or presented to the Chair of the Audit Committee for pre-approval under delegated authority and presented to the Audit Committee at their next regular meeting. All engagements with KPMG LLP that commenced during 2004 and since then have been pre-approved in accordance with the pre-approval policy.

The Audit Committee considered whether the provision of audit-related services, tax services, and all other services is compatible with maintaining the independence of KPMG LLP.

The Board has submitted its appointment of KPMG LLP for ratification by the Company's shareholders. The affirmative vote of the holders of at least a majority of the outstanding shares of Common Stock represented and entitled to vote at the Meeting will be required for passage of this proposal.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" THIS PROPOSAL.

PROPOSAL 3:

APPROVAL OF 2013 STOCK COMPENSATION PLAN

On January 30, 2013, the Board of Directors adopted a resolution to approve a 2013 Stock Compensation Plan (the "Plan"), effective upon shareholder approval. The following is a summary of the Plan and it is qualified in its entirety by reference to the full text of the Plan, attached hereto as *Annex A* to this Proxy Statement.

Summary Description of the Plan

The purpose of the Plan is to promote the success and enhance the value of the Company by linking the interests of participants to those of the Company's shareholders and by providing participants with incentive for achieving outstanding performance. Subject to the discretion of the committee that administers the Plan, the Plan provides for the award of incentive stock options ("ISOs"), non-qualified stock options, stock appreciation rights ("SARs"), restricted stock, restricted stock units, performance shares, performance units and stock-based awards (collectively, the "Awards"). Potentially, all of our employees, officers, directors and independent contractors are eligible to participate in the Plan. Because participation in and the nature and amount of each Award that may be made under the Plan are subject to the discretion of the Board's Compensation Committee, we cannot determine the dollar value or number of shares of Common Stock that will in the future be received by or allocated to any participant or groups of participants, including our directors, executive officers and other employees.

Administration. The Plan is administered by the Board's Compensation Committee (the "Compensation Committee"). However, if a member of the Compensation Committee is not an "outside director" within the meaning of Section 162(m) of the Internal Revenue Code ("Code") or is not a "non-employee director" within the meaning of Rule 16b-3 under the U.S. Securities Exchange Act of 1934, as amended, the Compensation Committee may from time to time delegate some or all of its functions under the Plan to a committee or subcommittee composed of members that meet the relevant requirements. The Compensation Committee has the authority to interpret the terms and intent of the Plan, determine who will receive Awards and to determine the size of the Award. All actions, interpretations and determinations made by the Compensation Committee are final, conclusive and binding.

Amendment and Termination. The Compensation Committee or the Board may alter, amend, modify, suspend or terminate the Plan in whole or in part at any time so long as such action complies with Section 409A of the Code; and, provided, further, that options may not be repriced, replaced or regranted through cancellation or by lowering the exercise price without prior shareholder approval. Further, an amendment may not adversely affect in a material way any outstanding Award without the written consent of the participant. In addition, no amendment may be made without shareholder approval if shareholder approval is required by law, regulation or stock exchange rule. Unless earlier terminated, the Plan will terminate ten (10) years following the date the Plan is approved by our shareholders.

Eligibility. The Compensation Committee may grant Awards to any employee, director, or independent contractor of the Company or any of its subsidiaries or affiliates. We currently have nine (9) directors and approximately 950 employees including executive officers.

Shares Subject to the Plan; Other Limitations on Awards. The total number of shares of Common Stock that shall be available for future grants of Awards under the Plan is 2,200,000 (two million, two hundred thousand); provided, however, upon shareholder approval of the Plan, no further grants of new awards will be made under the Central Pacific Financial Corp. 2004 Stock Compensation Plan (the "2004 Plan") (though shares may continue to be settled under the 2004 Plan pursuant to previously

outstanding awards). As of December 31, 2012, 1,547,183 shares of Common Stock remained available under the 2004 Plan for the grant of new awards. If the Plan is approved by our shareholders, any shares remaining available for grant under the 2004 Plan which are not otherwise subject to outstanding Awards will no longer be available for grant under the 2004 Plan. The maximum number of Shares that may be granted pursuant to any Award granted in any one (1) Fiscal Year to any one Participant shall be 400,000 shares.

If any Award granted under the Plan expires, is forfeited or cancelled, or otherwise terminates without the issuance of shares, the shares subject to such Award will again be available for grant under the Plan. In addition, if any Award that is granted under the Plan is settled in cash in lieu of shares or is exchanged with the Compensation Committee's permission for an Award not involving shares, the shares subject to such Award shall again be available for issuance under the Plan. Further, if the option exercise price or tax withholding requirements with respect to an Award are satisfied by tendering shares, or if a SAR is exercised, only the number of shares issued (net of the shares tendered) will be subtracted from the maximum number of shares available for Awards under the Plan.

The maximum number of shares available to be delivered under the Plan are not reduced to reflect any dividends or dividend equivalents that are reinvested into additional shares or credited as additional restricted stock, restricted stock units, performance shares or stock-based Awards.

The number of shares reserved and available for Awards is subject to equitable adjustment in connection with any transaction or event that affects the Company's Common Stock (including, but not limited to, a merger, consolidation, reorganization, recapitalization, separation, stock dividend, stock split, split up, spin-off, combination of shares, exchange of shares or other like change in capital structure) which may be required in order to prevent dilution or enlargement of rights.

Types of Awards

Options: Options granted under the Plan may be either an option intended to be an ISO within the meaning of Section 422 of the Code or a non-qualified stock option. Options entitle the recipient to purchase shares of Common Stock at the exercise price specified in the Award agreement. The Compensation Committee at its discretion determines the number of option shares, term of the option (which shall not be more than ten (10) years from the date of grant), exercise price (which shall not be less than 100% of the fair market value of the underlying shares at the time of grant), vesting schedule and other terms and conditions. The Compensation Committee may impose restrictions, as it may deem advisable, on the shares acquired pursuant to the exercise of an option, including but not limited to requiring the recipient to hold shares acquired pursuant to exercise for a specified period of time.

SARs: SARs entitle the recipient to receive amounts based upon the appreciation in Common Stock over the exercise price specified in the Award agreement. The Compensation Committee at its discretion determines the number of SARs, term of the SARs (which shall not be more than ten (10) years from the date of grant), exercise price (which shall not be less than 100% of the fair market value of the underlying shares at the time of grant), vesting schedule, form of payment (in cash or equivalent value in shares), rights to dividend equivalents and other terms and conditions. The Compensation Committee may impose restrictions, as it may deem advisable, on the shares acquired pursuant to exercise for a specified period of time.

Restricted Stock/Restricted Stock Units: Restricted stock is a stock grant that is registered in a recipient's name but that is subject to certain transfer and/or forfeiture restrictions for a period of time as specified in the recipient's Award agreement and any other conditions and restrictions that the Compensation Committee may impose. The Compensation Committee at its discretion determines the number of shares of restricted stock or restricted stock units, applicable restrictions, term of the restriction period, voting rights during the restriction period (in the case of restricted stock only), right to dividends (or dividend equivalents in the case of restricted stock units) during the restriction period,

form of payment, any applicable purchase price, any applicable performance goals and other terms and conditions, including any holding requirements or sale restrictions placed on the shares upon vesting of such restricted stock or restricted stock units.

Performance Share or Unit: A performance share is a hypothetical share unit with an initial value equal to the fair market value of a share of Common Stock as of the date of grant which entitles the recipient to a payout equal to the value and number of performance shares earned by the recipient over a specified performance period, determined by the extent to which the recipient achieves certain performance goals. A performance unit is a unit of value with an initial value as of the date of grant as may be established by the Compensation Committee which entitles the recipient to a payout equal to the value and number of performance units earned by the recipient over a specified performance period, determined by the extent to which the recipient achieves certain performance goals. The Compensation Committee at its discretion determines the number and value of performance shares or performance units granted to a participant, term of the performance period, applicable performance goals, any applicable purchase rights, rights to dividend equivalents during the performance period, form of payment, and other terms and conditions, including any holding requirements on the shares received pursuant to such Award.

The Compensation Committee may grant other types of stock-based Awards in such amounts, and subject to such terms and conditions, that it may determine at its discretion. Such Awards shall be valued based on the value of a share, as determined by the Compensation Committee in its sole discretion and conditioned upon performance periods and goals, and may be payable in cash, shares or a combination of cash and shares as may be determined by the Compensation Committee in its sole discretion. Stock-based Awards may serve as the basis for formulating short-term or long-term, performance-based bonus arrangements.

Performance Measures; Section 162(m). As determined at the discretion of the Compensation Committee, the terms and conditions of Awards under the Plan may be conditioned upon the attainment of certain performance goals. In the case of Awards (other than options and SARs) that are intended to be "qualified performance-based compensation" to "covered employees," as both terms are defined in Section 162(m) of the Code, the Plan expands the list of performance measures available under the Plan to include one or more of the following: net sales; gross sales; revenue; net revenue; gross revenue; net income; net income after capital costs, non-interest income compared to net interest income ratio; growth of loans and/or deposits; growth in number of customers, households or assets; cash generation; cash flow; unit volume; market share; cost reduction; EVA®, economic value added; costs and expenses (including expense efficiency ratios and other expense measures); strategic plan development and implementation; customer satisfaction; credit quality measures; full-time equivalency control; allowance for loan losses; operating efficiency; loan chargeoffs; loan writedowns; non-performing or impaired loans; return measures (including, but not limited to, return on assets, risk-adjusted return on capital or return on equity); return on net assets; return on average assets, return on actual or proforma assets; return on capital; return on investment; return on working capital; return on net capital employed; working capital; asset turnover; economic value added; total stockholder return; fee income; net income; net income before capital costs; net income before taxes; operating income; operating profit margin; net income margin; net interest margin; sales margin; market share; inventory turnover; days sales outstanding; sales growth; capacity utilization; increase in customer base; book value; stock price (including, but not limited to, growth measures and total shareholder return); earnings per share (actual or targeted growth); stock price earnings ratio; margins; earnings before interest; taxes; depreciation and amortization expenses ("EBITDA"); earnings before interest and taxes ("EBIT"); earnings before interest ("EBI"); or EBITDA, EBIT, EBI or earnings before taxes and unusual or nonrecurring items as measured either against the annual budget or as a ratio to revenue. In addition, the Compensation Committee may consider the following individual unit/production performance measures: cost per dollar loan growth; cost per dollar deposit growth; revenue

per personnel; the operating expense to group budget; service levels (group); and personal performance. The performance measures may apply to the Company as a whole, on any "core" operations, any subsidiary, affiliate, or business unit of the Company, or in comparison with peer group performance or to an index, as the Compensation Committee deems appropriate in its sole discretion. The Compensation Committee also has the authority to provide for accelerated vesting of any Award based on the achievement of performance goals pursuant to the performance metrics set forth above.

The Compensation Committee may provide in any Award that any evaluation of performance include or exclude any of the following events that occurs during a performance period: (a) asset write-downs; (b) litigation or claim judgments or settlements; (c) the effect of changes in tax laws, accounting principles or other laws or provisions affecting reported results; (d) reorganization or restructuring programs; (e) extraordinary or nonrecurring items as described in Accounting Principles Board Opinion No. 30 and/or in management discussion and analysis of financial condition and results of operations appearing in the Company's annual report to shareholders for the applicable year; (f) acquisitions or divestitures and (g) foreign exchange gains and losses. To the extent such inclusions or exclusions affect awards to "covered employees", they shall be prescribed in form that meets the requirements of Section 162(m) of the Code.

The Compensation Committee has the authority to provide for accelerated vesting of any Award based on the achievement of the specified performance goals. Awards that are designed to be considered "qualified performance-based compensation" that are held by "covered employees" may not be adjusted upward, but the Compensation Committee may, in sole discretion, adjust Awards downward. In the event that the Compensation Committee determines that it is advisable to grant Awards that shall not constitute "qualified performance-based compensation," the Compensation Committee may make such grants without satisfying the requirements of Section 162(m) of the Code.

Change-In-Control

In the event of a "change-in-control" (within the meaning of the Plan) of the Company, unless an Award is assumed or substituted by the successor corporation, then (i) such Awards shall be come fully exercisable as of the date of the change-in-control, whether or not otherwise then exercisable and (ii) all restrictions and conditions on any Award then outstanding shall lapse as of the date of the change-in-control. Notwithstanding the foregoing, unless otherwise specifically prohibited under applicable laws, or by the rules and regulations of any governing governmental agencies or national securities exchanges, the Committee may provide in any Award agreement for immediate vesting of an Award upon or following the occurrence of a change-in-control.

U.S. Federal Tax Implications of Awards

The following is a brief description of the U.S. federal income tax consequences generally arising with respect to the grant of Awards under the Plan.

The grant of an option or SAR creates no tax consequences for the recipient or the Company. A recipient does not recognize taxable income upon exercising an ISO (except that the alternative minimum tax may apply). Upon exercising an option (other than an ISO) or SAR, the recipient generally recognizes ordinary income equal to the excess of the fair market value of the freely transferable and nonforfeitable shares (and/or cash or other property) acquired on the date of exercise over the exercise price. The Company generally is entitled to a tax deduction equal to the amount recognized as ordinary income by the recipient in connection with the exercise of an option or SAR. The Company is not entitled to a tax deduction with respect to the exercise of an ISO if the recipient holds the shares for the ISO holding periods prior to disposition of the shares.

Upon a disposition of shares acquired upon exercise of an ISO before the end of the applicable ISO holding periods, the recipient generally recognizes ordinary income equal to the lesser of (i) the

Edgar Filing: CENTRAL PACIFIC FINANCIAL CORP - Form DEF 14A

excess of the fair market value of the shares at the date of exercise of the ISO over the exercise price, or (ii) the amount realized upon the disposition of the ISO shares over the exercise price. The Company can claim a deduction equal to the amount treated as ordinary income in the case of this disqualifying disposition. Otherwise, a recipient's disposition of shares acquired upon the exercise of an option (including an ISO for which the ISO holding periods are met) or SAR generally results in short-term or long-term (which will always be the case for ISOs if the holding periods are met) capital gain or loss measured by the difference between the sale price and the recipient's tax basis in such shares (the tax basis in option shares generally being the exercise price plus any amount recognized as ordinary income in connection with the exercise of the option). The Company generally is not entitled to a tax deduction with respect to any amount that represents a capital gain to a recipient.

Grants of restricted stock are generally not taxable to recipients at the time of grant, and the Company generally claims no deduction at that time. The Company receives a deduction and the recipient recognizes ordinary income equal to the fair market value of the stock at the time the restrictions lapse, unless the recipient elects within 30 days of transfer of the restricted stock, to recognize the income on the transfer date in accordance with Section 83 of the Code. If the recipient makes an election under Section 83, the Company receives a corresponding deduction at the time of transfer. Any dividends received on restricted stock prior to the date the participant recognizes income on the stock are taxable compensation income when received, and the Company is entitled to a corresponding deduction at such time.

The grant of restricted stock units, performance shares, or performance units, and other stock-based Awards that is subject to performance measures does not generally result in taxable income to the recipient. Following the completion of the performance period, the Award is determined and paid or distributed. The full value paid or distributed is treated as ordinary income, and the Company is entitled to a corresponding deduction at such time.

The Company generally is not entitled to a tax deduction with respect to any amount that represents compensation in excess of \$1 million paid to "covered employees" that is not "qualified performance-based compensation" under Section 162(m) of the Code. The Plan has been structured to comply with the requirements of Section 162(m) of the Code to allow certain awards granted under the Plan to be considered "qualified performance based compensation."

The Company reserves the right to pay its employees, including recipients of awards under the Plan, amounts which may or may not be deductible under Section 162(m) or other provisions of the Code.

ADVISORY (NON-BINDING) VOTE TO APPROVE EXECUTIVE COMPENSATION

The Company is required to permit a separate non-binding shareholder vote to approve the compensation of its executives, as disclosed pursuant to the compensation disclosure rules of the SEC (which disclosure includes the Compensation Discussion and Analysis, the compensation tables and any related material).

This proposal, commonly known as a "Say-On-Pay" proposal permits shareholders to endorse or not endorse the Company's executive compensation program through the following resolution:

"Resolved, that the shareholders approve the compensation of the Company's executives, as disclosed pursuant to the compensation disclosure rules of the Securities and Exchange Commission (which disclosure includes the Compensation Discussion and Analysis, the compensation tables and any related materials)."

Because the shareholders' vote is advisory, it will not be binding on the Board. However, the Compensation Committee will take into account the outcome of the vote when considering future executive compensation arrangements.

Currently the Say-On-Pay vote, as determined by the Board following a shareholder advisory vote at the 2011 Annual Meeting of Shareholders, is to be held annually. The next scheduled Say-On-Pay vote after the Meeting will occur at the 2014 Annual Meeting of Shareholders.

The Company's Bylaws contain procedures that shareholders must follow to present business at a meeting of shareholders if such business is not specified in the Proxy Statement. A shareholder may obtain a copy of these procedures from the Company's Corporate Secretary. In addition to other applicable requirements, for business to be properly brought before the 2013 Annual Meeting of Shareholders, a shareholder must give notice of the matter to be presented at the Meeting in a proper written form to the Company's Corporate Secretary. The Corporate Secretary must receive this written notice at the principal offices of the Company not less than ninety (90) calendar days nor more than one hundred twenty (120) calendar days prior to the anniversary date of the preceding year's annual meeting. Shareholder proposals not made in accordance with these requirements may be disregarded by the chairperson of the Meeting.

OTHER BUSINESS

Article 3.

Administration

3.1 General. The Committee shall be responsible for administering the Plan. The Committee may employ attorneys, consultants, accountants, and other persons, and the Committee, the Company, and its officers and Directors shall be entitled to rely upon the advice, opinions, or valuations of any such persons. All actions taken and all interpretations and determinations made by the Committee shall be final, conclusive, and binding upon the Participants, the Company, and all other interested parties.

3.2 Authority of the Committee. The Committee shall have full and exclusive discretionary power and authority to interpret the terms and the intent of the Plan and to determine eligibility for Awards and to adopt such rules, regulations, and guidelines for administering the Plan as the Committee may deem necessary or proper. Such authority shall include, but not be limited to, selecting Award recipients, establishing all Award terms and conditions and, subject to Article 16, adopting modifications and amendments, or subplans to the Plan or any Award Agreement, including without limitation, any that are necessary to comply with the laws of the countries in which the Company, its Affiliates, and/or its Subsidiaries operate.

3.3 Delegation. The Committee may delegate to one or more of its members or to one or more officers of the Company, its Affiliates and/or its Subsidiaries, or to one or more agents or advisors such administrative duties as it may deem advisable, and the Committee or any person to whom it has delegated duties as aforesaid may employ one or more persons to render advice with respect to any responsibility the Committee or such person may have under the Plan. Except with respect to Awards to insiders, the Committee may (to the extent permitted by applicable law), by resolution, authorize one or more officers of the Company to do one or both of the following: (a) designate officers, Employees, or Independent Contractors of the Company, its Affiliates, and/or its Subsidiaries to be recipients of Awards; and (b) determine the size of the Award: provided, however, that the resolution providing such authorization sets forth the total number of Awards such officer or officers may grant.

Article 4.

Shares Subject to the Plan and Maximum Awards

4.1 Number of Shares Available for Awards. Subject to adjustment as provided in this Article 4, the number of Shares which may be delivered pursuant to Awards granted under the Plan (the "Share Authorization") shall be 2,200,000 Shares. Upon stockholder approval of the Plan, no further Awards will be granted under the Central Pacific Financial Corp. 2004 Stock Compensation Plan, but the Central Pacific Financial Corp. 2004 Stock Compensation Plan shall remain in effect for purposes of Awards previously granted. Notwithstanding any provision provided herein, the maximum aggregate number of Shares that may be granted pursuant to any Award granted in any one Fiscal Year to any one Participant shall be 400,000 Shares. Any Shares related to Awards which terminate by expiration, forfeiture, cancellation, or otherwise without the issuance of such Shares, are settled in cash in lieu of

Shares, or are exchanged with the Committee's permission for Awards not involving Shares, shall be available again for grant under the Plan. Moreover, if the Option Price of any Option granted under the Plan or the tax withholding requirements with respect to any Award granted under the Plan are satisfied by tendering Shares to the Company (by either actual delivery or by attestation), or if an SAR is exercised, only the number of Shares issued, net of the Shares tendered, if any, will be deemed delivered for purposes of determining the maximum number of Shares available for delivery under the Plan. The maximum number of Shares available for issuance under the Plan shall not be reduced to reflect any dividends or dividend equivalents that are reinvested into additional Shares or credited as additional Restricted Stock, Restricted Stock Units, Performance Shares, or Stock-Based Awards. The Shares available for issuance under the Plan may be authorized and unissued Shares or treasury Shares.

4.2 Adjustments in Authorized Shares. In the event of any corporate event or transaction (including, but not limited to, a change in the Shares of the Company or the capitalization of the Company) such as a merger, consolidation, reorganization, recapitalization, separation, Stock dividend, Stock split, reverse Stock split, split up, spin-off, or other distribution of Stock or property of the Company, combination of securities, exchange of securities, dividend in kind, or other like change in capital structure or distribution (other than normal cash dividends) to shareholders of the Company, or any similar corporate event or transaction, the Committee, in its sole discretion, in order to prevent dilution or enlargement of Participants' rights under the Plan, shall substitute or adjust, in an equitable manner, as applicable, the number and kind of Shares that may be issued under the Plan, the number and kind of Shares subject to outstanding Awards, the Option Price or Grant Price applicable to outstanding Awards, the Award Limits, and other value determinations applicable to outstanding Awards.

Appropriate adjustments may also be made by the Committee in the terms of any Awards under the Plan to reflect such changes or distributions and to modify any other terms of outstanding Awards on an equitable basis, including modifications of performance goals and changes in the length of Performance Periods. The determination of the Committee as to the foregoing adjustments, if any, shall be conclusive and binding on Participants under the Plan.

Subject to the provisions of Article 15 and any applicable law or regulatory requirement, without affecting the number of Shares reserved or available hereunder, the Committee may authorize the issuance, assumption, substitution, conversion or termination of Awards under this Plan in connection with any merger, consolidation, acquisition of property or Stock, or reorganization, upon such terms and conditions as it may deem appropriate. Additionally, the Committee may amend the Plan, or adopt supplements to the Plan, in such manner as it deems appropriate to provide for such issuance, assumption, substitution, conversion or termination, all without further action by the Company's shareholders. Notwithstanding anything to the contrary, any adjustments, modifications, amendments or changes of any kind made pursuant to this Section 4.2 shall be made in a manner compliant with Section 409A of the Code.

Article 5.

Eligibility and Participation

5.1 Eligibility. Individuals eligible to participate in the Plan include all Employees, Directors, and Independent Contractors.

5.2 Actual Participation. Subject to the provisions of the Plan, the Committee may from time to time, select from all eligible Employees, Directors, and Independent Contractors, those to whom Awards shall be granted and shall determine the nature and amount of each Award.

Article 6.

Stock Options

6.1 Grant of Options. Subject to the terms and provisions of the Plan, Options may be granted to Participants in such number, and upon such terms, and at any time and from time to time as shall be determined by the Committee, provided that ISOs shall not be granted to Non-Employee Directors and Independent Contractors.

6.2 Award Agreement. Each Option grant shall be evidenced by an Award Agreement that shall specify the Option Price, the duration of the Option, the number of Shares to which the Option pertains, the conditions upon which an Option shall become vested and exercisable, and such other provisions as the Committee shall determine which are not inconsistent with the terms of the Plan. The Award Agreement also shall specify whether the Option is intended to be an ISO or a NQSO.

6.3 Option Price. The Option Price for each grant of an Option under this Plan shall be determined by the Committee and shall be specified in the Award Agreement. The Option Price shall be at least one hundred percent (100%) of the FMV of the Shares on the date of grant.

6.4 Duration of Options. Each Option granted to a Participant shall expire at such time as the Committee shall determine at the time of grant; provided, however, no Option shall be exercisable later than the tenth (10th) anniversary date of its grant.

6.5 Exercise of Options. Options granted under this Article 6 shall be exercisable at such times and be subject to such restrictions and conditions as the Committee shall in each instance approve, which need not be the same for each grant or for each Participant.

6.6 Payment. Options granted under this Article 6 shall be exercised by the delivery of a written notice of exercise to the Company, setting forth the number of Shares with respect to which the Option is to be exercised, accompanied by full payment for the Shares.

The Option Price upon exercise of any Option shall be payable to the Company in full either: (a) in cash or its equivalent; (b) by tendering (either by actual delivery or attestation) previously acquired Shares having an aggregate FMV at the time of exercise equal to the total Option Price (provided, if required to maintain favorable accounting treatment for the Options granted, the Shares that are tendered must have been held by the Participant for at least six (6) months prior to their tender to satisfy the Option Price or have been purchased on the open market); (c) by a combination of (a) and (b); or (d) any other method approved by the Committee in its sole discretion.

The Committee also may allow cashless exercise as permitted under the Federal Reserve Board's Regulation T, subject to applicable securities law restrictions, or by any other means which the Committee determines to be consistent with the Plan's purpose and applicable law.

Subject to Section 6.7 and any governing rules or regulations, as soon as practicable after receipt of a written notification of exercise and full payment, the Company shall deliver to the Participant, Share certificates or evidence of book entry Shares, in an appropriate amount based upon the number of Shares purchased under the Option(s).

Unless otherwise determined by the Committee, all payments under all of the methods indicated above shall be paid in United States dollars.

6.7 Restrictions on Share Transferability. The Committee may impose such restrictions on any Shares acquired pursuant to the exercise of an Option granted under this Article 6 as it may deem advisable, including, without limitation, requiring the Participant to hold the Shares acquired pursuant to exercise for a specified period of time, restrictions under applicable federal securities laws, under the requirements of any stock exchange or market upon which such Shares are then listed and/or traded, and under any blue sky or state securities laws applicable to such Shares.

6.8 Termination of Employment. Each Participant's Award Agreement shall set forth the extent to which the Participant shall have the right to exercise the Option following termination of the Participant's employment with the Company, its Affiliates, and/or its Subsidiaries. Such provisions shall be determined in the sole discretion of the Committee, shall be included in the Award Agreement entered into with each Participant, need not be uniform among all Options issued pursuant to this Article 6, and may reflect distinctions based on the reasons for termination.

6.9 Transferability of Options.

(a) Incentive Stock Options. No ISO granted under the Plan may be sold, transferred, pledged, assigned, or otherwise alienated or hypothecated, other than by will or by the laws of descent and distribution. Further, all ISOs granted to a Participant under this Article 6 shall be exercisable during his or her lifetime only by such Participant.

(b) Nonqualified Stock Options. Except as otherwise provided in a Participant's Award Agreement or otherwise at any time by the Committee, no NQSO granted under this Article 6 may be sold, transferred, pledged, assigned, or otherwise alienated or hypothecated, other than by will or by the laws of descent and distribution; provided that the Board or Committee may permit further transferability, on a general or a specific basis, and may impose conditions and limitations on any permitted transferability. Further, except as otherwise provided in a Participant's Award Agreement or otherwise at any time by the Committee, or unless the Board or the Committee decides to permit further transferability, all NQSOs granted to a Participant under this Article 6 shall be exercisable during his or her lifetime only by such Participant.

6.10 Notification of Disqualifying Disposition. The Participant will notify the Company upon the disposition of Shares issued pursuant to the exercise of an ISO. The Company will use such information to determine whether a disqualifying disposition as described in Section 421(b) of the Code has occurred.

Article 7.

Stock Appreciation Rights

7.1 Grant of SARs. Subject to the terms and conditions of the Plan, SARs may be granted to Participants at any time and from time to time as shall be determined by the Committee. The Committee may grant Freestanding SARs, Tandem SARs, or any combination of these forms of SARs.

Subject to the terms and conditions of the Plan, the Committee shall have complete discretion in determining the number of SARs granted to each Participant and, consistent with the provisions of the Plan, in determining the terms and conditions pertaining to such SARs.

The SAR Grant Price for each grant of a Freestanding SAR shall be determined by the Committee and shall be specified in the Award Agreement. The SAR Grant Price must be at least one hundred percent (100%) of the FMV of the Shares on the date of grant. The Grant Price of Tandem SARs shall be equal to the Option Price of the related Option.

7.2 SAR Agreement. Each SAR Award shall be evidenced by an Award Agreement that shall specify the Grant Price, the term of the SAR, and such other provisions as the Committee shall determine.

7.3 Term of SAR. The term of an SAR granted under the Plan shall be determined by the Committee, in its sole discretion, and except as determined otherwise by the Committee and specified in the SAR Award Agreement, no SAR shall be exercisable later than the tenth (10th) anniversary date of its grant.

7.4 Exercise of Freestanding SARs. Freestanding SARs may be exercised upon whatever terms and conditions the Committee, in its sole discretion, imposes upon them.

7.5 Exercise of Tandem SARs. Tandem SARs may be exercised for all or part of the Shares subject to the related Option upon the surrender of the right to exercise the equivalent portion of the related Option. A Tandem SAR may be exercised only with respect to the Shares for which its related Option is then exercisable.

Notwithstanding any other provision of this Plan to the contrary, with respect to a Tandem SAR granted in connection with an ISO: (a) the Tandem SAR will expire no later than the expiration of the underlying ISO; (b) the value of the payout with respect to the Tandem SAR may be for no more than one hundred percent (100%) of the difference between the Option Price of the underlying ISO and the FMV of the Shares subject to the underlying ISO at the time the Tandem SAR is exercised; and (c) the Tandem SAR may be exercised only when the FMV of the Shares subject to the ISO exceeds the Option Price of the ISO.

7.6 Payment of SAR Amount. Upon the exercise of an SAR, a Participant shall be entitled to receive payment from the Company in an amount determined by multiplying:

- (a) The difference between the FMV of a Share on the date of exercise over the Grant Price; by
- (b) The number of Shares with respect to which the SAR is exercised.

At the discretion of the Committee, the payment upon SAR exercise may be in cash, in Shares of equivalent value, in some combination thereof, or in any other manner approved by the Committee at its sole discretion. The Committee's determination regarding the form of SAR payout shall be set forth or reserved for later determination in the Award Agreement pertaining to the grant of the SAR.

7.7 Termination of Employment. Each Award Agreement shall set forth the extent to which the Participant shall have the right to exercise the SAR following termination of the Participant's employment with the Company, its Affiliates, and or its Subsidiaries. Such provisions shall be determined in the sole discretion of the Committee, shall be included in the Award Agreement entered into with Participants, need not be uniform among all SARs issued pursuant to the Plan, and may reflect distinctions based on the reasons for termination.

7.8 Nontransferability of SARs. Except as otherwise provided in a Participant's Award Agreement, no SAR granted under the Plan may be sold, transferred, pledged, assigned, or otherwise alienated or hypothecated, other than by will or by the laws of descent and distribution; provided that the Board or Committee may permit further transferability, on a general or a specific basis, and may impose conditions and limitations on any permitted transferability. Further, except as otherwise provided in a Participant's Award Agreement or otherwise unless the Board or the Committee decides to permit further transferability, all SARs granted to a Participant under this Article 7 shall be exercisable during his or her lifetime only by such Participant.

7.9 Other Restrictions. The Committee shall impose such other conditions and/or restrictions on any Shares received upon exercise of a SAR granted pursuant to the Plan as it may deem advisable. This includes, but is not limited to, requiring the Participant to hold the Shares received upon exercise of an SAR for a specified period of time.

Article 8.

Restricted Stock and Restricted Stock Units

8.1 Grant of Restricted Stock or Restricted Stock Units. Subject to the terms and provisions of the Plan, the Committee, at any time and from time to time, may grant Shares of Restricted Stock and/or Restricted Stock Units to Participants in such amounts, as the Committee shall determine. Restricted Stock Units shall be similar to Restricted Stock except that no Shares are actually awarded to the Participant on the date of grant.

8.2 Restricted Stock or Restricted Stock Unit Agreement. Each Restricted Stock and/or Restricted Stock Unit grant shall be evidenced by an Award Agreement that shall specify the Period(s) of Restriction, the number of Shares of Restricted Stock or the number of Restricted Stock Units granted, and such other provisions as the Committee shall determine.

8.3 Transferability. Except as provided in this Article 8, the Shares of Restricted Stock and/or Restricted Stock Units granted herein may not be sold, transferred, pledged, assigned, or otherwise alienated or hypothecated until the end of the applicable Period of Restriction established by the Committee and specified in the Award Agreement (and in the case of Restricted Stock Units until the date of delivery or other payment), or upon earlier satisfaction of any other conditions, as specified by the Committee, in its sole discretion, and set forth in the Award Agreement. All rights with respect to the Restricted Stock and/or Restricted Stock Units granted to a Participant under the Plan shall be available during his or her lifetime only to such Participant.

8.4 Other Restrictions. The Committee shall impose such other conditions and/or restrictions on any Shares of Restricted Stock or Restricted Stock Units granted pursuant to the Plan as it may deem advisable including, without limitation, a requirement that Participants pay a stipulated purchase price for each Share of Restricted Stock or each Restricted Stock Unit, restrictions based upon the achievement of specific performance goals, time-based restrictions on vesting following the attainment of the performance goals, time-based restrictions, restrictions under applicable federal or state securities laws, or any holding requirements or sale restrictions placed on the Shares by the Company upon vesting of such Restricted Stock or Restricted Stock Units.

To the extent deemed appropriate by the Committee, the Company may retain the certificates representing Shares of Restricted Stock in the Company's possession until such time as all conditions and/or restrictions applicable to such Shares have been satisfied or lapse.

Except as otherwise provided in this Article 8, Shares of Restricted Stock covered by each Restricted Stock Award shall become freely transferable by the Participant after all conditions and restrictions applicable to such Shares have been satisfied or lapse, and Restricted Stock Units shall be paid in cash, Shares, or a combination of cash and Shares as the Committee, in its sole discretion shall determine.

8.5 Certificate Legend. In addition to any legends placed on certificates pursuant to Section 8.4 herein, each certificate representing Shares of Restricted Stock granted pursuant to the Plan may bear a legend such as the following:

"The sale or other transfer of the Shares of Stock represented by this certificate, whether voluntary, involuntary, or by operation of law, is subject to certain restrictions on transfer as set forth in the Central Pacific Financial Corp.'s 2013 Stock Compensation Plan, and in the associated Restricted Stock Award Agreement. A copy of the Plan and such Restricted Stock Award Agreement may be obtained from the Central Pacific Financial Corp."

8.6 Voting Rights. To the extent permitted or required by law, as determined by the Committee, Participants holding Shares of Restricted Stock granted hereunder may be granted the right to exercise full voting rights with respect to those Shares during the Period of Restriction. A Participant shall have no voting rights with respect to any Restricted Stock Units granted hereunder.

8.7 Dividends and Dividend Equivalents. During the Period of Restriction, Participants holding Shares of Restricted Stock or Restricted Stock Units granted hereunder may, if the Committee so determines, be credited with dividends paid with respect to Restricted Stock or dividend equivalents with respect to Restricted Stock Units while they are so held in a manner determined by the Committee in its sole discretion. The Committee may apply any restrictions to the dividends or dividend equivalents that the Committee deems appropriate. The Committee, in its sole discretion, may determine the form of payment of dividends or dividend equivalents, including cash, Shares, Restricted

Stock, or Restricted Stock Units and such dividends or dividend equivalents may be subject to accrual, forfeiture, or payout restrictions as determined by the Committee, provided that such dividends or dividend equivalents shall be paid or provided in a manner compliant with Section 409A of the Code.

8.8 Termination of Employment. Each Award Agreement shall set forth the extent to which the Participant shall have the right to retain Restricted Stock and/or Restricted Stock Units following termination of the Participant's employment with the Company, its Affiliates, and/or its Subsidiaries. Such provisions shall be determined in the sole discretion of the Committee, shall be included in the Award Agreement entered into with each Participant, need not be uniform among all Shares of Restricted Stock or Restricted Stock Units issued pursuant to the Plan, and may reflect distinctions based on the reasons for termination.

8.9 Section 83(b) Election. The Committee may provide in an Award Agreement that the Award of Restricted Stock is conditioned upon the Participant making or refraining from making an election with respect to the Award under Section 83(b) of the Code. If a Participant makes an election pursuant to Section 83(b) of the Code concerning a Restricted Stock Award, the Participant shall be required to file promptly a copy of such election with the Company.

Each Performance Unit shall have an initial value that is established by the Committee at the time of grant. The Committee shall set performance goals in its discretion which, depending on the extent to which they are met, will determine the value and/or number of Performance Shares/Performance Units that will be paid out to the Participant.

9.3 Earning of Performance Shares and Performance Units. Subject to the terms of this Plan, after the applicable Performance Period has ended, the holder of Performance Shares/Performance Units shall be entitled to receive payout on the value and number of Performance Shares/Performance Units earned by the Participant over the Performance Period, to be determined as a function of the extent to which the corresponding performance goals have been achieved. Notwithstanding the foregoing, the Company has the ability to require the Participant to hold the Shares received pursuant to such Award for a specified period of time.

9.4 Form and Timing of Payment of Performance Shares and Performance Units. Payment of earned Performance Shares/Performance Units shall be as determined by the Committee and as evidenced in the Award Agreement. Subject to the terms of the Plan, the Committee, in its sole discretion, may pay earned Performance Shares/Performance Units in the form of cash or in Shares (or in a combination thereof) equal to the value of the earned Performance Shares/Performance Units as soon as practicable after the end of the applicable Performance Period, but in no event later than 2¹/₂ months following the end of the calendar year in which such Performance Period ends; provided, however, that any Shares may be granted subject to restrictions deemed appropriate by the Committee, but only if the terms of such restrictions are compliant with Section 409A of the Code. The determination of the Committee with respect to the form of payout of such Awards shall be set forth in the Award Agreement pertaining to the grant of the Award.

9.5 Dividend Equivalents. At the discretion of the Committee, Participants holding Performance Shares may be entitled to receive dividend equivalents with respect to dividends declared with respect

to the Shares. Such dividends may be subject to accrual, forfeiture, or payout restrictions as determined by the Committee in its sole discretion, provided that such dividends or dividend equivalents shall be paid or provided in a manner compliant with Section 409A of the Code.

9.7 Nontransferability. Except as otherwise provided in a Participant's Award Agreement, Performance Shares/Performance Units may not be sold, transferred, pledged, assigned, or otherwise alienated or hypothecated, other than by will or by the laws of descent and distribution. Further, except as otherwise provided in a Participant's Award Agreement, a Participant's rights under the Plan shall be exercisable during his or her lifetime only by such Participant.

Article 10.

Stock-Based Awards

10.1 Stock-Based Awards. The Committee may grant other types of equity-based or equity-related Awards (including the grant or offer for sale of unrestricted Shares) in such amounts and subject to such terms and conditions, as the Committee shall determine. Such Awards may entail the transfer of actual Shares to Participants, or payment in cash or otherwise of amounts based on the value of Shares and may include, without limitation, Awards designed to comply with or take advantage of the applicable local laws of jurisdictions other than the United States.

10.2 Value of Stock-Based Awards. Each Stock-Based Award shall have a value based on the value of a Share, as determined by the Committee. The Committee may establish performance goals in its discretion. If the Committee exercises its discretion to establish performance goals, the number and/or value of Stock-Based Awards that will be paid out to the Participant will depend on the extent to which the performance goals are met.

10.3 Earning of Stock-Based Awards. Subject to the terms of this Plan, the holder of Stock-Based Awards shall be entitled to receive payout on the number and value of Stock-Based Awards earned by the Participant, to be determined as a function of the extent to which applicable performance goals, if any, have been achieved.

10.4 Form and Timing of Payment of Stock-Based Awards. Payment of earned Stock-Based Awards shall be as determined by the Committee and as evidenced in the Award Agreement. Subject to the terms of the Plan, the Committee, in its sole discretion, may pay earned Stock-Based Awards in the form of cash or in Shares (or in a combination thereof) that have an aggregate FMV equal to the value of the earned Stock-Based Awards. Such Shares may be granted subject to any restrictions deemed appropriate by the Committee. The determination of the Committee with respect to the form of payout of such Awards shall be set forth in the Award Agreement pertaining to the grant of the Award.

10.5 Termination of Employment. Any Performance Measure(s) may be designated to apply on a "core" basis, where at the discretion of the Committee certain non-recurring items may be excluded for purposes of determining the attainment of the Performance Measure(s). In addition, any Performance Measure(s) may be used to measure the performance of the Company as a whole, or any subsidiary, affiliate, business unit of the Company, in comparison with peer group performance or to an index, or any combination thereof, as the Committee may deem appropriate, or any of the above Performance Measures as compared to the performance of a group of comparator companies, or published or special index that the Committee, in its sole discretion, deems appropriate. In the event that applicable tax and/or securities laws change to permit Committee discretion to alter the governing Performance Measures without obtaining shareholder approval of such changes, the Committee shall have sole discretion to make such changes without obtaining shareholder approval. In addition, in the event that the Committee determines that it is advisable to grant Awards that shall not qualify as Performance-Based Compensation, the Committee may make such grants without satisfying the requirements of Code Section 162(m).

Article 12.

Beneficiary Designation

A Participant's "beneficiary" is the person or persons entitled to receive payments or other benefits or exercise rights that are available under the Plan in the event of the Participant's death. A Participant may designate a beneficiary or change a previous beneficiary designation at any time by using forms and following procedures approved by the Committee for that purpose. If no beneficiary designated by the Participant is eligible to receive payments or other benefits or exercise rights that are available under the Plan at the Participant's death the beneficiary shall be the Participant's estate.

Notwithstanding the provisions above, the Committee may in its discretion, after notifying the affected Participants, modify the foregoing requirements, institute additional requirements for beneficiary designations, or suspend the existing beneficiary designations of living Participants or the process of determining beneficiaries under this Article 12, or both. If the Committee suspends the process of designating beneficiaries on forms and in accordance with procedures it has approved pursuant to this Article 12, the determination of who is a Participant's beneficiary shall be made under the Participant's will and applicable state law.

Article 13.

Deferrals and Share Settlements

Notwithstanding any other provision under the Plan, the Committee may permit or require a Participant to defer such Participant's receipt of the payment of cash or the delivery of Shares that would otherwise be due to such Participant by virtue of the exercise of an Option or SAR, or with respect to the lapse or waiver of restrictions with respect to Restricted Stock or Restricted Stock Units or the satisfaction of any requirements or performance goals with respect to Performance Shares, Performance Units, or Stock-Based Awards. If any such deferral election is required or permitted, the Committee shall, in its sole discretion, establish rules and procedures for such payment deferrals, provided that such rules and procedures for any deferrals or deferral elections pursuant to this Article 13 shall comply in all respects with Section 409A of the Code.

Article 14.

Rights of Employees and Independent Contractors

14.1 Employment. Nothing in the Plan or an Award Agreement shall interfere with or limit in any way the right of the Company, its Affiliates, and/or its Subsidiaries to terminate any Participant's employment or other service relationship at any time, nor confer upon any Participant any right to continue in the capacity in which he or she is employed or otherwise serves the Company, its Affiliates, and/or its Subsidiaries.

Neither an Award nor any benefits arising under this Plan shall constitute part of an employment contract with the Company, its Affiliates, and/or its Subsidiaries and, accordingly, subject to Articles 3 and 16, this Plan and the benefits hereunder may be terminated at any time in the sole and exclusive discretion of the Committee without giving rise to liability on the part of the Company, its Affiliates, and/or its Subsidiaries for severance payments.

For purposes of the Plan, transfer of employment of a Participant between the Company, its Affiliates, and/or its Subsidiaries shall not be deemed a termination of employment. Additionally, the Committee shall have the ability to stipulate in a Participant's Award Agreement that a transfer to a company that is spun-off from the Company shall not be deemed a termination of employment with the Company for purposes of the Plan until the Participant's employment is terminated with the spun-off company.

Notwithstanding the foregoing, unless otherwise specifically prohibited under applicable laws, or by the rules and regulations of any governing governmental agencies or national securities exchanges, the Committee may provide in the Award Agreement for immediate vesting of an Award upon or following the occurrence of a Change in Control.

Article 16.

Amendment, Modification, Suspension, and Termination

16.1 Amendment, Modification, Suspension, and Termination. The Committee or Board may, at any time and from time to time, alter, amend, modify, suspend, or terminate the Plan in whole or in part, provided that any such alteration, amendment, modification, suspension or termination of the Plan pursuant to this Article 16 shall be effected in a manner compliant with Section 409A of the Code. Notwithstanding anything herein to the contrary, without the prior approval of the Company's shareholders, Options issued under the Plan will not be repriced, replaced, or regranted through cancellation, or by lowering the exercise price of a previously granted Option. No amendment of the Plan shall be made without shareholder approval if shareholder approval is required by law, regulation, or stock exchange rule.

16.2 Adjustment of Awards Upon the Occurrence of Certain Unusual or Nonrecurring Events. The Committee may make adjustments in the terms and conditions of, and the criteria included in, Awards in recognition of unusual or nonrecurring events (including, without limitation, the events described in Section 4.2 hereof) affecting the Company or the financial statements of the Company or of changes in applicable laws, regulations, or accounting principles, whenever the Committee determines that such adjustments are appropriate in order to prevent unintended dilution or enlargement of the benefits or potential benefits intended to be made available under the Plan. The determination of the Committee as to the foregoing adjustments, if any, shall be conclusive and binding on Participants under the Plan. Notwithstanding anything to the contrary, any adjustments pursuant to this Section 16.2 shall be effected in a manner compliant with Section 409A of the Code.

16.3 Awards Previously Granted. Notwithstanding any other provision of the Plan to the contrary, no termination, amendment, suspension, or modification of the Plan shall adversely affect in any material way any Award previously granted under the Plan, without the written consent of the Participant holding such Award.

16.4 Clawback and Other Provisions for Recovery or Termination of Awards. Subject to Section 16.3, Central Pacific Financial Corp., Central Pacific Bank, Central Pacific HomeLoans, and each and every of their respective affiliates and subsidiaries (hereinafter individually and collectively referred to as the "Company") reserves the right, in its sole and absolute discretion, and at any time, and for any reason, to make any changes to this plan or agreement, or to suspend or terminate this plan or agreement either partially or in its entirety, or to interpret any of the terms and provisions of this plan or agreement. In addition, and without in any way limiting the foregoing statements in this paragraph and notwithstanding anything else stated in this plan or agreement, this plan or agreement shall be subject to the following conditions:

16.5 Any term or provision in this plan that is interpreted, deemed or found by any governmental agency or by the Company to be in violation or potential violation of any law, guidance, rule, regulation, regulatory action, order or decree (hereinafter individually and collectively referred to as "Law") will be modified to conform to the Law.

(a) Any bonus, retention award, incentive compensation or any other payment paid under this plan or agreement is subject to recovery (clawback) by any governmental agency or by the Company if it is based on materially inaccurate statements of earnings, revenues or gains, or any performance criteria/metric or other criteria or metric that is found by any governmental agency or the Company to be materially inaccurate or to have encouraged unnecessary and/or excessive risk taking.

(b) Golden parachute payments are prohibited under this plan or agreement.

(c) Payments that require regulatory or other approval are prohibited unless and until such approval is obtained, and the Company shall have no obligation to seek such approval.

(d) The Company will not grant Awards that may constitute excessive compensation under Law or by the Company.

(e) The Company will not grant Awards that threaten the Company's safety and soundness.

(f) The Company will not grant Awards that encourage excessive risk taking.

Participation in this plan or agreement shall not be construed as a promise or guarantee of future or continued employment, or as stating provisions or terms of employment. The Company and its employees recognize their mutual right to end their employment relationship at any time, and acknowledge that such relationship is one of employment-at-will. Regardless of this plan or agreement, the Company may terminate your employment in its sole and absolute discretion and at any time and for any reason.

Except and unless specifically stated otherwise elsewhere in the plan or agreement document to which this section is made a part of, this section and everything stated in this section shall prevail and control in the event of any ambiguity or inconsistency between what's stated in this section and what may be stated elsewhere in the plan or agreement document.

Article 17.

Withholding

17.1 Tax Withholding. The Company shall have the power and the right to deduct or withhold, or require a Participant to remit to the Company, an amount sufficient to satisfy federal, state, and local taxes, domestic or foreign (including the Participant's FICA obligation), required by law or regulation to be withheld with respect to any taxable event arising or as a result of this Plan.

17.2 Share Withholding. With respect to withholding required upon the exercise of Options or SARs, upon the lapse of restrictions on Restricted Stock or Restricted Stock Units, or upon the achievement of performance goals related to Performance Shares, or any other taxable event arising as a result of Awards granted hereunder, the Company may require or Participants may elect, subject to the approval of the Committee, to satisfy the withholding requirement, in whole or in part, by having the Company withhold Shares having a FMV of a Share on the date the tax is to be determined equal to the tax that could be imposed on the transaction, provided that if required by the accounting rules and regulations to maintain favorable accounting treatment for the Awards, the tax is to be determined equal to the minimum statutory total tax that could be imposed on the transaction. All elections shall be irrevocable, made in writing, and signed by the Participant, and shall be subject to any restrictions or limitations that the Committee, in its sole discretion, deems appropriate.

Article 18.

Successors

All obligations of the Company under the Plan with respect to Awards granted hereunder, shall be binding on any successor to the Company, whether the existence of such successor is the result of a direct or indirect purchase, merger, consolidation, or otherwise, of all or substantially all of the business and/or assets of the Company.

Article 19.

General Provisions

19.1 Forfeiture Events. The Committee may specify in an Award Agreement that the Participant's rights, payments, and benefits with respect to an Award shall be subject to reduction, cancellation, forfeiture, or recoupment upon the occurrence of certain specified events, in addition to any otherwise applicable vesting or performance conditions of an Award. Such events shall include, but shall not be limited to, termination of employment for Cause, violation of material Company, Affiliate, and/or Subsidiary policies, breach of noncompetition, confidentiality, or other restrictive covenants that may apply to the Participant, or other conduct by the Participant that is detrimental to the business or reputation of the Company, its Affiliates, and/or its Subsidiaries.

19.2 Legend. The certificates for Shares may include any legend that the Committee deems appropriate to reflect any restrictions on transfer of such Shares.

19.3 Delivery of Title. The Company shall have no obligation to issue or deliver evidence of title for Shares issued under the Plan prior to:

- (a) Obtaining any approvals from governmental agencies that the Company determines are necessary or advisable; and

(b) Completion of any registration or other qualification of the Shares under any applicable national or foreign law or ruling of any governmental body that the Company determines to be necessary or advisable.

19.4 Investment Representations. The Committee may require each Participant receiving Shares pursuant to an Award under this Plan to represent and warrant in writing that the Participant is acquiring the Shares for investment and without any present intention to sell or distribute such Shares.

19.5 Employees Based Outside of the United States. Notwithstanding any provision of the Plan to the contrary, in order to comply with the laws in other countries in which the Company, its Affiliates, and/or its Subsidiaries operate or have Employees or Independent Contractors, the Committee, in its sole discretion, shall have the power and authority to:

- (a) Determine which Affiliates and Subsidiaries shall be covered by the Plan;
- (b) Determine which Employees and Independent Contractors outside the United States are eligible to participate in the Plan;
- (c) Modify the terms and conditions of any Award granted to Employees or Independent Contractors outside the United States to comply with applicable foreign laws;
- (d) Establish subplans and modify exercise procedures and other terms and procedures, to the extent such actions may be necessary or advisable. Any subplans and modifications to Plan terms and procedures established under this Section 19.5 by the Committee shall be attached to this Plan document as appendices; and
- (e) Take any action, before or after an Award is made that it deems advisable to obtain approval or comply with any necessary local government regulatory exemptions or approvals.

Notwithstanding the above, the Committee may not take any actions hereunder, and no Awards shall be granted, that would violate the Exchange Act, the Code, any securities law, or governing statute or any other applicable law.

19.6 Uncertificated Shares. To the extent that the Plan provides for issuance of certificates to reflect the transfer of Shares, the transfer of such Shares may be effected on a noncertificated basis, to the extent not prohibited by applicable law or the rules of any stock exchange.

19.7 Unfunded Plan. Participants shall have no right, title, or interest whatsoever in or to any investments that the Company, its Affiliates, and/or its Subsidiaries may make to aid it in meeting its obligations under the Plan. Nothing contained in the Plan, and no action taken pursuant to its provisions, shall create or be construed to create a trust of any kind, or a fiduciary relationship between the Company, its Affiliates, and/or its Subsidiaries and any Participant, beneficiary, legal representative, or any other person. To the extent that any person acquires a right to receive payments from the Company, its Affiliates, and/or its Subsidiaries under the Plan, such right shall be no greater than the right of an unsecured general creditor of the Company. All payments to be made hereunder shall be paid from the general funds of the Company and no special or separate fund shall be established and no segregation of assets shall be made to assure payment of such amounts except as expressly set forth in the Plan. The Plan is not intended to be subject to ERISA.

19.8 No Fractional Shares. No fractional Shares shall be issued or delivered pursuant to the Plan or any Award. The Committee shall determine whether cash, Awards, or other property shall be issued or paid in lieu of fractional Shares or whether such fractional Shares or any rights thereto shall be forfeited or otherwise eliminated.

19.9 Retirement and Welfare Plans. The Awards under this Plans will not be included as "compensation" for purposes of computing benefits payable to any Participant under the Company's retirement plans (both qualified and nonqualified) or welfare benefit plans unless such other plan

expressly provides that such compensation shall be taken into account in computing a Participant's benefit.

Article 20.

Legal Construction

20.1 Gender and Number. Except where otherwise indicated by the context, any masculine term used herein also shall include the feminine, the plural shall include the singular, and the singular shall include the plural.

20.2 Severability. In the event any provision of the Plan shall be held illegal or invalid for any reason, the illegality or invalidity shall not affect the remaining parts of the Plan, and the Plan shall be construed and enforced as if the illegal or invalid provision had not been included.

20.3 Requirements of Law. The granting of Awards and the issuance of Shares under the Plan shall be subject to all applicable laws, rules, and regulations, and to such approvals by any governmental agencies or national securities exchanges as may be required. The Company shall receive the consideration required by law for the issuance of Awards under the Plan.

20.4 The inability of the Company to obtain authority from any regulatory body having jurisdiction, which authority is deemed by the Company's counsel to be necessary to the lawful issuance and sale of any Shares hereunder, shall relieve the Company of any liability in respect of the failure to issue or sell such Shares as to which such requisite authority shall not have been obtained.

20.5 Securities Law Compliance. The Company may use reasonable endeavors to register Shares allotted pursuant to the exercise of an Award with the United States Securities and Exchange Commission or to effect compliance with the registration, qualification, and listing requirements of any national or foreign securities laws, stock exchange, or automated quotation system. With respect to Insiders, transactions under this Plan are intended to comply with all applicable conditions of Rule 16b-3 or its successors under the Exchange Act. To the extent any provision of the Plan or action by the Committee fails to so comply, it shall be deemed null and void, to the extent permitted by law and deemed advisable by the Committee.

20.6 Governing Law. The Plan and each Award Agreement shall be governed by the laws of the State of Hawaii, excluding any conflicts or choice of law rule or principle that might otherwise refer construction or interpretation of the Plan to the substantive law of another jurisdiction. Unless otherwise provided in the Award Agreement, recipients of an Award under the Plan are deemed to submit to the exclusive jurisdiction and venue of the federal or state courts of Hawaii, to resolve any and all issues that may arise out of or relate to the Plan or any related Award Agreement.

20.7 Section 409A of the Code. It is the Company's intent that payments under the Plan are exempt from, and do not constitute "deferred compensation" subject to, Section 409A of the Code and that the Plan be administered accordingly. If and to the extent that any payment is determined by the Company to constitute "non-qualified deferred compensation" subject to Section 409A of the Code and is payable hereunder to a Participant by reason of his termination of employment, then (a) such payment or benefit shall be made or provided to the Participant only upon a "separation from service" as defined for purposes of Section 409A of the Code under applicable regulations and (b) if the Participant is a "specified employee" (within the meaning of Section 409A of the Code and as determined by the Company), such payment shall not be made or provided before the date that is six months after the date of the Participant's separation from service (or his earlier death). Neither the Company nor its affiliates shall have any liability to any Participant, Participant's spouse or other beneficiary of any Participant's spouse or other beneficiary of any Participant or otherwise if the Plan or any amounts paid or payable hereunder are subject to the additional tax and penalties under Section 409A of the Code.
