For the Board of Directors

Commentary on the proposal of the Board of Directors relative to point 5 of the agenda: Creation of a new authorized capital

In 2000, the General Meeting of shareholders had accepted the creation of a new authorized capital up to a maximum of CHF 35 millions, corresponding to 1 400 000 bearer shares with a par value of CHF 25. The authorization had a validity of two years. It was extended by two years during the 2002 General Meeting of shareholders and then again by two years during the 2004 General Meeting of shareholders. This last authorization expires on May 25, 2006.

The authorized capital ensure that the company enjoy the necessary flexibility to seize any financing opportunities, acquisitions and others strategic investments as they may arise. The Board of Directors will then be in a position to quickly determine the opportune timing and the optimal conditions for a share issue.

In this view, the Board of Directors proposes to delete the current article 5ter of the Articles of Association and to create a new article 5ter which would allow the Board of Directors to increase the share capital up to a maximum of CHF 190 471 500 (one hundred ninety million four hundred seventy-one thousand five hundred Swiss francs) through the issuance of a maximum of 7 618 860 (seven million six hundred eighteen thousand eight hundred sixty) bearer B shares, each with a par value of CHF 25 (twenty-five Swiss francs). This authorization will be valid for 2 years, i.e. until April 25, 2008.

The acceptance of this proposal will trigger the following modification of article 5ter of the Articles of Association:

Current version:

Article 5 ter: Authorized capital

The Board of Directors shall be authorized, until 25 May 2006, to increase the share capital by a maximum of CHF 35,000,000 (thirty-five million Swiss francs) through the issuance of a maximum of 1,400,000 (one million and four hundred thousand) bearer shares, each with a par value of CHF 25 (twenty-five Swiss francs), fully paid up. The Board of Directors may proceed to increase the share capital either all at once or in installments. The preferential subscription rights which have been granted, but not exercised, are at the disposal of the Board of Directors, which may use them in the interest of the company.

The Board of Directors is authorized to withdraw the preferential subscription right of shareholders in favour of a bank or another institution selected by the Board of Directors which shall purchase the shares on a firm basis, if the bank or institution which firmly purchases the shares undertakes to offer the subscription of the newly issued shares to the shareholders in proportion to their current participation. The Board of Directors is also authorised to withdraw the preferential subscription right of shareholders and grant shares or preferential subscription rights to third parties in the case of the purchase of a business or part of a business, taking a participation in a business/company, or similar transactions.

Edgar Filing: SERONO S A - Form 6-K

The issue price of the shares, the manner in which they are paid up and the date as from which the new shares give right to dividends as well as the conditions for the exercise of the preferential subscription right shall be determined by the Board of Directors.
