Notes to Schedule of Investments

October 31, 2007 (Unaudited)

Note 1. Valuation and Investment Practices

Securities Valuation: Securities for which market quotations are readily available (including securities listed on national securities exchanges and those traded over-the-counter) are valued at the last quoted sales price on the valuation date on which the security is traded. If such securities were not traded on the valuation date, but market quotations are readily available, they are valued at the most recently quoted bid price provided by an independent pricing service or by principal market makers. Securities traded on NASDAQ are valued at the NASDAQ Official Closing Price (NOCP). Where market quotations are not readily available or where the pricing agent or market maker does not provide a valuation or methodology, or provides a valuation or methodology that, in the judgment of the adviser, does not represent fair value (Fair Value Securities), securities are valued at fair value by a Pricing Committee appointed by the Board of Directors, in consultation with the adviser. In such circumstances, the adviser makes an initial written recommendation to the Pricing Committee regarding valuation methodology for each Fair Value Security. Thereafter, the adviser conducts periodic reviews of each Fair Value Security to consider whether the respective methodology and its application is appropriate and recommends methodology changes when appropriate. The Pricing Committee reviews and makes a determination regarding each initial methodology recommendation and any subsequent methodology changes. All methodology recommendations and any changes are reviewed by the entire Board of Directors on a quarterly basis.

Short-term securities which mature in more than 60 days are valued at current market quotations. Short-term securities which mature in 60 days or less are valued at amortized cost, which approximates fair value.

Repurchase Agreements: The Fund may enter into repurchase agreement transactions with United States financial institutions. It is the Fund s policy that its custodian take possession of the underlying collateral securities, the value of which exceeds the principal amount of the repurchase transaction, including accrued interest. To the extent that any repurchase transaction exceeds one business day, the value of the collateral is marked-to-market on a daily basis to maintain the adequacy of the collateral. The value of the collateral at the time of the execution must be at least equal to 102% of the total amount of the repurchase obligations, including interest. If the seller defaults, and the value of the collateral declines or if bankruptcy proceedings are commenced with respect to the seller of the security, realization of the collateral by the Fund may be delayed or limited.

Foreign Currency Translation: The books and records of the Fund are maintained in US dollars. Foreign currencies, investments and other assets and liabilities denominated in foreign currencies are translated into US dollars at the exchange rate prevailing at the end of the period, and purchases and sales of investment securities, income and expenses transacted in foreign currencies are translated at the exchange rate on the dates of such transactions. Foreign currency gains and losses result from fluctuations in exchange rates between trade date and settlement date on securities transactions, foreign currency transactions and the difference between the amounts of interest and dividends recorded on the books of the Fund and the amounts actually received. The portion of foreign currency gains and losses related to fluctuation in the exchange rates between the initial purchase trade date and subsequent sale trade date is included in gains and losses on investment securities sold.

Securities Transactions and Net Investment Income: Securities transactions are recorded on the trade date. Realized gains or losses on sales of securities are calculated on the identified cost basis. Dividend income is

recorded on the ex-dividend date, or for certain foreign securities, when the information becomes available to the portfolios. Interest income including amortization of premium and accretion of discount on debt securities, as required, is recorded on the accrual basis, using the effective interest method.

Dividend income from investments in real estate trusts (REITs) is recorded at management s estimate of income included in distributions received. Distributions received in excess of this amount are recorded as a reduction of the cost of investments. The actual amount of income and return of capital are determined by each REIT only after its fiscal year-end, and may differ from the estimated amounts.

Interest rate swaps: The Fund may enter into interest rate swap transactions, with institutions that Management has determined are creditworthy, to reduce the risk that an increase in short-term interest rates could reduce common share net earnings as a result of leverage. Under the terms of the interest rate swap contracts, the Fund agrees to pay the swap counter party a fixed-rate payment in exchange for the counter party s paying the Fund a variable-rate payment that is intended to approximate all or a portion of the Fund s variable-rate payment obligation on the Fund s Preferred Shares. The fixed-rate and variable-rate payment flows are netted against each other, with the difference being paid by one party to the other on a monthly basis. The Fund segregates cash or liquid securities having a value at least equal to the Fund s net payment obligations under any swap transaction, marked to market daily.

Risks may arise if the counter party to a swap contract fails to comply with the terms of its contract. The loss incurred by the failure of a counter party is generally limited to the net interest payment to be received by the Fund and/or the termination value at the end of the contract. Additionally, risks may arise from movements in interest rates unanticipated by Management.

Periodic expected interim net interest payments or receipts on the swaps are recorded as an adjustment to unrealized gains/losses, along with the fair value of the future periodic payment streams on the swaps. The unrealized gains/losses associated with the periodic interim net interest payments are reclassified to realized gains/losses in conjunction with the actual net receipt or payment of such amounts. The reclassifications do not impact the Fund s total net assets applicable to common shareholders or its total net increase/(decrease) in net assets applicable to common shareholders resulting from operations. At December 31, 2007, the Fund had outstanding interest rate swap contracts as follows:

| | | | Rate | Туре | | | |
|--------------------|--------------------|----------------------|---|--|---------------------------------------|----------------------------|---------------------|
| Swap Counter Party | Notional Amount | Termination Date | Fixed-rate Payments Made by The Fund | Variable-rate Payments Received by The Fund | Accrued Net Interest Receivable | Unrealized Appreciation | Total Fair Value |
| Morgan Stanley | \$ 100,000,000 | December 20, 2014 | (0.700)% | (0.127)% | \$ (21,389) | \$ 591,448 | \$ 588,546 |

Note 2. Unrealized Appreciation/(Depreciation)

On October 31, 2007, based on cost of \$371,150,620 for federal income tax purposes, aggregate gross unrealized appreciation for all securities in which there is an excess of value over tax cost was \$45,871,202 and aggregate gross unrealized depreciation for all securities in which there is an excess of tax cost over value was \$43,955,959.

Note 3. Transactions With Affiliated Companies

Transactions during the period with companies in which the Fund owned at least 5% of the voting securities were as follows:

| Name of Affiliate | Beginning Share Balance | Ending Share Balance | Dividend Income | Market Value |
|--------------------------------|-------------------------------|----------------------------|--------------------|--------------|
| Broadway Financial Corporation | 129,280 | 129,280 | 19,392 | 1,133,786 |
| CCF Holding Company | 340,815 | 340,815 | 126,101 | 3,578,557 |
| Perpetual Federal Savings Bank | 165,930 | 165,930 | 124,447 | 3,492,826 |
| Redwood Financial, Inc. | 40,650 | 40,650 | | 650,400 |
| River Valley Bancorp | 90,000 | 90,000 | 54,900 | 1,286,100 |
| Third Century Bancorp | 110,500 | 110,500 | 13,260 | 1,049,750 |
| | | | | |
| | 9 | | | |

Item 2. Controls and Procedures.

| (a) The Registrant s Principal Executive Officer and Principal Financial Officer concluded that the Registrant s disclosure controls and procedures |
|---|
| (as defined in Rule 30a-3(c) under the Investment Company Act of 1940) were effective as of a date within 90 days prior to the filing date of this |
| report (the Evaluation Date), based on their evaluation of the effectiveness of the Registrant s disclosure controls and procedures as of the |
| Evaluation Date. |

(b) There were no changes in the Registrant s internal control over financial reporting (as defined in Rule 30a-3(d) under the Investment Company Act of 1940 Act (17 CFR 270.30a-3(d)) that occurred during the Registrant s last fiscal quarter that has materially affected, or is reasonably likely to materially affect, the Registrant s internal control over financial reporting.

Item 3. Exhibits.

(a) Certification of Principal Executive Officer and Principal Financial Officer of the Registrant as required by Rule 30a-2(a) under the Investment Company Act of 1940 (17 CFR 270.30a-2(a)) is attached hereto as Exhibit 99CERT.
