PROXY STATEMENT FOR ANNUAL MEETING OF SHAREHOLDERS

June 3, 2008

This proxy statement is being furnished in connection with the solicitation of proxies by the Board of Directors of PHOTONIC PRODUCTS GROUP, INC., a New Jersey corporation with its principal offices at 181 Legrand Avenue, Northvale, New Jersey 07647 (the Company), to be used at the Annual Meeting of Shareholders of the Company to be held at the offices of Lowenstein Sandler PC, 1251 Avenue of the Americas, 18th Floor, New York, NY 10020 on Tuesday, June 3, 2008 at 10:00 a.m. This Proxy Statement and the enclosed form of proxy are first being sent to shareholders on or about April 29, 2008.

Shareholders Entitled to Vote

Edgar Filing: PHOTONIC PRODUCTS GROUP INC - Form DEF 14A

Only shareholders of record at the close of business on April 4, 2008, the record date fixed by the Board of Directors, will be entitled to notice of, and to vote at, the Annual Meeting. At the close of business on the record date, there were 10,908,341 shares of the Company's Common Stock, par value \$.01 per share (the "Common Stock"), outstanding and entitled to vote at the meeting. Each share is entitled to one vote.

The presence in person or by proxy of owners of a majority of the outstanding shares of the Company's Common Stock will constitute a quorum for the transaction of business at the Company's Annual Meeting. Assuming that a quorum is present, the approval of the change in the Corporation's Certificate of Incorporation will require the affirmative vote of the holders of at least two-thirds of the outstanding shares of the Company's Common Stock and the election of two Directors, to hold office for one year, if Proposal 1 is approved, will require the vote of a plurality of the shares of Common Stock represented and entitled to vote at the Annual Meeting.

For purposes of determining the votes cast with respect to any matter presented for consideration at the Annual Meeting, only those cast for are included. Abstentions and broker non-votes are counted only for the purpose of determining whether a quorum is present at the Annual Meeting. With respect to the proposal to amend the Certificate of Incorporation, abstentions and broker non-votes will count as votes against, since two-thirds of the outstanding shares must approve the amendment. Owners of Common Stock are not entitled to cumulative voting in the election of directors.

Voting: Revocation of Proxies

Edgar Filing: PHOTONIC PRODUCTS GROUP INC - Form DEF 14A

A form of proxy is enclosed for use at the Annual Meeting if a shareholder is unable to attend in person. Each proxy may be revoked at any time before it is exercised by giving written notice of revocation to the Secretary of the Company by filing a later dated proxy with the Secretary at any time prior to its exercise or by voting at the meeting. The presence at the meeting of a stockholder who has given a proxy does not revoke the proxy unless the stockholder files a notice of revocation or votes by written ballot. All shares represented by valid proxies pursuant to this solicitation (and not revoked before they are exercised) will be voted as specified in the form of proxy. If no specification is given, the shares will be voted in favor of the amendment to the Certificate of Incorporation and in favor of the Board's nominees for director described in this Proxy Statement.

Costs of Solicitation

Edgar Filing: PHOTONIC PRODUCTS GROUP INC - Form DEF 14A

The entire cost of soliciting these proxies will be borne by the Company. In following up the original solicitation of proxies by mail, the Company may make arrangements with brokerage houses and other custodians, nominees and fiduciaries to send proxies and proxy materials to the beneficial owners of the stock and may reimburse them for their expenses in so doing. If necessary, the Company may also use its officers and their assistants to solicit proxies from the shareholders, either personally or by telephone or special letter.

PROPOSAL ONE

AMENDMENT OF CERTIFICATE OF INCORPORATION TO

CHANGE THE TERM OF DIRECTORS

We are seeking the approval of our stockholders for proposed amendments to Article IV of our Restated Certificate of Incorporation to phase out the present classified terms of our directors and provide instead for the annual election of all directors. Under the present, staggered board structure, our directors are divided into three classes, with each class to serve for its original appointed one, two or three year term and each class elected thereafter to serve three-year terms.

If the proposed amendments are approved by the necessary vote of stockholders, directors elected prior to the annual meeting will serve out the balance of their terms and directors elected at the annual meeting or at any future annual meeting or to fill a vacancy on the Board will be elected for a one-year term that will expire at the following annual meeting or until their successor is elected and qualified, and the classification of our board will be completely eliminated beginning with our 2010 annual meeting. If the proposed amendments are not approved by the necessary vote of stockholders, our Board of Directors will remain classified and the Class I directors elected at this annual meeting will serve for a three year term that will expire at our 2011 annual meeting or until their successors are elected and qualify. Specifically, it is proposed that Article IV of the Restated Certificate of Incorporation be changed to read as follows:

Article IV

The number of directors of the Corporation shall be specified in the by-laws of the Corporation and fixed from time to time by the Board.

Except as otherwise provided by law, each director shall be elected at the annual meeting of the shareholders to serve a one-year term and until his or her successor is elected and qualified; provided, however, that any director who prior to the annual meeting of shareholders in 2008 was elected to a term that continues beyond the date of the annual meeting of shareholders in 2008, shall continue in office for the remainder of his or her elected term or until his or her earlier death, resignation or removal.

If the proposed amendments in this Item 1 are approved by the necessary vote of holders of two-thirds of our Common Stock, we will file an amendment to our Restated Certificate of Incorporation with the State of New Jersey immediately following the shareholders' meeting and prior to the election of directors under Proposal 2.

Unless you instruct us via proxy to vote differently, we will vote valid proxies FOR the approval of the proposed amendments.

Edgar Filing: PHOTONIC PRODUCTS GROUP INC - Form DEF 14A

Classified, or staggered, boards have a long history of use as a defensive measure under state corporate law. Proponents cite, among other things, that classified boards provide stability of board membership, promote a longer-term perspective for board members and enhance a company's bargaining leverage with unsolicited bidders because of an inability to replace the entire board in a single election.

On the other hand, critics view classified boards as reducing board accountability to stockholders because they limit the ability of stockholders to change directors on an annual basis when they are dissatisfied with the performance of incumbent directors. In addition, critics argue that classified boards have the potential effect of eroding stockholder value by deterring acquisition proposals and/or preventing stockholders who want to negotiate with a potential acquirer from having the opportunity to do so and generally permit the entrenchment of the board and management. Similar arguments have been expressed in recent years in stockholder proposals asking publicly traded companies to eliminate classified board structures.

The Board believes to be in the best interests of stockholders and consistent with emerging best practices for corporate governance to eliminate the staggered board. After weighing the various arguments for and against maintaining a classified board structure, our Board approved the proposed amendments to our certificate of incorporation. Among other things, our Board considered a growing trend among larger companies to elect directors on an annual basis and thus to allow stockholders to review and express their opinions on the performance of all directors each year. Because there is no limit to the number of terms an individual director may serve, we do not expect eliminating our classified board structure will negatively impact the continuity and stability of our Board's membership and our policies and long-term strategic planning.

THE AFFIRMATIVE VOTE OF THE HOLDERS OF AT LEAST 66.67% OF THE TOTAL VOTING POWER OF ALL SHARES OF OUR OUTSTANDING COMMON STOCK IS REQUIRED TO APPROVE THIS ITEM 1.

The Board of Directors unanimously recommends that you vote for the adoption of the change to the Certificate of Incorporation detailed above.

Compensation of Directors

Edgar Filing: PHOTONIC PRODUCTS GROUP INC - Form DEF 14A

Directors' compensation consists of two components: cash (i.e. meeting attendance fees, retainer and cash bonuses) and stock option grants. Cash bonus grants and stock option grants and restricted stock unit grants are made by the Compensation Committee. Equity-based grants are intended to align the interests of the Company's directors with that of other shareholders. The Company does not require its directors to own stock.

Fees for non-employee directors were \$500 during fiscal years 2006 and 2005 for each board meeting attended in person, and \$250 for each meeting in which they participated via telephone.

At the January 19, 2007 meeting of the Compensation Committee the Committee approved, and at the meeting of the full Board on February 16, 2007 the Board ratified the addition of an annual retainer fee to all Directors, paid in quarterly installments, in addition to fees for each meeting, effective January 1, 2007. The annual retainer is \$15,000 for the Chairman and \$10,000 for each of the other outside Directors.

The table that follows provides information on components of Director Compensation in 2007.

Director Compensation in Fiscal Year 2007

Jan M. Winston	22,250	10,000	32,250
Luke P. LaValle, Jr.	22,250	10,000	32,250

(1) The imputed value of restricted stock unit grants is the product of the number of units granted times the closing price of the Company's common stock on the date of the grant. Restricted stock unit grants vest over three years, one-third upon each anniversary of the grant. Their imputed values accrue as expenses to the Company proportionally over the three year vesting period.

Compliance with Section 16(a) Beneficial Ownership

Edgar Filing: PHOTONIC PRODUCTS GROUP INC - Form DEF 14A

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's directors and officers, and persons who own more than 10% of a registered class of the Company's equity securities, to file initial reports of ownership and reports of changes in ownership with the Securities and Exchange Commission. These persons are required by the Securities and Exchange Commission to furnish the Company with copies of all Section 16(a) reports that they file. Based on our review of copies of all disclosure reports filed by our directors and executive officers pursuant to Section 16(a) of the Securities Exchange Act of 1934, as amended, the following Forms 3 and 4 were not timely filed. These include Forms 4 reporting each of William J. Foote's receipt of a grant of stock options, Jan M. Winston's receipt of a grant of stock options, John C. Rich's receipt of a grant of stock options and Thomas H. Lenagh's receipt of a grant of stock options, and a Form 3 reporting John R. Certain Relationships and Related Transactions

Edgar Filing: PHOTONIC PRODUCTS GROUP INC - Form DEF 14A

The documented ethics policies of the Company restrict certain types of related-party transactions between the Company and its directors, officers, and employees of the Company. Specifically, compensation for services provided by directors, officers, and employees to the Company may not be through any source but the Company. The Company's policies do permit related-parties to participate in financial transactions, limited to financing via debt or equity. In such instances, the Board of Directors has an informal policy of requiring that when financing through a related party, that the terms of such financing, including but not limited to interest rates and fees, are at least equal to or better than the terms obtainable via financing from other sources.

In February 2006, a major shareholder and debt holder, Clarex Limited (Clarex) had provided the Company with \$700,000 in financing to fund the acquisition of certain capital assets required for expanded capabilities to meet customer demand. The terms called for repayment of the Company's Promissory note in equal monthly installments, including interest & principal, commencing March 2006, until maturity in March 2013. The Note had an annual interest rate of 6.75%. In December 2007, the Company repaid the outstanding balance of \$554,600 principal and \$1,740 interest, retiring this note.

In 2002, the Company received \$1,000,000 in proceeds from the issuance of a Subordinated Convertible Promissory Note to Clarex. The note, originally due in January 2006, was in 2007 extended to December 31, 2008 and bears an interest rate of 6%. Interest accrues yearly and along with principal may be converted into Common Stock, (and/or securities convertible into common shares). The note is convertible into 1,000,000 Units consisting of 1,000,000 shares of Common Stock and Warrants. The warrants have an expiration date of August 2009 and allow the holder to acquire 750,000 shares of Common Stock at a price of \$1.35 per share. In January 2008, the maturity date of the note was extended to April 1, 2009.

In June of 2003, the Company paid off existing debt with the proceeds of a \$1,700,000 Secured Promissory Note held by Clarex. The note was secured by all assets of the Company. The note was for a period of 18 months at an interest rate of 6% per annum. The Company's Board of Directors approved the issuance of 200,000 warrants to the holder, as a fee for the issuance of the Note. In 2004, the Company approved the issuance of 200,000 additional warrants to Clarex for extending the maturity of the note an additional 36 months. The warrants are exercisable at \$0.425 per share and \$1.08 per share, respectively, and expire in March 2008 and May 2008. The note was extended again, to December 31, 2008, without issuance of warrants or any other further consideration. On January 29, 2008, the Board of Directors authorized the repayment in full of this outstanding note including principal and all accrued interest. Repayment was made in February 2008. With the retirement of this Senior Secured note, the Company has no general liens against its assets, except for specific liens related to outstanding capital leases.

A Subordinated Convertible Promissory Note for \$1,500,000 originally due in January 2006, was in 2007 extended to December 31, 2008 and bears an interest rate of 6%. Interest accrues yearly and along with principal may be converted into Common Stock, and/or securities convertible into Common Stock. The note is convertible into 1,500,000 Units consisting of 1,500,000 shares of Common Stock and Warrants to acquire 1,125,000 shares of Common stock at a price of \$1.35 per share up to August 2009. The Holder of the Note is a major shareholder of the Company. The proceeds from the Note were used in the Company's acquisition program. The maturity date of the note was extended in January 2008 to a maturity date of April 1, 2009.

In 2004, the Company received \$1,000,000 in proceeds from the issuance of a Subordinated Convertible Promissory Note. The note had an interest rate of 6% and was initially due on March 31, 2007, but its term was extended in

early 2007 to March 31, 2008. Interest accrued yearly and along with principal was convertible into Common Stock, (and/or securities convertible into common shares). The note was convertible into 1,000,000 Units consisting of 1,000,000 shares of Common Stock and Warrants, good through August 2009, to acquire 750,000 shares of Common Stock at a price of \$1.35 per share. The note holder was a major shareholder of the Company. On June 28, 2007, the Company accelerated payment of \$500,000 on the outstanding balance of this note, and subsequently, on September 17, 2007, the Company paid the remaining outstanding balance of principal and interest on this note, in full, in the amount of \$697,000, consisting of \$500,000 in remaining principal and \$197,000 in accrued interest.

During 2004, the Company entered into an agreement with an investment banking firm to raise equity via a private placement of the Company's common stock. In July 2004 the Company issued 1,581,000 Units consisting of 1,581,000 shares and warrants, good through August 2009, to acquire an additional 1,185,750 shares at \$1.35 per share. In addition, 262,276 Warrants were issued to Casimir Capital, LP, the placement agent for the private placement. Casimir Capital earned commissions of \$142,391 as the underwriter of this private placement. This private placement resulted in net proceeds to the Company of approximately \$1,173,000. The funds were utilized in the furtherance to the company's M&A program, capital equipment purchases and to meet general working capital requirements. The issued shares and shares underlying warrants were subsequently registered under an S-1 Registration filing.

On April 16, 2007, the Company called for the full redemption of its \$500,000 Series A 10% Convertible Preferred Stock (the Series A). On April 30, 2007, Clarex Limited, the holder of all the shares of the Series A, notified the Company that it had decided to convert all 500 preferred shares into 500,000 shares of the Company's common stock, in accordance with the Series A agreement.

On October 25, 2007, Clarex Limited, another principal holder, two outside Directors, and the Company's CEO, notified the Company they were exercising their right to convert their shares of the Company's \$2,082,000 Series B 10% Convertible Preferred Stock (the Series B) into common stock at the specified conversion price of \$2.50 per share. In the aggregate, these holder's shares of the Series B represented 1,560 shares or 75% of the total of 2,082 issued and outstanding Series B shares. Subsequently, on October 29, the Company issued a call for the redemption of the remaining balance of 522 issued and outstanding Series B shares on November 29, 2007. The 10 holders of these shares had the option of converting their shares into common stock prior to the redemption date. Nine holders elected to convert, and the remaining holder elected to the preferred shares for cash and a final stock dividend accrued to the redemption date. In all, the Series B was converted into 812,800 shares of common stock through conversion, and through redemption into a cash payment of \$50,000 and an accrued final stock dividend of 1,332 shares of common stock.

The Company's Board of Directors has determined that each of its four outside directors, Mr. John C. Rich, Mr. Thomas H. Lenagh, Mr. Jan M. Winston, and Mr. Luke P. LaValle, Jr., has no material relationship with the Company (other than as director) and is therefore independent within the meaning of the current listing standards of the Nasdaq National Market and the requirements of the Sarbanes Oxley Act. In its annual review of director independence, the Board of Directors considers all commercial, banking, consulting, legal, accounting or other business relationships any director may have with the Company. The Board of Directors considers a material relationship to be one that impairs or inhibits, or has the potential to impair or inhibit, a director's exercise of critical and disinterested judgment on behalf of the Company and its shareholders. When assessing the materiality of a director's relationship with the Company, the Board of Directors considers all relevant facts and circumstances not only from the standpoint of the director in his or her individual capacity, but also from the standpoint of the persons to whom the director is related and organizations with which the director is affiliated.
