Item 1. Reports to Stockholders.

The Report to Stockholders is attached herewith.

Letter from the Adviser March 31, 2008**Dear Stockholders:**

The past year has been a challenging environment for companies in the financial services sector, including investments held in the First Financial Fund, Inc. (the "Fund"). For the twelve-month period ending March 31, 2008, the Fund returned -22.2% on net asset value (NAV) and -25.8% on market price. Financial stocks underperformed the overall market index as measured by the S&P 500, which returned -5.1%.

Periods greater than one year are annualized

News flow for the financial service sector continued to grab attention this past period: the asset write downs, the margin calls, the structured investment vehicles, the monoline insurance companies, the mortgage agencies, municipal auctions, brokerage firms, and the historic (while belated) Fed Reserve action. The balance sheet repair that we anticipated for financial companies is now gaining momentum, with not-too-subtle encouragement from our regulatory authorities. A few assets have started to change hands, taking some hefty wallops, but in our opinion this process is only in its early stages pending the requisite recapitalizations that need to occur first. There will be much differentiation ahead between those who have the wherewithal to hold on to their assets long enough to weather the storm, and those who do not, and we believe the storm will last longer than many anticipate.

The global equity downturn, which marked the fourth quarter of 2007, accelerated into the first quarter of 2008 resulting in the worst quarterly performance for stocks since September of 2002. The financials sector was among the hardest hit. The ongoing turmoil in the credit markets, a lowering of corporate earnings estimates, and continued home price declines have been persistent economic headwinds for financial services companies and continued to pressure the sector. The US Fed acted aggressively to soften an economic

Edgar Filing: FIRST FINANCIAL FUND INC - Form N-CSR

slowdown by lowering the Fed funds rate by 200 basis points during the first quarter of 2008 and introducing multiple programs aimed at improving liquidity within the US financial system, including lending its support to JPMorgan Chase's proposed acquisition of Bear Stearns. Amid the concern, investors found some cause for optimism based on the assertiveness of the Fed, which proved willing to intervene to ensure the orderly functioning of US financial markets. Shares of financial stocks showed some strength during the latter part of the quarter.

Within the Fund, Amtrust Financial Services (+54.1%), a specialty property and casualty insurer, was the strongest contributor to absolute performance during the twelve month period ended March 31, 2008. The company announced higher fourth quarter profits earlier in the year. Abyara Planejamento (+70.2%), a REIT active in Sao Paulo, Brazil's metropolitan real estate, continued to be a solid performer. Commerce Bancorp (11.0%) benefited by the news of its acquisition by TD Bank Financial Group.

The Fund's top detractors were in the Mortgage REIT and Regional Banks sub-sectors. Thornburg Mortgage (-79.6%), a Mortgage REIT, was the Fund's largest detractor from absolute performance during the period. We bought the common stock of Thornburg Mortgage late last summer at depressed levels as its assets are at the higher end of the credit quality spectrum and we expected them to benefit from a steepening yield curve. The company was forced to liquidate some assets as its short-term funding sources raised the bar and issued margin calls in late February and early March. While this liquidity event was unfortunate both for the company and for the Fund, we participated in Thornburg Mortgage's recapitalization, which included non-investment grade debt securities, in March to capture a greater interest in their agency and AAA residential mortgage assets at record spreads. Regional Banks' CCF Holding Company (-68.8%), a holding company for southeast commercial bank Heritage Bank, MidCountry Financial (-72.4%), and BankUnited Financial (-82.2%), were among the top detractors to absolute Fund performance.

The Thornburg Mortgage recapitalization, which included debt securities with a substantial equity component, demonstrates the leverage that institutional investors have in current markets when quality financial services companies are willing to include equity components to debt and/or preferred stock deals in private placement offerings in order to satisfy immediate liquidity needs. We believe that similar opportunities may arise in the future for other financial services companies facing immediate liquidity needs. To maximize the Fund's flexibility to take advantage of future opportunities, the Board recently approved removing the minimum debt rating requirement for debt securities of financial services companies.

At the end of the period, the Fund remains positioned primarily in Regional Banks (33%) as well as Thrift & Mortgage Finance names (19%). We have trimmed our Regional Banks

Edgar Filing: FIRST FINANCIAL FUND INC - Form N-CSR

exposure over the last twelve months, while slightly increasing our exposure to Asset Management and Custody, and Property and Casualty Insurance companies. We continue to find select attractive opportunities on a relative valuation outside the US, with approximately 17% of the Fund's equity securities domiciled in non-US securities. This conviction for financial stock valuations outside the US is also reflected in four of the Fund's top ten holdings being non-US securities. The Fund's top holdings at the end of the year include Hatteras Financial, Thornburg Mortgage, AerCap, and Banco Industrial.

We eliminated the Fund's protective position in a swap on a tranche of the North American Credit Default Index at a gain when credit spreads began to narrow from their wides in late March.

While the last twelve months have been challenging, we remain confident in the investment case behind the Fund's current positioning. There will be more volatility, thus we must be mindful to balance our enthusiasm, but we will continue to focus our efforts on intensive bottom-up fundamental research to try to exploit the exciting opportunities that lie ahead.

As always, we appreciate your support of the Fund.

Nicholas C. Adams, CFA
Senior Vice President & Equity Portfolio Manager
Wellington Management Company, LLP

(a) NAV and Market Value are published in The Wall Street Journal each Monday.

(b) Total investment return is calculated assuming a purchase of common stock at the current market value on the first day and a sale at the current market value on the last day of each period reported. Dividends and distributions are assumed for purposes of calculation to be reinvested at prices obtained under the dividend reinvestment plan. The calculation does not reflect brokerage commissions.

See accompanying notes to financial statements 11

Notes to Financial Statements

Year Ended March 31, 2008 FIRST FINANCIAL FUND, INC.

Note 1. Significant Accounting Policies

First Financial Fund, Inc. (the "Fund") was incorporated in Maryland on March 3, 1986, as a closed-end, diversified management investment company. The Fund's primary investment objective is to achieve long-term capital appreciation with the secondary objective of current income by investing, under normal conditions, at least 65% of its assets in financial services companies, except for temporary or defensive purposes. In addition, pursuant to a non-fundamental investment policy adopted by the Fund, under normal conditions it invests at least 80% of its assets in securities issued by financial service companies. The 80% non-fundamental policy may be changed upon 60-days advance notice to stockholders. "Financial service companies" include savings and banking institutions, mortgage banking institutions, real estate investment trusts, consumer finance companies, credit collection and related service companies, insurance companies, security and commodity brokerage companies, investment advisory firms and financial conglomerates, and holding companies of any of these companies.

Investment in non-U.S. issuers may involve unique risks compared to investing in securities of U.S. issuers. These risks may include: (i) less information about non-U.S. issuers or markets may be available due to less rigorous disclosure, accounting standards or regulatory practices; (ii) many non-U.S. markets are smaller, less liquid and more volatile thus, in a changing market, the adviser may not be able to sell the Fund's portfolio securities at times, in amounts and at prices they consider reasonable; (iii) currency exchange rates or controls may adversely affect the value of the Fund's investments; (iv) the economies of non-U.S. countries may grow at slower rates than expected or may experience downturns or recessions; and, (v) withholdings and other non-U.S. taxes may decrease the Fund's return.

The following is a summary of significant accounting policies followed by the Fund in the preparation of its financial statements. The preparation of financial statements is in accordance with generally accepted accounting principles in the United States of America, which requires management to make estimates and assumptions that affect the reported amounts and disclosures in the financial statements. Actual results could differ from those estimates.

Securities Valuation: Securities for which market quotations are readily available (including securities listed on national securities exchanges and those traded over-the-counter) are valued at the last quoted sales price on the valuation date on which the security is traded. If such securities were not traded on the valuation date, but market quotations are readily available, they are valued at the most recently quoted bid price provided by an independent pricing service or by principal market makers. Securities traded on NASDAQ are valued at the NASDAQ Official Closing Price ("NOCP"). Where market quotations are not readily available or where the pricing agent or market maker does not provide a valuation or methodology, or provides a valuation or methodology that, in the judgment of the adviser, does not represent fair value ("Fair Value Securities"), securities are valued at fair value by a Pricing Committee appointed by the Board of Directors, in consultation with the adviser. In such circumstances, the adviser makes an initial written recommendation to the Pricing Committee regarding valuation methodology for each Fair Value Security. Thereafter, the adviser conducts periodic reviews of each Fair Value Security to consider whether the respective methodology and its application is appropriate and recommends methodology changes when appropriate. The Pricing Committee reviews and makes a determination regarding each initial methodology recommendation and any subsequent methodology changes. All methodology recommendations and any changes are reviewed by the entire Board of Directors on a quarterly basis. The financial statements include investments valued at \$66,655,800 (22.4% of total assets) and \$59,969,144 (13.6% of total assets) as of March 31, 2008 and 2007, respectively, whose fair values have been estimated by management in the absence of readily determinable fair values.

Short-term securities which mature in more than 60 days are valued at current market quotations. Short-term securities which mature in 60 days or less are valued at amortized cost, which approximates fair value.

Repurchase Agreements: The Fund may enter into repurchase agreement transactions with United States financial institutions. It is the Fund's policy that its custodian take possession of the underlying collateral securities, the value of which exceeds the principal amount of the repurchase transaction, including accrued interest. To the extent that any repurchase transaction exceeds one business day, the value of the collateral is marked-to-market on a daily basis to maintain the adequacy of the collateral. The value of the collateral at the time of the execution must be at least equal to 102% of the total amount of the repurchase

Notes to Financial Statements

Year Ended March 31, 2008 FIRST FINANCIAL FUND, INC.

obligations, including interest. If the seller defaults, and the value of the collateral declines or if bankruptcy proceedings are commenced with respect to the seller of the security, realization of the collateral by the Fund may be delayed or limited.

Lending of Portfolio Securities: The Fund, using State Street Bank and Trust Company ("State Street") as its lending agent, may loan securities to qualified brokers and dealers in exchange for negotiated lenders' fees. These fees are disclosed as "Securities lending income" in the Statement of Operations, net of expenses retained by State Street as compensation for its services as lending agent. The Fund receives cash collateral, which is invested by the lending agent in short-term money market instruments, in an amount at least equal to the current market value of the loaned securities. Currently, the cash collateral is invested in the State Street Navigator Securities Lending Prime Portfolio. To the extent that advisory or other fees paid by State Street Navigator Securities Lending Portfolio are for the same or similar services as fees paid by the Fund, there will be a layering of fees, which would increase expenses and decrease returns. Information regarding the value of the securities loaned and the value of the collateral at period end is included in the Fund's Portfolio of Investments and Statement of Assets and Liabilities. Although risk is mitigated by the collateral, a Fund could experience a delay in recovering its securities and a possible loss of income or value if the borrower fails to return the securities when due. As of March 31, 2008, the Fund had outstanding loans of securities of \$35,271,649 to certain approved brokers for which the Fund received collateral of \$35,708,133.

Foreign Currency Translation: The books and records of the Fund are maintained in US dollars. Foreign currencies, investments and other assets and liabilities denominated in foreign currencies are translated into US dollars at the exchange rate prevailing at the end of the period, and purchases and sales of investment securities, income and expenses transacted in foreign currencies are translated at the exchange rate on the dates of such transactions. Foreign currency gains and losses result from fluctuations in exchange rates between trade date and settlement date on securities transactions, foreign currency transactions and the difference between the amounts of interest and dividends recorded on the books of the Fund and the amounts actually received. The portion of foreign currency gains and losses related to fluctuation in the exchange rates between the initial purchase trade date and subsequent sale trade date is included in gains and losses on investment securities sold.

Securities Transactions and Net Investment Income: Securities transactions are recorded on the trade date. Realized gains or losses on sales of securities are calculated on the identified cost basis. Dividend income is recorded on the ex-dividend date, or for certain foreign securities, when the information becomes available to the portfolios. Interest income including amortization of premium and accretion of discount on debt securities, as required, is recorded on the accrual basis, using the effective interest method.

Dividend income from investments in real estate investment trusts ("REITs") is recorded at management's estimate of income included in distributions received. Distributions received in excess of this amount are recorded as a reduction of the cost of investments. The actual amount of income and return of capital are determined by each REIT only after its fiscal year-end, and may differ from the estimated amounts.

Expense Offset Arrangement: State Street serves as custodian of the Fund. State Street's fee may be reduced by credits that are an earnings allowance calculated on the average daily cash balances the Fund maintains with State Street. Credit balances used to reduce the Fund's custodian fees, if any, reported as a reduction of total expenses in the Statement of Operations. During the year ended March 31, 2008, the Fund had an expense offset arrangement of \$2,573.

Federal Income Taxes: The Fund intends to qualify as a registered investment company ("RIC") by complying with the requirements under subchapter M of the Internal Revenue Code of 1986, as amended, applicable to RICs and intends to distribute substantially all of its taxable net investment income to its stockholders. Therefore, no Federal income tax provision is required.

Income and capital gain distributions are determined and characterized in accordance with income tax regulations, which may differ from generally accepted accounting principles. These differences are primarily due to (1) differing treatments of income and gains on various investment securities held by the Fund, including timing differences and (2) the attribution of expenses against certain components of taxable investment income. The Internal Revenue Code of 1986, as amended, imposes a 4% nondeductible excise tax on the Fund to the extent the Fund does not distribute by the end of any calendar year at least (1) 98%

Notes to Financial Statements

Year Ended March 31, 2008 FIRST FINANCIAL FUND, INC.

of the sum of its net investment income for that year and its capital gains (both long-term and short-term) for its fiscal year and (2) certain undistributed amounts from previous years.

Dividends and Distributions to Stockholders: The Fund expects to declare and pay dividends from net investment income and distributions of net realized capital gains, if any, annually. Dividends and distributions to stockholders, which are determined in accordance with federal income tax regulations and which may differ from generally accepted accounting principles, are recorded on the ex-dividend date. Permanent book/tax differences related to income and gains are reclassified to paid-in-capital when they arise.

Note 2. Agreements

Wellington Management Company, LLP serves as the investment adviser (the "Investment Adviser") and makes investment decisions on behalf of the Fund. As of July 24, 2006, the Fund pays the Investment Adviser a quarterly fee at the following annualized rates: 1.125% of the Fund's average month-end net assets ("Net Assets") up to and including \$150 million; 1.000% on Net Assets on the next \$150 million; and 0.875% on Net Assets in excess of \$300 million. Prior to July 24, 2006, the Fund paid the Investment Adviser a quarterly fee at the following annualized rates: 0.75% of the Fund's Net Assets up to and including \$50 million, and 0.625% of Net Assets in excess of \$50 million.

Fund Administrative Services, LLC ("FAS"), serves as the Fund's co-administrator. Under the Administration Agreement, FAS provides certain administrative and executive management services to the Fund which include: providing the Fund's principal offices and executive officers, overseeing and administering all contracted service providers, making recommendations to the Board regarding policies of the Fund, conducting stockholder relations, authorizing expenses, and other administrative tasks. The Fund pays FAS a monthly fee, calculated at an annual rate of 0.20% of the value of the Fund's average monthly net assets up to \$250 million; 0.18% of the Fund's average monthly net assets on the next \$150 million; and 0.15% of the value of the Fund's average monthly net assets over \$400 million. The equity owners of FAS are Evergreen Atlantic, LLC, a Colorado limited liability company ("EALLC") and the Lola Brown Trust No. 1B (the "Lola Trust"). The Lola Trust is a stockholder of the Fund, and the Lola Trust and EALLC are considered to be "affiliated persons" of the Fund as that term is defined in the Investment Company Act of 1940, as amended, (the "1940 Act").

The Fund pays each Director who is not a director, officer or employee of the Investment Adviser or FAS a fee of \$8,000 per annum, plus \$4,000 for each in-person meeting of the Board of Directors and \$500 for each telephone meeting. In addition, the Chairman of the Board and the Chairman of the Audit Committee receive \$1,000 per meeting and each member of the Audit Committee receives \$500 per meeting. The Fund will also reimburse all non-interested Directors for travel and out-of-pocket expenses incurred in connection with such meetings.

State Street serves as the Fund's co-administrator and custodian. As compensation for its services, State Street receives certain out-of-pocket expenses, transaction fees and asset-based fees, which are accrued daily and paid monthly. The Fund pays State Street an annualized fee of 0.058% of the Fund's average monthly net assets for the first \$300 million and 0.04% for average monthly net assets over \$300 million.

Computershare Trust Company, N.A. ("Computershare"), serves as the Fund's Common Stock servicing agent ("Transfer Agent"), dividend-paying agent and registrar, and as compensation for Computershare's services as such, the Fund pays Computershare a monthly fee plus certain out-of-pocket expenses.

Note 3. Purchases and Sales of Securities

Cost of purchases and proceeds from sales of securities for the year ended March 31, 2008, excluding short-term investments, aggregated \$296,515,657 and \$306,558,253, respectively.

On March 31, 2008, based on cost of \$408,935,792 for federal income tax purposes, aggregate gross unrealized appreciation for all securities in which there is an excess of value over tax cost was \$28,808,579 and aggregate gross unrealized depreciation for all securities in which there is an excess of tax cost over value was \$74,344,129.

Notes to Financial Statements

Year Ended March 31, 2008 FIRST FINANCIAL FUND, INC.

Note 4. Capital

As of March 31, 2008, 50,000,000 shares of \$0.001 par value Common Stock were authorized and 29,200,589 shares were issued and outstanding.

Note 5. Share Repurchase Program

In accordance with Section 23(c) of the 1940 Act, the Fund may from time to time, repurchase shares of the Fund in the open market at the option of the Board of Directors and upon such terms as the Directors shall determine. For the years ended March 31, 2008 and March 31, 2007, the Fund did not repurchase any of its own shares.

Note 6. Significant Stockholders

As of March 31, 2008, the Lola Trust and other entities affiliated with Stewart R. Horejsi and the Horejsi family owned 10,204,417 shares of Common Stock of the Fund, representing 34.95% of the total Fund shares outstanding.

Note 7. Borrowings

A loan and pledge agreement (the "Agreement") between the Fund and the Custodial Trust Company of Bear Stearns was reached, in which the Fund may borrow from the Custodial Trust Company an aggregate amount of up to the lesser of \$50,000,000 or the maximum the Fund is permitted to borrow under the 1940 Act. For the year ended March 31, 2008, the Fund had an outstanding loan for 92 days, with an average balance of \$28,750,000, at an average rate of 4.23% and incurred \$594,324 of interest expense.

Note 8. Distributions and Tax Information

Income distributions and capital gain distributions are determined in accordance with income tax regulations, which may differ from generally accepted accounting principles. The character of distributions paid on a tax basis during the year ending March 31, 2008 and March 31, 2007 is as follows:

	Year Ended March 2008	Year Ended March 2007
Distributions paid from:		
Ordinary Income	\$ 15,185,506	\$ 12,627,853
Long-term capital gain	37,960,766	33,113,039
	\$ 53,146,272	\$ 45,740,892

As of March 31, 2008, the components of distributable earnings on a tax basis were as follows:

Undistributed Ordinary Income	\$ 922,341
Unrealized Long-term capital gain	57,933
Unrealized Appreciation	(45,533,769)
	\$ (42,790,166)

The Fund has post October capital losses of \$3,897,924 and post October currency losses of \$446,779 which it has elected to defer until the next fiscal year.

Investment income/(loss) and net realized gain/(loss) may differ for financial statement and tax purposes. The character of dividends and distributions made during the fiscal year from net investment income and or realized gains may differ from their ultimate characterization for

Edgar Filing: FIRST FINANCIAL FUND INC - Form N-CSR

federal income tax purposes. The Fund has reclassified \$805,431 from undistributed NII to accumulated gain at March 31, 2008. The reclassification had no impact on net asset value.

Notes to Financial Statements**Year Ended March 31, 2008 FIRST FINANCIAL FUND, INC.****Note 9. Transactions With Affiliated Companies**

Transactions during the period with companies in which the Fund owned at least 5% of the voting securities were as follows:

Name of Affiliate	Beginning Share Balance	Ending Share Balance	Dividend Income	Market Value
Broadway Financial Corporation	129,280	129,280	\$ 12,928	\$ 1,124,736
CCF Holding Company	340,815	340,815	66,459	2,051,706
Perpetual Federal Savings Bank	165,930	165,930	124,448	2,820,810
Redwood Financial, Inc.	40,650	40,650		609,750
River Valley Bancorp	90,000	90,000	36,900	1,241,100
Third Century Bancorp	110,500	110,500	8,840	1,027,650
			\$ 249,575	\$ 8,875,752

Note 10. Recently Issued Accounting Pronouncements

In June 2006, the Financial Accounting Standards Board ("FASB") issued FASB Interpretation No. 48, ("FIN 48") "Accounting for Uncertainty in Income Taxes" an interpretation of FASB Statement No. 109". FIN 48 clarifies the accounting for uncertainty in income taxes recognized in accordance with FASB Statement No. 109, "Accounting for Income Taxes." This interpretation prescribes a recognition threshold and measurement attribute for the financial statement recognition and measurement of a tax position taken or expected to be taken in a tax return. It also provides guidance on de-recognition, classification, interest and penalties, accounting in interim periods, disclosure and transition. FIN 48 is effective for fiscal years beginning after December 15, 2006. Management has concluded that First Financial Fund has taken no uncertain tax positions that require adjustment to the financial statements to comply with the provisions of FIN 48. The Fund files income tax returns in the U.S. Federal jurisdiction and the state of Colorado. For the years ended March 31, 2005 through March 31, 2008, the Fund's Federal and state returns are still open to examination by the appropriate taxing authority. To the best of our knowledge, no income tax returns are currently under examination.

In September 2006, FASB issued Statement of Financial Accounting Standards No. 157, "Fair Value Measurements" (SFAS No. 157). SFAS No. 157 defines fair value, establishes a framework for measuring fair value in accordance with generally accepted accounting principles and expands disclosure about fair value measurements. SFAS No. 157 is effective for fiscal years beginning after November 15, 2007. Management is currently evaluating the impact the adoption of SFAS No. 157 will have on the Fund's financial statement disclosures.

In February 2007, FASB issued Statement of Financial Accounting Standards (SFAS) No. 159, "The Fair Value Option for Financial Assets and Financial Liabilities - including an amendment of FASB Statement No. 115." SFAS No. 159 permits entities to elect to measure certain financial assets and liabilities at fair value. Unrealized gains and losses on items for which the fair value option has been elected will be reported in earnings at each subsequent reporting date. SFAS No. 159 is effective as of the beginning of the first fiscal year that begins after November 15, 2007. Management is currently evaluating the impact the adoption of SFAS No. 159 will have on the Fund's financial statements.

In March 2008, FASB issued Statement of Financial Accounting Standards No. 161 ("SFAS 161") "Disclosures about Derivative Instruments and Hedging Activities" - an amendment of FASB Statement No. 133 ("SFAS 133")," expands the disclosure requirements in SFAS 133 about entity's derivative instruments and hedging activities. SFAS 161 is effective for fiscal years and interim periods beginning after November 15, 2008. Management is currently evaluating the impact the adoption of SFAS No. 161 will have on the Fund's financial statement disclosures.

Report of Independent Registered Public Accounting Firm FIRST FINANCIAL FUND, INC.

To the Board of Directors and Stockholders
of First Financial Fund, Inc.:

We have audited the accompanying statement of assets and liabilities of First Financial Fund, Inc. (the "Fund"), including the portfolio of investments, as of March 31, 2008, and the related statements of operations and cash flows for the year then ended, the statements of changes in net assets for each of the two years in the period then ended, and the financial highlights for each of the two years in the period then ended. These financial statements and financial highlights are the responsibility of the Fund's management. Our responsibility is to express an opinion on these financial statements and financial highlights based on our audits. The financial highlights for the three year period ended March 31, 2006, were audited by other auditors whose report, dated May 22, 2006, expressed an unqualified opinion on the statement of changes in net assets and financial highlights.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements and financial highlights are free of material misstatement. The Fund is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. Our procedures included confirmation of securities owned as of March 31, 2008, by correspondence with the custodian and brokers; where replies were not received from brokers, we performed other auditing procedures. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements and financial highlights referred to above present fairly, in all material respects, the financial position of First Financial Fund, Inc. as of March 31, 2008, the results of its operations and cash flows for the year then ended, the statements of changes in net assets for each of the two years in the period then ended, and the financial highlights for each of the two years in the period then ended, in conformity with accounting principles generally accepted in the United States of America.

As discussed in Note 1 to the financial statements, the financial statements include investments valued at \$66,655,800 (22.4% of total assets) as of March 31, 2008, and \$59,969,144 (13.6% of total assets) as of March 31, 2007 whose fair values have been estimated by management in the absence of readily determinable fair values. Management's estimates are based on information provided by the fund managers.

Deloitte & Touche LLP
Denver, Colorado

Additional Information (Unaudited) FIRST FINANCIAL FUND, INC.

Portfolio Information. The Fund files its complete schedule of portfolio holdings with the Securities and Exchange Commission ("SEC") for the first and third quarters of each fiscal year on Form N-Q. The Fund's Form N-Q is available (1) on the Fund's website located at <http://www.firstfinancialfund.com>; (2) on the SEC's website at <http://www.sec.gov>; or (3) for review and copying at the SEC's Public Reference Room ("PRR") in Washington, DC. Information regarding the operation of the PRR may be obtained by calling 1-800-SEC-0330.

Proxy Information. The policies and procedures used to determine how to vote proxies relating to securities held by the Fund are available on the Fund's website located at <http://www.firstfinancialfund.com>. Information regarding how the Fund voted proxies relating to portfolio securities during the most recent twelve-month period ended June 30 is available by August 31 of each year at <http://www.sec.gov>.

Senior Officer Code of Ethics. The Fund files a copy of its code of ethics that applies to the registrant's principal executive officer, principal financial officer or controller, or persons performing similar functions (the "Senior Officer Code of Ethics"), with the SEC as an exhibit to its annual report on Form N-CSR. The Fund's Senior Officer Code of Ethics is available on the Fund's website located at <http://www.firstfinancialfund.com>.

Privacy Statement. Pursuant to SEC Regulation S-P (Privacy of Consumer Financial Information) the Directors of the First Financial Fund, Inc. (the "Fund") have established the following policy regarding information about the Fund's stockholders. We consider all stockholder data to be private and confidential, and we hold ourselves to the highest standards in its safekeeping and use.

General Statement. The Fund may collect nonpublic information (e.g., your name, address, email address, Social Security Number, Fund holdings (collectively, "Personal Information")) about stockholders from transactions in Fund shares. The Fund will not release Personal Information about current or former stockholders (except as permitted by law) unless one of the following conditions is met: (i) we receive your prior written consent; (ii) we believe the recipient to be you or your authorized representative; (iii) to service or support the business functions of the Fund (as explained in more detail below), or (iv) we are required by law to release Personal Information to the recipient. The Fund has not and will not in the future give or sell Personal Information about its current or former stockholders to any company, individual, or group (except as permitted by law) and as otherwise provided in this policy.

In the future, the Fund may make certain electronic services available to its stockholders and may solicit your email address and contact you by email, telephone or US mail regarding the availability of such services. The Fund may also contact stockholders by email, telephone or US mail in connection with these services, such as to confirm enrollment in electronic stockholder communications or to update your Personal Information. In no event will the Fund transmit your Personal Information via email without your consent.

Use of Personal Information. The Fund will only use Personal Information (i) as necessary to service or maintain stockholder accounts in the ordinary course of business and (ii) to support business functions of the Fund and its affiliated businesses. This means that the Fund may share certain Personal Information, only as permitted by law, with affiliated businesses of the Fund, and that such information may be used for non-Fund-related solicitation. When Personal Information is shared with the Fund's business affiliates, the Fund may do so without providing you the option of preventing these types of disclosures as permitted by law.

Safeguards regarding Personal Information. Internally, we also restrict access to Personal Information to those who have a specific need for the records. We maintain physical, electronic, and procedural safeguards that comply with Federal standards to guard Personal Information. Any doubts about the confidentiality of Personal Information, as required by law, are resolved in favor of confidentiality.

Additional Information (Unaudited) FIRST FINANCIAL FUND, INC.

Tax Information. For the calendar year ended December 31, 2007, the Fund made one dividend distribution on December 31, 2007 of \$1.82 per share. The distribution consisted of \$1.30 of long-term gains, \$0.34 of short-term capital gains, and \$0.18 of net investment income. Of the \$0.18 per share of net investment income 56.17%, or \$0.10 per share, qualify for the D.R.D. and 83.68% qualifies for the 15% Qualified Dividend Income ("QDI") tax rate.

Of the ordinary income (including short-term capital gain) distributions made by the Fund during the fiscal year ended March 31, 2008, 56.17% qualify for the dividend received deduction available to stockholders.

The amount of long-term capital gains paid for the fiscal year ended March 31, 2008 were \$57,933.

For the fiscal year ended March 31, 2008, 83.68% of the taxable investment income qualifies for the 15% dividend tax rate.

Dividend Reinvestment Plan. Shareholders may elect to have all distributions of dividends and capital gains automatically reinvested in Fund shares (the "shares") pursuant to the Fund's Dividend Reinvestment Plan (the "Plan"). Shareholders who do not participate in the Plan will normally receive all distributions in cash paid by check in United States dollars mailed directly to the shareholders of record (or if the shares are held in street name or other nominee name, then to the nominee) by the custodian, as dividend disbursing agent, unless the Fund declares a distribution payable in shares, absent a shareholder's specific election to receive cash.

Computershare Trust Company, N.A. (the "Plan Agent") serves as agent for the shareholders in administering the Plan. After the Fund declares a dividend or a capital gains distribution, if (1) the market price is lower than net asset value, the participants in the Plan will receive the equivalent in shares valued at the market price determined as of the time of purchase (generally, following the payment date of a dividend or distribution); or if (2) the market price of shares on the payment date of the dividend or distribution is equal to or exceeds their net asset value, participants will be issued shares at the higher of net asset value or 95% of the market price. If the Fund declares a dividend or other distributions payable only in cash and the net asset value exceeds the market price of shares on the valuation date, the Plan Agent will, as agent for the participants, receive the cash payment and use it to buy shares on the open market. If, before the Plan Agent has completed its purchases, the market price exceeds the net asset value per share, the Plan Agent will halt open-market purchases of the Fund's shares for this purpose, and will request that the Fund pay the remainder, if any, in the form of newly-issued shares. The Fund will not issue shares under the Plan below net asset value.

There is no charge to participants for reinvesting dividends or capital gain distributions, except for certain brokerage commissions, as described below. The Plan Agent's fees for the handling of the reinvestment of dividends will be paid by the Fund. There will be no brokerage commissions charged with respect to shares issued directly by the Fund. However, each participant will pay a pro rata share of brokerage commissions incurred with respect to the Plan Agent's open market purchase in connection with the reinvestment of dividends and distributions. The automatic reinvestment of dividends and distributions will not relieve participants of any federal income tax that may be payable on such dividends or distributions.

The Fund reserves the right to amend or terminate the Plan upon 90 Days' written notice to shareholders of the Fund.

Participants in the Plan may withdraw from the Plan upon written notice to the Plan Agent or by telephone in accordance with specific procedures and will receive certificates for whole shares and cash for fractional shares.

All correspondence concerning the Plan should be directed to the Plan Agent, Computershare Trust Company, N.A., P.O. Box 43011, Providence, RI 02940-3011.

Management of the Fund (Unaudited) FIRST FINANCIAL FUND, INC.

Item 2. Code of Ethics.

As of the end of the period covered by this report, First Financial Fund, Inc. (the Registrant or Fund) has adopted a code of ethics that applies to the Registrant's Principal Executive Officer and Principal Financial Officer. During the period covered by this report, there were no amendments to a provision of its code of ethics, nor were there any waivers granted from a provision of the code of ethics. A copy of the Registrant's code of ethics is filed with this N-CSR under Item 12(a).

Item 3. Audit Committee Financial Expert.

The Registrant's board of directors has determined that Joel W. Looney is qualified to serve as an audit committee financial expert serving on its audit committee and that he is independent, as defined by the Securities and Exchange Commission.

Item 4. Principal Accountant Fees and Services.

(a) Audit Fees The aggregate fees billed for each of the last two fiscal years for professional services rendered by the principal accountant for the audit of the Registrant's annual financial statements or services that are normally provided by the accountant in connection with statutory and regulatory filings or engagements were \$26,500 and \$29,750 for the fiscal years ended March 31, 2007 and March 31, 2008, respectively.

(b) Audit-Related Fees There were no fees billed for the fiscal years ended March 31, 2007 and March 31, 2008, for assurance and related services by the principal accountant that are reasonably related to the performance of the audit of the Registrant's financial statements and are not reported under (a) of this Item.

(c) Tax Fees The aggregate fees billed in each of the last two fiscal years for professional services rendered by the principal accountant for the review of the Registrant's tax returns and excise tax calculations were \$6,250 and \$6,875 for the fiscal years ended March 31, 2007 and March 31, 2008, respectively.

(d) All Other Fees There were no other fees billed for the fiscal years ended March 31, 2007 and March 31, 2008 for products and services provided by the principal accountant, other than the services reported in (a) through (c) of this Item.

(e) (1) Audit Committee Pre-Approval Policies and Procedures. The Registrant's audit committee pre-approves all audit and non-audit services to be performed by the Registrant's accountant before the accountant is engaged by the Registrant to perform such services.

Edgar Filing: FIRST FINANCIAL FUND INC - Form N-CSR

(e) (2) Percentage of Services. There were no services described in (b) through (d) above (including services required to be approved by the audit committee pursuant to paragraph (c)(7)(ii) of Rule 2-01 of Regulation S-X) that were approved by the audit committee pursuant to paragraph (c)(7)(i)(C) of Rule 2-01 of Regulation S-X.

(f) None of the hours expended on the principal accountant's engagement to audit the Registrant's financial statements for the fiscal year ended March 31, 2008 were attributable to work performed by persons other than the principal accountant's full-time, permanent employees.

(g) Not applicable.

(h) Not applicable.

Item 5. Audit Committee of Listed Registrants.

The Registrant has an audit committee which was established by the Board of Directors of the Fund in accordance with Section 3(a)(58)(A) of the Securities Exchange Act of 1934, as amended. The members of the Registrant's audit committee are Dr. Dean L. Jacobson, Richard I. Barr, and Joel W. Looney.

Item 6. Schedule of Investments.

The Registrant's full schedule of investments is included as part of the report to stockholders filed under Item 1 of this Form.

Item 7. Disclosure of Proxy Voting Policies and Procedures for Closed-End Management Investment Companies.

First Financial Fund, Inc.

Proxy Voting Procedures

The Board of Directors of First Financial Fund, Inc. (the **Fund**) hereby adopts the following policies and procedures with respect to voting proxies relating to portfolio securities held by the Fund (collectively, the **Voting Policies**).

1. **Policy.** It is the policy of the Board of Directors of the Fund (the **Board**) to delegate certain responsibilities for voting proxies relating to portfolio securities held by the Funds to an authorized officer of the Fund, subject to the Board's continuing oversight.(1) Proxy voting policies and procedures are required by Rule 206 (4)-6 of the Investment Advisers Act of 1940.

2. **Fiduciary Duty.** The right to vote a proxy with respect to portfolio securities held by the Funds is a significant asset of the Fund. The Board and other authorized persons exercising this voting responsibility do so as a fiduciary, and must vote proxies in a manner consistent with the best interest of the Fund and its shareholders, and with the goal of maximizing the value of the Fund and the shareholders' investments. Although typically an investment company's adviser votes proxies, for reasons disclosed to and discussed by the Board (e.g., the possibility of aggregating securities of issuers regulated by the Office of Thrift Supervision with like securities of other clients of Wellington Management), the Board has instead delegated its proxy voting responsibility to a Proxy Committee (defined below) made up of Board members and has authorized officers of the Fund to vote proxies that are considered routine (e.g., approval of auditors and uncontested director elections).

3. **Procedures.** The following are the procedures adopted by the Board for the administration of this policy:

Edgar Filing: FIRST FINANCIAL FUND INC - Form N-CSR

a. *Review of Proxy Voting Procedures.* Management, with advice and counsel from the Board, shall present to the Board its policies, procedures and other guideline for voting proxies at least annually (the **Voting Guidelines**), and must notify the Board promptly of any material changes. In accordance with the foregoing, Management has developed the Voting Guidelines which are attached hereto as **Exhibit A**.

b. *Voting of Routine and Certain Non-Routine Proxies.* An authorized Officer of the Fund will vote all routine proxy items for the Fund in accordance with the Voting Guidelines and certain non-routine proxy items including merger proposals, tenders, re-capitalization matters including share buybacks and share issuance.

Voting of Other Non-Routine Proxies. With respect to non-routine proxy issues (**Non-Routine Proxies**) other than those mentioned in 3(b) above, Stephen C. Miller or his successor (i.e., President of the Fund) and at least one independent director (the **Proxy Committee**), after conducting such necessary due diligence as the Proxy Committee deems appropriate, will make a determination of how to vote, and direct an authorized Officer of the Fund to cause such vote to be cast.

(1) This policy is adopted for the purpose of the disclosure requirements adopted by the Securities and Exchange Commission, Releases No. 33-8188, 34-47304, IC-25922.

c. *Seeking Advice from the Fund's Adviser.* To the extent permitted by law, and to the extent assistance will not adversely affect the ability of Wellington Management (Wellington) to invest in financial services company securities for other clients, the Proxy Committee may seek, and Wellington has agreed to provide the Proxy Committee with, notice of any special issues that might not be covered by the Voting Guidelines and use its best efforts to keep the Board and Management informed when Non-Routine matters arise or are anticipated. In addition, Wellington has agreed to assist in any discussions to review relevant issues related to the voting of a particular proxy, but shall not recommend how the Fund should vote.

d. *Voting Record Reporting.* To the extent any Non-Routine Proxies are voted, the Proxy Committee will present a summary of such actions for the Board at the next regular quarterly meeting. No less than annually, Management shall report to the Board a record of each proxy voted with respect to portfolio securities of the Funds during the respective year. With respect to those proxies the Proxy Committee has identified as involving a conflict of interest(2), the Proxy Committee shall submit a separate report indicating the nature of the conflict of interest and how that conflict was resolved with respect to the voting of the proxy.

4. **Revocation.** The delegation by the Board of the authority to vote proxies relating to portfolio securities of the Funds is entirely voluntary and may be revoked by the Board, in whole or in part, at any time. This disclosure shall be included in any registration statement filed on behalf of the Funds after July 1, 2003.

5. **Annual Filing.** The Fund shall file an annual report of each proxy voted with respect to portfolio securities of the Funds during the twelve-month period ended June 30 on Form N-PX not later than August 31 of each year. The Fund must file the complete proxy voting record on an annual basis on this form. Form N-PX must contain complete proxy voting records for the 12 month period stated above, and must be signed on behalf of the Fund by the principal executive officers. This form must provide the following information:

- a. Name of the issuer of the portfolio security
- b. Exchange ticker symbol
- c. CUSIP #
- d. Shareholder meeting date
- e. Brief indication of the matter voted on
- e. Whether matter was proposed by the issuer or by a security holder
- g. Whether the Fund cast its vote on the matter
- h. How the Fund cast its vote
- i. Whether the Fund cast its vote for or against management

6. **Disclosures.**

Edgar Filing: FIRST FINANCIAL FUND INC - Form N-CSR

a. The Fund shall include in any future registration statement:

i. A description of the Voting Policies and the Voting Guidelines⁽³⁾; and

ii. A statement disclosing that information regarding how the Fund voted proxies relating to portfolio securities during the most recent 12-month period ended June 30 is available without charge, upon request, by calling the Funds toll-free telephone number; or through a specified Internet address; or both; and on the SEC website.⁽⁴⁾

b. The Fund shall include in its Annual and Semi-Annual Reports to shareholders:

i. A statement disclosing that the Voting Policies and Voting Guidelines are available without charge, upon request, by calling the Fund's telephone number; or through a specified Internet address; and on the SEC website.⁽⁵⁾

ii. A statement disclosing that information regarding how the Fund voted proxies relating to portfolio securities during the most recent 12-month period ended June 30 is available without charge, upon

(2) As it is used in this document, the term "conflict of interest" refers to a situation in which the Adviser or affiliated persons of the adviser have a financial interest in a matter presented by a proxy other than the obligation it incurs as investment adviser to the Fund.

(3) This disclosure shall be included in the registration statement next filed on behalf of the Funds after July 1, 2003.

(4) This disclosure shall be included in the registration statement next filed on behalf of the Funds after August 31, 2004.

(5) This disclosure shall be included in the report next filed on behalf of the Funds after July 1, 2003.

request, by calling the Fund's telephone number; or through a specified Internet address; or both; and on the SEC website.(6)

7. **Recordkeeping Requirements.** SEC Rule 204-2, as amended, requires the Fund to retain:

- a. Proxy voting policies and procedures
- b. Proxy statements received regarding client securities
- c. Records of votes cast on behalf of clients
- d. Records of written client requests
- e. Any documents prepared by Management material to making a decision how to vote, or that memorialized the basis for the decision.

8. **Review of Policy.** At least annually, the Board shall review this Policy to determine its sufficiency and shall make and approve any changes that it deems necessary from time to time.

(6) This disclosure shall be included in the report next filed on behalf of the Funds after August 31, 2004.

EXHIBIT A VOTING GUIDELINES

The Fund's proxy voting principles are summarized below, with specific examples of voting decisions for the types of proposals that are most frequently presented:

Category	Guideline	Voting
BOARD OF DIRECTOR ISSUES	The board of directors' primary role is to protect the interests of all shareholders. Key functions of the board are to approve the direction of corporate strategy, ensure succession of management and evaluate performance of the corporation as well as senior management. The board is accountable to shareholders, and must operate independently from management.	
Routine Elections	Generally we will vote with management's recommendation	Generally FOR
Board Classification	Generally we are opposed to entrenchment mechanisms and will vote against proposals to classify a board. We prefer annual election of directors in order that shareholders have more power to replace directors deemed to not be acting in the shareholders' interest.	Generally AGAINST
Independence of Directors	The majority of board members should be independent from the corporation, management or a majority shareholder. An independent member should not be a former employee of the company or a representative of a key supplier to or a key client of the company.	We will generally support boards that have a majority of board members classified as independent.
Director Indemnification	Mandatory indemnification of directors and officers is necessary to attract quality candidates.	Generally FOR
Director Attendance	Board membership requires a significant amount of time in order for responsibilities to be executed, and attendance at Board and Committee meetings is noted.	We look for attendance records to be in the 75% participation range.
Term Limits	We are more concerned with the performance of directors and not with the term limits	Generally AGAINST but will look at on a case-by-case basis.
Separation of Chair and CEO	In most cases it is advisable for there to be a separation between the CEO and the Chair to enhance separation of management interests and shareholders.	In most cases we would support a recommendation to separate the Chair from the CEO. Lead directors are considered acceptable, and in this situation an independent Corporate Governance committee must also be in place.
Committees of the Board	Audit, Compensation, Governance and Nominating committees are the most significant committees of the board.	We support the establishment of these committees, however independent director membership on these committees is the primary concern. Two-thirds independent membership is satisfactory, provided that the chair of each committee is independent.

Audit Process	The members of an audit committee should be independent directors, and the auditor must also be independent. The auditor should report directly to the Audit committee and not to management.	We will generally support the choice of auditors recommended by the Audit Committee. In the event that the auditor supplies other services for a fee other than the audit, each situation will be reviewed on a case-by-case basis.
---------------	---	---

**VOTING AND
ENTRENCHMENT
ISSUES**

Shareholder Right to Call Special Meeting	Generally FOR
--	---------------

Shareholder Right to Act by Written Consent	Generally FOR
--	---------------

Edgar Filing: FIRST FINANCIAL FUND INC - Form N-CSR

Category	Guideline	Voting
Cumulative Voting	Our experience has been that cumulative voting is generally proposed by large shareholders who may wish to exert undue influence on the board.	Generally AGAINST, although we may consider if the board has been unresponsive to shareholders.
Confidentiality of Shareholder Voting	Like any other electoral system, the voting at annual and special meetings should be confidential and free from any potential coercion and/or impropriety.	We will support any proposals to introduce or maintain confidential voting.
Size of Board of Directors	Generally boards should be comprised of a minimum of seven to a maximum of fifteen. However the complexity of the company has an impact on required board size.	The independence of the board is a greater concern than the number of members. However should a change in board size be proposed as potentially an anti-takeover measure we would vote against.
COMPENSATION ISSUES		
Director Compensation	Directors should be compensated fairly for the time and expertise they devote on behalf of shareholders. We favor directors personally owning shares in the corporation, and that they receive a substantial portion of their remuneration in the form of shares.	We support recommendations where a portion of the remuneration is to be in the form of common stock. We do not support options for directors, and do not support retirement bonuses or benefits for directors.
MANAGEMENT COMPENSATION	Compensation plans for executives should be designed to attract and retain the right people with exceptional skills to manage the company successfully long-term. These plans should be competitive within the company's respective industry without being excessive and should attempt to align the executive's interests with the long-term interest of shareholders.	Executive compensation will be considered on a case-by-case basis.
Stock Options and Incentive Compensation Plans	Compensation plans should be designed to reward good performance of executives. They should also encourage management to own stock so as to align their financial interests with those of the shareholders. It is important that these plans are disclosed to the shareholders in detail for their approval.	We will not support plans with options priced below current market value or the lowering of the exercise price on any previously granted options. We will not support any plan amendment that is not capped or that results in anything but negligible dilution. We believe that shareholders should have a say in all aspects of option plans and therefore will not support omnibus stock option plans or plans where the Board is given discretion to set the terms. Plans will be considered on a case-by-case basis.
Adopt/Amend Employee Stock Purchase Plans		Considered on a case-by-case basis.
Golden Parachutes	Although we believe that golden parachutes may be a good way to attract, retain and encourage objectivity of qualified executives by providing financial security in the case of a change in the structure or control of a company, golden parachutes can be excessive.	Generally opposed but will consider on a case-by-case basis.
Require Shareholder Approval of Golden Parachutes		Generally FOR
TAKEOVER PROTECTIONS	Some companies adopt shareholder rights plans that incorporate anti-takeover measures, which may include: poison pills, crown jewel defense, payment	We will review each situation on a case-by-case basis. We will generally support proposals that protect the rights and share value of shareholders.

of greenmail, going private transactions, leveraged buyouts, lock-up arrangements, Fair price amendments, Re-incorporation. Rights plans should be designed to ensure that all shareholders are treated equally in the event there is a change in control of a company. These plans should also provide the Board with sufficient time to ensure that the appropriate course of action is chosen to ensure shareholder

Edgar Filing: FIRST FINANCIAL FUND INC - Form N-CSR

Category	Guideline	Voting
	interests have been protected. However, many shareholder rights plans can be used to prevent bids that might in fact be in the shareholders best interests. Depending on their contents, these plans may also adversely influence current share prices and long-term shareholder value.	
Dual Class Shares	It is not unusual for certain classes of shares to have more than one vote per share. This is referred to as a dual class share structure and can result in a minority of shareholders having the ability to make decisions that may not be in the best interests of the majority of shareholders.	Generally AGAINST.
Super-Majority Voting Provisions	Super-majority voting (e.g., 67% of votes cast or a majority of outstanding shares), although fairly common, can, from a practical point of view, be difficult to obtain, and essentially are a bar from effective challenges to entrenched management, regardless of performance or popularity. A very high requirement can be unwieldy and therefore not in the best interest of the majority of shareholders.	Generally AGAINST. We will generally oppose proposals for voting requirements that are greater than a majority of votes cast. That said, we will review supermajority proposals on a case-by-case basis.
Issuance of Authorized Shares		Generally FOR
Issuance of Unlimited or Additional Shares	Corporations may increase their authorized number of shares in order to implement a stock split, to support an acquisition or restructuring plan, to use in a stock option plan or to implement an anti-takeover plan. Shareholders should approve of the specific business need for the increase in the number of shares and should understand that the issuance of new shares can have a significant effect on the value of existing shares.	Generally AGAINST. We will generally oppose proposals to increase the number of authorized shares to unlimited, but will consider any proposals to increase the number of authorized shares on a case-by-case basis for a valid business purpose.
Shareholder Proposals	Shareholders should have the opportunity to raise their concerns or issues to company management, the board and other shareholders. As long as these proposals deal with appropriate issues and are not for the purposes of airing personal grievances or to obtain publicity, they should be included on the proxy ballot for consideration.	Shareholder proposals will be reviewed on a case-by-case basis.
OTHER MATTERS		
Stock Repurchase Plans		Generally FOR
Stock Splits		Generally FOR
Require Shareholder Approval to issue Preferred Stock		Generally FOR
Corporate Loans to Employees	Corporate loans, or the guaranteeing of loans, to enable employees to purchase company stock or options should be avoided. These types of loans can be risky if the company stock declines or the employee is terminated.	Generally AGAINST.

Blank-cheque Preferred
Shares

The authorization of blank-cheque preferred shares gives the board of directors complete discretion to fix voting, dividend, conversion and other rights and privileges. Once these shares have been authorized, the shareholders have no authority to determine how or when they will be allocated. There may be valid business reasons for the issuance of these shares but the potential for abuse outweighs the benefits.

Generally AGAINST.

Item 8. Portfolio Managers of Closed-End Management Investment Companies.

Portfolio Manager Biography

(As of May 30, 2008):

Nicholas C. Adams, Senior Vice President and Equity Portfolio Manager of Wellington Management, has served as Portfolio Manager of the Fund since inception (1986). Mr. Adams joined Wellington Management as an investment professional in 1983.

The following table shows information regarding other accounts managed by the Portfolio Manager

(As of March 31, 2008):

	Other Registered Investment Companies(1)		Other Pooled Investment Vehicles		Other Accounts	
	# of Accts	Assets (\$ mil)*	# of Accts	Assets (\$ mil)*	# of Accts	Assets (\$ mil)*
All Accounts:	0	\$ 0	4	\$ 1,896.5	0	\$ 0
Accounts where advisory fee is based on account performance (subset of above):	0	\$ 0	4	\$ 1,896.5	0	\$ 0

(1) Does not include the Fund.

The following table shows shares of the Fund beneficially owned by the Portfolio Manager:

None	\$1-\$10,000	\$10,001-\$50,000	\$50,001-\$100,000	\$100,001-\$500,000	\$500,001-\$1,000,000	Over \$1,000,000
		X				

Conflicts of Interest:

Individual investment professionals at Wellington Management manage multiple accounts for multiple clients. These accounts may include mutual funds, separate accounts (assets managed on behalf of institutions such as pension funds, insurance companies, foundations, or separately managed account programs sponsored by financial intermediaries), bank common trust accounts, and hedge funds. The investment professional primarily responsible for the day-to-day management of the Fund (Portfolio Manager) generally manages accounts in several different investment styles. These accounts may have investment objectives, strategies, time horizons, tax considerations and risk profiles that differ from those of the Fund. The Portfolio Manager makes investment decisions for each account, including the Fund, based on the investment objectives,

Edgar Filing: FIRST FINANCIAL FUND INC - Form N-CSR

policies, practices, benchmarks, cash flows, tax and other relevant investment considerations applicable to that account. Consequently, the Portfolio Manager may purchase or sell securities, including IPOs, for one account and not another account, and the performance of securities purchased for one account may vary from the performance of securities purchased for other accounts. Alternatively, these accounts may be managed in a similar fashion to the Fund and thus the accounts may have similar, and in some cases nearly identical, objectives, strategies and/or holdings to that of the Fund.

The Portfolio Manager or other investment professionals at Wellington Management may place transactions on behalf of other accounts that are directly or indirectly contrary to investment decisions made on behalf of the Fund, or make investment decisions that are similar to those made for the Fund, both of which have the potential to adversely impact the Fund depending on market conditions. For example, an investment professional may purchase a security in one account while appropriately selling that same security in another account. Similarly, the Portfolio Manager may purchase the same security for the Fund and one or more other accounts at or about the same time, and in those instances the other accounts will have access to their respective holdings prior to the public disclosure of the Fund's holdings. In addition, some of these accounts have fee structures, including performance fees, which are or have the potential to be higher, in some cases significantly higher, than the fees paid by the Fund to Wellington Management. The Portfolio Manager also manages hedge funds, which pay performance allocations to Wellington Management or its affiliates. Because incentive payments paid by Wellington Management to the Portfolio Manager are tied to revenues earned by Wellington Management and, where noted, to the performance

achieved by the manager in each account, the incentives associated with any given account may be significantly higher or lower than those associated with other accounts managed by the Portfolio Manager. Finally, the Portfolio Manager may hold shares or investments in the other pooled investment vehicles and/or other accounts identified above.

Wellington Management's goal is to meet its fiduciary obligation to treat all clients fairly and provide high quality investment services to all of its clients. Wellington Management has adopted and implemented policies and procedures, including brokerage and trade allocation policies and procedures, which it believes address the conflicts associated with managing multiple accounts for multiple clients. In addition, Wellington Management monitors a variety of areas, including compliance with primary account guidelines, the allocation of IPOs, and compliance with the firm's Code of Ethics, and places additional investment restrictions on investment professionals who manage hedge funds and certain other accounts. Furthermore, senior investment and business personnel at Wellington Management periodically review the performance of Wellington Management's investment professionals. Although Wellington Management does not track the time an investment professional spends on a single account, Wellington Management does periodically assess whether an investment professional has adequate time and resources to effectively manage the investment professional's various client mandates.

Compensation:

The Fund pays Wellington Management a fee based on the assets under management of the Fund as set forth in an Investment Advisory Agreement between Wellington Management and the Fund. Wellington Management pays its investment professionals out of its total revenues and other resources, including the advisory fees earned with respect to the Fund. The following information relates to the fiscal year ended March 31, 2008.

Wellington Management's compensation structure is designed to attract and retain high-caliber investment professionals necessary to deliver high quality investment management services to its clients. Wellington Management's compensation of the Portfolio Manager includes a base salary and incentive components. The base salary for the Portfolio Manager, who is a partner of Wellington Management, is determined by the Managing Partners of the firm. The Portfolio Manager's base salary is generally a fixed amount that may change as a result of an annual review. The Portfolio Manager is eligible to receive an incentive payment based on the revenues earned by Wellington Management from the Fund and generally each other account managed by such Portfolio Manager. The Portfolio Manager's incentive payment relating to the Fund is linked to the gross pre-tax performance of the Fund compared to the NASDAQ Banks Principal Only and John Hancock Bank & Thrift Opportunities Fund over one and three year periods, with an emphasis on three year results. Prior to December 1, 2007, the Portfolio Manager's incentive payment relating to the Fund was linked to the gross pre-tax performance of the Fund compared to the NASDAQ Banks Principal Only, John Hancock Bank & Thrift Opportunities Fund and John Hancock Financial Trends Fund over one and three year periods, with an emphasis on three year results. Wellington Management applies similar incentive compensation structures (although the benchmarks or peer groups, time periods and rates may differ) to other accounts managed by the Portfolio Manager, including accounts with performance fees.

Portfolio-based incentives across all accounts managed by an investment professional can, and typically do, represent a significant portion of an investment professional's overall compensation; incentive compensation varies significantly by individual and can vary significantly from year to year. The Portfolio Manager may also be eligible for bonus payments based on his overall contribution to Wellington Management's business operations. Senior management at Wellington Management may reward individuals as it deems appropriate based on factors other than account performance. Each partner of Wellington Management is eligible to participate in partner-funded tax qualified retirement plan, the contributions to which are made pursuant to an actuarial formula, as a partner of the firm. Mr. Adams is a partner of the firm.

Item 9. Purchases of Equity Securities by Closed-End Management Investment Company and Affiliated Purchasers.

Not applicable.

Item 10. Submission of Matters to a Vote of Security Holders.

There have been no material changes to the procedures by which the shareholders may recommend nominees to the Registrant's Board of Directors, where those changes were implemented after the Registrant last provided disclosure in response to the requirements of Item 7(d)(2)(ii)(G) of Schedule 14A (17 CFR 240.14a-101), or this Item.

Item 11. Controls and Procedures.

(a) The Registrant's principal executive and principal financial officers, or persons performing similar functions, have concluded that the Registrant's disclosure controls and procedures (as defined in Rule 30a-3(c) under the Investment Company Act of 1940, as amended (the "1940 Act") (17 CFR 270.30a-3(c))) are effective, as of a date within 90 days of the filing date of the report that includes the disclosure required by this paragraph, based on their evaluation of these controls and procedures required by Rule 30a-3(b) under the 1940 Act (17 CFR 270.30a-3(b)) and Rules 13a-15(b) or 15d-15(b) under the Securities Exchange Act of 1934, as amended (17 CFR 240.13a-15(b) or 240.15d-15(b)).

(b) There were no changes in the Registrant's internal control over financial reporting (as defined in Rule 30a-3(d) under the 1940 Act (17 CFR 270.30a-3(d))) that occurred during the Registrant's second fiscal quarter of the period covered by this report that has materially affected, or is reasonably likely to materially affect, the Registrant's internal control over financial reporting.

Item 12. Exhibits.

- (a)(1) Code of Ethics, or any amendment thereto, that is the subject of disclosure required by Item 2 is attached hereto.
 - (a)(2) Certifications pursuant to Section 302 of the Sarbanes-Oxley Act of 2002 are attached hereto.
 - (a)(3) Not applicable.
 - (b) Certifications pursuant to Section 906 of the Sarbanes-Oxley Act of 2002 are attached hereto.
-

SIGNATURES
