Idenix (Cayman) Limited, pursuant to which, among other things, certain agreements between the Company and Novartis Pharma and its affiliates were terminated, including (a) the Development, License and Commercialization Agreement, dated as of May 8, 2003, as amended, and (b) the Letter Agreement, dated as of March 21, 2003, as amended, regarding the election, approval and removal of the Company's chief financial officer. In consideration for Novartis Pharma relinquishing its rights under the terminated agreements and certain rights under the Former Stockholders Agreement (as described below), pursuant to the Termination and Revised Relationship Agreement, the Company agreed to (i) continue Novartis Pharma's license and other rights with respect to telbivudine (Tyzeka®/Sebivo®), provided, that Novartis Pharma is no longer required to pay milestones or royalties in connection with such license, (ii) grant Novartis Pharma certain rights to conduct studies evaluating combinations of any of the Company's and Novartis Pharma's products for the treatment of hepatitis C virus, and (iii) make certain royalty payments to Novartis Pharma which are subject to off-setting royalty payments to the Company. The description of the Termination and Revised Relationship Agreement is qualified by reference to the full text thereof, which is included as an exhibit hereto and incorporated herein by reference.

As of July 31, 2012, the Amended and Restated Stockholders Agreement, dated as of July 27, 2004, as amended (the Former Stockholders Agreement), was further amended and restated by that certain Second Amended and Restated Stockholders Agreement among the Company, Novartis Pharma and the other parties identified therein (the Restated Stockholders Agreement). Set forth below is a summary of amendments to the Former Stockholders Agreement effectuated by the Restated Stockholders Agreement. Except as set forth below, the description of the Former Stockholders Agreement set forth in the Original Schedule 13D is applicable to the Restated Stockholders Agreement.

Registration Rights

Under the Restated Stockholders Agreement, Novartis Pharma maintains its rights to cause the Company to register for resale, under the Securities Act of 1933, as amended, shares held by Novartis Pharma and/or its affiliates.

Stock Purchase Rights

Under the Former Stockholders Agreement, if the Company issued any shares of capital stock, subject to certain exceptions, Novartis Pharma had the right to purchase such number of shares required to maintain its percentage ownership of the Company's voting stock for the same consideration per share paid by others acquiring the Company's stock. Under the Restated Stockholders Agreement, Novartis Pharma continues to have stock purchase rights, however, such rights have been modified and as so modified are described below:

Under the Restated Stockholders Agreement, if the Company issues any shares of its capital stock or securities that are convertible into, or exchangeable for, shares of its capital stock (subject to certain exceptions), Novartis Pharma has the right to purchase up to such number of shares required for it to maintain its percentage ownership of the Company's voting stock for 30 days following the issuance of any such shares. If Novartis Pharma exercises such right within 15 days of issuance, the price Novartis Pharma will be required to pay will be equal to the price per share paid by the other investors in the offering. If Novartis Pharma exercises such right after such 15 day period, the price Novartis Pharma will be required to pay will be equal to 110% of the price per share paid by the other investors in the offering.

In addition, under the Restated Stockholders Agreement, the Company is required to deliver to Novartis Pharma a report within ten days after the end of each quarter indicating the number of shares of the Company's capital stock issued pursuant to exercised convertible securities or as restricted stock or other stock based awards, subject to certain limited exceptions, during such quarter to the Company's directors, officers, employees, or consultants pursuant to any compensation or equity incentive plan. For 45 days following delivery of such report, Novartis Pharma has the option to purchase such number of shares of the type so issued, at the same purchase price paid per security so issued, equal to the result obtained by dividing (a) the product of (i) the Novartis Percentage multiplied by (ii) the number of shares or units of the Company's capital stock or convertible securities so issued by (b) the result obtained by subtracting (x) the Novartis Percentage from (y) one. The Novartis Percentage means the result obtained by dividing (a) the number of shares of the Company's voting stock owned by Novartis Pharma and its affiliates immediately prior to such issuance by (b) the total number of shares of the Company's voting stock outstanding immediately prior to such issuance. If Novartis Pharma exercises its option to purchase any such securities and the securities are issued without a purchase price payable in cash by the recipient of such securities, the price Novartis Pharma will be required to pay will be the par value of the shares.

Board of Directors

Pursuant to the Former Stockholders Agreement, the Company was required to use its reasonable best efforts to nominate for election to the Company's board of directors at least one designee of Novartis Pharma for so long as Novartis Pharma and its affiliates owned at least 19.4% of the Company's voting stock and two designees of Novartis Pharma for so long as Novartis Pharma and its affiliates owned at least 30% of the Company's voting stock. In addition, pursuant to the Former Stockholders Agreement, for so long as a designee of Novartis Pharma was a member of the Company's board of directors, such director was entitled to be a member of each committee of the Company's board of directors (unless not permitted by applicable securities laws or exchange rules and regulations, in which case Novartis Pharma had the right to appoint a non-voting observer to any such affected committee). Pursuant to the Restated Stockholders Agreement, this requirement was modified to require the Company to use its reasonable best efforts to nominate for election to the Company's board of directors one designee of Novartis Pharma for so long as Novartis Pharma and its affiliates own 15% or more of the Company's voting stock. For so long as the designee of Novartis Pharma is a member of the Company's board of directors, such designee continues to maintain its right to be a member of each committee of the Company's board of directors (unless not permitted by applicable securities laws or exchange rules and regulations, in which case Novartis Pharma has the right to appoint a non-voting observer to any such affected committee).

Approval Rights

Pursuant to the Former Stockholders Agreement, Novartis Pharma and its affiliates had approval rights over a number of corporate actions that the Company or its subsidiaries may take, including the authorization or issuance of additional shares of Common Stock and significant acquisitions and dispositions, so long as Novartis Pharma and its affiliates owned at least 19.4% of the Company's voting stock. Pursuant to the Restated Stockholders Agreement, these approval rights have been removed.

Amendments and Waivers

The Restated Stockholders Agreement modified the Amendment and Waivers section of the Former Stockholders Agreement.

Pursuant to the Restated Stockholders Agreement, the rights and obligations of the parties thereto may not be waived, modified, supplemented or amended without the written consent of:

(i) the Company; and

(ii) the holders of a majority of the Company's voting stock held by Novartis Pharma and its affiliates.

Novartis Pharma may acquire from the Company from time to time additional shares of Common Stock by exercising the stock purchase rights described above.

The description of the Restated Stockholders Agreement is qualified by reference to the full text thereof, which is included as an exhibit hereto and incorporated herein by reference.

In addition, on August 2, 2012, the Company announced the pricing of an underwritten registered public offering (the Public Offering) of 22,000,000 shares of Common Stock at a public offering price of \$8.00 per share. The underwriters in connection with the Public Offering have a 30-day over-allotment option (the Over-Allotment Option) from August 2, 2012 to purchase an additional 3,300,000 shares of Common Stock. Novartis Pharma has the right under the Restated Stockholders Agreement to purchase its pro rata portion of the Common Stock issued in the Public Offering. As a result of the Public Offering, Novartis Pharma's record and beneficial ownership (and Novartis' beneficial ownership) of Common Stock was reduced to 25.5% of the shares of Common Stock (assuming the Over-Allotment Option is not exercised).

Item 5. Interest in Securities of the Issuer

No change except as described below.

(a) and (b). Novartis is the beneficial owner of 33,320,674 shares of Common Stock representing 25.5% of the outstanding shares of Common Stock (or 24.9% if the Over-Allotment Option is exercised), all of which shares are owned directly by Novartis Pharma. Novartis has shared power to vote or direct the vote and shared power to dispose or to direct the disposition of all shares of Common Stock beneficially owned by it.
