Table of Contents

AeroVironment, Inc.

Notes to Consolidated Financial Statements (Unaudited)

1. Organization and Significant Accounting Policies

Organization

AeroVironment, Inc., a Delaware corporation (the Company), is engaged in the design, development, production, support and operation of unmanned aircraft systems and efficient energy systems for various industries and governmental agencies.

Basis of Presentation

The accompanying unaudited consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States for interim financial information and with the instructions of Form 10-Q and Article 10 of Regulation S-X. Accordingly, they do not include all of the information and footnotes required by accounting principles generally accepted in the United States for complete financial statements. In the opinion of management, all adjustments, consisting only of normal recurring adjustments necessary for a fair presentation with respect to the interim financial statements have been included. The results of operations for the three and six months ended October 26, 2013 are not necessarily indicative of the results for the full year ending April 30, 2014. For further information, refer to the consolidated financial statements and footnotes thereto for the year ended April 30, 2013, included in the Company's Annual Report on Form 10-K.

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions, including estimates of anticipated contract costs and revenue utilized in the revenue recognition process, that affect the reported amounts in the consolidated financial statements and accompanying notes. Actual results could differ from those estimates.

The Company's consolidated financial statements include the assets, liabilities and operating results of wholly-owned subsidiaries. All significant intercompany accounts and transactions have been eliminated.

Segments

The Company's products are sold and divided among two reportable segments to reflect the Company's strategic goals. Operating segments are defined as components of an enterprise from which separate financial information is available that is evaluated regularly by the Chief Operating Decision Maker (CODM) in deciding how to allocate resources and in assessing performance. The Company's CODM is the Chief Executive

Edgar Filing: AeroVironment Inc - Form 10-Q

Officer, who reviews the revenue and gross margin results for each of these segments in order to make resource allocation decisions, including the focus of research and development (R&D) activities and performance assessment. The Company's reportable segments are business units that offer different products and services and are managed separately.

Investments

The Company's investments are accounted for as held-to-maturity and available-for-sale and reported at amortized cost and fair value, respectively.

Fair Values of Financial Instruments

Fair values of cash and cash equivalents, accounts receivable, unbilled receivables, retentions and accounts payable approximate cost due to the short period of time to maturity.

Government Contracts

Payments to the Company on government cost reimbursable contracts are based on provisional, or estimated indirect rates, which are subject to an annual audit by the Defense Contract Audit Agency (DCAA). The cost audits result in the negotiation and determination of the final indirect cost rates that the Company may use for the period(s) audited. The final rates, if different from the provisional billing rates, may create an additional receivable or liability for the Company.

Table of Contents

AeroVironment, Inc.

Notes to Consolidated Financial Statements (Unaudited)

For example, during the course of its audits, the DCAA may question the Company's incurred project costs, and if the DCAA believes the Company has accounted for such costs in a manner inconsistent with the requirements under Federal Acquisition Regulations, the DCAA auditor may recommend to the Company's administrative contracting officer to disallow such costs. The Company can provide no assurance that the DCAA or other government audits will not result in material disallowances for incurred costs in the future.

Earnings (Loss) Per Share

Basic earnings (loss) per share is computed using the weighted-average number of common shares outstanding, excluding shares of unvested restricted stock. The dilutive effect of potential common shares outstanding is included in diluted earnings per share and excludes any anti-dilutive effects of options, shares of unvested restricted stock and restricted stock units.

The reconciliation of basic to diluted shares is as follows:

	Three Months Ended		Six Months Ended	
	October 26, 2013	October 27, 2012	October 26, 2013	October 27, 2012
Denominator for basic earnings (loss) per share:				
Weighted average common shares outstanding, excluding unvested restricted stock	22,273,629	22,030,330	22,256,292	21,980,453
Dilutive effect of employee stock options, unvested restricted stock and restricted stock units	423,961	353,461		372,981
Denominator for diluted earnings (loss) per share	22,697,590	22,383,791	22,256,292	22,353,434

During the three months ended October 26, 2013 and October 27, 2012, and the six months ended October 27, 2012, certain shares reserved for issuance upon exercise of stock options, shares of unvested restricted stock and restricted stock units were not included in the computation of diluted earnings per share because their inclusion would have been anti-dilutive. The number of shares reserved for issuance upon exercise of stock options, shares of unvested restricted stock and restricted stock units that met this anti-dilutive criterion for the three months ended October 26, 2013 and October 27, 2012 was approximately 29,000 and 10,000, respectively. The number of shares reserved for issuance upon exercise of stock options, shares of unvested restricted stock and restricted stock units that met this anti-dilutive criterion for the six months ended October 27, 2012 was approximately 5,000. Due to the net loss for the six months ended October 26, 2013, no shares reserved for issuance upon exercise of stock options, shares of unvested restricted stock or restricted stock units were included in the computation of diluted loss per share as their inclusion would have been anti-dilutive.

Recently Issued Accounting Standards

Edgar Filing: AeroVironment Inc - Form 10-Q

On May 1, 2013, the Company adopted changes in accordance with guidance issued by the Financial Accounting Standards Board (FASB), which requires additional disclosures for the reclassification of significant amounts from accumulated comprehensive income to net income. This guidance requires that certain significant amounts be presented either on the face of the consolidated statements of income or in a single note. For other amounts, the Company is required to cross-reference disclosures that provide additional detail about such amounts. The adoption of these changes did not have a material impact on the Company's consolidated financial statements.

In July 2013, the FASB issued guidance regarding the classification of an unrecognized tax benefit as a reduction of a deferred tax asset when a net operating loss carry-forward, a similar tax loss, or a tax credit carry-forward exists. This guidance is effective prospectively for fiscal years, and interim periods within those years, beginning after December 15, 2013. Early adoption and retrospective application is permitted. The Company is evaluating the potential impact of this adoption on its consolidated financial statements.

Table of Contents**AeroVironment, Inc.****Notes to Consolidated Financial Statements (Unaudited)****2. Investments**

Investments consist of the following (in thousands):

	October 26, 2013	April 30, 2013
Short-term investments:		
Held-to-maturity securities:		
Municipal securities	\$ 77,677	\$ 73,241
Total short-term investments	\$ 77,677	\$ 73,241
Long-term investments:		
Held-to-maturity securities:		
Municipal securities	\$ 38,898	\$ 54,158
Certificates of deposit	3,891	
Total held-to-maturity investments	42,789	54,158
Available-for-sale securities:

Convertible bonds	3,451	9,071
Total available-for-sale investments	8,918	14,758
Total long-term investments	\$ 51,707	\$ 68,916

Held-To-Maturity Securities

At October 26, 2013 and April 30, 2013, the balance of held-to-maturity securities consisted of state and local government municipal securities and certificates of deposit. Interest earned from these investments is recorded in interest income.

The amortized cost, gross unrealized gains, gross unrealized losses, and estimated fair value of the held-to-maturity investments as of October 26, 2013, were as follows (in thousands):

	Amortized Cost	Gross Unrealized Gains	Gross Unrealized Losses	Fair Value
Municipal securities	\$ 116,575	\$ 75	\$ (11)	\$ 116,639
Certificates of deposit	3,891			3,891
Total held-to-maturity investments	\$ 120,466	\$ 75	\$ (11)	\$ 120,530

Edgar Filing: AeroVironment Inc - Form 10-Q

The amortized cost, gross unrealized gains, gross unrealized losses, and estimated fair value of the held-to-maturity investments as of April 30, 2013, were as follows (in thousands):

	Amortized Cost		Gross Unrealized Gains		Gross Unrealized Losses		Fair Value
Municipal securities	\$ 127,399	\$	49	\$	(23)	\$	127,425
Total held-to-maturity investments	\$ 127,399	\$	49	\$	(23)	\$	127,425

The amortized cost and fair value of the held-to-maturity securities by contractual maturity at October 26, 2013, were as follows (in thousands):

	Cost		Fair Value
Due within one year	\$ 77,677	\$	77,711
Due after one year through three years	42,789		42,819
Total	\$ 120,466	\$	120,530

Available-For-Sale Securities

Auction Rate Securities

As of October 26, 2013, the entire balance of available-for-sale auction rate securities consisted of three investment grade auction rate municipal bonds with maturities ranging from 6 to 21 years. These investments have characteristics similar to short-term investments, because at pre-determined intervals, generally ranging from 30 to 35 days, there is a new auction process at which the interest rates for these securities are reset to current interest rates. At the end of such period, the Company chooses to roll-over its holdings or redeem

Table of Contents

AeroVironment, Inc.

Notes to Consolidated Financial Statements (Unaudited)

the investments for cash. A market maker facilitates the redemption of the securities and the underlying issuers are not required to redeem the investment within 365 days. Interest earned from these investments is recorded in interest income.

During the fourth quarter of the fiscal year ended April 30, 2008, the Company began experiencing failed auctions on some of its auction rate securities. A failed auction occurs when a buyer for the securities cannot be obtained and the market maker does not buy the security for its own account. The Company continues to earn interest on the investments that failed to settle at auction, at the maximum contractual rate until the next auction occurs. In the event the Company needs to access funds invested in these auction rate securities, the Company may not be able to liquidate these securities at the fair value recorded on October 26, 2013 until a future auction of these securities is successful or a buyer is found outside of the auction process.

As a result of the failed auctions, the fair values of these securities are estimated utilizing a discounted cash flow analysis as of October 26, 2013. The analysis considers, among other items, the collateralization underlying the security investments, the creditworthiness of the counterparty, the timing of expected future cash flows, and the estimated date upon which the security is expected to have a successful auction.

Based on the Company's ability to access its cash and cash equivalents, expected operating cash flows, and other sources of cash, the Company does not anticipate the current lack of liquidity of these investments will affect its ability to operate the business in the ordinary course. The Company believes the current lack of liquidity of these investments is temporary and expects that the securities will be redeemed or refinanced at some point in the future. The Company will continue to monitor the value of its auction rate securities at each reporting period for a possible impairment if a further decline in fair value occurs. The auction rate securities have been in an unrealized loss position for more than 12 months. The Company has the ability and the intent to hold these investments until a recovery of fair value, which may be at maturity and as of October 26, 2013, the Company did not consider these investments to be other-than-temporarily impaired.

The amortized cost, gross unrealized gains, gross unrealized losses, and estimated fair value of the available-for-sale investments as of October 26, 2013, were as follows (in thousands):

	Amortized Cost		Gross Unrealized Gains		Gross Unrealized Losses		Fair Value
Auction rate securities	\$	6,575	\$	\$	(1,108)	\$	5,467
Total available-for-sale investments	\$	6,575	\$	\$	(1,108)	\$	5,467

The amortized cost, gross unrealized gains, gross unrealized losses, and estimated fair value of the available-for-sale investments as of April 30, 2013, were as follows (in thousands):

Edgar Filing: AeroVironment Inc - Form 10-Q

	Amortized Cost		Gross Unrealized Gains		Gross Unrealized Losses		Fair Value
Auction rate securities	\$	6,750	\$		\$	(1,063)	\$ 5,687
Total available-for-sale investments	\$	6,750	\$		\$	(1,063)	\$ 5,687

The amortized cost and fair value of the auction rate securities by contractual maturity at October 26, 2013, were as follows (in thousands):

	Cost		Fair Value	
Due after five through 10 years	\$	1,300	\$	1,203
Due after 10 years		5,275		4,264
Total	\$	6,575	\$	5,467

Convertible Bonds

As of October 26, 2013, the entire balance of available-for-sale convertible bonds consisted of two convertible bonds. The two convertible bonds were issued by CybAero AB (CybAero), a publicly traded company in Sweden that develops and manufactures unmanned aerial vehicles. Each bond is in the amount of 10 million Swedish Kronor (SEK) and is convertible into 1 million CybAero shares at the conversion price of 10 SEK per share. The maturity date of each of the bonds is November 30, 2017 and each bond bears an annual interest rate of 5%.

The Company can exercise its conversion right at any time through October 31, 2017. CybAero can prepay the bonds with three months notice to the Company and the Company may exercise its conversion rights during such three-month period. If certain

Table of Contents

AeroVironment, Inc.

Notes to Consolidated Financial Statements (Unaudited)

conditions are satisfied after November 30, 2015, CybAero can require the Company to convert the two bonds in their entirety into CybAero shares.

The convertible bonds each contain an embedded conversion feature which is bifurcated from the bond. The changes in the fair value of the embedded conversion feature are recorded in other income (expense) in the statement of operations. Unrealized gains and losses associated with the bonds are excluded from earnings and reported as a separate component of stockholders' equity, net of deferred income taxes.

On May 14, 2013, CybAero effected a reverse stock split whereby every ten shares of CybAero were converted into one share. All amounts discussed as of October 26, 2013 reflect this reverse stock split.

The amortized cost, gross unrealized gains, gross unrealized losses, and estimated fair value of the available-for-sale convertible bonds as of October 26, 2013, were as follows (in thousands):

	Amortized Cost		Gross Unrealized Gains		Gross Unrealized Losses		Fair Value
Convertible bonds	\$ 3,037	\$	461	\$	(47)	\$	3,451
Total available-for-sale investments	\$ 3,037	\$	461	\$	(47)	\$	3,451

The amortized cost, gross unrealized gains, gross unrealized losses, and estimated fair value of the available-for-sale convertible bonds as of April 30, 2013, were as follows (in thousands):

	Amortized Cost		Gross Unrealized Gains		Gross Unrealized Losses		Fair Value
Convertible bonds	\$ 3,037	\$	6,173	\$	(139)	\$	9,071
Total available-for-sale investments	\$ 3,037	\$	6,173	\$	(139)	\$	9,071

The amortized cost and fair value of the convertible bonds by contractual maturity at October 26, 2013, were as follows (in thousands):

	Cost		Fair Value
Due within five years	\$ 3,037	\$	3,451

Total	\$	3,037	\$	3,451
-------	----	-------	----	-------

3. Fair Value Measurements

Fair value is the price that would be received to sell an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. The fair value hierarchy contains three levels as follows:

- Level 1 Inputs to the valuation based upon quoted prices (unadjusted) for identical assets or liabilities in active markets that are accessible as of the measurement date.
- Level 2 Inputs to the valuation include quoted prices in either markets that are not active, or in active markets for similar assets or liabilities, inputs other than quoted prices that are observable, and inputs that are derived principally from or corroborated by observable market data.
- Level 3 Inputs to the valuation that are unobservable inputs for the asset or liability.

Table of Contents**AeroVironment, Inc.****Notes to Consolidated Financial Statements (Unaudited)**

The Company's financial assets measured at fair value on a recurring basis at October 26, 2013, were as follows (in thousands):

Description	Fair Value Measurement Using			Total
	Quoted prices in active markets for identical assets (Level 1)	Significant other observable inputs (Level 2)	Significant unobservable inputs (Level 3)	
Auction rate securities	\$	\$	\$ 5,467	\$ 5,467
Convertible bonds		461	2,990	3,451
Total	\$	\$ 461	\$ 8,457	\$ 8,918

Due to the auction failures of the Company's auction rate securities that began in the fourth quarter of fiscal 2008, there are still no quoted prices in active markets for identical assets as of October 26, 2013. Therefore, the Company has classified its auction rate securities as Level 3 financial assets. The following table provides a reconciliation between the beginning and ending balances of items measured at fair value on a recurring basis in the table above that used significant unobservable inputs (Level 3) (in thousands):

Description	Fair Value Measurements Using Significant Unobservable Inputs (Level 3)	Auction Rate Securities
Balance at April 30, 2013	\$	8,585
Transfers to Level 3		
Total gains (realized or unrealized)		
Included in earnings		
Included in other comprehensive income (loss)		47
Purchases, issuances and settlements, net		(175)
Balance at October 26, 2013	\$	8,457
The amount of total gains or (losses) for the period included in earnings (or change in net assets) attributable to the change in unrealized gains or losses relating to assets still held at October 26, 2013	\$	

The auction rate securities are valued using a discounted cash flow model. The analysis considers, among other items, the collateralization underlying the security investments, the creditworthiness of the counterparty, the timing of expected future cash flows, and the estimated date upon which the security is expected to have a successful auction. As of October 26, 2013, the inputs used in the Company's discounted cash flow analysis included current coupon rates ranging from 0.1% to 0.3%, estimated redemption periods of 6 to 21 years and discount rates of 7.8% to 20.0%. The discount rates were based on market rates for municipal bond securities, as adjusted for a risk premium to reflect the lack of liquidity of these investments.

Edgar Filing: AeroVironment Inc - Form 10-Q

The bond components of the convertible bonds are considered level 3 assets and are valued using a discounted cash flow model. The analysis considers, among other items, the creditworthiness of the counterparty, the timing of expected future cash flows, and the maturity of the bonds. As of October 26, 2013, the inputs used in the Company's discounted cash flow analysis included a coupon rate of 5.0%, estimated redemption period of approximately four years and a discount rate of 6.5%.

The embedded conversion features of the convertible bonds are considered level 2 assets and are valued using a binomial option pricing model, which uses inputs such as CybAero's stock price, conversion price, volatility and risk-free interest rate.

4. Inventories, net

Inventories consist of the following (in thousands):

	October 26, 2013	April 30, 2013
Raw materials	\$ 14,722	\$ 12,845
Work in process	11,530	16,745
Finished goods	37,536	36,842
Inventories, gross	63,788	66,432
Reserve for inventory obsolescence	(3,159)	(3,871)
Inventories, net	\$ 60,629	\$ 62,561

Table of Contents**AeroVironment, Inc.****Notes to Consolidated Financial Statements (Unaudited)****5. Warranty Reserves**

The Company accrues an estimate of its exposure to warranty claims based upon both current and historical product sales data and warranty costs incurred. The warranty reserve is included in other current liabilities. The related expense is included in cost of sales. Warranty reserve activity is summarized as follows for the three and six months ended October 26, 2013 and October 27, 2012 (in thousands):

	Three Months Ended		Six Months Ended	
	October 26, 2013	October 27, 2012	October 26, 2013	October 27, 2012
Beginning balance	\$ 1,691	\$ 2,633	\$ 1,515	\$ 2,872
Warranty expense	332	678	818	1,208
Warranty claims settled	(383)	(2,052)	(693)	(2,821)
Ending balance	\$ 1,640	\$ 1,259	\$ 1,640	\$ 1,259

6. Accumulated Other Comprehensive Loss

The components of accumulated other comprehensive loss are as follows (in thousands):

	Available-for-sale securities	Accumulated Other Comprehensive Loss
Balance as of April 30, 2013	\$ (705)	\$ (705)
Unrealized income	47	47
Income taxes	(18)	(18)
Balance as of October 26, 2013	\$ (676)	\$ (676)

7. Customer-Funded Research & Development

Customer-funded R&D costs are incurred pursuant to contracts (revenue arrangements) to perform R&D activities according to customer specifications. These costs are direct contract costs and are expensed to cost of sales when the corresponding revenue is recognized, which is generally as the R&D services are performed. Revenue from customer-funded R&D was approximately \$6.6 million and \$16.9 million for the three and six months ended October 26, 2013, respectively. Revenue from customer-funded R&D was approximately \$10.4 million and \$17.0 million for the three and six months ended October 27, 2012, respectively.

8. Income Taxes

For the three and six months ended October 26, 2013, the Company recorded a provision (benefit) for income taxes of \$0.2 million and \$(2.9) million, respectively, yielding an effective tax rate of 9.1% and 34.4%, respectively. For the three and six months ended October 27, 2012, the Company recorded a provision for income taxes of \$4.5 million and \$3.8 million, respectively, yielding an effective tax rate of 34.0% and 34.1%, respectively. The variance from statutory tax rates for the three months ended October 26, 2013 was primarily due to federal research and development tax credits.

9. Segment Data

The Company's product segments are as follows:

- **Unmanned Aircraft Systems (UAS)** The UAS segment focuses primarily on the design, development, production, support and operation of innovative UAS and tactical missile systems that provide situational awareness, multi-band communications, force protection and other mission effects to increase the security and effectiveness of the operations of the Company's customers.
- **Efficient Energy Systems (EES)** The EES segment focuses primarily on the design, development, production, marketing, support and operation of innovative efficient electric energy systems that address the growing demand for electric transportation solutions.

The accounting policies of the segments are the same as those described in Note 1, **Organization and Significant Accounting Policies**. The operating segments do not make sales to each other. Depreciation and amortization related to the manufacturing of goods is included in gross margin for the segments. The Company does not discretely allocate assets to its operating segments, nor does the CODM evaluate operating segments using discrete asset information. Consequently, the Company operates its financial systems as a single segment for accounting and control purposes, maintains a single indirect rate structure across all segments, has no

Table of Contents**AeroVironment, Inc.****Notes to Consolidated Financial Statements (Unaudited)**

inter-segment sales or corporate elimination transactions, and maintains limited financial statement information by segment. The segment results are as follows (in thousands):

	Three Months Ended		Six Months Ended	
	October 26, 2013	October 27, 2012	October 26, 2013	October 27, 2012
Revenue:				
UAS	\$ 56,079	\$ 65,433	\$ 91,290	\$ 114,239
EES	8,788	14,845	17,694	24,716
Total	64,867	80,278	108,984	138,955
Cost of sales:				
UAS	35,280	35,279	59,879	68,035
EES	5,709	9,363	12,682	15,779
Total	40,989	44,642	72,561	83,814
Gross margin:				
UAS	20,799	30,154	31,411	46,204
EES	3,079	5,482	5,012	8,937
Total	23,878	35,636	36,423	55,141
Selling, general and administrative	13,084	13,176	25,543	26,797
Research and development	6,861	9,386	14,051	17,522
Income (loss) from operations	3,933	13,074	(3,171)	10,822
Other income (expense):				
Interest income	195	162	400	334
Other expense	(2,307)		(5,701)	
Income (loss) before income taxes	\$ 1,821	\$ 13,236	\$ (8,472)	\$ 11,156

Table of Contents

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

This section and other parts of this Quarterly Report on Form 10-Q contain forward-looking statements that involve risks and uncertainties. In some cases, forward-looking statements can be identified by words such as anticipates, believes, could, estimates, expects, intends, may, potential, predicts, projects, should, will, would or similar expressions. Such forward-looking statements are based on current expectations, estimates and projections about our industry, our management's beliefs and assumptions made by our management. Forward-looking statements are not guarantees of future performance and our actual results may differ significantly from the results discussed in the forward-looking statements. Factors that might cause such differences include, but are not limited to, those discussed in Part II, Item 1A, Risk Factors.

Unless required by law, we expressly disclaim any obligation to update publicly any forward-looking statements, whether as result of new information, future events or otherwise.

Critical Accounting Policies and Estimates

Management's Discussion and Analysis of Financial Condition and Results of Operations discusses our consolidated financial statements, which have been prepared in accordance with accounting principles generally accepted in the United States. When we prepare these consolidated financial statements, we are required to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Some of our accounting policies require that we make subjective judgments, including estimates that involve matters that are inherently uncertain. Our most critical estimates include those related to revenue recognition, inventories and reserves for excess and obsolescence, self-insured liabilities, accounting for stock-based awards, and income taxes. We base our estimates and judgments on historical experience and on various other factors that we believe to be reasonable under the circumstances, the results of which form the basis for our judgments about the carrying values of assets and liabilities that are not readily apparent from other sources. Our actual results may differ from these estimates under different assumptions or conditions.

There have been no material changes made to the critical accounting estimates during the periods presented in the consolidated financial statements from those disclosed in the Form 10-K for the fiscal year ended April 30, 2013.

Fiscal Periods

Due to our fixed year end date of April 30, our first and fourth quarters each consist of approximately 13 weeks. The second and third quarters each consist of exactly 13 weeks. Our first three quarters end on a Saturday. Our 2014 fiscal year ends on April 30, 2014 and our fiscal quarters end on July 27, 2013, October 26, 2013 and January 25, 2014.

Results of Operations

Our operating segments are Unmanned Aircraft Systems, or UAS, and Efficient Energy Systems, or EES. The accounting policies for each of these segments are the same. In addition, a significant portion of our research and development, or R&D, selling, general and administrative, or SG&A, and general overhead resources are shared across our segments.

Edgar Filing: AeroVironment Inc - Form 10-Q

Table of Contents

The following table sets forth our revenue and gross margin generated by each operating segment for the periods indicated (in thousands):

Three Months Ended October 26, 2013 Compared to Three Months Ended October 27, 2012

	Three Months Ended	
	October 26, 2013	October 27, 2012
Revenue:		
UAS	\$ 56,079	\$ 65,433
EES	8,788	14,845
Total	64,867	80,278
Cost of sales:		
UAS	35,280	35,279
EES	5,709	9,363
Total	40,989	44,642
Gross margin:		
UAS	20,799	30,154
EES	3,079	5,482
Total	23,878	35,636
Selling, general and administrative	13,084	13,176
Research and development	6,861	9,386
Income from operations	3,933	13,074
Other income (expense):		
Interest income	195	162
Other expense	(2,307)	
Income before income taxes	\$ 1,821	\$ 13,236

Revenue. Revenue for the three months ended October 26, 2013 was \$64.9 million, as compared to \$80.3 million for the three months ended October 27, 2012, representing a decrease of \$15.4 million, or 19%. UAS revenue decreased by \$9.4 million, or 14%, to \$56.1 million for the three months ended October 26, 2013, primarily due to lower service revenue of \$10.1 million and lower customer-funded R&D revenue of \$4.5 million, offset by higher product deliveries of \$5.2 million. The decrease in service revenue was primarily due to reduced logistic services of our small UAS systems. The decrease in customer-funded R&D revenue was primarily due to the transition of the Switchblade program from a developmental program into low-rate production. The increase in product deliveries was primarily due to higher deliveries of our Puma spares. EES revenue decreased by \$6.1 million, or 41%, to \$8.8 million for the three months ended October 26, 2013. The decrease in EES revenue was primarily due to decreased deliveries of electric vehicle test systems, industrial fast charge systems, and passenger electric vehicle charging systems.

Cost of Sales. Cost of sales for the three months ended October 26, 2013 was \$41.0 million, as compared to \$44.6 million for the three months ended October 27, 2012, representing a decrease of \$3.7 million, or 8%. As a percentage of revenue, cost of sales increased from 56% to 63%. UAS cost of sales remained unchanged at \$35.3 million for the three months ended October 26, 2013. As a percentage of revenue, cost of sales for UAS increased from 54% to 63% due to lower absorption of manufacturing and engineering overhead support costs, which included severance costs associated with our organizational realignment. EES cost of sales decreased \$3.7 million, or 39%, to \$5.7 million for the three months ended October 26, 2013. As a percentage of revenue, cost of sales for EES increased from 63% to 65%, primarily due to lower absorption of manufacturing and engineering overhead support costs.

Edgar Filing: AeroVironment Inc - Form 10-Q

Gross Margin. Gross margin for the three months ended October 26, 2013 was \$23.9 million, as compared to \$35.6 million for the three months ended October 27, 2012, representing a decrease of \$11.7 million, or 33%. UAS gross margin decreased \$9.4 million, or 31%, to \$20.8 million for the three months ended October 26, 2013, primarily due to lower sales volume and lower absorption of manufacturing and engineering overhead support costs. As a percentage of revenue, gross margin for UAS decreased from 46% to 37%, due to lower absorption of manufacturing and engineering overhead support costs, which included severance costs associated with our organizational realignment. EES gross margin decreased \$2.4 million, or 44%, to \$3.1 million for the three months ended October 26, 2013, primarily due to lower sales volume. As a percentage of revenue, EES gross margin decreased from 37% to 35%, primarily due to lower absorption of manufacturing and engineering overhead support costs.

Selling, General and Administrative. SG&A expense for the three months ended October 26, 2013 was \$13.1 million, or 20% of revenue, compared to SG&A expense of \$13.2 million, or 16% of revenue, for the three months ended October 27, 2012.

Table of Contents

Research and Development. R&D expense for the three months ended October 26, 2013 was \$6.9 million, or 11% of revenue, compared to R&D expense of \$9.4 million, or 12% of revenue, for the three months ended October 27, 2012. The decrease was primarily due to lower spending on R&D initiatives.

Interest Income. Interest income was \$0.2 million for both the three months ended October 26, 2013 and the three months ended October 27, 2012.

Other Expense. Other expense for the three months ended October 26, 2013 was \$2.3 million, as compared to \$0 for the three months ended October 27, 2012. The increase was primarily due to a \$2.3 million reduction in fair value of the embedded conversion feature of each of the convertible bonds that we have invested in.

Income Tax Expense. Our effective tax rate was 9.1% for the three months ended October 26, 2013, as compared to an effective tax rate of 34.0% for the three months ended October 27, 2012. The decrease was primarily due to lower income for the three months ended October 26, 2013.

Six Months Ended October 26, 2013 Compared to Six Months Ended October 27, 2012

	Six Months Ended	
	October 26, 2013	October 27, 2012
Revenue:		
UAS	\$ 91,290	\$ 114,239
EES	17,694	24,716
Total	108,984	138,955
Cost of sales:		
UAS	59,879	68,035
EES	12,682	15,779
Total	72,561	83,814
Gross margin:		
UAS	31,411	46,204
EES	5,012	8,937
Total	36,423	55,141
Selling, general and administrative	25,543	26,797
Research and development	14,051	17,522
(Loss) income from operations	(3,171)	10,822
Other income (expense):		
Interest income	400	334
Other expense	(5,701)	
(Loss) income before income taxes	\$ (8,472)	\$ 11,156

Revenue. Revenue for the six months ended October 26, 2013 was \$109.0 million, as compared to \$139.0 million for the six months ended October 27, 2012, representing a decrease of \$30.0 million, or 22%. UAS revenue decreased by \$22.9 million, or 20%, to \$91.3 million for the

Edgar Filing: AeroVironment Inc - Form 10-Q

six months ended October 26, 2013, primarily due to lower service revenue of \$26.0 million and lower customer-funded R&D revenue of \$0.6 million, offset by higher product deliveries of \$3.6 million. The decrease in service revenue was primarily due to reduced logistic services for our small UAS systems. The decrease in customer-funded R&D revenue was primarily due to the transition of the Switchblade program from a developmental program into low-rate production. The increase in product deliveries was primarily due to higher deliveries of our Puma AE systems. EES revenue decreased by \$7.0 million, or 28%, to \$17.7 million for the six months ended October 26, 2013. The decrease in EES revenue was primarily due to decreased deliveries of electric vehicle test systems, industrial fast charge systems, and passenger electric vehicle charging systems.

Cost of Sales. Cost of sales for the six months ended October 26, 2013 was \$72.6 million, as compared to \$83.8 million for the six months ended October 27, 2012, representing a decrease of \$11.2 million, or 13%. As a percentage of revenue, cost of sales increased from 60% to 67%. UAS cost of sales decreased \$8.2 million, or 12%, to \$59.9 million for the six months ended October 26, 2013, primarily due to lower sales volume. As a percentage of revenue, cost of sales for UAS increased from 60% to 66% due to lower absorption of manufacturing and engineering overhead support costs, which included severance costs associated with our organizational realignment. EES cost of sales decreased \$3.1 million, or 20%, to \$12.7 million for the six months ended October 26, 2013. As a percentage of revenue, cost of sales for EES increased from 64% to 72%, primarily due to lower absorption of manufacturing and engineering overhead support costs, which included severance costs associated with our organizational realignment.

Table of Contents

Gross Margin. Gross margin for the six months ended October 26, 2013 was \$36.4 million, as compared to \$55.1 million for the six months ended October 27, 2012, representing a decrease of \$18.7 million, or 34%. UAS gross margin decreased \$14.8 million, or 32%, to \$31.4 million for the six months ended October 26, 2013, primarily due to lower sales volume. As a percentage of revenue, gross margin for UAS decreased from 40% to 34%, due to lower absorption of manufacturing and engineering overhead support costs, which included severance costs associated with our organizational realignment. EES gross margin decreased \$3.9 million, or 44%, to \$5.0 million for the six months ended October 26, 2013, primarily due to lower sales volume. As a percentage of revenue, EES gross margin decreased from 36% to 28%, primarily due to lower absorption of manufacturing and engineering overhead support costs, which included severance costs associated with our organizational realignment.

Selling, General and Administrative. SG&A expense for the six months ended October 26, 2013 was \$25.5 million, or 23% of revenue, compared to SG&A expense of \$26.8 million, or 19% of revenue, for the six months ended October 27, 2012. SG&A expense decreased by \$1.3 million primarily due to decreased selling and marketing expenses.

Research and Development. R&D expense for the six months ended October 26, 2013 was \$14.1 million, or 13% of revenue, compared to R&D expense of \$17.5 million, or 13% of revenue, for the six months ended October 27, 2012. The decrease was primarily due to lower spending on R&D initiatives.

Interest Income. Interest income was \$0.4 million for the six months ended October 26, 2013, compared to interest income of \$0.3 million for the six months ended October 27, 2012.

Other Expense. Other expense for the six months ended October 26, 2013 was \$5.7 million, as compared to \$0 for the six months ended October 27, 2012. The increase was primarily due to a \$5.7 million reduction in fair value of the embedded conversion feature of each of the convertible bonds that we have invested in.

Income Tax Benefit. Our effective tax rate was 34.4% for the six months ended October 26, 2013, as compared to our effective tax rate of 34.1% for the six months ended October 27, 2012.

Backlog. We define funded backlog as unfilled firm orders for products and services for which funding currently is appropriated to us under the contract by the customer. As of October 26, 2013 and April 30, 2013, our funded backlog was approximately \$133.8 million and \$59.4 million, respectively.

In addition to our funded backlog, we also had unfunded backlog of \$72.3 million and \$76.6 million as of October 26, 2013 and April 30, 2013, respectively. We define unfunded backlog as the total remaining potential order amounts under sole-source cost reimbursable and fixed price contracts with multiple one-year options, and indefinite delivery indefinite quantity, or IDIQ, contracts. Unfunded backlog does not obligate the U.S. government to purchase goods or services. There can be no assurance that unfunded backlog will result in any orders in any particular period, if at all. Management believes that unfunded backlog does not provide a reliable measure of future estimated revenue under our contracts.

Because of possible future changes in delivery schedules and/or cancellations of orders, backlog at any particular date is not necessarily representative of actual sales to be expected for any succeeding period, and actual sales for the year may not meet or exceed the backlog represented. Our backlog is typically subject to large variations from quarter to quarter as existing contracts expire or are renewed, or new contracts are awarded. A majority of our contracts, specifically our IDIQ contracts, do not currently obligate the U.S. government to purchase any goods or services. Additionally, all U.S. government contracts included in backlog, whether or not funded, may be terminated at the convenience of the U.S. government.

Liquidity and Capital Resources

We currently have no material cash commitments, except for normal recurring trade payables, accrued expenses and ongoing research and development costs, all of which we anticipate funding through our existing working capital and funds provided by operating activities. The majority of our purchase obligations are pursuant to funded contractual arrangements with our customers. In addition, we do not currently anticipate significant investment in property, plant and equipment, and we believe that our existing cash, cash equivalents, cash provided by operating activities and other financing sources will be sufficient to meet our anticipated working capital, capital expenditure and debt service requirements, if any, during the next twelve months. There can be no assurance, however, that our business will continue to generate cash flow at current levels. The current challenging economic environment continues to create volatility and disruption in the capital markets, diminished liquidity and credit availability, and increased counterparty risk. Nevertheless, we anticipate that existing sources of liquidity and cash flows from operations will be sufficient to satisfy our cash needs for the foreseeable future.

Table of Contents

Our primary liquidity needs are for financing working capital, investing in capital expenditures, supporting product development efforts, introducing new products and enhancing existing products and services, and marketing acceptance and adoption of our products and services. Our future capital requirements, to a certain extent, are also subject to general conditions in or affecting the defense and electric vehicle industries and are subject to general economic, political, financial, competitive, legislative and regulatory factors that are beyond our control. Moreover, to the extent that existing cash, cash equivalents, cash from operations, and cash from short-term borrowing are insufficient to fund our future activities, we may need to raise additional funds through public or private equity or debt financing. To the extent we require additional funding, we cannot be certain that such funding will be available to us on acceptable terms, or at all. Although we are currently not a party to any material agreement or letter of intent with respect to potential investment in, or acquisitions of, businesses, services or technologies, we may enter into these types of arrangements in the future, which could also require us to seek additional equity or debt financing.

Our working capital requirements vary by contract type. On cost-plus-fee programs, we typically bill our incurred costs and fees monthly as work progresses, and therefore working capital investment is minimal. On fixed-price contracts, we typically are paid as we deliver products, and working capital is needed to fund labor and expenses incurred during the lead time from contract award until contract deliveries begin.

Cash Flows

The following table provides our cash flow data for the six months ended October 26, 2013 and October 27, 2012 (in thousands):

	Six Months Ended	
	October 26, 2013	October 27, 2012
	(Unaudited)	
Net cash (used in) provided by operating activities	\$ (9,673)	\$ 4,788
Net cash provided by investing activities	\$ 312	\$ 1,602
Net cash provided by financing activities	\$ 155	\$ 160

Cash (Used in) Provided by Operating Activities. Net cash used in operating activities for the six months ended October 26, 2013 increased by \$14.5 million to \$9.7 million, compared to net cash provided by operating activities of \$4.8 million for the six months ended October 27, 2012. This increase in net cash used in operating activities was primarily due to lower net income of \$12.9 million, higher working capital needs of \$4.3 million, lower depreciation and amortization of \$1.4 million, and lower tax benefits from stock option exercises of \$1.4 million, partially offset by the reduction in fair value of the embedded conversion feature of each of the convertible bonds that we have invested in of \$5.7 million.

Cash Provided by Investing Activities. Net cash provided by investing activities decreased by \$1.3 million to \$0.3 million for the six months ended October 26, 2013, compared to net cash provided by investing activities of \$1.6 million for the six months ended October 27, 2012. The decrease in net cash provided by investing activities was primarily due to higher acquisitions of property and equipment of \$1.5 million.

Cash Provided by Financing Activities. Net cash provided by financing activities was \$0.2 million for the six months ended October 26, 2013 and October 27, 2012.

Off-Balance Sheet Arrangements

During the second quarter, there were no material changes in our off-balance sheet arrangements or contractual obligations and commercial commitments from those disclosed in the Form 10-K for the fiscal year ended April 30, 2013.

Inflation

Our operations have not been, and we do not expect them to be, materially affected by inflation. Historically, we have been successful in adjusting prices to our customers to reflect changes in our material and labor costs.

New Accounting Standards

Please refer to Note 1 Organization and Significant Accounting Policies to our unaudited consolidated financial statements in Part I, Item 1 of this quarterly report for a discussion of new accounting pronouncements.

Table of Contents

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

In the ordinary course of business, we are exposed to various market risk factors, including fluctuations in interest rates, changes in general economic conditions, domestic and foreign competition, and foreign currency exchange rates.

Interest Rate Risk

It is our policy not to enter into interest rate derivative financial instruments. We do not currently have any significant interest rate exposure.

Foreign Currency Exchange Rate Risk

Since a significant part of our sales and expenses are denominated in U.S. dollars, we have not experienced significant foreign exchange gains or losses to date, and do not expect to incur significant foreign exchange gains or losses in the future. We occasionally engage in forward contracts in foreign currencies to limit our exposure on non-U.S. dollar transactions.

ITEM 4. CONTROLS AND PROCEDURES

Controls and Procedures

We maintain disclosure controls and procedures that are designed to ensure that information required to be disclosed in our Exchange Act reports is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms, and that such information is accumulated and communicated to our management, including our Chief Executive Officer and Chief Financial Officer, as appropriate, to allow for timely decisions regarding required disclosure.

In designing and evaluating the disclosure controls and procedures, management recognizes that any controls and procedures, no matter how well designed and operated, can provide only reasonable assurance of achieving the desired control objectives, and management is required to apply its judgment in evaluating the cost-benefit relationship of possible controls and procedures.

As required by Rule 13a-15(b) under the Exchange Act, we carried out an evaluation, under the supervision and with the participation of our management, including our Chief Executive Officer and Chief Financial Officer, of the effectiveness of the design and operation of our disclosure controls and procedures.

Based on the foregoing, our Chief Executive Officer and Chief Financial Officer concluded that, as of the end of the period covered by this report, our disclosure controls and procedures were effective and were operating at a reasonable assurance level.

Internal Control over Financial Reporting

There were no changes in our internal control over financial reporting or in other factors identified in connection with the evaluation required by paragraph (d) of Exchange Act Rules 13a-15 or 15d-15 that occurred during the quarter ended October 26, 2013, that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

PART II. OTHER INFORMATION

ITEM 1. LEGAL PROCEEDINGS

We are not currently a party to any material legal proceedings. We are, however, subject to lawsuits from time to time in the ordinary course of business.

ITEM 1A. RISK FACTORS

There have been no material changes to the risk factors disclosed under Part I, Item 1A, Risk Factors, in our Annual Report on Form 10-K for the fiscal year ended April 30, 2013. Please refer to that section for disclosures regarding the risks and uncertainties related to our business.

ITEM 2. UNREGISTERED SALES OF EQUITY SECURITIES AND USE OF PROCEEDS

None.

ITEM 3. DEFAULTS UPON SENIOR SECURITIES

None.

ITEM 4. MINE SAFETY DISCLOSURES

None.
