Section 1 Registrant's Business and Operations

Item 1.01. Entry into a Material Definitive Agreement.

Entry into Merger Agreement

On October 8, 2014, TGC Industries, Inc., a Texas corporation (the Company), Dawson Geophysical Company, a Texas corporation (Dawson), and Riptide Acquisition Corp., a Texas corporation and a wholly owned subsidiary of the Company (Merger Sub), entered into an Agreement and Plan of Merger (the Merger Agreement), which provides for the merger of Merger Sub with and into Dawson, with Dawson continuing after the merger as the surviving entity and a wholly owned subsidiary of the Company (the Merger).

Under the terms of the Merger Agreement, at the effective time of the Merger (the Effective Time) the Company will amend its certificate of formation to change its name to Dawson Geophysical Company (the Name Change). Immediately prior to the Effective Time, the Company will effect a reverse stock split with respect to its common stock, par value \$0.01 per share (TGC Common Stock), on a one-for-three ratio (the Reverse Stock Split) to reduce the total number of shares of TGC Common Stock outstanding from approximately 22,001,125 to approximately 7,333,708. After giving effect to the Reverse Stock Split, in connection with the Merger each issued and outstanding share of common stock, par value \$0.33-1/3 per share of Dawson (the Dawson Common Stock) (other than shares of Dawson Common Stock owned by the Company, Merger Sub or Dawson or any wholly owned subsidiary of the Company) will be automatically converted into the right to receive 1.760 shares of the Company split-effected Common Stock (the Exchange Ratio).

Except as otherwise set forth in the Merger Agreement, Dawson stock options will, to the extent such options are not exercised prior to the Effective Time, be converted into and become, respectively, stock option awards based on or comprised of TGC Common Stock, in each case on terms substantially identical to those in effect immediately prior to the Effective Time, and as adjusted by the Exchange Ratio. Except for certain restricted stock and restricted stock unit awards subject to applicable employment agreements or any newly issued awards that do not provide for such restricted stock or restricted stock unit awards to vest upon the Effective Time, to the extent Dawson restricted stock or restricted stock unit awards are outstanding immediately prior to the Effective Time, such awards will be treated as being vested, the shares of Dawson Common Stock that relate to such awards will be treated as being issued and outstanding, and such shares of Dawson Common Stock will be converted to shares of TGC Common Stock pursuant into the preceding paragraph.

The respective Boards of Directors of the Company, Merger Sub and Dawson have approved the Merger Agreement. The Board of Directors of the Company has recommended that the Company's shareholders approve (1) the issuance of shares of TGC Common Stock to the shareholders of Dawson and (2) amendments to the Company's certificate of formation to effect the Name Change and the Reverse Stock Split in accordance with the Merger Agreement. The Board of Directors of Dawson has recommended that Dawson shareholders approve the Merger Agreement.

It is expected that the Merger will qualify as a tax-free reorganization for U.S. federal income tax purposes, so that, in general, none of the Company, Merger Sub, Dawson or any of Dawson's shareholders will recognize any gain or loss in the transaction, except that Dawson shareholders will generally recognize gain or loss with respect to cash received in lieu of fractional shares of TGC Common Stock.

Completion of the Merger is subject to certain customary conditions, including, among other things:

Edgar Filing: DAWSON GEOPHYSICAL CO - Form 425

- the approval of the Merger Agreement by the holders of at least 66.67% of the outstanding shares of Dawson Common Stock;
- the approval of the amendments to the Company's certificate of formation to effect the Name Change and the Reverse Stock Split by the holders of at least 66.67% of the outstanding shares of TGC Common Stock;
- approval of the issuance of shares of TGC Common Stock in the Merger by the holders of at least a majority of the shares of TGC Common Stock present and voting at a special meeting of the Company's shareholders called to approve the share issuance;
- the expiration or early termination of the applicable waiting period under the Hart-Scott-Rodino Antitrust Improvements Act of 1976;
- the effectiveness of a registration statement on Form S-4 that will be filed by the Company for the issuance of shares of TGC Common Stock in the Merger and the authorization of the listing of those shares on the Nasdaq Stock Market;
- certain officers of the Company and Dawson having entered into indemnification agreements with the Company effective as of the Effective Time;
- receipt by the Company and Dawson of certain third party consents; and
- the absence of a Material Adverse Effect (as defined in the Merger Agreement) with respect to either the Company's or Dawson's respective businesses.

The parties have made customary representations and warranties and agreed to customary covenants in the Merger Agreement. In addition, the Company and Dawson have each agreed to certain pre-closing covenants in the Merger Agreement, including, among other things, covenants that each of the Company and Dawson will, and each will cause its subsidiaries to, during the period between the date of the Merger Agreement and the Effective Time, conduct its business only in the ordinary course of business consistent with past practice, and that each of the Company and Dawson will not engage in certain types of transactions without the consent of the other during such period.

Except as set forth in the Merger Agreement, the Company and Dawson have also agreed not to solicit, initiate, approve, endorse, recommend or encourage, or take any other action designed to, or which would reasonably be expected to, facilitate, any inquiry or the making or announcement of any proposal or offer that constitutes, or that would reasonably be expected to lead to, an Acquisition Proposal (as defined in the Merger Agreement).

Edgar Filing: DAWSON GEOPHYSICAL CO - Form 425

The Merger Agreement also provides for certain termination rights for both the Company and Dawson, and further provides that upon any termination of the Merger Agreement under certain circumstances relating to any third party takeover proposal, the party to whom the takeover proposal relates will be obligated to pay the other party, depending on the circumstances, a termination fee of \$2.0 million, and may also, under certain circumstances, be required to reimburse the other party for its third party costs and expenses in connection with the proposed Merger, up to a maximum of \$1.5 million.

Pursuant to the Merger Agreement, the combined company has agreed to take all necessary actions to cause, as of the Effective Time, its Board of Directors to include Stephen C. Jumper, Craig W. Cooper, Dr. Gary M. Hoover, Ted R. North and Mark A. Vander Ploeg, each of whom is currently a director of Dawson (each a Designated Director). Wayne A. Whitener, William J. Barrett and Dr. Allen T. McInnes, each of whom is currently a director of the Company (the Remaining Directors), will continue to serve as directors of the combined company after the Merger, and all other current directors of the Company and Dawson will resign from such positions as of the Effective Time. Pursuant to the Merger Agreement, the combined company will take all necessary action to cause each of the Remaining Directors and the Designated Directors to be nominated for continuing election to the board of directors of the combined company for three years following the Effective Time, other than Mr. Barrett, who will be nominated to serve on the board of directors of the combined company for one year following the Effective Time.

The Company entered into employment agreements, subject to the consummation of the transactions and effective as of the Effective Time, with each of Stephen C. Jumper, Dawson's President and Chief Executive Officer, to become the Chairman, President and Chief Executive Officer of the combined company, Wayne A. Whitener, the Company's current President and Chief Executive Officer, to become the Vice Chairman of the combined company, C. Ray Tobias, Dawson's current Executive Vice President and Chief Operating Officer, to serve in the same capacity for the combined company, James K. Brata, the Company's current Executive Vice President and Chief Financial Officer, to serve in the same capacity for the combined company, Christina W. Hagan, Dawson's current Executive Vice President, Chief Financial Officer and Secretary, to become the Executive Vice President, Chief Accounting Officer and Secretary of the combined company, James W. Thomas, Dawson's current Executive Vice President and Chief Technology Officer, to serve in the same capacity for the combined company, and Daniel G. Winn, the Company's current Executive Vice President, to become Senior Vice President of the combined company (each, individually, an Executive, and collectively, all such officers of the combined company, the Executives). Copies of the employment agreements executed by Mr. Whitener, Mr. Brata, Mr. Winn, Mr. Jumper, Mr. Tobias, Ms. Hagan and Mr. Thomas are filed as Exhibits 10.2, 10.3, 10.4, 10.5, 10.6, 10.7 and 10.8, respectively.

Each of the Designated Directors, the Remaining Directors and the Executive Officers will enter into an indemnification agreement with the combined company in substantially the same form as Dawson has entered into with certain of its current officers and directors, and such form is filed as Exhibit 10.1 to this Current Report on Form 8-K.

In connection with the Merger Agreement, certain officers and directors of the Company who own, in the aggregate, 28.89% of the currently outstanding shares of TGC Common Stock, have entered or agreed to enter into voting agreements with Dawson (the TGC Shareholder Voting Agreements) in the form filed as Exhibit 99.1 to this Current Report on Form 8-K. Under the TGC Shareholder Voting Agreements, those officers and directors have agreed, among other things, (1) to vote their shares of TGC Common Stock in favor of (A) the issuance of shares of TGC Common Stock in connection with the Merger, and (B) the amendments to the certificate of formation of the Company to effect the Name Change and the Reverse Stock Split, in each case at the special meeting of the Company's shareholders to be held to vote on the share issuance and amendments to the Company's certificate of formation and (2) not to sell, transfer or gift any of their shares of TGC Common Stock prior to the consummation of the Merger, except under limited circumstances.

Also in connection with the Merger Agreement, certain officers and directors of Dawson who own, in the aggregate, 2.40% of the currently outstanding shares of Dawson Common Stock, have entered into a voting agreement with the Company (the Dawson Shareholder Voting Agreement) in the form filed as Exhibit 99.2 to this Current Report on Form 8-K. The foregoing summary of the Merger Agreement and the transactions contemplated thereby does not purport to be complete and is subject to, and qualified in its entirety by, the full text of the Merger Agreement attached as Exhibit 2.1 to this Current Report on Form 8-K, which is incorporated herein by reference. The Merger Agreement has been included to provide security holders with information regarding its terms. It is not intended to provide any other factual information about the Company, Dawson or their respective subsidiaries or affiliates. The representations, warranties and covenants contained in the Merger Agreement were made solely for purposes of the agreement and as of specific dates, were solely for the benefit of the parties to the Merger Agreement, may be subject to limitations agreed upon by the contracting parties, including being qualified by confidential disclosures made for the purposes of allocating contractual risk between the parties to the Merger Agreement instead of establishing these matters as facts, and may be subject to standards of materiality applicable to the contracting parties that differ from those applicable to security holders.
