**Item 7.01 Regulation FD Disclosure.**

As previously disclosed, on October 8, 2014, Dawson Geophysical Company (the Company), entered into an Agreement and Plan of Merger (the Merger Agreement) with TGC Industries, Inc. (TGC), and Riptide Acquisition Corp. (Merger Sub). The Merger Agreement provides for a business combination whereby Merger Sub will merge with and into the Company (the Merger), and as a result the Company will continue as the surviving operating corporation and a wholly owned subsidiary of TGC.

Immediately prior to the effective time of the Merger, TGC will effect a reverse stock split with respect to its common stock on a one-for-three ratio. After giving effect to the reverse stock split, in connection with the Merger each issued and outstanding share of common stock of the Company (other than shares of Company common stock owned by TGC, Merger Sub or the Company or any wholly owned subsidiary of the Company) will be automatically converted into the right to receive 1.760 shares of TGC common stock. Immediately prior to the effective time of the Merger, TGC will amend its certificate of formation to change its name to Dawson Geophysical Company and to effect the reverse stock split.

In connection with the Merger, the Company conducted an investor conference call on October 9, 2014 at 9:00 a.m. ET to discuss the Merger and certain other matters. A transcript of the conference call is furnished as Exhibit 99.1 hereto (the Transcript).
