Item 5.03 Amendments to Articles of Incorporation or Bylaws; Change in Fiscal Year.

On January 28, 2010, the Board of Directors of the Company (the Board) adopted amendments to the Company's Bylaws (the "Bylaws").

The Board removed the director stock ownership guidelines from Article II, Section 3 of the Bylaws and added the director stock ownership guideline to the Board's Corporate Governance Guidelines. This change allows the Board more flexibility to change the stock ownership guidelines in the future as market conditions change. At the same time the Board increased the director stock ownership guideline from 4,000 shares to 7,500 shares. The new director stock ownership requirement set forth in the Board's Corporate Governance Guidelines is as follows:

- a) at the time a person is elected as director by the shareholders, that person must beneficially own at least 500 shares of the common stock of the Company, and
- b) each director is required to apply at least 50 percent of his or her cash retainer toward the purchase of additional shares until the director has accumulated at least 7,500 shares of common stock or deferred common stock equivalents.

In addition, the Board eliminated the requirement for an Executive Committee from Article III of the Bylaws. The primary role of the Executive Committee was to act on matters that the Chairman deemed to constitute an emergency, such that appropriate action could not be postponed until the next regular Board meeting, or as to which a special meeting was not practicable. Due to electronic technology that is available today, it is feasible to call a special meeting of the Board in these situations and the Executive Committee is no longer necessary.

Additional minor amendments and conforming changes were made that do not materially affect the substance of the Bylaws.

The Amended and Restated Bylaws are attached as Exhibit 3 to this Form 8-K and are incorporated herein by reference.
