PROXY STATEMENT FOR ANNUAL MEETING OF STOCKHOLDERS

This Proxy Statement is furnished in connection with the solicitation of proxies by and on behalf of the Board of Directors of Getty Realty Corp. (hereinafter called the Company or Getty), to be voted at the Annual Meeting of Stockholders to be held at 270 Park Avenue, 11th Floor, New York, New York, on May 15, 2008 at 3:30 p.m., and at any adjournments or postponements thereof, for the purpose of electing a Board of Directors, ratifying the appointment of independent auditors and transacting such other business as may properly come before the meeting or any adjournment or postponement thereof.

Voting Rights, Outstanding Shares and Quorum

At the close of business on March 27, 2008, the record date for stockholders entitled to vote at the meeting, there were 24,765,615 shares of Getty common stock outstanding. Each outstanding share of common share is entitled to one vote. The common shares vote as a single class. In order to constitute a quorum at the meeting, there must be present, or voting by proxy, holders of a majority of the outstanding common stock.

Broker Non-Votes

A broker non-vote occurs when a broker submits a proxy card with respect to shares held in a fiduciary capacity (generally referred to as being held in street name) but declines to vote on a particular matter because the broker has not received voting instructions from the beneficial owner. Under the rules that govern brokers who are voting with respect to shares held in street name, brokers have the discretion to vote such shares on routine matters, but not on non-routine matters. Routine matters include the election of directors, increases in authorized common stock for general corporate purposes and ratification of auditors. With respect to the proposals regarding the election of directors and ratification of auditors, abstentions and broker non-votes will not be treated as votes cast and, therefore, will not affect the outcome of any such matter, although they will be considered present for the purpose of determining the presence of a quorum.

Solicitation of Proxies

We will bear the cost of soliciting proxies. In addition to soliciting stockholders by mail through our employees, we will request banks, brokers and other custodians, nominees and fiduciaries to solicit customers for whom they hold our stock and will reimburse them for their reasonable, out-of-pocket costs. We may use the services of our officers, directors and others to solicit proxies, personally or by telephone, without additional compensation.

Voting of Proxies

All valid proxies received before the meeting will be exercised. All shares represented by a proxy will be voted, and where a proxy specifies a stockholder's choice with respect to any matter to be acted upon, the shares will be voted in accordance with that specification. If no choice is indicated on the proxy, the shares will be voted in favor of the proposal.

This Proxy Statement and form of proxy card is being sent to stockholders on or about April 16, 2008.

1

ELECTION OF DIRECTORS

Five directors are to be elected at the meeting for a term of one year or until their respective successors are elected and qualified. If a quorum is achieved at the meeting, directors who receive a plurality of the votes cast will be elected to serve for a term of one year.

You may use the enclosed proxy card to cast your votes for the election of the nominees named in the table below. DIRECTORS MEETINGS, COMMITTEES AND EXECUTIVE OFFICERS

Directors Meetings

For 2007, the Board of Directors consisted of Messrs. Liebowitz, Cooper, Coviello and Safenowitz. Mr. Driscoll was elected to the Board on May 21, 2007.

During the year ended December 31, 2007, the Board of Directors held 9 meetings (including 4 regular meetings and 5 special meetings). Each of the directors attended all of the meetings of the Board of Directors, and of the Committees of the Board on which the director served. Each of the directors also attended the Annual Meeting of Stockholders in May 2007. Each of the nominees plans to attend this year's Annual Meeting of Stockholders to be held on May 21, 2008.

Independence of Directors

The Board of Directors has determined that Messrs. Cooper, Coviello, Driscoll and Safenowitz are independent as defined in the listing standards of the New York Stock Exchange (the NYSE). In making these determinations, the Board of Directors considered all relevant facts and circumstances, including the independence standards set forth in Section 303A.02 of the rules of the New York Stock Exchange. In doing so, the Board of Directors affirmatively determined that none of the directors or any of their family members, other than Mr. Leo Liebowitz (who is the Chief Executive Officer of Getty), has had any relationship with Getty (either directly or as a partner, shareholder or officer of an organization that has a relationship with the Company), other than as a shareholder and director of Getty, within the last three years. Accordingly, the Board of Directors has affirmatively determined that each of the directors, other than Mr. Liebowitz, is independent.

It has been and will continue to be the practice of the Board of Directors to meet at least quarterly each year and have Mr. Liebowitz, as Chairman, chair such meetings. Additionally, it has been the practice of the non-management directors to meet in executive session, without Mr. Liebowitz or any of the other members of management attending, at least quarterly each year. Mr. Driscoll was designated as the Lead Independent Director by the Board of Directors on April 1, 2008 and it is expected that he will chair such meetings of the non-management directors in the future.

Committees

The Board of Directors has an Audit Committee, a Nominating/Corporate Governance Committee and a Compensation Committee, the membership and functions of which are described below.

Audit Committee

The Audit Committee met 8 times in 2007. The Audit Committee consisted of Messrs. Coviello (Chairman), Safenowitz and Cooper for the first three meetings, and consisted of Messrs. Coviello (Chairman), Safenowitz and Driscoll for the remainder. The Committee selects the firm of independent public accountants that audits the

consolidated financial statements of Getty and its subsidiaries, discusses the scope and the results of the audit with the accountants and discusses Getty's financial accounting and reporting principles as well as the adoption of new accounting pronouncements. The Committee also examines and discusses the adequacy of Getty's financial controls with the accountants and with management. In addition to regular meetings, at least one Audit Committee member meets telephonically with management and Getty's independent auditors to review the Company's annual and quarterly reports and other reports, as appropriate, prior to their filing with the Securities and Exchange Commission. The entire Audit Committee met with management and Getty's independent auditors to review the Company's audited financial statements for the fiscal year ended December 31, 2007, and recommended to the Board of Directors that the financial statements be included in the Company's Annual Report on Form 10-K for such fiscal year. Additionally, the Audit Committee reviews, and discusses with management, management's specific disclosures contained in Management's Discussion and Analysis of Financial Condition and Results of Operations. Please also see the Audit Committee Report included in this Proxy Statement.

The Board of Directors has determined that each member of the Audit Committee is independent and that each is financially literate as such term is defined in the listing standards of the NYSE. In addition, the

5

Board has determined that each member of the Audit Committee meets the independence tests set forth in Section 301 of the Sarbanes-Oxley Act of 2002 and regulations promulgated thereunder by the Securities and Exchange Commission (the SEC). The Board has also determined that Mr. Coviello and Mr. Driscoll each qualifies as an audit committee financial expert under the relevant rules of the SEC, and each has the requisite accounting/financial management expertise required by the listing standards of the NYSE.

The Charter of the Audit Committee provides that members of the Audit Committee may not be members of the audit committee of three or more other public companies unless such other memberships have been disclosed to the Board and the Board has determined that such simultaneous service does not impair the ability of such member to serve effectively on the Audit Committee. For 2007, Mr. Coviello again confirmed to the Board that his retirement from Latham & Watkins LLP, his former law firm that provided legal services to the Company, was effective as of December 31, 2003. The law firm no longer provides services to the Company.

Nominating/Corporate Governance Committee

The Nominating/Corporate Governance Committee met twice in 2007. The Committee consisted of Messrs. Safenowitz (Chairman), Cooper, and Coviello. The Committee recommends nominees for election to the Board and reviews the role, composition and structure of the Board and its committees. The Committee also recommends candidates to the Board for election as officers.

The Board of Directors has determined that each member of the Committee is independent as such term is defined in the listing standards of the NYSE. The Nominating/Corporate Governance Committee charter includes policies with regard to stockholder recommendations of nominees to the Board of Directors.

Stockholders wishing to recommend candidates for election to the Board must supply information in writing regarding the candidate to Mr. Joshua Dicker, General Counsel and Secretary of the Company, at Getty's executive offices. This information should include the candidate's name, biographical data and an analysis of the candidate based on the director candidate criteria described below. The recommendation must also include all information relating to the proposed director nominee that would be required to be disclosed in a solicitation of proxies for election of directors in an election contest under applicable securities law. Stockholders wishing to nominate a candidate must comply with the advance notice requirements in our By-Laws. Please refer to our By-Laws for more specific information.

Additional information regarding proposed nominees may be requested by the Committee.

Each nominee must possess fundamental qualities of intelligence, honesty, good judgment, and high standards of ethics, integrity, fairness and responsibility. The Committee also will consider the following criteria, among others the Committee deems appropriate, including the specific needs of the Board at the time:

experience in corporate management, such as serving as an officer or former officer of a publicly held company, and a general understanding of marketing, finance and other elements relevant to the success of a publicly-traded company in today's business environment;

the director's past attendance at meetings and participation in and contributions to the activities of the Board (if applicable);

experience in our industry and with relevant social policy concerns;

understanding of our business on a technical level;

educational and professional background and/or academic experience in an area of our operations;

experience as a board member of another publicly held company;

practical and mature business judgment, including ability to make independent analytical inquiries;

independence, as defined by the New York Stock Exchange listing standards;

financial literacy;

standing in the community; and

6

ability to foster a diversity of backgrounds and views and to complement the Board's existing strengths.

On the basis of the information gathered in this process, the Committee will determine which nominees to recommend to the Board. Recommendations received prior to any Committee meeting where director nominees are to be considered will be considered at that meeting. The Committee uses the same process for evaluating all nominees, regardless of the source of the recommendation. This process includes, among other things, personal interviews, discussions with professional references, background checks, credit checks and resume verification.

The Committee never has received any recommendation for a director nominee from any stockholder or group of stockholders owning more than 5% of the common stock of Getty for more than one fiscal year.

Compensation Committee

The Compensation Committee met six times in 2007. The Committee consisted of Messrs. Cooper (Chairman), Coviello and Safenowitz. The Compensation Committee is responsible for developing and, with the approval of the Board, implementing the compensation plans, policies and programs of the Company, and producing an annual report on executive compensation for inclusion in the Company's proxy materials in accordance with applicable rules and regulations. It is the Committee's responsibility to ensure that compensation programs are designed to encourage high performance and promote accountability and assure that employee interests are aligned with the interests of the Company's stockholders.

The Compensation Committee administers Getty's supplemental retirement plan, the stock option plan, and the Getty Realty Corp. 2004 Omnibus Incentive Compensation Plan (the 2004 Plan) (which is the equity compensation plan approved by the stockholders at the Annual Meeting of Stockholders in May 2004), and reviews, and recommends to the Board, for Board approval, the compensation of the directors and each of the officers of Getty.

The Compensation Committee's charter provides that the Committee may delegate any or all of its responsibilities, except that the Committee may not delegate its responsibilities with respect to:

its annual review and approval of compensation for officers, directors and certain highly compensated employees;

its recommendation to the Chairman of the Board of any changes in non-management director compensation;

its management and annual review of, and responsibilities with respect to, all bonus, incentive compensation, stock option and other equity-based compensation, employee pension and welfare benefit plans;

any other matters that involve executive compensation; or

any matters where the Committee has determined that such compensation is intended to comply with Section 162(m) of the Internal Revenue Code of 1986, as amended (the Code) by virtue of being approved by a committee of outside directors or is intended to be exempt from Section 16(b) under the Exchange Act pursuant to Rule 16b-3 by virtue of being approved by a committee of non-employee directors.

The Chief Executive Officer, along with the Compensation Committee, reviews compensation for executive officers (other than the Chief Executive Officer). No executive officer other than the Chief Executive Officer plays a role in determining or recommending the amount or form of executive and director compensation. The Committee does not currently engage any consultant related to executive or director compensation.

The Board of Directors has determined that each member of the Committee is independent as such term is defined in the listing standards of the NYSE.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

This Discussion and Analysis describes our policies with respect to the compensation of the Chief Executive Officer and the other executive officers during fiscal 2007. The Compensation Committee of the Board of Directors (the Compensation Committee) is responsible for setting the policies which govern base salary compensation and bonuses, as well as Getty's retirement and profit sharing plan, supplemental retirement plan for executives, stock option plan, and incentive compensation plan, and for determining the amounts payable under these plans.

Compensation of Getty's executive officers (with the exception of the Chief Executive Officer) is reviewed by the Chief Executive Officer with the Compensation Committee and is discussed, reviewed and approved by the full Board of Directors. The compensation of the Chief Executive Officer is discussed, reviewed and approved by the Compensation Committee.

Overview

The Compensation Committee is committed to developing and maintaining compensation policies, plans and programs which are intended to retain its executive officers. The Company's compensation policies also are designed to promote increased stockholder values, by aligning the financial interests of Getty's executive officers with those of its stockholders. The Company believes that its current policies, plans and programs are adequate for this purpose.

Getty's Chief Executive Officer is the Company's largest stockholder. Accordingly, the Company believes that he is committed to promoting the enhancement of cash flows and earnings and, consequently, increased stockholder values, and that his financial interests are aligned with those of the Company's stockholders without regard to his

compensation. In setting the Chief Executive Officer's compensation, the Compensation Committee is guided by what is reasonable for his position in view of his daily contribution to the Company's performance, without regard to retention.

Getty relies, to a large degree, on a combination of annual compensation and deferred compensation, including stock based grants, to retain its other executive officers, with stock based grants being viewed as the primary means of aligning the financial interests of Getty's executive officers with those of its stockholders.

Getty's compensation program for executive officers (other than the Chief Executive Officer) is designed to provide such officers with a total compensation package that is adequate to retain those executive officers. At the same time, the Company's policy is to effectively manage and limit annual increases in the Company's aggregate compensation expense.

The Compensation Committee considers regional cost of living increases in determining base salaries and increases thereto. Cash compensation and bonuses (when paid), deferred compensation and the number of restricted stock units and dividend equivalents (paid with regard to such restricted stock units) granted annually, are in amounts which the Compensation Committee, after due consideration of previously awarded grants, considers to be sufficient to retain its executive officers.

Section 162(m) of the Internal Revenue Code denies publicly-held corporations the federal income tax deduction for compensation in excess of \$1.0 million paid to its chief executive officer and four other most highly compensated officers during a fiscal year unless the compensation is performance-based. At this time the compensation paid to our Chief Executive Officer and other officers do not approach the limits imposed by the Section 162(m) limitations on deductibility. In the event that the compensation of any officer approaches the Section 162(m) limitations in the future, the Compensation Committee will consider such limitations in determining such officer's total compensation.

9

The primary elements of executive compensation are the following:

Base salary;
Equity incentive compensation (i.e. restricted stock units (RSUs) with dividend equivalents);
Retirement and other plans; and
Perquisites and other benefits.

Base Salary

The base salaries of executive officers are determined by multiplying their base salaries for the prior year by a percentage that represents a cost of living increase. That percentage increase has been three (3%) percent for each of the last three years.

Equity Incentive Compensation

2004 Incentive Compensation Plan

At the 2004 Annual Meeting of Stockholders, the stockholders approved the 2004 Plan for officers and other valued employees of the Company and its subsidiaries and members of the Board. The 2004 Plan provides for the grant of restricted stock, restricted stock units, cash, stock or other performance awards, dividend equivalents, deferred stock awards, stock payments and stock awards to eligible individuals. The 2004 Plan does not provide for the grant of stock

options. The 2004 Plan also permits a grant to each employee of 10 shares of common stock on or about December 31st of each year (which, in the case of 2007, were granted to each full-time employee), as well as a grant to each employee, on each fifth anniversary of his or her employment, of 10 shares of common stock for each five years of employment.

The 2004 Plan is administered by the Compensation Committee, which has the power to determine eligibility, the types and sizes of awards, the price and timing of awards, terms of vesting, the acceleration or waiver of any vesting restriction and the timing and manner of settling vested awards.

An aggregate of 1,000,000 shares of common stock are available for grant pursuant to the 2004 Plan, subject to adjustments for stock dividends and stock splits. These shares will be authorized but unissued shares. The aggregate maximum number of shares of common stock that may be subject to awards granted under the 2004 Plan to all participants during any calendar year is 80,000.

The Compensation Committee may terminate, amend, or modify the 2004 Plan at any time; provided, however, that stockholder approval must be obtained for any amendment to the extent required in order to comply with any applicable law, regulation or stock exchange rule, or to increase the maximum number of shares which may be issued, in any year or in aggregate, under the 2004 Plan.

In no event may an award be granted pursuant to the 2004 Plan on or after the tenth anniversary of the last date on which Getty's stockholders approved or amend or modify the 2004 Plan.

Stock Option

Our 1998 Stock Option Plan, as amended, that has been approved by our stockholders (the Stock Option Plan), authorizes the grant of long-term incentive share awards in the form of options (Options) to purchase shares of Getty common stock to directors, officers and other key employees of Getty and its subsidiaries. The term of the Stock Option Plan expired at the end of January 2008, and, therefore, the Compensation Committee cannot grant any more Option pursuant to the Stock Option Plan. As of December 31, 2007, 17,750 shares of Getty common stock were issuable upon the exercise of Options outstanding under the Stock Option Plan.

The Stock Option Plan is administered by the Compensation Committee. The maximum number of shares which could have been subject of outstanding Options under the Stock Option Plan was 1,100,000, subject to adjustments for stock dividends and stock splits. The maximum number of shares which may be subject to Options granted under the Stock Option Plan to any individual in any fiscal year could not exceed 250,000.

The recipients, terms (including price and exercise period) and type of Option that could have been granted under the Stock Option Plan were determined by the Compensation Committee; however, the Option

10

price per share under the Stock Option Plan generally must have been at least equal to the fair market value of a share of Getty common stock (110% of that amount in the case of Incentive Stock Options granted to any individual who owned stock representing more than 10% of the voting power of Getty common stock) on the date the Option was granted. Historically, the exercise price of the options granted by the Company was the same as the market price at closing on the date of the grant. Options granted under the Stock Option Plan were Non-Qualified Stock Options. With certain limited exceptions, Options may not be exercised for a period of twelve months following the grant of the Option and are exercisable in installments as specified in the Stock Option Plan or the terms of each Option. The exercise period of an Option may not extend more than 10 years beyond its grant date.

In prior years, Options were granted by Getty to encourage and facilitate personal stock ownership by the directors, officers and certain other key employees and thus strengthen their personal commitment to Getty and provide a longer-term perspective to their managerial responsibilities. Mr. Driscoll was granted 5,000 Options in 2007. Except for this grant, no stock options were granted by Getty since 2002.

Generally, the Compensation Committee, to better link the officers and employees interests with those of the stockholders of Getty, pursuant to the 2004 Plan, granted equity based awards consisting of restricted stock units and dividend equivalents (paid with regard to such restricted stock units) in 2007 that were consistent with the grants made in 2006 and are intended to align the financial interests of Getty's officers and employees with those of its stockholders.

The following chart presents information regarding Getty's equity compensation plans, as of December 31, 2007:

EQUITY COMPENSATION PLAN INFORMATION

(1) The term of the Stock Option Plan ran out at the end of January 2008. The Compensation Committee cannot grant any more Option pursuant to the Stock Option Plan.

(2) Represents shares underlying outstanding restricted stock units.

(3) The 2004 Plan permits awards of restricted stock, restricted stock units, cash, stock or other performance awards, dividend equivalents, deferred stock awards, stock payments and stock awards. There is no sublimit on any particular type of award. All awards are governed by the aggregate limit of 1,000,000 shares of common stock available under the Plan.

Retirement Plans

Getty has a retirement and profit-sharing plan with deferred 401(k) savings plan provisions (the Retirement Plan) for employees meeting certain service requirements. Under the terms of the Retirement Plan, the annual discretionary profit sharing contribution is determined by the Board of Directors. For the 401(k) portion of the Retirement Plan, the

Board of Directors has elected to contribute to the Retirement Plan for each participating employee an amount equal to 50% of the employee's contribution to the Retirement Plan, but in no event more than 3% of the employee's compensation.

11

Getty also has a supplemental retirement plan for executives (the Supplemental Plan). Under the Supplemental Plan, which is not qualified for purposes of Section 401(a) of the Code, a participating executive may receive in his trust account an amount equal to 10% of his compensation, reduced by the amount of any contributions allocated to the executive under the Retirement Plan. The amounts paid to the trustee under the Supplemental Plan may be used to satisfy claims of general creditors in the event of Getty's or any of its subsidiaries' bankruptcy. The trustee may not cause the Supplemental Plan to be other than unfunded for purposes of the Employee Retirement Income Security Act of 1974, as amended. An executive's account vests in the same manner as under the Retirement Plan and is paid upon termination of employment. Under the Supplemental Plan, during any fiscal year the Board of Directors may elect not to make any payment to the account of any or all executives.

Summary Compensation Table

The following table sets forth information about the compensation of the Chief Executive Officer and each of the other executive officers of Getty (the Named Executive Officers) for services in all capacities to Getty and its subsidiaries during the periods indicated.

Stock awards are in the form of restricted stock units. Getty generally records compensation expense with respect to the grant of awards under the 2004 Plan using the fair value method of accounting. Under generally accepted accounting principles, Getty will record compensation expense for a restricted stock award equal to the excess of the fair market value of the award determined as of the date of the grant over the amount (if any) the participant pays for the stock, and will recognize this amount as compensation expense ratably over any applicable service vesting period. The future value of future dividends is assumed to be reflected in the closing per share price of the common stock, and, consequently, in the fair value of each award. Therefore, the dividend equivalents paid on (1) restricted stock units are not shown separately in this table. Awards subject to performance vesting conditions will result in similar compensation expense measured at the grant date, which may be adjusted periodically as vesting becomes more or less likely, and amounts recognized as compensation expense in any period in which vesting occurs. Getty will charge retained earnings in the amount of any payment of dividend equivalents granted under the 2004 Plan. We pay dividends on restricted stock units only to the extent dividends are declared on shares of our common stock; the restricted stock units are not entitled to any preferential dividends. See also Note 8 to Getty's Consolidated Financial Statements for the year ended December 31, 2007, included in Getty's Annual Report on Form 10-K for the year ended December 31, 2007.

12

The Company granted 5,000 stock options to Mr. Driscoll in 2007. Except for this grant, no stock options were granted by Getty since 2002. The fair value of the stock option grants is recognized as compensation expense (2) ratably over the four year vesting period of the options. The fair value of the Options granted during the years ended December 31, 2007, 2002 and 2001 were estimated as \$3.51, \$0.56 and \$1.79 per share, respectively, on the date of grant using the Black-Scholes option-pricing model with the following weighted average assumptions:

	Year Ended December 31,			2001	
	2007	2002			
Expected Dividend Yield	6.7 %	9.0 %		10.2 %	
Expected Volatility	25 %	18 %		35 %	
Risk-free interest rate	3.6 %	3.6 %		4.5 %	
Expected life of options (years)	7	7		7

Potential Payments Upon Termination or Change in Control

In December 1994, Getty entered into agreements with certain key employees that, as amended, require Getty, under

certain circumstances, to pay at least a minimum guaranteed annual compensation to such employee as long as he or she remains a Getty employee. The agreements also require Getty, in the event of a change of control and termination of employment by Getty without cause, or if the employee is assigned to materially less favorable job responsibilities, to make payments to such individual at an annual rate of not less than the minimum guaranteed annual compensation, reduced by the amount of compensation the individual receives from any other employer during the covered period.

Mr. Stirnweis currently is the only employee covered by these arrangements, and his agreement has a 12-month benefit period.

Pursuant to a long-standing arrangement, upon the death of Mr. Liebowitz, benefits in an amount equal to twelve months salary will be paid to his estate. In the event of termination of Mr. Liebowitz employment due to illness or incapacity for a period of one year or longer, benefits equal to twenty-four months salary will be payable to Mr. Liebowitz.
