**Item 1.01 Entry into a Material Definitive Agreement**

On July 27, 2018 MIC Thermal Power Holdings, LLC (“Seller”), a wholly-owned subsidiary of Macquarie Infrastructure Corporation (“MIC”), entered into a purchase and sale agreement (the “Agreement”) to sell 100% of the Bayonne Energy Center power generation facility (“BEC”) in Bayonne, New Jersey to NHIP II Bayonne Holdings LLC (“Buyer”). Subject to the terms and conditions of the Agreement, Buyer will purchase from Seller 100% of the equity interests of Thermal Bayonne Holdings, LLC, the wholly-owned subsidiary of Seller that holds BEC, for approximately \$656,500,000 in cash and the assumption of approximately \$243,500,000 of debt, subject to adjustment based on working capital and debt balances at the effective date.

The Agreement includes customary representations, warranties and covenants by the parties and customary closing conditions, including receipt of approval by the Federal Energy Regulatory Commission and the State of New York Public Service Commission and the expiration or early termination of the applicable waiting period under the Hart-Scott Rodino Antitrust Improvements Act of 1976, as amended. The Agreement also contains customary pre-closing covenants, including the obligation of Seller to operate in the ordinary course of business consistent with past practice and to refrain from taking certain specified actions without the consent of Buyer.

The sale is expected to close in the fourth quarter of 2018, subject to satisfaction of the closing conditions. If the Agreement is terminated by Seller due to certain uncured breaches of the Agreement by Buyer, Seller shall be entitled to receive as liquidated damages a reverse termination fee in the amount of \$65,650,000.

Buyer and Seller have agreed to indemnify each other for breaches of representations, warranties and covenants in the Agreement, subject to certain exceptions and limitations. MIC will guarantee Seller’s payment and certain post-closing indemnity obligations under the Agreement.
