(1) Report of fiscal year-end holdings only.

(2) This line item reports the balance of shares in the Profit Sharing Trust after covering certain administrative costs of the Trustee as of the plan statement date of January 31, 2014.

(3) Options vested in their entirety on January 18, 2006.

(4) Each Performance Based Restricted Stock Unit ("PSU") represents a contingent right to receive one of the issuer's common shares.

One-third of the total number of PSUs are eligible to vest on each of August 16, 2014, August 16, 2015, and August 16, 2016, contingent on the continued employment of the reporting person through such date and the satisfaction of the requirement that the average closing price of the issuer's common shares be at least \$30.00, \$32.50, and \$35.00, respectively, during the six month period before the vesting date; provided, however, that on each of the three vesting dates, the number of PSUs that vest is limited to the number of PSUs multiplied by five times the fair market value of the issuer's common shares on the grant date, divided by the fair market value of the issuer's common shares on the day before the applicable vesting date. This limitation caps the fair market value of the award at five times the fair market value of the award on the grant date.

(5) The footnote disclosure regarding the grant of PSUs differs from the disclosure reported in the reporting person's Form 4 filed on August 29, 2013 due to a typographical error in the prior filing.

The PSUs are eligible to vest on April 1, 2018, contingent on the continued employment of the reporting person through such date and the satisfaction of certain performance measures relating to the issuer's compounded annual growth rate for operating profit for the fiscal years 2015, 2016, 2017 and 2018, as well as on the average closing price of the issuer's common shares being greater than the grant date price; provided, however, that the number of PSUs that vest is limited to the number of PSUs multiplied by three times the fair market value of the issuer's common shares on the grant date, divided by the fair market value of the issuer's common shares on the day before the applicable vesting date. This limitation caps the fair market value of the award at three times the fair market value of the award on the grant date.
