PROXY STATEMENT

GENERAL INFORMATION

The Board of Directors of Seagate Technology, an exempted company incorporated with limited liability under the laws of the Cayman Islands, is soliciting your proxy for use at the 2003 Annual General Meeting of shareholders to be held on October 29, 2003, and at any postponement or adjournment of the meeting. These proxy materials are first being mailed to shareholders on or about October 7, 2003. Seagate Technology maintains a registered and principal executive office in the Cayman Islands at P.O. Box 309GT, Uglund House, South Church Street, George Town, Grand Cayman, Cayman Islands. Seagate Technology's telephone number at that address is (345) 949-8066. You may visit us at our website located at *www.seagate.com*. Information contained on, or accessible through, our website is not a part of this proxy statement.

References in this proxy statement to we, our and us are to Seagate Technology.

Date, Time and Place

We will hold the Annual General Meeting at the Quadrus Conference Center at 2400 Sand Hill Road, Menlo Park, California 94025, on Wednesday, October 29, 2003 at 10:00 am Pacific Standard Time, subject to any adjournments or postponements.

Who Can Vote; Votes Per Share

Our only outstanding class of voting securities are our common shares, par value \$0.00001 per share. All persons who are registered holders of our common shares at the close of business on September 5, 2003, the record date for the Annual General Meeting, will be entitled to notice of, and to vote at, the Annual General Meeting. As of the close of business on the record date there were outstanding 448,025,812 common shares held by 975 shareholders of record. These shareholders of record will be entitled to one vote per common share, on all matters submitted to a vote of shareholders, so long as those shares are represented at the Annual General Meeting in person or by proxy. Your shares will be represented if you attend and vote at the Annual General Meeting, or if you submit a proxy. Under Cayman Islands law, holders of our common shares do not have appraisal rights with respect to matters to be voted on at the Annual General Meeting.

How to Vote; Submitting Your Proxy

If you are a shareholder of record, you may vote your shares either by voting in person at the Annual General Meeting or by submitting a completed proxy. By completing and submitting the enclosed proxy, you are legally designating another person to vote your shares. The enclosed proxy designates Donald E. Kiernan, James A. Davidson and Stephen J. Luczo, to vote your shares in accordance with the instructions

Edgar Filing: SEAGATE TECHNOLOGY - Form DEF 14A

you have indicated on the proxy.

If your shares are held not in your name but in the street name of a bank, broker or other holder of record (a nominee), then your name will not appear in Seagate Technology's register of shareholders and the nominee will be entitled to vote your shares. In order to be admitted to the Annual General Meeting, you must bring a letter or account statement showing that you beneficially own the shares held by the nominee. Even if you attend the Annual General Meeting, you will not be able to vote the shares that you hold in street name. Rather, you should instruct your nominee how to vote those shares on your behalf.

If you appoint the individuals named in the enclosed proxy card as your proxies but do not indicate how your shares are to be voted, then your shares will be voted by these individuals in accordance with the Board of

Table of Contents

Directors' recommendations, which are contained in this proxy statement. In addition, if any matters other than the proposals contained in this proxy statement are properly brought up at the Annual General Meeting, then the individuals named in the proxy card, as your designated proxies, will have the authority to vote your shares on those matters in accordance with their discretion and judgment if we did not receive notice of such matters within a reasonable time before delivering this proxy statement to our shareholders. For these purposes, we believe a reasonable time to be 45 days prior to October 7, 2003, which is August 23, 2003.

Shares Registered Directly in the Name of the Shareholder

If you hold shares of our common stock registered directly in your name in our register of shareholders, you may submit your proxy by mailing your signed proxy card to us. Specific instructions to be followed by registered shareholders are set forth on the enclosed proxy card.

Shares Registered in the Name of a Nominee

Most beneficial owners whose shares are held in the street name of a nominee receive instructions for granting proxies from their banks, brokers or other agents, rather than the company's proxy card.

A number of brokerage firms and banks participate in a program that offers the ability to grant proxies to vote shares by means of the telephone and Internet. If your shares are held in an account at a brokerage firm or bank participating in such a program, you may grant a proxy to vote those shares by calling the telephone number that appears on the voting instruction form, or through the Internet in accordance with the instructions set forth on the voting instruction form, that you receive from your broker or bank. Votes submitted by telephone or Internet through such a program must be received by 11:59 p.m. Eastern Standard Time on October 28, 2003.

Revoking Your Proxy

You may revoke your proxy at any time before it is voted at the Annual General Meeting, by: (1) sending a signed revocation thereof to Seagate Technology at 920 Disc Drive, Scotts Valley, California 95066, Attention: Corporate Secretary, which we must receive at least one hour prior to the start of the Annual General Meeting; (2) signing, dating and mailing a new and different proxy card, which we must receive by 5:00 p.m., Pacific Standard Time, on October 28, 2003, or (3) voting your shares in person at the meeting, if you are a shareholder of record. If your shares are registered in the name of a nominee and you submit your proxy by telephone or over the Internet, you may revoke your proxy only by submitting new voting instructions by telephone or Internet, as applicable, which must be received by 11:59 p.m. Eastern Standard Time on October 28, 2003. Attending the Annual General Meeting alone will not revoke your proxy.

Proxy Solicitation

Seagate Technology will bear all costs and expenses of soliciting proxies from shareholders. We are initially soliciting these proxies by mail, but our directors, officers and selected other Seagate Technology employees may also solicit proxies by telephone, facsimile or e-mail or in person. These persons who help us in the solicitation will not be specially compensated for those services, but may be reimbursed for out-of-pocket

Edgar Filing: SEAGATE TECHNOLOGY - Form DEF 14A

expenses incurred in connection with the solicitation. Brokerage houses, nominees, fiduciaries and other custodians will be requested to forward soliciting materials to beneficial owners and will be reimbursed by us for their reasonable out-of-pocket expenses incurred in connection with the solicitation. We have retained the services of Morrow & Company, a professional proxy solicitation firm, to assist in the solicitation of proxies at a cost of \$6,500, plus expenses, which will be borne by us.

Quorum and Voting Requirements

In order to establish a quorum at the Annual General Meeting, there must be one or more shareholders present at the meeting, either in person or by proxy, holding shares representing not less than a majority of the

Table of Contents

issued and outstanding shares of Seagate Technology entitled to vote at the meeting. For purposes of determining a quorum, abstentions and broker non-votes are counted as represented. A non-vote occurs when a nominee (such as a broker) holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not have discretionary voting power for that proposal and has not received instructions from the beneficial owner on how to vote those shares.

In order to be approved, each proposal being considered requires the affirmative vote of a majority of the votes cast. Abstentions and broker non-votes are not counted and will not affect the voting results.

Voting Procedures and Tabulation

Seagate Technology has appointed a representative of Computershare Trust Company as the inspector of elections to act at the Annual General Meeting and to make a written report thereof. Prior to the Annual General Meeting, the inspector will sign an oath to perform his duties in an impartial manner and according to the best of their ability. The inspectors will ascertain the number of common shares outstanding and the voting power of each, determine the common shares represented at the Annual General Meeting and the validity of proxies and ballots, count all votes and ballots, and perform certain other duties. The determination of the inspectors as to the validity of proxies will be final and binding.

Shareholders Agreement; Sponsor Group

In connection with our initial public offering, which we completed on December 13, 2002, we entered into a new shareholders agreement, dated December 6, 2002 (which we refer to in this proxy statement as the Seagate Technology Shareholders Agreement) with our parent company, New SAC, and the members of our sponsor group. Our sponsor group is comprised of private equity investment firms, consisting of affiliates of Silver Lake Partners, Texas Pacific Group, August Capital, J.P. Morgan Partners, LLC, investment partnerships of which the general partner, managing general partner or investment manager is affiliated with Goldman, Sachs & Co. and other investors. As of September 26, 2003 members of our sponsor group indirectly (through their investment in our parent company, New SAC) own approximately 62.9% of our outstanding share capital.

Under the terms of the Seagate Technology Shareholders Agreement, our Board of Directors must consist of 11 members. Silver Lake Partners has the right to designate three of the members of our Board of Directors and Texas Pacific Group has the right to designate two of the members of our Board of Directors. In addition, one of our directors must be our Chief Executive Officer and one must be another member of management. The remaining four members of the board must be nominated by our Nominating and Governance Committee and approved by a majority of the other seven directors. The terms of the agreement also provide that the Board of Directors shall have an audit committee, a strategic and financial transactions committee, a compensation committee and a governance committee. At least one director appointed by each of Silver Lake Partners and Texas Pacific Group is required to serve on each such committee of the Board of Directors, with the exception of the audit committee, and Seagate Technology's Chief Executive Officer is required to serve as the chairman of the strategic and financial transactions committee. The terms of the agreement further require the members of our sponsor group to vote their common shares in a manner that gives effect to the provisions of the agreement, at any annual or special meeting of shareholders of Seagate. See Certain Relationships and Related Transactions Seagate Technology Shareholders Agreement on page 41 for more information regarding this agreement.

PROPOSAL NO. 1 ELECTION OF DIRECTORS

The Board of Directors currently has 11 members. The common shareholders voting as a class have the right to elect all 11 members to the Board of Directors to serve until the next annual meeting of the common shareholders and until their respective successors are duly elected and qualified. Under Seagate Technology's articles of association, the maximum number of directors constituting the Board of Directors is 15. However, pursuant to the terms of the Seagate Technology Shareholders Agreement, the number of members comprising the Board of Directors is fixed at 11, each of whom is elected annually. As a result, shareholders are being asked to elect 11 directors only. Shareholders may not vote their proxies for a greater number of persons than the number of nominees named below.

Pursuant to the Seagate Technology Shareholders Agreement, Silver Lake Partners has designated Messrs. Davidson, Hutchins and Zander, and Texas Pacific Group has designated Messrs. Bonderman and Coulter, to serve as members of our Board of Directors. Mr. Luczo, as our Chief Executive Officer, and Mr. Watkins as a member of management, are also designated director nominees pursuant to the terms of the Seagate Technology Shareholders Agreement. Messrs. Bradley, Kiernan, Marquardt and Thompson have been nominated and approved as director nominees in accordance with the provisions of the Seagate Technology Shareholders Agreement.

If you submit a proxy designating Donald E. Kiernan, James A. Davidson and Stephen J. Luczo as your proxies but you do not indicate how your shares should be voted, then your shares will be voted in favor of the appointment of all of the nominees. It is currently anticipated that all of the nominees will be willing and able to serve as directors. However, if any nominee becomes unwilling or unable to serve as a director, then the Board of Directors will propose a substitute nominee, and the individuals designated as your proxies will vote to appoint that proposed nominee.

Votes Required; Recommendation of the Board of Directors

The affirmative vote of a majority of all the votes cast by holders of common shares is necessary for approval of the election of each of the directors. Abstentions and broker non-votes as to this proposal will not be counted as votes cast and will have no effect on the result of the vote on this proposal.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT YOU VOTE ~~FOR~~ THE ELECTION OF EACH OF THE ELEVEN (11) NOMINEES LISTED BELOW.

Director Biographies

Set forth below are the biographies of our director nominees. There is no family relationship between any of our directors or executive officers.

With the exception of Senator Bradley, Mr. Kiernan, Mr. Thompson and Mr. Zander, each individual named below holds the same position at New SAC and Seagate Software (Cayman) Holdings Corporation (the parent company of Crystal Decisions, which operates the former software business of Seagate Delaware). Mr. Thompson holds the same position at Seagate Software (Cayman) Holdings Corporation. Mr. Waite also

Edgar Filing: SEAGATE TECHNOLOGY - Form DEF 14A

MEETINGS OF THE BOARD OF DIRECTORS AND COMMITTEES OF THE BOARD

The Board of Directors held seven meetings (including three special meetings) during our fiscal year ended on June 27, 2003, or fiscal year 2003. All of the directors who served during fiscal year 2003 attended at least 75% of the aggregate of all Board of Directors meetings and all meetings of the committees of the Board of Directors on which he served, held during fiscal year 2003, except for Mr. Bonderman who attended 40% of the aggregate of all Board of Directors meetings and the meetings of the committees on which he served.

Audit Committee

The Audit Committee consists of three of our non-management directors. These individuals are Messrs. Kiernan, Thompson and Bradley. Each of these committee members meets the independence and experience requirements of the New York Stock Exchange as currently in effect. The Board of Directors has determined that Mr. Kiernan is an audit committee financial expert and that he is independent for the purposes of applicable New York Stock Exchange rules. Mr. Kiernan currently serves as the Chairman of the Audit Committee. We expect that our Board of Directors will determine that Mr. Kiernan qualifies as independent and as a financial expert under the proposed rules of the New York Stock Exchange and the Securities and Exchange Commission (the "SEC"). Messrs. Kiernan, Thompson and Bradley were all appointed to the Audit Committee by our Board of Directors within the last six months, in order to ensure that our Audit Committee is comprised solely of independent, non-management directors. The Audit Committee cannot act without the affirmative votes of a two-member quorum.

The Audit Committee held four meetings during fiscal year 2003. The Audit Committee's primary duties and responsibilities are to:

provide assistance to the Board of Directors in fulfilling its responsibility to Seagate Technology's shareholders, potential shareholders and the investment community with respect to its oversight of:

the quality and integrity Seagate Technology's financial statements;

Seagate Technology's compliance with legal and regulatory requirements;

the independent auditors' qualifications and independence; and

the performance of Seagate Technology's internal auditors;

Edgar Filing: SEAGATE TECHNOLOGY - Form DEF 14A

prepare all reports that the rules of the SEC require to be included in Seagate Technology's annual proxy statements; and

review and evaluate, at least annually, the performance of the Audit Committee and its members, including the compliance of the Audit Committee with its charter.

The Audit Committee operates pursuant to an Audit Committee Charter adopted by the Board of Directors, which satisfies the applicable requirements of the Sarbanes Oxley Act of 2002 and the New York Stock Exchange. A copy of this charter is attached to this proxy statement as Appendix A.

The Report of the Audit Committee for fiscal year 2003 can be found on page 11.

Compensation Committee

Our Compensation Committee is comprised of three of our non-management directors, of which one member is designated by Silver Lake Partners and one member is designated by Texas Pacific Group.

Messrs. Davidson, Bonderman and Marquardt currently serve as the members of the Compensation Committee. The Compensation Committee cannot act without the affirmative votes of a two-member quorum that must consist of a member designated by Silver Lake Partners and a member designated by Texas Pacific Group. The Compensation Committee met eight times during fiscal year 2003. Mr. Davidson currently serves as the Chairman of this committee.

The Compensation Committee is responsible for, among other things:

discharging in the responsibilities of the Board of Directors relating to the compensation of our officers;

producing an annual report on executive compensation for inclusion in our annual proxy statement, in accordance with applicable rules and regulations;

reviewing and approving corporate goals and objectives relevant to the Chief Executive Officer and other senior officers, evaluating the performance of these officers in light of those goals and objectives and setting the compensation of these officers based on their evaluation;

making recommendations to the Board of Directors with respect to compensation plans; and

reviewing and evaluating, at least annually, the performance of the Compensation Committee and its members, including the compliance of the Compensation Committee with its charter.

The Report of the Compensation Committee on Executive Compensation can be found on page 26.

Seagate Technology's management is responsible for preparing and presenting Seagate Technology's financial statements, and Seagate Technology's independent auditors, Ernst & Young LLP, are responsible for performing an independent audit of these financial statements in accordance with generally accepted auditing standards. The Audit Committee is responsible for monitoring and overseeing these processes. In connection with the preparation of the financial statements as of and for the fiscal year ended June 27, 2003, the Audit Committee performed the following tasks:

- (1) reviewed and discussed the audited financial statements for fiscal year 2003 with management and with the independent auditors;
- (2) discussed with the independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61 – Communication with Audit Committees ;
- (3) received the written disclosures and the letter from the independent accountants as required by Independence Standards Board Standard No. 1 – Independence Discussions with Audit Committees , and discussed with the independent accountants their independence from management and from Seagate Technology; and
- (4) considered the compatibility of non-audit services with the independent auditors' independence.

Based upon these reviews and discussions, the Audit Committee recommended, and the Board of Directors approved, that Seagate Technology's audited financial statements be included in Seagate Technology's Annual Report on Form 10-K for the fiscal year ended June 27, 2003 for filing with the SEC.

**PROPOSAL NO. 2 APPROVAL OF THE MATERIAL
TERMS OF SEAGATE TECHNOLOGY'S ANNUAL
INCENTIVE BONUS PLAN**

General

In general, Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code"), imposes a limit on corporate tax deductions for compensation in excess of \$1 million per year paid by a public company to its chief executive officer and four other most highly compensated executive officers. An exception to this \$1 million limitation is provided for "qualified performance-based compensation" that satisfies certain conditions set forth in Section 162(m) of the Code, and the regulations promulgated thereunder. Any such qualified performance-based compensation must be approved by shareholders.

The Board of Directors is seeking the approval of our shareholders of an annual incentive bonus plan (the "Bonus Plan") that would govern the award and payment of bonuses to certain of our executives. The Bonus Plan is being submitted to shareholders for approval to ensure that payments under the Bonus Plan qualify as "qualified performance-based compensation," within the meaning of Section 162(m) of the Code, and the regulations promulgated thereunder and, accordingly, will be eligible for deductibility for income tax purposes by us.

Purpose of the Plan

The purpose of the Bonus Plan is to motivate our senior executives and reward them for producing results that increase shareholder value, and to encourage individual and team behavior that helps us achieve both short- and long-term corporate objectives. The bonuses awarded under the Bonus Plan generally are intended to be "qualified performance-based compensation" that is exempt from the \$1 million limitation on executive compensation under Section 162(m) of the Code, and the regulations promulgated thereunder.

Description of the Bonus Plan

The following information includes a summary of certain provisions of the Bonus Plan. This summary, however, does not purport to describe every detail of the Bonus Plan.

Bonus Awards to Participants

Eligibility. Our Chief Executive Officer and any other executive of Seagate Technology who is subject to the requirements of Section 16 of the Securities Exchange Act of 1934, as amended, who is selected to participate in the Bonus Plan for a specified fiscal year by the Special Compensation Committee (defined below) is eligible for a bonus award for such fiscal year under the Bonus Plan. Currently there are approximately 12 executives of Seagate Technology, including the Chief Executive Officer, who are eligible to participate in the Bonus Plan. In

Edgar Filing: SEAGATE TECHNOLOGY - Form DEF 14A

the event an individual is selected by the Special Compensation Committee to participate in the Bonus Plan, the Special Compensation Committee will establish an objectively determinable performance target, based on one or more of the criteria listed below, for such individual for the fiscal year at issue. Achievement of specified levels above the performance target may result in a bonus award to the participant in an amount equal to a pre-established fixed dollar amount or a fixed percentage of the participant's annual base salary as in effect as of the last day of such fiscal year, determined in the discretion of the Special Compensation Committee. The Special Compensation Committee has absolute discretion to determine whether or not a bonus award is granted and may, even if specified performance targets are met, determine not to pay a bonus award to a participant or to pay a participant a bonus in a lesser amount. Although the specific bonuses that may be paid to participants in the Bonus Plan for any fiscal year are not determinable at this time, the maximum bonus that may be paid to a participant under the Bonus Plan in any fiscal year will not exceed \$5,000,000. The Special Compensation Committee also will establish specified levels of the performance target and the bonus award to be paid at each such specified level.

Business Criteria. As indicated above, each participant's bonus will be based on pre-established performance targets which will be based on one or more of the following objective business criteria: (a) pre-tax

Table of Contents

income; (b) operating income; (c) net earnings; (d) net income; (e) cash flow; (f) earnings per share; (g) return on equity; (h) return on invested capital or assets; (i) cost reductions or savings; (j) funds from operations; (k) appreciation in the fair market value of our common stock; (l) earnings before any one or more of interest, taxes, depreciation, amortization or bonus compensation paid to our employees, or (m) implementation of our critical processes or projects.

Bonus Amount. The bonus award for any participant is based on the achievement of specified levels of performance at or above the performance threshold. Prior to the payment of a bonus award to a participant, the Special Compensation Committee must certify in writing the level of the performance attained.

Performance-Based Compensation. With respect to any bonus award payable under the Bonus Plan, the performance targets applicable to such bonus award will be established in writing by the Special Compensation Committee for the fiscal year to which such bonus award relates. To the extent permitted under Section 162(m)(4)(C) of the Code, and the regulations promulgated thereunder, such performance targets may be established in writing by the Special Compensation Committee not later than 90 days after the commencement of the period of service to which the performance targets relate, provided that the outcome is substantially uncertain at the time the Special Compensation Committee actually establishes the performance targets; and, provided, further, that in no event shall the performance targets be established after 25% of the period of service (as scheduled in good faith at the time the performance targets are established) has elapsed. No bonus award which is intended to qualify as qualified performance-based compensation, within the meaning of Section 162(m) of the Code, and the regulations promulgated thereunder, will be paid to a participant unless and until the Special Compensation Committee makes a certification in writing with respect to the level of performance attained by Seagate Technology for the fiscal year to which such bonus award relates, as required by Section 162(m) of the Code, and the regulations promulgated thereunder.

General

Payment of Bonuses. Each bonus award shall be paid in cash. Unless otherwise directed by the Special Compensation Committee, payment shall be made within 70 days after the end of the fiscal year to which such bonus award relates (subject to any election made by an eligible executive with respect to the deferral of all or a portion of his or her bonus).

Effective Date. The Bonus Plan will be effective as of the first day of our fiscal year 2004, subject to approval by the shareholders of Seagate Technology at the 2003 Annual General Meeting. The Bonus Plan year will commence on the first day of each fiscal year and end on the last day of that fiscal year.

Administration and Interpretation. The Bonus Plan will be administered by a committee (the Special Compensation Committee) that consists solely of two or more directors who are considered outside directors for purposes of Section 162(m) of the Code, and the regulations promulgated thereunder. The Special Compensation Committee will have the absolute authority to administer and interpret the Bonus Plan.

Amendment. The Bonus Plan may be wholly or partially amended or otherwise modified, suspended or terminated at any time or from time to time by the Special Compensation Committee or the Board of Directors. However, to the extent required by Section 162(m) of the Code, and the regulations promulgated thereunder, no action of the Special Compensation Committee or the Board of Directors may modify the performance targets applicable to bonus awards after the commencement of the fiscal year with respect to which such bonus awards relate, increase the maximum amount of bonuses that may be paid or otherwise materially increase the benefits accruing to participants in the Bonus Plan or materially modify the eligibility requirements for participation in the Bonus Plan without the approval of our shareholders.

Shareholder Approval. The Bonus Plan is subject to the approval of our shareholders and, in the event the Bonus Plan is not approved, no bonus award will be payable under the Bonus Plan and the Bonus Plan will terminate.

Table of Contents

The Board of Directors believes it is in Seagate Technology's best interests to ensure that bonus awards paid to our executives qualify as qualified performance-based compensation for deductibility under Section 162(m) of the Code, in order to maximize our income tax deductions.

Votes Required; Recommendation of the Board of Directors

The affirmative vote of the holders of a majority of all the votes cast by holders of common shares is necessary to approve the Bonus Plan. Abstentions and broker non-votes as to this proposal will not be counted as votes cast and will have no effect on the results of the vote on this proposal.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT YOU VOTE **FOR THE APPROVAL OF THE BONUS PLAN.**

- (1) Compensation information is provided for fiscal year 2003, fiscal year 2002 and the period from November 22, 2000, the date of the closing of the November 2000 transactions, to June 29, 2001, the last day of fiscal year 2001. Because we were formed in connection with the November 2000 transactions, no compensation information has been provided for any period prior to November 22, 2000. See Historical Transactions November 2000 transactions on page 31 for more information regarding the November 2000 transactions.
- (2) The amounts listed in this column represent the dollar value of (a) any restricted ordinary shares of New SAC awarded to the named executive officers, and (b) any restricted preferred shares of New SAC awarded to the named executive officers. These values have been calculated by multiplying the fair market value, as determined by the board of directors of New SAC, of an ordinary or preferred share of New SAC, in each case as of the date of the award, by the number of shares of that class awarded to the named

Table of Contents

executive officers. New SAC's board of directors determined the fair market values to be approximately \$11.39 per ordinary share and approximately \$45.36 per preferred share as of the date of the award. This determination was based on New SAC's board of directors' best estimate as to the amount of consideration that would be paid by a willing buyer to a willing seller for an ordinary or preferred share if neither party was acting under compulsion and both parties had reasonable knowledge of the relevant facts. The valuation of New SAC's ordinary and preferred shares is dependent on numerous factors such as operating conditions, management expertise and other factors both internal and external to New SAC as of the date of valuation.

- (3) No options were granted to the named executive officers during fiscal year 2001. The numbers in this column for fiscal year 2002 represent options to purchase our common shares that were granted on July 24, 2001. One-quarter of these options vested on November 22, 2001. The remaining options are vesting and will continue to vest proportionately each month over the 36 months following November 22, 2001. During fiscal year 2003, the following options were granted to the named executive officers: options to purchase 1,500,000 of our common shares were granted to Mr. Watkins on February 14, 2003 and options to purchase 1,000,000 of our common shares were granted to each of Messrs. Dexheimer and Wickersham on February 3, 2003. Of Mr. Watkins' 1,500,000 options, 200,000 vest on February 14, 2005; an additional 250,000 options vest proportionately over the 12 months commencing March 14, 2005; an additional 300,000 options vest proportionately over the 12 months commencing March 14, 2006; an additional 350,000 options vest proportionately over the 12 months commencing March 14, 2007; and an additional 400,000 options vest proportionately over the 12 months commencing March 14, 2008. Of the 1,000,000 options granted to each of Messrs. Dexheimer and Wickersham, 200,000 options vest on February 3, 2005 and the remaining 800,000 options vest proportionately over the 48 months commencing March 3, 2005. Each of the named executive officers is eligible to receive grants of options to purchase our common shares and common shares of Certance Holdings, a Cayman Islands exempted company incorporated with limited liabilities and a direct subsidiary of New SAC, and Crystal Decisions, Inc., a Delaware corporation and an indirect subsidiary of New SAC. Since November 22, 2000, no grants to purchase shares of any of these entities were made to the named executive officers other than a grant to purchase 20,000 shares of Crystal Decisions common stock made on May 12, 2003 to Mr. Luczo. In addition, the following named executive officers were granted the following number of options to purchase shares of Crystal Decisions common stock prior to the closing of the November 2000 transactions: Stephen J. Luczo, 275,000 shares and Charles C. Pope, 50,000 shares.
- (4) The amounts in this column for fiscal year 2003 include a \$2,500 contribution by us to the 401(k) account of each named executive officer and a premium payment toward a term life insurance policy of \$58 for each of Messrs. Luczo, Pope, Dexheimer and Wickersham and \$576 for Mr. Watkins. In addition, the amount listed for (a) Mr. Luczo includes a \$1,430 premium payment toward a universal life insurance policy and a cash surrender value on that life insurance policy of \$2,221, (b) Mr. Pope includes a \$1,695 premium payment toward a universal life insurance policy and a cash surrender value on that life insurance policy of \$3,209, (c) Mr. Dexheimer includes a \$694 premium payment toward a universal life insurance policy and (d) Mr. Wickersham includes a \$1,449 premium payment toward a universal life insurance policy and a cash surrender value on that life insurance policy of \$431. The amounts in this column for fiscal year 2002 include a \$2,500 contribution by us to the 401(k) account of each named executive officer and a premium payment toward a term life insurance policy of \$58 for each of Messrs. Luczo, Pope, Dexheimer and Wickersham and \$582 for Mr. Watkins. In addition, the amount listed for (a) Mr. Luczo includes a \$1,082 premium payment toward a universal life insurance policy and a cash surrender value on that life insurance policy of \$1,701, (b) Mr. Pope includes a \$1,466 premium payment toward a universal life insurance policy and a cash surrender value on that life insurance policy of \$2,904, (c) Mr. Dexheimer includes a \$663 premium payment toward a universal life insurance policy and (d) Mr. Wickersham includes a \$1,319 premium payment toward a universal life insurance policy.
- (5) The amounts in this column for the seven-month reporting period of fiscal year 2001 include a \$2,500 contribution by us to the 401(k) account of each named executive officer and a premium payment toward a term life insurance policy of \$35 for each of Messrs. Luczo, Pope, Dexheimer and Wickersham and \$352 for Mr. Watkins. In addition, the amount listed for (a) Mr. Luczo includes a \$968 premium payment

toward a universal life insurance policy, a cash surrender value on that life insurance policy of \$1,121 and amounts allocated to him under the deferred compensation plans of our wholly-owned subsidiaries totaling \$36,474,801, (b) Mr. Pope includes a \$1,398 premium payment toward a universal life insurance policy, a cash surrender value on that life insurance policy of \$1,960 and amounts allocated to him under the deferred compensation plans of our wholly-owned subsidiaries totaling \$10,204,167, (c) Mr. Dexheimer includes a \$646 premium payment toward a universal life insurance policy and amounts allocated to him under the deferred compensation plans of our wholly-owned subsidiaries totaling \$6,358,120, (d) Mr. Wickersham includes a \$1,082 premium payment toward a universal life insurance policy and amounts allocated to him under the deferred compensation plans of our wholly-owned subsidiaries totaling \$4,381,560 and (e) Mr. Watkins includes amounts allocated to him under the deferred compensation plans of our wholly-owned subsidiaries totaling \$9,863,389. Our subsidiaries' deferred compensation plans were established in connection with the November 2000 transactions for members of the management group of Seagate Delaware who agreed to become deferred compensation plan participants and receive restricted ordinary and preferred shares of New SAC in lieu of receiving merger consideration in connection with the VERITAS merger for a portion of their restricted shares of Seagate Delaware common stock and unvested options to purchase those shares. The total deferred compensation payable to each of the named executive officers under these plans, as set forth in this column, was determined at the time of the November 2000 transactions on the basis of the value of the merger consideration foregone by these individuals. These amounts were fixed at the time of the November 2000 transactions and could not increase. No interest or other earnings were credited to these amounts. No amounts were payable under the deferred compensation plans unless and until New SAC distributed cash or property to its preferred shareholders, and each payment made under the plan decreased the amounts remaining to be paid to plan participants. At the time of the November 2000 transactions, the interests of participants in our deferred compensation plans were subject to multi-year vesting. On or about May 20, 2002, we paid approximately \$32 million to participants of our deferred compensation plans. Under the credit agreement governing our senior secured credit facilities and the indenture governing our 8% senior notes, the restrictions on our ability to make payments under our deferred compensation plans were substantially reduced. In addition, on June 19, 2002, our Board of Directors elected to accelerate vesting of all remaining interests under the plans. As a result, it became probable that all of the obligations under the deferred compensation plans would be paid. Accordingly, all of the remaining obligations under the deferred compensation plans totaling \$147 million were accrued during the quarter ended June 28, 2002. Following the closing of our initial public offering, Seagate Technology HDD Holdings made payments on December 13, 2002 of approximately \$147 million to the participants in its deferred compensation plans, in full satisfaction of its obligations thereunder. See [Historical Transactions November 2000 Transactions Management Rollover](#) on page 31 and [Employment Agreements and Other Agreements Rollover Agreements and Deferred Compensation Plans](#) on page 23.

- (6) This amount represents compensation paid to each of the named executive officers for the seven-month period from November 22, 2000 through June 29, 2001.
- (7) Under its 2000 Restricted Share Plan, New SAC issued 374,600 ordinary shares and 9,851.99 preferred shares to Mr. Luczo on November 22, 2000. One-third of these shares vested on November 22, 2001, one-third vested proportionately each month over the 18 months following November 22, 2001 and one-third vested on May 22, 2003. After receiving return of capital equal to an aggregate of \$100 per preferred share, including distributions received in connection with our initial public offering, New SAC redeemed all of its preferred shares for nominal consideration as of March 14, 2003. Under its 2001 Restricted Share Plan, New SAC issued 93,600 ordinary shares to Mr. Luczo on January 3, 2001. A quarter of these shares vested on November 22, 2001 and three-quarters are vesting and will continue to vest proportionately each month over the 36 months following November 22, 2001. As of June 27, 2003, Mr. Luczo held 33,150 unvested ordinary shares of New SAC (including shares transferred by him for estate planning purposes) having a value of \$16,243,500, based on the fair market value, as determined by New SAC, of the ordinary shares of New SAC on June 27, 2003. New SAC determined such value to be approximately \$490 per ordinary share. As the holder of restricted ordinary shares, Mr. Luczo will receive the same distributions as other holders of New SAC ordinary shares, when, if and as declared by New SAC's board of directors.

As of June 27, 2003, Mr. Watkins held 25,677 unvested ordinary shares of New SAC (including shares transferred by him for estate planning purposes) having a value of \$12,581,730, based on the fair market value, as determined by New SAC, of the ordinary shares of New SAC on June 27, 2003. New SAC determined such value to be approximately \$490 per ordinary share. As the holder of restricted ordinary shares, Mr. Watkins will receive the same distributions as other holders of New SAC ordinary shares, when, if and as declared by New SAC's board of directors.

These amounts represent certain assumed rates for appreciation only, based on SEC rules, and do not represent Seagate Technology's estimate or projection of the price of Seagate Technology's common shares in the future. Actual gains, if any, on stock option exercises depend upon the actual future performance of the common shares and the continued employment of the option holders throughout the vesting period. Accordingly, the potential realizable values set forth in this table may not be achieved.
- (2) No options were granted to the named executive officers during fiscal year 2003 other than the grant of options to purchase 1,500,000 of our common shares to Mr. Watkins on February 14, 2003 and 1,000,000 of our common shares to each of Messrs. Employment Agreements and Other Agreements

Employment Agreements. In connection with the November 2000 transactions, each of Messrs. Luczo, Watkins, Pope, Dexheimer, Wickersham and a number of other senior executives entered into employment agreements with our indirect subsidiary, Seagate Technology (US) Holdings, Inc., on February 2, 2001. Each of these agreements relates to the employment of the named executive officers on our behalf and has a three-year term that commenced on November 22, 2000, subject to automatic, successive one year renewals after that first term.

We list below a chart showing these executives' base salaries and target bonuses for fiscal year 2004 if specified performance goals are met.

Executive	Base Salary	Target Bonus
Stephen J. Luczo	\$ 1,000,000	250% of Base Salary
William D. Watkins	\$ 1,000,000	200% of Base Salary
Charles C. Pope	\$ 700,000	150% of Base Salary
Brian S. Dexheimer	\$ 500,000	125% of Base Salary
David A. Wickersham	\$ 500,000	125% of Base Salary

Edgar Filing: SEAGATE TECHNOLOGY - Form DEF 14A

An executive may elect to defer the payment of all or a portion of his bonus. The executives are also entitled to participate in employee benefits programs comparable, in the aggregate, to those employee benefits programs made available to senior executives of Seagate Delaware immediately prior to the closing of the November 2000 transactions. These programs include health, life and disability insurance and retirement and fringe benefits.

Under the employment agreements, in the event an executive's employment is terminated by us without cause or by the executive with good reason, as each term is defined in the employment agreements, the executive will receive, subject to compliance with the restrictive covenants described below, the following:

continued payment of base salary and target bonus; and

continued participation in our health, dental and life insurance programs,

for a specified period following the termination of his employment. Mr. Luczo will receive these severance benefits for two years following the termination of his employment. Mr. Watkins will receive these severance

benefits for the period equal to the greater of (a) 12 months and (b) the period of time from the date of termination through November 22, 2004. Messrs. Pope, Dexheimer and Wickersham will receive these severance benefits for one year following the termination of employment. In addition, the options granted in connection with the employment agreements will immediately vest in full and become fully exercisable.

Under the employment agreements, the executives are subject to customary confidentiality, nondisclosure, noncompete and nonsolicitation covenants during the term of employment and for the period in which the executive would receive severance in the event that the executive's employment is terminated.

Management Retention Agreements. Between November 2, 1998 and December 1, 1999, Seagate Delaware entered into management retention agreements with Messrs. Luczo, Watkins, Pope, Dexheimer, Wickersham and a number of other key executive officers. Pursuant to the Management Participation Agreement dated March 29, 2000 between Seagate Delaware, New SAC, and each of these executive officers, New SAC assumed the obligations under the management retention agreements and modified the benefits provided to each executive officer under these agreements. New SAC subsequently assigned the management retention agreements to us. As of June 27, 2003, these management retention agreements provide that if the executive's employment is terminated by us without cause or by the executive with good reason in connection with a change of control transaction, and if, as a result of such termination, severance benefits provided to the executive are subject to excise tax, Messrs. Luczo, Watkins, Pope, Dexheimer and Wickersham may receive a payment from us of up to that amount sufficient to pay such excise tax arising from payment of the severance benefits and an additional payment from us of up to an amount sufficient to pay the excise tax and federal and state income taxes arising from such initial excise tax payment.

Rollover Agreements and Deferred Compensation Plans. The following information is provided as disclosure regarding the basis for certain payments to the named executive officers in fiscal year 2003 pursuant to the rollover agreements and deferred compensation plans. As of June 27, 2003, we have no further obligations to make payments or provide benefits to the named executive officers pursuant to the deferred compensation plans. Under rollover agreements entered into in connection with the closing of the November 2000 transactions with members of the management group, executives with titles of senior vice president or higher agreed to roll at least 50%, and more junior executives agreed to roll at least 25%, of the value of their restricted shares of Seagate Delaware common stock and unvested options to purchase shares of Seagate Delaware common stock valued in the aggregate at approximately \$184 million, into:

an interest in a deferred compensation plan established and maintained by either Seagate Technology HDD Holdings (our wholly-owned subsidiary) or Seagate Technology SAN Holdings, with the substantial majority of the participants receiving interests in the deferred compensation plan maintained by Seagate Technology HDD Holdings; and

restricted ordinary and preferred shares of New SAC granted under the New SAC 2000 Restricted Share Plan.

At the closing of the November 2000 transactions, the value of the rolled securities was approximately \$184 million. The rolled securities were converted into:

interests in the Seagate Technology HDD Holdings and Seagate Technology SAN Holdings deferred compensation plans representing approximately 97.4% of the value of the rolled securities;

restricted preferred shares of New SAC representing approximately 2.6% of the value of the rolled securities; and

Edgar Filing: SEAGATE TECHNOLOGY - Form DEF 14A

restricted ordinary shares of New SAC representing approximately 16.8% of the total ordinary shares of New SAC outstanding at the closing of the November 2000 transactions.

In addition, at the closing of the November 2000 transactions, certain individuals purchased additional ordinary and preferred shares of New SAC for approximately \$41 million in cash. Of this \$41 million of shares, approximately \$21 million was purchased by members of the management group.

Table of Contents

The principal elements of the Seagate Technology HDD Holdings deferred compensation plan were as follows:

Seagate Technology HDD Holdings was obligated to make distributions to participants in its deferred compensation plan, with respect to the vested portion of their accounts, shortly after our sponsor group received distributions or returns on their New SAC preferred shares and, with respect to the remaining portion of their accounts, at the time of vesting;

the amount distributed at any time to participants under Seagate Technology HDD Holdings' deferred compensation plan bore the same proportion to the aggregate obligations under the plan as the distributions to our sponsor group at that same time bore to their initial preferred share investment in New SAC. In approximate terms, for each \$100 of preferred share distributions made by New SAC, Seagate Technology HDD Holdings made approximately \$19 of distributions to participants in its deferred compensation plan;

prior to the distributions described below, the maximum aggregate obligation of Seagate Technology HDD Holdings under its deferred compensation plan was approximately \$179 million;

prior to June 19, 2002, when the board accelerated vesting of all deferred compensation interests under the terms of the plan, the interests of the participants in Seagate Technology HDD Holdings' deferred compensation plan were subject to multi-year vesting;

Seagate Technology HDD Holdings had the ability, subject to the restrictive covenants set forth in the credit agreement governing our senior secured credit facilities and the indenture governing our 8% senior notes, to amend its deferred compensation plan;

upon a change of control of Seagate Technology HDD Holdings, all interests under its deferred compensation plan were required to be paid in cash;

Seagate Technology HDD Holdings was permitted to make distributions, at its option, in cash or the same securities or other property distributed by New SAC as preferred share distributions to our sponsor group;

if Seagate Technology HDD Holdings had insufficient assets to make distributions under its deferred compensation plan and it had not experienced a change of control, it was permitted to demand that New SAC loan or otherwise provide the funding, on arm's length terms for the distribution, subject to limitations;

Seagate Technology HDD Holdings' obligations under its deferred compensation plan were subordinated in right of payment to the prior payment in full of certain of its senior debt obligations, including our senior secured credit facilities and our outstanding 8% senior notes; and

compensation expense related to Seagate Technology HDD Holdings' obligations under its deferred compensation plan was fully recognized in the quarter ended June 28, 2002 upon completion of the 2002 refinancing and subsequent acceleration of all vesting.

The terms of the Seagate Technology SAN Holdings deferred compensation plan were substantially similar to the terms of the Seagate Technology HDD Holdings deferred compensation plan.

On May 20, 2002, we made a distribution to our shareholders, including New SAC, to enable New SAC to make a distribution to its preferred shareholders, of approximately \$167 million. As a result, Seagate Technology HDD Holdings made a distribution to participants in its deferred compensation plan in the amount of approximately \$32 million. In connection with our initial public offering, we paid a distribution of

Edgar Filing: SEAGATE TECHNOLOGY - Form DEF 14A

approximately \$262 million to our then-existing shareholders, including New SAC. Upon such distribution, New SAC distributed such proceeds to the holders of its preferred shares. In addition, in connection with New SAC's participation in our initial public offering, New SAC distributed its net proceeds from the offering to the holders of its preferred and ordinary shares. As a result of those distributions by New SAC to holders of its preferred shares in connection with our initial public offering, Seagate Technology HDD Holdings became obligated to

Table of Contents

make payments of approximately \$147 million to participants of its deferred compensation plan, including named executive officers. Those payments were made following the closing of our initial public offering, thereby satisfying all remaining obligations under the deferred compensation plan.

Director and Officer Indemnification and Insurance. As part of the November 2000 transactions, New SAC agreed to fulfill the indemnification obligations of Seagate Delaware and all of its subsidiaries acquired in the November 2000 transactions and to maintain liability insurance for the directors and officers of those entities. As a consequence, our charter documents include indemnification and exculpation clauses similar to those formerly contained in Seagate Delaware's charter documents, and the premiums for our directors' and officers' liability insurance policies are paid by New SAC. We, New SAC, Certance Holdings and Seagate Software (Cayman) Holdings have also entered into indemnification agreements with our directors and officers. See the "Certain Relationships and Related Transactions - Indemnification of Directors and Officers" section of this proxy statement.

Board of Directors Compensation

In connection with our initial public offering, the Board of Directors adopted a compensation policy pursuant to which each non-management director will be granted options to purchase 100,000 of our common shares at fair market value as at the date of grant upon election to the Board of Directors. These options will vest over a period of four years from the date of grant. Upon re-election to the Board of Directors each year, each non-management director will be granted options to purchase 25,000 of our common shares at fair market value as at the date of grant. These options will vest over a period of four years from the date of grant. Each of our non-management directors will also receive annual cash compensation of \$50,000 (payable in equal quarterly installments). In addition, effective April 28, 2003, the board member who serves as chairman of the Audit Committee (currently Mr. Kiernan) will receive an additional annual cash retainer of \$50,000 (payable in equal quarterly installments). All members of our Board of Directors are reimbursed for their reasonable out-of-pocket travel expenses incurred in attending meetings of the Board of Directors and its committees; no additional compensation is provided for attendance at board or committee meetings. These provisions are subject to change by our Board of Directors.

Compensation Committee Interlocks and Insider Participation

The members of the Compensation Committee during fiscal year 2003 were Messrs. Bonderman, Davidson and Roux. Mr. Roux resigned as a director of Seagate Technology on July 2, 2003. Mr. Marquardt was appointed to the Compensation Committee on July 28, 2003. None of these individuals were officers or employees of Seagate Technology or any of its subsidiaries or its parent, New SAC, at any time during the fiscal year ended June 27, 2003, nor have any of these individuals ever been an officer of Seagate Technology or any of its subsidiaries. During the fiscal year ended June 27, 2003 Mr. Waite, our Executive Vice President and Chief Administrative Officer, was the chairman of the compensation committee and an executive officer of Certance Holdings (an affiliate of Seagate Technology), of which Mr. Luczo, our Chief Executive Officer and Chairman of the Board of Directors and Mr. Watkins, our President, Chief Operating Officer and one of our directors, also served as directors and as executive officers. Other than Mr. Waite, no executive officers of Seagate Technology served on the compensation committee of another entity, or as a director of an entity, that employs any of the members of the Compensation Committee, during fiscal year 2003. Messrs. Luczo and Watkins ceased to be directors and officers of Certance Holdings during the second half of fiscal year 2003.

Messrs. Davidson and Roux are principals of Silver Lake Partners, Mr. Bonderman is a principal of Texas Pacific Group and Mr. Marquardt is a principal of August Capital. Silver Lake Partners, Texas Pacific Group and August Capital are members of our sponsor group and are parties to various agreements with Seagate Technology. Seagate Technology has entered into a tax allocation agreement with certain of its affiliates, including Certance Holdings, and into an agreement with Certance Holdings regarding the discontinuation by it of the use of the Seagate brand and logo. These agreements are described in more detail under the heading "Certain Relationships and Related Transactions" on page 39.

REPORT OF THE COMPENSATION COMMITTEE ON EXECUTIVE COMPENSATION

The Compensation Committee of the Board of Directors reviews and approves the remuneration for the executive officers of Seagate Technology. The following is the report of the Compensation Committee describing the remuneration policies applicable to Seagate Technology's executive officers, including our Chief Executive Officer, and the decisions made by the Compensation Committee with respect to the remuneration paid to our executive officers for the fiscal year ended June 27, 2003.

Basis for Executive Compensation

Seagate Technology's executive remuneration is designed (i) to provide competitive levels of overall remuneration in order to attract and retain high performing qualified executives, (ii) to motivate executive officers to achieve the company's business objectives, (iii) to reward executive officers for their achievements on behalf of the company, and (iv) to align executive remuneration with long-term increases in shareholder value. To support these goals, the Compensation Committee and the Board of Directors have established an executive remuneration program primarily consisting of three integrated components: base salary; performance-based awards; and stock options. The Compensation Committee's decisions concerning the specific compensation elements for individual executive officers, including the CEO, for the fiscal year ended June 27, 2003 were made within this framework.

Base Salary. Base salary is paid for ongoing performance throughout the year. The base salary component of each executive's total remuneration, including the base salary of our CEO, is designed to be competitive and fall within approximately the 75th percentile for similar companies in terms of industry group, technology, complexity and company size based on revenue.

The Compensation Committee, on behalf of the Board of Directors, exercises its discretion in determining individual salary amounts for executive officers and does not apply any specific formula. The Compensation Committee relies on extensive competitive analyses, including three published national pay surveys and proxy statement pay comparisons for similar companies in the comparative category as described above. Several of the companies on which the Compensation Committee focused as comparisons for this purpose are also companies that are included in the Dow Jones US Computers Index, which index is used in the Performance Graph included in this proxy statement. Generally, our executive officers' salaries, including the CEO's, are reviewed on an annual basis; however, salary action is taken only when indicated by market data or individual performance.

Performance-Based Awards. All of our executive officers, including the CEO, participate in Seagate Technology's Performance-Based Executive Remuneration Plan (the "Remuneration Plan"). Awards under the Remuneration Plan are intended to reflect the Compensation Committee's belief that a significant portion of the annual remuneration of each executive officer should be contingent upon the financial performance and the achievement of key goals of Seagate Technology, as well as the individual contribution of each executive officer. The Compensation Committee's objective in granting awards under the Remuneration Plan is to create a performance-based means of compensation that, when combined with their base salaries, will provide executive officers with total annual remuneration in the upper quartile of the competitive market if the specified performance goals are met or exceeded.

The Remuneration Plan is funded based on the achievement by Seagate Technology of certain financial goals. If the financial goals of the company are met or exceeded, the Compensation Committee allocates portions of the earned Remuneration Plan fund among individual executive officers based on each individual's relative contributions to the company's performance, including his or her attainment of pre-determined individual goals.

Edgar Filing: SEAGATE TECHNOLOGY - Form DEF 14A

For the fiscal year ended June 27, 2003, the sole criterion established by the Compensation Committee to determine the funding of the Remuneration Plan was the achievement by Seagate Technology of a level of earnings before income taxes, depreciation and amortization (EBITDA) established by the Compensation

Table of Contents

Committee. The Committee established no other Company performance goals for the purposes of funding the Remuneration Plan. In the fiscal year ended June 27, 2003, Seagate Technology's actual EBITDA exceeded the target EBITDA established by the Compensation Committee. As a result, executive officers were awarded performance-based compensation under the Remuneration Plan for fiscal year 2003, determined on an individual basis for each executive officer in accordance with the criteria set forth above.

In addition, in fiscal year 2003, the Compensation Committee set aside an additional pool of \$2,000,000 for Messrs. Luczo, Watkins and Pope for the purpose of discretionary performance bonuses. As a result of the achievements of Seagate Technology in fiscal year 2003, including the successful public offering of the company's equity securities and the performance of the company's common stock in the public market thereafter, the Compensation Committee awarded discretionary performance bonuses to each of these three executives, in the aggregate amount of the entire discretionary bonus pool.

Stock Options. The Compensation Committee believes that the grant of stock options to executive officers creates a direct link between executive remuneration and long-term increases in shareholder value. The Compensation Committee believes that stock option grants provide incentives that focus the executive officers' attention on managing the Company from the perspective of an owner with an equity stake in the business. Options are subject to periodic vesting provisions to encourage executive officers to remain employed with the Company. The Compensation Committee has established option grant guidelines to be used to determine the size and timing of the option grants for executive officers other than the CEO and Chief Operating Officer; awards for the CEO and COO are made at the discretion of the Board of Directors and the Compensation Committee. The guidelines take into account option grant values for similar positions at comparison companies. In addition to the guidelines, and in the case of awards to the CEO and the COO, the Compensation Committee considers the individual executive's contributions to the Company's success, past option grant history, the number of unvested options held by the executive, the Compensation Committee's judgment with respect to the individual's impact on shareholder value and the need for a retention incentive. Stock options are granted only when the Compensation Committee determines they are warranted.

Basis for Chief Executive Officer Compensation

The compensation package for our CEO in the fiscal year ended June 27, 2003 included only the base salary and performance-based award components described above. Mr. Luczo did not receive an option grant during fiscal year 2003 because the Compensation Committee determined, with Mr. Luczo's support and concurrence and consistent with the practice of the preceding year, that in light of Mr. Luczo's substantial ownership of the stock of Seagate Technology and its affiliates and the limited remaining reserve of the 2001 Share Option Plan, Mr. Luczo would not receive a stock option grant in this fiscal year. The actual compensation paid to Mr. Luczo is described in the section of this proxy entitled "Compensation of Executive Officers and Directors." The Compensation Committee considers the total remuneration provided to the CEO in fiscal year 2003 appropriate, based on his role in leading Seagate Technology to outstanding financial results in an extremely challenging global economic environment, in further establishing the company's position as a leader in the industry and developing and retaining a high performing and cohesive management team, and in strengthening the company's customer relationships.

Impact of Section 162(m) of the Internal Revenue Code

The Compensation Committee has considered the potential impact of Section 162(m) of the Code on the compensation paid to the Company's executive officers. Section 162(m) disallows a tax deduction for any publicly held corporation or its subsidiaries for individual compensation exceeding \$1 million in any taxable year for any of the named executive officers, including the CEO, unless compensation is considered performance-based. In general, it is Seagate Technology's policy to qualify its executives' compensation for deductibility under applicable tax laws. Seagate Technology's executive remuneration plans and its 2001 Share Option Plan were adopted by the company prior to its initial public offering in December 2002. Pursuant to certain reliance

Table of Contents

period exceptions granted under the Section 162(m) regulations for executive remuneration plans that existed during the period in which the company was not publicly held, Seagate Technology believes that the Section 162(m) disallowance provisions are generally not applicable to corporate tax deductions claimed for compensation paid pursuant to such plans or otherwise, with the exception of the additional discretionary bonuses paid to Messrs. Luczo, Watkins and Pope described above.

In approving the amount and form of compensation for the Company's executive officers, the Compensation Committee will continue to consider all elements of the cost to the Company of providing such compensation, including the potential impact of Section 162(m).

Respectfully submitted,

THE COMPENSATION COMMITTEE

James A. Davidson, Chairman

David Bonderman

David F. Marquardt⁽¹⁾

(1) Mr. Marquardt was appointed to the Compensation Committee on July 28, 2003. As a result Mr. Marquardt only participated in the deliberations of the Compensation Committee with respect to whether bonuses were earned by the executive officers, including the named executive officers, for fiscal year 2003.

Table of Contents**PERFORMANCE GRAPH**

The performance graph below shows the cumulative total shareholder return on our common shares for the period starting on December 11, 2002, which was the initial trading date of the common shares, to June 30, 2003. This is compared with the cumulative total return of the Standard & Poor's 500 Stock Index and the Dow Jones US Computers Index over the same period. The graph assumes that on December 11, 2002, \$100 was invested in our common shares and \$100 was invested in each of the other two indices, with dividends reinvested on the date of payment without payment of any commissions. Table of Contents**HISTORICAL TRANSACTIONS****November 2000 Transactions**

We are the successor to the rigid disc drive and storage area networks divisions of Seagate Technology, Inc. (which we refer to as Seagate Delaware throughout this proxy statement) that were acquired by New SAC, an exempted limited liability company organized under the laws of the Cayman Islands, in November 2000. In the series of transactions that took place in November 2000 our sponsor group contributed approximately \$875 million for ordinary and preferred shares of New SAC. New SAC used these proceeds, together with borrowings, to acquire the rigid disc drive and storage area networks divisions of Seagate Delaware for \$1.684 billion. In addition, certain officers of Seagate Delaware, which we refer to as the management group, converted a portion of their restricted shares of Seagate Delaware common stock and unvested options to acquire Seagate Delaware common stock, valued at approximately \$184 million, into deferred compensation plan interests and restricted ordinary and preferred shares of New SAC. We refer to the conversion of the management group's common stock and options in Seagate Delaware as the management rollover. For ease of reference, we refer to these transactions as the November 2000 transactions throughout this proxy statement. The sponsors and our management's ownership of New SAC is subject to a shareholders agreement and other arrangements that result in the sponsors and our management acting as a group with respect to all matters submitted to our shareholders. See Certain Relationships and Related Transactions New SAC Shareholders Agreement, and New SAC Management Shareholders Agreement starting on page 39 for more information regarding these agreements. The November 2000 transactions are described more fully below.

Stock Purchase and Merger Agreements. Among the series of transactions that closed in November 2000, Seagate Delaware and one of its subsidiaries, Seagate Software Holdings, Inc., entered into a stock purchase agreement with Suez Acquisition Company. Under the stock purchase agreement, Suez Acquisition Company agreed to purchase all of the capital stock of Seagate Delaware's operating subsidiaries. Suez Acquisition Company's rights under the stock purchase agreement were subsequently assigned to New SAC, our parent company. At the same time that Seagate Delaware entered into the stock purchase agreement, Seagate Delaware and VERITAS Software Corporation entered into an agreement and plan of merger and reorganization, under which VERITAS agreed to acquire the remainder of Seagate Delaware by way of a reverse triangular merger, which is referred to as the VERITAS Merger throughout this proxy statement. The consideration received by Seagate Delaware's stockholders in the merger consisted of VERITAS stock, cash and an interest in specified tax refunds that are attributable to Seagate Delaware.

Indemnification Agreement. Under an indemnification agreement entered into in connection with the November 2000 transactions, New SAC and its subsidiaries are required to indemnify VERITAS and its affiliates for specified liabilities of Seagate Delaware and Seagate Software Holdings, Inc., a subsidiary of Seagate Delaware acquired by VERITAS in the VERITAS Merger, including periods prior to the closing of the November 2000 transactions. In return, VERITAS, Seagate Delaware and their affiliates agreed to indemnify New SAC and its subsidiaries for specified liabilities, including all taxes of Seagate Delaware for which New SAC is not obligated to indemnify VERITAS and its affiliates. In July 2002, we and those of our affiliates that are parties to the indemnification agreement entered into a reimbursement agreement that allocates the respective liabilities and obligations under the indemnification agreement. See Certain Relationships and Related Transactions Indemnification Agreement on page 43 for more information regarding this agreement.

Management Rollover. In connection with the November 2000 transactions, approximately 100 members of Seagate Delaware's management group entered into rollover agreements under which they agreed not to receive merger consideration consisting of VERITAS stock and cash in respect of a portion of their unvested, restricted shares of Seagate Delaware's common stock and unvested options to purchase those shares. The aggregate value of this foregone consideration was approximately \$184 million. Instead of receiving this merger consideration, members of the management group received restricted ordinary and preferred shares of New SAC granted under New SAC's 2000 Restricted Share Plan, adopted by the board of directors of New SAC at the

Table of Contents

closing of the November 2000 transactions, and participation interests in our deferred compensation plan. The restricted ordinary and preferred shares granted under the 2000 Restricted Share Plan vested as follows:

one-third of the shares vested on November 22, 2001;

one-third of the shares vested proportionately each month over the 18 months following November 22, 2001; and

the final one-third vested on May 22, 2003.

In addition, at the closing of the November 2000 transactions certain individuals purchased additional ordinary and preferred shares of New SAC for approximately \$41 million in cash. Of this \$41 million of shares, approximately \$21 million was purchased by members of the management group.

Following the closing of the November 2000 transactions, the board of directors of New SAC approved the 2001 Restricted Share Plan, which provides for the grant of restricted ordinary shares of New SAC and allows for the award of grants to management, employees, directors and consultants of New SAC and its affiliates. New SAC has issued 483,523 restricted ordinary shares under this plan. Restricted shares granted under the 2001 Restricted Share Plan vest as follows:

25% of the shares will vest on the first anniversary of the vesting commencement date; and

75% of the shares will vest proportionately each month over the 36 months following the first anniversary of the vesting commencement date.

New SAC redeemed all of its outstanding preferred shares as of March 14, 2003. As of June 27, 2003 there were 2,255,920 restricted ordinary shares outstanding under both the 2000 and 2001 Restricted Share Plans.

In connection with the management rollover, and in addition to the grant of restricted ordinary and preferred shares of New SAC, members of the management group received approximately \$179 million of interests in deferred compensation plans adopted by our wholly-owned subsidiaries. Each member of the management group received an interest in one of the plans, with the substantial majority of the members receiving interests in the Seagate Technology HDD Holdings plan. At inception, the interests in the deferred compensation plan were subject to multi-year vesting.

In May 2002, we made \$32 million in payments to participants in the deferred compensation plan. On June 19, 2002, the board of directors accelerated vesting of all deferred compensation interests under the terms of the plan. As a result of certain distributions by New SAC to holders of its preferred shares in connection with our initial public offering, Seagate Technology HDD Holdings became obligated to make payments of approximately \$147 million to participants of its deferred compensation plan, including named executive officers. Those payments were made following the closing of our initial public offering, thereby satisfying all remaining obligations under the deferred compensation plan. See

Compensation of Executive Officers and Directors Employment Agreements and Other Agreements Rollover Agreements and Deferred Compensation Plans on page 23 for more information regarding these arrangements.

The 2002 Refinancing

In May 2002, we refinanced all of our then outstanding indebtedness in a series of transactions that consisted of:

the repurchase of all of our \$210 million principal amount 12½% senior subordinated notes due 2007;

the issuance and private placement of \$400 million in aggregate principal amount of 8% senior notes due 2009 by our subsidiary, Seagate Technology HDD Holdings, and our unconditional guarantee, on a senior unsecured basis, of such notes (for ease of reference, we refer to these notes as our 8% senior notes throughout this proxy statement);

the repayment of approximately \$673 million under our previously existing senior secured credit facilities;

Table of Contents

the entry by Seagate Technology HDD Holdings and Seagate Technology (US) Holdings, our indirect subsidiary, into new senior secured credit facilities, which consist of:

a \$350 million term loan facility that has been drawn in full, and

a \$150 million revolving credit facility, of which \$31 million had been used for outstanding letters of credit and bankers guarantees as of June 27, 2003,

(for ease of reference we refer to these new credit facilities as our senior secured credit facilities throughout this proxy statement);

the distribution of approximately \$167 million to our existing shareholders, consisting of New SAC and employees who had exercised options granted under our share option plan; and

the payment of approximately \$32 million to deferred compensation plan participants, consisting of members of the management group.

For ease of reference, we refer to these refinancing transactions as the 2002 refinancing throughout this proxy statement.

Our Initial Public Offering

On December 13, 2002, we completed the initial public offering of 72,500,000 of our common shares, 24,000,000 of which were sold by us and 48,500,000 of which were sold by New SAC, our parent company, as selling shareholder, at a price of \$12 per share. We received proceeds from our sale of the 24,000,000 newly issued common shares of approximately \$270 million after deducting underwriting fees, discounts and commissions. In connection with our initial public offering, all previously outstanding shares of preferred stock aggregating 400 million shares were converted by New SAC into our common stock. Immediately prior to the closing of our initial public offering, we paid a return of capital distribution of \$262 million, or \$0.65 per share, to the holders of our then-outstanding shares, including New SAC. We also paid a lump sum of approximately \$12 million to members of our sponsor group in exchange for the discontinuation of an annual monitoring fee of \$2 million. See Certain Relationships and Related Transactions Monitoring, Consulting and Financial Service Fees on page 43.

New SAC received proceeds of approximately \$557 million from the sale of 48,500,000 common shares in our initial public offering, after deducting underwriting discounts and commissions. New SAC distributed these net proceeds, together with the proceeds from the distribution described above, to holders of its preferred and ordinary shares. As a result of the distribution to New SAC's preferred shareholders, our wholly-owned subsidiary, Seagate Technology HDD Holdings, became obligated to make payments of approximately \$147 million to the participants in its deferred compensation plan. These payments were made following the closing of our initial public offering, and as a consequence there are no longer any outstanding obligations under that deferred compensation plan. See Compensation of Executive Officers and Directors Employment Agreements and Other Agreements Rollover Agreements and Deferred Compensation Plans on page 23.

Our Secondary Public Offering

Edgar Filing: SEAGATE TECHNOLOGY - Form DEF 14A

Under the Seagate Technology Shareholders Agreement New SAC has demand registration rights to request from time to time that we register and sell shares of our common stock held by New SAC. New SAC exercised this right and on July 30, 2003, we completed the secondary public offering of 69,000,000 of our common shares, including 9,000,000 shares subject to the over-allotment option, all of which were sold by New SAC, as selling shareholder, at a price of \$18.75 per share. New SAC received proceeds of approximately \$1.3 billion, after deducting underwriting discounts and commissions of approximately \$39 million. We incurred direct expenses aggregating approximately \$1 million related to the offering. New SAC distributed its net proceeds to holders of its ordinary shares including approximately \$245 million distributed to our officers and employees who hold ordinary shares of New SAC.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

New SAC Shareholders Agreement

As of the date of the closing of the November 2000 transactions, our parent company, New SAC, entered into a shareholders agreement with our sponsor group and specified members of our management. The New SAC shareholders agreement will terminate in the event that 50% or more of New SAC's shares are sold or distributed to the public or are actively traded on a national securities exchange.

Corporate Governance. New SAC's board of directors consists of nine members, three of whom are designated by Silver Lake Partners, two of whom are designated by Texas Pacific Group, one of whom is an executive officer of New SAC whose appointment is reasonably acceptable to a majority of the directors, one of whom is an independent director proposed by Silver Lake Partners, approved by Texas Pacific Group and reasonably acceptable to a majority of the directors, one of whom is the chief executive officer of New SAC and one of whom is a director elected pursuant to the provisions of New SAC's governing documents. The consent of at least seven members of New SAC's board of directors is required before New SAC may voluntarily commence a bankruptcy proceeding, enter into a material business combination, sell a material amount of assets, enter into a material transaction with a member of our sponsor group or any of its affiliates, authorize, issue or sell equity securities or options or warrants to purchase equity securities, pay dividends or redeem equity securities or amend its memorandum and articles of association. Accordingly, our ability to engage in some transactions requiring shareholder approval will effectively be limited without the consent of specified members of our sponsor group. In addition, the consent of eight directors is required to increase or decrease the size of New SAC's board, and the consent of seven directors is required for the exercise of the drag-along rights described below, and the consent of at least five directors, with no management directors participating, is required to terminate the chief executive officer of New SAC or appoint a replacement for that position.

Preemptive Rights. The parties to the New SAC shareholders agreement have preemptive rights allowing them to acquire for cash, in proportion to their respective shareholdings in New SAC, additional securities proposed to be issued and sold by New SAC, excluding shares issued upon the exercise of outstanding options granted under employee benefit plans or similar arrangements. If a shareholder fails to exercise its preemptive rights, New SAC has the right to sell these additional securities.

Transfer Restrictions; Tag-Along Rights; Drag-Along Rights. No party to the New SAC shareholders agreement is permitted to sell, transfer or otherwise dispose of any of New SAC's shares until the earlier of November 22, 2003 or 180 days after an initial public offering of New SAC, without the prior consent of both Silver Lake Partners and Texas Pacific Group, subject to customary exceptions. After the earlier of November 22, 2003 or 180 days after the initial public offering of New SAC, each shareholder party to the agreement will have a right of first offer to acquire any New SAC shares that another shareholder party to the New SAC shareholders agreement proposes to sell or otherwise transfer, and any third-party buyer will be subject to approval of New SAC's board of directors, excluding those directors affiliated with the transferring shareholder. In addition, each shareholder party to the New SAC shareholders agreement and each member of the management group has customary tag-along rights, which are the rights to include its shares, on the same terms and conditions, in any sale by a shareholder party to the agreement to a third party, on a proportional basis based on relative ownership levels at that time. Finally, beginning after the earlier of November 22, 2003 or 180 days after an initial public offering of New SAC, any shareholders party to the New SAC shareholders agreement holding a majority of the outstanding shares of New SAC will also have drag-along rights, meaning that if such shareholder or shareholders receive an offer from a third party to purchase a majority of New SAC's outstanding shares or enter into a business combination, such shareholder or shareholders will have the right to cause New SAC's other shareholders to join in the sale or business combination on the same terms and conditions.

Registration Rights. Subject to specified limitations, New SAC agreed in the New SAC shareholders agreement to include its shares owned by the shareholders party to the New SAC shareholders agreement, on a

Table of Contents

proportional basis, in any public offering, other than the initial public offering of its shares, by granting all shareholders party to the agreement unlimited piggyback registration rights, shareholders holding at least 20% of New SAC's outstanding shares three demand registrations, and any single shareholder holding at least 10% of New SAC's outstanding shares one demand registration right with respect to that shareholder. In addition, subject to certain conditions, all shareholders party to the New SAC shareholders agreement have an unlimited number of registration rights on Form S-3. New SAC has agreed to pay all registration expenses relating to these registrations and to indemnify the selling shareholders.

Distribution Upon Initial Public Offering of Certain Subsidiaries; New Shareholders Agreement. At any time 190 days after the initial public offering of the shares of designated subsidiaries of New SAC, excluding us, Silver Lake Partners or Texas Pacific Group, or both, can require that New SAC distribute to its shareholders who are parties to the New SAC shareholders agreement the remaining shares of the newly public subsidiary held by New SAC. Under the terms of the New SAC shareholders agreement, upon the distribution of a newly public subsidiary's shares pursuant to this provision, the newly public subsidiary is required to enter into a new agreement with the shareholders of New SAC who are parties to the New SAC shareholders agreement, on substantially the same terms as the New SAC shareholders agreement. Although this provision would have allowed Silver Lake Partners or Texas Pacific Group, or both, to cause a distribution of our common shares held by New SAC at any time after June 21, 2003, in connection with our initial public offering, Silver Lake Partners and Texas Pacific Group agreed not to exercise this right in the future. Instead, members of our sponsor group have entered into a new agreement, the material terms of which are summarized below. See Seagate Technology Shareholders Agreement.

New SAC Management Shareholders Agreement

On the closing of the November 2000 transactions, New SAC entered into a management shareholders agreement with members of the management group. After the closing of the November 2000 transactions, other senior officers and employees of New SAC, who were granted shares or options to purchase shares, were required to join the New SAC management shareholders agreement. We refer to the members of the management group and these other persons as management shareholders. The New SAC management shareholders agreement, except for specified provisions relating to piggyback registration rights, will terminate when at least 50% of New SAC's issued and outstanding ordinary shares have been sold or distributed to the public or are actively traded on a national securities exchange or interdealer quotation system.

Transfer Restrictions. Under the New SAC management shareholders agreement, each management shareholder agreed, subject to customary exceptions, not to transfer any shares of New SAC acquired in connection with the November 2000 transactions prior to the earliest to occur of the sale of at least 15% of New SAC's outstanding ordinary shares or the sale of New SAC ordinary shares that results in gross proceeds of at least \$250 million in a qualified public offering, a change of control of New SAC, or November 22, 2005 for certain specified management shareholders who are senior managers of New SAC and November 22, 2002 for other management shareholders.

Tag-Along Rights. Prior to a qualified public offering, management shareholders will have the tag-along rights that are provided in the New SAC shareholders agreement as detailed above, but only with respect to unrestricted and vested ordinary shares of New SAC.

Drag-Along Rights. If any shareholders of New SAC party to the shareholders agreement holding a majority of the outstanding shares of New SAC receive an offer from a third party to purchase at least a majority of New SAC's outstanding ordinary shares, and such shareholder or shareholders decide to accept that offer, then the management shareholders will be required to transfer a proportionate number of their vested preferred and ordinary shares of New SAC in that sale.

Table of Contents

Right of First Refusal. If, following the earliest to occur of a qualified public offering of New SAC, a change of control of New SAC and the fifth anniversary (with respect to management shareholders who are senior managers of New SAC) or the second anniversary (with respect to other management shareholders) of the closing of the November 2000 transactions, but prior to an initial public offering of New SAC, a management shareholder receives an offer from a third party to purchase any of his unrestricted and vested ordinary or preferred shares of New SAC, then New SAC will have the right of first refusal to purchase all such shares on substantially the same terms and conditions.

Call Rights. If the employment of a management shareholder terminates for any reason prior to the fifth anniversary (with respect to management shareholders who are senior managers of New SAC) or the second anniversary (with respect to other management shareholders) of the closing of the November 2000 transactions, New SAC will have the option, for 60 days, to purchase any ordinary or preferred shares of New SAC held by that individual. If New SAC does not exercise that option within the 60-day period, then the members of our sponsor group and management shareholders who are our senior managers will have the same call right for 30 days.

Piggyback Registration Rights. Each management shareholder will have the piggyback registration rights and the demand registration rights on Form S-3 contained in the shareholders agreement as detailed above.

Distribution Upon Initial Public Offering of Certain Subsidiaries; New Management Shareholders Agreement. If Silver Lake Partners and/or Texas Pacific Group require New SAC to make a distribution of a newly public subsidiary's shares, upon the occurrence of that distribution the newly public subsidiary of New SAC is required to enter into a new agreement with the management shareholders, on substantially the same terms as the management shareholders agreement. Such new management shareholders agreement would give the management shareholders all of the same rights discussed above, in respect of the newly public subsidiary of New SAC. Silver Lake Partners and Texas Pacific Group have agreed not to exercise this right in the future and, accordingly, we do not intend to enter into an agreement with the management shareholders. However, under the Seagate Technology Shareholders Agreement, we have agreed to grant the management shareholders limited registration rights with respect to our shares. See Seagate Technology Shareholders Agreement.

Seagate Technology Shareholders Agreement

The Seagate Technology Shareholders Agreement, the principal terms of which are summarized below, became effective upon the closing of our initial public offering on December 13, 2002 and, except as discussed below, will terminate in the event that 50% or more of our shares are sold or distributed to the public or are actively traded on a national securities exchange.

Corporate Governance. The Seagate Technology Shareholders Agreement provides for a Board of Directors of eleven members, four of whom are additional directors nominated by our Nominating and Corporate Governance Committee and approved by a majority of the Board of Directors (other than the additional directors), three of whom are designated by Silver Lake Partners, two of whom are designated by Texas Pacific Group, one of whom is a management director and one of whom is our Chief Executive Officer. The consent of at least seven members of our Board of Directors will be required before we may voluntarily commence a bankruptcy proceeding, enter into a business combination with any entity with consolidated assets that exceed 15% of our consolidated assets, sell assets in excess of 15% of our consolidated assets, authorize, issue or sell our equity securities or options or warrants to purchase our equity securities in excess of 15% of our outstanding shares, pay dividends in excess of 15% of our net income in the prior fiscal year, redeem equity securities in excess of 5% of our shareholders' equity or amend our memorandum and articles of association. Accordingly, members of our sponsor group, acting together, may limit our ability to engage in transactions requiring shareholder approval or the approval of our Board of Directors. In addition, the consent of at least ten directors is required to increase or decrease the size of our Board of Directors, and the consent of at least seven directors, other than the Chief Executive Officer and the other management director participating, is required to terminate

Table of Contents

our Chief Executive Officer or appoint a replacement for that position. Notwithstanding these provisions, the parties to the Seagate Technology Shareholders Agreement have agreed that the composition and operation of our Board of Directors will be revised as necessary to permit us to comply with applicable law and the rules of the New York Stock Exchange. The provisions relating to the composition and operation of our Board of Directors will terminate upon the earlier of the termination of the Seagate Technology Shareholders Agreement or the date on which we are no longer entitled to the controlled company exception under the proposed rules of the New York Stock Exchange.

Transfer Restrictions; Tag-Along Rights. New SAC may not transfer any of our shares until June 14, 2004 without the prior consent of Silver Lake Partners, Texas Pacific Group and our Chief Executive Officer. In addition, without the consent of Silver Lake Partners and Texas Pacific Group none of Stephen J. Luczo, our Chief Executive Officer, William D. Watkins, our president and chief operating officer, or Charles C. Pope, our executive vice president and chief financial officer, may transfer any of our shares that they acquire through the exercise of employee stock options (other than the same day sales of such number of shares which generates net sales proceeds equal to the exercise price and tax obligations generated by such exercise) until the earlier of June 14, 2004, the date New SAC transfers any of our shares or the termination of their employment. Between June 14, 2004 and December 14, 2006, New SAC will distribute all or part of our shares held by New SAC to the New SAC shareholders upon the request of either Silver Lake Partners or Texas Pacific Group. After December 14, 2006, any member of our sponsor group may request that New SAC distribute all of our shares that it continues to hold, if any, to New SAC's shareholders. In no event will New SAC make more than one distribution in any three-month period. Each of Silver Lake Partners, Texas Pacific Group, August Capital and Integral Capital Partners have customary tag-along rights with respect to any transfer by Silver Lake Partners, Texas Pacific Group or August Capital of shares representing 3% of our outstanding common shares.

Registration Rights. Subject to specified limitations, we have agreed to include any of our common shares owned by New SAC or any shareholder of New SAC, on a proportional basis, in any public offering of our common shares that takes place after June 12, 2003, by granting these persons unlimited piggyback registration rights, granting New SAC six demand registrations, granting each of Silver Lake Partners and Texas Pacific Group three demand registrations and granting August Capital one demand registration. In addition, after June 14, 2004, if our shares are held by New SAC, any of Silver Lake Partners, Texas Pacific Group or August Capital may exercise their demand rights by requiring that New SAC register any of our shares held by it.

Distributions Made In Connection With Our Initial Public Offering

Prior to the closing of our initial public offering, the following transactions were completed and the following funds were transferred. First, Seagate Technology International repaid an outstanding loan to Seagate Technology HDD Holdings in the amount of approximately \$316 million. Second, Seagate Technology HDD Holdings distributed a return of share premium of approximately \$334 million to us. Third, we distributed an aggregate of approximately \$262 million, or approximately \$0.65 per share, in distributions:

approximately \$259 million of which was distributed to New SAC as the holder of 400 million of our Series A preferred shares; and

approximately \$3 million of which was distributed to employees who held our common shares as of a December 6, 2002 record date.

Upon the closing of our initial public offering, our 400 million Series A preferred shares automatically converted into 400 million common shares and the underwriters transferred net primary proceeds of approximately \$276 million to us and net secondary proceeds of approximately \$557 million to New SAC as the selling shareholder.

Edgar Filing: SEAGATE TECHNOLOGY - Form DEF 14A

After the closing of our initial public offering, New SAC distributed an aggregate of approximately \$754 million to its preferred shareholders and an aggregate of approximately \$62 million to its ordinary shareholders.

As a consequence of these distributions, approximately \$147 million become due to participants in the deferred compensation plans maintained by our subsidiaries, Seagate Technology HDD Holdings and Seagate Technology SAN Holdings, which amount was fully paid after the closing of our initial public offering.

Monitoring, Consulting and Financial Service Fees

On the closing of the November 2000 transactions, our sponsor group was paid a consulting and financial advisory fee of \$40 million. In addition, since the November 2000 transactions we have paid an annual fee of \$2 million to Silver Lake Partners, Texas Pacific Group and August Capital, which has been shared among them, in exchange for the monitoring, management, business strategy, consulting and financial services that they provide. In connection with the closing of our initial public offering, we paid Silver Lake Partners, Texas Pacific Group and August Capital a lump sum of \$12 million, which was shared among them, in exchange for the discontinuation of the annual monitoring fee of \$2 million. However, we continue to reimburse Silver Lake Partners for the fees and expenses incurred by them in providing us with specific consulting and financial services. During fiscal year 2003 no such reimbursements were required to be made. Silver Lake Partners owns shares of New SAC representing approximately 31.8% of New SAC's total outstanding ordinary shares, and three of New SAC's board of directors (Messrs. Roux, Davidson and Hutchins) and three members of our Board of Directors (Messrs. Davidson, Hutchins and Zander) are principals of Silver Lake Partners. Texas Pacific Group owns shares of New SAC representing approximately 22.1% of New SAC's total outstanding ordinary shares, and two of New SAC's and our board members (Messrs. Bonderman and Coulter) are principals of Texas Pacific Group. August Capital owns shares of New SAC representing approximately 11.4% of New SAC's total outstanding ordinary shares, and one of New SAC's and our board members (Mr. Marquardt) is a co-founder of August Capital.

Indemnification Agreement

In connection with the stock purchase agreement and the merger agreement described in *Historical Transactions* November 2000 Transactions, on March 29, 2000, New SAC entered into an indemnification agreement with Seagate Delaware and VERITAS. Under the indemnification agreement, New SAC and its subsidiaries jointly and severally agreed to indemnify Seagate Delaware and VERITAS and their affiliates from and against specified losses relating to taxes and other liabilities incurred as a result of the ownership and operation by Seagate Delaware and its predecessors or affiliates, other than VERITAS and its subsidiaries, of their businesses, properties and assets prior to, and certain conduct by New SAC and its affiliates after, the closing of the November 2000 transactions. In addition, Seagate Delaware, VERITAS and their affiliates jointly and severally agreed to indemnify New SAC and its subsidiaries from and against specified losses relating to taxes and other liabilities incurred as a result of their ownership and operation of their businesses, properties and assets prior to, and certain conduct by them after, the closing of the November 2000 transactions.

On the closing of the November 2000 transactions, VERITAS deposited \$150 million of cash into an escrow account. The escrow agreement permits New SAC to withdraw all or a portion of the escrowed funds to satisfy certain tax liabilities that were assumed by New SAC as part of the November 2000 transactions that relate to and for which New SAC will become liable, if at all, on completion of the tax audits of Seagate Delaware for those taxable periods beginning on or after July 1, 1999 and ending on or before the closing of the November 2000 transactions. To the extent that any part of the \$150 million is not utilized to satisfy these tax liabilities, it will be paid out to the former Seagate Delaware stockholders.

In July 2002, we and those of our affiliates that are parties to the indemnification agreement entered into a reimbursement agreement for the purpose of allocating the respective liabilities and obligations under the indemnification agreement among ourselves. Under the reimbursement agreement, if we and our affiliates become obligated to indemnify Seagate Delaware, VERITAS or any of their affiliates for tax liabilities under the indemnification agreement, Seagate Technology HDD Holdings will be responsible for the first \$125 million of the tax liabilities, and any amount exceeding \$125 million will then be allocated among Seagate Technology

Table of Contents

HDD Holdings, Seagate Technology SAN Holdings, Certance Holdings and Seagate Software (Cayman) Holdings on a pro rata basis in accordance with the portion of the purchase price allocated to each entity in connection with the November 2000 transactions. For indemnification obligations other than tax liabilities under the indemnification agreement, the entity that is responsible for causing the indemnification obligation will reimburse the entity that satisfies the obligation on behalf of the other indemnitors to the extent that the claim is attributable to the responsible entity.

Indemnification of Directors and Officers

Our articles of association provide for the indemnification of our directors and officers against liabilities that they may incur while discharging the duties of their offices. See Compensation of Executive Officers and Directors Employment and Other Agreements Director and Officer Indemnification and Insurance.

We have entered into indemnification agreements with our directors and officers, under which we agreed to indemnify our directors and officers to the fullest extent permitted by law, including indemnification against expenses and liabilities incurred in legal proceedings to which the director or officer was, or is threatened to be made, a party by reason of the fact that the director or officer is or was our director, officer, employee or agent, provided that the director or officer acted in good faith and in a manner that the director or officer reasonably believed to be in, or not opposed to, our best interest.

Transactions with Our Affiliates

Tax Allocation Agreement. Our U.S. subsidiaries are or were included in certain U.S. state unitary and combined returns with Certance (US) Holdings and Crystal Decisions, Inc., indirect subsidiaries of New SAC and our affiliates. We entered into a state tax allocation agreement with these New SAC affiliates effective as of November 23, 2000. Under the terms of the state tax allocation agreement, each company computes hypothetical tax returns (with certain modifications) as if the company was not included in combined returns with the other New SAC affiliates. Each company must pay the positive amount of any such hypothetical taxes. If the hypothetical tax returns show entitlement to refunds, including any refunds attributable to carrybacks, then the other New SAC affiliates will pay the company the amount of such refunds within 30 days of the close of the fiscal year the New SAC affiliate otherwise would have been able to utilize the net operating losses or tax credits on a separate return filing basis. As of September 26, 2003, there were no tax related amounts owed to or due from any New SAC affiliates.

Sale of XIOtech Corporation. On November 4, 2002, we sold XIOtech, one of our indirect subsidiaries, to New SAC. New SAC in turn sold 51% of XIOtech to a third party in a transaction in which XIOtech also sold newly issued shares to this third party. As a result, New SAC has retained an interest of less than 20% of XIOtech.

In consideration of our sale of XIOtech to New SAC, we received a \$32 million promissory note from New SAC. The amount of this promissory note was equal to the estimated fair value of XIOtech as of the date of the sale, net of intercompany indebtedness. This estimate as to fair value was based in part on the per share price paid by the third party investor to New SAC for XIOtech. Immediately after the sale of XIOtech to New SAC, we made an in-kind pro rata distribution of the entire promissory note to our existing shareholders, including New SAC, which at the time owned 99.4% of our outstanding shares. That portion of the promissory note distributed back to New SAC was cancelled, and New SAC immediately paid off the remaining 0.6% of the promissory note held by our minority shareholders. As a result of our sale of XIOtech, as of November 4, 2002, we no longer consolidate XIOtech's operations with our operations.

Edgar Filing: SEAGATE TECHNOLOGY - Form DEF 14A

Because New SAC at the time owned approximately 99.4% of our outstanding shares, our sale of XIOtech to New SAC was recorded as a distribution of an amount equal to the net book value of XIOtech rather than as a sale for the fair value of the note.

Table of Contents

In connection with our sale of XIOtech, we entered into a supply agreement dated November 4, 2002 under which XIOtech has the option to purchase rigid disc drives from us, and, based upon current and expected purchasing volumes, we expect to be one of XIOtech's largest suppliers. In addition, we agreed to other arrangements with XIOtech which, among other things, allow XIOtech to market itself as a Seagate affiliated company until November 2004. We also provided XIOtech with other transitional services at cost through March 2003, including the services of specified members of XIOtech's senior management, payroll, legal, tax, information technology and other administrative services. In addition, we also provided limited sales support functions to XIOtech through March 2003. The aggregate amount paid by XIOtech to us for these services during fiscal year 2003 was approximately \$32 million. We are also a guarantor on the real estate lease of XIOtech's corporate headquarters, which has annual rental payments of approximately \$1.4 million and expires in April 2007. Finally, XIOtech reimburses us for the cost (approximately \$428,000 per year) of renting certain facilities used by them pursuant to a lease agreement which expires in June 2006.

Rebranding of Removable Storage Solutions. We have entered into an agreement, effective as of October 24, 2002, with Seagate Removable Storage Solutions Holdings, a direct subsidiary of New SAC, pursuant to which it and its subsidiaries agreed to discontinue their use of the Seagate brand and logo. In exchange, we agreed to reimburse Seagate Removable Storage Solutions Holdings, which is now known as Certance Holdings, and its subsidiaries for up to \$1.5 million of out-of-pocket costs incurred in the course of rebranding their business. In fiscal year 2003 we reimbursed Certance Holdings for approximately \$900,000 of such expenses. As of September 26, 2003, Certance Holdings has invoiced us for approximately \$140,000 of such expenses relating to fiscal year 2004. During fiscal year 2003 Mr. Waite, our Executive Vice President and Chief Administrative Officer, was a director and an executive officer of Certance Holdings (an affiliate of Seagate Technology). Mr. Luczo, our Chief Executive Officer and Chairman of the Board of Directors, and Mr. Watkins, our President, Chief Operating Officer and one of our directors, also served as directors and as executive officers of Certance Holdings during fiscal year 2003. Messrs. Luczo and Watkins ceased to be directors and officers of Certance Holdings during the second half of fiscal year 2003.

Transactions Involving Our Management

Brian S. Dexheimer, who is one of our executive vice presidents, borrowed \$500,000 from Seagate Technology LLC pursuant to a promissory note dated October 10, 2000. The principal of, and the accrued but unpaid interest on, this note will be due and payable on October 10, 2005. Interest on this note accrues at a rate of 8% per year but will be forgiven every year so long as Mr. Dexheimer remains employed by Seagate Technology LLC. Additionally, \$83,333 of the principal of the note will be forgiven on the second, third and fourth anniversaries of the effective date of the note as long as Mr. Dexheimer remains employed by Seagate Technology LLC. In the event that Mr. Dexheimer voluntarily resigns or is terminated for cause before October 10, 2005, all of the unforgiven principal plus any accrued interest will become immediately due and payable. If, however, Mr. Dexheimer is terminated as a result of a reduction in workforce initiated by Seagate Technology LLC or becomes deceased, then the principal amount of the note will be due and payable on October 10, 2005 and all interest will be forgiven. As of September 26, 2003, \$416,667 of this loan was outstanding.

Jeremy Tennenbaum, who is one of our executive vice presidents, borrowed \$1.2 million from Seagate Technology LLC pursuant to a promissory note dated February 16, 2001. The principal of, and the accrued but unpaid interest on, this note will be due and payable on February 16, 2006. Interest on this note accrues at a rate of 8% per year but will be forgiven every year so long as Mr. Tennenbaum remains employed by Seagate Technology LLC. Additionally, \$200,000 of the principal of the note will be forgiven on the second, third and fourth anniversaries of the effective date of the note as long as he remains employed by Seagate Technology LLC. In the event that Mr. Tennenbaum voluntarily resigns or is terminated for cause before February 16, 2006, all of the unforgiven principal plus any accrued interest will become immediately due and payable. If, however, Mr. Tennenbaum is terminated as a result of a reduction in workforce initiated by Seagate Technology LLC or becomes deceased, then the principal of the note will be due and payable on February 20, 2006 and all interest will be forgiven. As of September 26, 2003, \$1.0 million of this loan was outstanding.

Patrick J. O Malley III, who is one of our senior vice presidents, borrowed \$500,000 from Seagate Technology LLC pursuant to a promissory note dated October 10, 2000. The principal of, and the accrued but unpaid interest on, this note will be due and payable on October 10, 2005. Interest on this note accrues at a rate of 8% per year but will be forgiven every year so long as Mr. O Malley remains employed by Seagate Technology LLC. Additionally, \$83,333 of the principal of the note will be forgiven on the second, third and fourth anniversaries of the effective date of the note as long as he remains employed by Seagate Technology LLC. In the event that Mr. O Malley voluntarily resigns or is terminated for cause before October 10, 2005, all of the unforgiven principal plus any accrued interest will become immediately due and payable. If, however, Mr. O Malley is terminated as a result of a reduction in workforce initiated by Seagate Technology LLC or becomes deceased, then the principal of the note will be due and payable on October 10, 2005, and all interest will be forgiven. As of September 26, 2003, \$416,667 of this loan was outstanding.

Stephen J. Luczo, our Chief Executive Officer, personally loaned \$1 million each to one of our executive vice presidents and one of our senior vice presidents to enable them to purchase ordinary and preferred shares of New SAC at the time of the November 2000 transactions. Both officers used the proceeds from these loans to purchase from New SAC 10,000 of its ordinary shares and 10,000 of its preferred shares. The loans bear interest at a rate of 5.92% per annum, must be repaid (together with all accrued and unpaid interest) to Mr. Luczo no later than December 1, 2005, and were made on a full recourse basis. One of these loans was extended to William L. Hudson, our general counsel. In addition, Donald L. Waite, our chief administrative officer, personally loaned Mr. Hudson a total of approximately \$350,000 on substantially similar terms as the loan from Mr. Luczo to fund a portion of Mr. Hudson's investment in New SAC as well as associated tax liabilities. In December 2002, Mr. Hudson repaid all outstanding amounts under his loans from Mr. Luczo and Mr. Waite. Mr. Waite also personally loaned \$1 million to another one of our executive vice presidents who used the proceeds of the loan to fund the purchase of 10,000 ordinary shares and 10,000 preferred shares of New SAC from Mr. Waite shortly after the November 2000 transactions. This loan is secured by a pledge of the acquired shares, bears interest at a rate of 5.61% per annum, is subject to mandatory prepayment under specified circumstances, must be repaid (together with all accrued and unpaid interest) to Mr. Waite no later than January 15, 2006, and was made on a full recourse basis. As at September 26, 2003, Mr. Waite had received payment of accrued interest on this loan up to December 15, 2002 and payment of \$210,000 of the outstanding principal loan amount. William D. Watkins, our president, personally loaned one of our senior vice presidents a total of approximately \$350,000, the full amount of which has since been repaid, to enable the senior vice president to satisfy tax liabilities associated with his receipt of New SAC equity.

Patrick Waite, a son of Donald L. Waite, our Executive Vice President and Chief Administrative Officer, is employed by us as a Vice President of Finance. His compensation is comparable to other Seagate Technology personnel at a similar level.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires Seagate Technology's directors and officers, and any person who beneficially owns more than ten percent of Seagate Technology's common shares, to file reports of securities ownership on Form 3 and changes in ownership on Form 4 or 5 with the SEC. Such officers, directors and greater than ten percent shareholders are also required by SEC rules to furnish Seagate Technology with copies of all Section 16(a) forms that they file.

Based solely on its review of copies of such reports furnished to Seagate Technology, the absence of a Form 3 or Form 5 or written representations that no Form 5 was required, Seagate Technology believes that all Section 16(a) filing requirements applicable to its officers, directors and beneficial owners of more than 10% of Seagate Technology's common shares during the fiscal year ended June 27, 2003 were satisfied.
