Report of Independent Registered Public Accounting Firm

To the Participants and Administrator of
the Bristol-Myers Squibb Puerto Rico, Inc.
Savings and Investment Program and the
Savings Plan Committee of Bristol-Myers
Squibb Company

In our opinion, the accompanying statements of net assets available for benefits and the related statements of changes in net assets available for benefits present fairly, in all material respects, the net assets available for benefits of the Bristol-Myers Squibb Puerto Rico, Inc. Savings and Investment Program (the Program) as of December 31, 2003 and 2002, and the changes in net assets available for benefits for the years then ended in conformity with accounting principles generally accepted in the United States of America. These financial statements are the responsibility of the Program s management. Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits of these statements in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental Schedule of Assets (Held at Year End) is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor s Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Program s management. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

NOTE 1 - DESCRIPTION OF PLAN

General

The Bristol-Myers Puerto Rico, Inc. Savings Plan (the Plan) became effective on July 1, 1986. Bankers Trust Company was appointed the trustee under the terms of a Trust Agreement with Chase Manhattan Bank as co-trustee.

Effective January 1, 1991, the name of the Plan was changed to the Bristol-Myers Squibb Puerto Rico, Inc. Savings Plan (the Savings Plan). Effective January 1, 1991, the Northern Trust Company was appointed trustee (the Trustee) of the Savings Plan under the terms of a new Trust Agreement (the Trust), replacing Bankers Trust Company, with Chase Manhattan Bank remaining as co-trustee. The net assets of the Savings Plan were then transferred to the Trustee.

Effective January 1, 1992, the name of the Savings Plan was changed to the Bristol-Myers Squibb Puerto Rico, Inc. Savings and Investment Program (the Program). Simultaneously, the Program was amended to permit participant contributions on a pre-tax basis under Section 401(k) of the Internal Revenue Code and Section 165(e) of the Puerto Rico Income Tax Act of 1954.

The Program operated within the Bristol-Myers Squibb Company Master Trust (the Master Trust). The Master Trust consolidated the assets of the Program with those of the Bristol-Myers Squibb Company Savings and Investment Program (the Savings Program), the Bristol-Myers Squibb Company Employee Incentive Thrift Plan (the Thrift Plan), the Drackett/Bristol-Myers Squibb Employees Pension Plan and certain assets of the Bristol-Myers Squibb Pension Trust Plans.

Effective October 1, 1994, the Savings Program and the Thrift Plan ceased operating under the Master Trust.

Effective April 1, 1999, the Program was amended and restated to reflect the appointment of Fidelity as the record keeper, administrative agent and trustee of the Program. New features of the Program included: changes in investment options offered to participants, the valuation of participant account balances on a daily basis, the payment of investment management fees from each fund's assets rather than from Company assets (excluding Fixed Income Fund) and the allowance of inter-fund transfers and changes to contribution levels to be made on a daily basis.

Effective April 1, 1999, the Program began operating within the Bristol-Myers Squibb Company Savings Plan Master Trust (the Savings Plan Master Trust). The assets of the Program were then commingled within the Savings Plan Master Trust with the assets of the Savings Program and the Thrift Plan.

The Savings Plan Master Trust Statement, presented in Note 6, includes the interests of the Program, the Savings Program and the Thrift Plan.

SAVINGS AND INVESTMENT PROGRAM

NOTES TO FINANCIAL STATEMENTS

(IN THOUSANDS)

The Program is administered by an Administrative Committee appointed by the Board of Directors of Bristol-Myers Squibb Puerto Rico, Inc. (the Company). The named fiduciary for the Puerto Rico Program is the Bristol-Myers Squibb Company Savings Plan Committee.

A Zimmer Holdings, Inc. Stock Fund (the Zimmer Stock Fund) was established in the Program on August 6, 2001, at the time of the spin off. All participants in the Company Stock Fund received in this fund one share of Zimmer Holdings, Inc. stock for every ten shares of Bristol-Myers Squibb stock held in the Company Stock Fund. Balances can remain in this fund for two years as of the spin off completion date but no new contributions or inter-fund transfers to the fund are permitted. Participants may direct the trustee to liquidate some or all of their holdings in the Zimmer Stock Fund at any time during this two-year period and re-invest the proceeds in the other funds available under the Program. This fund was discontinued effective August 5, 2003, and remaining balances were transferred to the Fixed Income Fund.

Effective March 1, 2003, the Program was amended to eliminate the six-month waiting period. Eligible employees may participate in the Program following their date of hire, although the company matching contributions do not begin until an eligible employee has attained six months of service as prescribed by the Program.

Contributions

In general, any employee who meets certain service requirements is eligible to participate in the Program. An employee electing to participate in the Program can elect to contribute up to 25% of his or her Annual Benefit Salary or Wages (as defined in the Program) on an after-tax basis or to reduce his or her compensation by up to 25% and have such amount contributed on his or her behalf on a pre-tax basis subject to applicable limitations. Participants may also elect a combination of contributions up to a combined total of 25%, both on an after-tax and pre-tax basis subject to applicable limitations. For each participant, the first 6% of total combined contributions is matched 75% by the Company.

Contributions of participants and the Company are remitted to Fidelity on a bi-weekly basis and are recorded on an accrual basis. All investment decisions are self directed by participants. Participant contributions are invested in any one or more of the following funds which comprise the Savings Plan Master Trust: Company Stock Fund, Fixed Income Fund, Fidelity Select Equity Small Capitalization Collective Trust Fund, Fidelity Equity-Income Fund, Fidelity Growth Company Fund, Fidelity U.S. Bond Index Fund, Fidelity Puritan Fund, Fidelity U.S. Equity Index Commingled Pool, Managers Special Equity Fund and Vanguard Total International Stock Index Fund.

Prior to March 1, 2003, company matching contributions were automatically invested in the Company Stock Fund. These contributions could not be transferred out of the Company Stock Fund unless the participant was 55 years of age or older. Effective March 1, 2003, the Program was amended to eliminate the requirement that company matching contributions be invested in the Company Stock Fund until age 55. Employees may now invest prior and future company matching contributions in any of the funds available under the Program. Effective as of January 1, 2002, the Company Stock Fund became an Employee Stock Ownership Plan or ESOP.

SAVINGS AND INVESTMENT PROGRAM

NOTES TO FINANCIAL STATEMENTS

(IN THOUSANDS)

The Program was amended to comply with the applicable provisions of the following Federal tax laws but only to the extent that such amendments did not conflict with the requirements for qualified retirement plans under the Puerto Rico tax code:

The General Agreement on Tariffs and Trade 1994 (GATT)

The Uniformed Services Employment and Reemployment Rights Act of 1994 (USERRA)

The Small Business Job Protections Act of 1996 (SBJPA)

The Taxpayer Relief Act of 1997 (TRA 97)

The Internal Revenue Service Restructuring and Reform Act of 1998 (RRA 98), and

The Economic Growth and Tax Relief Reconciliation Act of 2001 (EGTRRA).

The statutes listed above, with the exception of EGTRRA, are collectively referred to as GUST.

As of July 1, 2002, the Program was amended to allow for catch up contributions for eligible participants who were 50 years of age or older. The catch-up contribution is intended to give employees who are approaching retirement age the opportunity to make additional pre-tax contributions over the applicable Internal Revenue Service and Program limits. Generally, if an eligible employee's contribution rate is at 25%, such contributions exceed Internal Revenue Service applicable limits and he or she satisfies the age requirement, then that employee may make catch-up contributions. The catch-up contribution itself is limited to \$2 in 2003 and will increase in thousand dollar increments to \$5 in 2006. Thereafter, the catch-up contribution limit will be indexed for inflation.

Fixed Income Fund Consists primarily of a group of annuity contracts issued by various insurance companies to the trustee of the Program under which the insurance companies provide a guarantee of principal and credit interest at a guaranteed rate. All contracts pay interest on a gross basis. Contracts with the John Hancock Mutual Life Insurance Company, the Metropolitan Life Insurance Company and the Principal Mutual Life Insurance Company were in place at December 31, 2003.

From time to time, the Program may invest in obligations of the U.S. Government or its agencies, bank investment contracts, other investments of a short-term nature and/or investments in qualified commingled trust funds managed by the trustee for the investment of funds of profit sharing and savings plans and programs.

At any point in time, this fund's average yield will be a combined rate based upon the balances and the interest rates of the investments which comprise the fund, and depend on the amount of contributions invested in the fund, the amounts withdrawn from the fund and the amounts transferred to and from the fund. The fund's average yield is measured by investment performance using general market reporting methods. The average yield of the Fixed Income Fund for the years ended December 31, 2003 and 2002 was 5.2% and 6.0%, respectively. The crediting interest rate of the Fixed Income Fund at December 31, 2003 and 2002 was 4.8% and 5.7%, respectively. The crediting interest rate at any date is the weighted average of the yields on the individual contracts and other investments in the Fixed Income Fund on that date.

Fidelity Select Equity Small Capitalization Collective Trust Fund Seeks investment results that exceed the return of the Russell 2000 Index while maintaining a portfolio with risk characteristics similar to the index.

Fidelity Equity-Income Fund Seeks to provide a reasonable income. In pursuing this objective, the fund will also consider the potential for capital appreciation. The fund seeks to provide a yield that exceeds the composite yield of the Standard & Poor's 500 Index.

Managers Special Equity Fund Seeks to provide capital appreciation through investment in small and medium sized companies.

Withdrawals

While remaining in employment, a participant may withdraw all or part of the value attributable to contributions made, subject to certain restrictions of the Program.

Vesting

A participant vests in Company contributions at the rate of 20% for each year of qualifying service so that after five years of qualifying service he or she is 100% vested. Upon death or normal retirement, a participant will become 100% vested regardless of his or her years of qualifying service. If a participant leaves the Company before becoming fully vested, the unvested portion of the Company contributions are forfeited and returned to the Company. (See Note 3 for further discussions on forfeitures.) Participants who return to work for the Company who were partially or fully vested will be reinstated to their previous level of vesting and may immediately enroll in the Program.

Loans

While remaining in employment, a participant may request a loan from the Loan Fund. The amount of the loan may not exceed the lesser of (1) 50% of the participant's entire vested interest under the Program, determined as of the valuation date, or (2) fifty thousand dollars less the highest outstanding loan balance during the previous twelve months.

At December 31, 2003 and 2002 there were outstanding loans totaling \$2,866 and \$3,072, respectively, with interest rates ranging from 5.00% to 10.00% and from 5.25% to 10.00%, respectively, and varying maturity dates.

Termination of Employment

Upon the termination of a participant's employment, the participant, or in the event of his or her death, the participant's spouse or designated beneficiary, may, under varying circumstances, receive (1) a lump sum payment, (2) installment payments over a period not to exceed the joint

life expectancy of the participant and the participant's spouse (five years if payment is by reason of death), or (3) an annuity. In each case the payment will be based on the vested value in the respective funds allocated to the participant.

NOTE 2 - ACCOUNTING POLICIES

Valuation

Valuation of investments of the Program represents the Program's allocable portion of the Savings Plan Master Trust's investments. The Savings Plan Master Trust's investment valuation policies are as follows:

Zimmer Stock in the Zimmer Stock Fund and the Company Stock are valued at the last reported sales price at the end of the year or, if there was not a sale that day, the last reported bid price. Common/collective trust funds are valued at the last reported bid price at the end of the year. Fixed income and money market instruments are valued at cost plus interest earned, which approximates their

SAVINGS AND INVESTMENT PROGRAM

NOTES TO FINANCIAL STATEMENTS

(IN THOUSANDS)

respective fair values. Shares of the Fidelity mutual funds and other retail mutual funds are valued at quoted market prices which represent the net asset value of shares held by the Program at year end. Investments in guaranteed investment contracts (GICs) are reported at contract value by the insurance companies. The value of outstanding participant loans is determined based on the outstanding principal balance as of the last day of the Program Year, which approximates fair value.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make significant estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions to the net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties

The Program provides for various investment options in funds that can invest in a combination of stocks, bonds, fixed income securities, mutual funds, and other investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits and the statement of changes in net assets available for benefits.

Payment of Benefits

Benefits are recorded when paid.

Income, Expenses and Realized and Unrealized Gains and Losses on Securities

Interest, dividends, and realized and unrealized gains and losses earned from participation in the Savings Plan Master Trust, are allocated to the Program based upon participants' account balances and activity. This investment activity is presented on a net basis on the statement of changes in net assets available for benefits as the Program's share of net investment income in the Savings Plan Master Trust.

Edgar Filing: BRISTOL MYERS SQUIBB CO - Form 11-K

Interest is accrued by the Savings Plan Master Trust as earned, and dividends are recorded on the ex-dividend date.

Purchases and sales of securities are recorded by the Savings Plan Master Trust on a trade-date basis. Realized gains and losses for security transactions are reported using the average cost method. Unrealized gains and losses represent the difference between the cost and fair value of securities.

All expenses incurred by the Program, including investment management and trustee fees, are paid by both the fund assets and the Company.

NOTE 3 - TERMINATION FORFEITURES

Forfeitures of amounts contributed by the Company due to terminations, net of amounts reinstated, are used to reduce future Company contributions. Forfeitures are also used to pay certain plan expenses. Forfeitures for the years ended December 31, 2003 and 2002 were \$37 and \$16, respectively.

NOTE 4 - TAX STATUS OF THE PROGRAM

The Program is designed to meet the requirements of Sections 401(a) and 401(k) of the U.S. Internal Revenue Code of 1986, as amended and Section 165(e) of the Puerto Rico Tax Code. In the Program's latest determination letter dated July 8, 2003, the U.S. Internal Revenue Service stated that the Program, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. Although the Program has been amended since receiving the determination letter, counsel believes that the Program is qualified and the related Trust is tax-exempt as of December 31, 2003 and 2002.

Under present U.S. and Puerto Rico income tax laws and regulations, a participant will not be subject to income taxes on the contributions by the employing company, or on the interest, dividends or profits on the sale of securities received by the Trustee until the participant's account is distributed to the participant.

NOTE 5 - TERMINATION OF THE PROGRAM

Although the Company has not expressed any intent to do so, it has the right to discontinue its contributions and to terminate the Program in accordance with the provisions of ERISA. If the Program is terminated, the interest of each participant in all funds will vest immediately. In accordance with program provisions, the Company has the right to amend or replace the Program for any reason.

NOTE 6 - MASTER TRUST

The Program's share of the Savings Plan Master Trust's net assets and investment activities is based upon the total of each individual participant's share of the Savings Plan Master Trust. The Program's approximate share of the net assets of the Savings Plan Master Trust at December 31, 2003 and 2002 was 2% in each year. The Program's approximate share of the net investment income (loss) in the Savings Plan Master Trust for each of the years ended December 31, 2003 and 2002 was 2%.
