## Section 2 Financial Information

### Item 2.05. Costs Associated with Exit or Disposal Activities.

On November 30, 2004, Armstrong Holdings, Inc. (the Company) issued a press release announcing plans to eliminate approximately 240 salaried jobs, largely in Armstrong World Industries' North American flooring operations. The workforce reductions are planned over the next four months.

The jobs eliminated include approximately 95 account representative jobs affected by a major retailer's decision to use a third party to merchandise Armstrong products in its stores. The other eliminations were taken in response to customer-driven changes in the marketplace. In response, the Company plans increased marketing and product development initiatives to help the Company improve competitiveness. The costs of these initiatives have not been determined.

The Company expects to record aggregate charges of \$5.7 million during the fourth quarter of 2004 and the first quarter of 2005 for termination and outplacement assistance to the affected employees. The charges will be recorded in Restructuring and Reorganization Charges, Net. Upon completion, the annualized net impact of the workforce reduction is expected to reduce expenses by approximately \$9.5 million.

The full text of the press release is attached hereto as Exhibit 99.1.
