Our Board of Directors believes that the purpose of corporate governance is to ensure that we maximize shareholder value in a manner consistent with legal requirements and the highest standards of integrity. Colony Bankcorp, through its Board of Directors and management, has long sought to meet the highest standards of corporate governance. Directors of Colony Bank of Fitzgerald were able to defer all or a portion of director's fees in return for a deferred income agreement. Under the agreement, a Director agrees to serve for either five or ten years without director's fee compensation in exchange for an agreement by the Bank to pay the director deferred income at death, or upon attaining age 65. With the deferred compensation, the Bank has purchased key man insurance on the participating directors which will pay the Bank a death benefit equal in value to the projected cost of the deferred income. Management believes the program will have no net cost to the Bank. Liabilities accrued under the plan totaled \$816,086 as of December 31, 2004. Benefit payments under the contracts were \$175,970 in 2004. Provisions charged to operations totaled \$196,008 in 2004. All fees covered by the deferred compensation plan have been deferred and all directors are now receiving director fees. Colony Bank of Fitzgerald continues to pay premiums on the insurance policies. All directors are participating in the plan, except new directors elected since 1990.

Directors of Colony Bank Quitman, FSB adopted a deferred compensation plan effective December 15, 1996 for the benefit of its officers and directors. The bank funds the plan with general bank assets. The liability accrued for benefits payable under the plan was \$104,937 as of December 31, 2004. The purposes of the plan are to provide key person life insurance to the bank and to provide retirement benefits to key employees. A total of six directors participate in the plan. Annual future retirement payments for non-employee directors have limits based on the participant's highest annual compensation. During 2004, the bank recognized deferred compensation expense of \$23,056. Income recognized on plan assets was \$30,800. Thus, net income for calendar 2004 was \$7,744. All directors are participating in the plan, except new directors elected since 2002.

Profit Sharing and Stock Bonus Plans

Each of the subsidiary banks of the Company has adopted a profit sharing and stock bonus plan which provides for the Board of Directors to make a discretionary contribution to the plan out of profits in an amount not to exceed 10% of the total annual compensation of the employees eligible to participate in the plan. Employees are eligible to participate after completion of one year of service. The contribution by the Bank is allocated among the participants according to the ratio of the participant's compensation to the total compensation of all employees. The employee's interest vests over a period of seven years; prior to 1989 an employee's interest in its individual account vested over a period of eleven years. For the year ending December 31, 2004, the Board of Directors of the Company and subsidiary banks voted to contribute in the aggregate \$479,108 of the profits of the Company to the Company's profit sharing plans.

Other Compensation and Benefit Plans

Incentive Cash Plan. Bonuses for our Cash Incentive Plan are tied to a weighting factor, of which one-half of the bonus award is based on the Company's return on equity, along with other weighting factors of loan growth, problem asset reduction, net interest margin, net overhead, past due loan levels and charge-off loan levels with the reward potential within a range of 6.25% to 50% of salary. The compensation listed as bonus in the summary compensation table for executive compensation represents payments under the cash incentive plan to the listed executive officers.

Transactions with the Company

Loans. The Company's directors and officers from time to time have borrowed funds from the Company's subsidiaries for various business and personal reasons. Such loans are made in strict compliance with state and Federal statutes and regulations of the Federal Deposit Insurance Corporation and the Georgia Department of Banking and Finance.

As of December 31, 2004, certain officers, executive officers, directors, and companies in which they are an executive officer or partner or in which they have a 10% or more beneficial interest, were indebted to the bank in the aggregate amount of \$15,047,046. Such loans were (1) made in the ordinary course of business; (2) were made on substantially the same terms, including interest rates and collateral, as were prevailing at the time for comparable transactions with other persons; and (3) did not involve more than normal risk of collectibility or present other unfavorable features.

The Company and its subsidiaries utilized the services of Martin, Snow, LLP during 2004. Mr. Edward J. Harrell is a director of the Company and a partner in that law firm.

On January 15, 2004, Colony Bank Worth entered into a lease for its second branch office in Tifton, Georgia with Mobile Home Tract, LLC. Director Stafford is a principal owner and officer with Mobile Home Tract, LLC. The lease was negotiated in an arms-length transaction prior to Mr. Stafford's affiliation with Colony.

Legal Proceedings

There are no material pending legal proceedings, other than ordinary routine litigation incidental to the business of the Company, to which the Company or any of its subsidiaries is a party or of which any of their property is subject. Material proceedings are defined as claims for damages where the amount involved, exclusive of interest and cost, exceeds ten percent of the current assets of the Company and its subsidiaries on a consolidated basis.

During the previous five years, no director, person nominated to become a director, or executive officer of the Company was the subject of a legal proceeding that is material to an evaluation of the ability or integrity of any such person.

Report on Executive Compensation

The Colony Bankcorp Compensation Committee makes this report on executive compensation for the fiscal year ended December 31, 2004.

One of the committee's responsibilities is to determine the compensation of the executive officers of Colony Bankcorp, Inc. and its subsidiaries (Colony Bankcorp), including those named in the Summary Compensation Table which appears elsewhere in this proxy statement. The

Edgar Filing: COLONY BANKCORP INC - Form DEF 14A

components of executive compensation are salary, bonus awards under the Company's Incentive Cash Plan, contributions by the Company to its Profit Sharing Plan, director fees, the dollar value of our group term life insurance and company vehicles provided to executive officers and long term compensation in which Colony shares are granted with Colony Bankcorp, Inc. Restricted Stock Grant Plan.

It is our policy to determine the salary components of executive compensation principally upon the basis of corporate performance, although the elements of corporate performance may vary from year to year. Among the performance factors which we consider are corporate profitability, asset quality, growth and corporate performance relative to industry standards such as problem asset levels, past due loan levels, loan production, net interest rate margin and net overhead. We do not use a formula to calculate the relative weight of these performance factors in establishing base salary, but do give significant subjective weight to the overall value of Colony Bankcorp from year to year.

We also take into account how the overall level of Colony Bankcorp's executive compensation compares to similar-sized bank holding companies in the Southeastern United States. It was determined that the salary and bonus component of executive compensation was generally within competitive market limits of similar-sized bank holding companies. All other employment benefits of the executive officers were found to be generally within competitive limits.

In setting the compensation for fiscal year 2004 of James D. Minix, the Company's President and Chief Executive Officer, which included a 10.00% salary increase, a continuation of the bonus award with the Company's Cash Incentive Plan within a range of 12.50% to 50.00% of salary, and grant of 2,500 shares of Colony stock with Colony Bankcorp, Inc. 1999 Restricted Stock Plan, we did not apply an objective formula, but did take into account the following factors:

1. During the fiscal year 2003, Colony Bankcorp continued to increase in value as reflected by an approximate 8.84% increase in stockholder's equity from fiscal year 2002. During that same period, the market value of the Company's common stock increased by approximately 26.25%.
2. Colony Bankcorp posted record earnings for fiscal year 2003. Net income for 2003 increased by approximately 18.50% from 2002.
3. Colony Bankcorp's total assets increased by approximately 11.14% from fiscal 2002 to fiscal 2003.

The compensation committee considered similar factors in setting the compensation for Messrs. Hester, Patten, and Ross.

The Board of Directors of the Company did not modify or reject any recommendations we made in 2004 with respect to compensation decisions.

Audit Committee Charter

The Board of Directors has adopted a written charter for the Audit Committee, a copy of which is attached to this Proxy Statement as Exhibit A. The Board of Directors reviews and approves changes to the Audit Committee charter annually.

Independence of Audit Committee Members

The Company's Audit Committee is comprised of W. B. Roberts, Jr., Charles E. Myler, L. Morris Downing, Jr., B. Gene Waldron and Terry L. Coleman. Each of these members meets the requirements for independence as defined by the applicable Nasdaq standards. In addition, the Board of Directors has determined that at least one member of the Audit Committee meets the Rules of NASDAQ standard of having accounting or related financial management expertise. Mr. Downing was elected the financially sophisticated individual on the Audit Committee in lieu of naming a financial expert. In addition, Mr. Downing was elected Chairman of the Audit Committee.

The Audit Committee does not include a financial expert as defined by the Sarbanes Oxley Act of 2002 and the Company has not named a financial expert because the Board of Directors has determined the financial acumen of each member of the Audit Committee to be very strong and capable of satisfactorily discharging their duties and responsibilities to the Board of Directors and the shareholders.

Shareholder Communications with the Board of Directors

Our Board of Directors does not have an established written policy or process from security holders to send communications to the Board of Directors. However, it has been the practice of the Company to direct any such communications to the Chairman of the Board, who would, in his or her discretion, discuss the communications with the Board at a regular Board meeting. The Board has determined this policy and process to be satisfactory in allowing security holders to communicate directly with the Board of Directors.

The Company does not have a formal policy regarding director attendance at the Company's annual meeting. However, all directors are encouraged to attend. Approximately 80% of the Board was in attendance at last year's annual meeting.
