**Item 2.05. Costs Associated with Exit or Disposal Activities**

On March 26, 2007, the Board of Directors of American Superconductor Corporation, a Delaware corporation (the Company), approved a restructuring plan (the Plan) to reduce operating costs and to transition its high temperature superconductor products to the manufacturing stage by consolidating the Company's AMSC Wires, SuperMachines and Power Electronic Systems business segments into two segments: AMSC Superconductors and AMSC Power Systems. The Company will consolidate its manufacturing operations by closing one of its two Westborough, Massachusetts facilities, moving its operations from that facility into its Devens, Massachusetts plant, and by reducing headcount by 37 employees. The Company expects these actions to result in annual cost savings of approximately \$4.0 million, commencing during the next quarter beginning April 1, 2007.

The Company estimates that aggregate restructuring charges associated with the Plan are \$1.3 million. Of this, \$1.1 million of the restructuring charges will be accrued and expensed during the quarter ending March 31, 2007 and consist of:

cash payments of \$400,000 for severance obligations payable pursuant to the Company's standard payroll procedures payable primarily during the quarter ended June 30, 2007;

\$500,000 in cash expenses for the relocation of employees, equipment and inventory to the Company's Devens facility payable during the quarter ended June 30, 2007; and

a \$200,000 write-off for the Westborough facility lease, with payments being made to the Company's former landlord during the six-month period ending September 30, 2007.

Additional cash payments of \$200,000 for severance obligations will be expensed during the quarter ending June 30, 2007 and are expected to be paid out over the six-month period ending September 30, 2007, as a small number of the 37 affected employees will remain with the Company through the end of May 2007 in order to complete ongoing projects. The Company expects the restructuring actions under the Plan to be substantially completed by May 30, 2007.

On March 29, 2007, the Company filed a press release announcing the Plan. A copy of the press release is filed as Exhibit 99.1 hereto and incorporated herein by reference.
