Item 1.01. Entry into a Material Definitive Agreement.

On December 14, 2011, Beam Inc. (Beam) entered into a \$750 million five-year unsecured revolving credit agreement among Beam, the lenders party thereto and JPMorgan Chase Bank, N.A. (JPMCB), as Administrative Agent (the Credit Agreement). The Credit Agreement replaces Beam s existing \$750 million revolving credit agreement that was scheduled to mature in February 2013. Proceeds of any borrowings under the Credit Agreement may be used for general corporate purposes.

Amounts may be borrowed in U.S. Dollars, Euros or British Pounds Sterling. Interest on Eurocurrency loans will accrue at LIBOR (with interest periods of 1, 2, 3 or 6 months) plus spreads based on credit ratings assigned to Beam s outstanding senior unsecured debt. Interest on alternate base rate loans will accrue at the highest of (i) JPMCB s prime rate, (ii) the federal funds effective rate plus 1/2 of 1% per annum or (iii) the Adjusted LIBO Rate (as defined in the Credit Agreement) plus 1% per annum. Beam may also request competitive bids or negotiated rates for interest on loans under the Credit Agreement. Beam may, subject to the satisfaction of certain conditions, request that the aggregate principal amount of the facility be increased by up to \$250 million in the aggregate.

The Credit Agreement contains, among other things, conditions precedent, covenants, representations and warranties and events of default customary for facilities of this type. Such covenants include certain limitations on secured debt, sale-leaseback transactions, subsidiary debt and guarantees, fundamental changes and transactions with affiliates. The Credit Agreement also includes financial covenants under which Beam is required to maintain (i) a minimum ratio of consolidated EBITDA to consolidated interest expense of 3.00 to 1.00 and (ii) a maximum ratio of debt to capitalization of 0.55 to 1.00.

Under certain conditions the lending commitments under the Credit Agreement may be terminated by the lenders and amounts outstanding under the Credit Agreement may be accelerated. Such events of default include failure to pay any principal, interest or other amounts when due, failure to comply with covenants, breach of representations or warranties in any material respect, non-payment or acceleration of other material debt of Beam and its subsidiaries, bankruptcy, material judgments rendered against Beam or certain of its subsidiaries, certain ERISA events or a change of control of Beam, subject to various exceptions and notice, cure and grace periods.

Item 1.02. Termination of a Material Definitive Agreement.

The information set forth under Item 1.01. Entry into a Material Definitive Agreement of this Current Report on Form 8-K is incorporated herein by reference.
